### Chapter 191 A Ruthless Beating

Only now did the two

shocked them, and they suddenly remembered something.

It was said that a few days ago, at the Heavenly Treasure Trading Company, the Lian family's Lian Bingmeng had offended a woman who was even more beautiful than the number one beauty of Heavenly Saints City, Su Baifeng. Moreover, that woman had an extraordinary relationship with Gu Jinyuan. Many people guessed that her background must not be simple.

Could it be that the woman who was so beautiful in front of her was that person from the Heavenly Treasure Trading Company that day?

If it was really her, then things would be a little troublesome. Offending someone under Gu Jinyuan's protection was not a small matter.

Xue Fanxin had no idea what the sisters were thinking. At this moment, she only wanted to give them a good beating. 'The Xue You Sword had already appeared in her hand. Pointing it at them, she said coldly, "I won't be satisfied if I don't beat you up today."

"You are Fanjiu?" Although Xue Qingluan used a questioning tone, she could already confirm the other party's identity.

"So what if I am? I've long been displeased with your Xue family. Look at your pretentious and revolting appearances. How disgusting." Xue Fanxin did not waste her breath on them. Using the Xue You Sword Art, she condensed a chill and charged forward. She defeated them with a simple move.

Was this the level of so-called talented descendants of an aristocratic family?

Weren't they too weak? They couldn't even take one move from her.

"How... how is this possible?" Xue Qingluan looked at the person in front of her in disbelief. She had never expected that the two of them would not even be able to receive a single blow from the other party when they joined forces 'a major tier higher than the other party.

. That was a move from the Spirit Building Realm, yet they were both in the Spirit Refining Realm,

cer, I'm so cold!" Xue Qinglan was injured by the sword aura Xue Fanxin had unleashed. Her entire body was frozen, and she was trembling from the cold.

‘That sword aura was just too cold, freezing their meridians and making them unable to circulate their cultivation technique. Hence, they lost all their combat strength. They were unable to even receive a single strike.

However, such cold air was not something that ordinary people could casually release. ‘This was enough to prove that the person they had provoked was anything but ordinary.

After defeating the Xue sisters, Xue Fanxin put away her Xue You Sword. She exercised her wrists and ankles and walked towards them with a sinister smile. “Do you think this is the end? Then you’re too naive. The real show has just begun.”

Xue Fanxin began punching and kicking the Xue sisters. She beat them up ruthlessly with her bare hands, particularly aiming for their faces.

Bang! Bang! Bang!

Every punch and kick landed on the Xue sisters, producing crisp sounds. ‘The scene spooked the surrounding people.

Look at that pair of sisters from the Xue family, their faces were like flowers and jade. They were probably going to be beaten into a pig’s face... But why did they feel so happy?

“Ah... Go away, go away.”

“Wuwuwu... Stop hitting me, stop hitting me.”

Xue Qingluan and Xue Qinglan were beaten up until they turned docil

## Chapter 192 Take Me Back

A middle-aged man led five or six subordinates to the scene. When he saw that Xue Fanxin was beating up Xue Qingluan and Xue Qinglan, he roared at the top of his lungs, “You have the balls to beat up someone from my Xue family? How dare you! | think you!

tired of living!”

Hearing a familiar voice, Xue Qingluan and Xue Qinglan struggled to raise their heads. After seeing who it was, they immediately cried pitifully, “Uncle Mo, hurry up and save us. We’re about to be killed by this woman. Wuwuwu...”

“Uncle Mo, is my face destroyed?”

“Uncle Mo, take revenge for us quickly. We can’t let this little slut off.”

Uncle Mo got even more furious. He glared at Xue Fanxin and released the pressure of an expert. “You little girl, how can you be so ruthless at such a young age? If we keep someone as vicious as you alive, you’ll definitely be a disaster. Today, I’ll uphold justice for the heavens and take in a demoness like you.”

Xue Fanxin was suppressed by the pressure emitted by Uncle Mo until she could not move. She could not even summon the Xue You Sword, let alone resist.

This enemy was much stronger than her. She could not deal with him!

Although Fuyun’s cultivation was one tier higher than Xue Fanxin’s, she w:

in fact not as strong as her. Therefore, she could not bear the pressure emitted by Uncle Mo either. At this moment, she felt a huge mountain pressing down on her body, and she was about to collapse. She was barely standing.

‘The crowd around them also felt threatened and did not even dare to breathe heavily. They waited silently, no one daring to make a sound or move.

At this moment, a chuckle sounded. “Brother Mo, wait a moment.”

A middle-aged man with a pointy mouth and a slightly plump body walked over. He had at least ten followers behind him. The moment he came, he stared at Xue Fanxin lustfully. The more he looked, the more tempted he was. “She’s really beautiful not bad. She’s really not bad.”

he’s prettier than the number one beauty of Heavenly Saints City. Not bad,

“Second Master Yi, you like this girl?” Elder Mo stopped and retracted his aura. He started chatting with the Second Master Yi as if no one was around.

Everyone in Heavenly Saints City knew that the ond Master of the Yi family liked women. The more beautiful a woman was, the more he would fancy her. Furthermore, he liked to hide his mistres:

was a beauty somewhere, he would definitely visit them. If he liked them, he would use all means to put them in his tent.

‘There were at least a hundred beauties in his courtyard, but he still felt that it was not enough. As long as he heard that there

‘She’s so beautiful, of course, I would like her. Elder Mo, this girl has offended your Xue family. Why don’t | take care of her for you?’ Second Master Yi stared at Xue Fanxin. The more he looked at her, the more he appreciated her. He wished he could do something to her right now.

‘Since Second Master likes her, I’ll give her to you. But don’t let this girl lead a good life. Otherwise, I’ll settle scores with you.’

‘Haha, no problem, no problem. Then, when I’m done playing, I’ll sell her in the brothel. I’ll take this beauty with me first.’

‘Up to you.’

Elder Mo and the Yi family’s second master discussed the matter like this.

They did not ask for the involved person’s opinion at all, nor did they care about her feelings. They happily decided her fate.

Sh

Xue Fanxin was speechless. At this moment, her body was no longer suppressed by Uncle Mo’s pressure, and she felt a lot more relaxed. She heard Uncle Mo and the Yi family’s second master’s words clearly. She

smiled with a sinister smile, ‘You want to take me with you?’

‘This guy was really looking for death!’

### **Chapter 193 Slapping Faces**

When Second Master Yi heard Xue Fanxin speak to him, his smile became even lewder. He even wanted to reach out and touch her face. ‘Little beauty, if you follow me, I guarantee you’ll have a good life. This little face is really tender, and your skin is so fair. Second Master likes such beauties the most.’

Xue Fanxin dodged Second Master Yi’s hand, avoiding his touch. She smiled coldly and said, ‘We’ll talk again when you can leave this place standing vertically.’

‘The little beauty is quite feisty. I like it. The feistier she is, the more I like her.’

‘Unfortunately, you’re not fortunate enough to enjoy it.’

‘Little beauty, you’d best submit obediently before I get angry. Otherwise—’

‘Otherwise what?’

‘You really are a little girl who doesn’t know the immensity of heaven and earth. You’re merely an ant in the Spirit Building Realm. Do you think you can fly? The Spirit

Refining woman by your side is only so-so. If you don’t leave with Second Master Yi today, then leave

your little life behind,” Uncle Mo mocked, not putting Xue Fanxin in his eyes at all.

For some reason, this girl’s smile scared him a little.

“Old Mo, don’t be anxious. I have ways to make this little beauty listen to me.”

“Is that so?” Xue Fanxin smiled and said, “Everyone, come out. If there aren’t enough people, go back and invite them for me immediately. I’m going to pry open all these tortoise shells.”

If she did not skin this group of scums alive today, she would not be Xue Fanxin.

As her words fell, about six Night Shadow Guards suddenly appeared in the surroundings. Zhuri was among them, but he was wearing an iron mask.

The moment the Night Shadow Guards appeared, they lined behind Xue Fanxin and knelt on one knee, waiting for orders.

The scene stunned everyone present. Even Old Mo and Second Young Master Yi were shocked, realizing that the other party was not a pushover. Thinking back to what they had just said, it was a series of slaps to the face. How embarrassing was that?

These people were all wearing the same clothes. With one look, one could tell that these clothes were not something that ordinary families could wear. Even the guards of the four great clans could not afford such outfits.

The most terrifying thing was that among these people, the lowest was at the small success stage of the Spirit Transformation Realm; one of them was even a Great Spirit Master.

In Heavenly Saints City, there were less than a hundred experts in the Spirit Master Realm, not to mention the Great Spirit Master Realm. As for the Spirit Transformation Realm, there were only a thousand experts. Of the four great families, every family had fewer than ten Spirit Masters and Great Spirit Masters, with some having only one or two Spirit Masters. Especially the Great Spirit Masters, they were basically the ancestral figures in a family. They usually did not care about anything, and most of them were in terminal seclusion.

In other words, there were basically no experts of the Great Spirit Master Realm in Heavenly Saints City. Even if there were, it would be because something important had happened.

However, this girl casually called over a Great Spirit Master and five Spirit Transformation experts. Even the four great families could not bring out such a huge force.

At this moment, the gazes of the Xue family’s Uncle Mo and the Yi family’s Second Master had become different when looking at Xue Fanxin. Their hearts were filled with fear. To be precise, they were afraid of that Great Spirit Master, so they were a little panicked and completely at a loss.

However, they did not want to back down just like that. Doing so would be even more humiliating, and they would become a joke in Heavenly Saints City.

It was Zhuri emitting the aura of a Great Spirit Master. He walked up to Xue Fanxin and asked respectfully, "Master, how would you like to pry off their tortoiseshells?"

"This guy said that he wanted to take me back. What do you think a certain lord would do?" Xue Fanxin looked at Second Master Yi with a sinister smile, then at Uncle Mo, and lastly the Xue sisters.

Under her gaze, Xue Qingluan and Xue Qinglan were so frightened that they were shaking. They did not dare to look her in the eye and hid behind Uncle Mo with their heads lowered.

They naively thought that Uncle Mo would take revenge for them. Unexpectedly, the other party casually summoned a Great Spirit Master.

That was a Great Spirit Master! Not long ago, their Xue family's great-grandfather, the only Great Spirit Master, had just died of illness. Hence, their Xue family did not have a Great Spirit Master at all. Their status plummeted, and they were now ranked at the bottom among the four great families..

#### **Chapter 194 Bullshit Reason**

Zhuri had been secretly protecting Xue Fanxin. Unless it was a critical moment or Xue Fanxin had given the order, he would not show himself. Therefore, he had observed the whole scene just now. He also knew that the Second Master of the Yi family had recklessly teased the consort and even wanted to take her as his woman.

If a certain lord found out about this...

He was already certain that even if this Second Master Yi did not die today, he would not have a good life in the future. A certain lord would not let this Second Master Yi off.

"If you want, Master, I'll chop off his hands first."

"No, no, no, that will be too bloody," Xue Fanxin said, shaking her head. She was satisfied that Zhuri called her "master."

At the very least, calling her master would not reveal her identity. She did not want the people of Heavenly Saints City to know that she was Xue Fanxin so soon.

Hearing their conversation, Second Master Yi was so frightened that he broke out in a cold sweat. After all, those were the words of a Great Spirit Master. Later, though, he heaved a sigh of relief, thinking to himself, I am the Second Master of the Yi family and have a high status. No matter how powerful the other party is, he won't dare to really do anything to me.

Although he could not bear to give up on this little beauty, she had the protection of a Great Spirit Master. He had to know when to step back. After all, his life was more important.

“Today was just a misunderstanding, a misunderstanding. I was passing by. It’s okay now. I’ll leave immediately. I’ll leave immediately,” Second Master Yi said with a dry smile. He really wanted to leave with his people.

However, when he took a step forward, the Night Shadow Guards blocked his path, not letting him leave.

“Second Master Yi, leaving before the matter is resolved doesn’t seem too good, right?” Xue Fanxin sneered.

“Little girl, I didn’t do anything to you. Why must you be so aggressive?” Second Young Master Yi wanted to cry but had no tears. From time to time, he would glance at Zhuri, afraid that he would suddenly attack.

With a Great Spirit Master presiding over the matter, not to mention him, even if the Yi family’s head came, he would not dare to do anything rash.

They really could not afford to offend a Great Spirit Master!

“Aggressive? If it were an ordinary woman today, what would her outcome be? Would you have let her off? Of course not. Descendants of the four great families like you usually like to bully the weak and fear the strong. The commoners of Heavenly Saints City have been persecuted by you for too long.” Xue Fanxin questioned Second Master Yi indignantly. Then, she went to scold Elder Mo of the Xue family. “And you. You said that I was ruthless the moment you came and that I was a demoness. You even wanted to uphold justice for the heavens and take me in. How shameless of you to say such things.”

“Aren’t you ruthless for beating up someone from my Xue family like this?” Uncle Mo tried to find something to retort.

Even if the other party had the protection of a Great Spirit Master, their Xue family was not easy to deal with. The Xue family was the hegemon of Heavenly Saints City.

Offending them might not end well.

“Then why didn’t you ask me the reason? It’s only natural for your Xue family to beat people up, but others who lay a hand on them are labeled ruthless. What kind of bullsh\*t logic is that?” Xue Fanxin snapped back.

“Whatever the reason is, you shouldn’t have done this. My Xue family is one of the four great families of Heavenly Saints City. How can we be compared to those lowly commoners?”

“One of the four great families, the four great families of Heavenly Saints City. I bumped into three today. The Lian family fled earlier, and now your Xue and Yi families have come knocking on my door... | think I’m destined to fight with you four great families!”

“What... What did you say?” When Uncle Mo found out that the Lian family had already come to cause trouble for Xue Fanxin and had even fled, he was shocked.

The Lian family had always been ranked high among the four great families. They specialized in alchemy and had astonishing wealth. Furthermore, they had the backing of the Blue Sea Villa... If the Lian family could not deal with this little girl, then their Xue family...

Just as Uncle Mo was analyzing the pros and cons, Xue Fanxin suddenly ordered, “Beat him up. There’s no need to use spirit energy. Just punches and kicks will do. Teach them a lesson, especially those people from the Xue family and that dogsh\*t Elder Mo.”

Following Xue Fanxin’s orders, the five Night Shadow Guards, including Zhuri, started beating them black and blue..

### **Chapter 195 Beating Up Again**

With Zhuri personally taking action, whether it was the Xue or Yi family, no one had a chance to resist. They were suppressed by his aura until they could not move. Then, they were beaten up by the Night Shadow Guards.

These Night Shadow Guards had also observed the fight earlier. They saw how Xue Fanxin had beaten up the Xue sisters, and they employed similar tactics now.

Ever since they started cultivating, they had never fought with an enemy in such a manner. This was something that only barbarians without cultivation level would do.

Yet, they were acting like barbarians and very happily at that. When their punches and kicks landed on the enemy, they produced crisp bangs. It sounded very refreshing.

“Stop, stop fighting. Ah...”

“Don’t hit me, don’t hit me... Oh, my hand, my foot, ah...”

Screams constantly sounded from the streets. Second Master Yi stood out the most with ear-piercing wails. They were like pigs being slaughtered, and just hearing them made people feel pain! Sure enough, servants followed their masters. Judging from their ruthlessness in beating people up with their bare hands, they were quite identical to the little girl just now.

This savage and violent beating made people’s blood boil, especially when those disgusting aristocrats were on the receiving end. Not only did they not pity them, but they also wished they could go up and serve them a few punches.

This time, Xue Qingluan and Xue Qinglan were spared. The two of them hid in a corner and watched as Elder Mo and the guards of the Xue family were walloped. The sounds of punches and kicks and the painful cries made their hearts tremble. At this moment, they were really afraid of that woman called Fanjiu. From today onwards, they would definitely take a detour if they saw her.

Such a violent woman was too terrifying.

Xue Fanxin had fought a few matches today and had been suppressed by Elder Mo's aura a few times. She was exhausted and did not want to fight anymore, so she just stood by the side.

She had called out the Night Shadow Guards because she was too tired. Anyway, she did not want to let go of the Xue family easily. She also wanted to teach that lecherous old fellow from the Yi family a lesson.

"Stop hitting, stop hitting. If you continue, I'm going to die..."

How could there be such a violent person in this world? Killing people was nothing more than nodding their heads, but their fighting style was much worse!

When Xue Fanxin felt that she had had enough, she shouted, "Stop."

Just one word was enough to stop all the trained Night Shadow Guards. They stood behind Xue Fanxin and waited motionlessly for new orders.

Zhuri also retreated to the side and waited quietly. He restrained his aura and did not leak a single strand. No one could see through his cultivation level. If they didn't know better, they would think that he was just a slightly stronger guard and that there was nothing special about him.

However, everyone present had seen how powerful Zhuri was, so they didn't dare to treat him as a small fry.

The people from the Xue and Yi families were beaten until their skin was green and their eyes were swollen. They were lying on the ground, all of them moaning in pain. They felt as if someone had torn their tendons and bones. It was indescribable. This was even more painful than being slashed ten times!

The Second Master Yi, who lived like a prince, was in so much pain that he was crying his heart out. He was filled with regret!

He had not planned to go out today. He had only run out because someone had told him that there was a great beauty here who was prettier than the number one beauty in Heavenly Saints City.

Who the hell told him that there was a peerless beauty here?

Come out, Second Master will promise not to beat you to death.

### **Chapter 196 Who Dares to Refuse?**

After the lesson, apart from regret, Second Master Yi's heart was filled with fear for Xue Fanxin. He had never thought of taking revenge. In fact, he did not even dare to look for a beauty outside for some time.

However, Elder Mo was different. Getting beaten up in public was an extreme humiliation to him, even more hateful than killing him.

What happened today was the greatest shame of his life. He would remember this woman. If there was ever a chance in the future, he would definitely make her suffer a hundred times more than today.

Xue Fanxin naturally noticed the hatred in Elder Mo's eyes, but she did not care. Anyway, she would fall out with the Xue family sooner or later. At that time, almost the entire Xue family would be her enemy. "I'm in a good mood today, so I'll end the lesson here. If anyone is dissatisfied, step forward now. I'll beat you until you're convinced."

How shameless!

With a Great Spirit Master backing her, who would dare to not submit to her?

The entire place was silent. No one had the balls to say a word.

Who would dare? They would be beaten up badly.

"I submit, I submit. I fully submit. May I leave now?" Second Master Yi had been beaten up so badly that he no longer had a temper. All he wanted to do now was to escape as far away from this little beauty as possible.

The violent beating today was a nightmare to him, a terrifying nightmare.

Xue Fanxin thought that the Yi family's Second Master would at least be a little angry. Unexpectedly, he couldn't be more submissive. He was incomparable to that Elder Mo.

However, such a person usually could not cause any trouble, so there was no need for her to go after him.

"Of course, you can leave. But before you leave, I have something to say to Second Master." Xue Fanxin stroked her chin pretentiously, looking prim and proper.

Second Master Yi was already scared. Hearing her voice, he felt as if his heart was about to jump out of his throat. However, he did not dare to disobey, so he replied obediently, "May I know what you have to say, Miss?"

"It's not good for to indulge too much. Your kidney is very weak, okay? If you don't control yourself, you'll be no different from a eunuch in a year at most."

Second Master Yi thought that Xue Fanxin would say something threatening to him, but who knew that she would bring up such an embarrassing topic? Second Master Yi was now very glad that his face had been

slapped until it was unrecognizable like a pig's head. Otherwise, he really did not know where to find a hole to hide in. It was really too shameful.

Normal people were unwilling to let others know that they had such an issue.

"M-Miss, is there anything else? If not, I'll leave first." Second Master Yi wanted to hide more than ever now. When he saw Xue Fanxin nod, he quickly disappeared.

Even so, the next day, the entire Heavenly Saints City knew that the Second Master of the Yi family had issues in... that department.

Seeing Second Master Yi leave, although the anger in Elder Mo's heart was raging, the current situation was disadvantageous to him. No matter how unwilling he was, he had to leave first.

"Let's go."

Just as Elder Mo was about to leave with his people, Xue Fanxin said domineeringly, "Did I allow you to leave?"

"Then what else do you want?" Elder Mo questioned Xue Fanxin angrily. He tried his best to suppress his emotions and kept reminding himself that he could not be rash. He had to bear with it.

"You've wasted so much of my time. Shouldn't you compensate me? Also, my hands hurt from hitting those two scums. You have to compensate me for the medical fees."

Pfft... Xue Fanxin's words angered Elder Mo so much that he was about to vomit blood, but the crowd found it very interesting.

She was the one who had beaten them up, yet she still wanted them to pay for her medical expenses. How shameless...

But why did such shamelessness make people feel extremely satisfied?.

### **Chapter 197 Convinced**

Elder Mo suppressed the anger in his heart and forced himself to remain calm. He asked through gritted teeth, "How much compensation do you want?"

Forget it. I'll just treat it as spending money to get rid of a disaster.

"Let me do a simple calculation. Apart from my medical fees, there's also my time, mental damage, human resources, and a bowl of tofu pudding. All of these add up, you know. I won't ask for too much.

Just 500,000

spirit coins will do."

500,000 was not too much?

Hearing Xue Fanxin mention this and that fee, Elder Mo really wanted to tear her mouth apart. When he heard the exorbitant number, he finally couldn't help but roar, "500,000 spirit coins?! You might as well

call it

robbery."

500,000 spirit coins was not a small amount at all. That was his savings for several years.

Xue Fanxin ignored Elder Mo's protests. Instead, her small mouth curled into a smile. Her innocent, charming, and cute appearance had a hint of shrewdness and evilness as she continued, "Oh yeah, I

forgot my mood

influence fee. If we add it up, give me only one million spirit coins, and we'll call it even."

500,000 was already unacceptable to Elder Mo. Now that the number had doubled, Elder Mo was even more unable to accept it. His swollen face became ferocious, and his expression was incomparably ugly.

"Little

girl, it's best to leave a way out so that we can meet again in the future. Why must you go overboard? You've already beaten us to such a state today, isn't that enough?"

"No, no, no, I don't intend to meet you in the future, so there's no need to leave you a way out." Xue Fanxin shook her head and acted seriously as if she was not joking at all.

These words angered Elder Mo so much that he almost bit his tongue. He glared at Xue Fanxin and questioned, "Little girl, do you really intend to become enemies with the Xue family? The Xue family is one of the four great families of Heavenly Saints City. Going against us is not necessarily a wise move."

"Enough nonsense. If you don't compensate me a million spirit coins today, I'll beat you up again. Then, I'll strip you naked, draw a turtle on your back, and hang you at the city gate. I'll let the entire city enjoy the turtle on your back."

"You..." Elder Mo was about to explode. He really wanted to beat her up, but when he thought of the fact that there was a Great Spirit Master present, he had to suppress his raging emotions. He reluctantly took out a stack of notes from his pocket and handed them to Xue Fanxin. "Here are a million spirit coins. Take them."

When the stack of notes was accepted by a small hand, Elder Mo's heart bled. These were his savings of almost ten years!

Xue Fanxin counted the notes briefly. Seeing that the amount was correct, she said to Elder Mo with a smile, "Not bad, not bad. The Heavenly Treasure Trading Company's bills are so likable." Everyone looked at Xue Fanxin's greedy expression, and their faces twitched.

Although this girl was more beautiful than the most beautiful woman in Heavenly Saints City, she was too unconventional. Not only was she violent in fights, but she was also a ruthless person who deceived people to death. At the same time, she was a money-grubber. You could tell from the way she counted her spirit coin bills.

Not to mention the crowd, even the Night Shadow Guards were rendered speechless. She had refreshed their understanding of her.

Their consort was so different from others. She had beaten someone up and asked them to compensate her for this fee and that fee... There was probably no woman in Heavenly Saints City who was more shameless than her, yet it added another charm to her personality.

She was so shameless that... nobody had anything to say..

## Chapter 198 Unforgettable

Xue Fanxin counted the one million spirit coin bills in her hand a few times before finally putting them in her pocket in satisfaction. Then, she looked up at Elder Mo and said with a smile, "Alright, since you've already compensated, I'll be magnanimous and won't argue with you anymore. You can leave." Elder

Mo was feeling sorry over the loss, but he knew very well that it was useless no matter how much his heart ached. To prevent that shameless girl from suddenly changing her mind, he had to leave quickly.

“Let’s go.”

This time, Xue Fanxin did not stop them. She let Elder Mo and the others leave.

SCO

Xue Qingluan and Xue Qinglan were already scared of Xue Fanxin. Even if there was still anger and hatred in the depths of their hearts, they did not dare to show it. Once given permission to leave, they were faster than everyone else. Only when they were far away did they heave a sigh of relief and dare to reveal their pent-up emotions, voicing the hatred in their hearts.

“That Fanjiu is too much. She doesn’t take our Xue family seriously at all.” “You’re right. Even if our Great Master has passed away, our Xue family still has a few Spirit Masters. Why should we be afraid of her?”

Elder Mo had suffered the greatest loss this time. Not only had he been beaten up, but he had also lost a million spirit coins. The more he thought about it, the angrier he felt. Hearing the words of the Xue sisters, he finally lost it. He stopped in his tracks, glared at them, and questioned coldly, “Didn’t you go to the Ninth Lord’s Estate to see Xue Fanxin? How did you offend this woman?”

The two Xue sisters suddenly sobered up. They realized that they had not done their proper business today and caused a lot of trouble instead. First, they had a conflict with Princess Yun Qiao, then they fought, then they provoked Fanjiu on the streets and were beaten up by her...

Why did it feel like the matter was getting out of hand?

“Sister, something doesn’t seem right!”

“You noticed it too? From the beginning to the end, we didn’t see Xue Fanxin at all. We didn’t even get a word from her. We foolishly got into an argument with Princess Yun Qiao and got physical. In the end, we were thrown onto the streets in a sorry state. Why does it feel like there’s something wrong with all of this?”

“Sister, do you still remember what the butler at the estate said? He said that the Ninth Imperial Uncle was not free to see us. We didn’t ask to see the Ninth Imperial Uncle!”

The person they wanted to see was Xue Fanxin. From the beginning to the end, they had not mentioned the Ninth Imperial Uncle, but the butler said that the Ninth Imperial Uncle had no time for them.

“Could it be Xue Fanxin?”

It had to be said that the Xue sisters had some intelligence. They arrived at the truth after making some wild guesses.

But so what?

They could not even see Xue Fanxin, let alone bring up anything else. Xue Fanxin did not care what the Xue sisters thought, nor did she care what they would do to her in the future. After Elder Mo and the

others left, she took out the banknotes she had just obtained and counted them again, putting them away happily. Zhuri and the other Night Shadow Guards had returned to their spots. The people around them didn't even know when they left.

Although Fuyun was also a Night Shadow Guard, she was still in the training stage and did not have the qualifications to go out on missions. Hence, she had never seen a Night Shadow Guard do missions outside. Witnessing it today was extremely shocking to her and made her understand her position.

She was indeed far too inferior to these Night Shadow Guards.

After Xue Fanxin counted the banknotes, she noticed that Fuyun was a little lonely. Coupled with what had happened previously, she could roughly guess her thoughts. She comforted her with a few simple words. "Between people, we can't just compare our strengths, because everyone is different. Individuals have their own advantages and disadvantages. This is like the difference between a counselor and a warrior. You have to believe that your talent is useful."

"Your Highness, don't worry. I won't be depressed because of this. I'll only work harder."

"As expected of my Fuyun! Come, cheer up. I'll treat you to a big meal later." Xue Fanxin teased Fuyun before turning her attention to the little girl beside her. She walked over and squatted down to match her eye level, personally helping her tidy her clothes. While doing that, she secretly stuffed a few banknotes in her pockets.

"Little girl, you have to be careful when you go out in the future, okay?"

"Pretty sister, thank you!" The little girl could sense that Xue Fanxin had placed something on her. She also knew why she had done this.

If people knew that a little beggar like her had money or valuable things on her, they would definitely snatch them. She still knew the principle of not revealing one's wealth.

"It's fate that we met today. Let's go. I'll treat you to tofu pudding. I don't care if you're full or not." Xue Fanxin brought the little girl to a little store that sold tofu pudding. She ordered a few bowls for her and paid the money. She then spoke to the little girl a little more, encouraged her, and gave her some advice before leaving. The little girl held the tofu pudding in her hand and watched Xue Fanxin's back. This scene was deeply ingrained in her mind, one that she would never forget.

If one day, if that day really came, she would definitely repay this beautiful sister's kindness.

### **Chapter 199: Something Strange**

After dealing with all the troublesome matters, Xue Fanxin walked towards the Heavenly Treasures Trading Company with Fuyun, planning to eat at the First Restaurant.

Just as she was about to reach the restaurant's door, Xue Fanxin suddenly stopped and said to the empty space in front of her, "Zhuri, call everyone out. I'll treat you to a feast today."

When the Night Shadow Guards heard her words, they were so shocked that they almost revealed themselves. If not for their strict training, those who paid attention would have already caught glimpses of them.

However, her words warmed their hearts.

As Night Shadow Guards, they often lived in the dark. Almost no one knew of their existence. Even their master probably only knew their serial numbers.

But so what?

If not for their master, they would probably have a problem even surviving on the streets. Even if they lived in the darkness, at least they were still alive. This was good enough for them.

Zhuri had not expected Xue Fanxin to make such a decision. Although he found it against the rules, it was an order from the consort.

The master's orders were higher than any rule.

"Everyone, come out."

As Zhuri's voice sounded, the hidden Night Shadow Guards all came out of the shadows. They mysteriously appeared beside Xue Fanxin and knelt on one knee respectfully. "We—"

Before the Night Shadow Guards could finish, Xue Fanxin interrupted them. "No, no, no... Just call me Miss outside. As for that greeting, we'll talk about it in the future. Everyone, stop kneeling. Get up, get up."

If she let these people call her consort, what was the need of hiding her identity?

"Since you say so, Miss, we'll listen to your orders." Zhuri stood up first. The other Night Shadow Guards followed his lead, but they still waited obediently without breaking any rules.

Xue Fanxin admired these Night Shadow Guards, but at the same time, she was also speechless. She felt that they were too rigid. But thinking about it, it made sense. They were only doing their duty.

She really did not know how Ah Jiu had trained these outstanding guards.

"I have some extra money today, so I'll treat you all to a big meal. Order whatever you want. There's no need to be polite." Xue Fanxin was straightforward. She generously led the group of Night Shadow Guards into the First Restaurant.

The clerk knew about Xue Fanxin. Furthermore, his had ordered that if this girl were to visit the First Restaurant again, she must be treated well and not be slighted,

While Xue Fanxin was enjoying a hearty feast in the First Restaurant with the Night Shadow Guards, many in the city did not even have an appetite.

"What did you say? That Fanjiu actually has a Great Spirit Master protecting her in secret?" After failing to achieve her goal, Su Baifeng was in an extremely bad mood. The more she thought, the angrier she became. In a rage, she swept all the food on the table onto the ground and screamed, "Trash, they are all useless."

Seeing Su Baifeng blow up, Huangyi was so frightened that she dropped to her knees. As her personal maid, she understood her master a little and knew what to say. "Miss, what happened today was really strange. That Fanjiu first fought with the Lian family, then with the Xue sisters, and then even the Yi

family's Second Master. However, despite beating up so many people, all of whom are famous and important people in Heavenly Saints City, the patrolling guards never made an appearance."

Su Baifeng was originally very angry, but after hearing Huangyi's words, her emotions calmed down a little. She started analyzing this matter properly. As time passed, she felt that something was wrong.

"She offended three of the four great clans, but the city patrol guard still didn't appear. Who on earth is this Fanjiu?"

After causing such a huge commotion, even the current prince might not be able to escape easily, yet this Fanjiu was completely fine.

It seemed that this person was not simple. She was even someone that the Prime Minister's Estate could not afford to offend.

Luckily, she hadn't gone out personally like Lian Bingmeng. Otherwise, offending her would have been a huge problem.

Anyway, she did not have much hatred for Fanjiu. It would not be too late to think of a way to deal with her in the future.

Just as Su Baifeng was trying her best to suppress the anger in her heart, a servant ran over and said in a panic, "Miss, something bad has happened. The Prime Minister has been taken away by the Ministry of Justice."

"What did you say?"

#### Chapter 200 The Start of Chaos

The mighty prime minister had been taken away by the Ministry of Justice. How big of a crime had he committed?

"What exactly is going on? Why has my father been taken away by the Ministry of Justice?" Su Baifeng's mind was in a mess, and her heart was in turmoil. She felt that nothing was going her way recently, especially after she used Draconic Lotus Intoxication on Ye Jiushang...

Could it be that Ye Jiushang was plotting against her behind her back?

Impossible. Ye Jiushang never cared about anything that didn't concern him. Furthermore, he had already made it clear to her that he would not bring up Draconic Lotus Intoxication's matter. He would treat it as returning her favor.

She knew Ye Jiushang very well. Since he said that he would not do anything, then he really would not.

"I don't know why the people from the Ministry of Justice took the Prime Minister away. From their words, it seems like he has committed some serious crime. Before he was taken away, he asked me to tell the Miss to enter the palace and seek an audience with Consort Su."

"Huangyi, help me change immediately. I must enter the palace." Although Su Baifeng did not know what her father had done, since the people from the Ministry of Justice had taken him away openly, this matter must be very serious.

Only Consort Su in the palace could help them.

However, because of the Draconic Lotus Intoxication, Consort Su was grounded by the Heavenly Saint Emperor for two months. Su Baifeng wondered if she could help her.

Su Baifeng felt that there was probably not much use in seeking Consort Su's help, but she still had to go to the palace. However, for some reason, her mind was filled with Ye Jiushang's figure.

If he was willing to lend her a hand, she would be fine even if the sky collapsed.

Unfortunately, that was impossible. Ever since the incident with Draconic Lotus Intoxication, he refused to see her. Furthermore, he already had someone he liked...

When she thought of the extremely ugly Xue Fanxin, Su Baifeng was filled with envy, jealousy, and hatred, wishing she could tear her apart.

Just wait. One day, she would definitely get her wish.

Would she really get her wish, though?

Not to mention Xue Fanxin, even Ye Jiushang would not allow it.

Although Ye Jiushang allowed Xue Fanxin to come and go casually, he still sent people to ensure her safety. Furthermore, he knew everything about her like the back of his hand. However, he did not interfere in her matters and let her handle them herself.

Only then could she slowly grow up.

If she relied on him for everything, it would be difficult for her to be independent in the future.

"What did you just say? The Second Master of the Yi family wanted to take my consort into his tent?" Although Ye Jiushang's tone was calm, his body emitted a bone-chilling aura. The air in the entire room seemed to freeze. Whoever dared to set their sights on his woman deserved to die.

"Master, I have investigated the matter. The reason Second Master Yi went to look for the Consort today is that Su Baifeng pushed him. She wanted to use Second Master Yi to deal with the Consort."

"What a good move. This woman still has some intelligence, but it's just a little. It will only make her die faster. Ruying, how's the mineral vein case progressing?" "Reporting to Master, when the Heavenly Saints Emperor discovered that the mineral vein is empty, he got furious and ordered people to lock Su Ze up in the prison of the Ministry of Justice. He doesn't want to see him."

"Very good. Go and publicize the shady dealings of the Empress. Do the same with the Duke of Zhongyi. I want Heavenly Saints City to be as chaotic as possible. Make them busy. I'll see if they have the time and energy to cause trouble for my Consort."

Especially those women. All of them thought that they could become the Ninth Imperial Consort by pestering him. They were really naive and stupid.

Little Xin'er said that he had to deal with his admirers himself. He had to be careful!
