An an Jing Liang's Mou son also flashed a not too obvious resistance, chubby small hand is the neck of Li Feng North embrace more tightly.

Unfortunately, the adults didn't find this small change. They thought she was over dependent on her father.

Seeing that his daughter was so dependent on himself, Li Feng was happy and distressed. He gave a cold hum to Suman and walked towards the castle without looking back.

"....."

Suman gritted his teeth angrily. They ignored her again!

Looking at the back of the man holding the little girl away, the sight that she falls on An'an is vicious, which is not the eyes that a mother should have.

Housekeeper Li, who was not far away, looked at everything and shook his head.

Suman is worthy of being the queen of the entertainment industry. Acting is first-class, but not necessarily smart.

This delicate make-up, coupled with deliberate dressing, obviously focuses on adults rather than children.

Even this old man with dim eyes knows the truth, young master, who is so smart can't see it?

But when it comes to the affairs of the master's family, these servants don't have the right to gossip and take back their thoughts. Housekeeper Lin is just about to come forward, "young master, young lady, you've finally come back..."

"Housekeeper Lin!" But before he finished his words, he was stopped by Suman and reprimanded in an unhappy tone: "what are you doing here? Go and take out what I have prepared

She is like the master of a castle, who has long been despised by her servants.

But she is the young master's fiancée, maybe one day is the castle's hostess, can only endure.

Suman didn't know how the housekeeper's mood would be in Yilin. With that, he showed a sweet smile and quickly followed the pace of Li Fengbei, a very flattering gesture.

"Fengbei, Ann's favorite food is truffle chocolate ice cream. I just came back from filming in Italy and bought it for Ann!"

An an is a real eater. As soon as he heard something delicious, he immediately raised his ears, straightened up from Li Fengbei's arms, showed his hairy head, his eyes shining, and asked, "really? Do you have any ice cream

Li Fengbei knew what the baby daughter was thinking in her heart, and said displeased: "I have a stomachache after eating too much ice cream!"

Words fall, obviously feel the maid burst out a suppressed low smile.

The smile on Suman's face was stiff, and her fierce eyes swept towards the maid. A little maid dared to laugh at her!

Li Fengbei's words didn't give her face. It was obvious that he hit her face in public.

Five years!

In the past five years, she tried every means to please the father and daughter, but Li Fengbei still didn't like to see her!

Even if it's a stone, it's time to cover it. Isn't she beautiful enough? Not good enough for him?

No, she must work harder!

She tightened the bag in her hand. When necessary, she didn't mind doing it again, as she did five years ago.

Turning to a smile, a face gently said: "eat less, it's OK! It's a little girl's nature to love sweet food. Fengbei, you can't deprive An'an of her unique innocence

Smelling speech, an an looked at Li Fengbei eagerly, "Daddy, you let me have a bite!"

Looking at his daughter's praying eyes, Li Fengbei finally loosened his mouth and said with a smile, "then take a bite!"

"Yes! Thank you, Daddy Ann laughed happily, showing two rows of white teeth, and two small pear vortex, lovely and charming, "thank you, Mommy!"

Over the years, in order to please An'an, Suman has been looking for food and jewelry all over the world, just to create a good impression of mommy in front of Li Fengbei. Of course, it is also to create more opportunities to get along with Li Fengbei.
