

# Passionate 651

## Chapter 651

After seeing Yu Qing off, Mrs. Li felt uneasy.

Right eyelid has been jumping to feel like something is going to happen, doing anything is not peaceful.

As soon as people get old, they are easily tired by doing something.

She squinted slightly in the reclining chair for a while. Half asleep, she heard a servant's footsteps rushing up the stairs.

Pushing the door open, the servant exclaimed in surprise, "old lady, sir is back!"

"Who? The Baron is back? "

The old lady immediately opened her eyes and asked in disbelief.

"Yes! Sir's car has been parked downstairs! "

The servant was also very happy to see Li mingjue coming home. Now the whole family worships him very much.

"Come on, help me up!" Said the old lady pleasantly.

With the help of the servant, the old lady came downstairs.

Just walked down the stairs, saw a tall man, from the door.

Li mingjue took off his coat, handed it to the servant, strode towards the old lady, and supported her instead of the servant.

“Mother!”

“Don’t you mean to come back tomorrow, Baron? Why are you back today? ”

Li mingjue’s strong and resolute face, the corner of his lips raised a radian, half jokingly said with a smile: “I come back early, aren’t you happy?”

When I think of the phone call two days ago, I can’t hold on to the third day.

Said to play, Li mingjue looked up the stairs expectantly.

The old lady saw his action in her eyes, and her eyes flashed a little clear. She joked, “I’m afraid you don’t miss me, do you?”

Li mingjue was not half embarrassed when his idea was exposed. Instead, he couldn’t wait to ask, “where’s Qing’er?”

Speaking of Qing’er, the old lady said with regret: “Qing’er has just returned to the linguist. She said that Yu Lao is ill and she has to go back to take care of her. No, as soon as she left, your hind legs would come back. If you were a little earlier, maybe you could still meet her!”

“Is Yu Lao ill?” Li mingjue picked his eyebrows, and a trace of worry flashed between his eyebrows. “I just brought back some good thousand year old ginseng from the border. When I go back, I’ll ask someone to give one to my mother, and I’ll send another to Yu Lao.”

The old lady thought, this is not married, so courteous to her father-in-law, this married, what else can she do?

The old lady helped her forehead and waved her hand in disgust. "I know you can't wait. Go ahead!"

Li mingjue just sat down, but before he got hot, he got up again.

"Mother, I'll go!"

When I got up, I found that Qianxue was still standing at the door, with big eyes looking at him wrongly.

Qian Xue was hit in the head by wood when he was saving him. Medical treatment in the disaster area was backward. In order to be on the safe side, he took Qian Xue back to B city for a comprehensive brain examination.

Li mingjue rubbed his eyebrows and introduced to old lady Li: "mother, let me introduce you. This is my assistant Qian Xue."

Old lady a pair of smart eyes, slightly a MI, in the snow body swept, kind smile way: "snow lady, Hello!"

"Good old lady! Here's a present for you

Then Qian Xue gave the old lady a millennium Ganoderma lucidum gift box.

The old lady's eyes flashed slightly.

This Ganoderma lucidum is not cheap. It seems that it has lost money.

"It's too much trouble for you. When people come, just bring some presents."

The old lady took it over and told the housekeeper, "housekeeper Hua, send this back to my room. When Qing'er comes back, let her eat it. This Ganoderma beauty is a wonderful thing for women."

Flower housekeeper pick eyebrow, looked at the old lady one eye, quietly in the side toward the old lady gave a thumbs up.

Old lady, you are so good!

The old lady winked at the housekeeper. It must be!

If you want to be her daughter-in-law, it's still young!

Li mingjue raised his hand and looked at his watch with a trace of eagerness in his brow. "Qianxue, you can sit at home or go to the garden. I'll go out."

"Brother Li, go and help yourself!"

Qian Xue looks at Li mingjue's eager appearance, and the smile on her face can hardly be maintained.

After Li mingjue left Qianxue, he took Qiannian ginseng and drove to Yujia in person.

Along the way, he was in such a good mood that he even hummed a tune.

It took Li mingjue an hour to arrive two hours' drive.

When he was about to arrive at Yujia villa, Li mingjue went to the florist to buy a bunch of roses.

Ninety nine roses, just because the store said that the flower language of ninety-nine roses is everlasting love.

When he and Yu Qing were teenagers, their love was just beginning to grow up. They had been separated for more than 30 years, and they could still be together again when they were over 50 years old or after most of their lives.

What is the fate? Isn't it a love made in heaven and earth for a long time?

Li mingjue came to linguist with a big bunch of roses and a thousand years of ginseng in his hands.

The housekeeper of the linguist saw Li mingjue and ran upstairs immediately.

Panting for breath, he pushed open the door of old Yu's bedroom.

"Master, who's coming, coming!"

Yu Lao looked at the housekeeper's several decades old man, so not calm, eyebrow slip a trace of displeasure, rebuked: "what happened, so flustered?"

"Mr. Li is here. Mr. Li is at home."

Now Mr. Li is one of the hottest figures in the country.

The presidential candidate.

Of course, before the president was their uncle, the housekeeper was so excited just because he is now Li mingjue's loyal fan.

Don't you get excited to see your idol?

Yu Lao frowned suspiciously and asked, "which Mr. Li? Li mingjue

"That's him, master. Go down and have a look! Mr. Li is holding a big bunch of roses and a big box of presents

Old language glanced at the excited housekeeper, “are you excited?”

“Ha ha!” The housekeeper said with a smile, “master, I think Mr. Li is more reliable than that one. He is sincere to the young lady.”

“.....” Language old smell speech, tight close close lips petal, cold hum a, “go out to have a look!”

With the help of the servant, Yu Lao went downstairs with his crutch.

Li mingjue just walked into the hall under the guidance of the servant.

Li mingjue strode forward and looked at the old man behind him. He didn't see the woman he wanted to see. His eyes were dim.

But thinking that Yuqing was here, he would soon be able to see her, and his eyes lit up again.

“Hello, Mr. Yu. It's rude of me to call on you all of a sudden.”

Looking at the polite and gentle man in front of him, Yu Lao nodded appreciatively.

“Mr. Li, sit here! Now Mr. Li is a busy man. How can he come to us today? ”

Li mingjue gave the Millennium ginseng to the housekeeper.

“Mr. Yu, I heard that you are sick. This is the Millennium ginseng I got in the border area. It's not a good thing, but it's good for my health!”

Chapter 652

"I have a heart!" Yu Lao Bu's wrinkled eyes swept over the big bunch of bright roses and asked, "what's the matter with Mr. Li coming to our language family?"

Li mingjue's fingers on his knees were rather cramped.

"I'm here to take Qing'er back. I don't know where Qing'er is?"

Smell speech, language old quite regretfully sighed a tone, "Mr. Li, you come too late, Qing son has already left."

Li mingjue's face froze, and then he said with a smile, "what do you mean, leaving?"

"Just two hours ago, Qing'er left B city by plane alone."

"....."

The radian of Li mingjue's face kept on for a while, and his strong and handsome face gradually sank down, and he said coldly in his voice: "impossible, are you always joking with me? Where can Qing'er go if she leaves alone?"

Language old closed eyes, cover up the mood in the eyes, "if you don't believe it, you can go home to find."

Li mingjue stood up and was about to rush upstairs. When he heard Yu Lao's words, he stopped.

He knows, language old didn't cheat him, Qing son really left B city.

Li mingjue clenched his fist, gritted his teeth and asked, "where has she gone? Did you force her to leave?"

As a presidential candidate, Li mingjue has a lot of prestige.

Angry eyes looking at language old, language old what storm has not seen, the heart is also not from a tight.

“I didn’t force her away. She wanted to go herself.”

“How could it be?” Li mingjue angrily smashed the rose on the ground. The bright rose fell to pieces on the ground.

“Can’t believe it!” he roared! Two days ago, she called me and said she missed me! How could you leave me alone?”

Smell speech, language old several can’t smell ground frown heart.

Qing son is so steady and calm a person, unexpectedly take the initiative to call Li mingjue to say that she miss him?

It seems that his silly daughter really loves Li mingjue beyond remedy!

“Alas

Yu Lao sighed heavily and said in a deep voice, “Li mingjue, it’s her infatuation for you that Qing’er left.”

Li mingjue screamed bitterly: “I don’t want her to be so infatuated, even if she doesn’t love me so much, I just want her to stay by my side! That’s all I want!”

Old Yu choked and asked: “Qing’er used to be Jun yechen’s wife, the first lady of the country. Who doesn’t know the identity of Qing’er in the whole country? If you’re with her, everyone will point at you. Don’t you care?”

Li mingjue sneered coldly, as if he heard a funny joke.

“I, Li mingjue, have already ignored those false names!”

Yu Lao’s sharp eyes fell on Li mingjue’s firm face, with a look of comfort.

“She went to Chengxi airport and got a ticket to Ethiopia. If you go there now, maybe it’s too late!”

Li mingjue was stunned for a moment, and then his deep eyes flashed a ray of light. “Thank you, Mr. Yu. I’ve offended you so much just now. Please forgive me!”

With that, Li mingjue drove to Chengxi airport.

Li mingjue stopped the car and rushed to the airport hall at the speed of 100 meters.

On the large screen of the waiting area, the time and journey of the plane take off are rolling in turn.

Li mingjue stood under the screen, looking up for the flight time to Ethiopia.

But the screen shows that the plane has taken off for 20 minutes.

Before Li mingjue could recover from the fact that the plane took off, he heard the big broadcast in the airport.

“Good afternoon, passengers! I’m sorry, we just received a bad news. Twenty minutes ago, the plane to Ethiopia, Xcc, which is the only one of our planes to Ethiopia today, had an emergency in the process of taking off, and the driver crashed...”

Plane crash

Plane crash

Li mingjue couldn't hear what the announcer said next.

These words are circulating in my mind.

"No! No Li mingjue wiped his face, patted his stiff face and said to himself, "no, Qing'er will be fine."

They haven't been together, they just have a run, how can she leave her?

So, he will not be so unlucky!

Li mingjue came to the service desk and put his work card in front of the waiter.

"Find me a man!"

The waiter first saw the work card, then raised his eyes to look at Li mingjue's cold face. Suddenly, he was surprised, stood up and said with respect, "Mr. Li, what can I do for you

"Help me find someone, Yuqing! On the Ethiopian planeLi mingjue is too eager. His words are wrong.

But the attendant understood and asked her to check whether a person was in Ethiopia, that is, on the plane that just crashed.

"Yes, Mr. Li, just a moment, please!"

The waiter looked up the list on the computer. One minute later, he apologized to Li mingjue and said, "I'm sorry, the person you're looking for has passed the ticket gate."

After the gate, which means she's on the plane.

Li mingjue's tall body suddenly bent down, and his decadent face seemed to be several years old.

"Qing'er!"

Li mingjue walked towards the door a few steps, suddenly in front of a black, tall figure actually like a cut tree, directly fell down.

As soon as Yu Qing turned a corner, she found Li mingjue standing at the service desk, looking very flustered.

She thought she was wrong. After all, there are so many people in the world, and it is not impossible for them to look alike.

Big brother will return to B city tomorrow. How can he be big brother?

But he's really like big brother!

Yu Qing's eyes followed him all the way. After a few steps, he found that he was falling straight to the ground.

Suddenly shocked, she strode over and picked up the fallen man.

When seeing his face clearly, Yu Qing's face suddenly changed.

He is really big brother!

"Big brother! Brother, what's the matter with you? Do you wake up?" Yu Qing patted Li mingjue's face anxiously.

Li mingjue felt confused and heard a familiar voice. He struggled to open his eyes to see who was the woman holding him.

He opened his eyes excitedly and grabbed Yu Qing's wrist.

A pair of deep eyes are staring at Yu Qing's small face for a moment. It seems that she is going to crush her wrist.

"Qing'er, is it really you?"

Is he dead, hallucinating?

Or God pity him, let him and Qing'er meet on the huangquan road?

"Big brother!"

Yu Qing's wrist was so painful that she could hardly feel it. Her facial features were so painful that she wrinkled them together. "You release me first, you hurt me!"

Chapter 653

Familiar sound, warm touch.

Li mingjue then reflected that this was a living person, not his illusion or his illusion.

Qing'er really stood in front of her.

"Qing'er, you didn't get on the plane?"

Li mingjue opened his mouth in a deep voice, and his trembling voice revealed his fear.

Li mingjue's heart was tense when he thought that they were just so close to each other and could not see each other again.

Regardless of Yuqing's struggle, he grabbed her and hugged her tightly.

Strong, Yu Qing hit chest pain.

She also heard the radio just now, only to know that the plane had crashed during the flight.

Thinking of it, her legs are still soft.

If it wasn't for her wallet being stolen, if it wasn't for the purpose of grabbing the photo in the wallet, chasing the thief all the way and missing the plane's take-off time, then I'm afraid it's already

Think of this, language Qing surprised a cold sweat.

Li mingjue's generous chest was so warm that the temperature came into her heart.

Her cold heart gradually melted away, no longer struggling. Any Li mingjue held her tightly.

"Brother, just a little bit, just a little bit, I will never see you again!"

Yu Qing shrank in Li mingjue's arms and said in fear.

This time, she didn't think that they would never meet again.

Just at this point, too much involvement between her and Li mingjue will only do harm to his election.

She never thought that death would be so close to her?

Think of here, language Qing embraces the arm of man waist body to exert oneself, hugged tightly a few minutes.

Just when Yu Qing could not help holding Li mingjue tightly, Li mingjue recovered from his grief and then recovered from his loss.

He pulled away Yu Qing, and hawk Falcon's eyes locked on Yu Qing's little white face.

Almost gnash teeth, cold voice toward language Qing ruthlessly hit past.

"Why leave? Clearly said to wait for me to come back, also said to miss me, you liar

Yu Qing shrinks her neck in fright and explains: "I don't want to leave I just... "

In Li mingjue's colder eyes, his voice gradually decreased.

People are already at the airport, and human and material evidence are gathered together. Now it's no use sophistry.

Yu Qing's beautiful lips, slightly skimmed, simply said: "I have to leave here, you can concentrate on your own business!"

I thought Li mingjue would be more or less soft hearted.

Although it is wrong for her to leave quietly, she is also thinking about him!

Thinking of this, I had a little confidence.

However, when Li mingjue heard of the speech, he raised his thin lip slightly and sneered sarcastically. He asked: "if you are by my side, I can't concentrate on my work?"

Yu Qing's clear eyes, a glimmer of light glided gently, lowered her eyelashes, and whispered with a trace of pain in her voice: "I'm Jun yechen's ex-wife. The whole country knows that we are a loving couple. If I get too close to you as soon as I get divorced, others will gossip about you and even laugh at you!"

At the end of the speech, the irony on Li mingjue's face was even worse.

In your heart, is my li mingjue such a vain man? Do I care what others think? What I care about is always your opinion! Li Qing'er! Do you have a conscience? "

Don't you understand what I mean to you?

Li mingjue roared in his heart.

Yu Qing can't help staring at Li mingjue.

He called her Li Qing'er!

The tone was fierce, with a strong energy.

Before, he had always called her "Qing'er", with a gentle voice and a slightly upturned ending, which was like the whispers of lovers.

She had never been called her name in such a cold voice.

A touch of grievance flashed across Yu Qing's heart.

She did it for his good, didn't she? He yelled at her so loudly.

A sour nose, wronged tears in the orbit.

“.....”

Li mingjue glanced at her wronged face, and a fluster flashed in his mind. Subconsciously, he wanted to apologize.

But thinking of her behavior, he immediately made himself cruel.

He tightened his hands, got up from the ground, raised his feet and walked outside the airport.

Yu Qing saw that Li mingjue didn't comfort himself. Instead, he got up and left her. He was stunned.

Big eyes stare at Li mingjue's back, forgetting his reaction.

Airport police caught the thief, stood on one side, face anxiously toward her, said: “this lady, have you finished your work? After that, follow me to the police room to record a confession, and you can leave!” Yu Qing wanted to catch up with Li mingjue. After listening to the police, she hesitated to stop.

For a moment, I don't know whether I should go after the famous baron or deal with the thief first.

Li mingjue with a stream of anger, big long legs stride out, go to the door, found that language Qing did not follow up.

I can't help but stop and turn around.

Looking at the woman was still standing in place, did not want to keep up with the meaning of the gloomy face can not be used to describe the gloomy, cold can drip water.

Deep eyes staring at her, cold voice, mixed with thin anger, a mouth, the surrounding air is about to be frozen by him.

“Not yet? Where else do you want to go?”

On the other hand, the police also urged her, “madam, please come with us to record a confession. We still have a lot of things to deal with! We are very busy at work

“.....”

Yu Qing stares at Li mingjue’s angry face and says in a flattering way: “elder brother, I have something else to do. Why don’t you go back first?”

With that, Yu Qing no longer hesitated and walked towards the police.

“Let’s go!”

“Yuqing!”

Li mingjue saw that the woman really dared to leave him, and his angry voice came from the door again.

Although Li mingjue is not very angry at ordinary times, he looks elegant and gentle.

But it’s such a person who really starts a fire that makes people scared.

Yu Qing had no choice but to stop and explain eagerly: “brother, the thief who stole my wallet has been caught. I will go with the police to record a confession, and it will be fine soon.”

With that, she strode to catch up with the police and left with them.

“Stop!”

Li mingjue clenched his teeth and roared at Yu Qing’s back again.

But language Qing as did not hear, a turn disappeared.

At the door, a black saloon car stopped quickly, and then several bodyguards in dark glasses and black suits stepped out of the car and came to Li mingjue.

One of them came to Li mingjue, handed him a pair of big sunglasses and bowed respectfully, “Mr. Li!”

## Chapter 654

Li mingjue took the sunglasses without expression, and looked coldly at a secret corner.

“Check all the people on the scene. All the people who took the photos just now will stay until they delete all the photos.”

“Yes.”

Li mingjue and Yu Qing are both celebrities. They appear in a high profile in the Grand Court, and many people have recognized them for a long time.

Be bold and take photos with your mobile phones.

Naturally, such photos cannot be revealed.

Li mingjue picked next eyebrow heart again, cruel voice way: “send a person to go to police room there, stare at her for me.”

With that, Li mingjue left with a cold face.

“Yes, Mr. Li.”

In the police room, Yu Qing quickly recorded her confession.

When I came out of the room, I was stunned to see the bodyguard waiting at the door.

The bodyguard respectfully said to her, “Miss Yuqing, Mr. Li is waiting for you over there. Please follow me.”

Black saloon, spacious back seat, like a small room, everything.

Li mingjue put down his back, closed his eyes and closed his eyes. His slender fingers rubbed his temples wearily.

In order to get back early, he squeezed the three-day work into two days.

These two days, he only slept for two or three hours every night, and his iron body could not bear it.

He came back in a hurry just to see her earlier. She wanted to run away before he came back.

Yu Qing sat beside him, his big eyes not blinking, and fell on Li mingjue’s face.

Looking at his tired appearance, closed eyes, a circle of blue mark can be seen under the eyelids, suddenly a burst of heartache.

He sipped his lips and hesitated to open his mouth. "Big brother, shall I press your head?"

Hearing this, Li Mingjue's fingers on his forehead stopped.

He opened his eyes and looked at Yu Qing. The next second he closed his eyes again.

The elegant handsome face showed a sarcastic grin, and the deep voice rang out in the car, "no need! When I get used to your service and you leave me, I'll run."

It stirred his heart and left him unwilling to be responsible.

This woman!

Li Mingjue only gnashed his teeth in his heart. He wanted to swallow the woman alive in front of him immediately.

In the heart is angry to death, grasps the heart grasps the lung, on the face actually closes the eye, a faction face has no waves.

"....."

For the first time, Yu Qing's initiative to be courteous was rejected, which made her feel embarrassed.

Yu Qing looked out of the window, looking at the scene of the road going backwards, and said to the driver in the cab, "master, it's near my home. Please take me back to my home."

"This..."

The driver looked at Li Mingjue in his rearview mirror. Seeing that the person behind him was closed his eyes and had no intention to speak, he was immediately in a dilemma.

“Miss Yuqing, this I’m afraid you have to agree with Mr. Li. ”

“.....”

Let big brother agree?

Yes, the driver is my brother’s driver and the car is my brother’s car. Of course, I have to ask my brother.

Yu Qing couldn’t help looking at Li mingjue.

But the other party is not willing to give her a look at all.

The man’s fingers between the eyebrows are still rubbing, not falling asleep. He must have heard their conversation, but he has no intention of making a sound.

Yu Qing turned her lips and cried, “brother, I want to go back to my home.”

The man hears speech, light smile voice, “how? You don’t want to stay at Li’s when I come back? ”

In the one or two months before he went home, he didn’t stay well in Li’s house. How could she go home as soon as he got home?

The light in Yu Qing’s eyes was dim.

It’s not that she doesn’t want to see him, it’s just

My eyes turned slightly. After thinking about it, I asked uneasily: “brother, you Did you come back alone? ”

Didn't he say on the phone that he would bring the assistant Qian Xue back this time?

Li mingjue snorted, "well."

Hearing Li mingjue say that he didn't take another woman home, Yuqing's depressed mood suddenly became more comfortable.

"Oh

The question was a little puzzling. Li mingjue opened his eyes, raised his eyelids and looked at her strangely.

Yu Qing said with a smile, "it's OK, brother. You can have a rest."

Old lady Li will be worried when such a thing happens.

Of course, yulao, when she was not able to get on the plane, she already called and knew that she was OK.

Two hours later, the car stopped steadily in front of Li's old house.

Li mingjue took the lead to get out of the car, and Yuqing followed him closely.

The old lady had been waiting at the door. She and Li mingjue through the phone, know the language Qing secretly leave things.

As soon as I saw Yu Qing, I kept a straight face and yelled: "look at you, you are so good. Why do you say you should leave! Yesterday, I bought so many things for me. I thought it was your filial piety. It turned out that you had this idea. "

The idea of leaving!

“Mom, I’m sorry!” Yu Qing said with shame.

She didn’t mean to hide it from her, but worried that she would not be able to leave after telling the old lady.

The old lady seemed to see through her thoughts and sighed, “Why are you doing this? Mom has already told you that as long as you make the decision, I will promise you any decision. Why do you even hide me?”

Hearing the old lady say this, Yu Qing felt more guilty and immediately promised, “Mom, I won’t do this again.”

After the panic of life and death, she finally understood a truth.

Life is so fragile.

A person who lives well in the first second does not know what will happen in the next second, so many things are not important, the most important thing is to live in the present.

When she heard the news of the plane crash, her first thought was not fear, but panic.

If you are separated from brother Yin and Yang in this life, how miserable should brother be?

God, this time, finally opened his eyes, pity them this time.

After what happened just now, she fully understood that this time, she would firmly grasp the opportunity in her own hands.

Listening to Yu Qing’s promise, the old lady was relieved. She took her hand and walked into the room.

"I've been busy all morning. Are you hungry? Come on, I asked Wu Ma to cook a lot of delicious food. Don't you like her cooking best? Eat more at noon today, and see how thin you are."

Listening to the old lady's nagging, Yuqing was moved.

She has never left B city alone, and usually even when she goes out, she follows Jun yechen and the team, so she has to make this decision.

How to live alone in the future is a problem.

Now it seems that she was too headstrong before.

Yu Qing helped the old lady to the kitchen. Talking about the plane crash, the old lady was afraid for a while.

"It's frightening! Mother almost wants the white hair person to send the black hair person, God bless, Amitabha, next time you don't casually say to leave, you know?"

Said the old lady.

"I see, Ma! Next time I'll never leave without a word."

Li mingjue walked behind them, watching their intimate behavior and listening to their conversation.

Tight lips, can not help but up a radian.

Chapter 655

I remember the same scene before.

Yuqing likes to take the old lady's hand to go shopping. They are hand in hand. He follows them silently as a free porter.

His most annoying thing is shopping, but every time I look at her smile, a face of satisfaction, I can't say the joy.

Even think, like this give her a lifetime of things are willing to wring.

Time seems to return to that year, the general age of huaguduo.

There was no difference between them in the past 30 years, nor did Jun yechen and Gu Lezhen intervene in them. Everything was as good as it was at the beginning.

However, such a warm atmosphere, only lasted for a few seconds, was interrupted.

As soon as I got to the door of the restaurant, I heard a clear voice coming from the front.

"Brother Li, you are back!"

Hearing the strange but familiar voice, the smile on Yuqing's face suddenly froze.

Some of them look up stiffly and look ahead.

In looking at the face of a thousand snow, the second before also full of smiling eyes, pupil suddenly shrunk, and then face with a white.

Su Xue!

So Qianxue is suxue!

Deep in the eyes, a flurried slip, heart then pulled up.

No wonder big brother is very different to her, will gently coax her to take medicine, will take her home.

So this person is Su Xue!

When Su Xue was at school, she chased big brother crazily, almost to the point that the whole school knew.

Su Xue is in the same class with her. They are close to each other like sisters.

Su Xue was a talented girl in her literature department. Unlike her, she was always fond of playing. Her academic performance was not very good, and she had no big goal in life.

Compared with her, she is just like a cloud and a mud, one in the sky and one in the earth.

Su Xue and eldest brother, who are all perfect, are a perfect couple.

At the beginning, she also helps Su Xue to catch up with big brother, acts as a messenger among them, tells Su Xue everything he likes, and helps them create opportunities.

The break between them was just because of that time.

Su Xue, after communicating with her elder brother for a period of time, plans to ask him out and confess to her face.

Such an exciting and fun thing, of course, can not do without her participation.

She found a reason to help Su Xue ask big brother out, and then find a chance to secretly leave in the middle, to make room for them to get along with each other alone.

But when she left, she accidentally fell off the stone, sprained her foot and couldn't walk.

The pain made her cry.

If she wants to ask for help from her elder brother, she can see that her elder brother and Su Xue are a perfect match. She forces herself to bear the pain and hide behind the stone. She wants to wait until Su Xue has successfully confessed to her elder brother before she comes out.

Reliable in the stone, blowing salty sea breeze, unexpectedly accidentally fell asleep.

When she woke up, it was almost dark. The sky was gloomy and quiet everywhere. There was only the sound of the sea breeze beating on the coast. Suddenly, everyone was afraid.

Big brother and Su Xue won't go out on a date. Will you leave her here alone?

She was in a panic at the thought.

She dragged her injured foot up from behind the stone, and heard someone calling her name anxiously.

"Qing'er!"

"Qing Qing! Where are you? "

Suddenly in front of a bright, the original big brother and Su Xue did not leave their own, immediately happy to wave to them.

"Big brother, Su Xue, I'm here!"

When they heard her shouting, they ran towards her.

Big brother always calm eyes, at this time with unprecedented panic and urgency.

Probably running too fast, shortness of breath, sweat on the forehead.

She thought that elder brother must be angry, and quickly pulled her ear to beg for mercy, “elder brother, I’m sorry, next time I don’t think I will be so greedy...” I played.

Before she finished her words, she felt a strong force pinching her arm. The next second, her lips were blocked by a warm one.

Li mingjue put his arms around her waist and clasped the back of her head with one hand, kissing her eagerly.

She found him clasping her hand and shaking slightly.

She was frightened by Li mingjue’s sudden action, and even forgot to push him away.

The whole person is like being hit by a acupoint. A heart is pounding uncontrollably. It’s like jumping out of the throat in the next second. Even the brain becomes blank.

“You What are you doing? ”

It was not until Su Xue’s unbelievable scream came to her that she recovered from her confusion.

She pushed Li mingjue away. The situation was so chaotic that she couldn’t figure out what she was thinking. She turned around and wanted to run away.

But Li mingjue grabbed his wrist and held it firmly in his arms. Li mingjue’s face was angry, his cold voice mixed with obvious anger, and he hit her hard, “where else do you want to go? Who do you want to push me to? ”

“I, I...”

She shrinks her neck in fear and looks at Su Xue for help.

Su Xue stood in front of them, clutching her fingers tightly. Her face was pale, and her whole body was tottering, as if she had been greatly hit.

Looking at them in disbelief, he asked, “aren’t you brothers and sisters? What are you doing?”

“No! It’s not like that!”

Yu Qing pushes Li mingjue away anxiously and explains to Su Xue anxiously.

“Su Xue, it’s not like this! I I don’t know why my elder brother suddenly just like this...”

But before her words were finished, her hand was caught by Li mingjue again.

He had a pretty face like sculpture, and the veins on his forehead were dancing. The strength of holding her wrist seemed to crush her. He yelled at her angrily, “I didn’t want to do this all of a sudden, I always wanted to do this!”

“What What do you mean She was stunned.

What’s the big brother talking about? What do you mean you always want to do this?

What are you doing? Pick up Kiss Always wanted to kiss her?

She was shocked by this fact, the whole person was confused, just like a thunder exploding in her mind.

A pair of big watery eyes stared at Li mingjue for a moment, as if to see whether he was joking from his expression.

Su Xue looked at them holding each other intimately. She burst out crying and yelled at her: "Yuqing, I hate you!"

After roaring, he covered his face and ran away crying.

"Su Xue Let me explain Well

Unfortunately, her explanation has not been said, and her mouth is blocked by Li mingjue again.

He finally let her go until she was breathless, her legs were weak, and she had no strength to struggle.

She was lying in his arms, smelling the clean and fresh breath of the man. Her heart was all in a mess, thumping, as if out of control.

The brain, which is not so smart, has all crashed.

A pair of big black and white eyes, dribbling, racking their brains to think of a problem.

"Brother, Su Xuegang must have misunderstood!"

Chapter 656

Smell speech, Li Ming Jue Leng for a while, hang Mou to look at her.

Probably did not expect that she would suddenly jump out of such a problem, for a moment, she was angry and laughed.

“Qing’er, you are really Don’t you understand?”

Suddenly he took her hand and put it in his heart.

His heart beats fast, at the same rate as her.

Big Big brother kisses her. Are you nervous?

Only heard Li mingjue’s low magnetic voice said: “heard its voice, it is to speed up the beat.”

She raised her eyes and looked into Li mingjue’s deep eyes. She said foolishly, “brother, it’s wrong for us to do this. Mother will be sad!”

Li mingjue frowned slightly and promised: “you don’t need to worry about this. I’ll solve it. You just need to tell me if your heart is jumping so fast like me.”

“.....”

According to the words, she felt her heart beat.

The beating of his palm was more severe than that of Li mingjue.

How could that be?

No, he’s her brother. She always takes him as her brother.

How can my sister be with my brother?

But, because of this kiss, her heart was in a mess.

That day, she fled, leaving Li mingjue to go home by bus alone.

“Li Qing’er, I didn’t expect that we could meet again. It’s so happy!”

Qian Xue looks at her with a smile on her face. What she says brings back Yu Qing’s thoughts.

Yu Qing’s face turned pale slightly, and with a few branches, she said: “Qian Xue, I didn’t expect that you are my brother’s assistant now. You have a successful career. Congratulations!”

Smell speech, thousand snow lightly smile a, “Qing son is the first lady, the scenery is infinite, I naturally can’t compare.”

As soon as Qian Xue’s words came out, everyone’s face changed.

Yuqing is the wife of the former president.

The reputation of the first lady is so great that no matter what she does or where she is, she will always be crowned with this title.

At this time, Qian Xue specially stressed that the typical is disgusting.

Li mingjue’s eyes, like a cold pool, suddenly cooled down and said in a cold voice: “what are you doing here? Go in and eat! ”

Finish saying, lift foot to pass language Qing, walk into dining room from her in front.

Yu Qing looks at Li mingjue’s tall and cold figure. Her heart aches slightly, and a touch of pain flashes by.

Said not to care, look, or care about it?

What happened in the past, she has been unable to change, she does not have the ability to let the time go back!

If big brother cares about it, they will not be happy together.

Barely together, there will only be countless arguments and suspicions.

The old lady frowned slightly, glanced at Qianxue coldly, turned her face and said with a smile, "so you two know each other! Since you know each other, you will have a lot of chances to get along with each other. Qing'er, I heard that miss Qianxue was injured in order to save mingjue. You have to thank her instead of mingjue. After dinner, you can take miss Qianxue to the hospital to have a brain CT to check if her brain is broken! "

I broke my brain

The old lady's words were quite normal just now.

But the last sentence, coupled with the context just now, is obviously scolding Qian Xue for her abnormal brain.

Knowing that the old lady was defending herself, Yu Qing was moved to say, "Mom, I know."

Qian Xue naturally recognized that the old lady was defending Yu Qing, and held her fingers tightly.

Looking at Yu Qing's eyes, a flash of deep jealousy.

He soon drew back his face and said, "I'll trouble you!"

Yu Qing looks at the man who has been seated in the restaurant, purses his lips and says, "OK, let's go together after dinner."

Thousand snow for big brother and injured, big brother will not rest assured thousand snow just right, so language Qing did not put this sentence in mind.

If she knew Qianxue was here, she would never come to Li's house.

She really didn't know how to face such a scene.

Entering the restaurant, the old lady patted Yu Qing's hand and winked at her.

It means to let her sit beside Li mingjue and push her forward.

The old lady is very strong. Yu Qing is caught off guard and pushed forward two steps by her.

"....."

Yu Qing felt helpless about the old lady sparing no effort to make up for her and Li mingjue. She was just about to step over and sit down on the seat beside Li mingjue.

A gorgeous figure came to her first and sat beside Li mingjue.

Yu Qing's step is a meal, have to turn back, sit back to the old lady's side.

The old lady gave her a disgruntled look.

Yu Qing lowered her face and pretended not to see the old lady's face. Qian Xue's white fingers filled a bowl of black chicken and ginseng soup, put it in front of Li mingjue, and said softly, "brother Li, in order to get back these days, I've compressed three days' work into two days. I've worked hard. I'll drink some soup to make up for it."

“Thank you Li mingjue didn’t have too much expression and reached for it.

A series of actions, it seems that they don’t care.

Smell speech, language Qing whole person leng, not from lift Mou to see to Li mingjue.

Big brother in order to go home, three days of work compressed to two days to complete, so one day ahead of time to come back?

Li mingjue looked at her.

Two people’s sight bumps together unexpectedly, causes all the way spark immediately.

Yu Qing coughed and looked away.

Yu Qing’s eyes flashed slightly, and a hand came out of his waist.

The old lady quietly pinched Yu Qing under the table.

Yu Qing frowned and looked at the old lady.

“Mom?”

Why is she pinching her?

The old lady hated that the iron could not be made into steel. She put it close to her ear and said in a low voice, “you can also bring him vegetables! Don’t let that fox get the upper hand!”

Smell speech, language Qing corners of the mouth twitch.

Is that necessary?

If Qianxue can be with big brother, maybe it's a good thing.

Yu Qing looks down to eat awkwardly, pretending not to hear the old lady's words.

A meal, in a strange atmosphere.

After dinner, the party went to the living room and then used dessert.

Usually when Yu Qing and the old lady are at home, this dessert is saved. But now Qian Xue has just arrived and saved Li mingjue. Naturally, he has to entertain Zhou Dao.

The old lady picked up a cake and put it in front of Yuqing. "Qing'er, this is your favorite mousse cake."

Instead, he said to Qianxue, "miss Qianxue, you're welcome. You can eat too!"

"Thank you, old lady!"

This polite tone, who pro who sparse at a glance.

The smile on Qian Xue's face was perfect, and she took a cake and put it in front of Li mingjue.

"Brother Li, you eat it!"

Everyone knows that what Li mingjue hates most is sweets.

Yuqing takes the cake with her fingers.

Li mingjue also looked at her.

Looking at each other, his eyes immediately moved away, took the cake in Qian Xue's hand and put it in front of him.

Yu Qing's face turned pale and grasped the spoon in her hand.

Big brother doesn't like sweet food, does he?

## Chapter 657

Qian Xue takes a spoon and puts it in front of Li mingjue. She looks at Yu Qing provocatively.

"Brother Li, this cake is delicious. Try it quickly!"

Yu Qing looked at Li mingjue again.

Doesn't Qianxue know that he doesn't like to eat?

Just when Yu Qing thought Li mingjue couldn't eat cake, he picked up the spoon, gouged out a small piece of cake and put it in his mouth.

Chewing carefully, as if still lightly miss the taste of the cake.

Yu Qing seemed to be fixed by something and looked at Li mingjue foolishly.

When did big brother like to eat cake?

Her favorite food is cake. Before making it, he would not take a bite of it even if she threatened.

Now Qianxue gives it to him, and he collects all the bills

Is it because that person is Qianxue?

After all these years, sure enough, many things have changed.

Big brother has not been the big brother before, everyone is moving forward.

The old lady looked Yu Qing's sad eyes in her eyes and felt pain in her heart.

Put down the tea cup, said with a smile: "Miss Qian Xue, I heard you have not found a boyfriend, this is to become a typical strong woman ah!"

Smell speech, thousand snow facial expression slightly a change, but in a twinkling of an eye then raise the smile face that can't beat.

"Things used to be too busy. Now I'm old and I don't have the energy."

"No more energy..." The old lady drew a long tail and said, "it's true that we can't compete with young people now. Our energy is limited. Besides, there are few good men in the world!"

Smell speech, thousand snow grin, "the old lady said to smile, big brother Li is a good man."

The old lady laughed more loudly. "That's because you don't know my son. A famous Baron is a wood. Qing'er didn't suffer from him! If you want to find one, you must find one with high EQ, who knows both cold and hot!"

Smell speech, the smile on the face of thousand snow is about to maintain finally.

Stiff face, smile: "yes! The old lady is right

After listening to the old lady's words, Yuqing just wanted to find a hole in the ground.

An old face blushed with shame. She suffered a lot from her elder brother.

It sounds as if there is something between them.

Li mingjue, looking at Yu Qing's embarrassed appearance, helplessly interrupts the old lady's words, "mother, I have to go to the hospital this afternoon. Let's go first."

Qian Xue put down the cake and got up, "old lady, Qing'er, let's go first."

Looking at their backs, the old lady snatched the cake from Yuqing's hand and said, "follow up quickly!"

"Ma!" Yu Qing grabbed the old lady's hand and said helplessly, "I understand what you think. You want to set me up with big brother. But as you saw just now, there is more tacit understanding between him and Qian Xue. Things have been going on for 30 years, and many things have changed.

He has changed, so have I! We can't always stay at a standstill 30 years ago. The 30 years that we lack have become an impassable gap between my brother and me!"

Yu Qing finally said what she thought, and suddenly felt much better.

Even the place where I just suffocated seems not so uncomfortable.

“So, don’t match me up with big brother any more.”

“Qing’er, you look fine. I think these problems...”

What else does the old lady want to say.

Yu Qing interrupted: “Mom, no matter where my elder brother can go, the only constant is that I am your daughter and elder brother’s sister.”

It’s rare for the old lady to see Yuqing so persistent about one thing, but she said, “well, since I said I won’t force you, I won’t force you any more. You can do whatever you want, and you can leave if you want, but don’t leave secretly. At least let us know you have a good life.”

After talking with the old lady for a while, Yu Qing got up to leave and went back to her home.

“The Baron has just come back today. What are you doing back?” Asked the old lady.

“I’ll go back first, and I’ll see you in two days!”

In two days

The old lady had a lump in her heart.

In two days, mingjue will return to the border. Yuqing wants to hide from mingjue!

The old lady said clearly, “do you want to avoid him?”

“No!” Yu Qing’s eyes drooped, and her long eyelashes covered up her mood.

With Qianxue here, she can't help watching their intimate gesture.

Even if you know that big brother won't have anything to do with Qianxue, Qianxue is the most special one in his heart.

Yu Qing put her arm around the old lady's shoulder and said half jokingly, "Mom, you just said what I want to do. You support me. You won't just say it. You have to go back?"

The old lady choked.

With a heavy sigh, he said, "OK! When you get home, give me a message! "It seems that the problem between the two children is quite serious!

Yu Qing obviously worried about this and that, and began to lose confidence in the famous baron.

These two children grew up beside her. Now that they are old, she can't understand what they are thinking!

It's just a pity!

The old lady began to blame herself again, but more helpless.

There is nothing she can do about the younger generation. It depends on their own fortune.

Yu Qing takes the suitcase, gets on the Li family's car and asks the driver to take her home.

After coming out of Li's house and turning a corner, the car suddenly stepped on a sharp brake and stopped.

Yu Qing frowned suspiciously, "master, how did you stop?"

“Miss Yu Ching, it’s sir.”

“Well?”

Yu Qing followed the driver’s line of sight and looked forward to the front of the car. At a glance, she saw the man standing in front of the car.

A slight frown on the tip of the brow.

Why is big brother here? Didn’t he take Qianxue to the hospital for filming?

Li mingjue’s sharp fingers curled up and knocked on the window of the cab. He said in a cold voice, “get out of the car!”

The driver immediately opened the door and got out of the car.

Li mingjue stooped into the cab and started the car.

Yu Qing’s eyes were wide open and looked at him in shock. “Brother, didn’t you accompany Qian Xue to the hospital?”

“You want me to go with her?” With that, Li mingjue sneered, “are you now, no matter what I do, you don’t care?”

“.....”

Smell speech, language Qing tightly put the finger on the knee.

It was because she cared about him that she thought about him.

Looking at the woman's frowning and tangled appearance from the rear-view mirror, Li mingjue's face was even more ironic. He held the hand of the steering wheel, and because of his strength, it turned white directly.

The car stopped in the parking lot of a resort.

Yu Qing looks out of the window at the scenery. On her beautiful face, she slips a little doubt.

"What are we doing here?"

"Sleep with me!"

"What What? "

Yu Qing's face turned white with fright, and then she said with a smile, "brother, let's go back. You've been joked. This kind of joke can't be made casually!"

Chapter 658

"I'm not kidding you!"

Li mingjue is serious and firm.

It doesn't seem like a joke at all.

The smile on Yu Qing's face became stiff, and her expression gradually became serious. "Brother, let's go. Don't make such a joke in the future!"

With that, Yu Qing turns around and wants to leave.

But Li mingjue grabbed his wrist and said, "follow me in!"

"I'm not going! Brother, let me go! I'm not going

Yu Qing struggles, but a man's hand is like a pliers. She is not his opponent at all.

Easily dragged by Li mingjue to the senior presidential suite of the resort hotel.

There's a room he's been living in for a long time.

Fortunately, after entering the room, Li mingjue let her go and took the bath towel into the bathroom.

Before entering the bathroom, he gave her a hard look and threatened: "if you dare to leave this door before I come out, then we will be completely separated from each other from now on. As you said, we will not be connected in this life."

"....."

With that, Li mingjue didn't wait for an answer, so he walked into the bathroom.

Leave Yu Qing a face muddled force ground to stand in the wall.

No more contact in this life!

Hey, what a big deal. As for a lifetime?

In the bathroom, soon came the sound of water clattering, has been the sound of bath friction.

Yu Qing's face flushed and her heart beat.

It's clear that they are all 40 or 50 years old. Why are they still so calm?

In her life, she has never had any relationship with anyone except the one when she was drunk with him.

This age is also white long, at this time standing at the door, listening to the voice of the bathroom, even blush heartbeat, like a little girl in general.

Yu Qing raises her feet and wants to leave, but when she touches the door handle, she pauses.

Forget it, she'd better wait for big brother here!

Yu Qing can trust Li mingjue's character!

However, her heart was still uneasy.

Married with Jun yechen, they have no normal husband and wife life at all. They are tired of each other in private. So, she really doesn't know how to get along with a man alone?

When Li mingjue came out of the bathroom with a bath towel, Yu Qing was standing by the window, staring at the maple leaves in a daze.

He glanced away, dried his hair, and lay down on the bed.

Yu Qing heard the movement behind her and grasped her fingers. She even dared not look back nervously.

I thought Li mingjue would come towards her, but for a long time I didn't hear any news from behind.

Yu Qing turns around suspiciously. Seeing the man lying on the bed sleeping, he is stunned.

Then he burst out laughing.

Big brother said sleep is really sleep!

Think of his eyes closed, still a tired face, my mind suddenly appeared a thousand Snow said.

He compressed his three-day work into two days, just to go home early!

He said to come back early because she called him and missed him!

Think of this, suddenly a burst of heartache, at the same time, the bottom of my heart filled with strands of sweet.

Say, after big brother comes back, she has not seen him well!

At this time, there was no one else in the room, and Li mingjue fell asleep again. She came to the bedside and looked at him boldly.

From his full and smooth forehead, to his thick eyebrows, his nose, to his thin lips

Skin black, thin, but still so dazzling.

It's just Even if I fall asleep, my eyebrows are still frowning tightly, as if I have a strong mind.

Yu Qing can't help holding out her hand, trying to help him smooth the sadness on his eyebrows.

As soon as I put my finger on it, I was caught by the wrist with one palm.

"Ah

The next second, a whirl, language Qing was pulled to the bed.

Originally, the man who closed his eyes and fell asleep raised his foot to hold her down when she turned over.

The language Qing frightens small face a white, a side body, stretch out a hand to block in front of Li Ming Jue's body.

"Big Brother, don't mess about!"

This posture is too ambiguous, too dangerous!

When Yu Qing is flustered and doesn't know what's wrong.

The man didn't even open his eyes. He just held her arm tightly.

"....." Yu Qing looked at him tired, and saw that he did not move further, and gradually relaxed his vigilance.

Actually It's just that she's not ready. If big brother really wants to It's not that she can't give it to him.

As long as it is what he wants, as long as it is what she has, she can give it to him.

This side lying posture is not very comfortable. Yu Qing wants to turn over, but he is worried about waking Li mingjue who is sleeping. He can only lie so stiff. I thought that this posture, she would not sleep, but listening to the rhythmic breathing sound in her ears, she gradually closed her eyes and fell asleep.

When I wake up, I wake up by myself!

She had a dream that she was sleeping with her elder brother

Damn it!

She suddenly opened her eyes, opened a pair of frightened eyes, looked at the room in panic.

Out of the window is the beginning of the lights, the lights of all families are brilliant.

There is a small desk lamp on in the room. Under the desk lamp, Li mingjue is knocking on his tablet computer in his nightgown and headphones.

“Big brother?”

Yu Qing looked at Li mingjue’s generous figure suspiciously and yelled at him.

Probably too much investment, Li mingjue did not answer her.

Language Qing can’t help but frown, lift the quilt to get up, gather together in the past.

“Brother, what are you looking at?”

Suddenly, Li mingjue reacted to the shadow. He grabbed the computer screen and acted eagerly.

Looking at Yu Qing close at hand, he took off his ears and said softly in his voice, “did I wake you up?”

“No!” The language Qing picked to pick eyebrow, narrowed eyes to ask a way: “what were you doing just now?”

Li mingjue’s action and manner just now seemed guilty.

“I’m working.”

“No! Let me see! ”

Say, language Qing takes advantage of Li mingjue not to notice, one snatches the computer in his hand.

On the computer, the people on the video conference desk are staring at the screen.

“Ah

Yu Qing screamed and quickly put the tablet back into Li mingjue’s hand, blushing to find a hole to get in.

I have no face.

She is wearing a chicken nest head, and it is obvious that she is just waking up. What would her colleagues misunderstand?

Li mingjue rubbed his eyebrows, a little helpless, “now you should believe me?”

“Who told you that you were wearing earphones but didn’t speak? I thought...”

Yu Qing covered her face and hid in the quilt.

Just now I saw that he had been knocking, wearing earphones and looking mysterious.

I thought he was doing something shady. It turned out that he was really working or holding a video conference.

Li mingjue put down the computer, came to the bedside, opened the quilt on her head, deep eyes with a trace of doting smile.

“I think you sleep like a little pig. I’m afraid you’ll be disturbed by your words!”

Yu Qing was embarrassed. “When your colleagues see me appear in the room with you like this, they will certainly think about it.”

## Chapter 659

Li mingjue’s eyes darkened and sighed helplessly, “Qing’er Is there anything between us that makes you so disrespectful? I’m not good enough for you, or do you still refuse to forgive me for the mistakes I made? ”

Seeing that Li mingjue said so, Yu Qing immediately got worried.

“No, I don’t think big brother is bad. On the contrary, big brother is too good! Big brother is good at everything. I’m not good enough for him! ”

Li mingjue narrowed his eyes and gazed at her serious face. “Do you think I would care if you had been with Jun yechen?”

“.....”

“Qing'er, after so many things, don't you understand? Today, when I was at the airport, I went to see you. Then I heard the radio saying that your plane crashed. Do you know how I felt at that time? I just feel that the sky is dark, the sky and the earth have lost their color, and there is no more beauty in this world!”

“.....”

Yu Qing lowered her eyelashes, which cast a silhouette on her face.

Why didn't she think so?

But they are all over 50 years old, and half of them are buried in the loess. What else do they care about?

They have long passed the age of love!

Li mingjue looked at Yu Qing's oil and salt, and suddenly felt a strong sense of powerlessness.

He wiped his face, got up and said to her, “go back! Big brother won't force you any more!”

With that, Li mingjue got up, went to the cloakroom next to him, changed his clothes, picked up the car key on the table and went out.

Yu Qing got up from the bed, pulled his wrinkled clothes, and went out of the door behind Li mingjue in silence.

Looking at Li mingjue's back, I suddenly felt very sad.

Big brother was disappointed with her. There was really no possibility between them. Could it be such an ending?

Want to close, but dare not.

I want to give up, but I can't make up my mind.

Yu Qing has never let herself be so confused.

On the way back, they had nothing to say.

Back at the old house, the old lady looked at the two people walking into the room.

"Come back!"

But soon she felt something was wrong.

Li mingjue's face was gloomy and he looked very unhappy.

And Yu Qing stood behind him, looking like a wronged daughter-in-law.

"What's the matter?"

Just now, I heard from the driver that mingjue didn't take Qianxue to the hospital, but blocked Yuqing on the way. When she took Yuqing away, she couldn't help but be happy for them.

But didn't they go out to have fun? Why does it seem that the relationship is more rigid?

The old lady turned her eyes and quickly took Yu Qing to one side. She said earnestly, "Qing'er, men's patience is limited. It's true that they can't easily agree with men any more. But everything has to be done in a certain way. You should hang him like this and push him to other women carefully."

With that, the old lady took a meaningful look at Qianxue.

When he saw that Qianxue was facing Li mingjue, he turned his lips and gave a cold hum.

Yu Qing also saw what Qian Xue said to Li mingjue. They were so close that they couldn't help suffocating.

"Mom, I'll go upstairs first!"

"Go

Seeing that Yu Qing was in a bad mood, the old lady waved her hand. Then she thought of something and cried, "haven't you had dinner yet? Eat before you sleep

Li mingjue sent a text message to her on the road, asking her to leave food for her.

Yu Qing didn't feel like eating at all. She shook her head. "I'm not hungry. I'll go upstairs and have a sleep first."

Upstairs, she was next to Li mingjue's bedroom.

As she passed by Li mingjue's bedroom, she couldn't help stopping and looking at his bedroom.

The bedrooms were half open and not tightly closed.

At a glance, she saw that Qian Xue was talking to him, holding a document like thing in her hand.

They are really busy. Li mingjue's two-day holiday means more shifts.

Yu Qing's eyes flashed slightly and sighed silently in her heart.

Although she doesn't like Qianxue very much, Qianxue can help big brother a lot at work.

Just thinking about it, the room suddenly sounded footsteps.

Qian Xue turns around and sees Yu Qing standing at the door of the room.

To the sight of thousands of snow, Yu Qing's eyebrows jump abruptly and turns around.

Qianxue came out of the room with high heels, closed the door with backhand and said to Yuqing, "Yuqing, let's talk!"

Yu Qing stopped and turned around, "what are you talking about?"

At that time, they were very ugly because of Li mingjue.

I don't want to be so old. They are all the grandmothers of the children, and they are still arguing about this problem. Then the more they live, the more they go back."Over there!"

Qian Xue looks at Li mingjue's bedroom.

The meaning is self-evident.

Yu Qing hesitated for a moment and raised her foot to follow.

They walked out of the corridor and stopped at the open-air golf course.

“What do you want to say? There seems to be nothing to talk about between us?” Yuqing said.

Thousands of snow cold Yan’s face, silent hook lips, sneer, “don’t talk about it! In another way, I order you to leave brother Li

Language Qing Zheng Zheng, immediately also sneer, “why do you command me?”

But she remembers that Su Xue didn’t make a little trip behind her. She gave the old lady a bucket behind her back about her relationship with her elder brother.

Later, mother would be anxious to arrange their own marriage, kill them by surprise, big brother’s plans were not implemented.

Smell speech, thousand snow hands ring chest, the look on the face is arrogant like only open screen peacock.

“You can’t give him the happiness he wants!”

“You can give him happiness?” Yu Qing squinted, looked up and down at Qian Xue, and said impolitely, “I remember that my elder brother warned you many times before. Don’t show up in front of us again. I don’t know who changed his name and thought he would like it?”

If it were another woman, she would recognize it.

I didn’t expect that this woman is Su Xue. Who can I change? Why does big brother have to choose this woman as his assistant?

Think of this, language Qing immediately some gnash teeth.

These words just mentioned the pain in Qianxue's heart.

She just changed her name. After her parents divorced, she changed her surname from Suxue to Qianxue.

Seeing Li Mingjue again, he didn't remember her.

Think of so many days together, another person did not remember her appearance, her hate! But more is not reconciled!

It took Li Mingjue a long time to remember that she was Yuqing's classmate or the woman who wrote to him in the name of Yuqing.

When he learned the truth, Li Mingjue turned over and wanted to fire her.

"Yuqing, sometimes I really don't understand why brother Li likes a woman like you?"

It seems that Qian Xue can't understand and can't stand such a blow. She said excitedly, "in fact, you don't love him at all, and you don't deserve to love him!"

Chapter 660

Yu Qing frowned, "what's the point of saying these things? We are all grandmothers of our children, not young men in their twenties and thirties!"

Qianxue laughed louder with endless irony.

"Yuqing, Yuqing, you are so stupid! You have the most precious thing in the world, but you don't know how to cherish it! Why doesn't brother Li like me? I am sincere to him

"Do you know? As long as I can watch him by his side, I will be satisfied like a child. I don't have to get his love. Even though I know that I can't get his response in my life, I am willing to guard him silently!"

At this point, Qian Xue stopped for a moment and then said, "but what about you? He won't give him what he needs most!"

Listening to Qianxue's inner monologue, Yuqing clenched her fist, looked at Qianxue with a pair of stubborn eyes, and retorted: "I left him because it was the best for him! It's not because I don't love him! My identity is special. I'm Jun yechen's ex-wife. If I stay with him, I will let him receive other people's advice!"

"Ha ha!" Qian Xue was stunned and suddenly laughed, like hearing some funny joke, "Yuqing, don't you think you are ridiculous? Is other people's jokes important, or is his happiness important?"

"....." The language Qing hears speech, the delicate eyebrow heart ruthlessly a wrinkling.

Qian Xue has put away the smile on her face, and takes a step closer to her. Relying on her height advantage of wearing 10 cm high heels, she looks down at her.

"Do you know how you and Jun yechen came to the border when they just got married? Do you know why he has become sweet?"

Language Qing by thousand snow continuous several why, question the center of the earth hair tight.

Qian Xue suddenly uttered a self mocking sneer, and the expression on her face became lonely, "because that's what you love to eat. He will eat a mousse every day. Gradually, he seems to be addicted to mousse cake. I know, it's just a way for him to miss you."

Qian Xue's words haven't finished, Yu Qing's eyes have been covered with a layer of water mist, clench the palm, fingers into the palm, didn't notice the pain.

The pain on the body is less than one in ten thousand of heartache.

Big brother

At that time, when she learned that her elder brother and Gu Lezhen were engaged, she washed her face with tears and broke her heart every day.

To this kind of feeling, she feels the same, how can not know.

“It wasn’t until two months ago that you divorced Jun yechen that he came back to life. That night you called him. I’ve never seen him smile so happily!”

“.....”

Yu Qing’s heart began to cramp inch by inch.

She doesn’t know anything about these things.

Thousand snow saw eye language Qing’s behind death, tiny a meal.

All of a sudden, she knelt down to Yu Qing and asked with a sad look: “Qing’er, please, leave him! Now that you don’t like him any more and have no feelings for him, why don’t you let him go?”

“.....” Yu Qing was startled by her sudden action. She stepped back two steps and looked at her with alert eyes. “What’s your idea again?”

When did she say she didn’t like big brother?

With tears on her white face, Qian Xue looks up at Yu Qing.

“Qing’er, as long as you stay with him, he can’t really give up! You don’t love him, I love him

Yu Qing frowned. She didn’t say that she didn’t like big brother at all, OK?

She has no plans to leave since the airport incident.

She just want to give each other a little time, let big brother think clearly, don't regret it later!

She doesn't want to be together in a hurry. She can't accept the result. Anyway, she hasn't been in a hurry for more than 30 years.

Maybe in front of her rival, maybe Qian Xue's words stimulated her.

Yu Qing suddenly became excited, "it's none of your business between me and my elder brother! If my elder brother likes you, I will sincerely bless you. You don't need to play tricks in front of me!"

That's her big brother, the one she loves most, the one she cares about most.

So she will do everything he likes.

Even if big brother is with Qianxue one day, although her heart will definitely hurt, she will still smile and say blessing.

As soon as Yu Qing's words were finished, she felt the sound of walking behind her.

Suddenly, his whole body was stiff, and he turned his head and looked behind him.

I just saw Li mingjue's disappointed back.

Language Qing complexion a white, "big brother how can be here?"

"Big brother!" Yu Qing reacts and catches up in a hurry.

But Li mingjue's long legs are one meter two. Yu Qing can't catch up with him.

"Yuqing!"

Qianxue's voice came into her ears from behind. Yu Qing stopped and clenched her fingers. Her face was stained with a trace of sullen anger. She asked angrily, "do you see elder brother standing behind me long ago?"

No wonder her behavior just now became so abnormal that she even knelt down in front of herself.

It turned out to be a play for my elder brother, and deliberately provoked her to say these words!

Smell speech, thousand snow slowly patted the dust that does not exist on the knee, the eye of amorous feelings turns, say with a smile: "if not see him coming, do you think I will kneel down for you?"

Language Qing looking at thousand snow proud appearance, angry lung pain.

"How can a woman like you be worthy of my elder brother?"

Her elder brother is such a good person. Even if they can't be together, they should be with a gentle and kind woman, not with a scheming woman like Qian Xue.

Thousands of snow hook lips, not only not angry, but toward her step, close to her ear provocatively said: "I this kind of woman is what kind of woman?" Since you look down on me so much, you should take good care of him. Don't be robbed by a malicious woman like me! After all A woman with a deep heart knows how to get a man's heart, don't you

"....."

Thousand snow finish saying, then stepped on high heel shoes to leave triumphantly.

“.....”

Yu Qing was so angry that she gritted her teeth and yelled at Qian Xue's back: “big brother won't like a woman like you

Isn't Qianxue able to help big brother?

She can also help big brother!

Hearing Yu Qing's roar, Qian Xue stops and can't help but turn around and take a look at Yu Qing.

Looking at her angry look, meaningfully hook red lips, nothing to say, turned downstairs.

Yuqing, you big fool!

If Li mingjue would like a woman with deep heart, they would have been together for so many years.

No! It should be said that Li mingjue would not like it, whether it was deep-seated or kind and simple, because his heart had been occupied by a woman called “Yuqing” for a long time, and there was no room for anything else Anyone

From upstairs down, a thousand snow turned around, in front of a tall figure.
