

## Physicist 501

### Chapter 501: Asura Death Soldiers

This night, the Ninth Lord's Estate was as quiet as ever, but there seemed to be a little strangeness in the silence, but no one could say what was out of place.

Ye Jiushang stood in the courtyard and looked up at the starless night sky. He sniffed the strange aura in the night wind and felt a sense of oppression, guessing that something would happen tonight.

"Master, it's already late. Why aren't you resting? The consort has fallen asleep. You should rest early too." Ruying and Suixing had been secretly following Ye Jiushang. Initially, they shouldn't have come out, but there was something wrong with him tonight, so they took the initiative to say a few words.

Although their master was usually cold and heartless and did not easily reveal any emotions on his face, he had never revealed such a serious expression easily.

"I'm afraid something will happen tonight. Be careful and alert. Don't sleep too soundly. I won't sleep. I'm a little anxious."

Ruying and Suixing became serious. Their master had never been wrong. If he said that something would happen tonight, then it would definitely happen. Furthermore, anything that could make him so agitated would not be a small matter. It seemed like they had to raise their spirits.

The night was still so dark. Dark clouds covered the moon, and the night wind was slightly chilly. It carried a strange coldness that made people feel uneasy.

Ye Jiushang magnified his six senses by ten times and sensed everything in Heavenly Saints City. He first confirmed that the people he cared about were okay. Next, he looked at the others. Soon, he noticed something amiss.

"Asura Warriors have appeared in Heavenly Saints City and are rushing towards the Lord's Estate. Go and make preparations. There will be a huge battle tonight."

"Why would Asura Warriors appear in Heavenly Saints City?" Ruying asked in confusion. Before Ye Jiushang could give him an answer, he had already gone to prepare for the battle.

Asura Warriors were sacrificial soldiers nurtured by the Asura Hall. They were very powerful and almost unkillable. They would only collapse when they had exhausted all their strength.

Their strength was undeniable. Even if they destroyed a city, they would not get tired. This was the terrifying thing about Asura Warriors.

At this moment, ten men in black robes were rushing towards the Ninth Lord's Estate. They were swift like dashing horses, not even leaving a shadow. In just a few breaths of time, they arrived outside the Ninth Lord's Estate. After stopping for a moment, they directly barged in and killed everyone they saw.

1

Blood dyed the door of the Ninth Lord's Estate red, all the way in.

Ye Jiushang had long known about the Asura Warriors. Therefore, when they invaded the Ninth Lord's Estate, he joined the fight, contending against ten. Despite repeatedly defeating the Asura Warriors, it was useless. They could not be killed. The only way was to exhaust their strength.

1

"Everyone, retreat. Go and protect the Consort. Leave them to me." Ye Jiushang knew that those ordinary guards and even the Night Shadow Guards were no match for the Asura Warriors. He did not let them die here.

Zhuri wanted to bring people to help, but just as he reached the scene, he heard Ye Jiushang's orders and had no choice but to retreat to Xue Fanxin's courtyard.

The enemy tonight had come too suddenly. If not for the fact that the Lord was in the residence, they would have been killed by these strange and powerful people before they could react.

Why had such powerful people appeared?

## **Chapter 502: Glowing**

Xue Fanxin was sleeping, unaware of the ongoing assault. She had been busy during the day, especially helping Xue Batian force out the puppet Gu. It had consumed a lot of her energy and then sorted the pill formulas. Hence, once she hit the bed, she immediately slipped into the dreamland.

However, she could not sleep well. Although exhausted, she would wake up every now and then. Just when she was about to go into a deep sleep, she would wake up inexplicably, feeling a little frustrated.

What was going on?

After investigating carefully, she realized that the Supreme Badge in her dantian was emitting an intense red light like the noon sun, making her uncomfortable.

"What's happening?" Xue Fanxin used her divine sense to investigate her dantian and tried to touch the Supreme Badge. She found it hot, but except for that, there was nothing wrong with it.

This heat was disturbing her. She could not sleep well.

"What are you trying to express?"

The red light emitted by the Supreme Badge became stronger, and the temperature increased. In the beginning, Xue Fanxin could still touch it, but later on, it was too hot to touch.

Her mind was filled with question marks. She really could not understand what was going on with the Supreme Badge. Hence, she got out of bed and changed, planning to ask Ye Jiushang or the little white tiger.

Right then, a commotion sounded from outside the door. It was a little chaotic.

What was going on now?

Xue Fanxin put on her clothes and opened the door. She saw that the Night Shadow Guards had all come to her courtyard. There were also some maidservants who had been frightened silly. They were all trembling in the corner, looking like they had seen a nightmare.

“Zhuri, what happened? Why aren’t you sleeping? What are you doing in my courtyard?”

“Your Highness...” Zhuri was about to explain the situation, but at that moment, a huge explosion came from the front. He could even see flames and lightning surging into the sky. Following that, the ground trembled a few times. It could be seen that something huge had happened.

Xue Fanxin became nervous. “Zhuri, what’s going on?”

“Your Highness, ten powerful people have barged into the Lord’s Estate and went on a killing spree. They came too abruptly, and we couldn’t react at all. If it weren’t for His Highness, I’m afraid we’d have died long ago. Now, His Highness is fighting the assassins alone. He asked me to bring people over to protect you—”

Before Zhuri could finish, Xue Fanxin charged toward the front courtyard.

An assassin who could cause such a huge commotion must not be simple. She could not let Ah Jiu face it alone. Even if her strength was minuscule, she still had to go. If there was really any danger, she would hide in the Reverse Spirit Heaven Wheel’s space...

With this in mind, Xue Fanxin ran to the front yard without hesitation.

Zhuri was fraught with worry. Helpless, he planned to bring the Night Shadow Guards to the front courtyard again. Just as he was about to leave, a shadow-like person appeared in front of him and said coldly, “If you bring people over at this time, you will undoubtedly die. All of you, stay here. No one is going out.”

“Who are you?”

Ruying did not answer Zhuri, turning around and leaving instead. After a while, Little Lei’s complaining sounds could be heard.

“Ruying, you bastard. Why are you up in the middle of the night? Why are you disturbing my sleep? Hey, hey, hey, why are you carrying me? Quickly put me down.”

### **Chapter 503: Thinking of a Solution**

Ruying picked up Little Lei, who was sleeping like a dead pig, from the bed and rushed to the front yard, throwing him down when they arrived.

Little Lei was no longer sleepy. When he was dragged out of the room by Ruying, he sensed a strange aura, realizing that there were quite a few powerful enemies. After arriving at the scene, he observed the situation first. He was shocked to see that ten black-clothed people could fight Ye Jiushang to a draw.

Up to now, apart from the Lord of the Nether City, he had never seen anyone who could fight with his master like this. Although the other party had the numbers advantage, this was not the main point.

1

“Ruying, who are these people?”

“Asura Warriors.” Ruying joined the battle, lending Ye Jiushang a hand.

Little Lei exclaimed, “Asura Warriors? Why are there Asura Warriors here? Oh my god! A disgusting thing like Asura Warriors actually ran here. Huhu, so terrifying. Master, Master, let me help you.”

Just then, Xue Fanxin ran over, but she was repelled by a powerful force and sent flying to the ground.

“Hey, what are you doing here? Those Asura Warriors are not something you can deal with. I’m afraid you’ll be killed the moment you go up. Quickly retreat.” Little Lei did not immediately start fighting. Instead, he ran to Xue Fanxin and helped her up while stopping her from rushing into the battlefield.

“Little Lei, are those black-clothed people the Asura Warriors you mentioned?” Xue Fanxin had already realized that her strength was insignificant in such a battle. If she insisted on charging forward, not only would she be of no help, but she would also drag Ye Jiushang down. She could not let her emotions take over her as it would only harm others and herself.

However, it was really difficult for her to do nothing.

“Ruying said that they are Asura Warriors, so they must be.”

“Then do you know how to deal with these Asura Warriors? They seem to be very strong.”

“Of course the Asura Warriors are strong. They are all monsters that can’t be killed. They will only go down after exhausting their strength. However, every Asura Warrior is powerful and is very difficult to exhaust. I’m afraid you will lose your stamina before them.”

“Exhaust their strength?” Xue Fanxin pondered over Little Lei’s words and tried her best to think of a way to resolve the problem. This was because she could tell that Ye Jiushang did not have much of an advantage.

Those Asura Warriors were knocked down dozens of times but could still stand up and continue fighting as if nothing had happened. Furthermore, their bodies were tough, simply invulnerable. Every slash was like hitting at black iron, completely useless.

Facing such an enemy, fighting to the death was definitely not a wise move.

Ye Jiushang was using all his might. He barely forced them to a draw, not letting them have the energy to hurt others. When he saw Xue Fanxin run to the scene, he was a little distracted and accidentally fell to a disadvantage.

“Ruying, take the Consort away.”

“Yes.” Although Ruying was unwilling, he still retreated from the battle. He came to Xue Fanxin’s side and wanted to take her away. “Your Highness, please leave with me.”

Xue Fanxin was working hard to think of a way to deal with the Asura Warriors and did not notice Ruying approaching her. When she heard a noise, she waved her hand gently and said, "Don't be noisy. I'm thinking of a solution."

#### **Chapter 504: Yin Needle Technique**

Xue Fanxin had never seen Ruying before and did not even know of his existence. She ignored him. Her mind was filled with thoughts about how to help Ye Jiushang deal with the Asura Warriors.

Although this was not the first time Ruying had seen Xue Fanxin, he had never really interacted with her. For some reason, he was actually surprised by her aura. He stood there without moving for a long time. He stared straight at her and could not treat her as a Spirit Transformation Realm weakling.

The woman his master liked was indeed not ordinary. Even if she was still weak, her potential was limitless.

The previous crises his master encountered had all been resolved by her. Since she was his master's Phoenix Star, she might be able to help him.

Ruying had always listened to Ye Jiushang's orders. But for once, he made his own decision. He let her stay and see if she could think of a better way to deal with those Asura Warriors.

Xue Fanxin was racking her mind to come up with a solution. She observed the Asura Warriors to find their weaknesses, but she did not gain anything. Rather, Ye Jiushang was gradually at a disadvantage because his energy consumption was increasing. If this continued, he would be defeated for sure.

She had to think of a way to deal with those Asura Warriors as soon as possible, or Ah Jiu would be in danger.

"It's useless. Don't waste your time. You can't think of any good ideas no matter how hard you think. If the Asura Warriors were so easy to deal with, how could they become a terrifying legend in the Mystic World?" Little Lei did not think highly of Xue Fanxin at all. From the beginning to the end, he did not think that she could be of any help. Not willing to waste time, he had to say a few words.

Xue Fanxin ignored his nonsense. "Little Lei, you said that those Asura Warriors will only collapse after exhausting their strength, right?"

"That's right! But it's so difficult to exhaust their strength. If it were only one or two Asura Warriors, it would have been fine. Master could deal with them. But ten... Forget it, forget it. I won't talk to you anymore. I have to help Master. You should leave with Ruying."

"There might be a way."

Little Lei was about to charge into the fray when he heard her. He stopped in his tracks and asked in surprise, "What way?"

Little Lei was not alone; Ruying was also shocked. He was anxious to know what Xue Fanxin's so-called method was.

“The Yin Needle Art in the Yin Yang Nine Needles Art has a technique that can accelerate the consumption of the enemy’s strength. Perhaps I can give it a try.” She had already taken out the golden needles, thinking about how to apply them to the Asura Warriors. “But applying the needles is a problem!”

With her ability, even approaching those Asura Warriors was a problem, let alone hurting them. Furthermore, the Asura Warriors’ bodies were hard and invulnerable. She did not even know if her needles could pierce into their acupoints!

Hence, this method was very difficult to execute.

“Little Lei, let’s join forces and capture an Asura Warrior for her to experiment on.” Ruying rushed out without waiting for Little Lei to agree.

“Hey, hey, hey, wait for me!” Little Lei reacted quickly and jumped out.

### **Chapter 505: There’s Still a Way**

After Ruying and Little Lei rushed to the battlefield, they locked onto one of the Asura Warriors and forced him to a relatively remote place. Then, they worked together to subdue him. It was only a temporary suppression though. With the power of the Asura Warriors, they could quickly break free from their restraints, so they did not have much time.

“You only have fifteen minutes. If you can’t speed up his energy consumption by then, you might be in danger,” Ruying said when he brought the Asura Warrior to Xue Fanxin.

When Ye Jiushang saw this scene, he got anxious. He roared angrily, “Ruying, do you know what you’re doing? If anything happens to Xin’er, I won’t let you off.”

“Master, she said that she has a way to increase the energy consumption of the Asura Warriors. I dare to take the liberty of letting her give it a try. Please forgive me.” Ruying knew that Ye Jiushang was furious, but he did not regret his actions.

If Xue Fanxin really failed, he would trade his life for her safety. If she succeeded... he would bear his master’s anger afterward.

Ye Jiushang wanted to go to Xue Fanxin, but he was entangled by the nine Asura Warriors and could not shake them off. He could only fight with a heavy heart.

These damned Asura Warriors were really troublesome. Later, he would definitely make the Asura Hall pay ten times the price for the transgression today.

Although the Asura Warriors were strong, their numbers were limited. According to what he knew, the Asura Hall had only sent one or two Asura Warriors on missions in the past. No matter how many people there were, there would not be more than five. But this time, they had sent out ten... This number was unprecedented.

Regardless of the reason, the Asura Hall had entered his blacklist. Their outcome would be the same as the Sacred Fire Sect, or even worse.

Ye Jiushang could not come over, so Xue Fanxin could study the Asura Warrior. Just as she had guessed, the Asura Warrior's body was too hard, like black iron. Her golden needles could not pierce through at all.

The needles were useless. This was a huge problem.

"No, his body is too tough. My golden needles can't pierce it."

"In other words, your method is not feasible," Ruying said in disappointment, sighing in his heart. He had high hopes, hence his big disappointment.

If Xue Fanxin had no solution, they could only fight head-on...

Just as Ruying was preparing to fight, she suddenly said, "Wait, there might be a way."

"What way?"

"I noticed just now. This person's heart has stopped. The reason he can move is because he relies on something to provide him with power, which is on his heart. Touch his heart. Isn't its temperature different from anywhere else? You can vaguely sense power flowing."

Ruying followed her instructions and touched the Asura Warrior's heart. He realized that the situation was really as she said. This person's heart was not beating, but the temperature was higher.

Why was this happening?

If a person's heart did not beat, they would be dead. It was impossible for them to still be alive.

Perhaps this was the key to nurturing Asura Warriors.

### **Chapter 506: Unexpected**

Xue Fanxin knew that she did not have much time, so she did not explain it to Ruying. She continued studying the Asura Warrior's heart, making a bold guess in her heart.

It was impossible for a dead person to be alive and kicking for no reason, let alone possess strength that exceeded common sense. They must be an energy source. Once it ran dry, these so-called Asura Warriors would become dead...

But what could they do to stop these Asura Warriors from receiving energy from their energy source?

Her Yin Needle Technique was temporarily useless. After all, the body of the Asura Warrior was too hard. She could only think of another way.

Xue Fanxin placed her palm on the Asura Warrior's heart and tried her best to think of a way to make the thing in his heart stop transmitting energy. But his body was too tough. Forget about her, even Little Lei could not break their chests.

"Fifteen minutes will be up soon. Have you thought of a solution? If you still don't have a clue, then leave this place." Ruying no longer had any hope for Xue Fanxin. He only wanted to ensure her safety, or else his master would definitely skin him alive later.

Just then, he witnessed a shocking scene. Xue Fanxin pierced the golden needle into the acupoints of the Asura Warrior. Even he could not do such a thing, yet a little girl who was only in the Spirit Transformation Realm had done it.

How had she done it?

Little Lei was also watching. When Xue Fanxin penetrated his body, he shouted excitedly, "Wow... girl, your golden needles are so powerful!"

Fighting the nine Asura Warriors, Ye Jiushang was already getting weak. However, the more the Asura Warriors fought, the ferocious they became. They did not reveal any weakness. Just as he was about to retreat, he heard Little Lei's yell. He looked up and saw Xue Fanxin performing acupuncture on an Asura Warrior. The sight astonished him.

He knew better than anyone how tough the bodies of those Asura Warriors were. Even he could not overcome their defenses. How could Xin'er's small golden needles...

No matter how unbelievable it was, the truth was in front of him. Xin'er's small golden needles might be a turning point.

Xue Fanxin did not stop. She performed the acupuncture and used all her focus on the Yin Needle Art.

Initially, she had given up on this method, but just now, when she touched the Asura Warrior's heart, the Supreme Badge in her dantian released a little heat, raising the temperature of her dantian and attracting her attention.

Xue Fanxin recalled the power of time laws in the Second Tomb of the Spacetime Emperor and the Supreme Badge that had temporarily stopped time in the Nanling Empire.

If she made time stop in that small place in the Asura Warrior's heart, would the energy inside stop flowing?

With this idea, she decided to take the risk. She used the time law that she had no control over and tried to make time stop in the Asura Warrior's heart...

She did not hold much hope, but the outcome was unexpected.

### **Chapter 507: She Succeeded**

Xue Fanxin stopped time in the small part of the Asura Warrior's heart.

As a result, the thing inside stopped transmitting energy. The defense of the Asura Warrior also decreased greatly. It was only a little harder than ordinary people, like a corpse, so the golden needles could easily pierce his acupoints.

This outcome made Xue Fanxin happy because she had guessed correctly. But she could not lose focus. She had to perform the acupuncture as soon as possible.

With her current ability, even making time stop in a small place would take a lot of effort, almost exhausting all her strength. She still had to use the Yin Yang Nine Needles Art next. It could be imagined that after doing these tasks, she might collapse from exhaustion.

Yet, she had to finish this.

In the eyes of outsiders, Xue Fanxin was only performing acupuncture, that too very quickly. In the blink of an eye, she had already inserted a few needles. She was fast, accurate, and ruthless as if it was second nature to her.

But she knew that in a few blinks of the eye, she had exhausted almost all her strength. She was relying on her willpower to hold on. There was only one thought in her mind—finish the job.

Her comprehension of the time law was too shallow. She had hardly crossed the threshold, only gazing at the door to the time law. With this little comprehension, even if she only made time stop in a tiny place, it would be extremely difficult. Furthermore, the time law she used could only last for a few breaths at most, so she had to insert the needles quickly, quickly, quickly...

Half a second after Xue Fanxin finished using the Yin Needle Art, the power of the time law disappeared. The thing in the Asura Warrior's heart resumed pumping energy to him.

The Asura Warrior's body regained its toughness. Breaking free from the restraints of Little Lei and Ruying, he turned around and stood up, crazily attacking the people around him.

"Be careful." In a moment of desperation, Ruying pulled Xue Fanxin away first before dealing with the Asura Warrior.

Little Lei faced the Asura Warrior alone. He landed a punch, but his fist hurt. "It hurts, it hurts, it really hurts. What kind of damned body is this? It's so hard."

The Asura Warrior was unscathed. He counterattacked even more fiercely. After being jointly attacked by Ruying and Little Lei, he seemed to be no different from before. He was still so powerful that he could not be killed no matter what.

"Hey, did you work for nothing just now? This guy is still so strong," Little Lei panted and asked gloomily.

Xue Fanxin was slumped on the ground, panting. She stared straight at the Asura Warrior and ignored Little Lei. She kept waiting, waiting, waiting...

She was counting in her heart: ten, nine, eight, seven, six, five, four, three, two, one...

When she counted to one, the Asura Warrior fell without warning. His body collapsed, making a loud thump.

Bang...

She had succeeded.

### **Chapter 508: Tired**

When the Asura Warrior fell, Ruying and Little Lei watched in a daze. They could not react for a while and kept staring at the body, afraid that he would get up again.

However, the Asura Warrior did not move. He lay on the ground motionless like a dead person.

“Is he dead?” Little Lei could not help but ask.

“I don’t know,” Ruying replied and went to investigate. He carefully reached out and touched the Asura Warrior. He realized that his body was extremely cold, and his flesh was not as hard as before. Ordinary blades could cut through it now.

Could this be the result of the Asura Warrior exhausting his strength?

Xue Fanxin had recovered a bit of energy. She stood up and walked over. Taking out a dagger, she cut open the Asura Warrior’s heart and took out the energy source. It was a crystal that had lost its color and was the size of an egg.

“What is this?” Little Lei looked at the crystal and touched it curiously. Unexpectedly, the dim crystal shattered.

Little Lei thought that he might be in trouble. He said nervously, “Hey, I didn’t do it on purpose. Who knew that this lousy crystal would break with a light touch? I really only touched it gently.”

Xue Fanxin did not mind. She put the pieces in her storage bag and said, “Go and capture another Asura Warrior, just like before.”

Ruying understood her plan, and Little Lei quickly reacted. The two of them rushed out again and worked together to capture an Asura Warrior.

With one less Asura Warrior, the pressure on Ye Jiushang decreased a little. However, he still had to fight eight people alone. His stamina had been greatly exhausted. Eight Asura Warriors made it difficult for him to resist.

Yet, he had to. This was because he knew that Xue Fanxin had come up with a solution. He had to stall for time. Anyway, he just had to dodge the attacks. He would not consume too much energy if he did not strike back.

Ye Jiushang had a new strategy, and Xue Fanxin was also busy doing her thing. When Ruying and Little Lei captured another Asura Warrior, she used the same method as before. She first used the time rule to stop the energy source, then performed the acupuncture.

This time, she spent a little less time than last time. Although she was tired, it was worth it.

After dealing with the second Asura Warrior, Ruying and Little Lei went to catch the third, fourth, and fifth. When they caught the sixth one, Xue Fanxin was spent. Her vision turned black, and she collapsed from exhaustion.

“Hey, what’s wrong?” Little Lei was frightened when he saw Xue Fanxin collapse.

Ruying panicked and was at a loss.

Ye Jiushang could roughly guess the reason for her collapse. His heart ached. He only needed to deal with the four Asura Warriors now. Coupled with the fact that the energy consumed by these Asura Warriors was almost enough, there was no suspense in the subsequent battle. He increased his attacks and planned to finish off these foes before looking at Xue Fanxin.

“Ruying, Little Lei, attack together.”

Ruying was panicking. When he heard Ye Jiushang’s orders, he finally heaved a sigh of relief. He threw out the Asura Warrior who was still lying on the ground and joined the fight.

It turned out that the legendary Asura Warriors were not that magical.

### **Chapter 509: Everyone Exhausted**

Xue Fanxin had killed a total of five Asura Warriors. There were five left, and they were dealt with by Ye Jiushang, Little Lei, Ruying, and Suixing. Apart from Ye Jiushang, the others were all fighting one-on-one. It was not too strenuous. Everyone could handle it. If they couldn’t, they would hide. Anyway, those Asura Warriors were not high in intelligence and only knew how to fight.

1

Ye Jiushang did not want to waste time with these Asura Warriors. Earlier, as the opponents had numbers on their side, he could barely deal with them. Now, there were only two. He could exhaust the power of these two Asura Warriors quickly.

Every time the Asura Warriors attacked, they would consume a lot of energy. Ye Jiushang would take the initiative and let the Asura Warriors launch frequent large attacks to increase their consumption.

The Asura Warriors had been dealing with Ye Jiushang for a long time and spent a lot of energy. Now, they were frequently launching powerful attacks. Their reserves were running low. Especially the two who were fighting Ye Jiushang, they used up their energy in less than fifteen minutes. One moment, they were still alive and kicking, and the next moment, they collapsed and died.

After dealing with the two Asura Warriors, Ye Jiushang went to help Little Lei before assisting Ruying and Suixing. None of the Asura Warriors had much energy left. If everyone worked together, they could easily deal with them.

After the battle ended, Little Lei was so tired that he sat on the ground and said while panting, “I’m beat. These Asura Warriors are inhumane. I had to fight them to death to exhaust them.”

“They’re not human to begin with.” Ruying and Suixing were sprawled on the ground. Forget about them, even their incomparably powerful master was worn out from tonight’s battle. They were all drained.

It seemed that the Asura Hall was not weak. They had only sent ten Asura Warriors over, yet they were forced to this extent. If they went all out, they really did not know if their Nine Cloud Palace could defeat them.

Although Ye Jiushang was worn out, he did not rest. He quickly came to Xue Fanxin’s side and sat on the ground with her in his arms. He checked her physical condition and was only relieved after confirming that she had just overexerted herself.

In this battle, everyone consumed a lot of energy. If not for Xin’er helping them deal with the five Asura Warriors, they would still be fighting. They did not know the final outcome, but it would not be good.

“Xin’er, thank you!” Ye Jiushang hugged her tightly, his heart filled with gratitude and emotions.

If he had not met her, many things would not have been like this. It seemed like the theory of the Phoenix Star was coming true.

“Little Xin’er, where’s my Little Xin’er?” When the Asura Warriors invaded, Xue Batian was protected by the Night Shadow Guards Ye Jiushang had sent. Only after the battle ended and the Night Shadow Guards left could he run out and look for his precious granddaughter.

Accompanying him was the injured Gu Jinyuan. He was also protected by the Night Shadow Guards. He did not even take a step out of the room. He could only come out after the battle was over.

“How is Xin’er?” Gu Jinyuan saw Ye Jiushang sitting on the ground with the unconscious Xue Fanxin in his arms and was scared. He quickly came over to ask about the situation.

“Don’t worry. She’s just tired. She’ll be fine after sleeping for a day or two.” Although it seemed like Ye Jiushang was saying this to Gu Jinyuan, he was comforting Xue Batian. He carried Xue Fanxin away.

Ruying wanted to persuade Ye Jiushang to rest, but he swallowed his words and did not say anything.

He knew that his master was also spent, but it was impossible for him to abandon Xue Fanxin and rest alone. It was best not to say anything unnecessary. It was useless even if he said it.

## **Chapter 510: Fury**

This battle had almost destroyed half of the Ninth Lord’s Estate. Even outside the Lord’s Estate, there was a huge commotion. Before the battle ended, the four great clans and three great sects received the news and had been paying attention. Because the battle was too terrifying, far exceeding what they had seen and heard, no one dared to act rashly.

No wonder even Young Master Wuchen was afraid of this Ninth Imperial Uncle. He was indeed not ordinary.

The Heavenly Saints Emperor had been paying attention to the Ninth Lord’s Estate. Therefore, he learned about the battle earlier than anyone. He was nervously waiting for the outcome, anxious to know if Ye Jiushang and the others were dead.

Based on the terrifying level of this battle, it must be the Asura Hall.

With the Asura Hall personally taking action, his hopes would definitely come true. He could only wait for the news of Ye Jiushang and Xue Fanxin’s deaths to come.

But for some reason, he was uneasy. He was afraid that the outcome would not be according to his expectations.

If the Asura Hall could not kill Ye Jiushang, then he really did not know who else in the world could do the job.

“Help me investigate if Ye Jiushang is dead. Go. I want to know if he is dead or alive immediately.” The Heavenly Saints Emperor was too anxious.

However, he did not know that his words quickly entered Ye Jiushang's ears.

While the Heavenly Saints Emperor had sent people to keep an eye on the Ninth Lord's Estate, he had done the same to him. Furthermore, his methods were even more brilliant. Therefore, before the Heavenly Saints Emperor's people could obtain any news from the Ninth Lord's Estate, Ye Jiushang's men had already returned to report what they had heard and seen in detail.

Ye Jiushang was so exhausted that he could not stand up. He was listless, and his face was as pale as paper. However, he still guarded Xue Fanxin, or he would not be at ease.

Initially, he did not want to deal with anything and only wanted to rest. However, the spies in the palace had brought back news and Zhuri had sent it to him. He had to hear what was going on with the Heavenly Saints Emperor.

It was fine if he had not listened, but after hearing it, he was enraged. His killing intent soared to the sky, and he looked like he wanted to skin someone alive.

"So that useless ruler wants my life? This is really unexpected!"

The Heavenly Saints Emperor had always been scared of him. As long as he frowned slightly, the man would be so frightened that he would break out in a cold sweat. He really could not imagine that someone like him actually had the guts to covet his life.

The assassins tonight were most likely related to the Heavenly Saints Emperor.

However, he had never expected the Heavenly Saints Emperor to be able to contact the Asura Hall.

"Your Highness, is there something strange about this?" Zhuri did not believe that the Heavenly Saints Emperor would actually kill Ye Jiushang. In his impression, the Heavenly Saints Emperor was extremely afraid of his master.

"There's indeed something strange. I really want to know how the Heavenly Saints Emperor contacted Asura Hall." Ye Jiushang couldn't figure out this riddle. With the Heavenly Saints Emperor's status and ability, he should not come into contact with Asura Hall at all.

Could it be the Asura Black Badge again?

Ye Jiushang pondered over this matter. The more he thought about it, the more he felt that it was possible.

Only the Asura Black Badge could make the Asura Hall mobilize so many people.

*Asura Hall... I'll remember. I hope you can bear my wrath.*

Ye Jiushang smiled coldly. No one knew what he was thinking, but his smile would spook even ghosts. Just looking at it made people's blood run cold.

Zhuri did not dare to ask further. He was afraid that he would make Ye Jiushang unhappy. He waited by the side for instructions.

In tonight's battle, those important figures had all collapsed from exhaustion. Even Little Lei was so tired that he fell asleep. He slept like a log and could not be moved no matter what. Therefore, everything in the residence was basically handled by him now.

He had no choice. After all, he had not fought.

"Ink and brush." Ye Jiushang did not say much to Zhuri. He instructed someone to prepare a brush and ink and personally wrote a letter, handing it to Zhuri. "Send this letter to the Ghost King's residence."

"Yes." Zhuri did not ask further and took the letter respectfully. He only saw the words "Personal Letter to the Ghost King" on the envelope. He did not dare to look at anything else and left straight away.

Ye Jiushang dragged his exhausted body to Xue Fanxin's side and lay down. He watched her sleep. The more he looked at her, the more he recognized her beauty. He could not help but trace her facial features with his hand. Then, he recalled what had happened today, and his heart was filled with fury.

He could roughly guess the intention of the Heavenly Saints Emperor. It was most likely about Consort Qi back then. The Heavenly Saints Emperor did not want the Ghost King to know the truth, so he chose to get rid of him.

What a stupid incapable ruler. He was hopelessly stupid. Did he think that he could be eliminated so easily?

Even without Xin'er, he would not have died. If he could not win, he could escape with the important people.

"Xin'er, I'll make that useless ruler pay the price. Not only that useless ruler but also the Asura Hall. As long as it's someone who dares to hurt you and me, I won't let them off, even if they are Martial Monarchs."

The Asura Hall might already know that Xin'er had a treasure on her, so they would meet sooner or later.

"Asura Hall, I want to see how capable you are."

At the same time, in a certain dark place, a man in a black robe was looking at a bunch of crystals on an array. Ten of the crystals had already dimmed or even shattered.

The black-robed man kept staring at the broken pieces, his expression worsening every second. Finally, he roared, "Damn it, damn it, damn it... He actually destroyed ten of my Asura Warriors. The Lord of Nine Cloud Palace is indeed powerful.

"But so what? Ye Jiushang, you made me suffer such heavy losses this time. I'll definitely make you pay back tenfold or a hundredfold. Also, that Xue Fanxin is Xue Feichen's only daughter. I want to see if the Reverse Spirit Heaven Wheel is with you. As long as I obtain it, forget about the Lord of the Nine Cloud Palace, even the Great Emperor can't do anything to me.

2

"Just you wait, you damned couple. I definitely won't let you off.

“My Asura Warriors, ten of them are gone. Damn it, damn it.”

From the black-robed man’s crazy appearance, one could tell that the death of ten Asura Warriors was a serious blow to him.

But it was useless to be angry. He could only think of a way to deal with Ye Jiushang.

The Heavenly Saints Emperor had used the Asura Black Badge. He had to help the Heavenly Saints Emperor fulfill that wish, or the prestige of the Asura Black Badge would be greatly affected.

“Ye Jiushang, Lord of the Nine Cloud Palace, I want to see if you can withstand my next move.”
