

Physicist 211

Chapter 211 Voice of Heaven and Earth

That night, Xue Fanxin could not sleep. After rolling around in the bed, she ran to the roof to gaze at the stars. Engrossed, she suddenly recalled the Star Divination Technique Ye Jiushang had mentioned. She increasingly felt that those stars were infinitely mysterious and profound.

Although she originally belonged to this world, she had lived in the modern 21st century since she was young. She was familiar with that world instead of this one. Still, the various fantastical and unimaginable things here excited her.

The happiest thing that happened to her was meeting Ah Jiu.

Perhaps this was fate, just like the so-called Star Divination Technique Ah Jiu had mentioned.

Since she had returned to this world, she had to live even more brilliantly than before.

Xue Fanxin imagined all kinds of things in the future. She suddenly realized that the notes in her mind that she originally could not comprehend seemed a little easier to grasp. Hence, she took out the Xue You Flute and played it according to the beating notes in her mind.

She only had rudimentary knowledge about music and was not good at it. Sometimes, she could not even understand the notes.

However, the beating notes in her mind were so familiar. They were like little fairies in the depths of her soul. She could make them dance through the flute with her eyes closed.

After a while, a melodious tune came from a certain remote courtyard of the Ninth Lord's Estate.

Ye Jiushang was working in the kitchen. He was studying all kinds of kitchenware and cutlery and was about to refine the pot Xue Fanxin wanted. Unexpectedly, he heard the sound of the flute, which shocked him. He dropped what he was doing and hurried over. He waited in the courtyard quietly and looked at the person sitting on the roof playing the flute, a happy smile appearing on his face.

His Little Xin'er was indeed powerful. She had comprehended the Dao of Music so quickly. Although it was still very stiff, as long as she continued practicing and comprehending it in detail, she would definitely have great achievements in the Dao of Music.

With Little Xin'er's comprehension ability, she might even be able to understand the Voice of Heaven and Earth! Ye Jiushang did not disturb Xue Fanxin. He silently flashed onto the roof and stopped three steps away from her. He stood on the roof and stared at the person playing the flute, listening to the beautiful tune. He gradually got immersed in it... Suddenly, he noticed that the aura in his surroundings was changing subtly. The spirit energy seemed different. It had come alive and was nourishing the living beings within 30 feet of the flute. Even a blade of grass was affected and growing at a visible rate. It was early autumn, but in this ordinary courtyard, one could see the wonders of hundreds of flowers blooming.

The beautiful flowers seemed alive under the moonlight and starlight, vaguely emitting a strange silver glow.

a

This was... the Dao of Life.

Little Xin'er had actually comprehended the Dao of Life. She used music to breed and nourish all things. Such a branch of the Dao of Music was something that only those benevolent Daoists could comprehend.

His Little Xin'er was a good person.

Just as Ye Jiushang thought that Xue Fanxin had comprehended the Dao of Life, the surroundings changed again. The petals of the blooming flowers in the courtyard flew away and spun rapidly in the air. Thousands of petals turned into sharp weapons, leaving countless marks on the rockery in the courtyard.

If these flower petals touched someone, the outcome could be imagined.

This was not the Dao of Life but the most profound Dao of Heaven and Earth.

The Dao of Heaven and Earth gathered a myriad of sounds in one body. Life or death existed in a person's thoughts. They could save lives or determine death.

Little Xin'er, you've really shocked me!

Chapter 212 You're the Only One

Xue Fanxin had no idea how much commotion she had caused. She only stopped after playing all the jumping notes in her mind. Unexpectedly, when she opened her eyes, the beautiful scenery of flying flowers in front of her stunned her.

as

What was going on? She was only playing the flute. Why were there so many petals flying around? It was the middle of the night and early autumn at that. Where did these petals come from?

Wait, something was wrong! Why was her courtyard in such a bad shape?

What the hell was going on?

"Although it is only the initial form of the Dao of Heaven and Earth, you have comprehended it at the Spirit Building Realm. In the entire world, or even the entire Star Domain, you are the only one," Ye Jiushang suddenly exclaimed.

Xue Fanxin was shocked and almost fell from the roof. "Ah Jiu, can you not scare people in the middle of the night? People can be frightened to death."

"Did you do something bad that you would be frightened?"

"You're the bad one!" Xue Fanxin rolled her eyes at Ye Jiushang and stopped talking about these useless topics. Instead, she pointed at the ruined courtyard below and asked in confusion, "What happened just now? Are you the one behind these flying flowers in the courtyard?"

Ye Jiushang sat beside Xue Fanxin and flicked her forehead before saying, "You caused this yourself. Don't you have any impression of it?"

"I caused it? How did I do that? I only played the flute on the roof. Why would that result in such a huge commotion?"

"You're right. It's due to the flute." "What?" Xue Fanxin found it hard to believe that such a simple thing could cause such a huge disturbance. But looking at Ah Jiu, he did not look like he was joking with her.

Could all of this be real?

Ye Jiushang flicked Xue Fanxin's forehead again, then explained it to her, "Previously, you had already gained some insight into the Dao of Music in the Red Maple Forest. However, you were unable to digest it completely at that time. Tonight, you have finished your comprehension from that day and turned it into the Corporeal stage. The Dao of Heaven and Earth is the most profound stage of the Dao of Music. From the beginning of the chaos to now, only a few people have been able to grasp it." "Dao of Heaven and Earth? What is that? I don't quite understand."

She had comprehended the Dao of Heaven and Earth by playing the flute. Why didn't she feel anything?

"Whether you understand it or not, you have to figure it out yourself. No one can help you, because that is your own Great Dao."

"I don't get it. It's blurry, but I still don't understand."

"It's already rare for you to gain insight into the Dao of Heaven and Earth tonight. Don't think too much about it, or your little head won't be able to bear the load." Ye Jiushang rubbed Xue Fanxin's head, doting on her.

With Little Xin'er's comprehension and talent, as long as he groomed her well, he would be able to raise her to be a proud daughter of heaven and become a partner who could fight alongside him.

Xue Fanxin still could not understand, so she might as well not think about it. She shook her head. Feeling that she was still not sleepy, she suddenly got interested in something and said with a smile, "Ah Jiu, I really can't sleep. Why don't you accompany me out to do something? You can't use force for the time being, so let's bring Little Lei along. How about that?"

"What do you want to do?"

"Visit the Prime Minister's Estate."

Upon hearing the words 'Prime Minister's Estate,' Ye Jiushang already knew what Xue Fan wanted to do. He smiled and nodded in response.

He did not care what would happen to the people from the Prime Minister's Estate. He just wanted his little consort to be happy.

Chapter 213 Visiting the Prime Minister's Estate at Night

Although Little Lei was a bit displeased that he had been called out by Ye Jiushang in the middle of the night, he still had to do his job. He brought the two of them to the Prime Minister's Estate and watched them 'do bad things.'

"Ah Jiu, where do you think we should put the green crystals? What if we don't put them in the right place and the crystals don't flow out of the Prime Minister's Estate? Wouldn't we have worked for nothing?" Xue Fanxin stood on a roof and scanned the surroundings, looking for a suitable place.

The Prime Minister's Estate was heavily guarded, but to them, it was useless.

"The butler of the Prime Minister's Estate is Su Ze's cousin. He's a greedy person. You can start with him." Ye Jiushang gave some advice, but he let Xue Fanxin make her own decision and would not interfere too much with her business.

"Little Lei, let's look for the butler and see where he lives. We'll visit him tonight."

Little Lei looked at the two black-bellied foxes, and his entire body trembled. He silently felt sorry for the people they had targeted.

However, those people were not worth pitying. Who asked them to overestimate themselves and provoke these two recklessly? Little Lei obediently went to look for the butler's sleeping quarters and left Xue Fanxin and Ye Jiushang behind. The two of them sat on the roof and enjoyed the night scenery as they chatted.

"Ah Jiu, you said that Su Baifeng has a mysterious force behind her. What exactly is that force?"

"Su Baifeng's mother comes from a sect called the Ten Thousand Flower Sect, which can be considered a large sect in the Tongxuan Realm. They only have women, and every single one of them who steps out of the sect is capable. After Su Baifeng's mother married Su Ze, she secretly assisted him and personally trained a mysterious force. This force is called Dark Dance."

"Dark Dance... is it like your Night Shadow Guards?"

"Little Xin'er, you're looking down on the Night Shadow Guards. My Night Shadow Guards are not something these people can compare to. Just Zhuri alone is enough to obliterate the Dark Dance under Su Baifeng."

"Then why did you make Su Baifeng's power sound so mysterious and powerful?" Xue Fanxin rolled her eyes. However, she had a deeper understanding of the Night Shadow Guards.

At least she knew that the Night Shadow Guards were very powerful.

"I'm talking about others. You have to understand that I have the ability to let you run wild in the entire Tongxuan Continent. What is a small Su Baifeng?" Ye Jiushang said domineeringly. His body revealed the aura of a king as he looked down on the world as if there was nothing in this world that could threaten him.

With such a boyfriend, wouldn't she feel very safe?

Xue Fanxin was about to praise him, but Ye Jiushang suddenly shushed her. Then, he led her to hide on the other side of the roof, bending down slightly.

At that moment, Su Baifeng walked into the courtyard, with Huangyi behind her reporting to her.

“Miss, there’s still no news from the Dark Dance about Fanjiu. We can’t even find out where she lives. It’s as if she has disappeared into thin air. It will be difficult to push the matter of the mineral vein to Fanjiu.”

Pinning the blame on someone who could not even be found would probably push the Prime Minister’s Estate into an even more disadvantageous situation.

“Who exactly is this Fanjiu?” Su Baifeng was also very puzzled. She had already sent the Dark Dance to investigate, but she could not find any clues.

Since even the Dark Dance could not discover anything, it could only mean that this person was stronger than she had imagined.

Chapter 214 Wishful Thinking

Xue Fanxin hid on the roof and heard Su Baifeng and the maidservant’s words clearly. She mocked in her heart: Want to make a scapegoat? Dream on.

However, she seemed to have forgotten that she had indeed emptied the mineral vein.

Su Baifeng did not know that there was a couple eavesdropping on her and instructed Huangyi, “Continue investigating that Fanjiu. Once we find a little information, we can take further action. If we really can’t find her, we have to give up on this step of the plan.” “Yes, I’ll put more resources into it. That Fanjiu and Gu Jinyuan are acquainted. As long as our people keep an eye on Gu Jinyuan, we’ll definitely find her,” Huangyi vowed. She was smart and knew what to say to make Su Baifeng happy.

This was precisely the reason why she could remain by Su Baifeng’s side and not die like Hongyi.

“You’re right. If we keep an eye on Gu Jinyuan, we’ll find Fanjiu.” Su Baifeng’s mood improved. She sat on a stone stool and looked at the moon hanging high in the night sky. Thinking of the person in her heart, she could not help but let her thoughts run wild.

“Huangyi, do you think His Highness still has me in his heart?”

“Miss is so outstanding. His Highness will find out sooner or later.”

“I believe that sincerity can lead to success. One day, His Highness will understand how good I am and that I’m the most suitable person to sit on the Ninth Imperial Consort’s throne. His Highness must still have me in his heart, or else, why would he make things difficult for the Empress? If nothing happens to the Empress, she will surely target the Prime Minister’s Estate. Then, our situation will be even more tricky. Now, the Empress can’t even protect herself, so how can she control us?”

The Empress was in trouble because of the imperial decree and had already lost the emperor’s favor. All kinds of dirty things in the Duke of Zhongyi’s Estate were being exposed, and their troubles were no less than the Prime Minister’s Estate.

Perhaps His Highness had chosen to attack the Empress for her sake...

Xue Fanxin could not help but grumble at Su Baifeng. Her imagination was really rich. Had she gone crazy from wanting to marry Ah Jiu? Xue Fanxin looked at Ye Jiushang and questioned him with her eyes.

Ye Jiushang used his hand to gently flick Xue Fanxin's forehead, indicating that she should not overthink.

However, Su Baifeng's wishful thinking might very well cause him a lot of unnecessary trouble, especially about the Empress. The sole reason he taught the Empress a lesson was the imperial decree; it had nothing to do with Su Baifeng. It seemed that he had underestimated a woman's imagination. Once she let her imaginations run wild, she could really think of anything. Su Baifeng did not know how much trouble her words would create in the future. Right now, she was still engrossed in her fantasy, imagining herself as the Ninth Imperial Consort. Just thinking about it made her feel happy.

Suddenly, an ugly face barged into her beautiful dream and shattered it.

"Huangyi, Xue Fanxin has been living in the Ninth Lord's Estate for a few days. Has anything happened?"

"Miss, this is a strange matter. After Xue Fanxin moved into the Ninth Lord's Estate, she chose a remote courtyard. It seems like she has never left the house until now. There's very little news about her, almost nothing. Yesterday, the Xue sisters went to the Lord's Estate to seek an audience with her. In the end, for some reason, the butler said that the Lord had no time to see them, causing the Xue sisters to quarrel with Princess Yun Qiao and even fight."

"It looks like this Xue Fanxin is not someone to be trifled with. Keep an eye on her. I want to know her whereabouts at all times."

"Miss, the Ninth Lord's Estate is heavily guarded. It's very difficult for our people to find out what's going on inside."

"Then think of a way. I, Su Baifeng, will never lose to an unknown ugly monster."

Huangyi knew that Su Baifeng was angry. Although it was difficult to sneak into the Ninth Lord's Estate, she did not dare to have any complaints.

She really did not understand what the Ninth Imperial Uncle was thinking. He did not want their beautiful Miss but wanted that ugly Xue Fanxin?

Chapter 215 Too Vicious

When Xue Fanxin heard Su Baifeng's words, she was incensed and decided to teach her a lesson.

If you dare to call me ugly, I'll make you ugly. "What are you doing?" Ye Jiushang saw Xue Fanxin take out a bag of medicinal powder from her space and asked curiously

"This is the itching powder that I developed with the herbs I plundered from the Hundred Herbs Hall during my free time. I added some ingredients to it, increasing the effects by ten times. If I sprinkle it on Su Baifeng's face, she will scratch her own face and become an ugly monster."

"That's a good idea, but how exactly are you going to do that?"

"This is indeed a problem." Xue Fanxin stroked her chin and racked her mind on how to do the deed without anyone noticing.

"Give it to me." Ye Jiushang took the bag from Xue Fanxin's hand and opened it, gently waving at the itching powder.

The itching powder seemed to come alive and drifted towards Su Baifeng along with the air, silently settling on her face. Furthermore, it only landed on her face, not even touching Huangyi beside her.

Since it was night, even though the moonlight was bright, these tiny particles were difficult to notice with the naked eye.

Su Baifeng did not feel anything at all and was still mocking Xue Fanxin. Only then would she feel comfortable and satisfied. "What's so good about Xue Fanxin? She used to like a man called Yi Tian, but for some reason, she's pestering His Highness now?"

cas

"Such a fickle woman. She's ugly and doesn't have a background. She's not qualified to stand by His Highness's side at all. In fact, she's not even worthy of being His Highness's maid."

Actually, she really wanted to run to the Ninth Lord's Estate and cause a scene like Princess Yun Qiao, but no matter how much she thought about it, she had to suppress this impulse. Otherwise, it would only ruin things.

"Miss, it's late at night. You should go back and rest early. There are many things waiting for you to do tomorrow!" Huangyi listened to Su Baifeng complain about Xue Fanxin. She was tired of hearing those words again and again.

So what if Xue Fanxin is ugly? The Ninth Imperial Uncle likes her! Huangyi did not dare to say such a thing. She only muttered it in her heart.

After venting her emotions, Su Baifeng felt much better. At this moment, she suddenly felt slightly cold, and her face was also a little itchy. She listened to Huangyi's suggestion and decided to return to her room.

"Let's go. I still have to enter the palace tomorrow. I'll see if the emperor is willing to see me."

That damned Heavenly Saints Emperor had actually hidden himself after locking her father in the prison. How hateful.

Seeing Su Baifeng scratching her face from time to time, Xue Fanxin was secretly delighted. Once the other party went away, she emerged from the roof and said smugly, "How dare you call me ugly? I'll make you ugly." "Your itching powder might not have much effect. Su Baifeng's cultivation level is not low. She's influenced by her mother and knows more about poison than ordinary people. Your itching powder will be cured by her in a few days," Ye Jiushang said.

"If I can make her ugly for a few days, so be it. I'll deal with her when I have the chance in the future. At that time, I'll definitely develop an even more powerful itching powder that will prickle her to death."

"Why must it be the itching powder? Can't it be another poison?"

“Ah Jiu, have you ever felt like you were itching so much that you wanted to skin yourself?”

When Little Lei heard Xue Fanxin say this the moment he returned, he was so frightened that he almost lost his balance and fell from the roof.

Oh my god!

This woman is too vicious.

It seemed like he had to stay away from her in the future lest he skinned himself.

Chapter 216 Robbing the Treasure Vault

Ye Jiushang did not think that Xue Fanxin was ruthless. In fact, he felt that she was not ruthless enough and was worried that she would never be ruthless enough.

If she wasn't harsh, others would take advantage of her.

“Did you find the butler's residence?” Ye Jiushang asked Little Lei coldly. Apart from Xue Fanxin, his attitude towards everyone was cold and heartless. If it was someone he didn't like, his attitude would be even worse.

“Master, I've already found it. I'll take you there now.” Little Lei put away his various thoughts and got to work. He brought Ye Jiushang and Xue Fanxin to the butler's residence in the Prime Minister's Estate.

Although it was already midnight, the butler was not sleeping in his room. This was really strange.

“Ah Jiu, if leave the crystals in there, will he really sell them secretly?” Xue Fanxin took out a few small crystals and casually threw them into the butler's room. However, she felt that this was unreliable.

What if the butler picked up the crystals and handed them to Su Baifeng instead of selling them? What would they do then?

“Do you think a person who values money as his life and has a mountain of debt would give treasures he picked up to others?” Ye Jiushang asked in a certain tone.

“If it were me, I wouldn't.”

“So the butler of the Prime Minister's Estate won't either. These few crystals are enough for him to clear his account. How can he let go of such a good thing? Don't worry. You'll hear the 'good news' in a few days.”

“Although my heart aches for these crystals, I can't bear to lose the bait either. I have to cut some meat.”

Little Lei could not help but shoot her a contemptuous glance. “Do you have to be so unwilling to part with a few low-grade lousy crystals?”

“Yeah, I have to. What are you gonna do, bite me?” Xue Fanxin stuck out her tongue and made a face, angering Little Lei to new heights.

“What an idiot,” Little Lei said speechlessly. However, arguing with Xue Fanxin made him feel amused.

Ye Jiushang did not mind Xue Fanxin and Little Lei bickering with each other, but most of the time, he would side with his consort. Seeing her feel sorry for those crystals, he said leisurely, "If you feel sad, why don't we rob the Prime Minister's Estate's treasure vault?"

As soon as she heard 'treasure vault,' her ears pricked up. She said excitedly, "Sure, sure! I love robbing treasure vaults."

Little Lei felt sorry for the people from the Prime Minister's Estate. Their future looked bleak.

But why did he also feel so excited and impatient? "Little Lei, take us to the treasure vault. It's best if we can empty it without anyone noticing, just like last time in the mineral vein." Xue Fanxin no longer felt sorry for her loss. Instead, she got anxious to find the treasure vault.

Although she was good at stealing and could clean the treasures herself, she was not strong enough. With her current ability, she would probably be discovered as soon as she entered the Prime Minister's Estate.

Anyway, with Little Lei, she could save a lot of trouble.

Xue Fanxin was too excited about emptying the treasure vault, not noticing the faint coldness that Ye Jiushang revealed.

Since Su Baifeng felt that he was targeting the Empress and the Duke of Zhongyi for her, he would make the days in the Prime Minister's Estate even more difficult than being hit by the Empress, making her unable to eat and sleep.

He did not want Su Baifeng's wishful thinking to spoil his relationship with Little Xin'er.

Chapter 217 Like It

When Little Lei went to look for the butler's room, he had roughly studied the layout of the estate. He just had to put in a little more effort to find the treasure vault.

The treasure vault was in a secret underground chamber in Su Ze's bedroom. The chamber was like a small palace. There were all kinds of mechanisms and traps outside, and the interior was impenetrable. It was a concealed place that ordinary people would find difficult to find. Even if they found it, it would be tricky to enter, let alone obtain the treasures inside.

However, these mechanisms, traps, and iron walls were useless to Little Lei. He used a spell from outside, and in the blink of an eye, he was inside the vault, standing in between countless gold, silver, and treasures.

Xue Fanxin had long seen such a heaven-defying ability from Little Lei, so she was not shocked at all. Her attention was all attracted by the gold and silver treasures in the treasure vault.

"Wow... There are so many treasures!"

The vault was filled with precious items. Even if gold and silver, they were rare resources and not just regular gold and silver.

Apart from that, there were quite a few divine weapons, crystals, and rare spirit herbs. There were even cultivation technique manuals. Such a huge treasure trove was probably comparable to the treasury of the Heavenly Saints Empire.

“Wow, wow, WOW... I didn’t expect the Prime Minister’s Estate to be so rich. I really didn’t expect it! There are green crystals here too, and there are quite a few!” Xue Fanxin scanned the things in the vault and took whatever she saw, putting them all into her space.

Ye Jiushang looked on indifferently. He was not interested in those treasures at all. Instead, he was captivated by Xue Fanxin, that money-grubber.

He had seen many people who loved money and never fancied them. However, he liked Little Xin’er.

Little Lei was already used to Xue Fanxin’s greedy nature. He found a suitable place to sit in boredom. Crossing his legs, he asked lazily, “You obtained so many ‘treasures’ this time; shouldn’t you treat us to a feast?”

What treasures? They were all trash.

Xue Fanxin was feeling over the moon. She had taken so many treasures that her hands got weak. When she was happy, she would naturally agree to anything. “Alright, alright, I’ll treat you to a feast when we return.”

Hearing Xue Fanxin agree so readily, Little Lei was thrilled. He sat up straight and asked seriously, “Girl, you really want to treat me to a feast? I want to eat roasted rabbit meat.”

Yesterday, he had begged her to roast a rabbit for him. Since she had agreed so readily today, how could he not be excited?

“Alright, alright, alright. I’ll roast whatever you want.”

“You said it. Remember to keep your word.” “I, Xue Fanxin, have always kept my word.” She chatted with Little Lei while throwing the treasures into her space. At this moment, an exquisite wooden box attracted her attention.

Something packed in such an exquisite box must be very valuable, right?

Xue Fanxin was a little curious about the box’s contents, so she opened it and found a sheepskin scroll inside. There were some drawings on it, and it looked like a treasure map.

“Just a treasure map. How boring.”

She was not interested in the treasure map. She had never been interested in treasures that could only be found after exhausting herself and even risking her life. However, even if she was not interested, she did not mind keeping it.

Nas

Xue Fanxin placed the treasure map back in the wooden box. Right then, she suddenly recalled that the little white tiger had given her a leather scroll back in the Spirit Origin Mountain Range. However, the words on it were too profound, and she did not understand them.

She wondered if Ah Jiu could grasp its contents.

“Ah Jiu, I have a leather scroll here. Can you understand the words on it?” Xue Fanxin showed Ye Jiushang the leather scroll that the little white tiger had given her back then.

Ye Jiushang took the scroll over. At first, he only glanced at it casually. Upon a careful look, he got shocked and asked anxiously, “When did you obtain this scroll?”

Chapter 218 Spacetime Emperor

Ye Jiushang’s extreme reaction frightened Xue Fanxin and Little Lei. They got tense for no reason as they stared at Ye Jiushang. They did not know why he was so panicked and anxious.

“Ah Jiu, what’s wrong? Is there a problem with this scroll?”

“There’s more than just a problem. This is huge.” Ye Jiushang was still flurried. His expression was solemn, and his tone sounded agitated.

This was the first time Xue Fanxin had seen Ye Jiushang so anxious. As a result, she also felt apprehensive and said nervously, “This scroll was given to me by the little white tiger in the inner part of the mountain when we were in the Spirit Origin Mountain Range.”

Ye Jiushang heaved a sigh of relief. “Fortunately, there’s still time.”

“What do you mean? What’s going on?”

“This scroll was left behind by the Spacetime Emperor. It records that those who obtain the Supreme Badge from Tomb One must pass through Tomb Two in two months, or the Supreme Badge will break out of their bodies and return to Tomb One.”

“What did you say?” Although Xue Fanxin still could not understand it, she could feel the Supreme Badge clearly. It was in her dantian.

If the Supreme Badge broke out of her body, wouldn’t that break open her dantian?

If that happened, she would be crippled even if she did not die.

She thought that obtaining the Supreme Badge was a good thing but in the end... What Supreme Badge? No one dared to disobey it? It was all bullsh*t. Her little life was almost over.

While Xue Fanxin was worried about her life, Little Lei suddenly asked in excitement, “Master, Master, are you talking about that lofty, incomparably powerful, and mysterious Spacetime Emperor of the Star Domain?”

The Spacetime Emperor was his idol!

Ye Jiushang was not in the mood to joke with Little Lei; he did not even reprimand him. Acting serious, he said solemnly, “The Spacetime Emperor is skilled in time and space, and his control over these two elements is peerless. It is said that the Spacetime Emperor can casually control the flow of time. He can even make it stop. He can move through any space-time at will, including the past and future.”

“That’s impressive!” Xue Fanxin exclaimed. She was curious about that Spacetime Emperor. Was there really such a powerful person in the world?

However, back in the Nanling Empire, time had indeed stopped. At that time, she was no match for Bai Han’s subordinates, but because time suddenly stopped, she escaped danger and crippled all of them.

The Supreme Badge in her dantian seemed to have turned gray after that event. It took a long time before it recovered.

Because it did not cause her any discomfort, she did not take the matter to heart. Slowly, she forgot about it.

“The Spacetime Emperor is naturally powerful. He’s the most powerful among all the Emperors.” Little Lei’s words were filled with admiration for the other party. If it was any other time, Ye Jiushang would definitely have beaten Little Lei up. However, he was not in the mood to do so now. He continued in the same manner, “The Spacetime Emperor has a strange temperament. Unless you can obtain his recognition, he won’t even look at you even if you stand in front of him.” “Then what has this got to do with Tomb One and Tomb Two?” Xue Fanxin was also not interested in entertaining Little Lei. She only wanted to figure out this matter as soon as possible.

How could she not be anxious when it involved her life and death?

Chapter 219 Cherish

Ye Jiushang took a closer look at the leather scroll in his hand before slowly telling her the Spacetime Emperor’s legend. “No one knows how long the Spacetime Emperor has lived, nor does anyone know if he is alive or dead now. However, there has been news that he has built nine tombs for himself, all arranged in a sequence. Only when the first tomb is discovered and the inheritance inside is obtained will the second tomb appear. These nine tombs are not in a fixed position and are constantly moving. They might be here today, but they might be elsewhere tomorrow. Sometimes they are in a spatial rift, impossible to find.”

“It’s that magical?” The more Xue Fanxin heard, the more she found it mysterious. She felt that this world was even more extraordinary than she had imagined.

However, the more wondrous it was, the better.

“If not for that, the tomb of the Spacetime Emperor would have been found long ago. I only know that the Spacetime Emperor built nine tombs and that they are mysterious and unfathomable. Though I learned a new thing today. If the person who obtained the Supreme Badge from Tomb One cannot find Tomb Two in two months, he will very likely be killed by the Supreme Badge.”

Since Little Xin’er had obtained this scroll, the Supreme Badge must be on her. This was a troublesome matter. Although there was still some time left, how could they find the second tomb so quickly?

“Ah Jiu, what should I do? I’ve already had the Supreme Badge for half a month. In other words, I only have a month left.”

In just over a month, how was she supposed to find Tomb Two, whose whereabouts were unknown?

Ye Jiushang tried his best to calm himself down and think of a countermeasure. "Little Xin'er, try to communicate with the Supreme Badge in your dantian and see if it has any instructions. Since the Spacetime Emperor left behind the Supreme Badge as a clue, it must be useful."

"Alright, I'll give it a try." Xue Fanxin closed her eyes and tried communicating with the Supreme Badge. This was her first time doing something like this. As for whether it was useful, she would know after trying.

The Supreme Badge had originally been quietly waiting in Xue Fanxin's dantian. Suddenly, it sensed a power communicating with it and began to emit red light. Once the channel became stronger, the light also intensified.

Finally, the red light slowly gathered to form a map with a clear marking on it. That should be the location of Tomb Two.

Seeing the location, Xue Fanxin opened her eyes and said excitedly, "Ah Jiu, I found it. Tomb Two is in the Red Maple Forest. It's under a small mountain in the deepest part of the forest."

"Now that we know where the tomb is, the situation is a little better. Although there's over a month remaining, the tombs that the Spacetime Emperor built might have gone some changes. It's hard to guarantee that nothing else will happen. Little Xin'er, get ready. We'll set off to find Tomb Two in the next two days." Ye Jiushang treated Xue Fanxin's matter as his own. He had always used 'we,' emphasizing that they were one no matter when or where.

Xue Fanxin was touched. Her eyes were sore and filled with tears. In the end, she could not help but throw herself into his arms and hug him tightly. Her body trembled slightly. "Ah Jiu, thank you. Thank you so much!"

If it were anyone else, they would probably not accompany her to investigate the tomb of the Spacetime Emperor once they knew how dangerous it was.

However, Ah Jiu did not hesitate at all. He was always thinking about her. Such a good person was difficult to find even with a lantern.

Hence, she should cherish him.

Chapter 220 Someone She Would Stay With Forever

Ye Jiushang looked at the girl who was about to cry in his arms and shook his head helplessly. Then, he gave a dotting smile and rubbed her head gently, teasing her, "How do you want to thank me?"

Xue Fanxin raised her head and smiled playfully. She flirted back with him. "What if I can only repay you with my body?"

"I can't ask for more. Remember, you belong to me in the future."

"Then remember that you're mine from now on."

"Alright, I'll be yours. You have to be responsible for me."

"Of course. But don't you fool around outside, or I'll make you kneel on the washboard."

“Yes, Your Highness.”

When Little Lei heard their mushy conversation, he felt goosebumps all over, but he did not dare to have any complaints. He did not make a peep, afraid that he would spoil a certain lord’s good mood and be skinned alive by him later.

Forget it. Let them continue being mushy. Anyway, it’s got nothing to do with me.

Xue Fanxin had a deeper relationship with Ye Jiushang. She did not reject some intimate contact with him and said some romantic words. In her heart, Ye Jiushang was already someone she would stay with forever.

It was precisely because of Ah Jiu’s flawless and unrestrained love that she had walked out of her previous sorrowful feelings so quickly. However, ever since she found out that Jiang Donghai was very likely to be a pawn, her so-called feelings for him changed. It did not seem to be the case. In short, the feeling she had with Ah Jiu was completely different.

SO

Who cares! Anyway, she was good now, and Ah Jiu was also fine. Her future looked bright.

“By the way, since you can’t use force, will it be dangerous to go to Tomb Two? There’s still some time. How about we head out after you have recovered?”

“I’m only limited by my force. There are no limitations on spirit artifacts and other things, so you don’t have to worry about my safety. Although the tomb of the Spacetime Emperor is mysterious, it won’t be difficult for me to walk out of it alive. You can rest assured.”

“Really?” Even though Ye Jiushang said this, Xue Fanxin was still a little worried.

Little Lei could not help but interrupt, saying proudly, “Girl, you’re underestimating Master. He’s a powerful expert. No matter how perilous the tomb might be, Master has a way to escape alive.”

“Is he really that powerful?” Xue Fanxin was no longer so worried. When her tensed nerves relaxed, she felt the urge to lock horns with Little Lei.

“Of course. Don’t you know whose master he is?”

In other words, how could his master not be powerful?

Xue Fanxin looked at Little Lei’s smug and cute appearance and shook her head speechlessly. She stopped wasting breath on him and continued sweeping the treasures clean. “Don’t just stand there. Help me take my things. We’ll leave afterward. It’s not good to stay here for too long.”

“They’re all trash. I really don’t know why you’re here.” Although Little Lei was mocking her, his hands were not idle. He helped her move things that were further away and gave them to her to put in her space.

Ye Jiushang continued standing there elegantly. He had no intention of doing manual labor.

As Ye Jiushang was watching, Little Lei did not dare to be lazy and worked hard.

Having a powerful master did not seem to be a completely good thing. He was always bullied, and he was the one who did the hard and tiring work.

Wuwuwu... How did he end up with such a cold and heartless master?
