Chapter 611

Who told her that she had just made people bleed? She was inexplicably guilty.

Turn around and go back to the bed.

Yaheng waved to her, "come and sit down."

TIA looked at him warily. "What do you want to do?"

"Don't be nervous. I just want to talk to you. I haven't talked to you calmly for a long time."

In the past, he liked to talk with her most. Every time he had something on his mind, he just talked with her and looked at her smiling face. All the pressure was gone.

"....."

TYA was standing by the bed, not going or leaving.

The two of them just froze.

Outside, George and bill looked at each other and sighed in unison.

Yaheng is a famous Mingjun. The reform he advocated is conducive to the development of the country and saves the ordinary people who are in the hot water.

His health is also due to years of hard work, will cause serious losses.

George said, "chief Bill, please advise your majesty again. This is the only feasible way."

Bill spread out his hand, with a helpless face, "I don't know that I've said something urgent hundreds of times. I think your majesty has heard it."

George frowned. "Maybe we can do it another way."

"What method?"

"From the queen!"

"Queen?" Bill was suddenly enlightened. "I see."

Tiya stood in Yaheng's bedroom for an hour or two until Yaheng fell asleep.

On the way back, I was very worried.

Yaheng doesn't look like he's lying to her.

Why did he do that?

Pass the position to BEI'ER, clear all obstacles for him, and have a good attitude towards her

TIA's heart is in a mess.

It's like a tangle of wool, which can't be pulled clearly.

As soon as I got to the door, I heard Bill's voice coming from behind, "queen, please stay."

TYA stopped and turned to look at the man.

Puzzling delicate eyebrows.

Bill looked at TYA's face again, still feeling incredible.

One should be able to keep his youth in his twenties.

He restrained himself, saluted respectfully, and said, "queen, I beg your pardon, bill. I want to say a few words for your Majesty in front of the queen."

Before that, Tiya would have been too lazy to listen.

But after these days of things, Tiya suddenly feel that some things misunderstood Yaheng?

When Bill saw that she didn't refuse, he was glad to know that he had a play. He said, "queen, your majesty has only loved you in his heart for so many years!"

"Bill..." Smell speech, Tiya frown, flash a trace of displeasure.

She wants to listen to him, not to talk nonsense.

Bill interrupted: "queen, listen to me first. Bill knows that the onor family incident was indeed an order from your majesty. But at that time, the rebellion of the Anor family had begun. It wasn't your Majesty's conjecture, but your majesty got the real evidence."

"Your Majesty knows that you grew up in the ONO family and have deep feelings for the family. At that time, every time your majesty wanted to find a chance to tell you about it, you were angry, and at last your majesty did not say it

"Your Majesty He's got a problem he has to deal with! "

With Bill's words, TYA's heart gradually tightened.

Nearly 30 years, many things have been forgotten.

But she remembered it clearly, as if it had happened yesterday.

At that time, Yaheng did come to talk to her from time to time. Every time he talked about the ONO family, there was a haze between his eyebrows.

But at that time, she would turn the topic aside every time.

He thought that Yaheng was trying to find fault. The emperor was suspicious

Is it really that she misunderstood him?

No! Father is not like that

However, since she had been in close contact with Yaheng, her father did have an attitude towards her

And then there were the ministers who came and went in the family

Bill looked at TYA's face and said, "Your Majesty is a good king. You will be exhausted if you work hard for your country."

Said unexpectedly raises the sleeve to wipe the tear, cannot say.

Tiya's heart was even tighter, and her unbreakable heart suddenly became shaken.

“Manager bill, I have something else to do. I’ll go back to my room first.”

In the end, TYA almost fled and left like that.

Bill looked up at the moon and sighed deeply.

Your majesty, that’s all I can do for your illness.

Tiya didn’t sleep all night. She got up at dawn and came to the kitchen door unconsciously. When the maid and the bodyguard saw Tiya, they saluted one after another.

Tiya looked at the plaque on the kitchen, her thoughts floating far away.

Yaheng’s favorite is the red bean and job’s tears porridge she cooked before and after. She can drink three or four bowls every time.

Thinking of this, I can’t help walking towards the kitchen.

I haven’t cooked for nearly 30 years. I’m a little unfamiliar at the beginning.

The cooks and servants in the kitchen stood in a row and were very frightened.

This is their queen. If they burn their hands or cut their fingers, can they roll up their bedding and leave.

“Queen, go and have a rest, or you can tell us how to do it. We’ll do it. We’ve been responsible for your Majesty’s meals all the time. For so many years, your majesty has never said anything bad.”

The first level chef came forward and said.

The Queen’s feelings with her majesty are very good!

The body of Jin Gui, actually cook in person.

Tiya said, “no, it’s just porridge. It’s very simple.”

Tiya made porridge and came to the king’s bedroom.

Yahengzheng’s spirit looks much better after finishing his grooming. Seeing Tiya coming from the door with a lunch box, he said happily, “Tiya, why did you come here so early in the morning?”

Tiya threw the food box on the table and said in an unnatural tone, “come and have breakfast.”

Yaheng walked over and looked at your fragrant porridge, which was steaming out. A thick surprise flashed in front of him.

“You made this for me?”

“No!”

Tiya eyebrows a pick, stem neck retort way.

Yaheng’s eyes fell on her white fingers, and her eyebrows immediately frowned.

Hold her finger, put it to her mouth and blow it fondly. “Your finger is scalded.”

Tiya fingers a crisp, embarrassed to take back, pretending to be angry way: “don’t move your hands and feet, come to eat, again so many words, I put porridge back.”

“No, I drink!”

Yaheng sat down, took up the bowl, a few times, a bowl of porridge into the stomach.

Bill was relieved to see the two finally get back together.

George came from the outside and was glad to see the king use so much porridge.

“Your Majesty can use these meals to show that he is in good health. Now, we’d better start our treatment method and get everything ready. All we need is a little blood from the queen as a guide. Everything will be ok...”

Chapter 612

When people are happy, sometimes it’s easy to be complacent and have no mouth.

What’s more, George didn’t know that Bill had not told TIA about it.

Before George’s words were finished, TYA’s face went cold.

“So it is! So it is

She looked up at the sky and laughed. Her eyes, which were shining like stars, were covered with dark clouds and dark.

It turned out that all this was his premeditation, just to get her blood.

In the past few days in front of her to say good words, full of affectionate drama.

Suddenly stopped laughing, suddenly shot, knocked over the bowl in Yaheng’s hand.

“Don’t eat!”

How stupid she was to think of cooking for him!

Agile body jump, jump on the table, the hand of the gun I do not know when to pull out, against the temple of Yaheng.

In the same man, in the same thing fell twice, the heart of anger than ever before to anger.

Tiya roared angrily: "Yaheng, you are really disgusting!"

Yaheng looked down at the bowl that had been knocked down.

This is his favorite porridge

He gritted his teeth and closed his eyes. When he opened them again, a pair of ice blue eyes aimed at Bill and George!

George and bill knew they were in trouble, and there was a cold sweat on their back.

"Queen, don't get excited, you listen to our explanation!"

"Explain?" Tiya asked, laughing madly, "what else do you explain? You think I TYA is such a fool. I'll let you tease me

Looking at Tiya gnashing his teeth, his face full of hate.

Bill knelt down to TYA directly. "Queen, please put away your gun first. If it goes off, it's not good."

With the quarrel in the room, the Royal cloud guard hiding in the clucking corner of the room came out from the dark, everyone with the most advanced weapons in their hands, surrounded Tiya.

Yaheng face a change, toward cloud Wei roar: “don’t move, all give me back!”

“.....”

In this situation, no one dares to retreat obediently.

Tiya looked at the muzzle of Qi Shushu’s gun. She felt so sad that she couldn’t breathe. Her eyes were glistening with tears, but she raised her lips and said with a smile: “I, Tiya, should have disappeared in this world 30 years ago. After surviving for 30 years, I can still kill my father and enemy today. It’s all worth it!”

With that, TYA closed her eyes and put her finger on the safety.

“Wait a minute!”

Yaheng’s face suddenly changed, “you all step back! Back off! Are you going to disobey my orders? ”

“.....” Cloud Wei is surprised, in succession put away the weapon in the hand, knelt down toward your majesty, “dare not! To the death of your majesty

“Back off, all of you!”

“Your majesty

All the people in the room exclaimed.

“Stand down! Don’t let me say it a third time

“.....”

The cloud guards stare at Tiya warily, but none of them dare to step forward again, unwilling to withdraw their weapons and go back to where they came from.

Yaheng was relieved.

“Tiya, it’s not worthwhile to die with me. This is the palace. As long as you kill me, you can’t fly.”

“Yaheng, don’t talk too much. I won’t let you go again! I’m going to avenge my father, my entire onor family

Said, Tiya excited, pulled the pistol.

“Bang” a, the pistol hits to slant, can brush Ya Heng’s cheek.

Red blood down the cheek sliding down, “tick tick tick” drip on the light color of home clothes.

“Your majesty

George and Bill’s heart beat to their throats and called out in unison.

Bill didn’t care so much any more. He went forward and knelt down in front of her to make a devout bow.

“Queen, your Majesty’s illness has not lasted for a day or two. If he wanted to use you to cure the disease, he could have done so for a long time. I gave all these ideas. You can blame me if you want to?”

Tiya said with a sneer: “what a loyal slave, he should bear all the sins on himself for his sake.”

Bill closed his eyes painfully and raised three fingers to the sky. “Queen, bill is absolutely right. If there is any deception, you can’t cut it to death!”

“Bill, I won’t believe anything you say anymore!” Teeya gritted her teeth.

The cheated person is defensive and has built a strong fortress in her heart. She managed to persuade herself to give up her old grudge, but she was cheated again.

He is good to her, just for her blood!

Just as blue heart is the destiny of Yabei, her Tiya is the destiny of Yaheng!

As long as her blood is used as a drug guide, the effect of the other side will be magnified ten times and a hundred times. She is not unwilling to save him with her own blood. He should not bully her again and again and make her fool like a fool!

TYA’s shoulders trembled slightly and closed her eyes painfully.

When George looked at them, he was still in a daze.

Don’t you want a little blood?

Why is it like killing for another!

“Well, I said Queen, you don’t need much blood, just half a cup. Have a good rest for a few days and take some tonic. It won’t do much damage to your body.”

George worried about TYA’s disbelief. He also gave an example: “by the way, when I treat the crown prince, you watch the whole process. A child as small as blue heart can take blood. Don’t worry...”

The more George talked, the more he felt that something was wrong with the atmosphere.

“Er...” George looked at Bill shaking his head and sighing. The second in law monk couldn’t figure it out What’s the matter? ”

Bill: “well

Dr. George’s medical skill is unparalleled, but his EQ I’m afraid it’s a negative number, right?

Can’t you see that the queen is angry that her majesty cheated her?

Oh, no, your majesty didn’t cheat her at all!

“Queen, it’s a misunderstanding! Listen to me. At first, when your majesty knew that he was going to die soon, he was planning to let his royal highness return to China and successfully let him ascend the throne. As for you, your majesty just wanted to see you at the end of your life for the last time. ”

What Bill said is true.

Tiya was not moved at all. She said in a cold voice, “shut up! I’m going to kill this heartless bastard anyway today

TYA is pulling the insurance once again.

Yaheng straightened his back, clenched his palm on the table and closed his eyes.

“TIA, I have no regrets to die in your hands in my life!”

“.....”

“Give me orders that if the queen kills me, none of you can do anything for her!”

“.....”

The room was quiet, breathing up and down and hearing each other clearly.

Anheng did not hear the answer, sharp eyes open, one by one sweep to the public, “who dares to disobey the order, put to death on the spot!”

Chapter 613

George and bill knelt down in fear.

“Think twice, Queen

Just at this time, there was a cold voice at the door.

“Mother, wait a minute!”

Yabei appeared at the door with help.

Elegant handsome face, full forehead exudes sweat, we can see how anxious we were when we arrived.

“Concubine, you can’t kill your father!”

“Beier?” Tiya looks at the gauze that layer upon layer twines on Yabei’s body, the eyes full of hatred flash a trace of tenderness.

“Mother, look at this!”

“What is this?”

Abel handed a stack of letters to Tiya.

TYA looked at the words on the yellow envelope and raised her heart.

The handwriting belongs to my father!

Open the envelope and look inside.

Many letters have turned yellow. Junyi’s handwriting was written by his father. That’s right!

But the contents of these letters

The last color of Tiya’s face faded.

These letters are from father to other princes

Father He really intends to usurp the throne.

Why?

He has become a national war. Is he still dissatisfied with one person and ten thousand people?

Tiya’s gun slipped, and the whole man stepped back decadent.

It turns out that all these years of hatred is a deception.

TYA tore up the envelope, turned and walked step by step towards the door.

“Queen

Cried George anxiously.

If the queen leaves like this, then the king’s body will not survive for a month

TIA stopped and closed her eyes.

With a lift of his arm, he took a dagger out of his pocket.

The sharp dagger glowed in the sun.

Tiya pointed the dagger at her palm and did not hesitate to slide through it.

Red blood drips down the palm.

“TYA!”

Yaheng yelled, calm face, appeared a trace of chapped.

See white body a flash, Ya Heng has come to Tiya body.

She took the dagger from her hand and threw it on the ground in anger.

Blue eyes with all the rage, angry toward her low roar, “who let you do this? Ono TYA! I don’t need your help at all, I don’t need your blood!”

He swore to heaven.

If Tiya could come back to him, he would not hurt her at all.

Unfortunately, he finally hurt her!

TIA clenched her hand and yelled at Bill, "take the test tube and take it!"

Bill finally recovered from the shock, took the medical sterile test tube from George's hand, and caught the blood flowing down the palm of TYA's hand.

He took the blood and refused George's bandage.

Tiya pushes away Yaheng and strides out of the palace.

"Tiya..."

Yaheng looks at Tiya's back and shouts.

The tall body seemed to be unable to bear the pressure in an instant, and the shoulders collapsed decadent, even the tall body swayed a few times.

Bill held him in a panic. "Your majesty!"

Yaheng pushed bill away, suddenly covered his chest, opened his mouth and vomited a mouthful of blood, then fainted.

"Your majesty

There was a rush in the room.

No one has seen King leno since that day.

Her beautiful appearance and the love story of her entanglement with Wang Shang spread among the people.

It is said that after the queen left, the king refused to take medicine and passed the throne on to his Royal Highness the crown prince.

But On the eve of the throne, his royal highness ran away from home, leaving the palace alone, and his trace became a mystery.

So the king had to take the antidote and sit down on the hard throne.

However, rumors are unreliable in the end.

For example, the crown prince left alone

A month later, the bustling West Pier.

A huge cruise ship called in.

A man in his thirties, holding a little girl about four or five years old, came down from the deck of the cruise ship.

The man is wearing a pair of big black sunglasses to block most of his face, but he is still handsome.

And the little girl around, a light blue princess skirt, wearing a diamond crown, white skin, delicate face is the face of the angel kiss.

Beautiful like a porcelain doll.

At the roadside, a large area of sight was attracted.

“Who is this man? Which one is obvious? I’m a little familiar. I seem to have seen it on TV

“Who is the little girl next to a man?” “It must be his daughter. Look at that cold look. It’s carved out of an eye!”

The people around talked about it, but it didn’t affect the two people walking.

On the main road by the sea, there are a row of exclusive limited edition luxury cars, Bugatti Veyron. The cheapest one is priced at 20 million yuan.

Beside the car, Mu Junhao, Rong Ba and Bai Yichen stood upright.

At the moment when Yabei appeared, he came to him.

“North brother, you are finally willing to come back! I miss us so much

After hugging Yabei one by one, Mu Junhao finds the little girl beside Yabei with sharp eyes.

“Wow! What a beautiful little girl, North brother, where did you abduct and sell such a lovely girl! ”

“Yalanxin, say hello to your uncles.”

“Yes, Daddy!” There is a clear and tender childlike voice.

“Your daughter?”

Three people startled to drop chin.

Finally know why Wenqiao left him alone to return home, dare this guy daughter is so big!

Wait, who’s the little girl’s mother? When are there other women in beige?

Blue heart raises water bright eye son, look at Mu Junhao.

At the sight of Mu Junhao’s handsome face, his cool expression immediately turned into a little fan girl.

Like a small shell, he opened his hand and ran towards Mu Junhao, shouting: “Uncle Mu Junhao, you are so handsome!”

Mu Junhao hasn’t recovered from the shock of having a daughter in North Asia. He has a soft bun in his arms.

Mu Junhao’s heart has sprouted.

Pick up blue heart, “small mouth really sweet, is uncle handsome or your daddy handsome?”

Bai Yichen and Rong Ba are also unwilling to lag behind and brush their sense of existence in front of blue heart.

“And uncle? Is uncle handsome?”

Blue heart turns a head, what see first is Bai Yi Chen handsome handsome handsome face.

White shirt, thin lips slightly pursed, white face cold, a pair of deep eyes like a thousand years of ice, people can drown at a glance.

Abstinence is uncle!

She likes it!

Blue heart eyes a bright, a second mutiny, toward white Yi Chen open hand, "Uncle handsome! Uncle, hold it

Bai Yichen's heart is soft of a mess, proud ground glanced at Mu Junhao one eye.

"Uncle takes you to buy beautiful clothes and sugar as well."

Mu Junhao molar, no good airway: "son of a rabbit, just said uncle handsome, so soon changed."

What about me? What about me

Rong Ba pulled Lan Xin's delicate face and let her look at herself.

Blue heart pouts her little mouth and is very dissatisfied that she is interrupted when talking to a beautiful man.

Chapter 614

Can turn a head, in clear Rong rolling beautiful face, a pair of big eyes straight light.

The purple Sao Bao's shirt unravels three, revealing a large area of honey chest. Up, the carved handsome face, Qiong's nose is very upturned, and a pair of twinkling peach blossom eyes are like stars falling from the world. The key is that the white face is so tender that it can squeeze out water

The best fresh meat!

"Uncle, handsome! Give me a hug

Yabei helps the forehead, immediately feels incomparably big.

He came forward and grabbed Lan Xin's collar. With a cold face, he roared: "come down! Men and women are not compatible

Blue heart was roared a shake, immediately recognized counsels to calm down.

Shriveled mouth, a face of grievance expression.

Rong Ba looked at the steamed stuffed bun and couldn't bear to say, "North brother, are you a little overbearing? Blue heart is still a little girl

"Hum!" Yabei holds blue heart.

His daughter, of course, can't be held by these smelly men, except him!

Of course, the main thing is that this little guy is really a headache.

It seems that he is a little devil in private, or a little devil who likes beautiful men. I don't know whose temperament he is?

Thinking of this, Yabei couldn't help frowning.

Is Her mother likes to see beautiful men, too?

It seems that next time we have to have a good trial of that girl!

“Gone!”

Looking at ya Bei’s impatient appearance, Mu Junhao’s eyes flashed something and hesitated to say: “there’s something you may not know about, North brother.”

“What’s the matter?” Yabei road.

He can’t wait to catch the woman who left him and ran away!

Give her a good hand again Give her a spanking!

Bai Yi Chen steps forward, complexion dignified ground says: “Wen Qiao took children to leave B city.”

“What do you say, say it again!”

What does it mean that winjo left B city with the children?

“North brother, don’t get excited. There are too many things happening in this period of time.”

Rong Ba also advised.

Yabei clenched his fist, and star’s eyes flashed a trace of frustration.

Rong Ba said, “let’s leave here and go back to excellence and have a chat.”

Li's group is now under the control of Jun yechen. Li mingjue is rescued by their families, but Li's family is no longer the same as before.

On the principle of election campaign, we should be careful every step of the way.

Once one step has been taken, one will fall into the abyss and be doomed.

Although Li mingjue lost, at least he tried and tried.

Blue heart came to B city, very curious about everything, have a look here, have a look there.

But soon he lost interest. He glanced at his little mouth and said, "it's not fun here at all!"

Mu Junhao looked at her mouth, a boring face, teased her to: "B city is the most prosperous city in Ningguo, economic strength in the world can be ranked in the top three, you want to play, want to eat, everything."

Blue heart raised her curious eyes and asked, "is there any ice cream with flame? Is there a roller coaster coming down from the sky? Is there a 100 meter high rainbow fountain? "

"Er..."

Mu Junhao was stunned by her question.

He scratched his head and said, "these things are not available yet. Maybe they can be made one day."

"nonono ! "

Blue heart stretched out a chubby finger and shook his round little head, “Uncle mu, you are wrong. These things are very common in Liluo!”

Glancing out of the car window, he saw the road full of people and said, “it’s not fun here at all! It looks like a slum!”

“Slums...”

Blue heart’s words come out.

Mu Junhao, Bai Yichen, Rong Ba and the three young masters all vomited blood.

The world’s top three financial and economic international metropolis is actually a slum in this little kid’s mouth!

“How rich is the state of Liluo?”

“Well...”

Blue heart puffed his cheek and thought about it seriously. He replied: “there is steel and concrete everywhere. Manchester City is full of gold. The house is not as high as here, but the roof is made of gold.”

“A roof made of gold?”

The three CHILDES, born with the golden key, took a cool breath and felt that they had become a bumpkin who couldn’t see the world.

Using gold to build a house, it seems that Liluo is really rich.

And it’s very rich!

After listening to the conversation, Yabei immediately frowned and scolded: "Lanxin, don't say that again. You can't tell anyone about everything in Liluo country."

"Well, why?" Blue heart does not understand the ground to ask.

Liluo is her hometown. She loves her hometown and wants to tell others everything about it. In a child's mind, she didn't know how to hide.

"Too much money is not a good thing sometimes." Yabei roared.

Mu Junhao knows their character. He thinks it's incredible to hear such things. If someone with a heart hears such news, he is afraid that he will take risks for money.

At that time, a large number of foreigners will rush into Liluo, and Liluo will be in danger.

Blue heart seemed to understand, blinking big eyes, and asked: "does it mean that if you know that the state of Liluo is rich, our state of Liluo will be in danger?"

"So to speak!"

"Oh

Blue heart quickly covered his mouth, "I know, I will never talk to others about Liluo country."

"Good boy

When the three arrived at the headquarters of excellence group, blue heart had fallen asleep in the car.

Mu Junhao thinks that blue heart is lovely. When he is asleep, he pouts his little mouth. It looks like a little goldfish's mouth. His heart is about to sprout.

Say, blue heart is really like Chenchen!

They are all the same as beige, but Lanxin's soft and beautiful facial features are totally different from Chenchen's handsome.

The harder it is, the more he likes it. He can't help reaching out to hold it and clapping it away.

"Don't touch my daughter!"

Mu Junhao took back his hand without saying a word, "who doesn't know that she is your daughter? Who can't do such a simple thing as having a baby?"

Yabei glanced at him, and the devil's lips were slightly hooked. He joked: "the romantic Mu Er Shao wants to have a baby. It's really unheard of. It's a great joy in the world!"

"North brother, it's no fun for you to say that."

"Who is the unmarried, DINK? If you have children, it's estimated that children can form a platoon now, right

"....." Mu Junhao choked.

He didn't really like children before, but now he does, doesn't he?

Every time I look at Li Fengbei xuanwa, it's really sour. It's almost lemon essence.

They don't even have a girlfriend, but Beige has three children, no, four!

Three so big, there's a small one in wenjo's stomach!

The more you think about it, the more angry you are. It's unfair to be naive.

Chapter 615

Mu Junhao painfully covered his chest, exaggeratedly exclaimed: "I'm so gentle, people who love jade can't find a girlfriend, but Beige can get a wife! How unreasonable

Yabei glanced at him and said softly, "who told you not to concentrate?"

There is no means in love, only sincerity for sincerity.

Like him, if you love Joe with all your heart, you can move your heart.

Rong Ba and Bai Yichen patted Mu Junhao on the shoulder and looked at him sympathetically. "North brother is right. Don't you hate children? What are you looking for?"

"Where is it? When did I hate children?" Mu Junhao refused to lose.

That's what it used to be, OK?

Since Chen Chen and an an break into life, he doesn't hate children so much, OK?

But no one paid attention to him.

Mu Junhao is a senior DINK. He is also the president of the DINK family on the Internet!

Such a person suddenly says that he wants to have a baby, and no one believes it.

Mu Junhao angrily clenched his fist and made up his mind.

Don't wait until tomorrow, go back tonight, he'll have a baby!

Wait

Go back?

How can he subconsciously think of song Xiaoya? What the hell?

Who's going to have a baby with that man!

Mu Junhao shook his head and followed everyone into the office.

The resplendent headquarters of the excellence group is towering.

The top office of the president is decorated as a luxury villa.

Video room, rest room, outdoor swimming pool, indoor golf course, covering an area of 2000 square meters.

Yabei put Lanxin on the big bed in the rest room and pulled the quilt to cover her.

Just leave lightly, close the room door gently.

Mu Junhao three people looked at his skillful appearance, once again stunned.

I can't see that Beige has the potential of a father.

You can't go back to city B from Liluo by plane. The only means of transportation is ship.

In that month on the ship, there was no servant to follow, and Yabei took care of Lanxin alone.

After a month, I've been able to take care of my children.

Also deeply felt, Wenqiao alone with children's difficult.

He just took care of him for a month and then felt tired. When Wen Qiao gave birth to Chen Chen, he was only 20 years old, but he took such a small child to live abroad alone. It's hard to imagine.

"Let's start!" Yabei looked at the diamond watch on his wrist and rubbed his eyebrows wearily.

After wandering on the sea for a month, I couldn't bear to eat my iron body.

This also benefits from his good energy. If someone else gets off the boat, he will have to sleep for three days and three nights.

With such a large conference table, Yabei consciously raised his feet and went to the first position on the right hand side of the conference table.

Bai Yi Chen eyebrow heart a pick, pull open the chair of the main position, toward North Asia way:
"North elder brother, you sit here!"

The theme is the one who presides over the overall situation.

Excellence group has always been handled by Bai Yichen, although the person with the largest share is Yabei.

Yabei will never erase the credit of Bai Yichen, “you sit in the room, I sit next to listen to it.”

Bai Yichen joked: “brother Bei, I’ve been tired all these months, day and night. Now that you’re back, you should let me have a good rest.”

He was brought out by Li Fengbei. Li Fengbei can do a lot of things easily, but it’s very difficult to get to him.

What’s more, in the past few months, he has expanded excellence according to Li Fengbei’s instructions, and successfully carried out several acquisitions.

Today, the market value of excellence group has far exceeded that of Lishi group, becoming the largest financial company in B city.

It’s hard to imagine.

But I didn’t live up to my brother’s advice.

Yabei’s calm eyes flashed slightly, and no longer refused, “OK, let’s start!”

The three were seated in their respective positions.

Yabei glanced at everyone and said, “tell me what happened in B city in the past few months since I left.”

“The biggest thing is that Li’s group is now occupied by Jun yechen. In addition, Jun yechen, a member of Li’s family, has driven out B city.”

Bai Yichen turned on the tablet computer and pointed the screen to Yabei. “Look, this is the related report in recent months. I simply sorted it out, and you will understand it after reading it.”

Yabei stretched his arm, connected the tablet computer and watched the video on the screen. His fingers gradually clenched angrily.

Squinting eyes, a cold flash.

“Jun yechen, this is a malicious suppression.”

“North brother, what shall we do now?”

The Li family had no love for Yabei, but they were nurturing. Mrs. Li, in particular, has been very kind to Yabei since she was a child. She is even more kind than her grandmother.

“Find grandma and father first, and they’ll talk about it.”

Yabei looked at Bai Yichen, “do you know where Grandma and they have gone?”

Bai Yichen is ashamed to say: “North elder brother, Wen Qiao leaves together with them, as for where to go, we also don’t know.”

Yabei frowned.

Mu Junhao quickly explained: “we were going to settle them down, but I don’t know what happened. They didn’t get any news overnight. Even after we investigated for a long time, we couldn’t find out where they went?”

Yabei thought of a person, Jun face slightly changed, “where’s Xu Tianyu?”

“.....”

Mu Junhao looks at Bai Yichen, who touches his nose and says, “he’s gone with him.”

Smell speech, Asia North clenched finger, molar.

That's good. Are they really going to put a green hat on him without telling him?

As long as you think of a man who is eyeing his own woman all day long, the key is that this man is still his ex boyfriend. How do you think about it, you are not happy!

“Look! First of all, I'll find this woman in every corner of the world!”

“But The world is so big that we don't even know if they are still in China. Where can we find them?”

Mu Junhao was confused.

If there was a way to find them, they would have been looking for them, and they would not have waited for North brother to come back.

After all, when North brother left city B, he solemnly entrusted Wenqiao to their care.

If you don't take care of your brother properly, you will break your promise to your brother.

Smell speech, Ya North Mi starts Mou son, took cigarette box from the table in front of Bai Yi Chen, drew out a cigarette, put in the mouth.

Ignite, that pair of deep and charming eyes, under the white fog smoke, a squint streamer on the handsome face glides, showing the expression of interest.

“We don't need to find her. Let her come back by herself!”

“Ah?” All three looked at Yabei in shock.

But no one has any doubts about what Abel said.

In the hearts of the three of them, what Abel said was the same as the decree of God.

Three people faintly excited, “North elder brother, how should we do?”

“Global wanted!”

Chapter 616

“Global wanted?” Mu Junhao got excited and was eager to try.

Li Feng North topic a turn a way: “at the same time, take back what we lost in B city first, give her a complete home!”

Smell speech, three people immediately momentum soar, heroic incomparable ground says: “good! Let’s listen to beige. We can do whatever Beige asks us to do! ”

“First of all, take back Li’s group. If Jun yechen wants to swallow such a big piece of Li’s cake, it depends on whether I agree or not.”

Li Feng’s dark pupil suddenly narrowed and flashed a cold light.

Li’s group grew up with him, and gradually became a group of black horses in the national finance. How much hard work did he pay? He must not take advantage of Jun yechen’s hypocritical villain.

Overnight, when the King returns, the wind direction of the city will change again.

.....

In a remote town in the southwest.

A thrilling scene is happening.

A small business restaurant, because the use of unqualified gas tank, resulting in gas leakage, resulting in an explosion and fire.

The fire quickly spread to the shops nearby.

Almost half of the street was in a sea of fire, and hundreds of people were trapped.

The medical facilities in the small town are limited. There are only two or three regular hospitals, and there are few wards in the hospital. When such a thing happens, the hospital is too busy to stand on its feet.

“What’s the matter with you, Little Joe? Another batch of wounded people have been sent over there. There are not enough people. Finish the work here quickly and go there to help!”

“All right! I’ll finish right away, I’ll go right away!”

The Little Joe in my colleagues’ mouth is like Wenqiao who disappeared from B city with her children.

She was dressed in a proper pink nurse’s suit, holding a syringe in her hand, and inserted it into the blue medicine bottle accurately.

In front of the little boy scared straight to hide under the bed, small body shivering, covering his head, mouth shouting.

“I don’t want an injection, I don’t want an injection! You are all bad people! You get out of my way

The little boy has been here for a long time, but at least he doesn’t want an injection.

Father and mother dote on each other, but they refuse to take coercive measures, and coax and coax are not good.

It’s been a long time.

Change to do at ordinary times, Wen Qiao still can good temper coax a coax child, but now the matter is urgent, have to finish the task here quickly.

“Sir, madam, please catch the child. I’ll give him an injection.” Said winjo, consulting with the child.

Hearing that she was going to force her child to get an injection, the child’s mother jumped up immediately.

Pointing angrily at Wenqiao’s nose, he yelled: “you are a nurse. My son won’t give an injection. Shouldn’t you coax him? With what you said just now, I can sue you!”

Wenjo gave the angry woman a silent glance.

Can a mother who jumps up in a word really take care of her children?

Squat down, put the syringe behind, toward the little boy, voice gently asked: “children, do you want to be a hero?”

Wenjo’s voice was very gentle, completely different from the little boy’s mother’s violent voice.

“Hero?” Little boy slightly a Leng, thought for a while, then suddenly nodded, “think ah think ah!”

Wen Qiao said with a smile: “people who want to be heroes are brave men. Men are bleeding and sweating, aren’t they?”

“Well. They are all brave The little boy said in a clear voice.

“Yes, heroes are brave enough not to be afraid of injections, are they?”

“Yes...” The little boy hesitated, “really?”

Wenjo pointed to the bed beside him. “Do you see the fire brigade uncle over there? Uncle firemen are heroes. They are not afraid of injections at all. ”

The little boy looked in the direction that winjo was pointing to and saw a nurse giving an injection to an injured fireman.

The fireman rolled up his sleeves without blinking.

The little boy felt a sense of respect in his heart. He didn’t seem to be so afraid. He slowly climbed out of the bed.

“I want to be a hero. I’m not afraid of injections,” he said

“Good boy

Wenqiao coaxed the little boy out from under the bed. Smiling, he grabbed his arm. Before he came and when he was afraid, he took up the syringe and stabbed it into the blood vessel quickly.

Suddenly, there was a scream like killing a pig in the ward.

“Ah! It’s killing me. I’m going to kill you!” The little boy struggled and cried.

He felt cheated by the girl, so he didn’t want to be a hero.

“Wuwuwuwu ~”

Wenqiao pulled out the needle and patted the little boy’s cute head with a smile. “It’s OK. As long as you don’t cry, you will become a hero when you grow up!” “Woo “Ah...”

Little boy to the mouth of the cry to forced back, a pair of watery big eyes glare at Wenqiao.

Wenqiao was adored by the little boy. With a smile on his lips, he gently rubbed the little boy’s head. “It’s OK. Is the injection not so terrible?”

“.....”

The little boy nodded hesitantly.

Sister nurse is so gentle, and the injection doesn’t hurt at all.

The little boy’s parents stood aside, watching the interaction between Wenqiao and the little boy, and bowed their heads in shame.

Wenqiao finished the work here, and rushed to the other ward to help.

A month ago, she brought her children and Mrs. Li to this small town on the southwest border and settled down.

That day, old lady Li had a headache. She accompanied old lady Li to the hospital for injection.

Inadvertently see the hospital in the recruitment of nurses, immediately submitted a resume.

Although she is pregnant with a baby in her stomach, now she has two children in her family and a sick grandmother to take care of, so she can only come out to work.

In this kind of town, wages are not high.

Capable people choose to work in big cities to earn money, which leads to the shortage of manpower in local hospitals.

This hospital happens to have a nurse approaching the due date of delivery, and the hospital has no candidate to replace this nurse.

After studying medicine with George for several months, she has the ability to be a real doctor, but she lacks professional qualification and can only be a temporary nurse.

It has been two months since I left the imperial palace of the state of Shiluo.

As the saying goes, time is the best medicine for trauma.

After these two months of running, living in no fixed place, she has been from the first lost, to now forced to accept.

She has learned how to leave North Asia and live alone.

There are two children to support, and old lady Li can't get up and linger on the sickbed after she gets angry.

It costs money to see a doctor, it costs money to raise a child, and even it costs money to leave milk powder for the baby when his stomach grows bigger every day

She is so busy now that she has no time to think about those romantic things.

“What are you doing, Little Joe? Director Gu asked you to go to his office! ”

A colleague sitting next to her called at her.

“I’ll be right there!”

Wenqiao took back his mind, straightened his pink nurse’s clothes, and stepped out of the office.

Chapter 617

When I got to the door, I was stopped by a beautiful figure.

Guo Jiaojiao stood in front of her, casually playing with her new nails, joking: “Yo, director Gu called you again?”

The voice of yin and Yang is very uncomfortable.

Wen Qiao knows that Guo Jiaojiao has never dealt with herself.

Ignore her and walk around.

Guo Jiaojiao, who is so easy to let her go, stepped forward and stopped in front of her, her beautiful little face was a bit unhappy.

“Hey, I’m talking to you. How dare you ignore Miss Ben?”

At ordinary times, it’s better to do more than one thing less. But today, after a busy day, we don’t even have time to drink water, but Guo Jiaojiao still has leisure to find fault with others.

“Miss?”

Wenqiao stopped, clear eyes looking at Guo Jiaojiao angry face, a smile, “Miss, I remember is a special industry, we are all nurses, you call yourself as if some is not appropriate?”

Guo Jiaojiao was stunned and her face was distorted.

Clenching his teeth, clenching his fist, he was about to come forward and tear wenjo’s mouth.

“Wenjo, I’ll tear your mouth!”

As soon as Wenqiao’s face changed, he subconsciously protected his stomach and dodged aside.

“Guo Jiaojiao, there are monitors all over the corridor. Are you sure you want to do this?”

Guo Jiaojiao is holding her shoulder, looked up at the direction of the corridor, finally can only reluctantly let go.

Clench one’s teeth to threaten a way: “Wen Qiao, you bully me, I want to tell my darling to come to deal with you!”

With that, he clenched his fist, stepped on his high heels and walked away indignantly.

Chen Lan and Wang Yi from the same department looked at her anxiously.

“Xiao Qiao, Guo Jiaojiao is the girlfriend of the prince of the hospital. You dare to fight against her. It’s really brave!”

Hospital Prince’s girlfriend?

Winjo’s headache is on her forehead.

She doesn’t even know that, okay? But Even if she knew that she was the prince’s girlfriend, she would do so.

It seems that this time I offended another cold nail.

Wenqiao rubbed his eyebrows and went to the master’s office.

The door of the office didn’t close tightly, revealing a five finger wide gap.

Wen Qiao looked inside and gently opened the door. “Director, you call me?”

Gu Chusi heard Wenqiao’s voice, raised his head from the document, took off his high myopia glasses, rubbed his eyes, put them on again, and said to Wenqiao, “come in, find a seat.”

Wen Qiao’s impression of Gu Chusi is pretty good.

Integrity, strong professional ability.

It is said that he is a medical professor hired by the hospital with high salary.

He is only 28 years old, young and handsome. Many girls in the hospital fall in love with him.

Wenqiao sat down in the chair in front of him, thinking about the purpose of calling himself to the office, nervously grasped his finger, hesitated and asked, "director Gu Is my work not up to standard?"

After all, she was hiding the fact that she was pregnant. Every time she faced Gu Chusi's sharp eyes, she felt afraid conditionally, as if her secret had been seen through by him.

Gu Chu's pretty face was clearly buttoned up, his lips were hooked, and he said, "do I look so terrible?"

Wenqiao said with a smile, "it's a little bit."

Gu Chusi joked: "it seems that my boss is not very successful. She makes beautiful female subordinates panic all day long. Don't be nervous. On the contrary, you are doing well, so I'm going to send you to this month's performance training."

"Me?" Wenjo asked incredulously, pointing to himself.

"I'm just a temporary worker, and I've only been here for less than a month, and I haven't signed a formal contract yet. I'm afraid I'm not qualified enough."

Although such opportunities are rare, paid training can not only increase the level of business, but also double the salary.

Such a good thing, we all want to break the head, how can it be her turn?

The key is that it takes a week to train in the field.

She can't leave at all. She needs to take care of her two children and her grandmother.

"It doesn't matter whether you are qualified or not. The most important thing is that you have the ability." Gu Chusi said.

He has a good influence on the girl who is neither arrogant nor impatient, diligent and hard-working. Looking at the whole nursing department, she is the most qualified to participate in the training.

Wenqiao refused: "director Gu, thank you for your kindness. I'm afraid I can't leave because I have something at home."

Gu Chusi frowned and pushed the information to Wenqiao. "This opportunity is rare. You go back and think about it. I think it's inevitable to overcome the difficulties in the workplace."

Gu Chusi said this with the share, Wenqiao had to pick up the information, "OK, I'll go back to think about it, tomorrow to work to give you an answer."

"Yes, go back to work." Wenqiao went back to work and looked at the information in his hand.

I have a headache.

This training is a rare opportunity for industry authorities to come here for training.

Wenqiao was a little excited, but the thought of Chenchen and Anyan made her give up the idea at once.

Chen Chen and an an, the two children, have felt something wrong since they were brought back from the presidential palace.

She could not tell exactly what was wrong.

In short, both became silent.

Ann, in particular, used to be such a lively child. Now she sticks to Chenchen all day and doesn't say much. Sometimes she screams for no reason, like being scared by something.

Every time I ask her what's the matter, she doesn't say anything. She really feels headache. She has nothing to do.

At 5:30 p.m., Wenqiao did a good job of shift handover, changed his work clothes and took the bus home.

In a small farmyard, Chen Chen and an an are sitting at the door with a small bench waiting for her to go home. There is a dog squatting under the bench.

The afterglow of the setting sun, the shadow of two people and a dog pulled very long, this scene can not say the warmth.

"Mommy, you're home!"

Seeing Wenqiao coming home, Chenchen and Ann called out.

"Come on, Mommy, hold on!"

Before the change, Ann would open her arms and run into her arms happily every time she saw her.

But now, she is standing in the same place, a pair of clear eyes with a trace of wood to look at her.

Wenqiao sighed helplessly and took back his arm. "Ann, what do you want to eat at night? Can Mommy do it for you?"

"Mommy, I want to eat sweet and sour fish."

Ann said, but a pair of small hands are tightly holding the hem of Chenchen's clothes.

Wenqiao glanced, her eyes flashed slightly, and a sigh slipped by.

“Ann, come on, let Chenchen go and take mom’s hand, OK?”

Ann stretched out a hand, holding Wenqiao’s hand, the other hand is still holding Chenchen’s clothes refused to let go.

“Chenchen, how about you?”

“I don’t care!”

Chenchen was the same cruel little boy who yelled at Ann impatiently: “take your hand away!”

Ann shriveled her mouth and burst into tears.

“Wu Wu Wu ~”

Wen Qiao felt distressed for a while, holding an An’an in his arms and coaxing him in a soft voice:

“An’an, don’t cry!”

And toward Chenchen scolded: “sister holding you is a good relationship with you, why do you yell at her?”

“.....”

Chen Chen saw an an eye, a pair of beautiful ink pupil is helpless.

“Don’t cry, just hold on if you want to!”

An’an broke her tears into a smile and took Chenchen’s clothes again.

Wenjo frowned.

What happened to Chen Chen and an an in the presidential palace?

Why does An'an suddenly become so sticky and insecure? Can't even her mother give her enough sense of security?

Chapter 618

In front of the yard came a joking voice, "is the sun coming out from the West today? Someone leaves work earlier than me? "

There is no need to look back to know whose voice it is. Wenqiao turned his head and explained, "I'm tired a few days ago. I don't need to work overtime today."

"I came back with vegetables." Xu Tianyu twisted a supermarket shopping bag in his hand, "good morning, you see, what did Uncle buy for you?"

"Transformers!" Chenchen said without expression.

As soon as Xu Tianyu choked, he said helplessly: "it seems that he has been rejected!"

"Er..." "The boy hasn't played with it since he was two years old," said winjo

"....."

Li Fengbei's seed is so abnormal!

Xu Tianyu gave a rabbit doll to an an, “an an, this is what my uncle bought for you. Do you like it?”

“Yes, thank you, uncle!” Ann said sweetly.

When laughing, two small pear vortices appear. They are lovely and charming.

“Oh, how lovely it is

Xu Tianyu couldn't help but squeeze An'an's face.

Wenqiao looked at the rabbit toy in Ann's hand, with a slight frown.

Ann saw this toy in the supermarket before and liked it very much, but the price was too expensive. She was not willing to buy it. Unexpectedly, Xu Tianyu remembered it and bought it back.

“Senior, don't waste this money any more. It's enough for children to have one or two toys!”

“What other people have, they have to be talented too!” Xu Tianyu dotes on Tao.

Wenqiao helpless, “they will be spoiled by you.”

Xu Tianyu turned his head, his eyes fell on Wen Qiaoxiang's peaceful little face, half joking: “I want to spoil them all the time, but I don't have this chance.”

Wenqiao eyebrows pick, quickly change the topic: “let's go in, it's late, the children are hungry.”

In the dead of night, Chenchen and Anpai lie in bed and sleep deeply.

Even if she fell asleep, Ann's hand still held the hem of Chenchen's clothes tightly.

Winjo felt a twinge of pain and pulled her finger open.

Ann felt someone move her. She curled up and trembled. Her little mouth murmured something.

"Don't Don't..."

"Ann, what are you talking about? It's mom. Don't be afraid!"

Wenqiao put her arms around ANN, patted her on the back gently and said, "don't cry, mom is here, mom is here!"

Ann smelled the familiar smell on her body and gradually quieted down.

There was a cold sweat on his forehead.

Wenqiao reached out to wipe the sweat on her forehead, and cherished her face.

What happened to these two kids? Why is Ann so upset?

.....

The next morning.

Wenqiao made breakfast and couldn't wait to go out to catch the bus to work.

Xu Tianyu wring a few pieces of fresh bread to chase out, "Qiao Qiao, bring breakfast!"

“Thank you

Wenqiao took it and rushed to the opposite bus sign without looking back.

Xu Tianyu sighed helplessly and yelled behind him: “slow down! Be careful to fall down

When Joe arrived at the hospital, the meeting was already over.

“I’m sorry I’m late!”

“Don’t be late next time.”

“Yes

There was a pain in wenjo’s flesh.

Originally, the salary of internship was not high, but now it has been deducted by 100. When the

crowd dispersed, Guo Jiaojiao walked up to her in front of her high-heeled shoes and looked at her with big eyes.

“If you have breakfast at work, you can deduct 50 yuan.”

“.....”

Winjo gritted his teeth and had to throw his breakfast in the dustbin.

After sorting out today’s work ideas, Wenqiao came to Gu Chusi’s office, “director Gu, thank you for taking care of me, but I can’t go to the training. There is no one to take care of my children. I can’t do without them!”

“Child? You have a child?”

Gu Chusi’s eyes swept over her ring finger.

No ring, so she’s a single mom now?

Gu Chusi’s elegant vision flashed a little dim, and said: “take good care of the children first, if If you don’t mind, you can take the baby to my home for a week. My mother lives with me

“Ah?”

Wenqiao is flattered, repeatedly waved, “no, no, no, no, no, no, no, no, no, no, no, I’m tired of taking care of the children!”

“In that case, I can’t force you any more, so let it go?”

“Thank you, director Gu!”

Although Gu Chusi’s words may just be polite, Wenqiao said gratefully.

The door is not closed.

Guo Jiaojiao walked by the door and just heard the conversation between them. She had an application form in her hand. She wanted to apply for this month’s training, but she didn’t expect that Gu Chusi gave the quota to Wenqiao directly.

Suddenly clench teeth, beautiful face because of jealousy become distorted, really hateful!

Hum!

When winjo came into the office, he felt something was wrong with the atmosphere.

Chen Lan looked at her with envy. "Xiao Qiao, I really envy you. You just came to the company and you can attend the training. I have applied for three or four years in a row, and I have not been selected once."

I have been working in the hospital for three or four years, and I am also an old employee.

I didn't expect that I could not compare with a trainee nurse who had just arrived at the hospital for a month, who would feel sour in his heart.

How did they know about it?

Wen Qiao looked up at Guo Jiaojiao standing at her desk and thought about it with her toes to know who said it.

Wenjo picked her eyebrows and sat down in her place.

"There's something at home, so I can't go."

She managed to make a good relationship with her colleagues in the office, because this matter will become cold again.

Guo Jiaojiao put her hands around her chest and looked at Wen Qiao's quiet and beautiful face. She was envious.

Deliberately raised a high tone and said: "director Gu is not bringing children to you! He is so kind to you. Why don't you go?"

Guo Jiaojiao this shout, colleagues in the office, or colleagues passing on the corridor, all stopped one after another.

The look at winjo became meaningful.

It turns out that director Gu and Wen Qiao have such a relationship!

There are many little girls in the hospital who are in love with Gu Chusi secretly. When they hear that Wenqiao has children, they seduce their male God and look at Wenqiao indignantly.

Women who already have children are shameless!

Wen Qiao sighed, had to stand up, explained: "I and director Gu clean, simple subordinate relationship."

"Cut! Who believes it

"I have a husband!" Said winjo as a last resort.

Hear Wen Qiao say oneself have husband, nervous atmosphere just begins to ease up.

Guo Jiaojiao grabbed her hand and said sarcastically, "you don't even have a ring. Your husband is a poor man, right?"

Wenqiao raised his eyebrows, and his eyes glided across a trace of unhappiness.

"Guo Jiaojiao, does my husband have any money? It seems that he has nothing to do with others? Rich or not, as long as he is kind to me, we can have a good time! "

"Oh, die to face, live to suffer! Just show off in front of us

Guo Jiaojiao said triumphantly, deliberately revealing the diamond ring on her ring finger.

“What are you doing here? Don’t you have to go to work? ”

Behind the crowd in the corridor, there was a cold voice.

Gu Chusi stood behind everyone with a cold face.

Chapter 619

All of them were surprised and immediately dispersed in the shape of birds.

Gu Chu Si looked at Wen Qiao, then looked away the next second, and said to Guo Jiaojiao, “come to the office with me.”

“Yes, chief.” Guo Jiaojiao Di replied.

Walking out of the office, he hit wenjo on the shoulder.

Half an hour later, we all know that the training list is Guo Jiaojiao.

Guo Jiaojiao had a night’s pillow breeze in the ears of the prince of the hospital, and finally let him promise to change the training quota to her.

When wenjo heard the news, he was relieved.

Fortunately, we just refused director Gu’s request, otherwise everyone would be embarrassed now.

Guo Jiaojiao stepped on the high-heeled shoes of 10 cm, like a model walking on the stage, and stuffed the documents in her hand into Wenqiao’s hand.

“I’m going to train in the city tomorrow, and my business will be transferred to you, please!”

Wenqiao slightly twisted her eyebrows and took it,

anyway, it's all work. She doesn't mind taking the job.

"Well, is there anything special that needs to be explained?"

For example, whether the patient has any special circumstances should be explained.

"No, you can just follow the above."

"Good!"

After the handover was clear, Wenqiao went back to his job.

Hum!

Guo Jiaojiao looked at Wen Qiao's back, her eyes flashed a successful sneer.

At twelve o'clock at noon, Wenqiao was dining in the dining hall when he heard an alarm.

The alarm came from inpatient 405 on the sixth floor.

405 on the sixth floor is a fireman officer who was injured in the last fire.

He ran into the fire and rescued a three-year-old girl whose skin was heartlessly burned by the fire.

Wen Qiao's heart was shocked. He left his lunch box and rushed upstairs.

"What's the matter? What happened? "

saw a man lying on his bed, vomiting uneasily, with a white foam in his mouth and breathing rapidly, as if he would faint in the next second.

Wenjo's heart suddenly tightened, which was obviously a symptom of allergy.

How could that be?

The firefighters have been in the hospital for three or four days, so the medicine is injected according to the normal dose, how can allergy happen?

As soon as the fireman's wife saw winjo, she had to kneel down.

"Nurse, please call the doctor to have a look. My country is allergic again!"

Again?

Something flashed through winjo's head.

"The doctor will come soon. Don't worry!"

Gu Chusi came over in a hurry. Looking at the appearance of Xu Jianguo, he immediately got angry.

"Who injected him with penicillin?"

Wenqiao's heart beat, "director Gu, it's me."

"You?" Gu Chusi was stunned for a moment.

In the whole nursing department, Wenqiao is the most attentive, how can there be such an obvious mistake?

He asked incredulously, "Xu Jianguo is slightly allergic to penicillin. I have already changed to other antibiotics. Why do you give him penicillin injection?"

There was a bang in Wenqiao's head. His eyes were wide open in shock. "I I don't know..."

She didn't know about it at all. At the time of handover, Guo Jiaojiao didn't explain it to her at all.

"I don't know, you can ask!" Gu Chu Si angrily low roars a way, the first time toward Wen Qiao angry.

Wenqiao lowered her head in shame. Although Guo Jiaojiao deliberately concealed it, there were some reasons for her.

"Yes I'm sorry

Gu Chusi made potions for Xu Jianguo, but he didn't even give Wen Qiao a look in his eyes.

He was so disappointed in her.

Seriously, the lives of patients are in the hands of their medical staff.

No medical staff can neglect their duties, no matter what the reason is!

Wenqiao clenched his fingers, and at the same time, there was a strong anger in his heart.

She clearly asked Guo Jiaojiao, but she said that there was no special situation, and even the information handed over did not make an explanation.

Xu Jiaguo risked his life to save others and was injured. His spirit was very sad, but he almost lost his life because of the personal grudge between Guo Jiaojiao and her.

Guo Jiaojiao!

Wenqiao clenched his fists in anger, and the veins on the back of his hands burst out.

When this happens, the hospital can't ignore it.

President Xu Changqing sat in front of the conference table with a cold face and slapped the table heavily.

"It's really hard for me to believe that such a bad thing will happen in our Ivy League hospital. What else do you have to say, wenjo?"

"Dean, I really have my responsibility for this matter, but Guo Jiaojiao also has the responsibility!" Guo Jiaojiao sat at the bottom of the conference table, picked her eyebrows and said, "Wenqiao, don't blame me for this. I told you that you don't care. How can you blame me?"

"I asked you back clearly. You told me that there was no special situation to pay attention to."

Vinjo said angrily.

"Wenjo, you don't have a good memory! I also told you to take good care of the patient. You should not be a nurse with such a memory Ah

Guo Jiaojiao's words had not finished, and she was slapped heavily on her face.

Wen Qiao held the palm of his hand, and his small face was angry. He gritted his teeth and said, "Guo Jiaojiao! Do you have any conscience? Xu Jiaguo almost sacrificed himself in order to save others. He is a hero of the country, but you wasted Xu Jiaguo's life because of a little contradiction between you and me. Are you worthy of being a man? "

Winjo's clenched fist was shaking even his fingers.

She was really spoiled by Guo Jiao!

Even if there are some quarrels between them, they should not fight with the patient's life!

Wenqiao's words were sonorous and forceful, and everyone present was frightened by her momentum.

I didn't expect that Wenqiao, who is always gentle and soft, has such a strong side.

Guo Jiaojiao covered her hot face and looked at Wen Qiao incredulously, "do you know who I am? How dare you hit me?"

"Isn't that a man's mistress? What makes you feel so superior that you dare to waste other people's lives!"

"You Guo Jiaojiao was scolded by Wen Qiao in front of so many people. She immediately covered her face and ran out crying.

"You wait for me, I'll let my dear deal with you!"

The president was also hired from outside, so the real director of the hospital was not present.

Looking at this situation, the Dean probably knew what was going on.

It's wrong for two women to make fun of the patient's life because of a small quarrel.

The Dean sighed, came over, patted Wenqiao on the shoulder, and said with a heavy face: "Wenqiao, maybe there will be a punishment on this matter. You should be psychologically prepared."

Wenjo pursed her lips and said nothing.

She knew that Guo Jiaojiao would tell the young owner of the hospital about it and let him punish herself.

But she didn't regret it at all!

For Guo Jiaojiao such behavior, in addition to anger, only chilling.

It's too hateful to waste others' lives for the sake of one's own interests.

Chapter 620

At two o'clock in the afternoon, Wenqiao had just finished giving the patient a drip. When he returned to the office, someone called out: "Xiao Qiao, director Gu asked you to go to his office!"

"All right!" Venjo took a deep breath.

It's fast!

Open the door, Gu Chusi's small office was full of people.

Guo Jiaojiao covered her red and swollen face and stood beside a fat man.

The man is about forty or fifty years old, with a beer belly and a bald head.

“Honey, my face is going to be disfigured. You must do justice for me!” Guo Jiaojiao cried.

The fat man, who is the young owner of the hospital, is called Li Qinghuan.

Wen Yan patted Guo Jiaojiao on the back of her little hand and comforted her: “don’t cry. I promised to vent my anger for you? If you dare to beat me, I’m afraid you don’t want to live! ”

Wenqiao’s mouth was full of smoke. She thought it would be a young man. She didn’t expect that the old man, who is over 50 years old, still looks like this

The way Guo Jiaojiao nestled in his arms was like holding a daughter.

“Mr. Li, I’m not wrong about this!” Wenjo said with a calm face.

Li Qinghuan sat with his back to the door, so he didn’t see Wenqiao at all.

Hearing the beautiful voice, Li Qinghuan turned to look at the door.

When you see the pretty and lovely Wenqiao at the door, a pair of yellow squinting eyes, immediately burst out a salivation of the essence.

In a place like a small town, there are limited beauties. Guo Jiaojiao’s appearance can only be regarded as medium, but it is rare here.

At first glance, Wenqiao has a slim figure, straight and elegant back, and a small face without powder, such as water hibiscus.

It’s just the posture of heaven and man.

Suddenly, Li Qinghuan's eyes were straight.

Guo Jiaojiao looks at Li Qinghuan's eyes, the secret is not good.

The eyes that stare at Wen Qiao can spurt fire to come, point to Wen Qiao, indignant say: "darling, is she beat me!"

Li Qinghuan restrained his expression, coughed softly, and said solemnly, "are you Wenqiao?"

"It's me." Wen Qiao looked at Li Qinghuan calmly.

Li Qinghuan looked at Wenqiao's rebellious posture, and he liked it even more.

"It's wrong of you to hit someone when you make a mistake, you know?"

As soon as Guo Jiaojiao saw this form, she twisted her waist and said with dissatisfaction: "honey, don't be confused by this woman's appearance. She is very good at deceiving people!"

Wen Qiao: "I'm not sure."

When was she good at cheating?

This woman really is what words open mouth to come!

"Guo Jiaojiao, when did you see me cheating? The speech should be based on facts. Don't open your mouth. We are all adults. We are no longer children!"

Guo Jiaojiao choked, "I..."

But they had only known each other for less than a month, and they could not say anything about Wenqiao's deception.

What's more, usually Wenqiao does things without dropping water. For a moment, she really can't find her mistakes.

Except this time, of course.

Li Qinghuan frowned in displeasure, and immediately felt that Guo Jiaojiao was as noisy as her name!

Cold face, toward Guo Jiaojiao drink: "you give me a little quiet!"

"....." Guo Jiaojiao looked at Li Qinghuan incredulously, tears came out, "dear, how can you attack me?"

"Cry again and you'll go out!"

"....."

Guo Jiaojiao bit her lip and closed her mouth reluctantly, but her eyes were fixed on Wen Qiao.

If this look is a sword, Wenqiao believes that she has been killed thousands of times by Guo Jiaojiao.

Li Qinghuan waved to Wen Qiao, "what are you doing standing so far away? Come and sit here and tell me the story slowly."

Wen Qiao silently looked at the position beside Li Qinghuan, walked over and sat down opposite Gu Chusi.

"That's what happened. I didn't know that Xu Jiaguo was allergic to penicillin at all. Guo Jiaojiao obviously knew about it, but because she wanted to frame me, she deliberately concealed information."

Guo Jiao Jiao glared at her eyes and said, “you’re bullshit! I’ve told you, and I’ve told you again and again to pay attention to it! ”

Li Qinghuan watched Wen Qiao refuse his kindness and sat so far away from him. He frowned and his tone became cold.

“Jiaojiao, such a kind woman, how could she do such a thing! I think you are jealous of Jiaojiao and deliberately set her up? ”

“Oh There was a sneer on Wenqiao’s pretty little face. “I’m jealous of her? What can she do to make me jealous? ”

Sell your body, be a lover of an old man in his fifties, in exchange for some poor luxury goods? The so-called rich life?

Oh! She really despises these!Wen Qiao said this, not only Guo Jiaojiao, even Li Qinghuan are angry.

“Since you have such an attitude, then this matter can only be done as a matter of business. This month’s salary will be deducted, and Xu Jianguo’s economic losses will be compensated, as well as the reputation loss of the hospital!”

Wenqiao frowned. “How come you don’t rob the bank? I will never admit it

Big deal on the resignation, such a hospital, she did not have the need to stay.

This kind of punishment is too much.

Gu Chusi, who had been silent, said, “Mr. Li, it’s better to...”

“There’s no place for you to talk! Stay away

Before Gu Chusi's words were finished, he was interrupted impatiently by Li Qinghuan.

Gu Chusi didn't like the second generation ancestor at all, and his voice cooled down. "There is monitoring in the place where Wenqiao and Guo Jiaojiao hand over their work. We can transfer the monitoring out, and it's clear at a glance."

Heard that there is monitoring, Guo Jiaojiao immediately flustered, "this is my privacy, you do so is an infringement of my privacy."

Gu Chusi said with a sneer: "what is happening now is a criminal responsibility incident. There is no such thing as privacy."

Guo Jiaojiao turned pale and took Li Qinghuan by the hand. "Honey, they are bullying me. The fact is in front of you. Don't be cheated by them!"

Of course, Li Qinghuan knew what kind of person Guo Jiaojiao was. He just saw that she was obedient and could live, so he stayed by her side.

It's mostly her own business.

But his words can't be taken back.

What's more, she will use it to suppress Wenqiao's spirit and force her to a dead end!

Li Qinghuan made up his mind and said in a cold voice, "this is what I'll say for the time being. When my father comes back, I'll report it to him."

Said, patted Guo Jiaojiao's hand, "baby, you go out to work first."

"Well, honey, I'm going."

Although she didn't drive Wenqiao out of the hospital immediately, which was different from her purpose, she couldn't say how happy she was when she thought that Wenqiao would bear so much compensation.

When she passed by Wenqiao, Guo Jiaojiao gave her a cold hum.

Li Qinghuan looked at Wen Qiao and said, "you can go too. Come to my office to see me after work."
