### Chapter 561

the second day.

Yabei's vacation is over and he goes to work in the cabinet.

Wenqiao personally selected his suit and tie, and put them on for him, then he reluctantly separated.

This is the first time that Yabei has entered the cabinet as a prince.

For the first time, those ministers with nostrils in the sky bowed their arrogant heads to him.

As a prince who was exiled from childhood, he took the crown prince's position in a few months.

The king's preference is one aspect, more is that we see his thunder means.

He seems to be a natural king, just sitting there, powerful deterrent can deter people, people dare not easily make mistakes.

Moreover, because of his ability to handle affairs, since he took office, the issue of financial reform, which even the king could not win, has been implemented step by step by North Asia with strong means.

Not everyone has this courage!

The so-called wind proud, probably said that this time is the North Asia bar!

But the more in such a moment, the more unexpected things can happen.

After all, all the good things are occupied by a man from North Asia, which is particularly eye-catching. Arthur is one of them.

Duke's palace.

When a large number of bodyguards with guns came into the Duke's mansion, Bernie was weeding the vegetable fields with his servants at the door.

"What are you doing?"

Looking at the fierce guards, the servants were scared into a group.

"Chief Bernie, what's going on? Why do so many people surround our prince's mansion?"

Bernie frowned and stood in front of the head guard. He asked in a cold voice, "chief guard, what are you doing? This is the prince's mansion. It's not a place anyone can enter."

"Manager Bernie, we also follow the orders of our superiors. Please don't embarrass us!"

"Search me! I can't let go of any corner. I'll catch anyone who is suspicious!"

Bernie stood in front of the guard, his eyes sharp and dignified, "who dares! This is the prince's mansion. Without the king's order, it's impossible to search!"

"Chief Bernie, I've offended you. It's your Majesty's order! You can't let go of a suspicious person, and you'll have to take Mrs. wenjo!"

"What's the matter with Mrs. wenjo?" Bernie asked in a loud voice? No one is allowed to enter. We'll wait for your highness to return to the palace!"

Wenqiao is a man on the top of his Highness's heart. He can't be easily captured.

The chief bodyguard, with a cold face, pushed Bernie away, and ordered in a cold voice: "search for me! Anyone who wants to stop it will disobey your Majesty's orders and arrest them all! "

"Don't mess around. Your highness will come back to show you!" Bernie was furious and threatened.

Two bodyguards came forward and pressed his arm. "Chief Bernie, this is the king's order!"

Because of the arrival of these people, the quiet Prince's mansion becomes noisy and chaotic.

Bernie secretly winked at the man beside him.

Aman understood and slipped away quietly.

On the sixth floor, aman pushed open the door of the bedroom. "Madam, hide quickly. Someone wants to catch you!"

"Catch me? Why did you arrest me? " Winjo is using her computer to organize her online store.

She put all the food in the fast food restaurant on the Internet for sale. Unexpectedly, the business was not bad.

Seeing that she was still fiddling with the website, aman anxiously pulled her forward and said, "madam, don't do it any more. Someone really wants to catch you!"

Ah man was so anxious that he took her to the door.

"Search carefully for me. Don't let go of a corner."

There was a sound of bodyguard searching outside the door. Aman's face changed again, and he quickly pushed Wenqiao into the closet of the cloakroom.

"Ma'am, you stay inside and don't come out, no matter what you hear."

Wenqiao said hastily, "what do you want to do, aman? These people want to catch me. I won't leave until they find me!"

"Don't talk, ma'am. Those people are coming in."

Aman pushed Wenqiao into the wardrobe and closed the door of the coat cabinet.

She took advantage of the situation and pulled a piece of Wenqiao's clothes from the closet and put it on her.

The bodyguard pushed the door in, looked at the expensive clothes on aman, grabbed her arm and asked viciously, "are you Mrs. Wenqiao?"

Ah man shivered with fear, but he bit his lip and said nothing.

"Get her!"

The bodyguard didn't see Wenqiao. He thought that aman was Wenqiao.

"Let me go! Let go of me

Aman struggled, but he never said his true identity.

Wenqiao covered his mouth, looked at the situation through the gap of the wardrobe, immediately opened the wardrobe and came out.

“What are you doing? I’m wenjo. Let go of the barbarians

The guard looked at Wenqiao and then at aman. Wen Qiao is bright and charming, elegant temperament, a pair of black and white eyes sentimental clear, compared with the appearance of ordinary aman, really more like a lady.

He immediately pushed aman aside, grabbed Wenqiao’s arm rudely and said, “go!”

“Madame! Why do you arrest our wife? ”

Ah man cried anxiously behind him.

Wenqiao went to the door and looked at the mess in the room. It was clear that she had been caught, but the other guards didn’t mean to stop. They were looking for something in the room.

“What are you doing?” he said in a cold voice? This is the Duke’s mansion. Are you not afraid of your Majesty’s reproach for doing so? ”

“You’d better take care of yourself first! This is your Majesty’s order

“What?” There was a flash of disbelief in wenjo’s mind.

How could your majesty have the Duke’s house searched? What does he want to search in the Duchess?

Wenjo was arrested without any reason, and the Duchess was in a panic, except for Jennie and Anne.

Jennie sat on the sofa in the hall, drinking slowly with a cup in her hand, comforting the servant.

“If you can work in the Duchess house, you must not know nothing. Don’t panic at the slightest thing. When your highness comes back, lady Wenchao will be back!”

Aman cried: “princess, please inform your highness as soon as possible, so that your highness can save your wife as soon as possible?”

“Alas.” Jennie sighed and said regretfully, “today is his Highness’s first time to take office in the cabinet since he became the crown prince. We can’t let such things bother him.”

“But...”

Annie sat beside Jennie, playing with her bright fingernails in a good mood, and scolded impatiently, “Why are you crying? It’s winjo, not you

It’s said that this man pretended to be Wenqiao when Wenqiao was arrested. He really didn’t know what to do.

Looking at Annie, aman muttered, “how can you say that, Princess an

Annie raised her eyebrows and said angrily, “do you know who you’re talking to? I think it’s winjo who has taught you badly! Come on, give me a good lesson to this Diao Nu, and let her have a good memory. Who is the master in this Duke’s mansion

“.....”

The servants all shut up, and no one dared to speak again.

Of course, no one moved aman.

Aman is the red man around Wenqiao. No one will offend Wenqiao at this time without eyes.

Annie saw that she was not moving. Her angry eyes could spray fire, and her fierce eyes swept the servants one by one.

“You are really against you. Don’t you pay attention to me?”

“.....”

Annie laughed angrily: “good! I’ll let you see if Annie is a bully! Today I must teach this slave myself

“Side imperial concubine...” Aman stepped back in fear.

Annie pushed forward step by step and slapped aman heavily in the face.

Five bright red fingerprints appeared on aman’s face.

Aman covered his hot face and bit his lips to stop him from crying or begging for mercy. His big black and white eyes looked at Annie stubbornly.

Annie was mad and said, “you bitch, how dare you stare at me? Look, I won’t dig your eyes! ”

Then she got a pair of scissors and grabbed aman.

Bernie came from the door, and when he saw this scene, his heart jumped, “Princess an, please stop! What are you doing? “

“Oh, another one! Somebody, get Bernie for me! ”

Annie yelled at the guard at the door.

But no one started, one by one, looking at all this without expression.

I'm afraid the woman's brain is broken. Bernie is his Highness's most proud subordinate and his Highness's right arm.

It's not easy to hear. Even if she is a side concubine, she has to give way to Bernie. I hope Bernie can say a few good words in front of his highness.

She is here to die hard, really all the intelligence is used to grow that beautiful skin bag.

Bernie shook his head, too.

Just then, a cold voice came from the door, “noisy, what are you doing?”

Jennie put down her tea cup and walked towards Yabei.

She snatched the household shoes from the maid and changed them for Yabei in person.

“Your Highness, you are back at last!”

Yabei frowned slightly and avoided her fingers. “Just let her come. You are a princess, and a princess will look like a princess.”

He is not used to the touch of strange women.

Jennie's hand was so stiff that she could hardly keep the smile on her face.

“Your Highness, I am your wife...”

“Let her come!” Yabei’s face was cold again.

“Yes

Jeanne was stunned and handed the shoes to the maid again.

He lost his face and kept a stiff smile on his face. Hui reported: “Your Highness, many bodyguards have just come and captured sister Wenqiao!”

Yabei didn’t know about the capture of Wenqiao.

Smell speech, the whole body is ruthless, the vision of evil sweeps toward Bernie, “this is how to return a responsibility?”

Bernie came forward in a cold sweat and said, “Your Highness, I just went to inquire about the reason. I said that Mrs. Wenchao had no permission to sell illegal products on the Internet.”

“How long?” Yabei gritted his teeth, clenched his fists, and the blue tendons on the back of his hands burst out.

“About two hours ago!”

Bernie said, and Abel turned and walked out the door.

Bernie quickly followed, “Your Highness, wait for me.”

As soon as Ankita came out of the cabinet, he met the fierce North Asia.

Grabbing Ankita by the collar, he gritted his teeth and asked, "why did you take venjo?"

He knows the online shop she opened.

Such a small thing will not be successful at all, and she is not unregistered, she has a facade.

Just for such a little thing, to capture his wife, he simply did not pay attention to his royal highness.

Ankita pushed away Yabei's hand and patted the dust that didn't exist on his clothes.

He said with a smile, "I don't know what your highness is talking about? Although I am in charge of the Ministry of punishment, not everything needs to be reported to me. Another point is that the Ministry of punishment takes prisoners regardless of civilians and nobles. "

Ankita's words are obviously a complete shift of his responsibilities.

Yabei gritted his teeth, his ice blue eyes were breathtaking, "don't pretend to me, let Joe go!"

Ankita's subconscious mind was tight. She looked at her colleagues and then relaxed.

"Oh, your highness, I'm afraid there's nothing I can do about it, because it's not something I can decide!"

Ankita patted Abel on the shoulder and said defiantly, "this is an order from your majesty."

Yabei clenched his fist.

Is this an order from my father?

Did the emperor still not accept Joe from his heart?

Wenjo had fallen into the hands of such a wretch as Ankita, and he did not know what he would suffer.

Ankita said with an arrogant smile, "Your Highness, this is an order from your majesty. If you have any questions, you can ask your Majesty in person."

"....."

When Yabei came to the Moon Palace, Arthur was also there.

"Father." North Asia salutes.

The king said clearly, "are you here to plead with Wenqiao?"

"Yes, she didn't do those things at all. Her shop is legal."

"This matter is reported by se'er. If there is any injustice, you two should confront each other."

Yabei looked at Arthur, and his face sank. "Sixth brother, I want to ask why you want to report Wenqiao?"

Arthur was not in a hurry and said: "third brother, according to the regulations of our country, we can't sell products on the Internet without the permission of physical stores. If we violate them, we will bear the corresponding punishment. Am I right about that? "

Yabei growled, "she didn't break the law!"

"Is it?"

Arthur hooked his lips and laughed confidently. "The shop is next to the entrance of the first floor of moon square. The business is pretty good! But this store is not run by her, but by Anthony. As for the things sold on the Internet, they are all sent out from the Duke's mansion." Arthur said this, pausing for a moment, looking at Abei with a puzzled look on his face. "Isn't it true that these things are not made by winjo, but by you?"

Yabei's dark pupil flashed a chill.

How could he know such a thing?

Admittedly, the shop is opened in the name of Anthony, but the online shop is really run by Wenqiao.

Arthur added: "the prince is guilty of the same crime as the common people. Although Wenqiao is your wife, there is no exception. If everyone is an exception, how can this country be managed? Father, is that right?"

The king nodded and looked coldly at Yabei. "Thor is right. It can't be very kind just because Wenqiao is your wife."

It's true that what Arthur said was true.

But what about that? There should be some procedures in the store!

Yabei argued: "father, there is a license for online sales. What needs to be registered is Anthony's name, but there is no problem with online sales."

"Third brother, this is your fault. If you think like this, then there will be chaos in the market. Everyone can freely register other people's trademarks on the Internet and sell products."

The handsome face with a clear angle of the North wheel of Asia was tinged with a trace of anger.

"What you said is clearly taken out of context. Wenqiao and Anthony cooperate. They just register in the name of Anthony. Wenqiao still operates after the event."

Arthur's eyes flashed slightly and looked at Yabei with a smile. He asked, "third brother, then I'll ask you why it's so troublesome to register Anthony's name instead of Wenqiao's name?"

Yabei's heart suddenly jumped, and the Falcon's general line of sight looked at Arthur. The cold line of sight had a kind of magic of insight into people's heart.

It seems that he has always underestimated the strength of this little brother.

Arthur raised his head and made a big salute to the king. Then his voice was sonorous and powerful.

"Father, Wenqiao's origin is unknown. He's not from Shiluo at all!"

"What?" The king narrowed his eyes dangerously. "Is this true or false? Where is the evidence?"

"This is the evidence!" Arthur gives a document bag and hands to the king.

In the document bag, there are all the information about Wen Qiao when he was in Ningguo.

Abel can investigate, and he can do the same.

Looking at the photos on the document, the king's face became more and more heavy..

It turns out that Yabei and Wenqiao have been married for a long time, and they also have a pair of children. The ones that Lanfeng reported to him before are all fake.

LAN Feng How dare he cheat him!

In order to cut off all the back roads of Yabei, he clearly ordered Lanfeng to get rid of the women and children around Yabei.

This woman is Wen Qiao, which means LAN Feng didn't start at all!

Yabei's always expressionless face finally appeared a little flustered and knelt down in a hurry.

"Father, venjo is my wife! Before that, I didn't know my identity at all, let alone the regulations of the state of Liluo!

You can't use the rules of the kingdom of Lilo on winjo. It's very unfair to her

"....."

The king is silent, his eyes are dark, and his expression is indescribable.

It's also like the precursor of a storm, with too many emotions that people can't understand.

Arthur saw that the king was not angry immediately, and his heart was not good, so he knelt down in front of the king.

"Father, our country is rich in resources. If we let people with ulterior motives outside know about our place, then life in our country will be ruined and wars will continue."

Yabei glared at Arthur and asked, "father, although our country is rich in resources, other countries also have their advantages. We can't be closed for a long time."

Arthur sneered, "third brother, you are joking about the lives of the whole people in the kingdom of Shiluo! Even the common people. You know that our royal family's blood is special. In case of war, it will bring us countless sufferings! "

"This kind of thing can be solved! We can certainly overcome these difficulties! "

“It’s easy for you to say! How many years has it been? If it could be solved, it would have been solved long ago. How could it be now? ”

“You

The two brothers quarreled in front of the king.

The king slapped the table heavily and roared, “shut up

“.....”

“.....”

The king narrowed his eyes and looked at the two sons kneeling in front of him.

Chapter 563

Arthur is right. The royal family has a special blood line. We can’t be soft hearted about this.

The feeling of living on a cliff is not good.

How can things that can’t be solved in one day and one night be solved by how many generations of Kings spend so much manpower and material resources?

“Thor is right. We must not let outsiders enter the kingdom of Liluo. If there is a war, it will bring disaster to our royal family!”

Yabei raised his eyes and looked at the king with a calm face, “father, if you want to kill Wenqiao, then even me!”

“You The king was so angry that his chest heaved violently. His fingers were shaking when he pointed to Yabei, “you are so promising! For the sake of that woman, I’ve given in again and again. Even if you change Jennie into winjo at the wedding, I’ve put up with it. You even threaten me for winjo? ”

Yabei clenched his tight palm and solemnly said: “father! Wenjo is my wife in Abel

“Good! Good The king laughed angrily, “you even disdain the position of the prince. If you want to die with that woman, I will help you!”

“Come on, put the prince in jail!”

Arthur eyebrow tail a pick, in the heart of the proud how all can’t suppress.

I thought that Yabei was so capable that he even ignored his own life for the sake of a woman. It was really stupid.

As soon as the words fell, a loud voice came to mind outside the door, “wait a minute! Your majesty, it’s my duty, it’s none of winjo’s business

The people in the room looked at the door in unison.

Anthony strode forward, kneeling in front of the king, “Your Majesty, please let go of Wenqiao, I will give you an account of this matter!”

The king’s face was majestic and furious. “Anthony, if you don’t know the actual situation and are hoodwinked, you won’t be convicted. If you plead for this woman again, I can only do business!”

Anthony said frankly: “this is really what I did! I encouraged Wenqiao to open an online store for me. In fact, I own both of these stores. It has nothing to do with Wenqiao! ”

Anthony heard the news that Wenqiao was put in prison for selling on the Internet, but he didn't know that Arthur already knew Wenqiao's identity.

Yabei saw that Anthony rashly appeared here, and twisted his eyebrows into a Sichuan character. He said in a cold voice, "who asked you to come here, go now."

Some time ago, winjo told him the whole process of her coming here.

Wenqiao can smoothly come to Lilo, and return to his side, with Anthony's help is inseparable.

If not for Anthony, wenjo and he may not be able to get together now.

He finally understood that Wenqiao was grateful to Anthony, and he didn't want to owe him any more.

The king put his hands on the table and said in a deep voice, "Anthony, you brought Wenqiao back. Do you know she's not from Lilo? Do you know what crime it is to bring foreigners back to China without permission? Since all of you have to plead for that girl, all of you should be locked up. There are many of you!"

"....."

Anthony looked to North Asia in amazement.

Didn't they talk about opening a shop? How

Is that a trap?

Yabei receives Anthony's sight and puts up a middle finger in his heart.

Idiot, what things are not clear, rashly come to intercede, the result put himself in.

At that time, Wenqiao knew that he had been involved, and he had to blame himself in his heart.

This guy was upset in the first place, right?

How could he let that happen?

Yabei pleaded: "father, Antony doesn't know anything about it. It has nothing to do with him."

The king pondered, looked at Anthony, and felt a headache. "Anthony, I'll give you another chance. You answer me honestly, did you take Wenqiao back to Lilo?"

Anthony admitted, "it's your majesty, and I did bring winjo into the kingdom of quinoa."

Yabei gouged out Anthony and gritted his teeth, hoping to strangle the man.

The king waved his hand impatiently, "in this case, we'll put them in jail together! Let's all step back. I'm going to have a rest."

With that, your majesty, with Bill's help, walked towards the bedroom.

When Yabei passed by Anthony, he couldn't bear to raise his foot and kick it on Anthony's ass.

"No brains!"

"Ah Anthony did not expect North Asia will suddenly hit him, a instability, fell forward a dog gnawing mud.

He got up and wrung his fists to fight with Yabei.

“Yabei, don’t be too arrogant Ah

“Be honest!”

Anthony just want to start, was the guard clamp arm, angry Anthony lung is about to explode.

“Let me go, let me go! I’ll kill him

“Young master an, please pay attention to your words. Insulting the royal family is a more serious crime!”Anthony, “...”

How angry!

Abel gives Anthony an idiot look again.

Now, they’re both locked up. Who’s going to save winjo?

.....

The news that Yabei was arrested in prison soon spread to the Duke’s mansion.

Even Bernie was in a deep panic.

“What is to be done?” Jennie’s face turned pale and her teeth clenched her lips.

She just wanted to put winjo in jail, but even her highness was threatened.

“Manager Bernie, I’ll ask my father first. What’s the reason for your Highness’s arrest?”

She just told Arthur the news of Wenqiao's private sale. According to the truth, it's not a big crime. It's just that Wenqiao suffered for a period of time in the cell. How can it be such a result?

If Yabei falls, it will not do her any good.

She must let her father take the lead in this matter. Today she will save her Highness from danger, and in the future she will let her highness remember her kindness.

Jennie made up her mind and went back to Yade's house immediately.

Annie, however, almost vomited blood when she heard that Yabei and her brother pleaded for Wenqiao and put herself in prison.

Your highness to Wen Qiao even if, elder brother this is how to return a responsibility? What are you mixing?

Annie also came out of the Duke's house and went back to an's residence.

As soon as he saw Ankita, he complained, "father, what's the matter with my brother? Why does he want to help that wenjo?"

Speaking of this, Ankita is also full of anger.

He has said many times that Antony should not go too close to North Asia, but now he has tied himself to North Asia.

Son, daughter All of them had to come to him. What did he do to Ankita?

"You are so happy to come back! What did I teach you before? We should support our elder sister. She is the lucky star for us to settle down! You just don't listen. Your elder sister is very angry now. No one can help you this time! "

Ankita said.

Annie cried wrongly. "I just want to make Wenqiao suffer in prison. How can I know that both his highness and his brother pleaded with her and angered his majesty?"

"My silly daughter, you don't really think that just selling such small things will lock up a prince, do you?"

"What's that for?"

"Wenqiao is not from our country of Liluo. She was the wife of Abei when she was exiled in Ningguo before."

"What?"

Hearing the words, Annie's face suddenly changed, and it was like overturning a five color plate.

Wenqiao is his Highness's wife when he was in exile!

Far away, a weak woman, alone, thousands of miles to find a husband.

Your highness, no wonder she was so protected?

Annie began to worry. She didn't dare look down upon wenjo any more.

"Father, what shall we do now? Wenjo must not live

In Ankita's yellow eyes, there was a flash of dangerous cold light.

“Don’t worry, this woman not only blocked your way, but also made your brother risk again and again. I will never let her out of the prison alive again.”

## Chapter 564

Wenjo put on his prison uniform and shrunk in a corner of the cell.

The only window of the prison, the big window of the bowl, casts light from outside.

Outside the window it was still day, but inside the cell it was as gloomy as if it was going to get dark.

“It’s dinner! It’s dinner!”

The prison head threw a bucket of rice and several steamed buns on the ground.

The female prisoners in the prison, their eyes lit up when they saw the food, immediately rushed up to grab it.

Wenjo had not eaten all day. He was so hungry that his chest was close to his back. He followed the crowd.

When it was her turn, there was the last bun left.

The white and soft steamed buns were directly thrown on the dirty ground. After rolling on the ground for several times, they were stained with a circle of black stains.

Wenqiao quickly picked it up and wiped it on his body. Just as he wanted to put it into his mouth, he was snatched by a hand.

Looking at the tall woman in front of her, Wenqiao was biting the steamed buns she had snatched from her hand, and said, "this is my steamed buns."

"Well, whoever eats will have it."

As she spoke, the woman went to her bunk, not taking wenjo seriously at all.

Wenjo took a deep breath.

So many people eat a small bucket of white rice, plus a few steamed buns, we simply do not have enough to eat, really poor.

Wenqiao went back to bed hungry and closed his eyes. He was a sheep in his heart. He wanted to force himself to sleep. After he fell asleep, he would not feel hungry again.

"One sheep, two sheep, three sheep A thousand sheep... "

The sound of owls outside the window is creepy.

Wenjo had been lying for a long time and couldn't sleep. She was so hungry.

She had a bad stomach. If she didn't eat or drink for a day, her stomach began to cramp, and her brain became dizzy and uncomfortable.

Subconsciously grasp the thin quilt, the whole person are retracted into the quilt.

Ear, suddenly came a fierce voice, "give me the quilt!"

Wenqiao feel a cold, only a thin quilt, was robbed.

Wenqiao was stunned for a moment. The next second he got up to grab it. "This is my quilt. Give it back to me!"

She can bear to take her food away, but the quilt can't be taken away.

There is a great temperature difference between day and night in Liluo. It's more than 20 degrees in the daytime, but it may be several degrees at night. She will freeze to death without a quilt.

Woman a pair of elder sister head appearance, ruffian ruffian, looked back at a glance, "who see this is her quilt?"

Several women stood behind the elder sister's head, laughing and looking at Wenqiao, "this is our elder sister's quilt, who has seen your quilt."

These women are in the same group and usually like to bully new people.

Wenqiao clenched his teeth, clenched his fist angrily, and threatened, "give me back my quilt! There are cameras in this room. If I tell the prison about this, you will be punished. "

The elder sister was stunned for a moment, then pretended to be afraid to cover her mouth, "Yo, I'm so afraid! If you want to do that, you can do it! "

"Ha ha!" The other women laughed straight up and down.

Wenqiao for a while inexplicable, disbelief to ring the side of the alarm bell.

After a while, the prison head came with a shock wand.

As he walked, he looked fierce. The electric stick knocked heavily on the iron fence and made a dull sound.

The noisy cell quieted down in an instant.

The elder sister saw the prison head, and just now she looked like a ruffian. She immediately became as docile as a cat. Instead, she took a rake and complained, "brother Li, this woman robbed me of my quilt."

Wen Qiao was so angry that he gritted his teeth. He had never seen such a brazen woman before. "It's clear that you robbed my quilt!"

He stepped forward to Betty, pointed to his empty bed, and said: "there is nothing on my bed. You have occupied all the space. Anyone with eyes knows who robbed whose quilt."

Prison head is a big bellied middle-aged man named Li Kun, who was originally obscene. When he saw Wen Qiao's small face, a pair of muddy eyes burst out a salivating light.

"Don't worry, if someone really bullies you, I will protect you!"

Betty looked in Likun's eyes, gritted her teeth with hatred, and almost came forward to tear up Wenqiao.

He turned his lips and said, "brother Li, what are you talking about? How can I rob her quilt? She is the wife of the prince. How noble is her status? How dare we bully her? "

It turns out that she is the concubine of the prince.

Liqunton narrowed his eyes and looked up and down at winjo.

Even if the broad prison uniform is worn on her body, it can't hide her concave and convex body, more natural temperament, both pure and charming. She is really a natural beauty.

The point is that this woman is still the woman of his Highness the prince. The woman of his Highness the prince must have a good taste!

The greed in Li Kun's eyes became undisguised.

Wenqiao, however, had been specially told that the woman who wanted to be well treated would not play as much as she wanted?

He stiffened his face and said, "you! Come out with me

There was a touch of sullen in Wenqiao's beautiful little face.

Standing there did not move, a pair of big black and white eyes looked at Li Kun stubbornly, "I did not!"

"Come out! I'll let you out!" Likun got angry and took Wenqiao's hand.

It was like winjo was touched by something disgusting and waved away. "Don't touch me. I won't go out with you!"

"Can't you get out? Don't force me to use force. It's a pity if I spend so much money on such a beautiful face!"

Likun lifted winjo's chin with a stun stick.

"I'm not going to go out with you," he said, gritting his teeth

The man looked at her eyes, full of strong desire, let her heart scared.

“It seems that you are toasting instead of drinking!” Li Kun opened the shock wand in his hand and hit Wenqiao on the back with a stick.

“Um ~”

Wen Qiao snorted and gritted her teeth in pain, but she just grabbed the iron handrail and glared at Kun with her eyes.

“How dare you stare at me? I want you to stare at me

Li Kun was enraged, raised his arm and tried to hit Wenqiao again. Suddenly, there was an urgent alarm at the door.

Something’s wrong! Someone broke into the prison!

Li Kun was surprised, took back the shock wand and broke a mouthful at Wen Qiao. “I’ll let you go this time. I’ll deal with you later!”

After the warning, Li Kun couldn’t wait to leave.

As soon as Li Kun left, the women began to laugh again. They were even more proud than before.

“Don’t you know that brother Liqun is our elder sister’s minister under the skirt?”

Betty’s face flashed a little smug, “hum! Kungo is my man

Wenqiao’s back was so hot that he didn’t listen to the ridicule of these women.

When Betty saw that she had no expression, her pride turned to anger.

The vision falls on her small face that is as white as jade, eyes flash a cold light.

Li Kun's eyes were shining just now.

This fox! When she scratched her face, see how arrogant she is!

"Sisters, this little bitch is domineering here because she is the wife of his Highness the prince. Please greet her and teach her how to be a human being!"

Wen Qiao is surprised, still can't make a reaction, a few women are mad to rush toward her.

Someone grabbed her hair, someone pulled her clothes, kicking her, laughing and swearing at the same time.

"Why don't you fight back?"

"I want you to stare at me! Are you waiting for your highness to save you

"Woman, I didn't say you, you are too stupid! To tell you the truth, his Highness the prince and his two concubines are free and happy. They have forgotten all about you for a long time! "

Wenjo crouched on the ground with her head in her arms, clenched her teeth, and kept from breathing out.

She said in her heart, there must be something delayed in Yabei, he will not leave himself!

Maybe she was tired of fighting, or she didn't want to fight like this. After kicking her in the stomach, Betty yawned and went back to her bunk.

"It's so boring. I can't even resist like a dead pig! Sisters, go to bed early, and get up early to work tomorrow! "

“Bah! The man who seduces the elder sister will let you go today, and we will continue to play slowly tomorrow! One day I’ll kill you

The women spat at her and went back to their bunks.

Wenqiao covered his stomach with a cold sweat on his forehead.

My stomach hurts like a sharp knife in my stomach!

Chapter 565

I feel like something’s coming out of my body.

She reached out and touched it with a bloody hand.

Winjo’s brain is blank. How can he bleed so much?

Suddenly, a white light flashed by, and I felt that there was something important in my mind.

Her physiological period should have been a week ago, the night she married Yabei

She thought it was a safe period and she would not be pregnant. After all, she and Yabei had been pregnant many times before.

So she didn’t care about it at all.

Is She’s pregnant?

She looked at the blood in her hands, and the fear in her heart came to her.

She has his baby in her stomach! She's pregnant!

But She's going to lose her baby!

What to do? What should we do now?

She suddenly got up, regardless of the pain, excitedly rang the alarm, "help! help! Help me

The sharp sound of the alarm bell wakes the women who have just fallen asleep.

"What's the noise? Do you want to be beaten up again? "

Betty got up so angry that she lifted the quilt.

When he saw the long blood stain under winjo's body, he stared in horror, "you What's the matter with you? "

She's not pregnant, is she?

If Wen Qiao is pregnant with his Royal Highness's child, then this child is the Golden branch and jade leaf

"Help me, help my child!"

Wenjo asked weakly, clutching Betty's trousers.

Raised the small face, white as a piece of paper, blood color all faded down, even the lips are pale.

Other women were stunned by the scene.

This is the emperor's son and grandson. If they are really lost by the emperor's son and grandson, then they don't want to live any more.

Killing Wenqiao and killing Wenqiao's baby are two different things.

In the kingdom of Liluo, women have no status, but the royal family is indeed the most noble existence in the world.

One of them was timid. He stepped back several steps and hid behind Betty. He said, "it's not me who hit you, it's you who accidentally fell down, it's not me..."

Betty regained her composure after a brief panic.

She kicked Wenqiao away, her eyes flashed a bit fierce, "sisters, don't be afraid! At this point, we can only take her..."

Betty raised her hand and made a gesture to wipe her neck.

"Sister, this..."

"What are you afraid of? Someone will kill her anyway!"

Betty squatted in front of winjo, grabbed her by the neck and said grimly, "winjo, who told you to offend that one! It's good to avoid suffering any more. Anyway, I'm going to die. I'll send you directly to hell!"

"Let me go, let me go!"

Wenjo struggled, fingers clasping Betty's hand.

But her strength is not Betty's match at all.

"Cough, cough!"

In front of her eyes, her face turned red due to lack of oxygen, and she fainted in the next second.

Before fainting, she felt like she was in a strange embrace.

The crowd looked at the man in black who didn't know when he appeared in front of them, and retreated to the wall in horror, "who are you? This is a prison. How dare you break into it

Betty reached for the alarm.

The dark pupil of the man in black narrowed, and the empty hand took out a short pistol.

"Bang!" With a loud noise, Betty's wrist was pierced and dropped limply.

"Ah! Kill! Help Well... "

.....

Pull the Moon Palace, a black figure sharp turn over, sneak into the bedroom.

The black bag in his hand was thrown into the yard. At the same time, a bloody note was inserted on the door with a dagger.

"Get the assassin!" When the bodyguard heard the movement here, they swarmed in.

Someone opened the black sack and showed a few slender hands, which were women's hands.

Rao is a well-trained bodyguard who is used to the storm. He was also surprised to see this scene.

With a smile, the man in black turned over and walked where he came from, leisurely and comfortable.

"Don't let her run, chase!"

The guard took out his pistol and ran after the figure.

The sound of "bang bang" rang through the whole dormitory.

The King opened the door and picked up the bloody note on it.

The words on the note made him stiff, and then there was a burst of ecstasy.

It's her! It's her!

"Stop it! No shooting! No one is allowed to shoot! Get her

The king Dynasty wears bodyguard to excitedly roar a way.

Wrinkled eyes, stained with a touch of joy, and even a closer look, actually red eyes. People don't understand why the king suddenly became so excited. In this stupefied Kung Fu, the man in black has disappeared.

"TYA, you're finally willing to show up!"

Jun Dynasty shouts in the direction of the disappearance of the man in black, but the answer is silence.

“Sir Your majesty, the assassin has run away. Are you still chasing him?” The bodyguard asked for instructions.

“Can you catch it?”

Yaheng laughed at himself, and then he began to smile helplessly.

She didn’t even want to see herself. He had to work so hard to force her out.

This woman is so cruel. He thought She didn’t even want her son. It turned out that she still wanted her son. Didn’t she show her face?

What he did is worth it!

.....

“Cuckoo! Cuckoo! Cuckoo

Cuckoos in the forest, day and night, tirelessly open their voices.

Wenqiao was woken up by the song of birds. When he opened his eyes, it was the white wall. There was a pungent smell of disinfectant from his nose.

She raised her hand and touched her neck.

The tingling of her neck reminds me of what happened before. Wasn’t she strangled by Betty? Why are you lying here again?

Where is this?

She struggled to get up, but found that she was as heavy as a kilo, and it was difficult to lift a finger.

George opened the door and saw that Wenqiao was trying to struggle to get up. He was so scared that he almost knocked over his new porridge.

“What are you doing? Don’t you know where you are? If we don’t know what’s going on, we’ll move around!”

Wenqiao was scolded by George, the whole person was ignorant, but it was good to see George.

“Godfather, why are you here? Where is this?”

The thought of being strangled by Betty’s neck was frightening.

George suddenly said with a straight face, “who is your godfather? I am the king of hell.”

“Ah?” Wen Qiao Leng for a while, suddenly cried, “no wonder I feel particularly untrue, so I am really dead ah!”

“.....”

Ten thousand crows flew over George’s head, followed by a series of black spots.

How can this girl be so easy to cheat!

“That, I’m joking with you. Why are you crying?” she said with a smile

“.....”

Wenqiao was stunned. He looked at George with tears and wiped his tears. "Godfather, are you still in the mood to make fun of me?"

She was dying of grief.

George embarrassed way: "cough, that is not the atmosphere is too stiff, want to liven up the atmosphere!"

Liven up the atmosphere

Wenjo can't laugh or cry!

She really thought she was dead just now. She thought that she would never see her relatives again, Yabei, An'an and Chenchen. She was very sad to die.

But Children

Her face suddenly changed and her fingers trembled on her stomach. "Godfather, am I..."

Wenqiao covered his shriveled stomach, and his calm mood became excited again.

"My child, is my child gone?"

"Bah, bah, bah!" George said fiercely: "what a mess, with a godfather in, can the child do anything? My nephew is fine. If he talks nonsense again, I'll beat you up!"

"....." Wenqiao immediately stopped crying, blinked his tearful eyes, grinned and cried like a fool.

"The child is still there, really?" She asked incredulously.

“Tut!” George bent his finger and flicked it heavily on her forehead. “If you talk nonsense again and curse my nephew, I really hit you!”

“It hurts! Godfather, I’m still a sick man. How can you do it?”

Wenqiao covered his head and complained discontentedly.

“Hum!” George said, “it’s nothing to have a godfather here, but you have to be careful. Godfather saved my nephew with a lot of effort. If you are so surprised, you’ll have to make an accident!”

Smell speech, Wen Qiao lie down of movement all become cautiously.

Chapter 566

It’s still a bit of fear when I think about it now. She was really impulsive just now.

Wenqiao carefully asked: “godfather, I just sat up, should be ok?”

George looked at the appearance of her bag, no good airway: “how about your own body, you do not feel it?”

“.....”

Wenqiao fingers gently on the abdomen, the abdomen is no longer the kind of colic before the feeling, quite comfortable, do not feel a bit strange, this is completely down.

“Godfather, how did I get here?”

George took the bowl, scooped it up, blew it, and it was not so hot. Then he sent it to Wenqiao’s mouth. “Come on, open your mouth.”

“Godfather, have you seen your highness? Did he send me here?”

As soon as she woke up, many questions haunted her.

George’s eyes flashed slightly and said, “drink the porridge first. Now nothing is as big as your health and your baby in your stomach!”

“.....” Wenjo opened his mouth obediently.

Godfather is right. Now the most important thing is the child. It’s useless for her to worry here.

Until Wenqiao finished eating a bowl of porridge, the bottom of the bowl was clean, George said: “he was cut off the crown prince, and put in prison.”

Winjo stopped and said, “don’t you mean I sell things on the Internet? Why is it so serious? ”

Recalling what the guards were looking for when she was arrested, she felt that some important information had been ignored by them.

George frowned slightly. “Don’t you know?”

“What? What do I want to know? ”

George said in a heavy voice, “Your Majesty knows about you and Abei, and that you are not from Lilo.”

“What?” Wenjo’s heart beat violently.

Her identity exposed?

The day she was most afraid of finally came!

“I’m going to save your highness. I can’t leave him alone!”

She couldn’t calm down any more. She turned over and was held down by George again! How can you save him? ”

“Yes Wenqiao suddenly thought of a question, “since your highness didn’t save me, why am I here? My highness didn’t send me here. Who saved me? ”

“This is the backyard of Lianshan. Those people don’t think of it. You live here at ease.”

“Lianshan? What time is it? What day? ”

“You’ve been in a coma for three days and nights, and I don’t know who left you at my door.”

“.....”

“Tell Godfather what happened? How could it be like this? ”

George thought of winjo, who was covered with blood, and gnashed his teeth with hatred.

Wenqiao tried to recall what happened in the cell that day. Her eyes narrowed slightly. “I vaguely remember that when I was about to be strangled by Betty, I smelled a strange smell. Before I fainted, I fell into a embrace full of grass fragrance, and then I didn’t know anything.”

The smell of grass The smell of grass seems to have been heard somewhere

Where is it?

Damn, I just can't remember!

"Who risked so much to save me? Why did you save me and not let us know?"

Wenjo couldn't figure out the crux of the problem.

I feel that there is a pair of eyes behind them, staring at their every move in the dark.

If this man is the enemy of North Asia, it's bad.

Smell speech, George equally doubts ground wring eyebrow heart.

"During the three days when you were in a coma, I dragged people to inquire about what happened these days. I heard that the people in the same cell with you, together with the head of the cell, were all dumb. They broke the tendons of their hands and feet, and cut off one hand. No one was spared."

Wenqiao could not help shivering all over, muttering: "such a cruel practice, why is this?"

Is it to blow her out?

It's kind of like that

No, no, Yabei is in prison. It can't be him!

I hope that such a powerful man can come and go freely in prison is not his Highness's opponent.

If you save her, what's the plot?

After all, she is one with her highness now. She has escaped from prison now, so

No, she's gone. Your highness must be in trouble now.

"Godfather, I'm going down the mountain! I can't run away

George said helplessly, "are you going to go down the mountain now? You're pregnant. Do you still want to fall into the hands of those people? "

"....." Wenjo was silent.

Yeah, she's pregnant now, so she has to think about her baby.

All that happened in the prison, now as long as you think about it, you are still afraid. It's obvious that someone is going to kill her.

One side is Yabei, the other side is children

At this time, she can't take any more risks, she can't let the children have something to do!

Wenqiao hesitated and said, "what should I do now? If they can't find me, they will have reason to trouble their highness! "

"....." George stroked his beard and said in a deep voice, "you don't want to go anywhere. Just stay in Lianshan to recover. I'll go down the mountain myself and ask about something!"

"Godfather, be careful and be safe."

"Don't worry! I'm an old man. No one will notice. I'll be back before sunset. Take care of yourself

When he got to the door, George said, “and don’t go out of this room. There’s a mechanism outside. No one can come in here.”

Wenqiao was moved. “I see. Be careful yourself.”

When George went out, wenjo was alone at home waiting for news of George.

As the sun was about to set, Wenqiao was more and more worried.

From time to time he looked at the door, and George didn’t come home until the next day was bright.

Winjo stayed up all night and looked tired.

“Godfather, why did you come back at this time? Are you ok? ”

“It’s OK. I was targeted by some flies yesterday. In order to get rid of those flies, I didn’t dare to go back to Lianshan until night.”

Winjo was relieved. “As long as you’re OK!”

“Girl, I’ve found out.”

George said excitedly: “it’s said that the mysterious man who saved you left the hands of those who bullied you in your Majesty’s bedroom. The king was so scared that he couldn’t get sick. It’s said that he was very ill. I don’t think he has the energy to take care of your affairs during this period of time.”

“.....”

Wen Qiao’s delicate eyebrows frowned slightly. The more he listened, the more wrong he was.

This move of the mysterious man is obviously a provocation to the majesty of the king.

She had seen a king before. He was definitely not the kind of person who was haggard and would swallow his breath. On the contrary, he was always strong and hesitant.

“Godfather, I feel something is wrong. Your majesty is definitely not such a person! Even if he is really ill, he will never let this kind of information out

George nodded in agreement, stroked his beard, pondered for a while, and said, “there must be deceit in this matter. The king’s mind is really hard to guess.”

“Godfather, I want to go down the mountain.” Asked winjo.

“No way!” George immediately put his mind away, cold face, reprimand: “this matter you don’t even think about, I managed to take you and my little grandson back from the gate of hell, absolutely don’t allow you to die!”

Wenqiao curled his lips. “Godfather, you’re a miracle doctor. If you give me that kind of extreme fetal medicine, there won’t be any problem!”

“It’s a medicine that can’t be divided into three parts!”

“Godfather ~ ~ this kind of small thing is not a small thing for you?”

Wenqiao’s cunning eyes turned and looked at George with a suspicious expression. “This little thing is not good. What have you studied in this Lotus Mountain for decades?”

“How can it be!”

The most intolerable thing for George is to be suspected of his major.

“I certainly have this medicine. I’ll give it to you now. You wait for me!” he said

As George went to get the medicine, wenjo couldn’t help covering his mouth and chuckling.

Outsiders never thought that the famous great doctor, who is hard to see, is actually a lovely old man in private.

After taking the medicine, George took Wenqiao down the mountain.

They dare not make fun of Wenqiao’s body. Even if they take medicine, they can’t walk down the mountain. Wenqiao’s body doesn’t allow it.

Chapter 567

Wenqiao looked at the cool helicopter in the back yard, his eyes shining.

She reached out and touched the wheel of the helicopter, and then touched the cool wing. Her mouth was wide open in shock, “Wow! It’s so handsome, Godfather. You still have such a treasure.”

George looked at her as if she had never seen the world, stroked her beard, and said with great pride, “I live on the mountain alone. If I don’t buy a plane, I have to kill myself!”

Then he frowned, “as a prince, isn’t there a helicopter?”

“Should there be?” But I don’t know what he has. I don’t care much about it

Li Fengbei had several helicopters in Ningguo, but she didn’t seem to have taken one.

“What a silly girl you are! What kind of man do you marry and what does he have that you don’t know?”

George is speechless.

Winjo shrugged indifferently. "What's the point! His stuff is his, and it doesn't seem to have much to do with me!"

"....." George was really beaten by this silly girl.

Wen Qiao doubts a way: "Yi? Godfather, it's not like there's miasma all the year round. How can I fly in the vast expanse of white?"

George raised his eyebrows and laughed mysteriously, "you don't understand. The miasma is in the East. We can go to the West!"

"....."

As soon as Wenqiao's eyes brightened, he immediately patted his head, "yes, there is no miasma in the West!"

Think of before oneself in order to climb the Lotus Mountain, foolishly climb over from the iron cable bridge, immediately feel funny.

But then he began to wonder, "as long as you drive a plane, you can easily go up the mountain. In recent decades, no one has gone up the mountain to look for you? How strange

She is not a member of the state of Liluo. She knows little about the topography of Lianshan mountain, which is understandable.

But the people of Liluo country should know this place very well. How can such a rumor scare everyone away?

George gave a light chuckle, looked up and squinted at the top of Lianshan mountain in the white fog, showing a sneer, "the world is desolate, too!"

Wenqiao was puzzled, "godfather, think about it again. There is really no one else going up the mountain except me?"

The world is desolate, but she believes that there are still good people in this world.

Such as godfather, manager Bernie, aman and Anthony

Smell speech, George narrow up muddy eyes, deep eyes show a touch of nostalgia.

"There is one!"

"Who is it?" Winjotun became curious.

George still sighs when he thinks of the scene 30 years ago.

"Thirty years ago, a woman with a big stomach of five or six months knelt down in front of me with an old man on her back and begged me to save her father."

Wen Qiao is shocked to stare big eyes, "pregnant, carrying an old man to climb Lotus Mountain?"

It took her so much effort to climb the Lotus Mountain with her bare hands, not to mention a pregnant woman with an old man on her back. She could hardly imagine how that woman climbed up!

"Did you help her?"

"Alas George shook his head regretfully. "Her father had died at that time. I was just a doctor, not a fairy. Where can I be saved?"

Listen to, Wen Qiao don't know how, in the heart a burst of sad, "godfather, then what happened next?"

"The woman knew that her father had not been saved, and she cried so heartbroken that she fainted and moved her breath. I saw that she was pitiful and saved the child in her stomach. When she woke up, she had no more tears and went back with her father's body on her back

Imperceptibly, Wenqiao's eyes were red and covered with mist. "This woman is so pitiful!"

"Who said no!" George sighed, "there are so many poor people in this world. If you want not to be poor, you can only make yourself strong."

Wenqiao heart stuffy, "that person is so strong, she must have a good ending?"

George squinted. "Who knows!"

.....

The Moon Palace.

With Ankita as the leader, he led a group of ministers to stand outside the palace and ask for help.

"Your Majesty, the situation of Wenqiao's escape from prison is serious. I ask for more people to arrest Wenqiao immediately and put him to death immediately!"

"Your Majesty, please give an order as soon as possible, and don't let those who have a heart escape."

The king was lying on the bed, looking very tired. He waved, "you all go down! This is just a misunderstanding. Wenqiao is the adopted daughter of doctor George. How can he be a spy sent by other countries? "

“Your majesty

Ankita was surprised. “Your Majesty, there are all human and material evidences. There is no doubt that Wenqiao is a spy of other countries. Please make a decision as soon as possible!”

At the end of the speech, the king’s angry voice fell into everyone’s ears from the door, “are you the king or am I the king? Since all of you are eager to make a decision for me, then whoever you think is suitable will take my position! “Smell speech, Ankita startled cold sweat, puff a kneel down, “I dare not, I absolutely did not mean that!”

Other old ministers also knelt down, “Your Majesty, I’m afraid.”

“Cough...” The king suddenly coughed a few times, “the evidence of this matter is not enough. It’s not too late to arrest people until we find enough evidence.”

The king’s words are obviously lying.

How obvious the evidence was, but if the king did not admit it, Ankita could not help it.

Ankita clenched his teeth and saluted, “I will do it!”

He tried to take a deep breath, not to let his anger show, and asked, “Your Majesty, what should your highness do with it?”

Now that Wenqiao has been acquitted, there is no reason for his highness to be locked up again.

“Hum!” When he talked about Kia north, the king said coldly, “let him stay in prison for a few more days. If you dare to talk back to me, you should also give him a long memory! When he knows he’s wrong, when he’ll let him out again! ”

“Yes! Yes, sir

Ankita gritted his teeth and agreed.

Squinting eyes, flashed a cold light.

Hum, this old man is obviously playing with them.

This is to protect North Asia?

All of them withdrew from the palace one after another. The king held the bloody note in his hand, and his dark pupil shed a touch of pain and paranoia.

TIA, you can't run this time!

No matter what kind of ways and means he will force her out.

His time is running out

.....

At the beginning, Wenqiao was still worried that someone would be waiting to catch her as soon as she got down the mountain.

When she got down the mountain, she realized what George meant by "Your Majesty is not in the mood to take care of your business now".

Wenjo returned almost unhindered to the Duchess.

Chapter 568

Bernie was cleaning an expensive vase when she came in.

Seeing her, the precious vase in his hand slipped and fell to the ground, smashed to pieces. He looked at Wenqiao with joy, "madam, you're OK! It's so nice of you to be back!"

When Bernie heard that winjo was pregnant and was beaten all over with blood, he was so angry that he almost went to those people.

This is your Highness's first child. If the child is beaten away by them

Bernie couldn't even think about it.

"Manager Bernie, you're worried."

"Come on, be careful. Sit here."

Bernie helped winjo himself and sat on the sofa.

That careful movement, as if Wenqiao is a fragile treasure.

"I'm fine," said wenjo

Bernie glanced at her stomach from time to time. He wanted to ask, but he didn't dare to ask. His face turned red.

Wenqiao knew that he was worried about himself, and worried about hearing the bad result, and exposed her sadness.

A burst of emotion surged in her heart. She said with a smile: "the baby is still here. We are all fine. Don't worry!"

Bernie heard, almost rolled tears of joy, "blessed by the virgin."

"Manager Bernie, can you find a way to let me see your highness?"

She wants to tell ya Bei about the mysterious man as soon as possible. She should be prepared for the enemy or friend.

Bernie immediately said, "no problem. I'll go and do it now."

As soon as Bernie left, Jennie and Anne went down the spiral staircase on the second floor.

See Wenqiao intact sitting on the sofa in the hall, beautiful face because of jealousy become distorted.

Jennie sat in front of Wenqiao, holding Wenqiao's hand affectionately. She looked like she was crying.

"Sister Wenqiao, you have suffered so much. Fortunately, the baby is OK. Otherwise, how can I face your highness?"

Wenqiao awkwardly drew his hand back from the corner of his mouth.

It's the first time I've met Jane and Annie since I got married.

Both of them are now Yabei's wives, and this kind of relationship makes her feel very anxious.

She stood up to salute and said, "Wang Princess, how are you

Annie has been on tenterhooks ever since she learned that winjo was the original mate of Yabei.

It's uncomfortable to think about the fact that they all come from behind and Wen Qiao is the one who should stand beside his highness.

Annie sat down on one side of the sofa. Her legs overlapped at will, playing with her fingers carelessly. She opened her mouth in a strange tone of yin and Yang: "what are you doing? Didn't you say you were pregnant? If something happens to the baby because of the salute, how can I afford it?"

Smell speech, Wen Qiao Leng next, stand there awkwardly, facial expression shows slightly cramped.

Jennie turned her eyes and broke the embarrassment with a smile. "Sister Wenqiao, you don't mind. Sister Anne is so straightforward. Everyone is sisters, and she cares about you. After all, she is your Highness's child."

Jennie also knows from her father that winjo is Yabei's wife, but she cleverly thinks that she doesn't know anything,

otherwise, her identity will become very embarrassing.

Looking at Jennie's smiling face, Wenqiao felt a surge of remorse. "Princess, I heard that your father has been locked up to intercede with his highness. This matter I'm sorry that I'm the one who's bothering you

"Don't say that. Your highness is very pleased to have your company and care. Besides, your highness is my husband, and my father should help him!"

Jennie's words are very understanding, like a virtuous wife.

Wenqiao bit his lip and held his fingers tightly. "Princess, I'm not feeling well. I want to go upstairs to have a rest first."

"Go, go! It's my carelessness to hold you for so long! The most important thing for you now is your baby. If you have any discomfort, just tell me, don't stand alone!"

“Thank you for your concern. I’ll be careful!”

As soon as Wenqiao left, Annie booed at Wenqiao’s back, “it’s all the blame that this broom star has implicated your highness! If she didn’t come to his highness, he wouldn’t be like this.”

Jennie frowned and interrupted, “sister Anne, we are all sisters. Don’t say that.”

“Cut! If you treat her as a sister, look at her high spirited look just now. What’s wrong with her? Who doesn’t know she’s pregnant!”

Jennie looked at the servants in the room, coughed softly, covered her lips and said, “my sister is still cautious.”

“Hum!” Annie gave a cold hum, which stopped the curse.

Bernie took care of everything, then came back immediately and reported to Wen qiaohui: “madam, you can visit your highness at 10 pm, but you can only stay for one hour.”

“Good. I see Wenjo asked, “manager Bernie, if you have anything to say, I’ll tell your Highness for you.”Bernie scratched his head. “I have nothing to say! Give your highness a word for me, so that he can rest assured that I will take good care of the Duke’s house and let him take good care of himself. If you have anything you need, tell me and I will do it right away.”

Wenqiao looked at the loyal old man with a slight fever in his eyes. “OK, I’ll bring it for you.”

A few hours before ten o’clock in the evening, Wenqiao had no time to help Yabei prepare things, quilts, clothes, and changed socks. He folded them one by one and put them in a bag.

Aman watched Wenqiao come back safely, where to let her do such a job again, not to mention that she was still kicking a baby in her stomach.

This is the first child in the Duke’s mansion. It’s expensive!

“Ma’am, you lie on the bed and rest. You tell me to do it.”

Aman forced Wenqiao to the bed and let her lie down.

George sat on the sofa at the door, eating the fruit, and said with approval: “aman is right. You should lie down and have a rest. Although there is my panacea, you should be careful.”

Aman looked at George, and his face turned red. “Doctor George is right!”

“.....” George felt numb on his back and opened his mouth in shock. The apple in his hand almost fell to the ground.

This little girl Was that shyness?

What’s the shame on him, an old man who is nearly sixty?

Wenqiao didn’t find the interaction between them. He laughed and lay down comfortably on the bed.

“Then trouble you!”

Yabei’s intimate clothes are ready for her. It’s OK for aman to clean up other things.

At ten o’clock in the evening, under Wenqiao’s expectation, he finally came late.

A bodyguard took Wenqiao through a few corridors and around a few corners before he came to the place where he was imprisoned.

Although Yabei is the prince, he will be treated equally with others when he enters this cell.

Looking at the shabby cell with only one meter long wooden bed, Wen Qiao reddened his eyes and said, "Yabei, I'm coming!"

## Chapter 569

Yabei was sitting on the bed meditating, hearing Wenqiao's voice, the whole person was stunned for a moment, and opened his eyes incredulously.

In prison, all the news is closed, and he doesn't know that earth shaking changes have taken place outside.

Dark eyes, looking at Jiaoqiao standing in front of the woman, face Shua to sink down, "it's really nonsense, how do you come here?"

He scolded, but he didn't stop at his feet.

Can't wait to take Wenqiao's hand and pull her to himself.

Wenqiao took Yabei's hand in his backhand, and they sat by the bed, "Your Highness, let's sit down and talk!"

Yabei's eyes narrowed slightly, holding Wenqiao's face and carefully examining her face.

On the small face of Bai Nen, there are many scratches crisscross. Some bones can be seen deep on the ground. The deep pupils swept up a storm in turn. They asked coldly, "how do these injuries come from?"

Wen Qiao holds the palm of Ya Bei's green tendon and shakes his head with a smile. "It's OK. These injuries don't get in the way. It's OK!"

"I ask you who did it?" Yabei gritted his teeth and opened his mouth almost word by word.

Wenqiao looked at him seriously and said with a smile, "I'm ok, but it's you. Have they done anything to you?"

Wenqiao anxiously looked up and down at Yabei.

"Don't change the subject. I'm fine. I ask you, who's going to hurt your face?"

"Those who hurt me have been punished. Don't worry about me! Let's call it a day, shall we? "

Wen Qiao looked up, a pair of clear eyes, praying to look at the North Asia.

She doesn't want revenge, she doesn't want to go to North Asia again because she offends people.

Yabei's sharp heart suddenly hurt. He clasped Wenqiao's waist and held her tightly in his arms.

Wenqiao tightly hugged Yabei's thin waist. He seemed to be thin, and his tears could no longer be restrained.

"You're thin."

Yabei said with a smile: "silly girl, didn't you say that I was too heavy for you? Just to lose weight

Wen Qiao is stunned, wait for reaction to come over, the cheek is tiny red, wrung a fist to hammer on his back angrily, "you are disgusting! It's really annoying! I'm still in the mood to joke at this time! "

“Baby, stop crying! I’m fine!” Yabei wiped the tears on her little face painfully, kissing the wound on her cheek carefully, and asked, “how did you get out?”

What they committed was not a common crime. Did their father let Wen Qiao go?

Wenqiao thought of the matter, put his head out of Yabei’s arms, wiped his tears, and said seriously, “I don’t know what happened. A mysterious man saved me, and the mysterious man threatened your majesty. But it’s strange that your majesty no longer investigates this matter. Do you think it’s strange?”

Yabei’s eyes flashed, “what we have violated is the laws and regulations of the state of Liluo, which is no longer what our father can do alone! It seems that my father kept you under a lot of pressure!”

“But...” Wenqiao didn’t think as much as Yabei did. His little faces were puzzling together. “Don’t you think it’s strange? It was his majesty who arrested me, but now in order to let me go, he is against so many ministers in the cabinet. Isn’t it not worth the loss?”

Yabei hooked his lips and asked, “do you think Father Huang is the kind of person who can make a loss?”

Wen Qiao a Leng, not from stare big eyes, “do you mean someone gave your majesty a lot of benefits, let him be willing to make these sacrifices?”

“No! It’s not necessarily good! But it must be what he wants!”

“Your Highness, I’m puzzled about a few things.”

“Well?”

“The first thing, on the day I was arrested, the bodyguards were searching for something in the house. They didn’t know what they were looking for?”

Yabei’s thin lips hooked up and sneered: “maybe it’s looking for someone!”

“Looking for someone? Who are you looking for?” Wenqiao was surprised.

Yabei shook his head, and his eyes flashed a deep light. “I don’t know now, but my father has turned my Duke’s palace many times, not through the box, but looking for someone.”

“Do you know who this man is?”

“I don’t know.”

Wenqiao was thrilled and took the initiative to lean on Yabei’s arms. “So, there are mysterious people in our Duke’s mansion who have been in for a long time. We don’t even know who they are.”

Yabei hugged Wenqiao and promised, “don’t worry, I’ll catch this man soon.”

“Well, I believe you.”

It’s a rare chance to meet each other. Both of them choose important things to talk about, but they haven’t had time to get tired of it.

Wenqiao bit his lip, and his white face was dyed with a rosy red, white and red, which was lovely.

“Temple Your highness, I have another message for you.”

“What’s the news?”

Yabei loved her so much that she could not help but kiss her forehead.

Wenqiao hesitated for a moment, and then he took Yabei’s hand and gently put it on her abdomen. He faltered and said, “touch it.” His hands feel warm and smooth, like silk. Men immediately feel itchy, but it’s not a good place to do business.

Yabei's voice became hoarse and sighed helplessly, "Joe, don't make trouble. It's not convenient here. I'll meet you when I go out!"

To satisfy you

Wen Qiao's face turned red. He bit his lip in embarrassment and said a few words in a soft voice.

The smile of Ya Bei's mouth suddenly froze, and the tall figure stood there, as if he had been pointed. After a long time, he couldn't believe it and asked: "is it true? Is that true?"

Wenqiao couldn't tell whether he liked it or not. He became uneasy. "Don't you like it, your highness?"

Yabei suddenly got up and hugged Wenqiao. A big surprise appeared on his carved face. "Qiao Qiao, is this true? I'm really going to be a father again?"

For Chen Chen and an an, he is blank.

They all he can only from the few information, and Wenqiao oral description that far from the belly of this baby to surprise.

This is the real thing.

He is the flesh and blood of North Asia!

"That's great. I have children again!"

Yabei hugged Wenqiao and circled happily.

Wen Qiao helps forehead, “Your Highness, you calm down a bit first, my head is about to be dizzy by you!”

Listen to Wen Qiao say dizzy, Asia North immediately stop.

He stood in front of her, holding her waist, and carefully pressing his ear to her belly, “Joe, is the baby here?”

Wenqiao said helplessly, “Your Highness, the baby is only the size of soybean now. How can I hear your voice...”

Before she finished, she stopped abruptly.

A shower of moisture came from her abdomen. Yabei, across her clothes, pitifully kisses her stomach, but she burst into tears.

## Chapter 570

This is winjo and his children.

Ever since he lost his memory, he often wondered what he had? What is the meaning of living every day?

It wasn't until winjo appeared that he began to have something he dared to be interested in.

However, it was not until this moment that he really felt the warmth and moving of his relatives.

No one knows, his longing for affection.

Father is the king of a country, he will not like an ordinary father to hiss at him.

It's ridiculous to say that when he gets along with his father, he needs to do things step by step. If he is not careful, he will be imprisoned. Such a relationship makes him feel exhausted.

But all the hard work and fatigue, at this moment, seems to find all the comfort and compensation.

"Thank you, Joe! You gave me a home

Yabei holding Wenqiao's face, on her forehead solemnly fell on a kiss, a kiss of incomparable pity.

"Your Highness, we are all your family from now on!"

Wenqiao which can not know the feeling in the heart of North Asia, tears of heartache down the corner of the eye.

Yabei clasped the back of Wenqiao's head and sucked her lips heavily, as if to swallow the woman into her belly and never separate her.

An hour passed in a hurry.

Yabei changed his decadent appearance just now. His deep eyes flashed a strange luster and made a solemn promise to Wenqiao: "don't worry, I will come out soon."

I'll be out soon!

He wanted the throne and had great ambition, but he couldn't make up his mind. He didn't want to hurt any of his relatives.

It was not until this moment that he really made up his mind.

No matter what means, he should protect his children and women.

"I know, you have to take good care of yourself," he said

Yabei crooked his lips and showed a reassuring smile. He said: "after going out, pay attention to safety, eat more and pay attention to nutrition. Don't come here again during this period. The cell is wet and it's not good for the baby!"

He is not a talkative person, just because of the concern in his heart.

Listening to Yabei's incessant advice, Wenqiao couldn't help but shed tears again and threw himself into Yabei's arms, "Your Highness, I can't bear you. I want to be here with you 1"

Yabei's heart is soft and in a mess, "what nonsense, let's go quickly!"

Yabei printed a kiss in front of Wenqiao's forehead, closed his eyes, covered up the emotion in his eyes, and urged: "let's go! You don't have to worry about it. Take care of yourself

Winjo looked back three times and left the cell.

Wenqiao just out of the cell, two strange guards came to her in front of a salute toward her.

"Mrs. Wenchao, my lady, please!"

Lady?

There are many maidens in the palace. I don't know who they are talking about?

She's pregnant now, and she can't help it.

Wenqiao subconsciously grasped his fingers and stepped back. His black and white eyes flashed a trace of vigilance. "I'm in a bit of a hurry now. Which lady in the palace did you just say? Next time I've prepared a present, I'll visit in person!"

The bodyguard in black did not move. He stood in front of her with no expression on his face and said sternly: "Mrs. Wenqiao, ladies, please! Please don't embarrass us

Wenqiao knew that she couldn't escape today. They would only let her go if they went to see their mother with them.

Wenqiao followed the two guards and walked for more than ten minutes before stopping.

Looking up, he looked at the white plaque inlaid with gold, which carried the three gold characters "ivory Palace".

With a tight heart, the ivory palace is the palace of Princess Angelina.

What does Angelina want from her at this juncture?

She became uneasy and subconsciously wanted to escape.

"Please, Mrs. wenjo! The lady is waiting for you in there!"

The bodyguard seemed to see her thoughts and stood in front of her again.

“.....”

Wenqiao could not escape, so he could only follow the bodyguard to the palace.

She couldn't help looking back at the Palace door.

Along the way, I didn't see a familiar face. I hope Angelina won't do anything to her.

She subconsciously put her hand on her belly and prayed in her heart that this time she would be as lucky as last time.

Step by step, she stepped into the hall. In the golden and resplendent room, the huge Roman column is carved with exquisite patterns. The whole room is as beautiful as a fairyland.

Wenqiao looked at all this in amazement, and suddenly a voice came from the front, “are you the legendary lady Wenqiao? It's really gorgeous

The voice of a woman's mouth is as clear and pleasant as a mountain stream.

Winjo was surprised and turned to look ahead. I saw a woman sitting on the luxurious sofa in the room.

A pair of amorous feelings of peach blossom eyes smile at her, the corner of the lip radian like Yang Fei Yang.

Sitting there, straight back, a publicity of red, such as a big red rose in front of us.

What a beautiful woman!

Wen Qiao stares big eyes, Leng Leng ground stands there, forgot reaction.

Until the bodyguard next to him coughed softly and said, "Mrs. Wenqiao, the lady is talking to you!"

Wenqiao this just returned to God, hastened to salute, "the lady flatters, the lady is gorgeous crown group Fang."

"Yan Guan Qunfang..."

Angelina chewed these four words, suddenly burst into laughter, "only the queen can be worthy of the four words of Yanguan Qunfang. I can't bear what Mrs. Wenqiao said about me!"

Wen Qiao: "I'm not sure."

Are there so many people in the palace?

She just wanted to express her praise.

laughed and said, "the queen is expensive for your concubine, but when I can't afford it, I has the final say."

"The little mouth is so sweet. No wonder the prince's Royal Highness is so devoted to you that even my sister, who is known as the most beautiful woman, is willing to bow down in front of you."

Wen Qiao's eyebrows frowned slightly, and her clear eyes looked directly at Angelina. "The lady called me to come here today, to ask for justice for Miss Anne?"

Angelina casually admires her new fingernails, sniffs and laughs. Instead of answering, she asks, "do you think I need to be fair to her?"

Such contempt, such carelessness.

"....."

Wenqiao looked at the dignified and gorgeous woman in front of her speechless.

She has long heard that Angelina is a strange woman. She is not only beautiful, but also has leadership ability and ambition that does not belong to men. It is her strength to win people's hearts.

She and the power of settling down, let the king feel headache and thorny.

Wenqiao thinks that she is not her rival, but she is not a soft persimmon. She has her own strength.

"Lady, I'm just an ordinary woman. I don't have Miss Anne's family background or her talent. All I can rely on is the love of my highness!"

Smell speech, Angelina is Leng next, elegant expression finally dye a trace of sullen, "Wenqiao, how dare you, do you know who you are talking to? Annie is right. You are an arrogant woman without any education

Wenqiao frowned deeply and said coldly in his voice, "what can I do for you? If it's all right, it's going to be dark. If he doesn't go back to the mansion before dark, Bernie will take someone to look for me!"

Angelina raised her lips and sneered, "are you reminding me not to do anything to you? Little Bernie, I don't need to pay attention to Angelina!"

Wenqiao was surprised. Her pupils suddenly shrank and her voice became cold. "Lady, I haven't offended you. I haven't even met you before. As for Miss Anne, even without me, Her Highness won't like her. Why do you want to force her?"

"Why?" Angelina slapped the table heavily, and her beautiful face became distorted. "You seduce my brother, damn it!"

Wenqiao is not a native of Liluo. As long as they firmly grasp the handle, they can get rid of Wenqiao and Abei together.

But her silly brother tied himself to them. If they insisted on convicting Vinjo and Abel, Anthony would be punished.

She has such a brother. How can she let him have an accident?

“Come on, put her in the back grocer’s room and torture her slowly.” Said Angelina, gritting her teeth.
