

《Power and Wealth》

Chapter 80 - This is the perks of having authority!

10 am.

Dong Xuebing was about to call Guo Shunjie into his office when Guo Panwei knocked on the office. Guo Panwei had also ordered Dong Xuebing around in the past, and Dong Xuebing does not like him. Furthermore, Guo Panwei does not have any strong backings. Other than being close to Chief Pang, there were rumors that his uncle was a leader in the Customs. This was the reason Guo Panwei was the second person to be dealt with.

“Chief Dong, I have completed my task. Is there any other orders?”

“The meeting room is set up?” Dong Xuebing asked.

Guo Panwei smiled. “I have arranged it according to your instructions. Everything is in order.”

Dong Xuebing nodded. He picked up his teacup and realized his tea had gone cold. He placed the cup back on the desk.

Guo Panwei saw it and immediately bring over the hot water flask. He poured the hot water into Dong Xuebing cup. “Please have some tea.”

“Hmmm.” Dong Xuebing was surprised. This Guo Panwei really knows how to curry favor. He was also very shameless. Dong Xuebing was much younger than him, and he could still bow down. Dong Xuebing knew that he could never behave like Guo Panwei. He was quite impressed by Guo Panwei, and he hesitated for a while. Since Guo Panwei knows his place now, then I will deal with him some other time. I will observe his performance first. “Call Guo Shunjie in.”

Guo Panwei nodded and left the office.

About 10 seconds later, someone knocked on the door softly.

Dong Xuebing sneered. “Come in!” Guo Shunjie sullen face looks like his father had just passed away. Dong Xuebing can’t be bothered to speak to him. He just threw a stack of documents on the table. “Enter these data into the system and do a back up on these documents. Do it immediately. I want it before the end of the day!” If Tan Limei were to enter these data, she would take at most 3 to 4 hours. But for Guo Shunjie, he will need at least 7 to 8 hours.

Guo Shunjie gritted his teeth. “I have to complete this alone?”

Dong Xuebing looked at him. “What do you think?”

Guo Shunjie was cursing and swearing in his heart. He kept his anger and carried the documents out.

After Guo Shunjie left, Dong Xuebing pressed the intercom, and Tan Limei answered. Dong Xuebing said: “Tan Zhi, I have given Guo Shunjie a document to type. Please help me monitor and don’t let others help him. He got to do that alone.”

Tan Limei laughed when she heard that. “Ok. I know what to do.”

One month ago, Guo Shunjie had given his work to Dong Xuebing, Zhuang Zhi and Tan Limei. Now, it’s payback time.

The whole afternoon, all the staff members had nothing to do except for Guo Shunjie. He had been typing furiously since morning. 7 hours had passed, and Guo Shunjie was exhausted. His back was killing him, and fingers numb. Guo Shunjie and the rest of his colleagues did not have a good relationship. Tan Limei, Changjuan, Old Yan, and the rest were looking at him. They were enjoying themselves.

When it was almost time to knock off, Guo Shunjie managed to finish typing the document and pass the Word document to Dong Xuebing.

Dong Xuebing saved a copy into his PC but did not ask Guo Shunjie to sit down. He opened up the file and start reading the document. 10 minutes, 20 minutes..... Dong Xuebing was furious. He stared at Guo Shunjie and imitated Yang Yizhong and other leaders. “What are you doing? Ah? You can’t even complete a simple task? Do you even know what you are typing? Did you even go to school? The whole document is full of wrong words. What am I supposed to do with it? You want me to submit this report to the higher ups?”

Guo Shunjie turned pale. “I don’t have enough time!”

“Stop finding excuses!” Dong Xuebing banged the table. “Xiao Tan also uses the same amount of time to type out a report. How come she can do it and not you? You have a smaller brain than Xiao Tan, or are you missing one limb?” Dong Xuebing paused for a while. “I am telling you that I want this document today no matter what. If you can’t finish, you stay back and finish it. You are not allowed to go back unless you finish this!”

Guo Shunjie was furious and was cursing Dong Xuebing in his heart. Damn! I will kill you and then..... He left the office to work on the report.

Before the office door was closed, Tan Limei gave a thumbs up to Dong Xuebing from under the table.

Dong Xuebing saw it and smile and winked back at her.

Changjuan saw Guo Shunjie being dealt with by the newly promoted Deputy Chief and was worried. Just two days ago, Guo Shunjie was still arrogant and confident that he will be promoted. But now, he was the first to get into trouble. Changjuan remembered that day when the Party Committee Meeting was still ongoing, she had advice Dong Xuebing to bow down to Guo Shunjie, and she was feeling uneasy. She was worried that Dong Xuebing would bear grudges against her.

The more she thinks, the more she got worried. It was almost time to knock off, and Changjuan touched up her makeup before knocking on Dong Xuebing’s office door.

“Come in.”

After entering the office, Changjuan closes the door behind her and faced Dong Xuebing with a seductive smile. “Chief Dong.”

Dong Xuebing could feel her gaze on him. “Have a seat. What’s wrong?”

Changjuan sat down with only half her butt on the chair. “Chief Dong, I would like to apologize to you. You also know that I don’t know how to keep my mouth shut. That afternoon on the day of the Committee Meeting, I..... Please forgive me. I.....”

Dong Xuebing was stunned for a second and remembered what she was talking about. He laughed. “Sister Chang, take it easy. You are also trying to help me, and I understand that. You don’t need to apologize to me over such a trivial matter. I still thought you have done something wrong.”

Changjuan heard Dong Xuebing calling her Sister Chang, she felt better. “Hehehe, I knew Chief Xiao Dong will not blame me. Ah..... If there is no one around, can I call

you Chief Xiao Dong? Will you be angry with me?" These words sounded reasonable, but Changjuan's tone was seductive, especially when she says, "no one around." It seemed awkward.

Dong Xuebing coughed. "Sister Chang, it's fine. I don't mind it."

"Ah!"

"It's time to knock off. You should go back early. Do you need to fetch your child?"

"My husband will fetch my child." Changjuan laughed. "Chief Xiao Dong, I will go back first. If you need me in any way, just let me know." She moved her right leg outwards, and her skirt was stretched opened. Dong Xuebing could almost see everything under her skirt.

Damn! What is she doing now?

Dong Xuebing could feel his temperature rising. After Changjuan left the office, Dong Xuebing wiped the sweat off his forehead.

Wow..... It was a special day today. There was too many the first time.

It was Dong Xuebing's first time becoming a leader, his first time ordering his subordinates, his first time scolding someone, his first time being pleased by others, his first time being seduced.....

No wonder everyone wants to be officials. This is the perks of having authority!
