

## Physicist 351

### Chapter 351: Bewildered

Ye Jiushang gently flicked Xue Fanxin's forehead and said, "Silly girl, have you forgotten that you entered a state of epiphany when you first came here?"

"You mean the thing about comprehending the time law?" Xue Fanxin carefully recalled that scene. Although the time law in her mind was blurry and did not have a form, she felt that these things were very important and mysterious. They were powerful, but she could not grasp the essence.

Could it be that her comprehension was not enough?

"Alright, don't think about it anymore. Epiphany not only depends on one's comprehension ability but also on opportunities. The time, place, and people are all very important. Even if you crack your head, you won't gain anything. The laws of time and space are the most difficult to grasp. Even I can't figure them out at all. It's already impressive that you can understand the threshold of the laws of time and space with such a low cultivation level."

"Is that so? But I don't feel anything."

"The observer sees things clearly. Apart from your comprehension of time and space, hasn't your cultivation also increased greatly? Following the standard procedures, breaking through the Spirit Building Realm to the Spirit Refining Realm takes a year or even a few years at the very least. Think about how long you've been here. Besides, the time flow here is different from outside. We've been here for about seven to eight days, but it's only been a day outside. In a day, going from the Spirit Building Realm to the Spirit Refining Realm will scare people to death."

Xue Fanxin felt that she had gained a lot from the Spacetime Emperor's tomb.

Needless to say, her cultivation level had increased significantly. She even comprehended the time laws. This was the most important thing, because this was the inheritance of the Spacetime Emperor, the laws of time and space.

Now reflecting on it, she did seem to have obtained the inheritance.

But she did not feel anything!

While she was feeling a little depressed, Little Lei's shocked cry suddenly sounded. "Wow, wow, wow... Come and take a look. This picture can move. The people inside are running everywhere while shouting. It looks so much fun."

"Awroo, awroo..." The little white tiger echoed Little Lei. Recently, it had been sticking to Little Lei's side. It did not mind getting its fur ravaged by Little Lei.

Gu Jinyuan and the others were also looking at the moving scene. They noticed that the people inside were from the four great clans. They were running for their lives. It seemed like something dangerous and ferocious was chasing after them, but there was clearly nothing.

"What are they doing?"

“They seem to be running for their lives.”

Xue Fanxin walked over to take a look. At a glance, she could tell that the thing hanging on the wall was a huge screen, but it contained spirit arts. It should be another masterpiece created by the bored Spacetime Emperor.

She admired the Spacetime Emperor more and more. Although bored, he was quite talented.

Ye Jiushang was not surprised when he saw the screen. He took a look and said coldly, “They are trapped in the Illusory Spirit Realm.”

“What’s the Illusory Spirit Realm? Is it an illusion?”

“Something like that, but it’s more powerful than an illusion. Only people who are proficient in the spatial laws can create such an illusion.”

“That should be the work of the Spacetime Emperor.”

“Perhaps.” Ye Jiushang’s words were filled with coldness. He did not care about the people trapped in the Illusory Spirit Realm, much less mention anything about saving them.

### **Chapter 352: Must Be Saved**

Xue Fanxin also kept quiet. The two of them just watched as if they were enjoying a movie. Zhuri and Fuyun were no exception. There was no need to mention Little Lei. He couldn’t care less about the four great clans.

However, Gu Jinyuan had some friendships with them. He was not that ruthless. Seeing the four great clans trapped in the Illusory Spirit Realm, he could only take the initiative to ask, “Xin’er, aren’t you going to save them?”

Little Lei asked in return, “Why should we save them? Most of them are not good people. The idiot girl treated their injuries and gave them fish meat, but how did they repay her? One moment, they said that you were a good person, and the next moment, they said that you weren’t one of them. Especially that Yi Fentian, he’s so annoying.”

Gu Jinyuan didn’t have a retort. He knew these people had gone a bit overboard. Xue Hanxi was fine, and so were a few others. But that Yi Fentian...

“We have to save them. At least half of these people have to get out alive,” Xue Fanxin said solemnly, her eyes shining with shrewdness.

“Why?” Little Lei did not quite agree with Xue Fanxin. He did not like these people and hoped that they would all die here.

“If they don’t survive, who will spread the news of Su Baifeng’s true colors to everyone? If we rely on ourselves, the impact will be far from enough. No one will even believe us. Furthermore, if everyone from the four great clans dies here, Su Baifeng can use it. We’ll be in some trouble.”

Most importantly, she could not watch Xue Hanxi die. She was okay with leaving the others, but she had to save him.

“Xin’er, how do you plan to save them? Break this illusion?” Gu Jinyuan heaved a sigh of relief.

To be honest, no matter how heartless these people were, he was unwilling to see them all die.

“Most of these people don’t have a conscience. They won’t be grateful even if you save them. Even if they are, this gratitude will disappear with the wind unless they are taught a lesson...” Xue Fanxin smiled sinisterly. Anyone could tell she was up to some mischief.

Ye Jiushang seemed to have seen through her thoughts and smiled, looking very expectant.

Little Lei was creeped out by their smiles and felt sorry for the people on the screen.

The little white tiger sensed Little Lei’s abnormality and trembled as well, burrowing into his arms. It really did not understand why those people were so stupid, even more stupid than it was. Couldn’t they tell that a certain lord was not to be trifled with?

Forget it. This had nothing to do with it. It should just follow Brother Little Lei and have meat to eat.

Although it wanted to follow its master, a certain lord did not like it. It could only follow Brother Little Lei.

Brother Little Lei would follow his master. If it followed Brother Little Lei, it would follow its master. That was enough!

1

### **Chapter 353: Must Die**

Some of the people had fainted from fright, and some were shouting crazily, crying for help. Some had even peed their pants. Everyone was in a terrible state, including Xue Hanxi. The once gentle and refined young master was no longer around.

Bai Han, Lian Fangcheng, Xiao Muyan, and the others who had once been high and mighty looked tragic. Although they were as tired as dogs, they still had to be on the move.

Yi Fentian was not much better either. In fact, he seemed to be worse off than the others. He had already fallen into madness, fighting with those so-called ferocious beasts in the illusion. At the same time, he cursed angrily, “Xue Fanxin, Ye Jiushang, just you wait. Even if I have to turn into a ghost, I won’t let you off. I’m going to kill you, kill you... Xin’er is mine. Return the real Xue Fanxin to me.”

Yi Fentian’s state of mind had undergone a huge change, twisting to an unrecognizable degree. Because of his love for Xue Fanxin and the various blows Ye Jiushang had given him, someone as arrogant as him could not accept reality. That was why he had become so crazy and stubborn.

After meeting Yi Fentian again and interacting with him a bit, Xue Fanxin knew that his mind was not very good. He was too arrogant, self-righteous, and self-centered. If he could not get what he wanted, hatred would arise in his heart.

Yet she never expected his hatred for her and Ah Jiu to become so intense due to an argument. It was not inferior to Su Baifeng’s at all.

Such a person would be a huge problem if left alive.

“This Yi Fentian is really sick. We didn’t provoke him, but he actually hates us to this extent. It’s ridiculous. Since he’s courting death, I’ll fulfill his wish and send him to accompany Li Yaoyao.”

“Don’t be angry. Now is not the time to kill him.” Ye Jiushang looked coldly at Yi Fentian on the screen. He had already included this person on his death list.

“Why should we keep him? One Su Baifeng is troublesome enough. If we add him, wouldn’t it be shooting ourselves in the foot?” Xue Fanxin said. Her tolerance for Yi Fentian had reached the limit.

1

From the beginning, she had planned to settle Yi Fentian and Li Yaoyao together and take revenge for her past self. If he had not found out the truth later and apologized to her sincerely, would she have kept him alive until now?

“Yi Fentian needs to be killed, but he can’t be killed here.”

“Why?”

“His resentment is too heavy. There is a place here that nourishes vengeful spirits. If we kill him, he will definitely turn into a vengeful spirit. At that time, it will be even more troublesome. If he had shown such strong resentment earlier, I’m afraid the owner of the tomb would have chosen him over Su Baifeng.”

Although Xue Fanxin was confused, she knew that she could not kill Yi Fentian now, nor could she let him die here. Otherwise, things would be even worse.

“Then let Yi Fentian live for a few more days.”

“Don’t worry. When we get out, I won’t let him have an easy time.”

How could he keep such a scourge?

With Su Baifeng as a lesson, he would never make a second mistake. Back then, he had tolerated her until now because she had once helped him. Who knew that she was a ticking time bomb?

People like Yi Fentian had to die.

### **Chapter 354: A Big Move**

Although Xue Fanxin wanted to save the people from the four great clans, she was unaware of the ethereal realm. She was outside the illusion. If she wanted to save the people inside, she had to break the illusion first.

This illusion was created by the Spacetime Emperor. How could it be so easy to break?

Even if it was, she could not do it carelessly. If she let those ungrateful bastards escape too easily, they would not feel thankful. She would wait until they were at the moment of life and death. Only then would they remember her kindness.

This was like giving a steamed bun to someone who was about to starve to death. He would feel indebted to you. However, if you gave it to someone who was not hungry, he might not be grateful, even thinking that this was a form of charity and not a favor.

Xue Fanxin understood such logic; Ye Jiushang understood it even more. Hence, they were not in a hurry to save them. They started admiring this magnificent and majestic palace first. Xue Fanxin was not polite at all. She took everything that was good.

Ye Jiushang did not object. He looked at her dotingly and indulged her. At the same time, he was quite interested in some things in the palace.

Actually, he was more interested in the world Xin'er used to be in. If he had a chance, he would definitely experience it.

"Xin'er, won't your actions make the owner unhappy?" Gu Jinyuan felt that it was a little bad for Xue Fanxin to do this. Even if this tomb was empty, it still had an owner. It was not good to take his things without permission.

He learned from their conversation that this was one of the tombs built by the Spacetime Emperor. He also knew that the Spacetime Emperor was related to Xue Fanxin. But they were just speculations. It was best to be careful. It would be bad if she provoked that Spacetime Emperor.

"This is not a real tomb. That Spacetime Emperor is most likely still alive. He brought me to this damned place to play with me. It's not too much for me to take something from him, right? Besides, there's nothing to take here. Many things can't be moved. I only took a few small items, so there shouldn't be any problem." Xue Fanxin continued looting the place. She used a dagger to dig out the gold and Night Pearls on the wall.

Zhuri and Fuyun also helped her out.

Seeing that Xue Fanxin did not call for him, Little Lei volunteered, "Girl, do you need my help?"

Xue Fanxin could tell at a glance that Little Lei had other intentions and knew what he was after. She said bluntly, "If you help me dig out all the gold, Night Pearls, and other silver and jewelry here, I'll treat you to a meat."

"What meal? What are we eating this time? Is it still dry pot roasted fish?"

"Pickled and spicy fish."

"Sure, sure! I'll get to it immediately." Once the food was on offer, Little Lei was filled with motivation. His efficiency was very high. Zhuri and Fuyun had to spend a lot of effort picking out a Night Pearl while Little Lei dug out a few in a few moves. It was incomparable.

With the addition of Little Lei, the originally glorious palace quickly changed beyond recognition.

In a secret place, two mysterious people were observing everything in the palace. A certain mysterious person had an ugly expression, and his entire face was black.

This was a palace that he had spent a lot of effort to build, but it had actually been destroyed by this girl. His heart moaned, his body ached, and his head hurt...

**Chapter 355: Too Greedy**

With Little Lei's help, Xue Fanxin plundered all the gold and Night Pearls in the palace. Even some large items were torn apart and taken away by her. She had no idea how depressed her actions had made a certain person.

The two mysterious guys in the dark could not help but argue.

"Look at that detestable girl. She's too greedy. She actually emptied the palace I worked so hard to build. Don't you find her detestable?"

"You're the hateful one. Your entire family is detestable. So what if she looted your palace? It's your honor that the girl likes your scrap metal. It will be useless in the future anyway. Just treat it as a gift to her."

"You... You're really infuriating."

"Don't worry. You won't die of anger so easily. Otherwise, I would have angered you to death long ago."

"You..."

Xue Fanxin did not know that two people were arguing like children. At this moment, she was counting the Night Pearls Little Lei had dug out for her. She wiped every one of them until they were bright and shiny, then placed them in her space. She even kissed them occasionally, looking like she loved them to death.

Everyone was speechless, but they found her personality real and honest. She did not hide her true nature and put it on display for the world to see. In short, she gave off a comfortable feeling. As long as you were by her side, you would easily be infected by her cheerful aura. Your mood would also improve.

Ye Jiushang had been staring at Xue Fanxin dotingly. No matter what she did, it was enough as long as she was happy.

"Xin'er, don't just focus on the treasures. Those people are about to die." Gu Jinyuan was keeping an eye on the screen. He noticed that more than half of them were lying on the ground from exhaustion. Some even thought that they were dead as they lay there motionless. Many of them had already fainted.

"As long as they're not all dead," Xue Fanxin said indifferently and continued to count her gains.

She had confirmed that Xue Hanxi was fine, or she wouldn't be so calm. The others were not important.

"Why must you do this?"

"Brother Gu, good people are bullied the most. If you're too kind, you'll easily suffer at the hands of the world. Think about how those people treated you back then. Although it's time to save them, I don't know how to break that Illusory Spirit Realm."

If she wanted to save them, she had to break through the illusion first. However, she knew nothing about that illusion. What should she do?

“This place is closely related to you. I believe that as long as you’re willing, you can definitely break that illusion.”

“You really think highly of me, hehe!” Xue Fanxin stored the last Night Pearl in her space, then stood up and walked towards the screen. She looked around casually and noticed a button at the bottom of the screen, so she pressed it.

The scene on the screen changed. All the poisonous snakes and ferocious beasts disappeared. Previously, it was a dense forest, but now, it was an empty place.

“What’s going on?”

“Where are the big wild wolves that were chasing us?”

“Where are the snakes?”

The people from the four great clans looked at each other. They were confused and could not understand the situation at all.

Yi Fentian was originally being chased by a tiger. Just as he was fighting it, the tiger disappeared, and the scene around him changed. His emotions were complicated. He suddenly recalled the illusion where he had returned to the Red Maple Forest.

Could it be that everything just now was also an illusion?

### **Chapter 356: Chasing People Out of the Palace**

After the Illusory Spirit Realm was broken, the people of the four great clans sat on the ground in a daze. They looked confused, completely unaware of what was going on.

However, one thing was certain: their lives were saved.

“Was everything just an illusion?” Xue Hanxi sat on the ground, panting. Although he was tired, his mind still had the energy to think.

If everything was an illusion, wouldn’t they have wasted their efforts just now? And those people who had been killed by the poisonous snakes and ferocious beasts were also illusions. There shouldn’t be anybody who died.

When Xue Hanxi thought about how his trusted subordinates might still be alive, he was overjoyed. He felt a lot more relaxed as he lay weakly on the ground, breathing heavily. There was a faint smile on his face.

However, the others did not share Xue Hanxi’s feelings. Even though the crisis had been resolved, they were still in a panic, worried that the poisonous snakes and ferocious beasts would appear again.

Xue Fanxin saw every move of the four great clans clearly through the screen. Noticing Yi Fentian’s ferocious expression, she felt disgusted.

Although the crisis had already been resolved and everything was an illusion, Yi Fentian’s resentment and anger were still so great... This really made people speechless. The guy was hopeless.

“This Yi Fentian is really...” Xue Fanxin was about to complain and insult him, but suddenly, the entire palace began to shake. The quakes were getting intense as if the structure was about to collapse.

“Let’s go quickly. This place is about to come down.” Ye Jiushang sensed that something was wrong and immediately brought Xue Fanxin towards the door. Using a strange movement technique, he instantly arrived outside.

Little Lei was also swift. He carried the little white tiger and flashed out.

Although Zhuri and Fuyun were a little slow, they barely made it.

Gu Jinyuan and Ah Wei were the slowest. When they ran out of the tomb door, they heard a loud bang behind them. The heavy tomb door actually smashed down and blocked the entrance. The electronic password lock on the door emitted powerful spirit energy and squeaking sounds. It looked like it was broken, but that was not it...

“What’s going on?” Xue Fanxin looked at the heavy tomb door and felt that something was wrong.

That palace did not look like a weak structure. It was very sturdy. How could it collapse just like that? Furthermore, from the situation, it did not look like it had crumbled. Instead, it looked like... someone was chasing her away.

Yes, they were chasing her away. That palace wanted to chase them out.

In a hidden corner, a mysterious person said smugly, “You little baddies have robbed my palace clean. Get lost quickly.”

The other mysterious person scolded angrily, “Old ghost, you almost hurt the girl just now, do you know that? Didn’t she just move a little copper and a few beads from you? Do you have to be so petty?”

“What almost injured her? She’s far from being injured! Can’t you see that kid is by her side? Furthermore, if this girl doesn’t experience hardships, how can she grow up?”

“I don’t care. In short, no one is to hurt the girl.”

“Forget it, forget it. She’s not injured now, right?”

“She was bitten by the Fine Blood Silver Snake, yet you still say that she’s not injured? Why didn’t you stop that Shadow Clan vengeful spirit when it ran out? Once that damned thing goes out, it will definitely cause countless trouble for the girl.”

“Old ghost, are you stupid? If we attack, the entire sky will collapse. At that time, the girl will be in even more trouble. Alright, let’s go. We can only rely on the girl to walk the rest of the way. The time is not right. We can’t help her.”

They hoped that this girl would not disappoint them.

The two mysterious people pulled each other and left. One of them casually swept his sleeve as he left.

A strange wind blew out of his sleeve.

## **Chapter 357: All Falling Down**

After Xue Fanxin and the others ran out of the door, they stood outside in a daze. Before they could react, a strange wind blew them all away. Even Ye Jiushang could not resist it.

“Ah...” Xue Fanxin let out a sharp cry. Her body was blown into the air, and she spun around randomly. Before she could react, she fell heavily onto the ground with a bang, landing on her face. Her mouth was filled with dust.

The others were in a similar state. They all fell, except for a certain lord.

Although Ye Jiushang was also affected by the wind, he did not lose his balance like the others. When he landed, he only stumbled a little. His legs were slightly apart as he stepped on the ground forcefully, using the force to stabilize his body. Then, he pushed his palm forward and scattered the remaining wind.

He was now certain that someone had deliberately caused that strange wind.

In that case, apart from them, there had been someone else in the palace just now. Furthermore, they were an incomparably powerful presence. Even he had been unable to sense the other party's existence. If not for this strange wind, he would not have known that there was anyone else there.

Who could that person be?

Spacetime Emperor?

Fortunately, they did not have any ill will and only chased them out of the palace. Otherwise, even if he used all his strength, he would not be a match for the mysterious entity.

Thinking about it carefully, that strange wind should be an order to chase them out of the palace.

“Aiya, my butt, it hurts!” Little Lei fell onto his back, his butt facing the ground. He was in so much pain that his handsome face was scrunched up. As for the little white tiger, it was nestled in his arms, only suffering a little dizzy spell.

Even someone as powerful as Little Lei was in pain, let alone the others.

Zhuri and Fuyun were dizzy from the fall. Their entire bodies hurt badly as they lay on the ground and could not get up for a while.

Gu Jinyuan and Ah Wei were in a similar situation. Their bones were about to fall apart.

However, no matter how painful it was, they were not injured seriously.

Ye Jiushang went to help Xue Fanxin up from the ground. “Xin'er, are you okay?”

“Be gentle, be gentle. My waist!” Xue Fanxin's body was still hurting. When Ye Jiushang helped her up, it hurt even more. She held her waist with one hand and slowly stood up. It took her a long time to recover.

As for Zhuri, Fuyun, and the others, they were still lying on the ground!

While rubbing her waist, Xue Fanxin used Ye Jiushang's support to stand properly. Unexpectedly, when she raised her head, she saw many eyes staring at her. Those unfamiliar faces had shock written over them.

No way. She actually fell amidst the people from the four great clans. That too on her face. This was too embarrassing.

"Why did you fall from above?" Xue Hanxi was not far from Xue Fanxin. To be precise, she had fallen in front of him. Ye Jiushang and the others were also near him.

Yi Fentian was also present. When he saw Xue Fanxin and Ye Jiushang, the hatred and anger in his heart became even stronger. He kept glaring at them, especially at Xue Fanxin. He had an indescribable hatred, and his emotions were very complicated. He hated her, but he did not want to kill her.

Actually, he wanted to hate Ye Jiushang more, but for some reason, the unfathomable and powerful aura on him scared him. He was so afraid that he did not even dare harbor ill feelings for him. However, he was really unwilling, so he could only choose to hate Xue Fanxin.

Sooner or later, he would surpass Ye Jiushang. At that time, he would no longer be afraid of this person.

1

### **Chapter 358: Crazy**

When Xue Fanxin saw the people from the four great clans, she knew where they had fallen. Although she was a little miserable, recalling that the illusion here had already been broken, she was no longer so depressed.

She was suddenly blown away by a strange wind to a place that had once been an illusion. Why did she feel like someone had done it deliberately?

"Hello, everyone. We meet again." Xue Fanxin greeted everyone casually with a smile. As for what the four great families thought, that was up to them.

"Were you trapped in the illusion just now?" Xue Hanxi asked again.

Xue Fanxin nodded heavily, then weaved a web of lies. "That's right, that's right! We were also trapped in an illusion filled with poisonous snakes and ferocious beasts. In the beginning, we ran around and fought everywhere. Later, after our hard work, we finally found a flaw. We had to use all kinds of effort to break the illusion. Unexpectedly, once the illusion broke, we were blown away by a strange wind to here. It was such a bad fall. My entire body aches, and it's as if my bones are about to fall apart."

The people of the four great clans all looked enlightened.

It turned out that Xue Fanxin and the others had broken through the illusion and saved them. Otherwise, they would still be trapped, running around and fighting until they were exhausted.

In that case, Xue Fanxin and the others had saved them again.

"Aiyo, my waist!" Xue Fanxin pretended to be in pain and acted pitiful, letting them know how much she had paid to save them.

Although her words were half-truths, she had indeed saved these people. She was their savior; that was a fact.

She did not want much. As long as these people spread her name far and wide and slandered Su Baifeng, earning her some fame, it would do.

Although she did not like to be in the limelight, her identity as the Ninth Imperial Consort meant that she could not keep a low profile either.

Since she could not keep a low profile, she would keep a high profile. Anyway, her name was bound to spread after these people left.

“I really have to thank you this time. Otherwise, we would still be trapped in the illusion!” Xue Hanxi thanked Xue Fan sincerely.

Yi Fentian mocked angrily, “They were only saving themselves. Saving us was just in passing. If not for themselves, they would never have cared for us.”

Xue Fanxin glared at Yi Fentian unhappily and retorted, “I won’t dispute with someone with a screw loose in his head.”

“Are you saying that I am crazy?”

“If you’re not crazy, why are you always shouting like a rabid dog? If you don’t believe me, you can ask the others and see if they think you’re crazy too.”

“Xue Fanxin, don’t go overboard.”

“Am I going overboard or are you? Yi Fentian, I saved you once two years ago. Then I saved your ass again multiple times. Is this how you repay my kindness? Back then, you were deceived by Li Yaoyao. It’s understandable; I can understand and forgive you. But I can’t do that anymore. You’re on your own. Ah Jiu, let’s go and find the exit. Ignore this crazy person.” Xue Fanxin took the initiative to hold Ye Jiushang’s hand and pulled him away.

Ye Jiushang did not resist at all. While leaving, he shot Yi Fentian a cold glare. Just one look made him feel that the sky above his head was about to collapse as if the end of the world was coming.

### **Chapter 359: Guidance**

When Xue Fanxin left with Ye Jiushang, Gu Jinyuan and the others naturally followed. The people of the four great clans hesitated for a moment before doing the same, ignoring the enraged Yi Fentian.

Yi Fentian was even more displeased at their actions. Especially when Ye Jiushang was not around, he showed his emotions without any qualms.

“Why are you following them? Do you really think they care about your lives? Ye Jiushang only cares about Xue Fanxin and the others. Xue Fanxin is also an unruly and willful person. She doesn’t care about your lives either.”

The people of the four great clans pretended not to hear Yi Fentian's words and even felt that he was ridiculous. If not for the fact that everyone was tired, they would definitely mock him. However, they were not in the mood to care about someone with mental illness.

Anyone with a little brain knew that only by following Xue Fanxin could they survive. Only Yi Fentian, who was 'crazy,' would deny it.

Xue Hanxi looked at Yi Fentian coldly. He wanted to advise him out of goodwill, but after thinking about it, he felt that it was best to avoid him. If Yi Fentian could really listen to others, he would not have gone to cause trouble for Xue Fanxin repeatedly.

"You..." Yi Fentian was enraged for getting ignored, but at the same time, he was conflicted. He did not know if he should follow them.

If he did not, he would never be able to walk out of this place alone. At that time, he would only die.

Forget it, he should follow. Only by living could he fulfill his wishes. He had to bear with it first. Once he left this place, things would improve.

Yi Fentian thought about it again and again before following everyone. Although there were many strange gazes on him, he told himself to ignore them. The only way to survive was to keep himself in check.

Xue Fanxin naturally knew that Yi Fentian was following her. This person was so shameless. If not for the fact that she could not kill him here, she would not have endured until now.

"Xin'er, although the illusion has been broken, we don't know where the exit is. Do you have any ideas?" Gu Jinyuan asked, breaking the heavy atmosphere.

"I'm not too sure, but my intuition tells me that the exit should be there..." Xue Fanxin pointed at a dark place in front of her.

Actually, it was the Supreme Badge that had guided her here. It had a close relationship with the Spacetime Emperor. Perhaps it was telling her where the exit was?

When the people saw the direction Xue Fanxin was pointing in, their faces darkened. It was pitch-black and looked sinister and terrifying, unlike any exit. It was more like a dead end.

Yi Fentian almost could not help but want to mock Xue Fanxin again, but this time, his impulse was suppressed by his rationality. He only ridiculed her secretly.

Xue Fanxin naturally knew that the four great families did not believe her, but she did not intend to explain anything. She shrugged indifferently.

"Let's go." Ye Jiushang led Xue Fanxin toward the dark place. The moment he walked in, he was enveloped by darkness. There was not even a shadow.

Little Lei carried the little white tiger and followed the couple without hesitation. Needless to say for Zhuri and Fuyun, they would go wherever their master went.

Although Gu Jinyuan and Ah Wei were a little afraid and hesitant, they trusted Xue Fanxin and Ye Jiushang more, so they also walked in.

### **Chapter 360: Not an Illusion**

After Xue Fanxin, Ye Jiushang, and the others walked into the dark place, the people of the four great clans waited in a daze. Their faces were filled with hesitation and confusion. They did not know if they should follow.

“Let’s go.” Xue Hanxi was the first to make a decision. He led his subordinates towards the darkness.

With someone taking the lead, Lian Fangcheng, Bai Han, and even Xiao Muyan left, leaving Yi Fentian and a few followers of the Yi family.

“Young Master, should we follow?” a follower plucked up his courage and asked. They had to move. Otherwise, they would die here.

“Let’s go in.” Yi Fentian finally made up his mind.

He had made this decision not because he believed in Xue Fanxin but because he had another motive.

If this was really the exit, then good. He could leave this damned place alive.

If it was not, he could take this opportunity to make things difficult for Xue Fanxin. Even if he could not do anything to her, he would make her feel terrible.

With this thought in mind, Yi Fentian walked into the dark place. He was coming up with ways to give Xue Fanxin a tough time. Before he could think of anything, a strong light suddenly pierced in front of him. It was very blinding, and he had no choice but to close his eyes. After adapting, he slowly opened his eyes and realized that he was in the Red Maple Forest. It was the place where they had come to dig graves back then.

As they had once experienced the illusion of the Red Maple Forest, the people of the four great families were not too happy. All of them looked around nervously.

“It’s the Red Maple Forest again. Is it real or fake this time?”

“Could it be another illusion?”

“I’m finally out. I can finally smell the fresh air. It’s so comfortable! The blue sky, the blue dream...” Xue Fanxin looked at the azure sky and stretched lazily, even humming a little tune.

“We’re indeed out.” Ye Jiushang glanced at Shui Qianrou’s grave. The shattered tombstone confirmed that everything in front of him was real.

“We’re out, we’re really out. Young Master, we’re out. We’re out alive.” Ah Wei was so excited that he started cheering. The joy of surviving a calamity was really indescribable.

Only now did a happy smile appear on Gu Jinyuan’s face. He said excitedly, “I’m out, I’m out. It really wasn’t easy!”

Their adventure this time was filled with danger. He had risked his life countless times. If not for Xue Fanxin and Ye Jiushang, he would not have survived.

However, he had gained a lot from this dangerous trip.

When the people of the four great clans heard Xue Fanxin and Ye Jiushang, they were certain that this was the real Red Maple Forest. They had left that damned place alive.

“Haha... I’m out, I’m out... I’m still alive.”

“I’m really out. That’s great, haha...”

“It’s good to be alive!”

Yi Fentian was not as excited as the others. Although surviving a calamity was a joyous occasion, he was displeased that he had lost the opportunity to things difficult for Xue Fanxin.

But it did not matter. Since he was back, he would have a chance to deal with Xue Fanxin and Ye Jiushang.

“Let’s go.” Yi Fentian did not even thank her. He glanced at Xue Fanxin coldly and left with his people.

“Tch, people with problems are really annoying,” Xue Fanxin mocked. She looked coldly in the direction Yi Fentian had left in and started to think about how to get rid of him.

Now that she had left the tomb of the Spacetime Emperor, she should be able to kill Yi Fentian, right?
