

Passionate 27

To tell you the truth, she didn't expect that the girl would be pregnant once in those years. It's really enviable luck.

However, she is pregnant, which is great news for her.

Also thought Li Fengbei may not admit, after all, so once!

But I didn't expect that Li Fengbei was a brave man. After DNA comparison, he not only recognized An'an's identity, but also recognized her identity.

At that time, he would let her buy jewelry, bags and clothes as long as she liked.

She once indulged in his indulgence, almost thought that this man really liked her!

But then

The more time went by, the more she couldn't see through the man's mind.

He didn't talk about marrying her, which made her anxious. Fortunately, he didn't even have a female creature around him, so she relaxed a little.

Suman thought of this, a good mood to pick eyebrows.

Li Fengbei loves An'an so much. As long as she holds An'an firmly in her hand, he can't refuse to marry her!

The maid has gone to the kitchen refrigerator to get out the truffle chocolate ice cream.

It looks ordinary. In fact, a bite is equivalent to a bite of gold. The price is too high for ordinary people to imagine.

The maid looked at the small thing on the plate and sighed.

"I'll do it!" Suman took the tray from the maid.

Walking towards the father and daughter sitting on the sofa, her beautiful little face was full of smiles, and her voice was even more gentle like water, "An'an, come on! Have a taste

Said, personally picked up a spoon scooped a mouthful of chocolate into Ann's mouth.

An an opens mouth to take over, immediately big Mou a bright, a strength ground nods, ambiguously praises a way: "good times! Good time

"If it's delicious, have another bite!" The smile on Suman's face became deeper. He turned his eyes and sat down on the sofa, holding An'an from Li Fengbei's arms. "Feng Bei, I'll hold An'an!"

At this time, Li Fengbei's mobile phone rang. Seeing the name displayed above, his eyes narrowed.

He glanced at Ann's contented eating and said with a smile, "Ann, you play with mommy. There's something wrong with daddy now!"

“Go, go!” Ann blinks her eyes. With delicious food, Baba or something can not be used for the time being.

“Get busy! I’ll stay here with Ann tonight!” Suman said very virtuously.

Li Fengbei never deprives Suman of the right to be An’an’s mother. He knows more than anyone the importance of maternal love in the growth of a child.

Without saying anything more, he got up to pick up the phone and went to the study on the second floor, “what’s the matter?”

The person on the other end of the phone was obviously used to his cold way of speaking, and he didn’t care. He said happily, “Fengbei, I caught the person who drugged you last night. Guess who?”

Li Feng snorted coldly, “Oh! I’m not interested in guessing! Who is it?”

“Why, why don’t you have any fun? No wonder no woman likes you! I tell you, you can’t think of this person...” Make complaints about

Tucao, and then he was interrupted by impatience. “Bring people directly to the castle!”

No women like him? Oh!

With that, “pa” hung up the phone.

On the other end of the phone, Mu Junhao, the prince of Mu’s group, stares at the big peach blossom eyes, listens to the blind voice in the mobile phone, and wants to curse his mother.

What’s his name? Try not to please! act bitchy!

However, who told him that he always ran behind Li Fengbei’s buttocks, and he had a special worship for Li Fengbei.
