Chapter 151: Settle It Herself

Xue Fanxin knew that with Miss Lian's temper, she would definitely find trouble with her. Furthermore, her temper was even more explosive than Lian Bingyu's. If things went wrong, the two of them would become enemies.

It didn't matter, though. At most, she could scam some money from Young Miss Lian. Anyway, it was only five stalks of the Star Spirit Grass.

Young Miss Lian sized up Xue Fanxin. Although the girl was beautiful, she could tell from her clothes that she was an ordinary person, so she did not take her seriously. "You must have bought all the Star Spirit Grass, right? Bring out five. I can forgive what happened today, or don't blame me for being impolite. In Heavenly Saints City, no matter who it is, offending the Lian family will not bode well for them."

"Is the Lian family rich?" Xue Fanxin had a pure smile on her face. The question she asked was completely unrelated, making everyone confused.

Young Miss Lian was stunned. She did not understand why the girl had asked such a question, but she always arrogantly enjoyed showing off in front of others. "Although the Lian family is not as rich as the Heavenly Treasure Trading Company, as a vassal family of the Blue Sea Villa, we are doing alright. Why are you asking?"

"Since the Lian family is so rich, buying five stalks of the Star Spirit Grass shouldn't be difficult, right? I'm willing to take them out, but the price is different from that of the Ten Thousand Medicines Pavilion. Every stalk of the Star Spirit Grass is ten thousand spirit coins. I wonder if Young Miss Lian can buy it?"

"Little girl, do you know the consequences of extorting my Lian family? One stalk of the Star Spirit Grass is only a few hundred spirit coins, but you want to take 10,000 from me? Are you tired of living?"

"Why must you be so angry, Young Miss Lian? This deal depends on the voluntary principle. We're both willing parties. I've named the price. If you're not satisfied, you can choose not to buy. Could it be that you want to forcefully buy it from me?"

"So what if I'm forcing you?"

"So the Lian family likes to buy and sell by force!"

At this moment, quite a few onlookers had already gathered outside the Ten Thousand Medicines Pavilion. Everyone had seen what had just happened clearly and was pointing at Miss Lian's actions.

"The Lian family is indeed the same. They all like to take advantage of their status to bully others. Now, they have even resorted to doing things like forcefully buying and selling. In the future, they might just directly snatch others' stuff."

"After all, the Lian family is big and powerful! They even have the backing of the Blue Sea Villa. Who dares to offend them?"

“That’s true. With the Blue Sea Villa behind them, even if the Lian family committed murder and arson, no one would dare to criticize them.”

Young Miss Lian had not expected such a small matter like buying medicine to develop into this. However, she did not care. The Lian family was a vassal of the Blue Sea Villa, and offending them was tantamount to offending the Blue Sea Villa. Nothing would happen even if she poked a hole in Heavenly Saints City.

“Little girl, if you know what’s good for you, take out the Star Spirit Grass and hand it to me obediently. Otherwise, I’ll make sure you have no place in Heavenly Saints City.”

“I can also give you five stalks of the Star Spirit Grass. As long as you can prove that the Lian family doesn’t have to abide by the rules in the Heavenly Treasure Trading Company, I’ll hand over the Star Spirit Grass with both hands and won’t take a single cent.” Xue Fanxin cleverly shifted her conflict with Young Miss Lian to the Heavenly Treasure Trading Company.

With her current ability, she had no chance of winning against the Lian family unless she pulled Ah Jiu out as a shield. However, she did not want to rely on him. Furthermore, this was trouble she had caused, so she should resolve it herself.

There were many rules in the Heavenly Treasure Trading Company. Apart from not being able to fight indiscriminately, they weren’t allowed to cause trouble either.

Young Miss Lian’s actions today were clearly going against the rules of the Heavenly Treasure Trading Company. However, if they did not come out to deal with it, then she had to think carefully about how to deal with this matter.

Just as Xue Fanxin finished speaking, a voice sounded from the crowd outside.

“Someone, throw the person who is causing trouble out of the Heavenly Treasure Trading Company. If the Lian family dares to cause trouble in the Heavenly Treasure Trading Company again, we don’t have to do business with them anymore..”

Chapter 152: Inverting the Truth

Gu Jinyuan walked out of the crowd and entered the Ten Thousand Medicines Pavilion. However, he did not recognize Xue Fanxin. He only glanced at her before turning his gaze away. Clearly, he was not attracted by her stunning appearance and remained indifferent.

Young Miss Lian, on the other hand, was charmed by Gu Jinyuan’s handsome appearance. She was infatuated and dropped her arrogant appearance to say, “Young Master, I am Lian Bingmeng, the eldest daughter of the Lian family. I came to the Ten Thousand Medicines Pavilion today to buy five stalks of the Star Spirit Grass, but Manager Wan did not sell them to me. He even targeted me with this young lady, so I was angry for a moment and got into an argument. I didn’t cause trouble in the Heavenly Treasure Trading Company on purpose.”

Lian Bingmeng’s skin was extraordinarily thick. Her ability to lie through her teeth was incomparably amazing. She could even turn black into white in front of everyone.

'What was there to be afraid of? She had already revealed her identity. Anyone with a brain would give the Lian family face.

Just as Lian Bingmeng was waiting for Gu Jinyuan to stand up for her, things developed beyond her expectations.

Gu Jinyuan was well aware of what had just happened and was dissatisfied with Lian Bingmeng's blatant lies. He frowned slightly and said, "So Young Miss Lian's ability to distort the truth is so powerful. My horizons have really been broadened."

"You..." Lian Bingmeng was a little unhappy because of Gu Jinyuan's words. She put away her polite attitude and asked angrily, "What do you mean?"

"Forget about you being the Lian family's Young Miss. Even your father, Lian Shanhe, has to abide by the rules at the Heavenly Treasures Trading Company."

Lian Bingmeng realized that this guy had no intention of giving her a way out. She scolded, "I gave you some face is because I think highly of you. Who do you think you are? If you don't have the pills of the Blue Sea Villa, I want to see how long the Heavenly Treasure Trading Company can last!"

Gu Jinyuan rarely appeared, so very few people knew that he was the Young Master of the Heavenly Treasure Trading Company. Amongst the people present, apart from the Ten Thousand Medicines Pavilion's manager, only Xue Fanxin knew his identity. She mocked Lian Bingmeng in her heart for being really stupid.

Miss Lian was an idiot. Didn't she see that Gu Jinyuan had given the order when he came in?

Once someone smart heard that order, even if they could not guess Gu Jinyuan's identity, they should know that his status in the Heavenly Treasure Trading Company was not ordinary.

"Someone, throw the Lian family's Young Miss out of the Heavenly Treasure Trading Company and never entertain her again," Gu Jinyuan ordered.

The Heavenly Treasure Trading Company's guards immediately appeared at the scene, carrying Lian Bingmeng away.

"What are you doing? Let go of me, let go of me... I am the Lian family's Young Miss. How dare you treat me like this! I want you to die without a burial place... Bastard, let go of me..."

Just as Lian Bingmeng was about to be thrown out, a young man quickly walked in and stopped them. "Wait a moment."

When Lian Bingmeng saw this person, she seemed to have seen her savior. She immediately complained, "Big Brother, these people have gone too far. They actually want to throw me out. You must teach them a lesson."

"shut up." Lian Fangcheng scolded Lian Bingmeng and glared at her sharply as a warning.

Xue Fanxin noticed the people accompanying Lian Fangcheng, Lian Bingyu and Ye Chenping.

Now, she was very certain that Lian Bingyu and Lian Bingmeng were indeed sisters that came from the Lian Clan. However, to her surprise, Ye Chenping was actually here as well.

Ye Chenping was a prince of the Nanling Empire. Supposedly, he was the most outstanding prince. The Nanling Emperor had announced long ago that he intended to pass the throne to Ye Chenping.

The current Nanling Empire was in danger.. However, Ye Chenping was not there; what had he come to the Heavenly Saints Empire for?

Chapter 153: Overbearing Reason

Lian Bingyu and Ye Chenping entered the Ten Thousand Medicines Pavilion with Lian Fangcheng, but the two of them didn't dare to speak carelessly. They just stood there silently.

After reprimanding Lian Bingmeng, Lian Fangcheng apologized to Gu Jinyuan. "Young Master Gu, I'm really sorry. My younger sister has been spoiled since she was young and doesn't know her place. I hope you can be magnanimous and not argue with her."

"Big Brother, what did you say? He... he is the Young Master of the Heavenly Treasure Trading Company?" Only now did Lian Bingmeng realize Gu Jinyuan's identity. Recalling her harsh words, she wished she could find a hole to hide in.

No, she couldn't leave Young Master Gu with a bad impression of her. She had to turn the situation around.

While thinking of a way, Lian Bingmeng noticed Xue Fanxin standing by the side. She decided to pin all the blame on Xue Fanxin. "Big Brother, I didn't mean to cause trouble in the Heavenly Treasure Trading Company. It was all that woman's fault. She was the one who scammed me first and sold the Star Spirit Grass for 10,000 spirit coins per stalk. I got angry and started arguing with her.

"Young Master Gu, I am indeed in the wrong today, but there is a reason. If not for this girl deliberately scamming me, I wouldn't have been so angry that I would cause trouble in the Heavenly Treasure Trading Company. The Star Spirit Grass is an ordinary herb, at most 500 spirit coins per stalk. But this girl wants to sell it for 10,000 spirit coins. Can't such behavior be considered causing trouble in the Heavenly Treasure Trading Company?"

It had to be said that Lian Bingmeng had started using her brain for once. She knew how to push all the blame onto others. Moreover, every word she said was reasonable.

Manager Wan panicked and quickly explained, "Young Master, before Young Miss Lian came, this girl had already bought all of the Star Spirit Grass in the store. Since the Star Spirit Grass belongs to her, what price she wants to sell it for is her freedom. It can't be considered as causing trouble, so I hope you can take everything into account. If Miss Lian thinks it's too expensive, then she can just not buy it. Moreover, this girl said that if Miss Lian can disregard the rules of the Heavenly Treasure Trading Company, she is willing to hand over the Star Spirit Grass with both hands and not take a single cent."

Manager Wan was clearly on Xue Fanxin's side, He had to speak for her even if he had to take the risk. Lian Bingmeng was so angry that she gnashed her teeth. However, she had no choice but to force herself to speak calmly, "Young Master Gu, even if this girl bought all the Star Spirit Grass, she is still at the Heavenly Treasure Trading Company. Is there no rule against such extortion?"

Lian Fangcheng was quite satisfied with Lian Bingmeng's later performance, so he did not say anything and waited for Gu Jinyuan's decision.

They had the reason with them now. If Gu Jinyuan still wanted to make things difficult for their Lian family, then their Lian family had enough reason to make a fuss with the Heavenly Treasure Trading Company.

Xue Fanxin's impression of Manager Wan was improving, Seeing that he was a little nervous, she gently patted his shoulder to reassure him. Then, she stepped forward and faced Lian Bingmeng. She asked self-righteously, "Does the Heavenly Treasure Trading Company have clear rules that we can't buy and sell items at a high price? I can sell my things at whatever price I want. You can choose not to buy them. Just because you can't afford them, you're saying that I'm extorting you? Ha... the Lian family is really domineering."

Originally, Lian Bingmeng was on the side of reason, but Xue Fanxin overthrew her reasoning with just a few words.

"You... don't spout nonsense. You were the one who extorted me first..." Lian Bingmeng argued with Xue Fanxin, But halfway through, she didn't know what to say.

The other party had offered a price for this deal. It was up to her to decide if she was willing to buy it or not. If she wasn't, she turned around and said that others were extorting her. This didn't make sense no matter what.

Lian Fangcheng did not expect his younger sister to be defeated by the other party with just a few words. He had no choice but to take action and deal with Gu Jinyuan. "Young Master Gu, what do you think we should do with today's matter? My younger sister is indeed in the wrong, but this girl is clearly targeting my Lian family. I wonder if Young Master Gu can give the Lian family face and let us handle this matter ourselves."

"Young Master Lian should be very clear about the truth of this matter. This young lady is a customer of my Ten Thousand Medicines Pavilion. She has yet to leave the Ten Thousand Medicines Pavilion. What do you think I should do?" Gu Jinyuan asked in return, very dissatisfied with the Lian family's actions.

They were causing trouble in his Heavenly Treasure Trading Company and even wanted him to hand over his customers. If he really did so, wouldn't it damage the reputation of the Heavenly Treasure Trading Company?

He did not care about the small Lian family..

Chapter 154: Empty Your Wallet

Gu Jinyuan's unwillingness to back down made Lian Fangcheng feel a little troubled. He did not want to fall out with the Heavenly Treasure Trading Company since it would not do the Lian family any good.

Although the Lian family had the backing of the Blue Sea Villa, the Heavenly Treasure Trading Company was the largest trading company in the Tongxuan Realm. The Lian family relied on the Heavenly Treasure Trading Company in many places. Once they fell out with the Heavenly Treasure Trading Company, just the source of the herbs would be greatly affected.

Unless absolutely necessary, he did not want to sever ties with the Heavenly Treasure Trading Company. “Young Master Gu, why don’t we do this? Once this girl leaves the Heavenly Treasure Trading Company, then you will no longer protect her. She will be at our Lian family’s mercy. How about that?”

Lian Fangcheng’s proposal was indeed quite reasonable. It was a win-win for the Lian family and the Heavenly Treasure Trading Company, but it was extremely disadvantageous to Xue Fanxin.

Xue Fanxin smiled coldly. She looked at Gu Jinyuan and said meaningfully, “Gu Jinyuan, do you feel that your skin is itchy and you want me to inject more needles into you?”

Gu Jinyuan had always felt that the voice of this woman, who was as beautiful as a goddess, was a little familiar. It was only when he heard her call him by his full name and what she said that he came to a realization.

“You... you are...”

“I’m Fanjiu. I just became a little prettier. Can’t you recognize me?” Xue Fanxin quickly interrupted Gu Jinyuan before he revealed her true identity and randomly gave herself a fake name.

As for why she named herself Fanjiu, she didn’t know. Anyway, she had thought of the word ‘Jiu’ at that time.

Gu Jinyuan was a smart guy and understood her hint. After learning her identity, his attitude immediately became much more easygoing, as if he was talking to a good friend. “So it’s you. You’re different after becoming prettier. I couldn’t even recognize you. Why did you suddenly come here?”

“It’s a long story! Gu Jinyuan, I was bullied like this in your territory today. How will you deal with it? Forget it, I won’t make things difficult for you either. After all, the Lian family has the backing of the Blue Sea Villa. Why don’t we settle it according to the Lian family’s proposal just now? As long as I leave the Heavenly Treasure Trading Company—”

Before Xue Fanxin could finish, Gu Jinyuan stroked her head and said gently, “Silly girl, it’s just the Lian family. I don’t care about them. I didn’t recognize you before, but now that I do, I naturally won’t let anyone touch you.”

“You are loyal enough. Don’t worry. I’ll definitely think of a way to compensate you for the losses that this matter has caused the Heavenly Treasures Trading Company.”

“There’s no need to be so polite between us.”

“Of course, I won’t be polite to you. I heard that the number one restaurant in the Heavenly Treasure Trading Company has a lot of delicious food. Furthermore, it’s famous far and wide. Today, you’re treating me. I’m going to empty your wallet.”

“No problem. As long as you’re happy, we can eat as many meals as you want.”

Everyone could tell that Gu Jinyuan and Xue Fanxin had known each other for a long time and were on very good terms.

Lian Fangcheng suddenly had a bad feeling. As for Lian Bingmeng, she was so jealous that she was about to burst into flames. Especially when she saw Gu Jinyuan’s gentle and doting expression towards Xue Fanxin, she really wanted to rush up and tear that girl apart.

She was the eldest daughter of the Lian family. How could she not compare to a little girl?

After Gu Jinyuan and Xue Fanxin chatted, his heart was already incomparably clear. No matter what, he was definitely on Xue Fanxin's side. He looked at Lian Fangcheng with a warning gaze and said leisurely, "Young Master Lian, everyone here knows very clearly who is in the wrong today. If your Lian family insists on going against my Heavenly Treasure Trading Company, then I will definitely accompany you to the end."

"If the Lian family wants to cause trouble for me, feel free to come. You will be responsible for the consequences," Xue Fanxin pretended to say ruthlessly.

Lian Fangcheng could not guess Xue Fanxin's identity, but from how familiar she was with Gu Jinyuan, he could tell that her identity was not simple. If he offended such a person, she would probably cause great trouble for the Lian family.

"Since you are Young Master Gu's friend and today's matter is really my sister's fault, then I'll apologize to you here. I hope you can forgive us." Lian Fangcheng was a person who knew how to judge the situation and avoid trouble. When he found out that Xue Fanxin and Gu Jinyuan had an extraordinary relationship, he immediately changed his strategy.

Lian Bingmeng was enraged. "Big Brother, what are you doing? You clearly—"

"shut up."

"Brother—"

"shut up and go back home to reflect on yourself."

"You... Fanjiu, right? Just you wait." Although Lian Bingmeng was scared of her brother, she was indignant in her heart. So, she left after saying some ruthless words. She had lost so much face today; how could she be satisfied?

She did not believe that with her status as the Lian family's legitimate daughter, she could not win against a brat of unknown origin..

Chapter 155: No One Can

After Lian Bingmeng, Lian Fangcheng also left after exchanging some pleasantries. Lian Bingyu and Ye Chenping, who had not spoken a word since the beginning, followed him.

The crowd that was watching the commotion outside also scattered. At this moment, only Xue Fanxin, Gu Jinyuan, and Manager Wan were in the Ten Thousand Medicines Pavilion.

Manager Wan never expected that the guest he was entertaining today actually knew the Young Master. Furthermore, her relationship with the Young Master was extraordinary. This made him extremely happy, and he was glad that he had placed the right bet.

If he were to side with Young Miss Lian today, it would be tragic.

"Fan... Fanjiu, why have you come to the Tongxuan Realm?" Gu Jinyuan originally wanted to call out Xue Fanxin's name, but the words got stuck in his throat and he had no choice but to address her differently.

He had just returned to Heavenly Saints City and was not aware of the situation here. As soon as he returned, he was busy with Xiao Muyan. If he had not happened to pass by the door of the Ten Thousand Medicines Pavilion, he would have missed out on many things.

"It's a long story. Let's go to the First Restaurant and talk about it as we eat. How about that?" Xue Fanxin's mind was filled with delicious food. Just the thought of it was enough to make her salivate.

She had already asked around. Most of the delicacies she had eaten for the first time in the Ninth Lord's Estate had been bought from the First Restaurant. She planned to dine at the First Restaurant after making some money today. Unexpectedly, Gu Jinyuan suddenly appeared. This guy was rich. If she didn't mooch off of him, she would really be letting herself down.

The First Restaurant was a property under the Heavenly Treasure Trading Company's umbrella. By extension, Gu Jinyuan could be said to be the Young Master of the First Restaurant, so when he stepped through the restaurant's door, the steward personally came to entertain him. He even arranged for the best private room and instructed the kitchen to prepare the dishes ordered by the Young Master.

At this moment, Su Baifeng was also in the First Restaurant. Not long ago, she had sent Huangyi to investigate the background of that girl who was even more beautiful than her. Unexpectedly, she saw the same girl walk into the First Restaurant with Gu Jinyuan and even talk and laugh with him, making her feel extremely unhappy.

Gu Jinyuan was the Young Master of the Heavenly Treasure Trading Company. Even if the Heavenly Saints Emperor wanted to see him, it would be difficult, let alone others. She had seen Gu Jinyuan a few times and was somewhat acquainted. However, that friendship was so shallow that it could be said that it did not exist.

She had wanted to see Gu Jinyuan a few times, but she was rejected every time. Even when she saw him, his attitude towards her was very distant.

Now that she saw Gu Jinyuan laughing and talking to another girl, how could she not be angry? This meant that the girl's charm surpassed her own.

She, Su Baifeng, was the number one beauty and talent of Heavenly Saints City. No woman was better than her. No one could compare to her.

At this moment, Huangyi returned and reported to Su Baifeng the news she had heard. "Miss, that woman is called Fanjiu. Up to now, I have only heard her name. I couldn't figure out her background no matter what. However, her relationship with the Young Master of the Heavenly Treasure Trading Company is extraordinary. The two of them seem to have known each other for a long time."

"Fanjiu?" When Su Baifeng heard such an unfamiliar name, she felt that it was not her real name. However, someone who could make Gu Jinyuan look at her in a different light had to have a powerful background.

She wanted to meet that woman called Fanjiu and see what she was capable of.

Su Baifeng stood up and walked towards Gu Jinyuan's private room..

Chapter 156: Cherishing Friendship

Gu Jinyuan ordered a table full of delicacies, all of which were the signature dishes of the First Restaurant. He also ordered a pot of Hundred-Year Osmanthus Wine.

'When Xue Fanxin saw so much delicious food, her index finger twitched. She started eating unrestrainedly, not caring about her image at all. She ate heartily, praising as she ate. At the same time, she explained why she had come to the Tongxuan Realm in a simple manner.

Upon learning that Xue Fanxin had been banned by the Xue family the moment she reached the Tongxuan Realm and had almost lost her life, Gu Jinyuan was extremely angry. He sneered coldly. "The Xue family? Very good, I'll remember this."

To dare to issue a ban on his savior, it seemed like the Xue family felt that their days were too good.

However, he really had not expected Xue Fanxin to be of the Xue family's bloodline.

"I'll deal with those from the Xue family sooner or later. Once I'm full, I'll definitely teach them a lesson." Xue Fanxin nibbled on her drumstick with relish. She hated the Xue family, but up to now, only that Madam Xue had offended her, so she wouldn't bundle all of them in one basket.

"If you need help, just ask." Gu Jinyuan understood Xue Fanxin's character. She liked to do everything herself and not rely on others. He did not take the initiative to help her deal with the Xue family.

such a woman was what he admired the most.

"Don't worry, don't worry. Friends are meant to be used. If there's a need, I'll definitely not stand on ceremony." Xue Fanxin treated Gu Jinyuan as a friend, that was why she spoke so casually in front of him. "This roasted chicken is really delicious. Prepare another for me. I want to take it back for Grandpa, and this... that..."

"Alright, I'll send someone to prepare it for you. In the future, if you want to eat delicious food, feel free to come to the First Restaurant. Eat as much as you want. The bill will be on my tab."

"Really? Then won't you suffer a huge loss?"

"This little money is nothing to me."

"You're a good friend. Don't mind me then!" Xue Fanxin did not mind Gu Jinyuan and ate her food generously.

Although she was taking advantage of Gu Jinyuan, when she became rich in the future, she would never forget her friends.

This was not the first time Gu Jinyuan had heard Xue Fanxin say things like "good friend, loyal enough," and so on. He was secretly hurt. Actually, he did not want to just be Xue Fanxin's friend, but her... Unfortunately, he probably would not have this chance.

Although Ye Jiushang was a Lord and Imperial Uncle of the Heavenly Saints Empire, according to what he knew, there was an even more powerful force backing him. That force was something that even the Heavenly Treasure Trading Company could not find.

Most importantly, Xue Fanxin liked Ye Jiushang. She only wanted to be friends with him and had no romantic feelings for him. Since it was impossible for them to get married, he should cherish this friendship.

Gu Jinyuan looked at Xue Fanxin eating happily and did not feel disgusted at all. Instead, he thought that she was cute and honest. "Eat slowly, don't choke. No one is snatching it from you."

"Aren't you eating?" Xue Fanxin saw that Gu Jinyuan had been drinking from the beginning to the end and that the dishes on his side had not moved at all.

"I'm not hungry yet. Eat it yourself."

"You might not be hungry, but I am. If you don't eat, I'll eat." Xue Fanxin took the plate of sweet and sour carp in front of Gu Jinyuan and ate it on her own.

'When Gu Jinyuan saw this, he was rendered speechless. He just shook his head helplessly and revealed a doting smile.

At this moment, there was a knock on the door.

Gu Jinyuan thought that the waiter was delivering food, so he said, "Come in."

'Who knew that the person who came in was not the waiter but Su Baifeng? This made him very displeased, and he frowned.

Chapter 158: No Future

Su Baifeng was so vexed by Gu Jinyuan's threat that she gritted her teeth and wished she could tear him apart. However, she did not dare to directly fall out with the Young Master of the Heavenly Treasure Trading Company. She had no choice but to suppress the anger in her heart and force herself to speak softly.

"You live up to your reputation, Young Master Gu. I'm very impressed. I hope you can forgive me for my actions just now. Your friend should not be from Heavenly Saints City. I hope you can ask her to keep her mouth shut about what happened today to avoid trouble."

"There's no need for you to worry about her. If there's nothing else, Miss Su, please leave. Don't disturb my friend's meal." This was the second time Gu Jinyuan had ordered Su Baifeng to leave, and his tolerance for her was about to reach its limit. Everyone could tell that if Su Baifeng still did not leave, Gu Jinyuan was very likely to use forceful means to throw her out.

Yet Su Baifeng did not leave because she had not achieved her goal.

Her purpose in coming this time was to compete with this girl. However, from the beginning to the end, the other party was focused on eating, not even greeting her. This displeased her and made her feel like she was being slighted.

Those who dared to look down on her, Su Baifeng, had to pay the price.

"This little girl is really as beautiful as a fairy. Unfortunately, her strength is too weak, not even at the peak of the Spirit Awakening Realm. With such a cultivation level and a beautiful face, she will be in big trouble."

“Are you talking about me?” Xue Fanxin finally turned her attention from the delicious food to Su Baifeng, She smiled slightly and said, “Whether I’ll be in big trouble or not is a matter of the future. But if you don’t get lost now, Miss Su, there will be big trouble for you.”

‘When Su Baifeng heard Xue Fanxin’s words, her expression changed. She never expected that a little girl who had only reached the Spirit Awakening Realm would dare to speak to her like this, not even giving her any face.

Damn it. She, Su Baifeng, was a proud daughter of heaven. No matter where she went, she was always praised by others. When did lowly girls start not taking her seriously?

Xue Fanxin had only said that casually. Seeing Su Baifeng’s face pale with anger, she was speechless. She simply ignored her and continued to eat her delicious food.

A woman who was extremely vain could not even bear a few sarcastic words. She always thought highly of herself and placed herself first. Such a person had no future.

She would ruthlessly crush Su Baifeng under her feet, but not now. In the future, she would definitely make this woman who wanted to kill her pay a heavy price.

“Miss Su, please don’t reveal such obvious killing intent in front of me, or I won’t be polite anymore.” Gu Jinyuan had already noticed Su Baifeng’s killing intent towards Xue Fanxin, so was on guard.

Only then did Su Baifeng realize how much composure she had lost her. She quickly adjusted her emotions. No matter how angry she was or how much she hated and wanted to kill, she had to try her best to hide it. She regained her generous facade and said gently, “Since Young Master Gu is entertaining friends, then I won’t disturb you anymore. Farewell.”

“I won’t send you off,” Gu Jinyuan said coldly. From his tone, he looked like he couldn’t wait for Su Baifeng to get out of his sight.

Su Baifeng was triggered again. When she turned around, her face revealed a ferocious expression. Anyone who saw that intense anger and hatred would find it terrifying.

She was usually very calm. No matter what happened, she could maintain her composure and would never lose her cool in front of others.

But today, in front of Gu Jinyuan, she had actually lost her calm more than once and even revealed killing intent. What was going on?

‘The more Su Baifeng thought about it, the more she could not understand. Especially when she thought of Xue Fanxin’s casual attitude, she was even more enraged.

Her expression would not change even if a mountain collapsed in front of her... This was a skill that she had reached through years of hard work. Today, she had actually been defeated.

Fanjiu, just you wait. I, Su Baifeng, will not let you ride on my head..

Chapter 159: Returning With Pockets Full

The moment Su Baifeng left, Xue Fanxin could not wait to ask Gu Jinyuan about her. Soon, she learned about her identity from him and everything else that was relatively secret.

“You mean that Su Baifeng was once engaged to the Ghost King, but she broke it off for the Ninth Imperial Uncle, causing the Ghost King and the Ninth Imperial Uncle to become enemies?”
Heavens! This story was too melodramatic.

Su Baifeng was the only pearl in the palm of the current Prime Minister, Su Ze. She was the number one beauty of Heavenly Saints City and the most talented woman. When she was ten years old, she had an engagement with the current Ghost King. This engagement was given to her by the Heavenly Saints Emperor. But five years later, for some reason, Su Baifeng suddenly fell in love with Ye Jiushang. She did not hesitate to cancel her engagement with the Ghost King. She even indirectly killed the Ghost King’s biological mother, causing the Ghost King and Ye Jiushang to become enemies.

The Ghost King was the fifth prince of the Heavenly Saints Empire. He was called as such because of his ruthless methods.

Now, everyone in Heavenly Saints City knew that Su Baifeng was in love with the Ninth Imperial Uncle, Ye Jiushang. Unfortunately, the Ninth Imperial Uncle rarely appeared in Heavenly Saints City, ignoring Su Baifeng’s feelings.

Anyone with eyes could tell that the Ninth Imperial Uncle did not like Su Baifeng. As for the grudges between the Ninth Imperial Uncle, the Ghost King, and Su Baifeng, no one knew.

“Fanxin, Su Baifeng is not someone to be trifled with. You’d best not provoke her.” Gu Jinyuan was worried when he thought of the killing intent Su Baifeng had revealed earlier.

Although he was the Young Master of the Heavenly Treasure Trading Company, Su Baifeng was not someone ordinary either. If he really faced her, it would be a problem.

“It’s not that I want to provoke her but that she wants to provoke me. Do you think she will let me off while I occupy the position of the Ninth Imperial Consort?”

Gu Jinyuan also understood her reasoning. After all, there was Ye Jiushang between the two of them. With Su Baifeng’s infatuation with Ye Jiushang, she would never let Xue Fanxin off.

“In short, you have to be careful.”

“Don’t worry, don’t worry. I’m a lucky person. I won’t finish playing so quickly. Burp... I’m so full. It’s getting late. I should go back. See you later. Oh right, if someone tails me later, please help me deal with it. I don’t want too many people to know my true identity yet.” Xue Fanxin placed the delicious food the waiter brought into her storage bag and patted her bloated stomach before leaving in satisfaction.

She had been out for so long, and it was time to go back. Although Ah Jiu had agreed to let her enter and leave the Lord’s Estate as she pleased, that guy would definitely not be too happy if she left for too long.

She thought that selling two medicinal pills would not cause any trouble, so she had not made any preparations when she came out. Unexpectedly, not only had she provoked the Lian family, but even Su

Baifeng had come to look for trouble for some reason.

Be it the Lian family or Su Baifeng, they were not simple people. They would definitely investigate her identity and background in secret. Sending people to shadow her was the most common method, so... Gu Jinyuan should be able to settle these things, right?

Xue Fanxin did not know if Gu Jinyuan had helped her deal with her pursuers. Anyway, she was not bothered on the way back to the Lord's Estate. She climbed over the wall and returned to the small courtyard she was living in. This was her world.

The Ninth Lord's Estate was heavily guarded. Wanting to find out the information inside was harder than ascending the heavens.

"Returning with pockets full feels good. Lalala..." Xue Fanxin touched the storage bag hanging at her waist and hummed happily as she walked towards her room. She pushed open the door in a jovial mood. Unexpectedly, when the door opened, she saw a certain Imperial Uncle sitting inside, staring straight at her. His face was filled with anger, looking very unhappy.

Uh... Ah Jiu seemed to be angry.

Who had provoked him?

It couldn't be her, could it?

She didn't offend him today, did she?

Chapter 160: What Mistake Did You Make

Ye Jiushang was like a god of death sitting in Xue Fanxin's room. He stared at the person who had pushed the door open. The more happy the other party was, the uglier his expression became.

Xue Fanxin sensed that something was wrong and immediately calmed down. Smiling widely, she walked in. When she reached Ye Jiushang, she beamed even more brightly and said in a pleasing tone, 'Oh my, who made our Ah Jiu unhappy!'

Ye Jiushang originally wanted to continue keeping a straight face and scold her a little. Unexpectedly, her words made him lose his composure. He didn't know whether to laugh or cry. He couldn't get angry even if he wanted to, but he was really unhappy.

This little girl had the ability to tug at his heartstrings, affect his mood, and change his mindset.

"Come, tell me what mistake you made today." Ye Jiushang pulled Xue Fanxin into his embrace and made her sit on his lap. Smelling her fragrance improved his mood.

Xue Fanxin was familiar with Ye Jiushang's embrace, so she did not reject his intimate moves. She found a comfortable spot and thought seriously about what she had done wrong today.

Had she done anything wrong today?

No, right?

She had only gotten herself into trouble twice.

Could it be because of that?

Xue Fanxin was a little confused, but Ye Jiushang seemed to be in a rage. Even if she did not think that she had done anything wrong today, she had to admit her mistake. "Ah Jiu, I was wrong. I shouldn't have provoked the Lian family and Su Baifeng, But you can't blame me for everything that happened today. They were the ones who came to look for me first."

Not obtaining the answer he wanted, Ye Jiushang turned Xue Fanxin over and gently patted her bottom a couple of times. "You don't even know what mistake you made. You should be beaten."

Although it did not hurt getting spanked twice, Xue Fanxin was extremely depressed. This even more ambiguous position made her face completely red.

Although she had lived two lifetimes, dated a scumbag in the past, and even been betrayed and died together with him, she never had intimate contact with a man. She was still inexperienced in such matters.

However, the feeling of being intimate with Ah Jiu was not bad. At least she did not hate it.

"Alright, Ah Jiu, just do me a favor and tell me what I did wrong. I'll change immediately, okay?"

Ye Jiushang sighed helplessly. He gently straightened the person in his arms and made her sit on his lap again. He faced her and looked at her beautiful face carefully. When he thought about how the first person to see her after she became beautiful was not him, he felt unhappy.

"You were wrong to not let me see your devastatingly beautiful face first."

This damned girl had actually gone to see another man after treating her sores. She even dined and chatted happily with him. How could he not be angry?

"Is that what you're angry about?" Xue Fanxin was even more speechless. Indeed, she couldn't understand Ah Jiu with common sense, or she would never have guessed his thoughts.

Just because she had become beautiful and he had not seen her first, he got so angry. Was that really necessary?

"Little Xin'er, remember this. No matter when, I want to be the first to know everything about you. No matter when or where, I want to be the first thing in your heart. I want to be the first to share your beauty and happiness with you. Just like this time, you were so happy. Shouldn't you share your happiness with me first?"

Gu Jinyuan had benefited this time. Next time, though, he would definitely not let anyone off lightly.

Someone had already had designs on Little Xin'er when her face was full of scars. Now that she had become beautiful, he had to protect her better, lest she was snatched away..
