### Chapter 621

Wen Qiao and Gu Chusi wring their eyebrows.

Wenqiao is not familiar with Li Qinghuan. Gu Chusi really knows Li Qinghuan's personality and likes beauty.

It's not good to call winjo to the office alone after work!

"Mr. Li, if you have anything to do, just say it here. I'm also here. After all, I'm her boss!"

Li Qinghuan glanced at him and said, "Gu Chusi, you have repeatedly contradicted me. I haven't investigated your responsibility yet. You know how to buckle yourself. Since you are her boss, you should take the responsibility for her!"

As soon as Wenqiao's face changed, he said in a hurry, "it's none of the director's business. I'll come to your office after work."

"Well, that's about the same!"

Li Qinghuan reached his goal and went out with satisfaction.

Gu Chusi frowned, "why do you promise him? He is famous Well, forget it. I'll go with you after work. "

"OK, thank you, director Gu."

I feel uneasy all day. No matter how I don't want to face Li Qinghuan, I come to work as scheduled.

Near the end of work, Gu Chusi was found an excuse by Li Qinghuan and sent out on a business trip.

As an employee of the hospital, Gu Chusi refused the boss's request.

But how to think or not at ease, they found Wenqiao's family contact list, to her family made a phone call.

Wen Qiao stood at the door of Li Qinghuan's office, nervous.

He raised his hand and knocked on the door.

"Come in!"

"Mr. Li."

"Come and sit down!"

Wenqiao found a place farthest from Li Qinghuan and sat down.

Li Qinghuan picked up the hot tea in front of him, got up, sat down next to Wen Qiao, and said with a sincere face, "Wen Qiao, it's not me who said you. It's clear that you can be happy as long as you take a soft suit. How can you not understand it?"

Wen Qiao smelled the bad smell of smoke on him and wanted to vomit.

"Mr. Li, I said that this matter is not my main responsibility. If you insist on listening to Guo Jiaojiao, I can only choose to call the police and let the police deal with this matter."

"Why are you so stubborn?"

When Li Qinghuan was threatened, he became angry. "Do you think you can stay here well if you do this?"

He is a local snake here. As long as Wenqiao really dares to do so, he will make her unable to stay in this city.

Wenqiao got up, "since Mr. Li is so sure, I can't talk about it any more. I will choose to call the police."

For this kind of person, she can only pick up the weapon of law.

Li Qinghuan looked at her back and said, "do you think you can walk out of my office safely today?"

Winjo reached for the door handle, but couldn't open it.

He immediately pulled down his face and asked angrily, "Li Qinghuan, open the door. It's illegal for you to do so. I can sue you to jail!"

"Yes? Then go and Sue

Li Qinghuan laughs and walks towards her.

Wenjo stepped back warily, protecting her stomach, and her heart beat to her throat.

She didn't expect that Li Qinghuan should do something to her in the hospital.

"If you come here again, I'll shout!"

"You shout, the colleagues outside the door have been set aside by me. Now there are only two of us on the whole floor. Shout!"

“You

Wenjo gritted her teeth in anger, but now she had to find a way out of the situation.

Holding her finger, she warned, “Li Qinghuan, I warn you not to mess around. I have a husband. My husband is not someone you can afford!”

“Oh! Is that your poor husband? Jiaojiao has told me that you don’t even have a wedding ring. You’d better follow me if you’re such a poor man? I’ll give you everything you want!”

Li Qingguo pinched Wen Qiao on his waist.

Wen Qiao’s face changed and he pushed Li Qingguo away. “Don’t come here!”

With all her strength, Wenqiao was really pushed away by her.

Li Qinghuan’s chubby body bumps into a corner of the desk behind him, and he gets angry.

“You’re a real toaster, no penalty!”

Li Qinghuan strode forward and grabbed Wenqiao’s hair.

“You dare to push me, young master. I’ll give you a taste of my power.”

With that, Li Qinghuan pushed Wenqiao to the sofa.

Wen Qiao was so scared that he couldn’t help shouting: “Li Fengbei, help me!”

“Li Fengbei?”

Li Qinghuan, who was about to be pressed down, gave a little laugh and said, “who is Li Fengbei? Is that him?”

I think it’s funny that winjo’s sudden cry.

Li Qinghuan got up, took the remote control on his desk and opened the huge LCD screen on the wall. Before winjo came in, he was watching the financial news.

The news just showed that Li Feng, the former president of Li’s group, returned to China and bought 51% of the shares of Li’s group. He became the owner of Li’s group again and became the leader of Li’s group.

Li Fengbei is Li Qinghuan’s idol.

Such a god like man, Wenqiao just called him to save her!

I really don’t know the heaven and the earth!

Li Qing’s shoulder trembled with laughter and pointed to the TV screen, “are you talking about him? You just called him to help you?”

Wenqiao’s eyes were staring at the TV screen for a moment. The whole person became numb and forgot to respond.

Li Fengbei is back!

He went back to Lishi and became the president of Lishi group again!

What about Liluo? And the blue heart?

Did he come back to city B with him?

After more than two months to see Li Fengbei again, even across the TV, her heart beat up.

Surrounded by bodyguards, Li Fengbei leads a little girl down from the headquarters building of Li's group.

The reporters who had been squatting at the door all of a sudden swarmed up.

The microphones are aimed at Li Fengbei.

"Mr. Li, you are coming back to China fiercely. Do you want to take control of the Li group again?"

"Why did Li's group change its ownership before?"

"What are your plans for the future? Will it bring Lishi group into a new era? Now the national economy is depressed, will you take Lishi group to a new economic era? "

One by one, the problems hit Li Fengbei.

The man, dressed in a black windbreaker, has a long body. His expressionless face is wearing a pair of wide sunglasses. The eagle Falcon's line of sight turns to the camera and sweeps it gently.

"I have nothing to say about all this. The specific arrangement of the company depends on the plan of the operation team."

The crowd quieted down.

At this time, the crowd suddenly burst out with an excited scream: "what a beautiful little girl, is this your daughter?"

With this exclamation, it was found that Li Fengbei was holding a little girl about four or five years old.

A pair of deep and charming eyes, white porcelain skin, long curly black hair, delicate like a doll.

This facial features looks like Li Fengbei.

The crowd was a sensation again.

Chapter 622

Blue heart looks at this scene and hides behind Li Fengbei in fear.

Li Feng North slightly twisted eyebrows, toward the side of the bodyguard to see a dead look.

The bodyguard came forward and smashed the camera that captured the little girl.

There was a live broadcast, and there was chaos.

However, Li Fengbei is a symbol of power and money in this city. Everyone dares to be angry at his bandit style.

The screen has been switched to something else. Obviously, the live broadcast is not very successful, and the situation is continuous.

Wenqiao's mind is still a little girl's scene.

Such a beautiful little face looks like Li Fengbei. What's more, her eyes are ice blue!

Maybe others didn't find out.

But Wenqiao was sharp eyed to find that just when the little girl was angry, her eyes flashed ice blue.

It's a special characteristic of royalty.

Chenchen is like that!

So this little girl is really Li Fengbei's daughter.

How could he have such a big daughter? Who gave birth to him?

I remember that he once told her that she was the only woman in his life.

If she is the only woman, how did such a big child come from?

Thinking of this, her heart was like being crushed by broken glass, and she was in pain.

Seeing that the picture was gone, Li Qinghuan turned off the TV and looked back at Wen Qiao.

With a proud face, Li Fengbei seemed to be his great relative.

"Do you know who Li Fengbei is? Such a powerful man, do you still want to say that Li Fengbei is your husband and your child's father?"

Wenqiao closed his eyes, forced to swallow the bitterness of his heart.

"Li Qinghuan, you were right just now. He is indeed my husband and father of my child. Please let me go quickly."

Li Qinghuan didn't expect that she could be tough. "If he's your husband, then I'm the king of heaven."

Li Qinghuan rips off Wen Qiao's clothes to show his white and tender shoulder.

Winjo's face changed and he screamed, "help! Help

"It's no use. Be good. I promise to be light!"

Just at this time, the door of the room was kicked open.

Xu Tianyu appeared at the door with a cold face, and his eyes were full of the storm.

"Let go of your pig hoof hands and don't touch her!"

Dissatisfied with being disturbed, Li Qinghuan looked at the door. When he saw a strange face, he threatened: "who are you? This is my office. If you break into my office, I can let the police catch you!"

Xu Tianyu narrowed his eyes and looked at Wen Qiao's clothes, which were pulled apart. A cold light flashed by.

Striding forward, wring his fist, he punched Li Qinghuan in the face.

"Ah

Li Qinghuan was knocked out of a tooth, and the pain made the whole person cry.

"How can I make a home How dare you fight..."

It's too painful to speak clearly.

Xu Tianyu didn't even look at Li Qinghuan. He took off his suit coat and wrapped it around Wenqiao.

Help her to the door.

"Joe, I'm here to pick you up. Let's go home! Let's not do the work here!"

"But..." Wenqiao wrapped up his clothes and worried, "it needs a lot of money to pay for it!"

If you resign at this time, you may not get monitoring.

Without monitoring, if Li Qinghuan really goes to court to sue her, she will pay a lot of money.

For her now, 10000 yuan is difficult.

If it wasn't for this, she wouldn't come to Li Qinghuan's office after work.

"You don't need to worry about money. I'll solve it for you." Xu Tianyu said.

Wen Qiao pursed his lips, looked at Xu Tianyu's pretty face, and said softly, "but I don't want to trouble you any more!"

Xu Tianyu held Wenqiao's arm slightly stiff, then patted her messy head and said with a smile: "what are you thinking about? Now we're on the run, and we're all family

"....."

Xu Tianyu's kindness to her sometimes makes Wenqiao feel pressure.

She had no way to respond to his feelings.

Heart helpless, she had to change the topic: "senior, Li Feng North back to B city."

"What?"

Xu Tianyu suddenly stopped, "how do you know he's back?"

"News!"

Xu Tianyu takes out his mobile phone from his suit pocket and clicks on the news of his browser.

News headlines, headlines of major browsers, all broadcast the news of Li Feng's return to the north.

Xu Tianyu picked the eye and said, "he's really fierce. He took the Li group back in a short time!" Such a powerful man, since he recovered the B city, proved that he had feelings for Wenqiao and was reluctant to give up Wenqiao.

After all, he has the lees group now, which means that he will not leave city B to return to Liluo for some time.

Just, he is really willing to give up the prince identity of Shiluo for Wenqiao? And the throne at your fingertips?

That position is not comparable to that of a Lishi group, and ten hundred Lishi groups are not comparable to the throne of Liluo.

It seems that wenjo's position in his heart is really important.

Xu Tianyu's heart sank, his eyes locked Wen Qiao's pale face, his thin lips opened, and he asked hesitantly, "he's back. Do you want to take the children back?"

Wen Qiao pursed his lips and fell silent.

The reason why we left B city at the beginning was completely forced, but now the situation is not the same.

Li Feng's return to the north, they are sheltered, Jun yechen dare not take them any more?

Following her in such a small place will only make the children suffer with themselves, and Grandma Li, her illness

All told myself, back to city B is the right choice.

But when Wenqiao thought of the little girl he was holding in his hand, his heart was in a mess.

He had a baby with another woman, and obviously he cared about the little girl.

At this time, she brings Chenchen and An'an back to city B, and her identity will be very embarrassing.

For children, knowing that their father has other children is also a blow to their hearts.

More importantly, the state of those two children, especially Ann She was very upset.

He shook his head with a heavy heart. "Say it again. I want to settle down for a while."

Xu Tianyu put his heart down, raised his lips and patted her head, "listen to you, we'll go back in a while."

"Senior..." Wenqiao twisted his eyebrows and said, "in fact, you don't need to be with us. You have the ability. You should pursue your own career."

Instead of wasting time on her.

Wenjo has said these words many times.

Xu Tianyu didn't care much and said, "I know. I'll think about it."

## Chapter 623

"Alas Wenqiao sighed helplessly.

Xu Tianyu said this every time. No matter how she tried to persuade her, it was useless.

"Sigh, my grandmother is here. Even if I can ignore you and the children, I can't leave my sick grandmother alone, can I?"

"....."

In fact, she can take good care of her grandmother, or, he is really not at ease, with his ability to take her with him to leave.

It's just excuses.

They were speechless all the way.

One worried night, Wenqiao thought of the short picture, and did not close his eyes all night.

The next morning, she came out of the room and saw that Xu Tianyu had prepared breakfast and put it on the table.

She yawned and said, "good morning!"

Ann and Chenchen are sitting at the table, eating sweetly, "good morning, Mommy!"

Wen Qiao smelled the smell of things and swallowed.

Now the baby in the stomach has been five months, and it doesn't vomit what he saw at the beginning. Now his appetite has become very good.

"Mommy, come and eat. There are pancakes, dumplings and pumpkin porridge!"

"Senior, your craft is really getting better and better!"

Wenjo opened the chair with a smile.

Xu Tianyu's handsome face is slightly crooked, and there is a trace of satisfaction. His blue floral apron has no sense of disobedience. With that perfect and handsome face, it's like a warm man coming out of a cartoon.

On Monday, after breakfast, wenjo took her two children to kindergarten.

When going out, Xu Tianyu suddenly called her, "Qiao Qiao..."

"Well?"

Looking at Wen Qiao's clear eyebrows, Xu Tianyu's frowning eyebrows unfolded, "don't you go to work today?"

Wen Qiao thinks that Xu Tianyu is concerned about himself and is once again made difficult by Li Qinghuan.

Wenjo replied with a smile, "not today!"

What happened yesterday, she would not be so stupid again and hit the tiger.

If Li Qinghuan insists that she lose money, then she has to go through legal channels.

With that, wenjo turned and left.

Xu Tianyu yelled again: "wait a minute..."

Wenjo looked back at him, puzzled.

There was something wrong with the elder's face from just now on. It seemed that there was something I wanted to tell her, and I hesitated.

"That Do you have your cell phone with you? "

Did you watch the news?

This sentence can't be asked.

If you read the news, you can't be so calm, can you?

"Yes

Wenqiao waved to him with a smile, "senior, I'm going to be late. It's too late. Wait till I get home!"

"Well, be careful on the way!"

Xu Tianyu smiles and waves with Wen Qiao.

Watching Wenqiao's back disappear at the door, Xu Tianyu's smile also cools down.

Old lady Li appeared at the door, peeped out her head and looked in the direction where Wenqiao was leaving. She shook her head and said, "silly boy, some things can't be forced."

"Grandma, how are you feeling today?"

"I'm fine." The old lady angrily said, "I'm fine. I don't need you to worry about it. Every time I talk to you about it, you will avoid the problem."

Xu Tianyu knew that the old lady would not let him go easily.

He turned and sat down on the threshold in front of the old lady.

"Grandma, Joe was my dream when I was young! Dream is not so easy to give up

"There are eight hardships in life: birth, old age, illness and death, love and separation, long-term resentment, no need to ask, no need to let go."

"I know..."

"You know what a fart!" The old lady growled angrily.

Wenjo and he are brothers and sisters!

It's a pity that we can't tell the truth now, otherwise it will damage Yu Qing's innocence.

We have to continue to persuade: "nine times out of ten, you love others wholeheartedly, and others have no obligation to respond to your love."

"Grandma I've never looked forward to her return. "

"Child, why don't you understand that the deeper your love is, the more burden it is for the other party!  
Children, learn to let go, maybe you will see a different sky

"....."

Xu Tianyu frowned and looked down at the ants crawling slowly at the door.

After a long time, he whispered, "I know."

Now that the prince is back, his knight can retire.

"Grandma, I'll clean it up. We're going back soon!"

"Go back? Where are you going?" The old lady looked at Xu Tianyu suspiciously.

"I'll see in a minute!"

With a mysterious smile, Xu Tianyu deliberately sold a pass in front of the old lady, got up and walked towards the room.....

On the bus, people crowded.

Wenqiao held the handrail tightly in one hand, ANN in the other, and ANN in Chenchen.

The two children are used to the life of being respectable in the Li family. Now they suffer with themselves. Wenqiao feels sad and guilty when she thinks about it.

Her ability is there, can only give children such a life.

Thinking of this, she clenched Ann's little hand.

Now, whether young people or middle-aged and old people, this is an era of all people brushing mobile phones.

On the bus, almost everyone has a mobile phone.

Always feel around the eyes from time to time projected on her body, someone is constantly peeking at her.

Every time she looks over, those people look down at their cell phones to avoid her sight.

How strange do you think these people are?

Wenqiao frowned slightly, touched his face, looked down and asked, "Ann, is there anything on mommy's face?"

Ann shook her head and blinked her eyes, "No."

"Oh."

Since there was nothing on her face, she didn't tangle any more.

Send the child to kindergarten and she's ready to fold back.

When I turned around, I was startled.

Behind him surrounded by a large group of people, Qi's eyes fell on her.

It's like a wolf's eyes shining when he sees meat.

"What are you doing?"

"Are you wenjo?" Someone in the crowd asked.

Wenqiao's heart was tight. How could these people know her.

Can't it be Li Qinghuan?

Let's run!

Wenjo turned his toes in one direction without any trace and ran away.

"Don't run! You haven't answered us, are you wenjo?"

There was a wind under Wenqiao's feet. He turned back and yelled, "I'm not Wenqiao, I'm not!"

At this time, the big screen in the square opposite the school is playing today's hot news.

A handsome face appeared on the screen.

Li Fengbei sat on the European style sofa and looked at the camera. His handsome face said affectionately: "Wenqiao, go home. I'll wait for you at home!"

"What the hell?"

Wenjo thought he had read or heard wrong, or had some hallucination.

Otherwise, how could she see Li Fengbei calling her name on TV?

And let her go home?

In the pause of winjo, the collar was seized.

, "as like as two peas, you are just like the picture on TV."

Chapter 624

"Well, what are you doing? Let me go

Winjo turned her head and looked at the TV screen, where her pictures were shown in turn at the top of the screen.

First, their wedding photos, then their wedding ring fingers tightly clasped together, finally became her life photos.

She was standing deep in the rose, sniffing a half open flower.

What's more, she sat on the swing in the garden, smiling like a flower.

Finally, it turned into a picture of her lying in bed, salivating

“Li Feng North!” Cried winjo, gnashing his teeth.

Her little face turned red and covered her face. She had nothing to love.

How could he How can you put such an ugly picture on TV?

Well, people all over the country can see the ugly picture of her drooling.

“Wenjo, is that you? You look so cute in bed, and your mouth is watering! ”

“.....”

Wenqiao’s face was red with shame. He just wanted to find a hole in the ground.

“Nonsense! I didn’t! I’m not! ”

“Is that you? Come on, let’s take a picture. We’re not malicious. We just want to take a picture with you!  
”

The crowd surrounded her and took out her cell phone one after another to take a picture with her.

Wenqiao covered his face. “What are you doing? You are violating my portrait right

“Miss wenjo, will you let us take a picture? Please. Now it’s so hard to make money. As long as I take a picture with you and send it to this mailbox, I’ll get a reward of 100000 yuan. Please take a picture? ”

“What What... ”

Winjo grabs the man’s cell phone and stares at the news.

Li Fengbei said affectionately to the screen: "my wife ran away from home. I can't find her. If you see her, please take a picture with her and send it to this mailbox. A reward of 100000 yuan for a picture, thank you!"

One photo is 100000 yuan!

The crowd went crazy, took out their cell phones and took a random picture of Wenqiao.

Today is really rich, walking on the road actually met such a god of wealth.

"Stop it, stop shooting!"

Wenjo put his hand in his face, pushed away the crowd, and finally ran out.

As a result, the square broadcast rang, "Mrs. Wenqiao, your husband Mr. Li Fengbei is waiting for you at home, please go home as soon as possible!"

"Mrs. Wen Qiao, your husband, Mr. Li Fengbei, is waiting for you at home. Please go home as soon as possible."

Winjo hid in the side alley, took off his coat and covered his head.

Looking up, I found a little boy standing in front of me.

Timidly, the little boy took out his cell phone and said, "Auntie, can I take a picture with you?"

"....."

Wenjo is going crazy!

Running out of the alley, I found that the TV on the road was full of pictures of her and Li Fengbei, and the video of Li Fengbei calling her home.

When I come back home like a thief, I can't say I'm in a mess.

Seeing Xu Tianyu sitting in front of his home, he was shocked and said, "senior, didn't you go to work today?"

"Well."

"Why?"

Wenqiao ran all the way, thirsty, those people are really crazy, followed her to run a step.

My throat is about to smoke.

Wenqiao went into the room, took up the tea cup and poured two cups of water, and finally felt more comfortable.

Looking up, I found that everything in the room had been packed up.

There are several big suitcases in the door, neatly packed together.

After a pause, the whole person asked suspiciously, "senior, what are you doing?"

"I've cleaned up!"

Wenqiao's delicate eyebrows wrinkled high, like two little earthworms, "why do you pack up? Where are we going? "

Xu Tianyu stretched out his hand, pushed aside the messy bangs on her forehead, and said firmly in his voice, "go home!"

"....."

Wen Qiao is shocked to stare big eyes, inconceivable exclaim a way: "do you also accept Li Feng North what advantage?"

Xu Tianyu was stunned for a moment, and then said, "well."

"What good is it?"

Wenqiao could hardly believe that such a good senior was such a person.

I would send her back to him for money.

Xu Tianyu took a look at Wen Qiao and gave a light smile. He didn't answer.

The greatest benefit he received was to give her the happiest life!

Such benefits, for him, is the biggest temptation!

"Senior, I don't want to go back. I'm in a mess now!"

Winjo sat down on the sofa with a grimy little face and a dignified face.

Just now, I was chased by so many people, hiding in the alley, and drilling through a dog's hole. I look like a little beggar."What's the matter? As you know, he is looking for you. Even if you don't go back, he will come to you right away... "

Before Xu Tianyu's words came down, he heard the sound of propeller hovering on the roof.

Xu Tianyu gave a wry smile, "look, he has come!"

When wenjo heard the sound of the plane, he turned his head and looked out the door.

Helicopter, in front of the courtyard steadily fall, wing wind, blowing the door clang sound.

Winjo plucked the blown hair and looked out of the window.

The tall man in sunglasses came out of the cabin.

Standing on the stairs, hand-made suit pants wrapped long legs, long body.

The eyes under the dark lenses looked at her. Wenjo looked at the man from the sky, and his heart began to beat faster and faster. He was about to jump out of his throat.

Li Fengbei came up to her and took off his sunglasses.

"Why? Are you stupid? I'm surprised to see that I haven't seen each other for more than two months. Is that strange?"

"....."

Wenqiao's nose was sour and his eyes were gradually filled with tears.

It was not until she saw this moment that she knew how much she had missed him in the past two months.

At ordinary times, she didn't dare to think about it at all. She was worried that as soon as she thought of him, she would be unable to resist endless thoughts.

Li Fengbei frowned, "what's the matter? See husband don't give husband a hug?"

"Li Fengbei, why are you Well..."

Li Fengbei came forward abruptly, clasped her waist, closed her eyes, and kissed her red lips.

Wenqiao was stunned for a moment, then closed his eyes crying and hammered his fist on his back.

"You bastard, why do you put my picture on TV, and it's so ugly!"

"I know! But my wife is the most beautiful! In my heart, the most beautiful

No matter what kind of her, beautiful or ugly, he likes her and regards her as a treasure.

Wenqiao cried and laughed. He couldn't laugh or cry. "You're so annoying! In this case, we all know that I am your wife!"

Li Fengbei dropped a kiss on her forehead. "Don't you understand? I just want to let the whole world know that you are my wife!"

"Wu Wu Wu!" Wenqiao was shocked and moved to cry.

At this time, what kind of things are left behind by her, what blue heart, what separation, she just want to hold him well.

“Fool, why leave without a word?”

Speaking of this, Wenqiao thought of the blue heart.

All of a sudden, the joy in my heart went to more than half, pushed Yabei away, pursed and said: “go away, I don’t want to talk to you!”

Li Fengbei was puzzled for a while. He pinched her angry face and said: “what’s the matter?”

He didn’t know what he had done wrong except that he ignored her?

At that time, he didn’t recover his memory. He didn’t know whose daughter Lan Xin was, so he was flustered for a moment.

He didn’t know how to confess to her, and he couldn’t, so he wanted to keep it from her.

If they had known that blue heart was their daughter, they would not have come to this point.

Seeing his innocent expression, Wenqiao was angry. “What’s the matter with me? You see what you do, you don’t have to accompany your blue heart? Have you left your blue heart in Liluo? ”

Li Feng North Leng for a while, Yang lip laughed, stretched out his hand to touch her hair, “are you jealous?”

Winjo waved his hand away. “Don’t touch me. I don’t know how many women this hand has touched. Dirty!”

“It’s not dirty at all!”

Li Feng North pranked out of his finger, poked to Wenqiao's mouth, "you have a bite to try, it's not dirty at all."

"Rascal!"

Wenqiao was even more angry at his changing the subject.

Obviously, something happened. On the one hand, I was reluctant to leave her, on the other hand, I was reluctant to let go of the blue heart.

So he also wants to learn from other men?

Think of this, Wenqiao's mood is more not beautiful.

Li Fengbei looks at her angry appearance and knows that she has misunderstood herself.

Junya's eyes turned, deliberately said: "Qiao Qiao, don't be angry. I didn't leave my blue heart in the state of Liluo. I'll take her back to city B, too!"

"You

Winjo looked at Abel in disbelief.

She just said something ironic to hurt him. He actually brought blue heart back and admitted it to himself.

"Li Fengbei, get out of here! Get out of my house

He brought blue heart back. What else can he ask her to do?

This asshole!

Wenqiao was dirty at this time. He was so angry at his words that he lost his head. He took up the broom and shook it. "Are you going to roll?"

"Wife, let's have a good talk. A gentleman will not do anything! What's more, you're pregnant. Don't be motivated

Yabei ran around with his head in his arms.

What he hates most is the dirty dust.

Blue heart stood at the door, sticking out a small round head and big round eyes, when he saw Wenqiao's fierce appearance.

The little body shakes subconsciously.

Is she her mother?

How terrible! How fierce!

But she loves it!

She's not afraid of daddy, and she's going to beat daddy with a broom. That's great!

It seems that someone can cure daddy in the future!

Blue heart showed a sly smile, excited to clap the palm, "good good good!"

The blue heart this roar, Wen Qiao Dun lives, the broom in the hand still high Yang, stiffly turn a head to look toward the door.

When I saw the little girl at the door, my pupils suddenly shrank.

The heart beat uncontrollably.

Is she Li Fengbei's daughter?

Don't know how, Wenqiao quickly put down the broom, suddenly feel a burst of regret for his behavior just now.

She should never have been so violent in front of a child.

Li Feng waved to the door and said, "blue heart, come on! Call Mommy

Blue heart? Mommy?

Winjo's brain, which was not so smart, couldn't turn any more.

This is blue heart?

Isn't blue heart a woman? Who can tell her that blue heart is actually a little girl? And the daughter of Li Fengbei!

Wait!

What did Li Fengbei say just now? Call her Mommy?

Wen Qiao stared at ya Bei in shock. "You just said what did you say? Call me Mommy? Do you want me to be the mother of blue heart?"

Lan Xin's mother is probably a mistake made by Li Fengbei accidentally, or she has some children like herself without knowing it.

If so, she can accept blueheart and will try to accept her.

"Not to be the mother of blue heart, but You are her mother Li Fengbei looked into her eyes and said in a very serious tone.

"No It's impossible... "

Wenqiao immediately retorted, but in the face of Li Fengbei's serious expression, the voice of retort gradually decreased, even the expression on his face became serious."What the hell is going on?" The brain is in a mess. I can't figure it out.

Why didn't she know that she had such a big daughter herself?

And morning Ann

Ann

Wen Qiao was surprised and turned to look at Lan Xin.

I saw the little girl with red lips, white teeth and deep eyes It's like Chenchen!

Suddenly a startle, cover a mouth to startle to shout a way: "she just is an an!"

When a Royal is angry, his eyes turn blue.

Only Ann won't do that. She thinks it's because she's not a member of the kingdom of Liluo, so Ann's blood is impure.

Unexpectedly, Ann is not their own daughter at all!

"No, no, no, no, it's impossible. I did an's paternity test myself!"

Wenjo tried to convince himself.

"Later, I went to check, your experimental data was taken wrong!"

"What?"

Wenqiao is speechless. What's the matter with people now? They can take such important things wrong!

Is there any mistake?

"Blue heart really Is that my daughter? "

Wenjo couldn't believe that she had an extra daughter.

"If you don't believe it, I can let Bai Yichen do a DNA test for you. Don't go to that kind of small clinic secretly."

Wenjo blushed.

What kind of small clinic, small clinic also does not have this service is good, although cannot compare with that kind of big hospital.

But I have to bow my head when I think of being trapped.

“In fact, you don’t need to do the identification, because I have done the DNA identification.” Li Feng North Road.

With Ann’s lesson, wenjo became cautious.

“It just proves that you are her father, not that I am her mother!”

“You are stupid!” Li Feng pointed his finger to the north and made a shudder on Wen Qiao’s dirty forehead. “I only want you to be a woman, and you will naturally give birth to all my children!”

“.....”

Wenqiao made a big red face, and his little face was as red as a cooked shrimp.

Whispered: “what are you talking about in front of the children?”

She glared at Yabei fiercely, and her words didn’t have the slightest arrogance.

Li Fengbei looked at her lovely face and looked behind her. “What about Chenchen and An’an?”

Chapter 626

In this humble hut, when he entered the door just now, he stood up straight and was afraid of going to the threshold. He bowed his head and came in.

They were wronged by such a shabby room.

Think of this, handsome eyebrow gently wrinkled.

“They went to school!” Said winjo.

“Then I’ll send for them.”

With that, Li Fengbei turned around and wanted to go out.

Wenqiao grabbed him. “Wait a minute. What about Ann?”

After all, she has been with ANN for so long, and she has feelings for her. She regards her as a real mother and daughter.

Suddenly blue heart returns, I’m afraid of an an’s Psychology

During this period of time, she was psychologically unstable. If she suddenly knew that her parents were not born, it would be a greater blow to her.

The child’s psychology is not stable and mature, so she is afraid that this news will become the last straw to crush her psychology.

Li Fengbei took a look at Lan Xin and said, “Lan Xin, go out with your uncles for a while. I’ll talk to Mommy about something.”

They don’t want to talk about Ann in front of blue heart.

“All right, Daddy!”

Blue heart big eyes have been around Xu Tianyu turn, in see Xu Tianyu from the first eye, can no longer see other.

Smell speech hook lip a smile, toward Xu Tianyu walked past.

He raised his head and stretched out his chubby hand to Xu Tianyu.

“Uncle, take me out to play. It looks like fun here!”

“Fun?”

Xu Tianyu took Lan Xin’s hand, and her cute little bun was so cute that he teased her and said, “where’s the fun?”

There is really no fun here, that is, there is no large playground, there is no delicious hamburger, even this room is a very humble cottage.

Blue heart tilted his head and thought, “it looks like a slum here. It’s very fresh.”

“.....”

When Xu Tianyu heard the speech, he couldn’t laugh or cry.

He has been to Liluo, and he really knows that it is rich. I’m afraid any place is not as developed as Liluo.

In blue heart’s eyes, it’s true that it looks like a slum.

“Come, uncle, take you to the garden outside to plant flowers!”

“Good!”

The more Xu Tianyu watched, the more he liked it. He picked up his blue heart and went out.

Tall and handsome men, good-looking, temperament extraordinary men, arms holding a delicate little girl like a doll.

This scene looks very eye-catching.

Take back the line of sight, Li Feng North look to Wen Qiao.

A woman with a chicken's nest head, a small face dirty, looks like a little beggar, immediately frowned in disgust.

"What did you do just now? His face is dirty

"Ah?"

Winjo turned and looked in the mirror.

Looking at the woman in the mirror, she screamed, "my God!"

Is this her? Yeah? Yeah?

Why do you look like a beggar!

Wenqiao covered his face and ran away. He ran into the bathroom, turned on the tap and washed his cat like face with a towel.

There are no elegant and luxurious washrooms, and there are no white and shiny washbasins.

Wenqiao holding a small basin, turned on the faucet to take the water, and was bending down to wash his face.

In this position, the buttocks are very round and sexy.

Li Fengbei came from the outside. Seeing this scene, he felt his blood gushing and the heat reverberating in his body.

The sexy Adam's apple is rolling up and down, and the strong arm is embracing her waist.

Wenjo heard a sound of footwork, and then his waist was encircled by a pair of arms, with a conditional scream.

"Ah

In this posture, Li Fengbei took her step back and pressed directly on the wall.

He took her hands and pressed them over his head. He looked down for the red lips and began to kiss them.

"Well..."

Wenqiao was just stunned for a second, then took the initiative to encircle his neck.

Forced Zou's room, the atmosphere immediately warm up.

"Fengbei..." Winjo, feeling suffocated, dodged.

Open the distance between the two people, the small face, face Tuo red, dyed a trace of charm.

"Don't talk!"

Li Fengbei clasped the back of her head and kissed her again.

The kiss went from the bathroom to the bedroom.

The rooms here are not as tight as the castle in the forest. The windows and door panels are very large.

In winter, when a strong wind blows, you can hear the wind pouring into the room.

Therefore, a little movement in the room can be heard clearly outside the door.

Guard at the door of the bodyguard, Rao is again expressionless face, in the room to hear the "wuwuwu" cry, ear tip gradually red up. The bodyguards were standing at the door and could not go anywhere else without orders.

One by one, the big men were red with sweat on their forehead.

Finally, the captain of the bodyguard couldn't listen any more. He gave out a cigarette and said, "brothers, let's wait there!"

Xu Tianyu with blue heart in the backyard garden, can not hear the voice here, but looking at the bodyguard this move, immediately understand what.

A little farewell is better than a new marriage.

They haven't seen each other for two months. When they meet, so many people stare at them. It's hard to get rid of them. Don't you love them quickly?

On Xu Tianyu's face, dark eyes flashed a trace of sadness, but then the whole person was relieved.

At this time, everyone was so excited that they obviously forgot one person.

Mrs. Li was taking a nap in the next room when she heard the movement of the door. As soon as she came out to have a look, she heard the movement of the next room.

Oh, the voice that makes people blush and heart beat

Old lady Li threw her crutch and covered her face.

Who has never been young? These two guys can't wait!

Ten minutes, twenty minutes, half an hour, one hour

Old lady Li couldn't listen any more. She couldn't help covering her ears.

Finally, there was no choice but to coax the old man to open the door and close it heavily.

"Bang"

this loud noise, OK, the world is quiet!

Wen Qiao looked at Li Fengbei with big red eyes, blinking.

After reaction, he lifted the quilt and buried his face deeply in the quilt.

"Ah, ah, ah

There's no need to see anyone.

She tugged at her hair hard. Why didn't she think of grandma just now?

How can I go out and meet people?

Li Fengbei obviously knew what was going on. No matter how calm Rao was, the tip of his ear gradually turned red.

“Cough, don’t cover yourself. Let’s get down to business!”

Li Fengbei lifted the quilt on Wen Qiao’s head, revealing a small round head.

“You said

Wenqiao’s face turned red to the end of his ears, and he pretended to be calm, his big eyes turning black.

Li Fengbei looked at her shy face and stopped teasing her. He got up and dressed. He said, “is there anything you want to tell me about An’an?”

Speaking of the two children, Wenqiao put away his shyness and sat up with the quilt.

## Chapter 627

Wenqiao’s face became serious, and said: “An’an and Chenchen were detained by their father in the presidential palace before, which is a big blow to the two children. An’an’s psychology is very unstable. Sometimes she wakes up suddenly when she goes to bed at night, and is very clinging to Chenchen. She almost goes where Chenchen goes.”

“So you’re worried that she can’t accept the fact that she’s not born to us?”

Li Fengbei asked.

“Well.” Wenqiao with a little red face flashed a dignified, “we can’t tell her this.”

Li Fengbei sat by the bed, pinched Wenqiao’s serious face and said, “I know. I think so, too.”

This is exactly what he wants to say. ANN has been with him since she was born. It’s him who brought Ann up, which will only make her more reluctant.

At the thought of something, the expression on Li Fengbei’s face became respectful.

“An’an’s biological father is a policeman, who died in the execution of the task. When her mother heard the news of dystocia, she left An’an alone in the hospital and went with her.”

Smell speech, Wen Qiao a Leng, the heart closely follows to pull tightly.

An an’s life experience is so bitter?

Wenqiao grasped the quilt tightly and said, “then it’s even more impossible to tell Ann the truth. She can’t feel like an orphan!”

The thought that the child’s life experience was so miserable made Wenqiao feel distressed.

“What should blue heart do?”

Speaking of this, Wenqiao is a burst of heartache.

The child has never been around them since childhood. When he was a child, he didn’t know how much he suffered and didn’t want to treat the child badly.

But if An'an's life experience is not made public, then blue heart is not easy to arrange.

Li Fengbei said: "don't worry. Lanxin is my daughter. Anyone with eyes can see that. Ann and we have a lot of affinity. She looks like you. So we can say that we have triplets!"

"Triplets!" Wen Qiao is shocked to stare big eyes, the corner of the mouth smoked to smoke, "at that time everybody can say I am a sow?"? Look at my stomach

I still have a five month old baby in my stomach!

At that time, people will say that she has four children from her second child, but it's not a sow. What is it?

Li Fengbei said with a smile: "even if you are a pig, others will envy you. Who told you that your man is me!"

Thousands of girls in the heart of the dream lover, this person is his husband, this has been enough to make people envy!

"....."

Wen Qiao looked at Li Fengbei speechless.

Is this guy a little narcissistic?

But he does have narcissistic capital, not only because of his identity, but also because of his own strength.

The man with strength, no matter in what kind of conditions, will not mix too bad, even if walking in adversity, can also make his comeback.

Wenjo thought of something and changed the subject. "My father threatened your father with his children."

Speaking of this "father", Wenqiao stopped for a moment and explained, "I'm talking about Li mingjue."

"Threatening him to withdraw from the presidential campaign?"

Li Fengbei had already guessed a few points.

"Yes, after I came back, I went to the presidential palace to find my mother. My mother talked with my father about the conditions before I brought the two children back."

As for what kind of conditions it was, my mother didn't want to tell her. It was useless for her to ask.

Smell speech, Li Feng North tie wrist button finger meal, Feng Mou overflow a trace of cool, affirmative say: "is language home! The position of the master of the language family is given to Jun yechen! "

"What?" "He wants to be the master of a linguist. Isn't that the whole linguist is controlled by him?" asked Wenqiao

"Well." Li Fengbei nodded.

Winjo's beautiful little face changed slightly.

No wonder the mother must let her leave B city with her children, because of this.

The linguist is the mother's last card. For the sake of Chen Chen and An'an, she has no bargaining chips in her hand.

If next time, Jun yechen forces her again, she will be really helpless.

“Li Fengbei, let’s go back, now!”

Wenjo is not equal for a moment, and can’t wait.

I can’t leave my mother alone beside my father. Maybe my mother helped them to escape, but my father blamed her.

“Don’t worry, my mother is very good. I have got in touch with her secretly, but now she can’t leave the presidential palace. Your father sent someone to put her under house arrest.”

“Li Fengbei, let’s go back quickly. Shall we take our mother out of the presidential palace?”

Wen Qiao held Li Fengbei’s hand tightly and looked at Li Fengbei prayingly.

“Good.” Li Fengbei didn’t even think about it, so he agreed.

As long as it is her request, no matter how difficult it is, he will agree. After they finished their work and talked about it, they came out of the bedroom.

Old lady Li was white haired and sick, but she was still energetic.

See Li Feng North, a pair of shrewd Mou son concern ground is looking up and down him.

Seeing that he was all right and just a little thinner, he immediately relaxed.

From the behavior of Meng Lang just now, I think he is in good health!

Think of this, small mouth a glance, feigned angry way: “also know to come back?”

Old lady Li only thought that Li Feng had gone abroad. She didn't know exactly where and what he was going to do.

It was because of why they were hiding her that they were angry.

In the past 20 or 30 years, is she still worried about him?

Now the wings are hard. I'm hiding everything from her.

"Grandma Li Fengbei knew he was ashamed and said respectfully, "you are worried about this time! How is your health?"

"Not yet!" Old lady Li snorted coldly.

But the anger in my heart has been a little less.

Li Fengbei suggested: "grandma, the medical conditions here are limited. Go back to B city and let the private doctor take a good physical examination for you."

Mrs. Li looked at the tall and powerful man in front of her with relief.

It's a pity that such an excellent person, such a proud son, is not the Li family's own son.

However, it is also a great fate that he can become the son-in-law of the Li family.

"Be nice to Joe in the future, BEI'ER."

"Granny, don't worry, I will!"

Once again from the grandmother's mouth to hear this sentence, Li Fengbei heart thump.

Why did grandma repeatedly tell him to be nice to Joe?

Does grandma care about Joe?

Grandma looked at Wen Qiao who was standing behind Li Fengbei. She immediately twisted her eyebrows and scolded: "Qiao Qiao is still in a big stomach. Don't mess around!"

"....."

Wen Qiao was so embarrassed that he wanted to dig a hole in the ground. His little face, which was hard to calm down, turned red again.

She looks at Li Fengbei in a coquettish way, and Li Fengbei just looks at her.

The sight bumps together, two people are a burst of blush, one voice says: "got it, grandma."

Just as he said that, his cell phone rang.

"I'll take a call!"

Chapter 628

Then, Li Qinghuan's joking voice came from the other end of the phone, "Wenqiao, where are you? You can't run away after such a big thing?"

Yesterday, Li Qinghuan was knocked out of two teeth by Xu Tianyu. This account has not been settled with them. How can they leave so easily.

Wen Qiao knew that Li Qinghuan would not be so easy to forget. He remembered that the hospital had its own things, and the president and director Gu took care of her a lot.

Now that I'm leaving here, I always have to say hello to others.

Wenjo agreed.

After hanging up, wenjo put on a coat and went out.

Li Fengbei looked at her movements, frowned doubtfully and asked, "are you going out now?"

"Well, I'm going to the hospital to quit my job. I can't leave without a word." Wenqiao twisted his bag, tied his hair into a ponytail and told him, "wait for me at home. I'll be back soon."

Li Fengbei is not at ease, "I'll take you."

"Er..."

Wenjo looked at the big guy at the door.

They came by plane. Did they fly her to the hospital?

Such a high profile, she refused from the heart.

"Forget it. I'll take a taxi at the door and let two bodyguards follow me."

Although can't let Li Fengbei follow, but think of Li Qinghuan's virtue or two bodyguards follow him better.

She also wants to let Li Fengbei follow her, but she feels aggrieved by letting Li Da's president and his Royal Highness The Prince of Li Luoguo take a taxi with her.

Li Fengbei put his hands in his pocket and took the lead to walk to the door.

"Let's go!"

"Ah?"

See Wen Qiao still stay Leng there, urge a way: "go!"

"Will you come with me?"

"Is there a better bodyguard than me?" Li Feng raised his lips haughtily.

Wen Qiao chuckled, "yes, you are the most qualified bodyguard."

I have to be jealous with the bodyguard. This man is hopeless.

Direct package a car, the car stopped at the door of the hospital, Wenqiao let lifengbei waiting for her in the hospital downstairs.

If anything happens, she'll call him.

Taking Li Fengbei to the office will only cause a sensation, especially when she finds that people in this place know Li Fengbei and admire him.

Even scum like Li Qinghuan adores him.

Li Fengbei doesn't know what happened to Wenqiao in the hospital. He thinks Wenqiao just went up to resign and didn't think much about it.

"Go ahead, get things done and come down."

When Wenqiao walked into the hospital hall, the colleagues of the hospital looked at her with a kind of regret and envy.

At the door of the office, Chen Lan grabs her hand and wants to cry.

"Wenqiao, why didn't you come to the hospital earlier, my 100000 yuan just disappeared!"

A little earlier, even if only an hour earlier, it would be 100000 yuan for her to take a picture with winjo. Unfortunately, the event was cancelled just an hour ago.

It's such a windfall. It's a pity that this fortune has passed by.

Wen Qiao looked at Chen Lan's regretful appearance, and his face muscles twitched, "that I'm not the wife of the president of lees group. I'm just like her!"

"How can it be? As like as two peas in your ear, the location of this mole is exactly the same. "

Chen Lan looked at the small mole in her ear and said enviously.

I didn't expect that Wenqiao was the wife of the youngest and richest financial tycoon!

Why didn't they find out before? If they found out earlier and had a good relationship, wouldn't they have developed?

It's really irritating!

"....." Wen Qiao didn't want to mention it too much. With a slight cough, he awkwardly changed the topic and said, "I'm here today to say goodbye to you. Thank you for your care during this time."

"Come on, we'll know you're leaving from the news!"

Chen Lan and Wang Yi wave with her, envious at the same time, with a bit reluctant.

After all, this month, we got along quite happily.

Wen Qiao pursed her lips and waved to everyone, "if you have a chance, you can still meet again."

"Well, Madam President, if you have any good development, you can take some of us with you!" Chen Lan said jokingly.

Wen Qiao mysterious smile, in the heart already had an idea, but didn't say clearly, concrete of still want to discuss with Li Feng North.

"Let's say that first. I'll go upstairs to find Li Qinghuan first."

"Can you go alone? Let's go with you Chen Lan worried.

"It's OK. He doesn't dare to do anything to me?"

"It's hard to say!" Chen Lan looks worried. But Wenqiao still declined everyone's kindness. After all, Li Qinghuan is a mean person.

As soon as she pats her ass and leaves, Chen Lan and Wang Yi still have to stay in the hospital.

Came to the top floor, far to hear a burst of laughter and flirting voice, slightly frowned.

He raised his hand and knocked on the door

“Come in!”

Push open the door, in the room, Li Qinghuan holding Guo Jiaojiao sitting in front of the computer, that intimate posture, even if Wen Qiao walked into the office, the two did not separate.

Wen Qiaomu did not squint, “Mr. Li, I am here to resign. I will take the responsibility for this penicillin allergy incident, but it’s not my responsibility, and it can’t depend on me.”

“What do you mean? It’s your responsibility to do it alone! ”

Guo Jiaojiao’s eyes are painted with heavy makeup, and her eyes are dull. She kicks Wenqiao fiercely.

Wenqiao was speechless for a while. “What do you mean? Are you sure to put this black pot on me?”

“Who told you Hiss Li Qinghuan excitedly a mouth, the result is not careful to involve the corner of the mouth wound, suddenly in the heart more angry, “who let you toast don’t eat wine!”

“Unexpectedly so, that can only call the police to solve, let the police to call the hospital monitoring it!”

When Li Qinghuan heard the speech, he burst out laughing, “I said Wenqiao, are you stupid? Do you think I will keep the monitoring?”

“This hospital is owned by my family. I think it’s too easy to delete a monitor.”

Listen to this, Wen Qiao face not see a bit flustered, “then call the police!”

With that, Wen Qiao didn't want to stay with Li Qinghuan for another second. He turned around and wanted to leave the room.

Li Qinghuan, with a look in his eyes, pushed Guo Jiaojiao away, got up and said, "stop for me!"

Wenqiao stopped, turned around, beautiful little face hook out a decent smile, "Li always what instructions."

"If you really want to call the police, you won't lose money. You may have to go to jail!"

Winjo shrugged indifferently. "I'll be happy to accompany you."

Chapter 629

Li Fengbei was sitting in the coffee shop opposite the hospital, looking at his watch from time to time. Junmei frowned slightly and gradually lost his patience.

Does it take so long to quit?

Li Fengbei gets up, pushes open the door of the coffee shop, and finds that the door of the hospital is surrounded by police cars.

Suddenly a tight heart, flashed a bad premonition.

He immediately took out his cell phone and made a call to winjo. In a low voice, he was a little worried? "Why haven't you come down after so long?"

"Er..."

Knowing that he didn't have much patience, Wenqiao said to the phone, "wait for me for a while. I'll be down in a minute if there's such a small matter."

Hang up the phone, Li Feng North deep eyes, a trace of cold slide.

Did it all alarm the police, or was it a small thing?

When can this girl learn to rely on him?

Upstairs, Gu Chusi brings the police to the monitoring room.

Li Qinghuan stood aside, looking at Gu Chusi's warm appearance, a pair of eyes are about to stare out.

But think of monitoring has been deleted by him, all have no fear, still stand on the side, with a bit of schadenfreude.

"Comrades of the police, I said that the monitoring on that day has disappeared. It is obvious that someone intentionally deleted the monitoring!"

Li Qinghuan is very shameless. The local thief shouts to catch the thief.

Before the police said anything, Gu Chusi interrupted: "it's OK. Even if it's deleted, it can be restored. Heaven's net is clear, but it's not missed!"

Gu Chusi opens the previous monitoring computer and opens the computer disk.

Flexible fingers on the computer tapping something, suddenly a magical scene happened.

The deleted surveillance video miraculously recovered on the computer desktop.

Li Qinghuan looked at the scene in fear and exclaimed: "it's impossible. The surveillance has been deleted clearly. How can there be video? It must be your fraud!"

It's a bit unreasonable.

The policeman frowned solemnly, "if this video is real, you can see it at a glance."

When Li Qinghuan heard this, he was shocked. He immediately gathered around Gu Chusi's ear and threatened fiercely: "you dare to help Wenqiao that woman do me, you are not afraid that I will fire you!"

Gu Chusi chuckled, "don't you know? I submitted my resignation yesterday! "

"What? You Li Qinghuan gritted his teeth and glared at Gu Chusi, "how dare you play with me? Be careful, I won't let you hang out in Nanzhen! "

Before Gu Chusi spoke, the policeman slapped Li Qinghuan on the head and warned, "with what you just said, we can put you in prison for a few days!"

"You know your team leader in the police station is mine..."

Before Li Qinghuan finished, he was interrupted by the police in a cold voice.

"We police don't have relatives. If we dare to talk wild, I'll take you to the police station now. Believe it or not?"

When Li Qinghuan was threatened, he immediately took out his cell phone to make a phone call.

"Big brother-in-law, I was bullied by the people of your police station, you come quickly!"

Hung up the phone, Li Qinghuan contentedly shaking legs, "you all give me wait."

His brother-in-law is the chief of the police station, and all of them will be arrested.

The little policeman frowned and a little bit of worry flashed between his eyebrows. Looking at Li Qinghuan's appearance, can't the group leader really be his brother-in-law?

After a while, Li Qingshan, the leader of the police station, came to the hospital with a big stomach and a group of people.

"What's the matter? Huanzi, tell your brother-in-law, who bullied you?"

"They are the ones who make trouble in our hospital. You should call the police!"

Li Qinghuan pointed to Wen Qiao, "it's this woman who neglects her duty at work, causing a patient allergic to penicillin. I want to sue her for hurting the reputation of our hospital."

"Is it true?"

Li Qingshan, the leader of the police station, asked in a deep voice with a cold face.

Wenjo clenched his fist angrily.

With all the evidence in front of us, these people can still make up their faces and confuse black and white.

"Team leader Li, the evidence is in front of us. The video is on the computer desktop. If you want to watch it, you can open it now. Just open the video, and you will know who is going on."

Li Qingshan frowned and looked up and down at Wen Qiao with unrestrained eyes, "where's the woman? She's smart."

"I'm just telling the truth!"

“This video can be forged, that doesn’t mean anything!”

Wen Qiao’s face changed. Looking at the shameless faces of Li Qingshan and Li Qinghuan, he laughed angrily, “pointing deer as horses, ignoring the truth, are you worthy of your uniform?”

“It’s not up to you to judge whether I am worthy of my uniform! It’s our accusation to catch every villain! ”

Li Qingshan said to the men he brought behind him: “take both of them away and take them back to the police station for interrogation!”With that, he looked at the small policemen who had been out of the police force before, “as for you, it’s not good to do things. Everyone should go back and write a review!”

The policeman who helped Wenqiao talk before, with a righteous face, retorted: “group leader Li, this video is true. Group leader Li’s behavior is dereliction of duty, which is to discredit our glorious career as a policeman!”

“How dare you talk back to your boss? Is that how you learn the rules? I’m not going to work tomorrow!  
”

Li Qingshan yelled angrily at the policeman.

Seeing that he was involved in the justice of the police, Wenqiao clenched his fist. He was very angry and laughed back. He sneered: “it’s you moths that make our country sad! I will go to the relevant departments to complain about you! ”

“You What Li Qingshan cares about most is his reputation.

It’s not easy to get into this position. If he is sued or his bad reputation spreads to his boss, his future will be ruined.

He raised his hand, slapped it in wenjo’s face, and was caught by the wrist.

“Let go!”

Li Qingshan made a profit and tried to draw back his hand, but his opponent didn't move at all, just like a pair of pliers.

Angry eyes constantly stare big, see always people.

A sudden surprise.

A pair of ice blue eyes is like a frozen lake. Looking at him is like looking at a dead man. It's breathtaking and frightening.

His expressionless face, with anger, looks like an ancient king.

Li Qingshan's arrogance in his heart was suddenly short, “who are you? I'm a policeman. I'm going to jail for assaulting a policeman!”

Li Feng North sneer hook lips, a put away his hand, cold voice way: “unexpectedly dare to hit my woman, you afraid is live impatient?”

Li Qingshan lost face in front of his subordinates. He moved his wrist and choked his neck and said, “do you know who I am?”

“Who are you?” Li Fengbei asked patiently.

“I'm Li Qingshan, leader of the first police brigade!” Li Qingshan thought Li Fengbei was afraid of him, and said out loud with pride.

“Oh, so you are Li Qingshan, the leader of a large team.”

Li Qingshan, listening to Li Fengbei's words, became more proud. "Well, it's me!"

Before he had finished, Li Fengbei took out his mobile phone and dialed out, "Li Qingshan, leader of the first brigade of Nanzhen police station, you can be fired!"

Chapter 630

"What?" Li Qingshan listened to Li Fengbei's words. He was afraid and said with a tremble, "who did you call just now? Who the hell are you? Are you bluffing me?"

At the moment of Li Fengbei's appearance, Li Qinghuan had already looked silly.

This suddenly appeared man, unexpectedly is his idol Li Fengbei!

Li Qinghuan excitedly pulled Li Qingshan's shoulder, "brother-in-law, he is the president of Li's group, the business legend Mr. Li!"

Last night, Li Qinghuan and her two people drove to the nightclub in the city. Hi, they came home in the early morning, and then came back in the early morning.

Li Qinghuan and Guo Jiaojiao didn't have time to watch the news. They didn't know that Wen Qiao was Li Fengbei's wife, otherwise they didn't dare to be so arrogant.

But Li Qingshan said, "little Huanzi, don't be cheated by him. How can a person like Li Fengbei appear in a small town like Nanzhen? He just looks like him."

Li Fengbei sneered in his heart, "it's really stupid!"

Li Qingshan glared, "what's your tone? Somebody, arrest him for me!"

Before Li Qingshan had finished his words, he heard a rush of footsteps at the door.

Just from the sound of footsteps, we can see the urgency of the people coming.

Director Su Changsheng with the police appeared at the door, saw Li Fengbei in the room, wiped the cold sweat on his forehead, his face was like a flower.

“Nice to meet you, Mr. Li!”

He bowed slightly, stretched out his hands and shook hands with Li Fengbei.

Li Fengbei glanced at Su Changsheng coldly, then moved away and said coldly, “my wife has been bullied like this in the place under your jurisdiction. It’s really disappointing. It seems that Director Su is not as fair and honest as the outside world has said.”

He had heard of the chief of the police station in a small town. That’s what he said on purpose.

When Su Changsheng heard this, he was sweating.

He awkwardly took back his hand and wiped the sweat on his forehead. He said with a smile: “Mr. Li, it’s my fault. I have no way to discipline my subordinates!”

Su Changsheng turned to look at Li Qingshan, immediately put away the smile on his face, coldly rebuked: “Li Qingshan, you use your position to seek personal gains and collude with Li Qinghuan not once or twice. This time, you dare to attack Mr. Li’s wife. You are really brave. The police can’t keep you any more. You can resign!”

When Li Qingshan saw this posture, he was still half arrogant.

“Director, I know I’m wrong. Please don’t fire me!”

Li Qingshan has spent most of his life in the police station. Now he’s fired. It’s hard to find a job to make a living at this awkward age.

He had no eyes just now. He didn't recognize Li Fengbei and said that to him.

Su Changsheng was dignified and said coldly, "it's no use asking me. It's your own sin. No wonder others."

Li Qinghuan looked at his backstage and then fell down. He said, "my cousin is not wrong. It's Wenqiao's dereliction of duty that causes such a medical accident. She should take full responsibility. If you do this, I will report you!"

At this point, even if Li Qinghuan knew he was wrong, he could only block his neck and knock to the end.

Anyway, he is barefoot and not afraid to wear shoes. There is a saying that the higher he stands, the heavier he falls.

Su Changsheng twisted his eyebrows and showed a trace of impatience. What did he argue with people like Li Qinghuan?

"The surveillance video is on the desktop. What else can you say! Deliberately hurt them, slander others, take it away! Go to the police station first and shut it up for a few days to reflect on yourself!"

With that, two policemen came forward and pressed Li Qinghuan out of the door.

Guo Jiaojiao, who had been arrogant before, couldn't move her eyes when she saw Li Fengbei appear at the door.

She has never seen such a handsome man, noble temperament, strong aura, just like the hero from the cartoon.

Just a look at it, and the heart pounded.

But how could such a handsome man be Wenqiao's husband?

And the youngest and richest man in the country.

Think of her in front of Wenqiao, ridicule her husband is poor, she would like to go crazy jealously, the original people are hidden, turned out to be the richest man's wife!

She must have said that her husband was a poor man. When she was showing off her carat of diamonds in front of her, she must have despised her very much.

Thinking of this, she was not reconciled. Why didn't she have such a good life?

She doesn't believe she's worse than winjo!

Guo Jiaojiao lowered her collar and came to Li Fengbei. She said, "Mr. Li, you can't be cheated by your wife. She looks simple on the surface, but in her heart..."

Said, Guo Jiaojiao deliberately looked at Gu Chusi one eye, then said: "you so protect her, I just for you not worth it!" The meaningful look in his eyes and the gesture of saying that he was still resting made people suspicious.

Is Wenqiao having an affair with this guchus?

There is Li Feng North so excellent husband, still outside the red apricot out of the wall, don't know to meet, everyone look at Wen Qiao's eyes become disdainful.

Gu Chusi twisted his eyebrows, and a touch of anger ran across his face. "Guo Jiaojiao, I can sue you for slander."

"Yes? Since there is nothing between you two, why are you in such a hurry? Just explain it clearly!" Guo Jiaojiao said with her hands around her chest.

“Guo Jiaojiao, I’m Wen Qiao. I’m so innocent. I’m sitting upright. When you open and close your mouth, you throw dirty water on other people. Won’t your conscience hurt? Yes, I’m joking about the patient’s body. A woman like you has no conscience

Wenjo’s fingers, which he had placed on his side, were tightly clasped, and he was very angry.

Guo Jiaojiao is the most despised woman.

At ordinary times, there is no ability to rely on men to be powerful and good in front of everyone. Moreover, there is no sense of propriety, righteousness and shame. They are fussy about things regardless of their importance.

Such a woman as a nurse is really worried about the patients.

Guo Jiaojiao didn’t expect to be scolded by Wen Qiao in front of so many people. She was so angry.

He didn’t cover up at all. He glared and said, “don’t we know what you and Gu Chusi are doing in the office when they close the door? In the past, we all applied for the training by ourselves and competed fairly. But this time, Gu Chusi directly passed this level and gave you the quota in private. Do you believe that you are innocent?”

What Guo Jiaojiao said was well founded, half true and half false. She didn’t even breathe.

It sounds like that!

Wenjo was very angry.

Why didn’t she write? This story making ability can catch up with the international standard!

Half true and half false makes people more suspicious!

“You’re talking nonsense!” Wenjo gritted her teeth in anger.
