Chapter 161

Open the door, such as handsome tall man arms holding a delicate picturesque bun standing at the door.

“Hello, Auntie!” Ann said happily.

“Ann? Why are you here?” Wenjo looked at them in surprise.

Ignoring the oppression of a man’s vision, she is still very happy to see Ann.

Today, going down at the gate of the kindergarten, she found that Ann was not very happy.

Think of Li Fengbei don’t like her relationship with An’an too close, she see in the eyes, but endure not to say.

“Auntie, I smell so fragrant! What are you cooking?”

Snack goods eyes are luminous, look inside through Wenqiao.

Li Feng North opened his mouth, and his tone was filled with deep dissatisfaction. “Are you stupid? Get out of the way

Then he put a finger on winjo’s forehead, pushed her away, took a long step, and swaggered in, just like walking into his own home.

Wen Qiao touched his forehead silently and protested discontentedly: “Li Fengbei, this is my home!”

Li Fengbei came here for the first time. Looking at the narrow house in front of him, he didn’t know where to put his feet.

The more you look, the more gloomy you look.

The living room and dining room are connected together, which is the living room and which is the dining room.

There is a sofa, a tea table, a TV cabinet in the living room, and a simple dining table in the dining room. Besides, there is nothing.

Li Fengbei’s thick eyebrows tightly wrinkled together, looking at Wen Qiao’s eyes with a trial.

A good Castle doesn’t want to live, but has to come back to live in such a place without a house?

Wenjo looked at him for no reason. “What’s the matter?”

Li Fengbei took a deep look at her, “it seems that this brain is not very easy to use!”

Ah?

What does this puzzling sentence mean?

Call her stupid?

The trough! Wenjo rolled his eyes at his back.

Li Fengbei suddenly turned around at this time and said, “you are stupid, and you spare no effort to show yourself stupid! Have a bit of eye power, give us a big meal!”

Winjo choked when he was caught rolling his eyes.

In the heart secretly belly Fei, but still obediently gave him and an an a person by a bowl of rice.

When the two bowls of rice were finished, she found that the rice cooker was at the bottom.

Looking at the two small stir fried dishes on the table, I was embarrassed for a moment, “the food is not enough!”

“Well!” Li Fengbei took a look at her. He was satisfied and brought a bowl to An’an.

Staring at the two little dishes on the table, she couldn’t help chopsticks. Finally, she put some cabbage in her bowl and told her, “eat slowly!”

Some forgotten little guy, holding his own bowl, watching the scene in front of him, was startled.

Lying trough!

When I heard An’an’s voice for a long time, Chenchen subconsciously protected his bowl, but I never thought that these two “outsiders” would eat their food in such a swagger.

Chenchen’s little hand holding the chopsticks almost broke them.

Looking at an an’s eyes shining, he secretly cares about the root of his teeth.

Hum! This is what Mommy made for him. Don’t let them eat it!

Chenchen reaches out his chopsticks and grabs two chicken wings, but Embarrassment just happened. Chicken wings are a little slippery. It’s hard to clip one at a time, let alone two at a time.

It’s like catching a slippery fish. I can’t catch it.

Ann saw Chenchen early in the morning. When she was in kindergarten during the day, she found that Chenchen’s brother ignored her. She thought if she had offended him in some way, so she didn’t dare to speak out.

Looking at this scene, just can’t help but ask in a low voice: “brother Chenchen, can’t you clip it?”

Fall!

Chen Chen’s face is red.

How can he say he doesn’t want to give them food?

Why are you so mean all of a sudden? He is not like this at ordinary times. The truth that mommy taught him from childhood is to learn to share with others!

But The thought that in Mommy's heart, there will be someone else to share his love, his heart is a little uncomfortable.

It's not about the dishes, but that he doesn't want others to share mommy's love with him. Unfortunately, he can't think of this level when he is still young.

Just at this time, a pair of chopsticks came across and clamped the chicken wings firmly.

Chenchen looks up along the chopsticks, Li Fengbei holds the chicken wings and turns back and forth. His eyebrows are wrinkled into a Sichuan character, how to look and how to dislike.

"Is it edible? Is there any hair that hasn't been pulled clean?"

"....." Wenjo gritted her teeth.

I really want to get rid of this prick. What's the matter?

No good airway: "don't eat if you don't feel clean!"

Li Feng glanced at her in the north and said innocently, "how can you be so angry? Can't I just ask? "He's really innocent. He didn't mean to pick on others, but he really asked what he thought.

If it's not clean, is it bad for children to eat?

Looking at his innocent eyes, Wenqiao couldn't lift it at a breath. She reached for the chopsticks in his hand and said, "don't think if you don't want to eat! I bought it with my money

Li Fengbei quickly dodged and raised his eyebrows. "You answer that I'm clean, don't you? Why are you so angry?"

His face was full of disgust, and he saw the chicken wings put into his mouth.

Suddenly eyes a bright, fragrance burst open in the mouth, the skin is fragrant and crisp.

Simple ingredients in her hands can make delicacies.

Swallow the chicken wings, said to Wenqiao: "this order is not enough to eat, and then go to make a bowl!"

Wenqiao fainted, trying to control the power of the flood and famine in his body, and then he could not hold back that there was no shovel on his head.

This is her family, and she is not his servant.

Didn't you still dislike it just now? moral!

Li Fengbei ignored Wenqiao's dissatisfied eyes and naturally put two chicken wings in Chenchen's bowl.

With a smile and a smiling face, the magnetic baritone asked, "is that enough?"

Chen Chen is very embarrassed. Looking at the chicken wings in the bowl, it's neither eating nor not eating.

Wenqiao felt a little better and touched Chenchen's head. "Chenchen, eat quickly. Mommy, make another bowl!"

It's not enough for four people to eat two dishes. Fortunately, chicken wings are on sale in the supermarket today. She bought a big bag full of chicken wings.

Originally, she wanted to cook two more dishes, but this guy swaggered in her home and ordered her, which made her feel uncomfortable.

Ann anxiously looked at the chicken wings in the morning bowl. They were fragrant and golden. They looked delicious.

She pushed the bowl to the north of Lifeng, looking forward to it, "Daddy, I want it too!"

Li Fengbei put a chicken wing arm into An'an's bowl. An'an held the bowl and gnawed it contentedly.

The room was so big that winjo leaned out and saw everything in the restaurant.

See a big two snacks cheerful, can't help but raised lips.

When she made a bowl of Coke chicken wings, she found that the food on the table was clean.

"....." I was surprised to find that the chicken wing bones in front of the north of Lifeng were the most, and there were many more.

Hehe, I'm actually grabbing food from children. despise!

"Eat Wenjo put a big bowl of chicken wings on the table.

Li Feng North clip a chicken wings ready to put into his mouth, action pause, look at Wen Qiao, "what is your eyes?"

There was not enough rice. Wenqiao cooked another pot of noodles and swept them all.

Ann eat belly drum drum, satisfied with a burp, "Auntie, I'll come to your house to eat tomorrow, OK?"

Wenqiao's eyes softened a little. "Of course! Ann can tell her aunt what she wants to eat! "

"Auntie is so nice!" Ann climbed into winjo's arms and gave her a kiss on the face.

Li Fengbei looks at the satisfied smile on his daughter's face, and then looks at Wen Qiao. His heart suddenly moves.

After dinner, Wenqiao sent the children to the living room to watch cartoons. He cleaned up the dishes and went to the kitchen. As for a man, Wenqiao didn't know what he wanted to do and didn't care about him.

Li Fengbei looked at the room quickly.

Eyes dislike, heart more puzzled, here really small can.

The two little guys watching TV on the sofa frowned and took out their cell phones to dial Beiqin.

"Here's one thing to do! Buy all the apartments that wenjo rents on this floor! "

“Why?” Beiqin, who is busy working overtime in the company, received this inhumane order and 10000 crows flew over his head.

If you don't come to work in the company and hide in the suburbs, you can't come back. Once you come back, you will be assigned such inhumane work.

Who called him uncle!

“Yes, I'll do it right away!”

He hung up the phone with satisfaction. Li Fengbei looked at the busy woman in the kitchen and walked over.

“Can I help you?”

He felt a warm breath close to him, and then a faint voice came from behind. Wenqiao was startled and almost knocked over the bowl in his hand.

This kind of non cannibal young master actually wants to help her?

Wenqiao suddenly began to tease him. She said with a smile, “good!”

Chapter 162

“Wash the dishes first!”

Winjo stood by, holding his chest in his hands, looking at him in his spare time.

Li Fengbei looked at Wen Qiao's face, and a bad feeling welled up in his heart.

However, he was a genius who could not even make a bowl.

He pointed to the plates stacked in front of him. “Is that all

Wen Qiao tries hard to suppress to smile, a pair of thinking appearance, opening a way: “temporarily these!”

Li Feng North slightly picked next eye tail, looking at that oily dish, suddenly don't know how to start.

He hesitated and wanted to ask Wenqiao how to wash it and what to wash it. He felt that he would look down on him if he asked Wenqiao like this. All the big talk was out. Can't he beat himself in the face?

“You wash first, take your time!” Wenjo went to the bathroom.

As soon as she came out of the bathroom, she heard a crackling sound, while the two children sitting in the living room watching TV huddled together and looked at the kitchen.

A bad feeling welled up in Wenqiao's heart, and he ran into the kitchen in three or two steps.

This look almost made her faint.

The kitchen was in a mess. The dishes were broken several times, and the water was all over the place.

“Li Fengbei, you mean it? Does my kitchen have a grudge against you?” Winjo was standing at the kitchen door in a huff.

Li Fengbei rolled up the sleeve of his suit, holding a bowl in his hand and a bottle of washing liquid in his other hand. He looked around and looked at her innocently.

“Put the bowl down!”

“Oh.”

“Get out!”

“Oh.”

Wenqiao was so angry that he gave him a deep look.

There are not many dishes at home. Half of them are thrown by him. What do you take for dinner tomorrow?

Li Fengbei felt that he was despised. After thinking about it, he said, “my hands are used to make money. I can ask someone to do this kind of washing up!”

“..... So? ”

“I’ll pay you for the bowls.”

Wenjo pursed her lips.

A few bowls can’t cost a few money, and he teased him first. He clearly knew that he couldn’t do these things well, and he was asked to do them, and he didn’t do them right.

“That You go out first

It was 8:30 p.m. when winjo cleaned up the kitchen. Looking at someone sitting on the sofa watching TV with his children, he couldn’t help asking, “aren’t you going yet?”

Li Feng looked North at an an, “what do you say?”

In the direction that Wenqiao couldn’t see, she winked at Anza. Anza immediately said, “Auntie, I don’t want to go home!”

“This...” Ann’s request, Wen Qiao does not want to refuse, but there is not so much room to live at home.

What’s more, Li Fengbei can’t get used to living in such a small room, can she?

Seeing Wenqiao’s silence, Ann thought she didn’t agree. She looked at her with big watery eyes.

“Auntie, I want to stay with you!”

“All right!” Wenqiao was that kind of eyes, a heart softened, any request, she will agree.

Ann lived here for two days. She also had some clothes to change. It was no trouble.

Li Fengbei quietly gave an an an a thumbs up. When Wen Qiao turned to clean up the room, he quickly slapped an an.

Ann laughed like a chicken thief, "Daddy, am I ok?"

"Great

Chenchen looks at father and daughter contemptuously, and suddenly worries about his mother.

If it goes on like this, his simple mother will be controlled by the father and daughter.

No way! He has to give mommy a good wake-up call!

Wenqiao bathed the two children, took his pajamas and prepared to take a bath and sleep. When he walked through the living room, he found Li Fengbei sitting on the sofa watching his mobile phone.

He walked over and asked, "aren't you going yet?"

"You want to take care of me?" Li Fengbei raised his head from his mobile phone and gave her a meaningful look.

"Who cares about you!" "This is my home, OK?" retorted winjo, with his hands akimbo? My home
In the castle, he is the master, here, she is the master, OK?

Because of the action of akimbo, the chest is standing, soft and bulging.

Li Fengbei's sight lingered on it, "it's still yours for one minute, and now it's my house!"

"....." neuropathy!

Winjo didn't know what he was talking about, and didn't care about him any more. He went to take a bath on his own.

He didn't change his clothes. He shouldn't live here.

downstairs, Bai Yichen received a call to make complaints about his pajamas.

How many brothers in order to protect his safety, big night sleepless endlessly, but he willfully live in this place.

Since ancient times, heroes have been sad about the beauty pass. It seems that the flowers of kaolin are not free from vulgarity!

Bai Yi Chen feels, he is playing the banner of brother, holding the heart of old woman, also be absolutely. After a few minutes, pajamas were sent to him. Outside the door, Bai Yichen stood at the door, and his eyes could not help probing into the room.

"Brother Bei, are you really good? If the people over there don't succeed, you won't be afraid that they will attack you again! "

"Isn't there you?" Li Feng took the bag in his hand, and his tall figure blocked his sight.

Bai Yichen grew up with him when he was young. Do you know what he thinks?

Secretly, he wanted to see what Wenqiao's family was like. He was not allowed to see it. He changed his attitude!

"Well, you can go away!" Make complaints about inhumanity of
, Bai Yi Chen said.

Bai Yichen's words haven't finished, the door is sealed by Li north.

Listening to the sound of water coming from the bathroom, Li Feng took a step in the north and turned around.

He gently pushed open the door of the bathroom, reflecting the woman's concave and convex figure on the frosted glass, and his eyes were stained with a deep color.

Sexy Adam's apple gave birth to rolling, the body suddenly some fever.

Wenqiao felt that a pair of eyes were looking at her. She was numb. She quickly turned off the sound of the water and looked towards the door.

Li Fengbei quickly closed the door.

Hurry up has become the change of peeping people's bath.

Wenqiao looked at the door, but there was nothing. Did he think too much?

When she came out, she found that Li Fengbei was still sitting on the sofa looking at her mobile phone.

Seeing her coming out, he said nothing and went into the bathroom.

Wenqiao looked at his pajamas, the whole person is not good, she quickly grabbed him, "you really don't go at night?"

"No! Why are you leaving so late?" Li Fengbei naturally looked at her.

"Whatever you want! As long as you get used to my hard bed

Li Fengbei looked at the bathroom in the washroom. He was really not used to it.

Second, the space is too small, others are too high, the ceiling of the bathroom is too low, so he can only take a bath with his head down.

I don't want to have this kind of experience in my next life.

He pushed open the door of the master bedroom. He was in a bad mood. When he saw the two children sleeping with Wenqiao, his face smelled, "where do I sleep?"

Wenjo pointed to the next room. "You sleep in the morning room!"

He looked at the small bed, which was occupied by two children and had no place for him.

He turned and walked outside the door. After two steps, he stopped again. "Men and women are not compatible. Sleep with me in the morning!"

Wenqiao couldn't imagine the picture of Chenchen sleeping alone with him. He turned to Chenchen and saw that he was reluctant, so he said, "well The child is still young..."

"Well! That's my daughter, not your daughter. Of course you don't care! "

"All right! Morning morning, you see? "

Chenchen took a look at lifengbei and said defiantly, "sleep on sleep, who is afraid of who!"

"Stinky boy, it's so hard to sleep with me?" Li Feng North smile, go to directly pick up the morning to guest bed.

Chen Chen's small arms and legs are all pedaled, "put me down!"

Li Fengbei patted him on the buttock and said with a straight face: "don't move!"

"You spanked me!" The morning morning small mouth Qiao of Gao Gao, can't believe ground looking at Li Feng North.

After three years old, Mommy never spanked him again. She was spanked by a bad uncle!

"Hum!" Morning is full of breath.

Li Fengbei put him on the bed and turned off the light.

The bed was too small for two people to sleep on. He looked at the steamed stuffed bun in the corner beside him, fished it out and held him in his arms.

Chenchen pretended to sleep, but he was shocked to see Li Fengbei holding him in his arms.

Little face a red, his arms so warm, even reluctant to push away.

He bit his lip, so he just bit his teeth and went on pretending to sleep!

Children's sleep is coming, and soon there is a sound of even breathing around them.

Li Fengbei opened his eyes and gently shook his shoulder. Seeing that he was asleep, he got up and came to the master bedroom.

He lifted the quilt and picked up winjo.

When he was in a daze, Wenqiao's body was empty, and he woke up. He couldn't see clearly in the dark, so he opened his mouth and wanted to shout.

"Ah -"

"Shh! It's me, don't shout

"Li Fengbei? What do you want to do if you don't sleep in the middle of the night?" She lowered her voice for fear of falling, her hands around his neck.

Chapter 163

Close the door, the body is directly pressed on the door, a kiss stick up.

“Well Come on Children The children are still...”

Wheezing, wenjo went to hide.

She admitted that she didn't hate his approach any more. Even when he kissed her, there was a glimmer of expectation in her heart.

This feeling made her happy and at a loss.

A heart pounding.

Li Fengbei, if there is no result between us, don't tease me any more! She'll take it seriously!

Fortunately, the living room didn't turn on the light, only the curtains were left open, and the street lights outside the window showed a little bit of light. I couldn't see the emotional flush on her face.

Li Fengbei retreated slightly, his forehead against his forehead, and his hot breath sprayed on her ears. He asked in a slightly hoarse voice: “let's be quiet? The children are asleep

“You Who wants to be gentle with you!” Winjo's face turned more red.

Who's going to do that with him here? And this morning is not Is this human Teddy?

And this is the living room. Children can open the door at any time to see the scene in the living room.

She doesn't want to be as cheeky as he is.

But she forgot that what she said was obviously misunderstood.

Li Feng North low smile a, take chest a burst of concussion, tone ambiguous ground bite her ear, “good, originally you unexpectedly good this one, that I key?”

“You...” Wenqiao just reflected that. That's not what he said just now, OK?

This is really angry, feel the man around her waist palm began to be dishonest, lips a hook, showing a little devil smile.

Raise your foot straight to the dangerous part of the man.

“Damn it! Do you want to die?” Li Feng's brain was full of worms. He didn't expect that Wen Qiao would come. He immediately let her go. “The most poisonous woman's heart, the ancients really don't deceive me!”

Winjo was secretly proud of his success.

Just want to scold him, found his voice is not quite right, immediately a tight heart, she quickly opened the living room switch.

This can't see, Li Feng North bent over to cover the abdomen, a look of pain, sweat on the forehead straight out, even the face has changed.

“You Are you ok?” She was so flustered that she began to tremble.

It's said that the Li family is the only one in the north. If she abandons her, will she be chased to the ends of the earth by the Li family?

"Smelly girl! You don't want sex for the rest of your life?" Li Feng gnawed his teeth in the north, and word by word jumped out of his teeth. "What are you doing standing there? Go to the hospital quickly!"

Wenqiao thought that he was more or less pretended, but he didn't think that he would really come. He nodded quickly: "Oh, OK, OK, I'll call right away, you can bear it!"

Big hair, she seems to have done a great thing, if something really happened, she can't afford the responsibility!

Oh, my God!

It's a nice and warm night.

When Bai Yichen saw Li Fengbei in his pajamas, covering his belly and appearing downstairs, he bent back with a unkind smile, "ha ha! ha-ha! I said, "don't you know to take it easy?"

Li Fengbei kicked him impolitely, "if you don't want to die, go and drive quickly!"

Wen Qiao knew that he had done something wrong. He stood by Li Feng's north side, looking like a little daughter-in-law, and didn't dare to make any more mistakes.

Seeing that he still wanted to kick Bai Yichen, he quickly grabbed him and gently reminded him, "you'd better take it easy! Isn't master Bai a doctor? Let him show you! "

It's OK that she didn't make a sound. As soon as he made a sound, Li Fengbei hated her teeth itching. He gouged out her eyes, and a shudder came straight over, "do you want to die? Heartless fellow

This heartless woman, is not afraid that he really abandoned it? So hard!

Unexpectedly still let him give Bai Yi Chen that fellow see, see him there? Thanks to her!

Wenjo, knowing that he was wrong, nodded and bowed his head.

Bai Yichen dodged Li Fengbei's feet and hid behind Wen Qiao, and asked: "Miss Wen Qiao, I'm curious, what kind of posture do you use to play like this?"

"No, no!" Wenqiao waved his hand again and again, and his face turned red. "Master Bai, you misunderstood me!"

Li Fengbei had already got into the car, turned his head and yelled at her: "don't you go yet?"

"Go, come at once! Master Bai, get on the bus quickly!" Wen Qiao sat by Li Fengbei's side cleverly, with a small face of beating and scolding.

Li Fengbei wanted to say something more about her, but he was amused by her way and said, "if it's really abandoned by you, you'll wait for compensation!"

"....." Well, she knew she was wrong.

To the hospital, the doctor said that the cavernous part of the strain, at least to abstinence for a month, but also with drug treatment.

Li Fengbei's chilly eyes glanced at Wen Qiao. Wen Qiao coughed and looked out of the window. She didn't expect that kick to be so serious?

She glanced at the thing quietly. I didn't know before. Is it so fragile? You think it's going to last?

Li Feng North a look to sweep to come over, "again thinking what?"

Wenjo immediately shut up and shook his head.

She can't think of anything, OK?

Just then, the door of the elevator opened and no one heard it.

"Grandson! How are you doing? "

Old lady Li received the news that Li Feng went to the hospital in the north, but the place was injured, so she rushed over in a hurry.

Li Feng North heart a jump, the secret way is not good, hurriedly to white Yi Chen made a wink.

Bai Yichen's face was smiling and nodded slightly, pushing Wenqiao to walk from the other end of the corridor, "miss Wenqiao, follow me!"

"Why? Just leave? Li Fengbei has not come out yet Wenqiao didn't know why. He did something bad at night. He felt guilty for Li Fengbei and didn't want to leave him.

Bai Yichen looks hard to see some anxious, in her ear whispered: "old lady Li is coming, are you sure you want to stand here?"

"Ah?" Wen Qiao didn't struggle, obediently followed Bai Yichen and walked down the stairs, even as if there was something chasing behind him. There was wind under his feet and he walked faster than Bai Yichen.

That day in the hospital, she met Mrs. Li. Xu Tianyu was also present. If she knew that she had hurt li Fengbei, would she be drowned by Mrs. Li's spitting star.

She was thrilled at the thought.

"Granny, what are you doing here?" Seeing that Wenqiao's back disappeared at the end of the corridor, Li Feng took back his eyes and immediately put on a pair of languid smiling faces.

Old lady Li looked at him anxiously up and down, and her eyes fell somewhere. "Baby grandson, are you ok?"

Li Fengbei folded his legs without any trace! Let Grandma worry! "

Finish saying, the line of sight looks around the people, the line of sight is dense, see people all over a tight, have bowed.

The tone of the mouth is not clear, meaning to point to, “grandma, let you come to the hospital so late, is a grandson unfilial.”

What happened tonight, the old lady knew the news so quickly. It seems that there was a “traitor” around her. She told Grandma about it at the first time.

Suddenly, his face turned cold and he took back his eyes. A cold voice rang out: “take the initiative to speak! Who is disturbing the old lady’s rest so late?”

All of a sudden, they looked at each other in silence.

What the president hates most is the person who informs behind his back. The last person who dares to inform doesn’t know which corner of the earth is suffering now.

Old lady Li glanced at him discontentedly. “It’s none of their business. The attending doctor is my good friend. He told me! Are you going to keep it from me? You are the only child of our Li family. If something happens to you, what face do you give me to face the Li family’s ancestors again?”

Seeing her saying more and more vigorously, Li Fengbei had no choice but to interrupt: “grandma, it’s really OK. It’s not so serious. Don’t make a fuss.”

The old lady had not finished. Then she looked angry, and her crutches jingled, “that’s ridiculous! Which woman? Dare to kill our Li family, I want her to look good!”

Li Feng North eyebrow heart suddenly a pick, this is the purpose of grandma tonight.

“Grandma...”

“Don’t talk!” The old lady raised her eyebrows and stuck her neck, “I haven’t said you! How old a person, do not have a sense of propriety! I heard that you have been doting on a woman recently. Tell me honestly, did she do the work tonight?”

Li Feng North cold face, “grandma, who told you this?”

“You don’t need to be angry with the people around you. If you don’t know, don’t do it yourself!” The old lady said with a look of hatred: “I can’t let it go like this! If you don’t tell me, I’ll find out!”

Seeing that he was ok, the old lady didn’t intend to spend any more time here. She said to the housekeeper beside him, “let’s go!”

Li Fengbei looked at the old lady’s figure and left. He immediately took out his mobile phone and called Wenqiao, “where are you?”

“Ah? I’m in the parking lot downstairs!”

“Let Bai Yichen personally send you home, stay at home these days, don’t run around!”

Chapter 164

“Oh.” Wenqiao knew that he couldn’t pluck the tiger’s hair at this time, but he couldn’t help asking, “why?”

She has to send Chenchen to school? And I have to find a job, otherwise how can I support my family?

Li Feng North voice cold down, across the phone can feel his chilly.

“What, why? Do you think you need a compliment for what you did tonight?”

“Well That’s still not necessary!” “You think I want to do this, but you don’t have to do that!” he muttered

“Wen! Joe Someone’s blue veins burst out.

“All right, all right! It’s my fault. I’m wrong. I’ll be responsible for you, OK?”

“Remember what you said and be responsible for me!” Someone on the other end of the phone has a slight hook on his pretty face.

Put away the cell phone, and wenjo curled his mouth.

Always feel what’s wrong, she seems to have been sold?

Bai Yichen tried to hold back her smile. “Miss Wenqiao, you are so powerful! Sure enough, one thing comes down to another, and you are the one sent by God to deal with North brother!”

“Ha ha.” Wenjo couldn’t laugh.

Is that praise or cursing?

.....

Meiyue bar.

Eleven o’clock in the evening is a good time to get drunk.

When Li Fengbei, Bai Yichen and Mu Junhao entered the bar, they immediately became the focus of the crowd.

Mu Junhao didn’t want to cause unnecessary trouble, so he took the special channel to the exclusive private room upstairs.

Just now Bai Yichen has simply told Mu Junhao about it.

Looking at Li Fengbei’s awkward walking posture, he laughs more than Bai Yichen. If he is not afraid of Li Fengbei’s revenge, he really wants to share this joke with you. This joke can definitely laugh for a year, but he has no such courage.

Dare not smile, but geying geying he can still, “North brother, it’s inconvenient for you. Do you need me to change a soft chair for you?”

Thinking of being bullied by Li Fengbei when he was a child, he decided to stand on Wenqiao’s side and support them.

Only Wenqiao can cure the devil!

Li Feng North sexy lips Cape tiny hook, smile not to smile ground to look at him, "how? Do you want to try it? "

Mu Junhao immediately put away his schadenfreude face, "don't! We mu family still need me to carry on the family line! "

"Ha ha!" Li Fengbei sneered, "need you to carry on the family? Can't your half brother out there? "

No one has ever won him in terms of heart beating.

Mu Junhao really changed his face, "don't mention him to me!"

He is the only young master of the Mu family, one of the four noble families. Yes, but he is not the only son of his father.

It's ridiculous that his father has a son outside, who is only one month younger than him.

His good father coaxed his mother round and round at home and mixed with that man outside. He pitied his virtuous mother and didn't know anything.

Bai Yichen quickly came out to make ends meet, "you two say a few words less, say something serious!"

Speaking of business, all three of them regained their serious faces.

Li Feng took a sip of the whiskey in front of him in the north, and the spicy wine slipped down his throat, which was very refreshing.

Bai Yi Chen is a doctor, see straight frown, "North elder brother, although say to have no major event, but drink less wine! Do you really want to have meat for the rest of your life? You can stand it, miss wenjo, when she is so young, but not necessarily! "

It's not a big deal to live like an ascetic for the past 30 years. But there is a saying that "women are thirty like wolves and forty like tigers". Wenqiao can bear it for a while and a half, but his life is long. There is still a long way to go. No one can guarantee anything.

"Too much!" Li Fengbei was displeased.

Although the mouth scolds, but the wine cup in the hand has been put down.

Mu Junhao was stunned. This Wen Qiao is really charming. It's all right.

He gave Bai Yichen a thumbs up, this move is really high!

"Su Yuantu lost his wife this time and broke up his army. I'm sure he won't give up like this!"

"North brother, we need to strengthen prevention!"

"What do you think?"

Bai Yichen and Mu Junhao look at him together.

Li Feng North lit a cigarette, spit out a mouthful of smoke, smoke shrouded under his eyes, "Oh! As long as he dares to come! "

This time, he failed to assassinate him. Instead, he robbed Su's most important project, which made him angry for a while.

In Su's villa.

Suman walked restlessly back and forth. When she just passed the study, she overheard the conversation between her father and her assistant.

How can my father deal with Li Fengbei? No, it should be said that we are already dealing with him!

What does he mean by that? On the one hand, he wants her to get close to Li Fengbei, and even supports her to get Li Fengbei's love, but secretly he wants to kill him! Why?

Doesn't he care about her daughter at all? Don't you care about her feelings at all?

Su Yuantu discusses things with the assistant and comes downstairs with the assistant.

Seeing Suman waiting at the stairway, he said to his assistant, "do as I say! You go first

The assistant looked at Suman, "yes! Goodbye, miss

Suman gave the assistant a scornful look and waved irritably.

Su Yuantu intimately put his hand on Su man's shoulder, "man man, what's the matter? What's the matter? A face of unhappy, who offended my baby daughter

Suman bit his lip in a coquettish way. "Dad! Are you going to deal with Fengbei?"

"Nonsense! He is my future son-in-law. What should I do with him?"

"But..." Suman clenched his teeth and wondered, "I heard it when I passed the study just now. You not only have to deal with him, but also kill him!"

"Son of a bitch!" Su Yuantu immediately put on his face and said, "you heard me wrong!"

Suman was stunned for a moment, and then he fell into tears wrongly, "Dad, how can you kill me? You don't like me any more. OK, anyway, Mommy's dead. I'll go!"

"Manman! I was wrong! It's all the same. It's moving your mommy out! Come on, sit down

Su Yuantu reluctantly grabbed Su man, sat down beside him, hugged her shoulder and comforted her: "don't cry! My Manman is the most beautiful princess in the world. If you cry, you won't be beautiful!"

"Dad, don't deal with Fengbei, OK? You know I like him!"

"Good, good! You don't want to see who that kid is. Is it your father I can handle?"

Suman was dubious. "Really?"

"It's true Su Yuantu was very serious, as if he were real. He turned his eyes around like a fox, and said in a soft voice, "Manman, why didn't you go to Fengbei to play this time? I heard that he was hunted down some time ago. It's no small matter! You would-be fiancée, you should be more sensible and take the initiative to comfort her!"

“Men like sensible and gentle women!”

Smell speech, Su man beautiful eyebrow Cu Cu, “good! I know! ”

When Li Fengbei receives Suman’s call, he just comes out of the bar.

Bai Yichen joked: “North elder brother, you look like a God. I’m afraid you’re a Banxian?”

“Get out of the way!” There was a flash of fun in the corner of Li Feng’s North lip.

When he got on the phone, the voice of glycol magnetism said lazily, “hello?”

Suman is ecstatic.

Since that time, he has never answered her phone or seen her again. Now he is willing to answer her phone. Is that forgiveness for her?

She knew that in his heart, she still had a certain position.

Li Fengbei didn’t hear the answer. He frowned and said, “Suman?”

Suman returned to his senses, and then his voice answered softly, “yes, I am!”

She complained wrongly: “Fengbei, you don’t know how much I miss you? You haven’t talked to me for a long time! I was wrong last time. Would you forgive me? ”

Li Fengbei’s eyebrows wrinkled into a Sichuan character.

More and more do not want to play with this affectation woman perfunctory.

With no expression, he interrupted, “are you busy with your work recently? Where shall I film and I’ll visit you? ”

“Really? Good! Fengbei, you’re the best, aren’t you! I’ll send you the itinerary later... ”

Before Suman’s words were finished, Li Fengbei couldn’t wait to hang up, “that’s it!”

“Hello, Hello! The North Suman listens to the blind sound in the mobile phone and is so angry that he falls the mobile phone quickly.

It’s this attitude to her every time, this attitude!

Suman is crazy, but no matter how he treats her, she just loves him and likes him!

Chapter 165

It’s early in the morning when Li Fengbei finished drinking. He didn’t want to go to Wenqiao, but mu Junhao was in a good mood after watching the play, and immediately sent a message to Wenqiao.

When Wenqiao was sent home by Bai Yichen, it was already eleven o’clock in the evening, but he couldn’t sleep.

She was holding her cell phone in her hand, biting her lip, wondering whether to call him or not.

Just now, she heard from the doctor that she was seriously injured. I don't know what happened?

Just at this time, she rang and came in with a message from a strange number.

She opened it with doubts.

This look, almost scared up, immediately out of bed, put on good clothes on the door.

I took a taxi to Meiyue bar.

Li Fengbei finally drank wine, let him dry watching Mu Junhao and Bai Yichen drink, that is impossible, but he is very measured, only drank two cups.

When Wenqiao pushes open the door of the bar according to Mu Junhao's instructions, he just sees Li Fengbei drink all the wine in the glass.

"Li Fengbei, what are you doing?"

Wen Qiaoxin all jumped to the throat, what didn't think, ran to grab the cup in his hand.

Big eyes stare at him, "do you want to die? Drink as soon as you get hurt!"

Li Feng North Leng for a while, looking at the empty palm, listening to the familiar voice, slightly frown.

"You care about me?"

Winjo rolled his eyes. Is that the only thing he can say?

What do you mean she cares about him? Can she?

"I'm not in charge of you, but your body, don't you know? If anything happens, I'm not responsible!"

Li Fengbei saw her expression in his eyes, and a smile flashed in his eyes.

"I don't want you responsible!" He said, and poured a glass of wine, toward the side to see the good play of Bai Yichen and Mu Junhao said: "drink! If you don't get drunk, you won't come back!"

"Ah? Drink! If you don't get drunk, you won't come back!" Bai Yichen, who had been trying to persuade him to drink just now, responded and coaxed him.

Wen Qiao grabbed the cup in Li Fengbei's hand directly, his hands akimbo, his cheeks bulging, "I said I can't drink!"

Li Fengbei leans back on the sofa, squints at her and looks up and down with a smile on his face. "Then what position do you take to control me? girl friend? Or..."

Wenjo was shocked.

Yes, he said that she would not be responsible if something happened. Why is she still in such a hurry?

Thinking of this, she was not worried. She said with a smile, "OK! Take your time. I'm nosy!"

Just think of yourself as meddling. She's going to play with Xiaoya.

Which she just turned around, the arm was pulled, a turn around, she sat directly on Li Fengbei's leg.

He put one hand around her waist, one hand shaking the glass, black eyes like the stars in the sky, full of smile.

“Since you love me, you’ll drink this glass of wine!”

“What?” Wenjo looked at him in disbelief and refused, “I can’t drink it!”

Li Fengbei teased her and winked at the other two.

Bai Yichen and Mu Junhao smile and go out quietly.

There were only two of them left in the private room. Wenqiao turned his back to the door of the room. He didn’t find that there were only two of them left here. The wolf had shown his tail and was waiting to eat the rabbit slowly.

Li Fengbei put the wine cup to her mouth and looked at her with great interest. “Do you drink it or do I drink it?”

Wenjo frowned deeply, looked at the amber liquid shaking in his hands, tightened his fingers, and finally took it and drank it.

The spicy liquid ran through her throat, choking her tears, and her eyes were covered with a layer of magnificent water mist.

“Cough!” Wenjo put his glass on the table and said, “I’ve finished. Can I go now?” Well... ”

Not finished, the back of the head was pulled by the man, a warm lip stuck up.

Wenqiao realized that he was eaten tofu again, or was eaten tofu in front of other people’s face. In the end, he was not so thick skinned. He pushed his chest open and hurried to look behind him.

But there was no one behind.

Li Fengbei licked his lips, and his fingers crossed the lip flap. How do you think of this action? How color is it.

It must be disgusting for an obscene uncle to do this action, but Li Fengbei is good-looking, which adds an evil spirit.

Wenqiao’s cheek slowly climbed up two suspicious blushes, I don’t know whether it was drunk or because of this hot and humid kiss.

She struggled to get up from his leg.

Li Fengbei pressed her down again, and the warm breath was blowing in her ear. “Wenqiao, do you know why you were so worried just now?”

Wenjo shook off some chaotic brain. “You are stupid, because you are injured because of me, so I can’t let you have any sequelae!”

“Ha ha! Is that right?” Li Fengbei slowly came to a glass of wine and took a sip at his mouth, feeling the fragrance of the wine. If you don’t get drunk, you get drunk.

He squinted at her and said slowly, "it's not because of this, but because you have me in your heart, and you worry about me!"

"I didn't!" Wenqiao denied it, but his heart could deceive others, not himself.

"Yes? Another drink?" Li Fengbei poured another glass of wine and put it in front of Wen Qiao to coax him.

The wine just entered the throat and didn't feel much, but it was full of stamina.

Winjo didn't want to admit that he was worried about him, and didn't want to be looked down upon by him. He took the glass and took another sip of it.

Her drinking capacity was not good. After drinking, there were two Li Fengbei in front of her.

She was like a ball of soft mud, soft and boneless, lying in Li Fengbei's arms. Her face was red, pink and tender.

Li Fengbei hugged her up and made her more close to herself.

He picked up her chin and coaxed her into asking, "the lying child's nose will grow. Let me ask you again, are you really not worried about me so that I won't drink?"

"Well..." Wenqiao's whole body was soft, and his brain was like a piece of bean curd dregs. He felt that he could not think about the problem seriously, so he could only follow his original intention and answer, "yes! I'm just worried about you! What's the matter? Don't worry about people? My heart is my own. I'll worry about who I want to worry about. Can you manage it?"

Li Fengbei's eyes brightened, and the smile in his eyes was even more intense! Brother, I'll ask you again, do you secretly like me?"

"Like it?" Wenqiao struggled to open his eyes, tilted his head and thought seriously for a while, then suddenly he began to cry.

She patted Li Fengbei's chest hard and cried, "what should I do? I seem to really like him! What do you think is good about him? Apart from being rich, handsome and bad tempered, he is arrogant and arrogant. He looks like a peacock. He doesn't know how to respect women and can't do it well...."

Li Feng North eyebrow a pick, cover her mouth, immediately can't laugh or cry.

"I want you to say I'm good, but you say a lot of shortcomings! I'm so bad?"

When he finished, he found that winjo had fallen asleep on his shoulder.

Suddenly lose a smile, pinched on her small nose for a while, "the small fellow of duplicity!"

The next day, when winjo woke up, it was bright outside the window.

Brain pain, looking at the familiar room, the brain has a moment of fragmentation.

What's going on? Why does her head hurt so much?

She looked at the wall clock, and it was already half past ten in the morning.

“Damn it, I’m going to be late for school in the morning!”

It’s really strange. Why can’t she get up? Can’t she get up in the morning?

She turned over, went barefoot to the next room and knocked, but there was no one in the room.

She hammered her head dejectedly, a flash of white light flashed, and her eyes widened.

Isn’t it?

Last night, she went to the bar to look for Li Fengbei, and then she got drunk after two drinks!

Oh, my God! How terrible to be drunk!

She didn’t do anything out of the ordinary, did she?

Thinking in doubt, the phone rang.

Wenqiao looked at the name on the top of the screen, pursed his lips and said, “what’s the matter?”

Li Fengbei’s smiling voice said, “are you up? Lazy pig

“Lazy pig?” Wenqiao opened the phone and looked at the screen again to make sure that he didn’t answer the wrong phone. He replied angrily: “you’re the lazy pig. Your whole family are lazy pigs!”

With a quick talk, she suddenly responded and secretly spat out her tongue. How could she even scold An’an and Chenchen.

Chapter 166

“When you get up, wash up and come back to pick you up later!”

“Pick me up? What do you want me to do?” Asked wenjo, puzzled.

“Well ~”, Li Fengbei said with great seriousness: “it’s rare that the weather is fine today. I’ll take you lazy pig out for a walk.”

“You! Don’t take such a bully Wen Qiao in the mind Wei Qu extremely, “I am not a pig, don’t say I am a pig!”

She’s a pig. What’s their baby? Are they all piglets?

However, she is really a vagrant now.

If you think about it carefully, should she find something to do!

When Li Fengbei called, he was already on his way. He finished his work in the morning, just wanted to take her out for a walk.

Wen Qiao was surprised to see Li Fengbei appear at the door. He looked down at himself, then at someone in a suit and formal dress. He was slightly annoyed.

“Where are you taking me? Or I’ll get dressed?”

She thought that Li Fengbei told her that he wanted to take her out for a walk. She also mentioned that the weather was fine. She thought that he wanted to take her to outdoor activities or something, so he simply tied a ponytail and wore a comfortable sportswear.

Li Fengbei has a momentary swaying spirit.

A woman with bright eyes and teeth, white skin and red skin, looks like a college student in her early twenties.

Compared with his suit and shoes, it's like an old cow eating tender grass.

"No! That's it! It's no use changing clothes if you're ugly!" Li Fengbei looks back and teases.

Wenqiao gritted his teeth and gave up. "Hum, I won't go! Why? Put me down

Resistance is invalid, Li Feng North horizontal picked up her to walk outside the door, directly into the car.

Wenqiao came up, patting the door to get off, "I'm not going! Why should I go with you if you don't tell me where I'm going?"

Li Fengbei picked her up and said, "be honest! Sit down

"Pa" ground a, Wen Qiao froze, this slap used solid strength, feel half buttock all numb, immediately eye socket red, clench a fist a punch hit in his chest.

"How annoying! What a nuisance! I hate it! Asshole

With a smile in his mouth, Li Feng seized her restless fist, grabbed her waist, sat in his arms, and directly kissed her lips.

"Well..." Wenjo was soft in his arms.

Someone's mouth is kissing and his hand is not stopping.

At the end of the kiss, winjo blushed with shame and her heart thumped.

It's shameless of someone to beat her and rub her with a fake kindness.

"Get out of the car!" Li Fengbei was in a good mood.

"Ah?" For a moment, I was still thinking about my heart beating just now. For a moment, I couldn't get back to myself. I was annoyed that I was so unpromising. I was bullied by others and I had no temper.

After getting out of the car and looking up at the dignified plaque in front of him, I realized that he had brought her to B University.

His face suddenly changed, and even the radian of his mouth disappeared.

She quickly turned to look at Li Fengbei. He was looking in the direction of the library. The corners of his mouth were slightly upturned, and his face was inexplicable.

Wenqiao's heart beat to his throat, and his palms clenched in a cold sweat.

Did he know something about bringing her here today?

If he goes to investigate her for five years, does it mean that he already has the evidence in his hand and knows that she was the person at that time?

“Just look at me and say hello to the headmaster!”

Too nervous, think too engrossed, even in front of a group of people did not respond.

“This must be miss winjo?” An old voice came from the front, shaking her back.

She turned her head and looked ahead, only to see an old man standing in front of her, with a kind face, wearing glasses.

This old man is no stranger, just like the president of B University.

For a while, I don't know what kind of development this is.

Li Feng North see her silly, a pull her hand in the palm of the hand, tone with light doting, “don't you say hello to the headmaster!”

“Fight “Hello?” Wen Qiao's brain can't turn round. He stares at Li Fengbei and asks silently.

The smile of Li Fengbei's lips widened. With faint helplessness, he patted her on the head and said to the headmaster, “my girlfriend is a little confused. Please take good care of her!”

Usually arrogant and proud of a person, even a respectful attitude, elegant and polite.

It's just My girlfriend?!

“Li...” Winjo pulled the hem of his suit and leaned close to him. He lowered his voice and said, “what are you talking about? When did I become your girlfriend? ”

Li Fengbei pinched her palm, frowned slightly, and threatened: “another wordy sentence, you don't have to go to school!”

“Go to school?” Pupil Huo ground opens big, immediately a burst of ecstasy, “up! I'll goThen he arrived again and said, “can I do it? I'm almost 25! Is it a little too old? Besides, I have to make money and take care of Chenchen! ”

“These things are not for you to consider, I will arrange for you, you just need to say whether you are willing to go to school and continue to complete your studies?”

“Yes! I will

She thought that she would never have the chance to fulfill her dream when she was young again in her life. All kinds of reality made her dare not expect any more.

That year, when she was just 20 years old, she went to a completely strange country to live alone with a baby. She had no education background. She knew a lot about foreign languages and did all the bottom jobs. At that time, she would miss the time when she was in college.

I thought, if she can finish college without worry, what will her future be like?

At that time, she dropped out of school directly. Unexpectedly, Li Fengbei understood her and found the headmaster directly. She realized her dream. She thought that he would only be dictatorial and do things as he liked. Unexpectedly, he had such a meticulous side.

“Miss Wenqiao, I heard that you have been studying in your school for a year. In that case, you will be familiar with the school. It’s just right! There is no problem at school. Miss Wenqiao can come to school whenever she wants. You can choose any major you want. You can come to me if you have any difficulties!”

The principal said politely.

Wenjo was so happy, but

“Principal, you’d better not call me miss winjo, just call me by my name.” “Winjo hesitated and said,” but will this bring inconvenience to the school?”

B university is famous for its rigorous scholarship and strict atmosphere, but isn’t it going through the back door now? Will it destroy hundreds of years of school fertility?

The headmaster waved his hand and his eyes were full of smiles. “It’s not convenient! It’s our honor that you can come to school! Li is always a good man. He sponsors the school by five million every year. How many students benefit? It’s too late for the school to thank him!”

So it is!

Wen Qiao looks at Li Fengbei. The man is bathed in the sun. He has a beautiful face. His lips are slightly crooked. He is so handsome that he can’t move his eyes.

Wenjo’s heart moved.

“Thank you!” She said softly, with all her heart.

Li Fengbei leaned close to her ear and said in a voice that only two people could hear: “I prefer you to thank me in bed.”

Wenjo gave him a look.

Without a trace to sweep a place, are injured, but also think about this, this man!

The headmaster is an interesting person. It is reasonable that he should give a good reception to Li Fengbei at this time, but it is obvious that doing so will spoil his interest.

So, he said: “Mr. Li, I’m sorry, there are so many things in school. I have to excuse me first! Take a good look around the school and send someone to let me know if you need any help!”

“Thank you, principal! Please

After the headmaster left, Li Fengbei took Wenqiao by the hand and walked forward. “It’s not for you to come here to study. It’s not for you to go home and do what you like to do!”

Wenqiao heart is a burst of moving, clear eyes turned two circles, she stopped.

“What’s the matter?” Li Feng stopped to see her.

Wenqiao looked around and saw that there were no students, so he ignored the bodyguard who was still following him. He put his toes on his feet and gently gave him a kiss on the cheek.

Just pasted lightly, then immediately separated, shyly ran to the front.

Li Fengbei was shocked all over. He touched his cheek and slowly climbed up to the top of his ear.

In front of the sun, wenjo laughed, "come on! Li Fengbei

It was the first time that she had taken the initiative to smile at him, laughing so happily.

Li Fengbei's lips rose and burst into a smile. He said to the bodyguard beside him: "don't follow. Just guard at the school gate!"

At the end of the order, he went towards winjo.

Chapter 167

Now the popular sharing economy, can be shared everywhere, sharing cars, sharing bicycles, sharing power bank and so on.

As a leader in the science and technology industry, Li's group is naturally not willing to lag behind. Apart from the initial implementation of the plan, Li Feng went to the north to investigate the market. So far, as the initiator, he has not used it.

The sunshine is just right and the interest is high.

Li Fengbei sweeps a bike on the side of the road. Seeing that he doesn't follow, Wen Qiao turns to look at him.

I was surprised to see him sharing a bike.

How can he ride a bicycle by himself when his young master is so ill that he has to open a car door?

Li Feng's long legs on the bike were not comfortable at all. He adjusted the seat cushion, stopped in front of Wen Qiao, and shook his head behind him

Wenjo looked at him in amazement.

The smile on his face was as clean and pure as a big boy. His face was like peach petals. It was dazzling in the sun.

"I didn't expect you to ride a bicycle. I thought you must have never touched this kind of transportation!" Winjo climbed into the back of the bike.

"There are so many things you don't know! Sit down and go Li Feng North evil to hook the hook lips, suddenly accelerated the speed.

A bump, "ah!" Winjo's face faded and screamed with fright, his hands clasped around his waist.

Li Feng's northern diamond shaped lips, with a rising radian at the corner.

The clear wind in my ear is blowing slightly, like a feather on my heart.

When walking by the lover lake, Wenqiao looked at the tall tree.

It was under this tree that she refused Xu Tianyu's confession. At that time, she only felt that her body and spirit were split, and she could not bear to live. Now she no longer felt sad. She only felt that things were right and people were wrong, and that times had changed.

In front of her broad back, she gently leaned her head up.

Li Fengbei felt the small head on his back, the radian of his lips widened, and his pace slowed down involuntarily.

It may not be easy to win her heart, but it's a good start.

After cycling for an hour, Li Fengbei's forehead was slightly sweating. On the contrary, it added a bit of fireworks to his superior temperament.

Wenqiao wiped the sweat on his forehead with a paper towel. The distance between them was very close and they were breathing each other.

Li Fengbei looked at her serious eyebrows, and his heart moved. He grabbed her hand.

"You said you liked me last night!"

Wenqiao's fingers trembled with fear, and he quickly denied: "no No

Li Feng knew that she would not admit it when she woke up. Fortunately, he was ready for it.

He took out his cell phone and turned on the voice.

Immediately came a tragic cry in the mobile phone, "how to do? I seem to really like him! What do you think is good about him? Apart from being rich, handsome and bad tempered, he is arrogant and arrogant. He looks like a peacock. He doesn't know how to respect women and can't do it well...."

Wenqiao covered his face, eager to find a place to bury it.

She's a pig brain. How can she say such unreliable bullshit when she's drunk.

"No No This is not me..." She closed her eyes, simply thick skinned to the end, and resolutely refused to admit that it was her who made the embarrassment.

Li Feng said with a touch of fun in his mouth, "is that right? Really not you? You don't like me?"

"Yes Of course What wenjo said was particularly guilty.

Even if she likes him a little, she is a woman. How can she express herself before him? If he didn't mean that to himself, he didn't mean to insult himself!

Smell speech, Li Feng North picked pick eyebrow, on the face peep out a touch of pity.

"Good! Since you don't like me, I can't force you to find a woman who likes me!"

Wenjo put down his hand, and his eyes fell on his face and his mouth curled.

What does he mean by that? Are you kidding her or do you really want to find another woman who likes him?

Did she refuse him again and again, and his freshness had been worn away? Give up before you start?

Ha! He hasn't started to chase himself, so he gave up. It can be seen that he is not a man of one mind! Hum, just right! Just to her heart, she just doesn't want to have too much to do with him!

From school, Li Fengbei personally sent Wenqiao home, and left.

In the evening, I watch TV in the living room in the morning.

While humming, Wenqiao walks through the living room and glances at the programs on TV. The host is introducing the latest research and development weapons.

"Chenchen, you are still young and a baby. You should watch some children's programs. This kind of thing is boring and takes brain cells. Be careful to become a fool!"

morning morning looked helplessly at his mommy, "Mommy, look at piggy little, see more love dramas, you see men's eyes are too bad." "Smelly boy, who do you think has a bad eye?" Wenqiao walked over, pretended to be angry, patted his son on the head, grabbed the remote control in his hand, and changed a TV station at random. "Childhood is the best time for a person. After this village, there is no shop. These things can be seen when they grow up..."

Wen Qiao's eyes glanced at the TV at random, and his voice stopped abruptly.

Chenchen finds Wenqiao's face changing and turns to watch TV.

The host is broadcasting a peach affair in a sweet and excited voice. The hero of the affair is obviously Li Fengbei.

Li Da, who is never close to women, was caught by a reporter this afternoon when he took a woman out of a hotel.

In the picture, Li Fengbei is not aware of being photographed. He is wearing big sunglasses and looking at the front without strabismus. His arrogant pace and cool expression are all over his body.

The woman around him also wore large sunglasses, hiding in his arms, his face covered tightly, and his long white and straight legs were especially attractive.

Wen Qiao squints, stares at the woman in the picture, stares at Li Fengbei's arm around her.

He gritted his teeth and wanted to chop off his paw.

I thought he was different from other men. He turned out to be so vulgar. He liked the big long legs. Hum!

Fingers angrily grasp the pillow, did not realize that at this time her heart is full of acid.

"Mommy..." Chen Chen sighed as he looked on, "Oh, you're finished! You are jealous

TV is not so put, like a playful prodigal is a woman's unfortunate beginning.

Winjo slapped his son on the head and said unconvinced, "how can I have it? What do you know when you are young? What's the end? Can't I marry your mother? I don't care about this man! "

"Pain! Mommy, can you take it easy? " Chen Chen covered his head and said, "I just said that. Why are you so excited?"

"....." Wenqiao was speechless, but how could she be jealous? She won't be jealous of that man!

She was really angry. Just this afternoon, he said that he was going to find a woman who liked him. Unexpectedly, he actually went to find a woman.

This man! this man! What a nuisance!

Hum! Next time she dares to come here, she will never let him in again.

I think so, but when I lie in bed at night, I can't sleep. The scene on TV always comes to my mind.

She silently took out her mobile phone and searched for "lifengbei" in her browser.

The news that appeared at the top was obviously the peach affair that people enjoyed talking about in the afternoon.

She thought, did he ever kiss someone with his lips? His warm embrace, will also embrace others?

Does he like this woman very much? Why else protect her so tightly?

A corner of her heart was stuffy. She put her hand there and rubbed it hard. When she was not so sad, she turned off her mobile phone and lay down in the quilt, and put her head in the quilt.

In drowsiness attack, can't hold up the eyelid fight, she suddenly thought of a problem.

I was hurt by her last night. Didn't the doctor say that I should be abstinent for at least one month? After just one day, I went to a hotel with a woman to have a good time. I'm not afraid that I can't lift it up in the future?

If you can't lift it, you deserve it!

Originally, she felt guilty for him because of this. Now, all that guilt is gone.

Chapter 168

Su villa, Su man watched the scandal on TV, angry directly to smash the TV.

"Li Fengbei! Why are you doing this to me? "

Last night, when I heard from him that I was going to visit her, she was so happy that he would never know.

The servant stood shivering.

Su Yuantu came down the stairs and waved to the maid beside him. The maid was released immediately and could not wait to leave.

“What’s the matter, daughter? Why are you so angry?” Su Yuantu hugs Su man’s shoulder intimately.

“Dad, do you think he doesn’t like me? I don’t believe he doesn’t like me at all. If he doesn’t like me for five years, why should he acquiesce in our engagement?” Su man shrinks in Su Yuantu’s arms, crying with tears.

Su Yuantu wiped her tears heartily. “Silly girl, my father is a man. I know a man’s heart better than you. Especially for Li Fengbei, a young and promising man, there are several women outside. This is very normal. As long as the position of Li’s young grandmother is yours, it’s worth all patience!”

Suman frowned and thought that his father was not a lot of women outside. He got up from Su Yuantu’s arms and distanced himself slightly. “I can’t hold a grain of sand in my eyes! I can only stand beside him

“Daughter! Listen to my advice, if you don’t want to make a bad relationship with him, or lose this marriage, you should know the word “endure!”

“But...” Just to think that he may have other women, her heart is very uncomfortable.

She is a famous woman in a family. She is a national film queen. Many people hold her, admire her and look up to her. She does not allow herself to have any disappointments.

“I know. I won’t take it to heart! Hum, these bitches, I’ll let them know how powerful I am

Suman originally wanted to deal with Wenqiao. During this time, she had a lot of things to deal with. She didn’t have the energy to deal with her. Unexpectedly, Li Fengbei had dumped her and changed her lover?

Ha ha, think of Wen Qiao before that arrogant appearance, in the heart suddenly comfortable a lot.

The next day, according to Su MANFA’s address, Li Fengbei went to the studio to explore Su MANFA’s class.

Luxury cars, sunglasses, bodyguards, cool expression, not afraid of reporters taking photos, not blocking media reports, Li Fengbei’s high-profile visit to Suman, immediately set off a big storm on the Internet.

Wenqiao saw Li Feng North to explore Suman’s class, and with Suman behavior intimate news, Shengsheng pinched the chopsticks in his hand.

In the heart secretly scolded a, son of a bitch! Huaxin radish!

.....

On the set, in Suman’s foyer, Li Feng sat on the couch, looking at Suman in front of him, “is the play finished in the afternoon? Take you to a place. ”

His eyes were cold, but when he looked at them, his heart beat.

Suman stood in front of him in ten centimeter high-heeled shoes, his heart beating fast.

There is only one chair in the rest room. Now she is sitting in lifengbei. Can she be more bold and sit on his lap? Or is he sitting with his legs open just to give her a hint?

Suman twisted his soft waist and sat down on Li Fengbei’s leg.

Li Fengbei didn't expect that she would suddenly make such a move. She picked her eyebrows and raised her legs. The sole of her shoes was facing Suman's ass.

There is no gentlemanly demeanor in this action. Li Fengbei is the one who can do it. No one dares to have any opinions.

The movement of Suman sitting down suddenly stopped there.

It's not getting up, it's not sitting down.

Su man couldn't get off the stage. He was embarrassed and turned his eyes. Then he helped Li Feng Bei with a look of falling.

Li Feng North rub ground to stand up for a while, Su man can't hold body, directly fall on the ground.

"Ah Suman went straight into the mud.

The scene was once awkward. Beiqin and Xinjie stood by and looked up at the sky as if they didn't see anything.

Li Fengbei tried to hold back his smile and held out his hand to her, "Why are you so careless? Come on! Shall I lead you up?"

Suman looked at the smile on Li Fengbei's face, and shook his head. "No, I can get up myself."

He just wanted to embarrass her, but she couldn't do anything about it.

However, his character has always been like this. He is reckless and does not give any face to anyone or anything, and he is not aiming at her alone.

She felt much better at this thought.

Li Fengbei patted the dust that didn't exist on his body. He raised his feet and walked outside the door. He meant something and said, "let's go! There's an auction today."

Auction?

Suman's eyes brighten. Li Fengbei not only comes to visit her class, but also takes her to the auction. Do you forgive her for the last time she drugged him? Want to make up with her?

The haze in Suman's heart cleared away, and the little discomfort disappeared. The charity auction will be open to the whole upper class, and all the money from the auction will be used for charity.

One of the highlights of the auction was that the president's wife and the president contributed an engagement ring.

The president and the president's wife are famous for Jinse Heming. Their childhood friendship has always been a rare compliment. Therefore, there is an unwritten rule in this auction that only men can participate in the auction, and women can't.

What is more noteworthy is that the president's wife personally supervised the auction.

If anyone can get this ring, it's of great significance.

Suman's eyes brightened as he looked at the pink diamond ring on the brochure.

She wanted the ring, and she wanted it very, very much.

She has met the president's wife several times. She is elegant and noble. She has the supreme status and has always been her model.

More importantly, her half sister is also at the auction today. Even if she can't get it, she can't let her get it.

Because the ring is a token of love from the president to his wife, the auction can only be held by a man.

Will Li Fengbei take the ring for her? Her mood became tense and expectant.

Two hours later, the auction ended. Li Fengbei didn't disappoint her. She bought the ring with a high price of 50 million yuan.

Suman's eyes were red with excitement.

Li Fengbei went to the studio today to take her to the auction. He must have wanted to give her the ring.

She quietly took off the decorative ring on her finger and put it into her bag. She was wondering if she would be more reserved when Li Fengbei gave her the ring later.

Everyone knows that Li Fengbei is her fiance. They all come to congratulate them.

When she saw her sister's hatred, jealousy and helpless eyes, her heart was more comfortable.

As the crowd dispersed, Suman stared at the ring in lifengbei's hand and blinked excitedly at lifengbei.

But the latter, as if he had not seen her hint, went out on his own, and did not mean to give it to her at all.

Suman couldn't sit any longer. She took Li Fengbei's arm, and a decent smile bloomed on her face. "Fengbei, thank you!"

When he said this, he held out his hand to him and raised his finger slightly.

The hint is obvious enough!

Li Fengbei looked at her hand and said: "you're welcome. I should say thank you. Today I'll let you be my free female companion."

Free girl?

"Isn't the ring for me?" Su man's heart became cool, and he cried out inconceivably.

Her voice was a little loud. There was a moment of silence in the meeting hall, and many people around her heard it.

"When did you say that?" Li Fengbei looked at her in his spare time.

When Su Qingqing heard the news, she immediately came over and gloated: "Yo, sister, isn't this ring going to be given to you by her brother-in-law? What a pity

“Su Qingqing, shut up!”

“I’m sorry, sister! I didn’t expect that. It seems that you have to consolidate your position in the heart of your brother-in-law to be. Otherwise, you won’t know when you will be fooled! ”

“You Suman said that Su Qingqing, however, looked at Li Feng Beitou for help, but the latter even gave her a stingy look.

Suman’s eyes turned red and cried out, “you, you will regret what you did to me!”

After roaring, she ran back in confusion.

North Qin walked to Li Fengbei’s side, “president, Miss Suman is sad, will you go to the old house to complain?”

“Oh! Let her Sue! I’m always with you

Chapter 169

When wenjo was asleep, he felt someone knocking at the door.

She put on her clothes and looked out through the door, but there was nothing but the quiet corridor.

All of a sudden, I’m scared. Isn’t it a thief?

She looked around and took a high-heeled shoe from the shoe cabinet in her hand.

After a while, someone opened the door with something.

A heart was raised to her throat. When the door was opened, she didn’t look at it. She smashed the high-heeled shoes of her mobile phone towards the other person’s head.

“Go to hell! Thief

“Thief?” Li Fengbei’s face changed slightly. He grabbed her hand. A chilly voice sounded from his head.

“What are you doing? You want to kill me? You’re not a coward

Wait a minute. Why does the thief sound so familiar?

She opened one eye and saw Li Feng standing in front of her, his face black enough to drip water.

She immediately threw the high-heeled shoes in her hand. Facing his questioning, she was inexplicably a little cautious.

She knew that it was mostly him who knocked at the door so late, and there would be no one else. However, she was upset to think that he actually went to find another woman and became a couple with another woman.

She’s just looking for trouble. What’s the matter?

“Oh! Almost hit me, and I’m quite right! Who gave you so much courage? ” Li Feng glanced at her and swaggered into the bedroom.

“Hey, stop for me!” Wenqiao immediately ran forward, stopped at the door of the bedroom, righteous words: “this is my home, you this kind of behavior is a private house!”

Li Fengbei looked down at her and held out a finger to lift her chin. “Your memory is a bit bad. I seem to have told you yesterday that here, this floor is mine. Although the house is a little broken, I can’t stand your eccentricity. I like this kind of house, and I can’t help it!”

“What a rascal!” “I’ve never seen such a rascal like you! Even if you are the owner of this house, but I am a tenant, I paid the rent, I have the right to use it! ”

“You also said that this is my house. Are you not afraid that I will not rent it to you now and let you sleep on the street?” Li Feng North picks brow, intentionally threat way.

Didn’t expect, he didn’t like her, even if he dared to threaten her?

Wenjo was even more angry. “Is there any law? When I rent a house, I signed a contract. If the owner breaks the contract, he will pay me double the rent! ”

“Double rent!” Li Fengbei seems to have heard something funny, “do you think I care about that little money? What if I pay you 20 times the rent? ”

He’s going to make wenjo cry.

It’s so late. If she’s the only one, she can’t leave. She can’t go to a hotel, but there’s still morning!

No matter what happens, she doesn’t want Chenchen to follow her. This is one of her principles.

“Why don’t you talk? Still won’t let me in?” Li Fengbei pinched her face.

The skin is as white as white jade. It’s a little fleshy. It feels warm and moist, which makes people love it.

“Hiss, pain! You release me Wenjo waved his hand away angrily.

Huff into the bedroom, directly climbed to the bed, lying in big characters, “you go to sleep on the sofa, so late, must fall asleep in the morning, tomorrow will go to school, you don’t disturb him!”

Li Fengbei took off his suit coat and put it directly on her face

“Bath water?” Wenqiao thought for a while, and then he responded, “I don’t have a bathtub here. How do you want me to put the bath water?”

Li Fengbei also thought of this problem. He suddenly gave the poor sleeping woman a bad look. At the same time, he made up his mind to demolish and rebuild the community for her tomorrow.

Because the bath was not comfortable, Li Fengbei’s face smelled a little. He just put a towel around his waist and came out.

Seeing that she was still lying on the bed like that, one person occupied the whole bed, and her face turned black again.

“Get some sleep!” He stood in bed and kicked her.

Wenqiao simply closed her eyes and pretended to sleep, but she didn't move. Why did she listen to him when she rented the house?

besides, the perfume smell on his body did not know which woman's gentle village came out. Why should she sleep with him? It's disgusting to think about it!

"Will you move?" Her trembling eyelashes looked a little cute. Li Feng, the northern evil, hooked her lips. "Don't go there, do you?"

Wenqiao slightly frowned, had a bad feeling, and then he was pressed with a heavy weight.

"What are you doing?" He pushed him away, turned over from the bed, pointed to the door and said fiercely, "I don't want to sleep with you in the same bed. You go to sleep on the sofa!"

Li Feng gave her an expressionless look, then ignored her and lay down on the bed.

"Hello Winjo looked at him stupidly and pushed his chest. "You go to sleep on the sofa! Don't you mean to find a woman who likes you? Go to sleep with the women who like you. Don't stay with me! Li Fengbei closed his eyes and waved. His voice was a little tired and hoarse! I'm tired after working all day! Let me have a good rest

Wenjo's teeth itched with hate.

It seems that she is not sensible. This is her home, her bed.

However, he looked a little tired. There was a light cyan circle under his eyes. Although it was not obvious, his face was too perfect to be seen at a glance.

She glanced at her mouth, took a clean quilt from the cupboard and walked out of the bedroom.

Let her sleep with him, how to think all feel diaphragmatic should, this smelly mouth still don't know how many women kiss!

Hum!

Wenjo thought about the news and lay down on the sofa in a huff.

Put the quilt on her head, in my mind is a sheep, do not know to count to the hundreds of sheep, she thoroughly sleep in the past.

After she fell asleep, in the dark, the bedroom door was opened.

Li Fengbei squatted beside the sofa and pulled down the quilt, revealing her round head.

Such as the eyes of the water with a hint of doting, looking at her snoring, nose with breathing up and down, the heart can not say the soft.

Smelly girl, very jealous!

He lowered his head and gave her a soft kiss on the forehead. He took out a small box in his hand.

The box was filled with a diamond ring which was auctioned back in the daytime. In his opinion, the ring was not a rare thing. As long as she liked it, he could buy it ten times better than it.

But he liked the moral of the ring.

Childhood, life, only one person's love.

He took her hand and put the ring on her ring finger.

Her fingers were green and white, and her ring was just right. Li Fengbei pulled out a smile with satisfaction.

The next morning, the sun rose from the East, and the golden light shone peacefully on the silent city for a night.

Wenjo opened his eyes, sat up and stretched.

Looking at the familiar furnishings in the room, she realized later that she didn't sleep on the sofa last night? Why are you sleeping in bed again?

She turned and looked to the side of her body, which was empty.

She reached out and touched the side of her body. There was still some heat left on the quilt. It seemed that he hadn't been up long.

Wenqiao lifted the quilt and got up. His eyes seemed to be shaken by something.

She was stunned and looked at her finger.

I saw a pink diamond ring on my left ring finger, reflecting a beautiful light in the sun.

What a beautiful ring? But what's in her hands?

Wen Qiao's heart move, is Li Feng North taking advantage of her sleep time to put on her? A present for her?

This man is so proud and charming that he even gives a ring so chic.

Wenjo chuckled at the thought of him secretly putting the ring on her.

Think of these two days of her, those behaviors are indeed abnormal.

She knew he couldn't have anything to do with those women. He was still sick! Even if you have a heart, you are powerless!

I'm so glad I hurt him. This kind of person should be kicked!

Wenqiao pushed the door open and came out. He looked around the room. Chenchen was the only one who didn't see him. He was sitting on the dining chair with all kinds of breakfast in front of him.

Chapter 170

"Mommy, what are you looking for? Come and have breakfast Chen Chen twists his brows. He finds that mommy is becoming more and more unreliable now. She has been in the sun for three years, but she hasn't got up yet.

Winjola sat down in her chair and asked hesitantly, “are you alone?”

“Oh, Uncle Li has gone to work.” Chenchen thought about it and said reluctantly, “he told me not to wake you up.”

“He bought these breakfasts?”

“No!” Chenchen shook his head.

“No? Who is that?” Wenqiao wondered, who else would be living Lei Feng to deliver breakfast to their orphans and widows?

Chenchen is serious. “His assistant bought it.”

Wenqiao was stunned for a moment, and then laughed, “little devil, dare to make fun of your mommy?”

I didn’t expect that he was very considerate. He even knew how to prepare breakfast for them.

Wenqiao took a crystal dumpling, thought of something, put down the chopsticks, and went back to the bedroom.

Take out your mobile phone and open wechat.

Open add friends and find Li Fengbei’s private number in the address book.

With a try mentality, added friends information.

After a while, it showed that it had passed.

Wenjo looked at the pure black picture and the blank nickname.

Is this really Li Fengbei’s wechat?

Doesn’t Beiqin say that he is very busy every day? Why did he agree as soon as she sent a message?

It suddenly occurred to me that everyone who added information to him would pass without asking?

In the heart head some offends lowly to rise, unexpectedly has one silk not to be happy, at least must ask her is who to add again? This is a little more cautious.

Just as Wenqiao was daydreaming about his mobile phone, the new friend sent a question mark.

Wenjo squinted.

What does the question mark mean? Looks like he’s very busy.

Ding Dong, the other party sent a message.

Why don’t you talk?

Wen Qiao’s brow is wrinkled more deeply, this person unexpectedly still takes the initiative to look for words to chat? This person must not be Li Fengbei whom she knows. Isn’t this his wechat?

She returned a message.

Are you Li Fengbei?

What else? Who else do you want to send messages to?

Wen Qiao: "I'm not sure."

This arrogant tone, across the screen can rush out.

It was really him. He didn't ask her who she was, which made her feel bad.

Do you know who I am?

Are you doubting my intelligence?

— ? ?

Your nickname!

Nickname? Her nickname is "read your Joe."

"....." Wen Qiao said that he was speechless. Although he said that he had brought a word "Qiao", he could not be sure that it was her!

In the office of the president of Li's group, Li Fengbei looks at his mobile phone, and his brows gradually twist.

Stupid! There are only a few people who know my private number!

So it is! Winjotun was very happy. It turned out that she was one of the few beings in his life.

Wenqiao's eyes turned, stretched out her finger with the ring, took a picture and sent it.

Joe: is this your present for me?

Blank: good looking! Do you like it?

Joe: Yes!

She Wenqiao is not a hypocritical person. She didn't realize her feelings before. She doesn't want to stay with him. Now she realizes her feelings, and she doesn't intend to escape.

After all, we can't escape. Let's go.

It's up to people to decide what rank, what noble family, what right family and what wrong match.

As long as Li Fengbei really likes her and doesn't cheat her, she won't regret her decision.

Therefore, Li Fengbei asked her whether she liked it or not, and she would directly tell him what she thought, "like it."

Li Fengbei stared at the word "like". He was stunned for a moment. Then he gave a short smile, and his heart was full of joy.

This wench obviously likes him to like to die, but the mouth is hard to let her look for others.

Looking back on her angry appearance last night, what is it if she is not jealous?

As long as she likes it, he will be happy.

Wenjo thought about the ring for a moment.

Like is like, but it's not convenient to wear.

She is either at home or at school, and is planning to find a new job in the near future.

It's not very good for her to go out to work with such a high-profile ring. The reason why she added him wechat and sent him a message is that she wanted to thank him and that's what she wanted to say.

He put it on her. She always told him if she wanted to take it off.

To this problem, Li Fengbei answered directly. —Blank: don't take it down! If you dare to take it down, you will look good!

Well, if you don't take it, you don't take it.

Wearing it on the ring finger of the left hand seems to be the meaning of love?

In love? Hehe, it seems that she likes this word!

.....

The president's office of Lishi group.

Beiqin is reporting today's schedule to Li Fengbei, "president, there will be a meeting at 9:00 this morning; at 2:00 in the afternoon, the senior management of Gu's group will come to the company to study and visit; at 5:00 in the evening, they will follow..."

Beiqin report very hard, found that Li Fengbei did not listen to him, he took the mobile phone, for a moment, wring eyebrows, for a moment and Yang lips and smile.

He seldom saw the president like this, so he felt curious.

He grinned and asked, "president, is there anything funny?"

Li Fengbei put away his mobile phone, glanced at him and said coldly, "do you come to the company just for fun? Don't you want to get mixed up? "

"No!" The northern Qin Dynasty immediately put away his mind of gossip.

At this time, Li Fengbei's mobile phone rang, and it was the old lady who called.

"Grandma! Why did you call me so early, and didn't you go to Taiji with those old men this morning? "

When the old lady heard this, she was immediately dissatisfied. "What old man, it's rare for me to go to Taiji for your grandmother. It's like those old men, and it's also good for the old lady!"

"....." He really didn't mean anything else, OK? Just casually.

This old lady has such a big reaction. Does she like some old man who plays Tai Chi together?

The old lady is in a mood today, so she doesn't care about this smelly boy.

"Yesterday afternoon I went to the kindergarten to pick up Ann. Guess who I saw?" The old lady pretended to be mysterious.

Li Fengbei thought, "first love? How old are you

"You boy! Don't tease me, old woman The old lady smiled as like as two peas in her eyes. "I saw a little child in kindergarten yesterday, just like you were when you were little!"

"Is there such a thing?" Li Fengbei said with indifference.

what as like as two peas, he often sends Ann Ann to school, and he never sees anything like a boy who was exactly the same as when he was a child.

However, he has no specific impression of what he looked like when he was a child.

"Granny, are you too old to see things

Granny angrily said, "I can't read it wrong. How was your childhood? I still remember it clearly! It's a pity that the little boy disappeared as soon as he turned the corner. I wanted to look for him, but I didn't find him in the end. "

Li Fengbei always felt that there was something in grandma's words and frowned slightly. "Grandma, do you want to say that it's my son?"

Grandma voice a bright, "then you answer grandma, is it possible?"

Li Fengbei pinched his forehead and said helplessly: "it's impossible! I didn't touch another woman except that night five years ago! "

The old lady didn't give up. When she saw the little boy, she liked him very much. How could there be two people who were so similar in the world?

"Is it possible that you forgot when you fell asleep?"

Li Fengbei is funny and helpless: "grandma, how can you forget this kind of thing? Do you want to hold your great grandson? I'll give you one. There's no need to envy others, and there's no need to run after other people's children. I'm suspicious! "

"Well, well, that's what you said. Give me a fat great grandson!"

Then the old lady sighed heavily and said, "you! I'm in my thirties. I don't do things in a proper way. Do you want to annoy me with these frivolous news these days? Yesterday, Suman just cried to me. If you don't like Suman, I didn't force you to marry her! But grandson, a man should look like a man. You can take her home and show me what woman you like. Grandma will give you advice. But you can't change your mind today or tomorrow! "

The old lady is also worried. Before, there was no woman, which opened her mind. Today, tomorrow, those women, she went to investigate one by one, and none of them was reliable. I really don't know what he thought.

Li Fengbei takes his mobile phone far away and takes out his ear.

“Good! If there is a woman you like, you will take her home!”

The image of winjo came to mind.

“That’s all right. Next week is Grandma’s birthday. I don’t want to have a big party. You can bring Suman over then!”

“I see.”

Hang up the phone, Li Feng North lit a cigarette, smoke shrouded, his eyes become deep.

Winjo has a baby and has a problem with her baby grandson. Will grandma agree?

It seems that he has to take a long-term view on this matter. He can’t take her home rashly. He doesn’t want her to be wronged at all.
