

# Chapter 349

Suzi got out of the car, and went to the park to pick up Lilly alone, and saw Lilly saying to a girl who was about the same height: "Susan, goodbye."

The little girl named Susan is being led out by her mother.

Seeing Suzi coming in, Lilly immediately ran towards Suzi and ran towards Suzi, "Susan, look, my mother is also here to pick me up."

Shen Zai took three steps and took two steps and ran in front of Suzi, just side by side with Susan and Susan's mother.

Suzi politely greeted Susan and her mother: "Hello."

Susan also looked up at Suzi, and her grandma said, "Hello Auntie, Shen and I are the only good friends."

As soon as the little girl's voice fell, she was abruptly torn away by her mother. While going out, the mother scolded her daughter: "You are not allowed to make friends with such people in the future. Her mother looks like a small county town outside the city. Here, the Tubula is so ugly!"

Suzi: "..."

Shen Only: "..."

After a second, Suzi led Lilly, and said warmly: "Lilly, let's go home baby."

The only boring voice said: "Mom, you are actually very beautiful. You are more beautiful than the mothers of all the children in our class. Mom, do you have no money to buy beautiful clothes?"

Suzi: "..."

How can she tell her daughter?

Lilly has never understood her mother's difficulties. She sweetly said to Suzi: "Mom, I have a way to make you more beautiful than Susan's mother."

Suzi was curious: "Tell mom, what can you do?"

"Confidentiality!" the little girl said mysteriously. Suzi smiled helplessly.

There is really no way to take the little girl. She took her daughter to Arron's car. Christopher had already opened the door. The first thing Shen said to Arron when he got in the car: "fcuky daddy! If you want me not to call you yucky dad, Lilly have to promise me everything!"

Suzi: "The only one!"

Arron looked at the girl and said, "Say!"

"Buy a large pile of beautiful clothes for my mother, and let my mother wear beautiful clothes!" Lilly said with a small mouth.

Suzi: "I... I didn't say anything to the only one."

Arron didn't want Suzi. He only hugged Lilly and asked her: "You also think your mother's clothes are ugly, don't you?"

Lilly nodded.

Suzi: "..."

Shen Weiyi: "Then when will you buy beautiful clothes for my mother?"

Arron smiled: "See if you will finish your meal today. If you behave well, I will buy it."

"Okay! Pull the hook!" The little girl also pulled the hook with Arron pretentiously.

Suzi next to him looked dazed.

Along the way, she watched the various interactions between Arron and Lilly's father and daughter, but she couldn't even put her mouth in it.

Half an hour later, the car drove downstairs in the community. As soon as Suzi got out of the car, he saw two women in uniforms approaching her.

When they came to Suzi, the two women respectfully said: "Mr. Fu, all the fashions you bought for your wife have been delivered."

Suzi: "You...what did you say?"

## Chapter 350

In fact, when Suzi went out in the morning, Arron noticed that Suzi's clothes were a bit old-fashioned. After the meeting at noon, he called the fashion department and bought the clothes for these two cars, just the waiter who came over. There are as many as four.

Suzi was dumbfounded watching them move up the fashions one after another.

Shen was the only excited chatter, like a little sparrow, looking at these beautiful clothes of his mother. When I was in Quxian before, my mother had never had such beautiful clothes before. Now my mother has so many such beautiful clothes, look. In the future, the kindergarten children will still talk about the old fashioned mothers wear.

The waiter who delivered the clothes left, and Suzi looked at the filled cloakroom, not knowing what it was like.

Joy?

Now Arron has changed her treatment more than when she first brought her from Quxian County, probably because of the only reason.

Mothers are expensive by daughters!

It stands to reason that Suzi should feel fortunate and warm.

However, now she and the only one is enjoying Arron's care, can Sanford?

Sanford, where is it?

After this dinner, Suzi watched Arron and the only one playing outside the toy room as usual. She didn't know that Arron went home on time every day or not on time. Ever since she and the only one moved in, Suzi discovered that Arron seldom went out at night.

He came back for dinner almost every night. After dinner, it was time to interact with Lilly. At first, Shen didn't accept Arron very much. Now Arron and Lilly only play games, Lilly only loves to play.

Suzi can see that the only thing that is now more and more like Arron. The men's cold-blooded appearance that strangers don't enter is not good at all with his daughter. In Shen Only, the man became very patient.

Suzi, who was standing outside, also had a sense of intoxication.

Just ask, in this world, who doesn't want to have a Hehemeimei family of three, and who doesn't want their children to have a complete family?

Suzi also hopes.

"Dad stinky villain, I won't pretend this. If you can help me install it, I don't need to call you stinky villain." A toy Lilly has been installed several times, but

she failed to assemble it once, she was very He wanted to give up, but Arron was watching right there, so Lilly simply shamed.

She doesn't pretend to herself, she asks her father to pretend to her.

At this time, Arron suddenly changed his face: "I won't help you install toys!"

"I..." Lilly coquettishly: "I have a bargain. If you pretend for me, I won't call you badass dad in the future."

"Three hours ago, when you were outside the kindergarten, you told me that as long as I buy clothes for your mother, you won't call me a badass. Now, are you going to break your promise?" Arron looked at Lilly seriously , Asked.

Lilly rolled his eyes and said violently, "That doesn't count!"

"Why not count!" Arron was puzzled.

"What I said was that if you promised me to buy clothes for my mother, you promised me to buy clothes for my mother. But when we came back to the door of the house, you already bought the clothes for my mother, which means you are not You promised me that you had already thought about buying clothes for my mother! That doesn't count!" Lilly was plausible, in an uncompromising tone.

Arron: "... " It is true that he is his own daughter. This unreasonable character is exactly the same as that of his father.

Standing outside, Suzi couldn't help but smile.
