

Chapter 129

What she said decided that he had nothing to say.

"If you don't want my life for the time being, then I will go first. When you want my life, just come to me anytime." Suzi didn't look at Arron again, but went down the steps.

Never looked back.

"Hey..." Christopher shouted without holding back.

Suzi still moved forward.

She is holding an umbrella and walking is not too slow, but the Arron behind her is tall and long, and the pace is faster than her. He came to Suzi in three steps and two steps.

"Is it going to kill me now?" Suzi asked.

Arron said blankly: "The contract I signed by Arron cannot be invalidated. The money that should be given is a lot! Also, your life is worthless to me! I want your life too. Trouble!"

Suzi felt relieved suddenly.

He is still willing to give her money, and is willing to keep her life, she is already thankful.

Looking up, there was a slightly sweet smile on her face: "I really don't have to give me any money, Mr. Fu, I can't ask for this money. To ask for this money from you is an insult to the friendship between Aunt Xia and me. , Besides, I want to be with..."

Suzi said halfway, and then shut up again.

She only lowered her eyes and said, "I just want we can go through the divorce procedures as soon as possible, as soon as possible."

After speaking, he left again.

She would not ask for Arron's money. Because she decided to have a relationship with Joan.

When she was robbed by Huo Jianshan, it was Joan who rescued her. When she was forced by Huo Jianshan to do nothing to make her compensate, it was Joan who helped her settle the matter.

Although Joan was arrogant, it might not last for her. But in this world, when she was incomparably depressed, only Joan extended a helping hand to her.

Joan gave her a stable job, lent her money for living expenses, and helped her settle so many things. Suzi had already considered very clearly in her heart that she just wanted to have a relationship with Joan.

Whether Joan regards her as one night's love? Or treat her as a humble woman? Or play for a while, fresh.

Suzi doesn't matter.

She just wanted to be serious and sincerely fall in love with Joan.

After coming out of Aunt Xia's cemetery, Suzi drove to the private room scheduled with Joan.

Joan made coffee for her.

Suzi smiled lightly, then shook his head: "Young Master Ling, I don't drink coffee."

"Tu Niu, haven't you drunk it? Although the coffee is bitter, the aftertaste is very strong, the more aftertaste, the more fragrant, I promise you will want to drink this time." Joan pushed the coffee to Suzi's side. Tweeted.

Since Suzi was very tough in Huo Jianshan's private room and stabbed Huo Jianshan into a life-long inhumane injury, Joan looked at Suzi with admiration.

He is now very courteous to Suzi.

Had it not been for the funeral of the little aunt, Joan would have already gotten Suzi.

At this moment, he even couldn't wait.

However, Suzi calmly said: "Mr. Ling, I...pregnant."

Chapter 130

"What are you talking about?" Joan smiled stiffly, and after stiffening he looked at Suzi playfully.

Suzi's eyes were flat and determined.

Since he has decided to treat this man well, Suzi must be honest with him.

"I have been in jail for two years. You should know that it is very mixed in that kind of place. I don't know which child I am pregnant with. But Mr. Ling, my mother is dead, and Aunt Xia who has the best relationship with me is also I have been buried, and I have absolutely no relatives in this world.

I just want to keep my child.

I know I am not worthy of you, Young Master Ling. I never expected you to marry me. You can say no to me at any time. I don't want any of your belongings. I will be paid immediately this month. After the salary is paid, I will

lend me the three thousand you once lent to me. The bucks will be returned to you.

I just want to treat you sincerely.

I am not surprised if you do not accept me.

I will bless you deliberately.

If you use my place in the future, I will go through fire and water for you, even if I sacrifice my life, Young Master Ling..."

"Don't... stop talking!" Joan raised his hand to stop Suzi.

Suzi smiled flatly: "Mr. Ling doesn't accept..."

Joan immediately interrupted Suzi's words: "Who is Lao Tzu! Isn't it just getting a big belly? Lao Tzu doesn't marry you, what can't be accepted! Lao Tzu accepts you, why?"

There was a faint smile on Suzi's face.

He has always been like this, full of dirty words, but she still knows a little bit about him, don't look at his arrogant appearance, in fact, he is spoiled in his bones, and has been accustomed to being accommodating since childhood. He has suffered any hardships, but he is still a soft-hearted young master.

Suzi got used to all kinds of dirty words of Joan. Joan got up and looked at her seriously: "I didn't want to come today because there was a problem with the project, but considering that today is my first date with you, so I came."

After finishing speaking, Joan opened the chair and said, "I'll go first, and I will come back to you when I finish processing."

Suzi: "..."

There is a mixed feeling in my heart.

She could feel that this was a kind of excuse by Joan, and Joan shouldn't look for her again.

But it doesn't matter.

Deep down, Suzi didn't love Joan at all.

She was just grateful to him.

Joan had already walked out for two steps. He suddenly turned his head and said to Suzi in a commanding tone: "Observably, waiting for the Lord in your rental house. After finishing the project, I will come back and kill you!"

Suzi smiled and nodded: "Well, I must wait for you to come back."

After speaking, she watched Joan leave the cafe, and then sat alone on the spot for a whole afternoon.

I don't know whether it is melancholy or sad.

Maybe after tonight, she may be Joan's person, she doesn't love Joan, her heart is always flashing with the shadow of that man.

Why do you miss him?

During the more than a month you spent with him, most of him was suspicious of you, even if you took care of his mother so well, he was still not half grateful to you and almost killed you.

Suzi, why do you miss him?

You can't miss him!
