

## Passive Skills 84

Chapter 84 standing up is another man

Zhang Shan saw that his health had been reduced by more than half, and there were still five Warriors who had not been defeated by him.

The other long-range classes also came up. If they were focused on again, they would definitely lose their first life.

Sigh, if only he had a lifesteal skill. In the situation where there was no support to heal him, he would still be a bit lacking if he just stood there and slashed.

It would not be a problem to take on three to five at the same time, but there were still more than ten on the field, five Warriors, and seven mages and archers on the periphery.

There was also a Taoist as a support. Because he was standing far away, Zhang Shan had not had the chance to take down the last support.

He couldn't do that. Otherwise, even if he had two lives, he might be killed.

The only good news was that many of traversing Four Seas 'members had been beaten up quite badly by the wolves. Even though they were still alive, they were temporarily unable to deal with Zhang Shan.

Only the five Warriors beside him continued to tank the damage from the wolves, trying to cut him down without a care.

He still had to pull a little. It was not a Hunter's specialty to withstand the attacks of a group of Warriors.

Fanaticism's duration had also ended. After six seconds of being a real man, his attack speed had clearly decreased.

There were wild wolves all around him. They helped him block some of the enemies, but also seriously affected Zhang Shan's space to move. He could only think of a way to let the Panda baby Block in front of him.

It would be good if he could block a warrior's attack first.

Suddenly, Zhang Shan realized that the last support priest from traversing Four Seas had run up.

Was he preparing to resurrect the Dragon King of the East Sea?

F \* ck, I don't care anymore. I'll take down the last support first. At most, I'll be reborn and fight again in ten seconds.

They even wanted to revive their boss. Did they really think that Zhang Shan's health bar was almost empty and they were looking down on him?

The Taoist priest was knocked down with two shots.

Since traversing Four Seas was nearby, there was no longer any support that could revive them. Those who died would have to resurrect back in the city, losing a level was no big deal.

After a critical hit from a gun knocked out a soldier, Zhang Shan also fell to the ground. His first life ended.

zhang shan lay on the ground, waiting to be reborn in ten seconds.

However, the members of traversing Four Seas did not know that he had a revival skill and thought that he had already died.

stir-fry! I've finally killed this pervert.

f\* ck, the divine weapon is indeed powerful. We have to do everything we can to collect information about it.

“What do we do now? Should I cast a teleport spell and return to the city?”

“Boss is still lying on the ground. Call someone over to resurrect him.”

the others might not be able to make it in a short time. There are too many monsters here.

“Just wait, they'll find a way to send the support over.”

“Why is six-barreled Bodhisattva still lying on the ground and not resurrecting in the city? Could he be waiting for someone to save him?”

“don't worry about it. it's a pity that i can't whip his body. otherwise, i'd cut him into pieces. hmph.”

“by the way, six-barreled bodhisattva's name is already so red. why didn't he drop any equipment? this doesn't make sense.”

I don't know. Maybe there's a special item that can make you immune to equipment loss? ”

no, I have to post this in the world Channel. I'll post the video of six-barreled Bodhisattva falling to the ground on the forum later, hehe.

The world Channel:

“six tube bodhisattva, aren't you very powerful? he was still lying on the ground like a dead dog. if you have the ability, then stand up.”

“Damn, what's going on? the divine artifact boss died?”

he's definitely dead. Otherwise, the traversing Four Seas would not dare to make a sound.

“This isn't a one-man game. No matter how strong the equipment is, it still needs a team to play its role.”

“Yeah, six-pipe Bodhisattva is a typical example of this.”

Windcloud blade called out, ”

“How did you die? do you want someone with a resurrection skill to save you?”

Zhang Shan did not turn back to anyone. He lay on the ground and quietly watched the members of traversing Four Seas dress up.

The ten seconds were almost up.

Traversing Four Seas still had four Warriors and six brats left on the battlefield, so they could not just sit around and do nothing.

He was really trying his best to clear out the wild wolves. There were wild wolves all around him, and if he stopped for a while, he might be drowned by them.

It was to the extent that when Zhang Shan suddenly stood up, they did not notice him at all.

after zhang shan stood up, he realized that his current position was very good. he was close to their brittleskin and far away from the warriors.

the four warriors had to tank the monsters, so they were slightly closer to the front.

Just in time, the moment Zhang Shan stood up, he quickly fired. One shot for one person, two shots for one person, before they could react.

Six brittleskins had been defeated by Zhang Shan.

“Stir-fry, why is six-pipe Bodhisattva standing up? Was there a support from the wind and cloud Guild just now?”

The members of traversing Four Seas were all confused. Even now, they still had no idea what was going on.

zhang shan was not going to be polite with them. there were only four warriors left. they did not even need to use berserk. anyway, warriors did not have any stun skills.

...

Taking down four Warriors with a normal attack did not give him any pressure. Zhang Shan even took the time to summon his panda baby.

She would stay by his side to protect him.

The remaining four soldiers were also in despair. There were so many people just now, but they had only managed to kill Zhang Shan once.

now that zhang shan had resurrected with full health, they were only left with four warriors. how could they possibly win? they could not even run.

He could only bite the bullet and do it.

Without much effort, Zhang Shan had defeated the last four Warriors. zhang shan was the only player left on the field. there were only corpses and countless wolves left.

The Dragon King of the East Sea could not bear the humiliation and chose to resurrect in the city. It did not take long for the others on the ground to turn into white light and leave.

The enemy left, and Zhang Shan continued to calmly farm monsters. This time, the number of people he killed was not considered many, less than 80.

His evil score was more than 700, much less than the last time when he was in the Guild of hacking the heavens and earth. He should be able to clear his red name by night.

Right, he also had to reply to Wind Cloud Blade. Otherwise, he would not know what had happened.

“Brother Yidao, it’s fine now. I’ve already killed the Dragon King of the eastern sea and the others.”

...

“What do you mean? Didn’t they say in the world channel that you’re dead?”

“They died, but after they were reborn, they were cut back.”

“F \* ck, there’s a BUG in your rebirth skill. Those who haven’t seen it wouldn’t know. Hehe, aren’t you going to the world Channel to refute the rumors?”

“I’m too lazy to say.”

“I’ll do it. Hehe, I have to remind this group of people who have never experienced the viciousness of the game society.”

“As you wish.”

“Watch me, I’m going to throw the face of the Dragon King of the East Sea on the ground and step on him a few times.”

Zhang Shan was stunned.

The world Channel ”

Wind and Cloud Blade: “Where’s the Dragon King? You guys didn’t kill him completely. Six-pipe Bodhisattva is still having fun at Wild Wolf Slope. Come on, let’s continue. It’s not a good habit to give up halfway.”

“F \* ck, what’s going on? Divine artifact bro didn’t die?”

“It’s a little complicated. There are countless question marks above the heads of the audience.”

“Dragon King of the East Sea, come out and take a few steps.”

“No sound? Could it be that they were just bragging just now? Even if they didn’t kill the boss of the divine artifact, they had to boast first.”

“There’s no need to ask. All members of traversing Four Seas have returned to DreamCloud city. As for six-pipe Bodhisattva, no one has seen him yet.”

“What the f \* ck. If you want to kill people, just kill people. What are you bragging about?”

That’s right. It’s not embarrassing if you can’t defeat him. It’s really embarrassing to brag and get slapped in the face.

Sigh, the Dragon King of the East Sea’s face is probably swollen. I feel sorry for him for a second.

“Six-barreled Bodhisattva, do you still have the Red Axe?”

these people were really bored. they were still concerned about the axe. however, it was good. only with people's attention could it be sold for a high price.
