

# Power and Wealth

## Chapter 482 – Lao Gong...

Saturday.

Dong Xuebing woke up and stood in front of the windows. He yawned lazily as he listened to the birds chirping and closes his eyes to enjoy the warm breeze. He felt relaxed as the investment fair is over. He can finally have a good rest.

After eating two sunny-side-up eggs as breakfast, Dong Xuebing made a few calls.

Dong Xuebing's mother was transferred to a middle school in the City, and her phone is switched off. She might be teaching now.

Qu Yunxuan might be still sleeping as her phone is also off.

Xie Huilan's phone is on, but she had arrived at the County Government Office for work. A County's Mayor has lots of work and seldom gets rest days.

In the end, Dong Xuebing called Yu Meixia, and the line got through.

“Hello?” Yu Meixia answered timidly. “... Xiao Bing?”

“Hehe... it's me. What are you doing?”

“I am returning home after sending Qianqian to school.”

“Are you alone?” Dong Xuebing blinked. “Are you free today? If you are not busy, I will go over to your place. I miss you.”

Yu Meixia blushed, and she replied after a short pause. “Ok. I will be waiting for you at home.”

“Alright. See you later.”

“Ok. Bye.”

Twenty minutes later. Hua Mei Estate.

Dong Xuebing parked his Santana and entered the building to Sister Yu's apartment.

The door opened, and Yu Meixia appeared before Dong Xuebing. It's been a while since Dong Xuebing met her. The scar on her face had disappeared, and she is prettier than before. Her hair is tied up in a bun, and she is wearing a long pastel dress, showing her shoulders and back. She is also wearing beige colored stockings.

Yu Meixia blushed as she saw Dong Xuebing staring at her.

Dong Xuebing entered the apartment and smiled. "Why is Qianqian going to school on Saturday?"

"It's her school's sports day, and she is participating in the long jump."

"Ah... I was weak at long jump when I was in school and had never passed the qualifying mark." Dong Xuebing sat on the sofa and took out a cigarette.

Yu Meixia quickly took out a lighter and lit it before helping Dong Xuebing change his shoes to slippers.

"What tea would you like?"

"Sister Yu, come over and sit with me."

Yu Meixia nodded and sat down beside Dong Xuebing.

Dong Xuebing could not hold back and started caressing her thighs.

Yu Meixia panics and asked. "You... I heard that you..."

"What did you hear?"

Yu Meixia had heard about Dong Xuebing getting arrested, being replaced as the person in charge of the investment fair, etc. But she is more concerned about another matter. "Is Mayor Xie and you... dating?"

Dong Xuebing nodded. "Yes."

Yu Meixia bit her lips and did not continue asking.

Dong Xuebing does not want to mention other women in front of Sister Yu. He looked at her and laid down on the sofa, using her thigh as a pillow. "Let's not talk about this.

Switch on the TV and watch the news.”

“Ok.” Yu Meixia switched on the TV and started massaging Dong Xuebing’s head.

Dong Xuebing always felt relaxed when he was with Yu Meixia. That’s why he likes to look for her. “Are you working now?”

“I tried looking for a job but failed to get one.”

“It’s alright. You can just stay at home or go out with your friends.”

“I... don’t have any friends. When Qianqian is not around, I am alone....”

“Hmmm... do you want me to help you find a job?”

“No need.”

“Sigh... you don’t need to treat me like an outsider.” Dong Xuebing knew Yu Meixia is not educated, has weak stamina and character. It’s hard for her to find a suitable job. “It will be boring to stay at home alone. But I also don’t want you to find a tiring job. What do you want to do?”

“I don’t know.”

“How about I keep a lookout for you?” Suddenly, the news reported about a piece of news about Fen Zhou City. The City’s Community committee is hiring. Dong Xuebing said. “The Community committee job should suit you. Do you want me to get you this job? Will there be a written test? Test... oh... I forgot you are not highly educated. But never mind. You should pass the interview with no problems.”

“Community committee? I can’t do it.”

“Be more confident. You can do it.”

“... But it is the City Community Committee, and Qianqian still needs to go school....”

“My Mum had just been transferred to the City. You can transfer Qianqian to her school. The City’s school is much better than our County.”

“But the lodging... this apartment....”

“These are small issues. You can sell it and buy a new apartment in the City. Also, the City is not far from our County, and I can visit you anytime. I will also not be working

in Yan Tai County forever. I plan to further my career in Fen Zhou City. Haha...”

“Are you transferred to the City?”

“I want to be transferred to the City Government, but it’s hard.”

Sister Yu has strong self-esteem and is reluctant to receive help from Dong Xuebing. He had wanted to set up a small shop like a florist, or bookshop, for her, but she refused to use his money. She is still thinking of ways to return the money she borrowed from him. The Community Committee is a government organization. Although it is not considered a civil servant, it has more prospects than being a supermarket cashier. Even if she cannot do the desk-bound work, she can do other things.

Dong Xuebing took note of it and did not continue. He wants to give Sister Yu time to consider. He will also move Yu Meixia to the City if he is transferred there in the future.

Five minutes...

Ten minutes...

The news ended.

Dong Xuebing’s hand started roaming on Sister Yu’s thighs again after the news. Her dress is slowly pushed up, exposing more of her stockings. He turned his head and started kissing her soft thighs. After a while, he tears the thin stockings with his teeth to expose her fair legs.

Yu Meixia quickly covered the tear. “Xiao Bing, don’t....”

“Don’t what?”

“My stockings are torn.”

“I will use more pairs for you next time. Err... what’s your size?”

“... stockings are mostly free size.”

Dong Xuebing continued to tear her stockings with his teeth, making dozens of tears. He knows Yu Meixia is shy and went over to close the curtains and switch off the lights. After that, he carried and kissed her on her lips. His hand also reached under her dress.

Yu Meixia lowered her head and kissed Dong Xuebing's neck.

"Do you miss me?" Dong Xuebing asked.

Yu Meixia kept quiet.

"Silence means you miss me. Why didn't you call me? Didn't I tell you to call me when you are free? I was too busy recently to call you."

"I am afraid you are with Mayor Xie, and she... will know about us."

"Huh? You are overthinking too much."

Dong Xuebing carried Yu Meixia up, and her arms are around his neck. She asked softly. "You... what time are you leaving today?"

"I don't know. Why?"

"Qianqian missed you. I... if you are... can you stay longer? But it's alright if you are busy."

Dong Xuebing laughed and kissed her forehead. "Ok. I will accompany you today and will not leave."

Yu Meixia blushed. "It's not me... It's Qianqian..."

"Yes, yes... I am staying because Qianqian misses me."

"Ok."

"You are so adorable."

"... I'm not." Yu Meixia felt embarrassed to be called adorable by someone ten years younger than her.

"Let's go to the room."

Dong Xuebing carried Yu Meixia to her bed and slid her dress's shoulder straps down to her waist. She wants to remove her dress, but he refused. He insisted she keeps her dress and heels on.

"The bed is dirty. Can I remove my shoes?"

"It's fine. I will change the sheets later. You are sexy with heels."

“I’m not.”

“Then why are you wearing it if it’s not to show me?”

“No.”

Dong Xuebing stopped teasing her and lifted both her legs up...

It’s been a while since they got together. This session lasted more than an hour, and Dong Xuebing shamelessly insisted she calls him “Lao Gong” while panting.
