Chapter 691

Li Yufei came down from the car and saw Li mingjue. He quickly took off his sunglasses, laughed and flattered.

“Big brother, Congratulations! I knew you could. You are so excellent, you are the pride of our Li family

What’s more, when you treat Yu Qing, you are half cruel?

Hearing the words, Li mingjue’s eyes sank down, and his thin lips raised a sneering radian.

“If I remember correctly, Miss Li has already drawn a clear line with me. It’s still miss Li’s statement. I can’t bear your voice!”

Finish saying, bypass Li Yu Fei, lift foot to plan to leave.

As for this younger sister, he didn’t like her from childhood, and he didn’t like her even more through last time.

The expression on Li Yufei’s face was slightly stiff, but it was fleeting. She raised her smiling face again and said, “brother, you really hurt my sister! I’m not sensible to be a younger sister, but I’ll accompany my elder brother!”

Now my elder brother is the president. Anyway, I have to curry favor with my elder brother. There will be many benefits in the future.

Li mingjue doesn’t want to entangle with Li Yufei at all. He really has nothing to say about this kind of person.

Li Yu Fei sees Li mingjue ignore him at all, eyes a flash, quickly grasped the man’s sleeve.

“Brother, are you looking for Yuqing?”

Li mingjue’s eyebrows immediately frowned. His eyes fell on Li Yufei’s hand. His eyes turned cold, and the pressure poured out in an instant.

Li Yufei’s heart jumped and immediately released her hand. She said with a smile, “brother, I see Yu Qing.”

“Where is it?”

Li mingjue’s face was as cold as usual, but his voice was tense in an instant.

Li Yufei secretly clenches her teeth, big brother is so indifferent to her, but is nervous to that bitch!

Hum! The more like that, the more wonderful it will be!

Li Yufei scratched the corner of her lips and said, “I just came here to cheer for your campaign. I just met her at the door. I saw her look in a hurry. She seemed to be going somewhere, so I went with her. As a result...”

Speaking of this, Li Yufei’s eyes showed a little hesitation, and looked at the look on Li mingjue’s face, looking a little uneasy.

“Say the point!”

Li mingjue’s voice was so cold that he lost his patience.

To Li Yufei this kind of behavior that intentionally arouses one’s appetite which can not know?

Intuition tells him that Li Yufei can't say anything nice.

But Yu Qing disappeared. He was really worried and worried, so he didn't want to let go even a little bit of information.

Li Yufei covered her lips and whispered, "I saw her go to the Elton Hotel, directly to the presidential suite!"

Elton Hotel

It's not a place where people can live if they have money. It's always a place where only dignitaries and dignitaries are received.

What is she doing in that hotel?

He clearly told her not to go anywhere at this time, just waiting for him at the meeting!

Today's campaign is of great significance to him. She will never pay less attention to this campaign than him. Why did she go to the Anton hotel at the most critical time?

It's not like her style at all!

Li mingjue's gaze fell on Li Yufei's face and seemed to be thinking about something.

Just at this time, the assistant ran after him and handed him a mobile phone, "Mr. Li, your mobile phone just received a short message."

His mobile phone was kept by his assistant when he came to the stage just now.

Li mingjue quickly takes it over, unlocks it with his fingerprint and clicks on the information.

First of all, the name of the note above came into my eyes. I had a look.

It turned out to be a message from Qing'er.

Can't wait to open the text message, introduce the content in the eye, Li mingjue increased personal all stopped.

She's leaving!

Once again, without any sign or reason, I will leave him!

After all What happened?

He worked hard and racked his brains to recall what went wrong during this period!

But not No matter what he thought, he couldn't understand why Qing'er must leave him!

Suddenly, a flash of something flashed in my mind, a cold light burst out of my deep eyes, and my sharp eyes looked at the driver.

The driver trembled with fright, "Li Mr. Li, how What's the matter? "

"You are Qing er's driver. That day, Yu Qing said to go shopping. In fact, you are not going shopping? Where did she go? "

Understatement of a word, but the black eyes burst out of the fierce, inexplicable people dare not make mistakes.

The driver felt nervous and said, "I don't know."

But Miss Yu Qing has a thousand exhortations. She must not tell us about her going to the election Supervision Committee.

Now Mr. Li is suspicious. What can I do? Li mingjue's eagle Falcon like vision closed the driver's flickering face in his eyes, and his heart was filled with anger.

"Say it He suddenly raised his voice and scolded.

The driver jumped and blurted out: "Miss Yuqing went to the election supervision committee that day."

Li mingjue's eyelids jumped fiercely, and a bad premonition flashed in his heart, "what is she going to do there?"

That day, it happened that he was disqualified!

Could it be that

The driver shook his head. "Miss Yuqing just asked me to send her there. She didn't tell her what to do there. I don't know. She told me not to tell you about it."

Li mingjue was shocked by what happened that day.

That day, he wanted to go to the people of the supervision meeting to ask for their innocence, but he just got to the door of the office building, and before he had time to enter the door, he received the news that his qualification was restored.

He didn't think much at that time.

Why is she so stupid?

What kind of messy demands did she give to those people?

“To the Elton hotel!” Li mingjue’s face was cold and his teeth were clenched. He forced his anger and roared.

“Yes The driver rushed over.

Li Yufei looks at Li mingjue’s white face, and is not satisfied.

Although she can’t see what the content of SMS is, from Li mingjue’s face, Yuqing is afraid to suffer this time.

Seeing Li mingjue get on the bus and leave, Li Yufei comes forward quickly, looking worried, “brother, you need me to take you...” Is that right?

“Bang!” Let’s hear it.

The door was thrown up without hesitation and almost hit Li Yufei’s nose.

Li Yufei was so scared that she lost her face. She screamed and took several steps back.

She stepped on 10 cm high-heeled shoes, and her body was unstable. She fell down and fell straight into the sky.

There was a puddle behind him, and the smelly dirty water sprayed on his face. He was so angry that he yelled, “Li mingjue! You psycho! Ah

But before she finished, she was interrupted by a cold voice behind her, “abusing your Excellency the president is going to jail!”

Li Yufei didn't expect that there were still people behind him. Suddenly, his eyebrows jumped. He quickly flattered the assistant's cold face and said, "I know it's wrong. I don't dare to do it next time, I don't dare to do it any more!"

The assistant looked at the car, picked up his mobile phone and called, "Dali, Mr. Li has gone to Elton Hotel, you should take the bodyguard quickly!"

With that, he no longer looked at Li Yufei and walked into the meeting again.

Li mingjue has left. He needs to deal with many things here.

Li Yufei looks at the assistant's high and angry appearance, grits her teeth angrily, but she doesn't dare to scold any more. She picks up her bag and leaves in ashes.

.....

The view outside the window retreated rapidly, and the car was accelerated to 120 yards.

The atmosphere inside the car dropped to freezing point, and the driver couldn't help looking at the gloomy looking man in the back seat from his rearview mirror.

I don't know what Miss Yuqing has done. Why does Mr. Yu look so angry?

He silently ordered a wax for Yu Qing in his heart.

The car soon stopped at the door of Elton hotel.

Before the car was completely stable, the rear door was opened, and Li mingjue had already lifted his legs to get off.

Li mingjue went straight to the hotel hall, took out his wallet and put Yu Qing's photo in front of the four front desk.

"Excuse me, did she come to your hotel an hour ago?"

The front desk girls in the hotel hall were still watching the wonderful replay of the election campaign on the screen one second ago. As soon as they turned their heads, Li mingjue appeared in front of us coldly.

Everyone was shocked.

"Always Your excellency? "

"Mr. Li! It's really Mr. Li

The receptionists reacted later, and the real Li mingjue stood in front of everyone. He suddenly got together excitedly and screamed.

"I know, this is Miss Yuqing! Just now miss Yuqing was He was helped in

Speaking of this, the atmosphere suddenly became a little dignified.

Obviously, you have another problem.

Just now, President Jun yechen also came here, although not in the same room, but

The complicated triangular relationship between them is really confusing.

There was a faint smell of danger.

Li mingjue guessed something from the expression of the front desk, his cold eyes with the fierce wind and rain, almost gritted his teeth and asked: "in which room?"

"This..." The front desk hesitated.

People who can stay in the hotel are naturally not ordinary. No matter who they are, they can't afford to offend.

What's more, it's related to the regulations of Elton hotel. It's not allowed to disclose the guest's check-in information." "In which room?" Li mingjue asked again.

Cold eyes, with a certain taste of gnashing teeth.

One of the girls is a loyal fan of Li mingjue and Yu Qing. Just now when she saw Jun yechen following Yu Qing, she was worried.

Jun yechen is a man who has been violent to Yuqing.

At this moment, no longer care so much, directly from the drawer out of a room card, hands presented to Li mingjue, respectfully said: "room 3308, this is a spare room card."

"Thank you

Li mingjue took the room card, put away the photo, and walked to the elevator.

Press the presidential suite button on the top floor, look at the reflection in the mirror, and secretly clench your fists.

What are you doing, Qing'er? It's better not to do things that everyone regrets!

Chapter 692

An hour ago.

Li Yufei takes Yuqing to the hotel, and directly uses the room opened by Jun yechen to help Yuqing go to 3308.

Jun night dust then to, in order not to cause others doubt.

He opened another room first, then got the room card of Yuqing's room from liyufei, and sneaked into Yuqing's room.

Open the door and look at the woman with eyes closed on the big white bed.

Jun night dust handsome face, showing a look of paranoia.

The soft big bed sinks in, Jun yechen kicks off his shoes and climbs onto the bed.

"Yu Qing..."

He gave a tentative cry and heard no echo.

Jun yechen's salivating eyes fall on a woman's concave convex figure, and gradually get a touch of heat.

Can't wait to reach out and untie the button on Yuqing's coat.

The reason why he didn't touch Yu Qing before was that he knew the relationship between Yu Qing and Li mingjue.

Before getting married, I sent someone to investigate the relationship between Yu Qing and Li mingjue.

When they knew they were still studying, they secretly slept in the same bed.

Their bedrooms were connected. Li mingjue climbed over the window to enter Yuqing's bedroom every night.

Before he got married, he did such a thing with his brother.

Knowing this, he was very disappointed. Yu Qing's image of goddess in his heart plummeted, and even had a faint dislike.

But now he regrets it.

Yuqing, even in her old age, also has an air of seclusion. She is graceful and has fair skin. She can't see the trace of time at all.

What's more, he didn't touch Yu Qing. He took advantage of Li mingjue.

Doesn't he care so much about Yu Qing?

He let Yuqing really be his woman.

He's having a hard time, and they don't want to have a good time!

He made up his mind, pinched Yu Qing's chin and wanted to kiss her.

Just one centimeter away from the purplish red lips, he suddenly got a heavy slap on his face.

Yu Qing opens her eyes and looks at the man close at hand. She stares at him in horror. Without thinking about it, she raises her hand to fan the face of Jun yechen.

Yu Qing looks at the strange room in front of her, then looks down at her jacket with three buttons undone. She screams, covers her collar and retreats in a panic.

“Jun yechen! What do you want to do?”

Jun yechen’s face was deflected, and a sharp palm print appeared on his face.

Jun yechen has been president for more than ten years, but no one has ever dared to be reckless in front of him, let alone be slapped in the face.

He wiped the corner of his mouth, and his eyes suddenly became fierce. He raised his pincers like palm and slapped Yu Qing’s face with his backhand.

“Smelly girl, how dare you hit me?”

“Ah

Men’s strength and women’s strength are not at the same level at all.

Jun yechen slaps Yuqing to the ground.

Half of his face was numb. He tasted a strong smell of blood at the corner of his mouth. His ears were buzzing. Black stars were shining in front of his eyes, and his brain was black and white.

Lying on the ground for a while, she regained consciousness.

A pair of angry eyes, gnashing teeth to stare at Jun night dust.

“Jun yechen! If you let me go quickly, brother will find me right away when he knows I’m missing...”

Before she finished, she felt a strange feeling in her body.

An unknown heat rushed up from the soles of the feet, like thousands of ants gnawing on them.

She had the impulse to tear her thin clothes.

No! may not!

Jun yechen is here, she can’t take off her clothes!

She clenched her fingers and clenched her teeth, trying to keep herself awake for the last time.

“Jun yechen What have you done to me?”

Jun yechen knew that the medicine had already begun to work. He cruelly raised his lips and said, “Yuqing, we’ve been married for nearly 30 years, haven’t we? It’s a pity that we have never been a real couple! Now that we are divorced, do you have any regrets in your heart?”

As he spoke, he untied his belt and walked towards Yu Qing.

Yu Qing moved back in panic and roared with disgust: “Jun yechen, if you dare to touch me, I will die in front of you now.”

Anyway, she has promised Wang Wei’s condition that she can’t be with big brother in her life. It seems that there is no big difference between death and immortality.

Looking at Yu Qing’s disgusted eyes, the smile on Jun yechen’s face gradually solidified.

He suddenly stepped forward and grabbed Yu Qing's neck. His face was almost twisted. He roared angrily: "what's the right to hate me? I lost my virginity before marriage and tangled with my brother. Yuqing, you are the disgusting one! "He has a lot of strength in his hand. Yu Qing's face is red, and the oxygen in his lungs is less and less.

She wrung her fist and beat Jun yechen's arm hard, but her strength could not move him at all.

Just when she thought she was going to die, Jun yechen threw her back to bed.

The tall figure immediately covered down.

Jun yechen severely threatened, "be good! I'm determined to win you today. If I cooperate with you well, I may suffer less!"

"No! No

Yu Qing's face turned pale, and her panic reached the extreme.

Because of the power of men and women, Yu Qing couldn't push away the dust of Jun Ye. Instead, she was easily clamped down.

She closed her eyes in despair and bit her lips. As long as Jun yechen dared to go further, she would bite her tongue and kill herself.

Flustered, her hand touched the lamp on the bedside table, while Jun yechen untied the button on her body, she raised her hand, exhausted all her strength to hit Jun yechen's head.

"Ah Suddenly a pain on the head, Jun yechen covers the bleeding head and looks at Yuqing with unbelievable eyes.

"You bitch..."

Before he finished his cruel words, his tall body fell straight to the foot of the bed like a tree cut off by his waist.

Scarlet blood flowed down your forehead and quickly dyed the white Persian carpet red.

Yu Qing's hand holding the lamp trembles slightly, and her brain is blank.

She She killed Jun yechen!

“.....”

Yu Qing lost the lamp in panic, got up from the bed and ran to the door.

“Help! Help

She opened the door and ran to the elevator.

Ding Dong, the elevator door opened.

As soon as Li mingjue looked up, he saw the woman standing at the door of the elevator, her heart almost stagnated.

At this time, Yu Qing's appearance is extremely bad.

His face was pale, his hair was messy, his clothes were messy, his coat was unbuttoned, revealing a large area of snow-white skin, and the dark bra was faintly visible.

“Qing'er, what's the matter with you?”

Li mingjue took off his coat and wrapped Yuqing in it.

Chapter 693

At the door of the elevator, Yuqing is like a frightened bird. The whole person is shivering.

It was not until she was held in a warm embrace and held tightly in her arms that she finally recovered from the extreme panic.

Smell familiar breath, fingers tightly grasp the hem of the man's clothes, all of a sudden collapse to cry.

"Brother, is it really you?"

Shouldn't he be on the campaign scene? How can you be here all of a sudden? Just like a God in front of her.

Li mingjue's heart was like being pulled by an invisible silk thread, which flashed through the pain.

He swallowed throat, embrace her tightly, "Qing son, exactly what happened?"

With such a reminder, Qing'er recovered from the joy of seeing Li mingjue. She became worried again and said incoherently: "brother, I I I killed! I put I killed Jun yechen! I'm sorry! I'm sorry! I didn't mean to

Elder brother just won Jun yechen to be the next president. At this time, Jun yechen is killed by her, which will definitely affect elder brother.

She didn't want to

She just wanted to push him away, just didn't want him to touch herself

"....." Li mingjue's face suddenly changed. He thought of Qing'er's untidy appearance, and immediately understood everything.

It must be Jun yechen who wants to plot against Qing'er. Qing'er will fight back

Feeling the woman trembling uneasily in his arms, Li mingjue regained his mind.

Rao is a calm and calm person. At this time, his voice trembled a little, and he comforted: "don't be afraid! Big brother in everything! Elder brother won't let you do anything, you take elder brother to have a look quickly

"Mm-hmm!" Yu Qing nodded heavily.

It seemed that as long as Li mingjue was by her side, everything became less afraid.

She took Li mingjue to room 3308.

At this time, Li mingjue's bodyguards also came from the venue.

When Yu Qing ran out, the door didn't close. Everyone looked at the scene in the room, and everyone took a breath.

Jun night dust naked upper body, lower body belt also untied, the whole person lies in the pool of blood.

The scene was shocking.

Li mingjue just took a look and thought of what Yuqing was facing when he didn't appear. The whole person was covered with frost.

Looking at Jun yechen's eyes is not sympathy and panic, but with a strong sense of hostility.

He released Yu Qing's hand, squatted down beside Jun yechen, stretched out two fingers, and explored Jun yechen's nose.

Yu Qing looked at his action and grasped the hem of his clothes with her fingers. She looked at Li mingjue nervously and expectantly.

Li mingjue felt a slight breath, tightened his eyebrows and nodded to Yu Qing, "he's not dead."

Yu Qing's tight heart relaxed in an instant.

I was too excited just now. Now I feel relaxed and faint.

"Qing'er!"

Li mingjue's dark pupils suddenly shrank, and he suddenly got up and put his arms around Yu Qing's waist.

He picked her up and ran towards the door.

"Take Jun yechen to the hospital!"

Bodyguards dare not delay, two people carrying Jun night dust toward the elevator.

Hospital, VIP ward.

Yu Qing slowly wakes up, looking at the strange room, white sheets, white walls, white ceiling, the brain is still empty, a blank.

Hearing the sound of opening the door, he looked towards the door.

It's Wenqiao, who just came out of confinement, followed by a servant.

Wenqiao pushed the door open and saw Yu Qing waking up. He said with joy: "Mom, you finally wake up. How do you feel? Is there anything wrong with it?"

"Nothing!"

Yu Qing moved her arm and found that she was weak and weak.

Li Yufei took the medicine to boost the mood. Even though he had already had an injection, the side effect was obvious. He couldn't make any effort in his whole body.

Thinking of what happened before she fainted, she struggled to get up.

"Where's your father, Joe?"

Wen Qiao's eyes flashed slightly. He quickly walked over, picked up Yu Qing, and said with a smile, "Dad has just run for president. He will be very busy during this period of time! Mom, don't be sad, even if there is no father here, you still have me, I will always accompany you

Big brother is not in the hospital?

The language Qing heart knot in one's heart for a while, flashed a silk not good premonition.

This period of time big brother will be very busy indeed, at first listen, Qiao Qiao's words really have some truth.

But Is big brother the kind of person who leaves her alone in the hospital because she is busy?

Seeing that she did not ask any more, Wenqiao breathed a sigh of relief.

He took a bowl of chicken soup from the servant and said, "Mom, you must be hungry after you have been in a coma for two days? I let people stew some chicken soup, the soup is very light, you can drink a little, supplement nutritionYu Qing pursed her lips and looked at Wen Qiao's busy appearance. She didn't speak.

Wenjo sat by the bed and fed carefully.

Yu Qing drank the chicken soup in silence, and then she asked tentatively, "Qiao Qiao, where is Jun yechen?"

Mentioning Jun yechen, Wen Qiao clenched his teeth and pinched his fingers, "not dead! Mom, don't worry. Dad will solve everything. You can take care of yourself

Jun yechen is not dead!

Yu Qing was greatly relieved.

As long as she doesn't die, she doesn't have to go to jail.

The thing that she fears most is that Jun yechen died, and she goes to jail. How heartache should elder brother feel at that time!

"Qiao Qiao, you just came out of confinement. Don't stay here with me. Go back and have a rest. I'll let the servant accompany me."

How can winjo rest assured?

Coquetry general way: “no, I’m here with you, you can’t drive me away.”

“You

Yu Qing smiles, thinking that even if she doesn’t want to go back, soon the man will come.

Yu Qing just thinks so in the heart, the door of ward is pushed open again.

Li Feng North abundant God handsome posture, long legs step forward, step with a bit eager to enter the ward.

Wen Qiao’s eyes fell first, and then he looked at Yu Qing, “mother, how do you feel? Is it better? ”

The language Qing closes his vision bottom, how can not know, she this son-in-law hurry to rush to come, be afraid not to rest assured Qiao Qiao? Visiting her mother-in-law is next.

However, looking at their love, she felt happy for them.

“I’m much better! Thank you for your concern! ”

Li Fengbei put the big and small bags of nutriment on the table, turned to Wen Qiao, lowered his voice and said: “why don’t you tell me when you go out?”

“.....”

Winjo ignored him and glared at him.

Are they still in the cold war?

She doesn't care about him!

Yu Qing looks at Wen Qiao's awkward appearance. Most of them quarrel.

Think of Li Feng North before is how proud of a person, but now by Qiao Qiao tube of dead, can't help but smile.

Li Fengbei said with a smile: "don't be angry, Joe! I know it's wrong!"

He didn't mean to. He just pressed her and gave her a kiss in bed. As a result, three little kids watched the whole process. In a rage, Wenqiao ignored him.

Aren't they husband and wife? This is his right. Why is she angry? He is also very aggrieved, OK?

Wenjo didn't want to talk to him, but his mother is still here!

This guy just pinched her and knew that she was not easy to attack in front of her mother, so he came here.

Winjo rolled his eyes and said in his throat, "why do you always stare at me when you have so many things every day? I'm not a child

Seeing that the woman was finally willing to talk to herself, Li Fengbei quickly calmed down: "I'm not always staring at you, I'm worried about you!"

"....." Wenjo was speechless.

Isn't this guy busy every day? The president of Hitachi!

But this period of time, always staring at her, whenever she has a little bit of wind and grass, he immediately came after her.

Today, she came to the hospital without telling him. How can I imagine that he came just after she was seated!

Yu Qing was also worried about Wen Qiao's health. After all, she had just been born. She saw Li Fengbei's sticky posture, so she waved her hand and said, "you all go back! I have a servant here to take care of me. Qiao Qiao, Feng Bei is right. You are just out of confinement now. Don't run around. It's getting cold now, and it's not good if you get cold! "

Chapter 694

Although Wen Qiao doesn't give up, he thinks that Li Fengbei is really busy. It's not a good way to spend time with her.

Although he was a little strict with himself, it was for her health.

Get up, say goodbye: "Mom, that I go first, you pay attention to good health!"

"Don't worry, you go!" "Take good care of the children!" Yu Qing said

"I see."

"Mother, let's go. I'll bring Joe to see you after work in the evening."

"Don't come. I'm fine. I'll be out of the hospital soon."

When he came out of the ward, Wen Qiao didn't have a good face any more. He stretched out his hand and pinched Li Fengbei's waist.

“Aren’t you busy? Is there nothing to do every day?”

Isn’t he going to help dad with things? Look at him, every day is like nothing!

Li Fengbei twisted his features with exaggeration, “Qiao Qiao, you murdered your husband!”

“Hum!”

Wenqiao’s beautiful eyes glared at him, snorted angrily, and walked forward.

Li Feng North to catch up, slender and powerful arm strong to embrace her waist.

Knowing what she was doing, she said with a smile, “don’t worry. I’ve dealt with my father’s affairs. I promise that Jun yechen’s affairs will not affect him at all!”

Wen Qiao just put down heart, Du Du mouth, a push away Li Feng North.

“Don’t get close to me in front of the children in the future!”

Smell speech, Li Feng North eye tail a pick, take the opportunity to persuade a way: “wife, don’t you think the children are big, also follow us to sleep a bed, to their growth disadvantageous?”

He was used to sleeping naked, but he had to wear neat clothes every night when he slept with his children.

And still can’t hold soft wife to sleep, can only look at the children with envy nest in his wife’s arms.

Three kids before, four kids now.

It's hard to think about it.

When will his wife care about him?

Wenqiao listened and nodded solemnly. "You're right. It's really bad for children."

Li Fengbei couldn't believe that Wenqiao agreed so easily. He hugged Wenqiao and gave her a big kiss on the forehead.

"Wife, you finally agreed. It's very kind of you!"

Wenqiao stretched out a finger and pushed away his face in disgust. "Later you go to the guest room and I'll take the children to sleep."

Li Fengbei

As soon as they left, the smile on Yuqing's face solidified.

She didn't know where her mobile phone was. She said to the servant, "aunt Xu, can I borrow your mobile phone?"

The servant didn't doubt that he was there, so he gave Yuqing his mobile phone.

"Thank you

Thanks, Yuqing can't wait to open the news.

In the most prominent position on the front page of the news, from top to bottom, eight of the ten hot searches are about the three of them.

Among them, she and Jun yechen are both hospitalized.

Jun yechen is hit in the head by Yuqing. Jun yechen's team has set off a storm on the Internet for this reason.

Put all the blame on Li mingjue, said Li mingjue is revenge, just won the election, to Jun yechen dead hand.

Li mingjue hasn't officially taken office yet. It's not a good thing for him to have such a trouble with Jun yechen. If he doesn't handle it properly, it's likely that the election result will be invalid.

Yuqing is most afraid of such a thing. Her heart is like a basin of cold water, and her whole body is cold.

The line of sight moves down, suddenly several big characters come into view.

"Mr. Li mingjue, the next president, surrendered himself to prison for love!"

Go to jail

These two words, like a thunderbolt, "boom" sound, sounded in my mind.

The blood color on Yu Qing's face faded clean, her fingers trembled, and she could hardly hold her cell phone.

Big brother Why are you so stupid? How could she wash her innocence in such a way!

She doesn't care so much whether she's cheating in her marriage. She doesn't care what other people say about her or look at her, as long as he's good!

But big brother used this way to protect her!

Big brother just became president, how can

Yu Qing quickly spread a layer of fog in front of her eyes, but she didn't cry.

She sniffed, lifted the quilt and wanted to get out of bed, but aunt Xu held it down.

Aunt Xu is also an old servant in the old house. She looks at Yuqing anxiously. "Miss Yuqing, you are still very weak. You can't get out of bed now. What do you want to do? I'll take it for you!"

Yu Qing's voice said gently, "aunt Xu, don't be nervous. I just lie for too long and want to go out for a walk."

Aunt Xu immediately said with a smile, "I'll help you up. Please slow down!" With the help of aunt Xu, Yuqing came to the corridor for a walk.

After walking around the corridor, Yu Qing suddenly asked, "which ward is Jun yechen in? Do you know aunt Xu?"

"This..."

Aunt Xu was stunned, and a bit of embarrassment flashed in her heart.

Mr. Chen has explained that you must not let Miss Yuqing meet Jun yechen.

Yu Qing patted aunt Xu's hand and continued: "let a few bodyguards follow me. I'm just going to see him. There won't be any problem. This is a hospital. He doesn't dare to mess around!"

Hearing Yu Qing say so, aunt Xu had to say, "well, I'll take you there."

Yu Qing thought of something and said, "aunt Xu, lend me your mobile phone first. I'll give it back to you later."

Aunt Xu laughed, "Miss Yuqing, it's just a cell phone. You can use it for as long as you want."

Yu Qing and Li mingjue's affair, she also sees in the eye, feels sorry for them sincerely.

This happened twice. Now Li mingjue doesn't dare to take Yu Qing's safety lightly. He has more bodyguards than himself.

Yuqing didn't have a bodyguard before. On the one hand, Yuqing didn't like the feeling of being followed everywhere. On the other hand, because Yuqing didn't go out often, she spent most of her time in the old house, occasionally went to the castle, and hardly stayed outside.

Who would have thought that such a thing happened in the short distance from the castle to the old house, or in broad daylight?

This time, Yuqing's driver has been replaced by Li mingjue as a retired special forces soldier. He is both a driver and a bodyguard, but the driver leaves Yuqing and acts alone. That's why Li mingjue is so angry.

After this time, he didn't dare to relax any more. He almost sent half of Li's bodyguards to the hospital to guard Yu Qing.

Aunt Xu called a few bodyguards not far away and took Yuqing to the ward downstairs.

Jun yechen's identity is not general. Naturally, he lives in VIP ward.

From a distance, Yu Qing hears the angry roar of Jun yechen coming out of the ward.

Almost instinctively, Yu Qing shook her body.

But at the thought of Li mingjue, who got into the police station for her, she summoned up her courage again and went on.

“Pa!” The ground a, just walk to the door, a vase fiercely fall at language Qing’s foot.

Yu Qing’s face changed with fright. She stepped back two steps.

Aunt Xu supported her and asked anxiously, “Miss Yuqing, are you ok?”

“Nothing.” Yu Qing was still in shock and patted her chest in fear.

Jun yechen’s temper is really getting worse and worse!

At this moment, the bodyguard has stepped forward to block Yu Qing.

Jun yechen turns his head and sees the woman standing at the door. Her pupils squint and a trace of strong hatred flashed.

Pointing at Yu Qing, he yelled: “you bitch, you dare to beat me. Are you impatient? Believe it or not, I’ll shoot you!”

These words, Jun yechen has long been used to scolding, almost subconsciously blurted out.

Yu Qing looks at Jun yechen’s twisted and ferocious face, and his heart shakes subconsciously.

The fear of Jun yechen almost became an instinct. She tightened her fingers and tried to calm herself down.

She stepped forward and forced Jun yechen to ask: “Jun yechen, it’s clear that you are plotting against me first. I fight back to protect myself, but you slander big brother on the news. Do you have any conscience?”

Jun night dust looking at a face angry language Qing, pour is Leng for a long time.

In the past, this woman's handle was in his hands. Every time she beat her and scolded her, she was submissive. I didn't expect that now she would dare to talk to herself in such an attitude?

Jun yechen raised his lips and sneered: "Yuqing, I know you are here for this! If you ask me, I'll probably take the news away!"

Yu Qing clenched her fist. Her pretty face was stained with a touch of strong anger. She almost gritted her teeth and said, "if you want me to ask you, there is no door!"

Chapter 695

Jun yechen looks at the angry Yuqing, but he feels fresh. Looking at Yuqing, his sight becomes meaningful.

"I didn't know you had such a side before? Yuqing, if you used to be able to resist me a little as you are now, instead of being like elm, maybe I would be really interested in you, and I would not want to touch you even if I had been married with you for 20 or 30 years!"

Perhaps, there is nothing in the world, more than two people have been married, but men do not even want to touch this woman, right?

That only means that this woman has failed too much.

But Yu Qing is very glad that Jun yechen dislikes him.

Because of this, she can keep her brother's innocent body.

If it wasn't for Jun yechen's arrogance, she really couldn't protect herself under such circumstances.

Yu Qing raised her cherry blossom lips and said with a smile: "speaking of this, I also want to thank you. Because of your arrogance, you have made me and my elder brother today."

That's what Li mingjue told him at the campaign meeting.

Are these two particularly proud now?

Jun night dust teeth, eyes burst out a touch of cold light.

"Yuqing! Now that you have a backer, can you be lawless? How dare you ride on my head

With that, Jun yechen comes forward and pulls Yuqing's hand.

But before his hand touched Yu Qing, he was pinched by the bodyguard's wrist and pushed him aside, "please show some respect!"

Jun night dust's strength which is bodyguard's match, was pushed even retreated several steps.

"How dare you do this to me? I'm the president of this country. I haven't held a formal handover ceremony yet. I'm the most honorable person in this country. You dare to abuse the president. I'll hold you all in prison!"

Jun night dust stares big eyes, biting a tooth, fiercely threaten a way.

His words export, don't say language Qing facial expressionless, even the hand of Jun night dust also incomparably disappointed ground shook head.

I didn't expect Jun yechen to be such a loser!

Yu Qing sneered and said slowly, "Jun yechen, I didn't expect you to have such a miserable day!"

After reaching her goal, Yuqing didn't want to stay any longer.

"Aunt Xu, let's go! We didn't do anything bad. We're sitting on our feet! "

"Let's go!"

Aunt Xu helps Yuqing to leave. Before leaving, she stares at Jun yechen.

This scum and scum used to disguise so well that he thought he was a gentleman. Unexpectedly, he was a mean and shameless villain.

Jun yechen looks at Yuqing's slender and graceful figure, suddenly hooks her lips and sneers with pride, "Yuqing, do you really think you won?"

He still has a fatal handle in his hand!

As long as he makes this handle public, all of them will go to hell. He can't wait to make it public.

He looked at his listless subordinates standing behind him and yelled: "useless things, how can you all have this kind of expression? It's not the end of the matter. Li mingjue has been put into prison. We still have the last chance. "

"The result of the election has come out, Mr. President. We'd better accept this outcome. When you are well, we'll leave the hospital and prepare for the handover ceremony of the president! It doesn't matter if you lose this time. Come back five years later! "

Jun yechen is not very old now, so he has a chance to adjust his mind. Five years later, he will wait for the next presidential election.

If you want to run for the next president, you can't make things too ugly now.

This is the best choice for Jun yechen.

Who knows the king night dust listened to the words of the hand, almost didn't jump up.

"What did you say? I was so hurt, you let me as if nothing had happened, but also laughter to give the presidency to Li mingjue? Do you want to quit? I don't want to do it. Now get out of here!"

The person who gave the idea before can't get used to Jun yechen's style for a long time.

A good sincere words, was so misunderstood by Jun yechen, immediately angry to put the work card on the body, left the ward.

"I don't want to do it for a long time. I'm fed up with it!"

Jun yechen can't believe the people who bow and bow in front of him, one by one dare to provoke him.

Pointing at the figure of the man, he yelled like a shrew: "who do you think you are? Without my promotion and appreciation, who knows who you are? As soon as I saw that I was losing power, I couldn't wait to follow others to beat me down, a despicable fellow

There are other employees in the room, listening to the curse of Jun yechen, speechless cold.

Just now, that man was the first to join Jun yechen's team. He is also an old man in the team. As the saying goes, there is no merit but also hardship. Jun night dust see no one to help himself, staring at the eyes roar: "you don't want to do? Get the hell out of here

“Alas...” Others looked at such a moody Jun night dust, have disappointed to take off the chest of the work card.

You’ve been following Jun yechen for many years. The longest one is estimated to be nearly 30 years. You can imagine your feelings for this team since you graduated from university. But Jun yechen’s practice is really disappointing.

Jun yechen can’t believe that everyone has left him.

He ran to the door and cursed at the back of everyone who left: “do you really think you’re great one by one? If it wasn’t for you, I would lose my presidency? It’s not that I’m kind enough to take you as a bunch of trash. Can you have today one by one?”

But at this time, no one even answered him.

“Hum!”

Jun yechen looks at the empty corridor and rushes back to the room to sit on the sickbed.

When he comes back, you will regret it!

A group of unfamiliar white eyed wolves!

Think he’s really at a loss?

He still has the most crucial information in his hand.

Li Fengbei is not from Ningguo at all, and he also has superhuman abilities. He can move to a place ten meters away in an instant, and can jump off a building dozens of meters high by himself.

Once this news is known, such “monster” is impossible to continue to survive in Ningguo!

How will they end up?

Jun night dust angrily think, already can't wait to see the result.

He went to the computer, opened the computer, opened the microblog, and disclosed the news on the microblog under the real name authentication.

As soon as he had finished typing the message, he saw that someone had hit him.

Jun night dust a few can't hear ground frown, point to open, see of information content, angry he almost smashed the computer.

Holding the mouse hand, the blue veins on the back of the hand burst out, gritting his teeth to roar:
"Yuqing! You bitch

On the other floor, Yu Qing was standing at the window, just hearing the roar from Jun yechen's ward. She was very happy.

Just now she borrowed aunt Xu's mobile phone just to record for Jun yechen.

Big brother has been put into prison for her. She can't wait for big brother to solve everything for her.

When Yu Qing saw the news that Jun yechen had slandered his elder brother, she thought of this method.

In the past, with Jun yechen's vigilant character, she really can't get such evidence, but now Jun yechen has just lost his position as president, which is the most important thing in his life.

So being so excited by her, I was really cheated.

With this recording, the truth will come out.

She knows, with the cautious degree of Jun yechen's work, going to the hotel can't get monitoring, so she can only think of this way.

However, Yu Qing's face had not been happy for ten minutes when she saw a news broadcast on the top of the TV screen.

The sweet voice of the beautiful host came from the TV, "Mr. Jun yechen, the president recently, Mr. Li mingjue, the next president to be, and Ms. Yu Qing, the former first lady, have a complicated relationship. Their emotional entanglement can be called the annual drama. The election campaign ended three days ago, but it seems that the affair between them is far from over.

Chapter 696

"No, it was photographed on the election day that Mr. Jun yechen and Ms. Yu Qing were both hospitalized. Just ten minutes ago, Mr. Jun yechen revealed that Mr. Li Fengbei, President of Li's group, had super power."

Speaking of this, the beautiful host did not hold back and laughed directly, "so Mr. Li Fengbei is the so-called alien? I'm in Renmin Street now. Now I'm going to interview a few citizens on the spot to listen to your views on this matter. "

"Hello, handsome man

"Hello, little sister!"

"Did you read Mr. Jun yechen's information on Weibo?"

“Do you mean that Mr. Li Fengbei, the president of Li’s group, has super power?”

“And what do you think of it?”

“It’s cool,” the young man said excitedly! I dream of super power! But Is this bragging? Are there really aliens in this world? Don’t aliens have four nostrils, two mouths, eight eyes and an antenna? Mr. Li is so handsome that it doesn’t look like him at first sight

“Well Thank you for your answer! I have no way to answer the question of whether to brag or not. I can’t touch people like Mr. Li. ”

The host interviewed an old woman who was brushing her mobile phone.

“Hello, grandma! I see that you are just brushing the microblog. It’s amazing that you are so fashionable at your age. ”

“The 80 year old man next door can use microblog. I can’t be worse than him.”

“Now it’s really a cell phone for everyone! I’d like to interview you. How do you think Mr. Jun yechen disclosed that Mr. Li Fengbei has super ability on Weibo? ”

“What? Your night dust? That’s scum! Beast! Hypocrite! Villain! Asshole! Gentle scum

The more the old woman said, the more excited she was. The host had to interrupt: “er Don’t get excited, mother-in-law. Listen to me first

“Well, I’m angry when I hear this man’s name! Don’t mention these three words in front of me

My mother-in-law’s temper is not so hot. The host is sweating.

“Excuse me, mother-in-law, take it easy. Don’t play with your mobile phone when you walk. Safety is the first.”

“Why? I haven’t finished. That’s scum, psycho...”

The old lady hasn’t finished scolding. The host runs away with the microphone in her arms.

Re interview a middle-aged man with gold rimmed glasses and gentle words.

The middle-aged man held the mirror frame, looked at the camera and said with pain: “Mr. Jun yechen Alas! I think it’s crazy! There are no aliens in this world!”

After that, he covered his face and walked away with a sad face. Before he left, he said with a strong voice, “thanks for voting for him in the election campaign. I didn’t expect that he was a complete lunatic who couldn’t afford to lose.”

I don’t know if it’s the effect of the program. Such an interview result really makes people laugh and cry.

Unexpectedly, no one thought Jun yechen’s disclosure was true.

Yu Qing’s heart was raised at the beginning. If people knew Li Fengbei’s identity, the consequences would be unimaginable.

Seeing everyone’s reaction, I felt like laughing.

But still dare not take it lightly, Yu Qing uses aunt Xu’s mobile phone to call Wen Qiao.

As soon as I got through, I couldn’t wait to ask, “Joe, did you read Weibo?”

Thinking of aunt Xu in the room and many bodyguards at the door, Yuqing had to stop by.

Winjo replied on the phone, "we see it, mom. You don't have to worry. He'll make it."

"That's good, that's good!" Yu Qing breathed a sigh of relief, but still told: "Jun yechen is a very cunning person, be careful."

"Well, mom, take care of your body. I'll pick you up when you leave the hospital tomorrow."

Yuqing said, "OK, you'd better take care of your children at home. If your family doesn't see you for a minute, it's urgent!"

"Ma!" Wenjo was shy. "What are you talking about?"

"Isn't that true? I have aunt Xu here. Don't worry about me! "

"Well, when he's not so busy, I'll take the children to the old house to see you!"

Speaking of the children, Yu Qing's beautiful eyes flashed a little bit.

These children are really cute one by one. Standing in a row, the men are handsome and the women are lovely and beautiful. It's really hard to put them down.

"Joe, when I get out of hospital, I'll come to the castle. Just wait for me in the castle."

Before leaving, in addition to Li mingjue, the most reluctant is a few children.

"Yes

When he hung up, winjo held his cell phone in a daze.

Li Fengbei holds Wenqiao on his knee and looks at her dejected. He sighs helplessly: "what are you worried about? It's all settled. You have to trust your husband! "

Wenqiao pursed her lips and hesitated. "If one day your identity is known to everyone, what will happen then?" "Fool, Jun yechen didn't poke out my true identity, but you see, everyone doesn't believe him! I think he's crazy! "

Speaking of this, Li Feng North suddenly eyebrows together, sexy lips up a evil radian.

"Qiao Qiao, do you want to see Jun yechen's sad end?"

Speaking of Jun yechen, Wenqiao gritted his teeth.

But for him, father and mother would not have happened so many things, and he also domestic violence mother, every time as long as think of this, she would like to kill Jun yechen.

Wen Qiao looked at Li Fengbei excitedly. "Do you have any way to overthrow him completely?"

Li Fengbei lengthened his voice and said, "the way There is a ready-made solution now, that is, the consequences may be a little cruel. "

He knew that winjo was kind-hearted and didn't like him to do bloody things.

Wen Qiao clenched his fist and said angrily: "Jun yechen, a villain who has done many evil things, will suffer for himself."

"I'm relieved to have you!" Li Fengbei put his face to Wen Qiao's mouth, "come on, reward one!"

Wen Qiao turned his eyes and held Li Fengbei's picturesque face in his hand. He laughed like a fox.

“When you defeat Jun yechen completely, let him never jump in front of everyone again, I will reward you.”

Li Fengbei looks at Wen Qiao’s eyes and eyebrows.

I probably drank a lot of soup when I was in confinement. My skin was like a good white jade. It was white and glowing, and it had a smell of milk. Even somewhere in front of me became puffy because of feeding.

The man’s sexy Adam’s apple rolls up and down, dangerously squints his eyes, and his low voice carries a certain kind of strange sexiness, “I’ll do what I want at that time?”

The radiant and bright eyes of his mouth are like a big gray wolf teasing his prey.

Winjo trembled carefully. Why did he feel like eating himself?

“Well Then Reward you with a kiss? ”

Li Feng North pick pick pick eyebrow, “no! You think I’m a vegetarian, so easy to coax? ”

“Eh!”

Although Wen Qiao was born naturally, he is now in confinement.

However, I was still a little scared when I did this kind of thing just after I was born

The key is to feel something under you poking at yourself.

Wen Qiao quietly climbed down from Li Fengbei and changed the topic: “I think Let’s talk about mom and dad. ”

Li Fengbei pressed her, "don't move! Let me hold you

"Li Fengbei, the children will be out of school soon!"

Wenjo struggled.

Li Feng North Huohuo molar.

Every time it's children, so many little kids, Wenqiao's time is occupied by them, there's no share of him at all.

But the child is his, he sows the seed, who can blame?

The next second, Li Fengbei pursed his lips, Wei qubaba said: "Qiao Qiao, we will never have another baby."

The corner of Wenqiao's mouth flicked, "not alive! I'm going to be called a sow

So many children, education is also very tired, OK?

Think she's easy?

"Hiss ~ ~" Li Fengbei suddenly screwed up his brow and said, "no! It's not good for the growth of such big children to be around their parents! They must be allowed to grow on their own

Unfortunately, the words have not finished, the ear was someone twisted.

"If you dare to do anything to the children, I'll have nothing to do with you," wenjo threatened

“Hiss, pain, wife, take it easy! Take it easy

It’s called ecstasy.

The three kids who just came back from school stood at the door with their tutor, listening to the movement in the room. The old tutor turned red.

“Children, let’s go to the study downstairs. Don’t disturb mom and Dad!”

“Tut tut!” Blue heart shook his head, a pair of watery eyes, with a thick contempt, “Daddy is doing demon again!”

Chapter 697

Inspired by the video interview, Li Fengbei struck while the iron was hot, and simply bought a program to expose Jun yechen’s affairs on microblog and publicize them in major media.

And then hire the water army to bring rhythm to the network.

Jun yechen originally said that Li Fengbei had super power, but he never mentioned that Li Fengbei was an alien from the beginning to the end.

Probably due to the influence of some TV dramas, when you see this sentence, it is directly interpreted that Li Fengbei is an alien.

With the rhythm of the water army, the whole concept is biased.

Naturally, we all feel that it is exciting and impossible to have aliens.

Jun yechen has been collected by the computer, his eyes glowing excitedly, waiting for everyone to shout out Li Fengbei from the city.

But after waiting for an hour or two, it was not “driving Li Fengbei out”, but “Jun yechen is crazy!” “I didn’t expect that someone could not afford to lose so much!”

A large number of netizens on the Internet are discussing whether he is crazy or not. No one doubts that what he said is true!

“How could that be? How could that be? You fools! You are all cheated by Li Fengbei! ”

Jun night dust gas to lift the keyboard, toward the computer hard to hit down.

The keyboard was smashed into rags in his hands, and he felt puzzled and resentful. He moved the chair to the center of the ward and did not smash things in the room.

“Ah

The nurse came to change his dressing. When she saw this scene, she screamed, turned her steps and ran to the office.

After a while, a group of doctors and nurses in white coats, hospital security personnel, came to the ward.

Because the nurse was exaggerating, the security staff brought batons directly.

At this time, the ward is in a mess, basically nothing is intact.

Jun yechen looks even more embarrassed, holding a stool in his hand, scarlet eyes, like an angry lion on the verge of collapse.

The guard pointed the baton at him and warned, “don’t move! Put down the stool in your hand! Otherwise, we will not be polite!”

Jun yechen really didn’t treat people like this before. Even a security guard in the hospital dared to yell at him in the tone of command.

The strong psychological gap made him more emotional.

“Do you know who I am? I’m the president of this country. You dare to face me with your batons. Don’t you want to live? I’m going to arrest you all.”

Although it is said that Li mingjue has won the election and become the next president, there is no formal handover ceremony.

So, strictly speaking, Jun yechen’s words are not wrong, he still has the right.

However, during this period of time, we all know what kind of person Jun yechen is. Coupled with his betrayal at this moment, no one really takes him as one thing.

“Don’t move! Be honest and suffer less!”

Several people come forward, three or two under the Jun night dust uniform up.

When you think of the comments on the Internet and see this scene, everyone immediately feels that Jun yechen is really crazy.

“What can we do, Dean?”

People are arrested, but how to deal with it next is a problem.

The dean said in a deep voice: "isn't it crazy? Where a madman should go, he should take him with him

A listen to want to shut him to go to the madhouse, stay together with those madmen, Jun yechen incredible struggle.

"Where do you want to take me? I'm the president! You Dalits, I'm going to lock you all up Well... "

Unfortunately, the words have not finished, was blocked mouth, can only issue Wuwu, unwilling to low roar.

Jun yechen never thought that all this happened just right. It was all calculated by Li Fengbei.

After all, Li mingjue's identity is special now. If you want to deal with Jun yechen, you can't let the people on Li mingjue's side show up.

This method has the best of both worlds. In the process of tossing Jun yechen into the lunatic asylum, neither Li mingjue nor Li Fengbei appeared. They picked up the matter completely and left no handle at all.

.....

In the detention room of the police station.

Li mingjue was sitting on the cold bench, holding his cell phone with his slender fingers.

The mobile phone is fixed in a picture, and Yuqing is talking with Wenqiao in the ward.

It seems that her face is still a little pale, but it is much better than that in the hotel.

I don't know how long he looked at the picture before he put away his mobile phone and looked out of the iron window at the bright moonlight. His locked eyebrows could not express his worry.

He didn't appear in the hospital. Yuqing must be worried about him now!

If she is smart, she must be suspicious in her heart. Is something wrong with him?

Qing'er, I'm sorry, when you need me most, I'm not by your side every time! Although Li mingjue had a good campaign, he turned himself in to the police station before his speech.

It was he who forced Yuqing.

In order to correct Yuqing's name, for Yuqing's innocence, and for Wenqiao to have a decent identity, he can only do so.

Therefore, after he sent Yuqing to the hospital, he was arrested by the police and entered the police station.

Li mingjue's identity is special, and Yu Qing clearly shows that he is in love with Li mingjue now. This kind of thing is really not easy to define by crime.

It is precisely because of Li mingjue's identity that the police are now in trouble about things that could have been solved privately.

Li mingjue had to be detained for three days, which was a warning to the people of the whole country.

Just three days, is also language Qing discharge time, Li mingjue can't wait to walk out of the police station.

Casually found a place to change clothes, the face of the beard repair clean, then rushed to the hospital nonstop.

Yu Qing has just packed up and is ready to go downstairs with aunt Xu. As soon as she turns around, she sees Li mingjue's tall figure at the door of the ward.

Two people's sight collided together, across the air collided all the way out of the spark.

Li mingjue strode forward, a pair of sharp eyes in her body carefully look, see she is OK, a pull her into the arms.

"I'm sorry! I've made you suffer! "

Yu Qing stretched out her hand, put her arms around Li mingjue's lean waist, buried her face in his arms, smelled his breath greedily, and shook her head, "I'm ok, elder brother is suffering."

Li mingjue soon felt that his shirt in front of him was wet with tears, and his whole body was full of bitterness.

Swallow throat, voice with a trace of hoarse way: "don't worry about me, I'm ok! Qing'er, no one will be able to threaten you with this matter from now on. It's worth my coming into the police station! "

Yu Qing wiped tears, voice choked: "did they embarrass you?"

"No! I'm fine! "

Big brother is the next president of this country. She should have been a bright and respected person. She pulled him into the abyss again and again.

"Sorry, big brother."

"Don't say such silly words, we are one now, and my life can be given to you, so don't say such polite words to me, and I will be angry again."

After hearing this, Yu Qing burst into tears and said, "brother, let's go home!"

"Come on, let's go home together!"

Li mingjue raised his lips and took the initiative to take Yuqing's hand and walk downstairs.

Yu Qing and Li mingjue had just come downstairs when they met Wen Qiao and Li Fengbei at the door and got out of the car.

Chapter 698

Wen Qiao looked at Li mingjue who suddenly appeared in the hospital. He was stunned for a moment, and then said happily, "Dad, are you out?"

She knew Li mingjue could come out of the police station today. She wanted to pick up her mother and went to the police station to pick up her father. Unexpectedly, he was quick.

Li mingjue touched Wenqiao's hairy head pitifully and said in shame, "it worries you!"

"Father! Mother Li Feng took a step north and said.

Li mingjue and Yuqing exchanged a look when they saw Li Fengbei.

We don't need to say anything. We all know what we are thinking.

Li mingjue's eyes flashed a trace of deep, said: "let's go back to the old house, this is not the place to talk."

Li Feng's northern eyes flashed slightly, knowing that his father and mother had something to ask themselves.

"Good."

Four people go back to the old house together.

The old lady had received the news and was waiting for everyone at the door.

In the past two days, the weather has suddenly turned cold, and the old lady's legs are aching, so even if she is worried about the two children, she is weak, as long as she doesn't give them any trouble.

Looking at Li mingjue and Yu Qing who came down from the car, the old lady looked at them anxiously. Seeing that they were all OK, she swallowed them with her heart.

The crutches in his hand were pounding, and he said, "you! You don't have to talk to my old lady first. Do you think she's old and really useless?"

Since Li mingjue said that she would run for president, she has never had a sound sleep a day.

She knew that on the way to the election, there must be thorns and frustrations, but one by one, one person got to the police station, one person got to the hospital, and still kept such a secret from her?

Do you really think she's getting old and doesn't know anything?

Knowing that the old lady was worried, Yu Qing felt a trace of shame. She came up to the old lady and said, "Mom, I'm sorry! It's not good for us to be the younger generation! But don't talk about big brother. Big brother just came out of the police station!"

Seeing that Yu Qing was helping Li mingjue to say good things, I was both pleased and distressed.

“Well, well, I won’t say, come on! Let’s go in

At the door of the main room, the servant brought a brazier.

Flower housekeeper said with a smile: “Sir, step over this brazier to get rid of bad luck.”

Li mingjue didn’t believe this superstition, but he also knew that it was his mother’s concern for him. His mother’s love couldn’t be refused, so he said with a smile, “OK!”

With that, he stepped over the brazier.

The whole family went to the room happily.

It’s just lunch time. The old lady has asked the chef to prepare a table of delicious food.

“We eat and talk when we have something to do.” The old lady took the lead.

Although she is sick in bed these days, her ears are not so closed, and none of the news she should watch has been left behind.

You look at me and I look at you. You know that nothing can hide from this smart old lady. Everyone has to give an explanation and sit down in the restaurant one by one.

Li mingjue took the lead and said, “mother, you’re worried, but I think it’s worth it. At least Qing’er doesn’t need to bear the blame any more. Moreover, it’s my fault. It’s my responsibility.”

The old lady nodded and agreed with him, “since you know you are wrong, you should be better to Qing’er in the future!”

“I know! I intend to...”

Li mingjue just wanted to say that he planned to marry Yu Qing before he became president.

Yu Qing only heard a beginning, then knew that the elder brother wanted to say it, and quickly interrupted: “Mom, the children are here. Today’s protagonist is not us, but the matter of Fengbei.”

Li mingjue’s mouth slightly stagnated and looked at Yu Qing.

He knew that Yu Qing was interrupting him. She knew better than anyone what he was going to say next.

Is she still reluctant to marry him?

She promised him that she would marry him as long as he became president!

This time, whether she is willing or not, he will not give her the chance to go back.

They have been delayed for so many years. Now he doesn’t want to delay any more!

In the face of Li mingjue’s sharp eyes, Yu Qing looked away with a guilty heart.

Referring to Li Fengbei, the old lady’s attention was really diverted. “Fengbei, tell me what Jun yechen said? Don’t you need to give me an account?”

I still remember that day when Qiao Qiao was pushed by Li Yufei, he was about to fall down. The next second Li Fengbei caught Qiao Qiao.

The person who is still sitting in the office chair one second ago will be several meters away the next.

At that time, she thought that she was dazzled. In addition to Wenqiao's premature birth, she was worried and didn't have time to investigate the details.

Now in retrospect, what Jun yechen said is actually true. Li Fengbei twisted his pretty eyebrows, looked at the servant standing behind him, and said, "you go out first."

"Yes." Flower housekeeper took the lead to take everyone out of the restaurant, and close the door.

Without the presence of outsiders, Li Fengbei said: "grandma, this is really something I have to do to hide everyone!"

"....."

The old lady did not speak, and her smart eyes were full of dignity.

She raised Li Fengbei for 20 or 30 years, even if the big things should not be hidden from her.

Li Fengbei knew that the old lady was not so easy to fool, and then said: "last time I told you to go abroad for medical treatment, it wasn't all a lie. I went to Liluo."

"The kingdom of Liluo? Where is that?"

The old lady's first reaction was to fool her again!

She knows how many countries there are in the world, but she has never heard of Liluo?

Knowing that the old lady didn't believe me, Wen Qiao followed Li Fengbei and added, "it's my real grandmother. Last time I left, I also sneaked away to Liluo."

“Shiluo is a very rich country, houses are made of gold, diamonds are everywhere, science and technology is very developed, the whole country is full of rare minerals, so there is a rule in Shiluo that foreigners are not allowed to enter and leave Shiluo at will, and Shiluo hides itself. We don’t know there is such a country in the world at all.”

Rao is an old lady who has seen a lot of people in the market. She is also stunned by what Wenqiao said.

Can’t believe to ask: “is there really such a country in the world?”

“Yes “If I hadn’t seen it with my own eyes, I couldn’t believe it was true,” he said

The old lady narrowed her eyes, which made sense.

It is a good way for such a rich country to hide itself if it is known that it is constantly fighting for resources.

“That Jun yechen says you have super power, how to explain?”

Chapter 699

Before Li Fengbei opened his mouth, Wen Qiao answered, “Fengbei is the Third Prince of the state of Liluo. All the men in the state of Liluo have more or less super power. The super power of the royal family is the most powerful.”

This kind of thing is unheard of. If it’s someone else’s business, the old lady probably thinks it’s a story to listen to and forget.

But it’s about my grandson. The fact is in front of me. I have to admit it.

The old lady thought for a while, and her face was dignified. “Besides Jun yechen, who else knows about it?”

Speaking of this, the old lady remembered, "Yufei and Mingbo were also present when Qiao almost fell down last time..."

Li Feng said: "grandma, you need to worry about this. They were scared at that time. They should not have noticed this."

"I might not have thought about this before, but now I can't guarantee that..."

Just like her, she didn't think about it at first. She just thought that she was dazzled, but now after listening to Jun yechen's words, she immediately remembered it.

"Grandma, don't worry. I've locked them up, just..."

But Li Yufei and Li Mingbo are the old lady's own children after all.

The old lady had been very disappointed with both of them for a long time. She waved her hand and said, "this matter matters a lot. These two children are not pure minded. I can't teach them well. I won't blame you."

If there is no way to teach, Li mingjue and them are all born of an old lady. Why is this eldest son so excellent?

It can only be said that people are really different.

After getting the old lady's words, Li Fengbei put down his heart and said, "OK, I'll see to it!"

At this time, Li mingjue grabbed Yu Qing's hand and said to everyone, "I have something else to say!"

"What's the matter?" When the old lady saw that he was serious, she put down her chopsticks and looked at him.

Knowing that Li mingjue wanted to talk about marriage, Yu Qing said anxiously, “brother, let’s go back to the room to discuss something first, OK?”

Li mingjue’s sharp eyes fell on Yu Qing’s flustered face. He could not refuse and said firmly: “no more discussion. You promised to marry me. It’s too late to repent at this time!”

With that, Li mingjue looked at the old lady and said earnestly, “mother, I want to do the wedding with Qing’er before I take office. The whole world knows that it’s going to be magnificent.”

“Good! Don’t worry. I promise I’ll do it right!”

The old lady replied happily.

Yu Qing took his hand out of Li mingjue’s palm, squeezed his fingers together nervously, bit his lip and said, “big brother We are all at this age now, our grandchildren are so old, and we still have weddings. People will only laugh at us.”

“Who dares!” Li mingjue strong way, “even if others will laugh, I don’t care.”

He just wanted to give her an upright identity, but Yu Qing was always evading. This time, she obviously felt that she was more worried than before.

Is the feeling between them not enough to make her completely believe in herself?

Yu Qing closed her eyes and said, “I I just don’t want to! Brother, don’t push me any more, OK?”

“.....”

As soon as Yu Qing’s words were spoken, everyone looked at Yu Qing.

Li mingjue proposed to Yu Qing in front of the people all over the country during the election campaign. Now the news is still in the headlines of major websites, and Yu Qing can't have missed it.

Why refuse Li mingjue's proposal?

After all, this kind of words is said in front of the whole nation. If it can't be done, it will only make Li mingjue lose face!

Li mingjue's eyes gradually turned cool, and he was a little sulky.

He has never been angry with Yu Qing since he met her again.

It's not too much to be careful, but in this case, he can't connive at her any more.

The atmosphere at the dinner table suddenly became stalemate.

Wen Qiao's eyes turned and he gently pushed Yu Qing's hand. "Mom, what's the matter with you?"

"Nothing."

Yu Qing lowered her head to eat and was obviously reluctant to talk more.

Wenqiao pursed her lips, her eyes a little sad.

Li Fengbei took her hand placidly, pinched her fingers, put them close to her ear, and said in a low voice, "don't be sad. They will handle their own affairs."

After dinner, Li Fengbei takes Wenqiao to leave and returns to the castle.

"The children finish school early today, we'll go back first!"

Wenqiao didn't want to leave. She obviously felt that her parents were not happy.

But Li Fengbei forcefully carried her into the car, "Qiao Qiao, you stay here will only make the atmosphere more embarrassing. We are all adults. If there is any problem, they will solve it in private."

Hearing what Li Fengbei said, Wen Qiao thought what he said was reasonable, so he had to say: "OK! It's all up to you" That's good!" Li Feng North hook lips, in Wen Qiao Du small mouth on a kiss.

Wen Qiao looked at the driver in front of him. He couldn't help staring at him and complained: "Li Feng Bei! I told you, you have to correct this problem, don't kiss me

He always kisses her, and in front of the children, he will teach them bad.

Li Feng North spread out his hand, "don't want to let the children learn bad, just listen to me, let them be independent, don't always stick to us."

"....."

Wenjo was silent.

At this time, the man is always jealous with several children.

Think about the past few months, they haven't been very close.

All the time is occupied by the children, and when the children go to school, he has to go to work in the company.

I couldn't help feeling a little ashamed. I bit my lip and said, "I'll try to talk to the children and let them sleep in their own room."

In order to get Wen Qiao's words, Li Fengbei had played all kinds of tricks, including seduction and male beauty.

However, this woman, whose mother is rampant, doesn't even look at him at all. It's really a big discount to his self-confidence.

Li Fengbei couldn't believe that Wen Qiao agreed to him so easily.

"That's very kind of you, Joe!"

Wenqiao inexplicably feel sad, "husband, this period of time neglected you, sorry."

At last, I was able to see the bright future and everything was just right.

Li Fengbei put Wen Qiao in his arms, as if to rub this woman into his body. "As long as you have me in your heart, I will be satisfied."

Who would have thought that a man like Li Fengbei, who is invincible and cold hearted, would one day ask for a little bit of status in front of a woman like a child?

Wenqiao's eyes turned red gradually, and there was a surge of sweetness in his heart.

Looking at the serious driver in front of him, he reached out and pressed down the partition of the car, put his arms around Li Fengbei's neck, raised his body, and took the initiative to kiss him on the lips.

The atmosphere in the carriage was getting higher and higher, and both of them were gasping for breath.

Before getting out of control, Li Fengbei released her and pulled her messy clothes.

Wenqiao didn't expect that he could stop and look at him with blurred eyes.

"What's the matter?"

Li Fengbei looks at her dissatisfied appearance, almost can't control his impulse.

He closed his eyes, forced down the agitation in his body, and said with an evil smile: "your body is not allowed now. In another month, you can make it up to me."

"....." Winjo blushed with shame.

She was just ready to accept it. After all, she couldn't bear to see him endure so hard.

It's said that men hold too much, and they will suffer from the disease.

I didn't expect that he could worry about his body in such a situation. It's false to say that he was not moved.

Wen Qiao endured shyness, voice if mosquito ground agrees a way: "good."

In a simple word, it almost did not set off a risk again.

Li Feng North lying in Wenqiao's shoulder socket, closed his eyes to adjust the breath, "goblin, sooner or later I will die on you."

Wenjo hammered him on the back angrily. "What are you talking about?"

Make her like a millennium monster!

If we talk with him like this, it will be endless. Wenqiao has to change the topic and say, "by the way, do you think about how to deal with Li Yufei and Li Mingbo?"

These two people are so hateful.

When Dad had an accident, he stood by one by one and fell into the trap. When the Li family was in the most difficult time, he chose to break away from the Li family.

Now that the Li family has passed the storm, it's like coming back from a new era to share a share. How can there be such a good thing in the world?

She has forgiven them once for pushing her to cause premature birth.

Li Yufei helped Jun yechen this time, and almost made her mother lose her innocence. She said that she would never forgive her again!

What's more, when they see Li Fengbei's secret and let them out, they don't know how to talk nonsense!

In the eyes of Li Fengbei, a cold light flashed.

"They'll never get out of the cage I made for them again in their life."

There are many houses in the castle. Deep in the forest, he has already prepared houses for them.

As soon as they got off the bus, they met a man they hadn't seen for a long time.

Xu Tianyu appeared in front of everyone with a tired face.

Wenqiao was surprised and said, "what's the matter with you, senior?"

His beard was so untidy that even his always neat white shirt was wrinkled.

"Nothing! Come and talk to Li Fengbei. "

Xu Tianyu took a look at Wen Qiao and then looked away.

He also knew a few days ago that Wenqiao was his uncle's daughter.

He loved the girl for so many years, but it turned out to be his own sister.

Oh, so many years of love, in fact, is a joke!

Some time ago, Xu Tianyu's father suffered a heart attack and fell into a coma.

These days, he has been taking care of him in the hospital near the city. What happened in city B, he has the heart to help, but also has no skills.

My father didn't survive the disease. He died a week ago. He took care of his father's affairs before returning to B city.

I didn't expect to hear what Li Yufei did as soon as I came back.

I know Li Fengbei will not let her go easily this time.

But Xu Tianyu had just witnessed the helplessness of his father when he died. At this time, he could not help but watch his mother, who was criticized and indifferent.

“Joe, go home first.”

Li Feng North picked next eyebrow, toward Wen Qiao way.

He knows that Xu Tianyu knows that Wenqiao is his sister. Now his mood should be very complicated. He doesn't know how to face him, does he?

After all More than once, he told winjo.

“Good!” Winjo replied cleverly.

He really needs to digest some recent events.

However, the haggard appearance of the senior made her worried.

After Wenqiao left, Li Fengbei said: “Qiao Qiao left, you can say whatever you want.”

“I know that my mother is a wicked woman, and she really shouldn't plead for mercy, but anyway, she is the one who gives me life. Please look at my face and give her some dignity.”

Li Feng North Mi Mou son, want to also don't want to promise a way: “can!”

Xu Tianyu was stunned. Unexpectedly, Li Fengbei agreed so easily. He said gratefully, “thank you! I know Your identity matters a lot. I won't say it. I have a way for my mother to stop talking nonsense.”

Xu Tianyu had never asked Li Fengbei for anything. As long as they met, they were tit for tat, and there was no time to speak seriously.

It's the first time I've had a serious conversation like this. Maybe Xu Tianyu has become Wen Qiao's elder brother now. He is no longer a rival in love. Li Fengbei is very talkative.

After all, it was Xu Tianyu who accompanied Wen Qiao in his missing days.

Moreover, Xu Tianyu's position in Wen Qiao's mind is unique.

"Yes! Thank you for your care of Joe and the two children."

Xu Tianyu pursed his lips. His dark eyes flashed by. He didn't know whether it was relief or regret. "Qiao Qiao It's my sister. The children are my nephews. It's right to take care of them!"

Li Fengbei looked at Xu Tianyu's decadent appearance and picked his eyebrows. He was rare and generous

"No, I have something else to do."

"All right."

Li Fengbei didn't force him either. He must be embarrassed to meet Wenqiao now.

Xu Tianyu just turned around and three children came back from school.

Today, the kindergarten held a school day celebration activity to finish school half a day in advance.

On seeing Xu Tianyu, Chenchen and An'an called out cleverly: "Uncle Xu!"

"Good..."

When Xu Tianyu looked at the children, his heart sprouted. After several days of depression, he became bright again.

However, before I could see clearly, suddenly a small shell rushed towards my arms.

Subconsciously, he opened his arms and caught it. Blue heart hung on him like a koala.

“Uncle, we’ve just come back. Are you going to leave? Come in and play with us for a while!”

Xu Tianyu said with a smile, “uncle, will you play with me next time?”

“No, just today, take us to play today!”

Blue heart jumps down from Xu Tianyu and pulls him to the room. “Come on, let’s go to eat something delicious. We haven’t eaten yet. We’re starving to death!”

The three kids didn’t have lunch at school, so Li Fengbei and Wen Qiao rushed back from the old house.

Xu Tianyu was pulled by Lan Xin. He had no choice but to walk towards the hall.

Wenqiao was telling the servant to prepare the children’s lunch. When he saw Xu Tianyu, he gave a smile and said sweetly, “brother, you haven’t eaten yet, have you? Have some together

Xu Tianyu listened to Wen Qiao’s sweet “brother”. He was stunned. After a long time, he reacted and said with a relieved smile: “good! I’ll take my nephews to have some!”

Wen Qiao turned around and gave Xu Tianyu a bowl of rice in person.

Xu Tianyu said, “thank you.”

“Brother, I often come to my house to sit down in the future.”

“Good.”

Looking at Wenqiao full circle of the whole person, it seems that life is very good, suddenly in the heart that a knot in one’s heart all relieved.

Maybe this is the best result for JOJO.

His love is a burden to her!

Now that he has become her brother, is this burden gone?

So Very good.
