The more Wen Qiao thought about it, the more flustered he was. His palms were sweating and his mind was wandering.

Li Fengbei frowned, pulled away Chenchen's little body, and walked towards Wenqiao. His eyes moved down and fell on Wenqiao's feet.

The originally white and delicate feet, because they ran all the way, were cut by the stones on the road, dirty, but you can see the blood oozing from the soles of the feet.

Slightly stunned, this woman Don't you know how to cherish yourself?

The brow is a little deeper.

"Hello Seeing her stupefied, she couldn't help poking her finger on winjo's head and said impatiently, "woman, what are you thinking? Did you hear what I said? "

"Ah? What did you just ask me? " Wenqiao looked back, still a little stunned.

Wen Qichen's impression of this man is not good at all. He is bullying Mommy again.

Fennen's face was full of anger. She broke away Li Fengbei's hand, opened her arms and stood in front of her mummy again. She puffed her cheeks and looked very fierce: "my mummy is married, of course, otherwise, where would I be?"

It turns out that Li Fengbei is still unwilling, or can't help asking this question. Does this woman have a husband!

Hearing Wen Qichen's reply, he seemed to have verified what he thought in his heart and became angry.

He did sleep a woman with a husband!

"Forget today, don't let me see you next time!"

He was worried that he would want to strangle her when he saw her!

Take back your eyes, wave your hand, nanny take An'an over, Li Feng take it from the north, and take the bodyguard away.

As Ann walked by Chenchen, she blinked and winked at Chenchen.

Just now, they exchanged their mobile phone numbers and wechat numbers, so they can video with my little brother when they get home.

She really likes this little brother. If it wasn't for daddy's insistence on her playing with him, she would like to take him home now.

Although Chen Chen hates Li Fengbei, he feels very kind to An'an, especially after they have been in trouble together just now, and their feelings are heating up rapidly.

He responded with a smile.

Ann giggled as she settled down, looking very happy.

Li Fengbei hears the laughter and glances at Wen Qichen. He laughs at his daughter. He is not good at all.

With a cold hum, he left without looking back.

“Cut! Virtue Wen Qiao pointed at the man’s tall figure and made a face.

Su yue’e saw that Li Feng had gone far to the north. She took a long breath and looked at Wen Qiao, frowning immediately.

Qiao Qiao is always conservative. How can he wear such a low collar?

The clothes are in a mess, not even the shoes

Looking up and down, his face turned white when he fell on the small words embroidered with white stitches on his chest.

Isn’t Meiyue bar the place where Xiaoya works?

Because of Xiaoya’s work in a bar, Xiaoya’s mother complains in front of her. How come her family, Qiao Qiao, also goes to work there?

All of a sudden, I couldn’t mention it: “Joe, tell mom honestly, where do you work these days?”

Wenqiao’s heart jumped and covered his chest with a guilty heart.

It’s over. I can’t hide my work in Meiyue!

Su yue’e looked at the confused morning and deeply gouged out Wen Qiao. In the face of the child, it was inconvenient to say something now, so she left in anger.

Wenqiao quickly took Chenchen’s hand and apologized, “Mom, I’m sorry!”

“Don’t say sorry! Go and resign for me at once

“Yes! Leave now, leave now Wen Qiao said with a smile while chasing Su yue’e.
