

Physicist 631

Chapter 631 Something's Wrong

Ye Jiushang knew what Xue Fanxin was thinking. However, there were some things that she might not understand even if he said them. Instead, it would only add to her worries.

He refrained from saying anything. He dealt with today's business first. "From today onwards, the Consort's orders are equivalent to mine. If I'm not around, she will handle everything."

"Yes." Heilong, Hai Feng, and Zimo listened to Ye Jiushang's arrangements without hesitation.

Xue Fanxin, on the other hand, felt a lot of pressure. Her heart was a little heavy. "Ah Jiu, what are you doing? What do you mean by 'if I'm not around'? Why do I feel like you're making your funeral arrangements?"

Ye Jiushang knocked Xue Fanxin's head and reprimanded her dotingly. "What nonsense are you talking about? I only said when I am not around. I didn't say that I'm going to die."

"You keep knocking on my head. What if I become stupid because of you?" Xue Fanxin retorted with a puffed-up face, looking cute. However, she was not angry at all. She rather enjoyed it.

"Then I won't hit your head in the future. I'll pinch your face instead." Ye Jiushang really pinched Xue Fanxin's tender cheeks. His actions were domineering but also gentle. Anyone could tell how much he doted on her.

"What are you pinching? What if you make me ugly?"

"Don't worry. No matter how ugly you are, you are my only consort."

Looking at the flirting couple, Heilong, Hai Feng, and Zimo were stunned. They looked at their master in shock. Was this their master who was so cold that even gods would not approach him? This was not right!

Xue Fanxin smiled in embarrassment and stopped playing with Ye Jiushang. She glared at him. "There are so many people present. Be serious."

Heilong and the others immediately turned their gazes elsewhere and pretended not to see anything. However, their acting skills were too bad. Even if their gazes were not there, the expressions on their faces said: We all saw it.

They had not expected their cold and arrogant master to flirt with a woman.

On the other hand, Ye Jiushang acted as if nothing had happened. His expression changed extremely quickly as he returned to his cold and handsome self. "My cultivation is showing signs of a breakthrough, which might put me in a long sleep. Therefore, while I'm sleeping, everything will be up to the Consort. Listen to her orders."

"Master, you're going to advance again?" Heilong asked in shock.

They actually did not know how high their master's cultivation level was. They only knew that it was very, very high, even higher than those old fellows in the Tongxuan Continent who had cultivated for thousands of years.

When one's cultivation reached that height, it was even more difficult to take another step forward. However, their master advanced again every three to five months. The speed was really enviable.

"This time, it's not just an advancement. There's also a new breakthrough, so I'll sleep for a longer time, at least three months. Everything will go as planned. If you encounter any problems, you can ask the consort to make a decision."

"Me?" Xue Fanxin felt that she was not ready for the job. "No, no, no. I'm too weak, and I've just arrived in the Mystic Realm. I don't know anything. You..."

Ye Jiushang did not give Xue Fanxin a chance to reject. "It's decided."

His Xin'er needed to grow up. This was just training for her.

If jade was not refined, it would be useless.

Chapter 632 So Arrogant

Xue Fanxin could not avoid the responsibility Ye Jiushang had thrown at her, so she might as well accept it. Anyway, she had Heilong, Hai Feng, and Zimo as her capable assistants. When the time came, she could just throw everything to them.

Ah Jiu was not the only one who knew how to play the irresponsible master.

However, why did she feel that Ah Jiu had another motive?

"Ah Jiu, tell me the truth. Why are you doing this? Don't use reasons like training to brush me off. Even if there's really such a reason, that's only one of them."

"My little consort is smart." Ye Jiushang pinched Xue Fanxin's face again. "Someone has been watching me closely. I don't want the other party to have any chance to investigate anything about me. Everyone knows the identity of the Lord of the Nine Cloud Palace, but only a few important people in the Purple Cloud Tower know the truth."

In fact, his identity was more than that.

However, he did not want outsiders to know the true strength of the Purple Cloud Tower or that he was the owner of the Purple Cloud Tower.

Furthermore, Xin'er needed an identity.

"With your ability, not wanting others to know about your relationship with the Purple Cloud Tower is a small matter. There's no need to go through so much trouble. This is not the main reason." At this point, Xue Fanxin could vaguely guess Ye Jiushang's true intentions.

If she became the owner of the Purple Cloud Tower, those boring people in the Ye Dynasty would not say that she was not worthy of Ah Jiu.

He was doing this for her.

He was so meticulous that he even took gossip into account. How could she not be touched?

“You guessed it?” Seeing her expression, Ye Jiushang knew that she had already guessed the real reason. He smiled slightly and did not say much.

Xue Fanxin was touched. “Ah Jiu, actually, you don’t have to do this. I don’t care about gossip.”

“You’re thinking too much. My true intention is to train you well. Secondly, I want to shut those people up. You can do whatever you want. If the sky falls, I’ll bear it for you. I brought you here so that you become familiar with Imperial City and the Mystic Realm. You have my support.”

“Er...” Ah Jiu, aren’t you being too arrogant?

Is it really good for you to be so arrogant?

“Madam, Master is right. In Imperial City and the Mystic World, Master can let you do whatever you want. If you encounter anyone or anything you don’t like in the future, do as you wish. You don’t have to worry about anything. It won’t be difficult to destroy the Ye Dynasty,” Zimo said with a sinister smile. His arrogant tone was identical to Ye Jiushang’s.

Although Heilong and Hai Feng did not speak, their eyes and expressions clearly said that they were not afraid of anything.

What kind of people were they?

Although Xue Fanxin was a little speechless, she knew that Ye Jiushang and the others had the right to be arrogant. They were powerful enough.

It felt really good to have such a powerful boyfriend.

While everyone was chatting, Steward Zhao knocked on the door and walked in. He bowed to Ye Jiushang and the others. “Master, Young Masters, the wife of the Grand Preceptor has secretly come to the Purple Cloud Tower to buy detailed information on a person called Xue Fanxin. According to her, this person is the Ninth Consort of the current Ninth Lord.”

This matter would not alarm the highest level of the Purple Cloud Tower. However, the news that the other party bought was related to the Ninth Lord, so it had to be reported.

Chapter 633 She Was Going to Earn It

Xue Fanxin asked curiously, “Ah Jiu, who is the wife of the Grand Preceptor? Did I provoke her? Why does she want to buy my information?”

For a person who had just come to the Mystic Realm and the Imperial City, she was not familiar with any Tom, Dick, or Harry. How could she know the wife of the Grand Preceptor?

“She’s Yu Yuefu’s biological mother,” Ye Jiushang answered Xue Fanxin before asking Steward Zhao, “How did she reach the third level?”

The Purple Cloud Tower had a total of five floors.

The first floor was a trading place for various goods and also hosted an auction house.

The second floor only served VIPs with Purple Cloud Tower's VIP cards. The goods here were top-grade.

The third floor was a place to buy and sell information. As long as you could pay the price, you could buy any information.

The fourth level was a cultivation place that cultivators dreamed of having. They could also enjoy it at a high price.

The fifth floor was the most mysterious place and was not easily opened to the public. Up to now, only ten guests had gone to the fifth floor of the Purple Cloud Restaurant. These ten guests had different identities. There were poor ordinary people, rich tycoons, high-ranking officials, and carefree heroes.

No matter which floor it was, they all had their own rules. Even the first floor was not easy to enter. The higher one went, the harder the entry.

For example, on the third level, apart from taking out enough crystal coins as the entrance fee, there was also the jade badge issued by the Purple Cloud Tower.

The Purple Cloud Tower only distributed 100 jade badges every year, which meant that only 100 people could buy information.

The fact that the wife of the Grand Preceptor's Estate could reach the third floor showed that she had fulfilled all the conditions.

"Master, she brought over the 89th badge. I've already sent people to investigate. Just four hours ago, the 89th jade badge was in the hands of a person called Li Shu. He's quite a character. He is now the commander of the guards in the Royal Academy," Steward Zhao reported.

Everyone knew that one could only go to the third floor to buy information after taking the jade badge of the Purple Cloud Tower, but they did not know that there was a secret hidden in the jade badge.

They could monitor anyone who held a jade badge. They did not know how, just that these jade badges were all crafted by their master.

Ye Jiushang looked at the person beside him. "Xin'er, I'll leave this to you."

"Alright." Xue Fanxin accepted the task readily. "Steward Zhao, according to the standard price, how much will the information cost?"

Steward Zhao already knew Xue Fanxin's identity. He thought that she would be enraged. After all, being investigated was not a good thing. Unexpectedly, she was smiling so happily. This puzzled him.

However, he had to answer the question. "She will have to pay at least 50 million crystal coins."

"50 million crystal coins..." Xue Fanxin's eyes widened. She stretched out five fingers and felt a huge fortune flowing into her pocket.

Her Ah Jiu was really good at earning money. He could casually sell some information for 50 million crystal coins... Back then, when she requested Bai Wuchen to give her five million crystal coins for treatment, he looked like his heart ached and had yet to give her an answer.

If she did not earn money, she would be a fool.

Chapter 634 Slaughter Her Wallet

Ye Jiushang said that he would leave this matter to Xue Fanxin. Heilong, Hai Feng, and Zimo all shut up and remained silent, letting her take control.

Anyway, this was just a small thing. It did not matter even if the transaction failed. They had plenty of ways to end it.

While everyone thought that Xue Fanxin would turn it down, she smiled slyly and said, "Steward Zhao, go and tell the Grand Preceptor's wife that you can provide all the detailed information about Xue Fanxin since she was young, including her hobbies, strengths, and weaknesses. If she wants the most detailed information, the price will be at least 80 million crystal coins. After this is done, I'll split this money 30-70 with the Purple Cloud Tower. You take 30%, and I'll take 70%."

"This..." Steward Zhao hesitated. He looked at Ye Jiushang and the others helplessly, hoping that they would express their stance. After all, this matter was a little serious.

Buying and selling detailed information about his master's woman was not a small matter. He could lose his life.

"Listen to her." Ye Jiushang reassured Steward Zhao.

Steward Zhao was finally relieved. "Madam, there's no need to split the money. You can take it all. However, this Grand Preceptor's wife has ill intentions toward you. Once she gets your information, I'm afraid it will be disadvantageous to you. Do you still want to go ahead?"

"They can easily send someone to the Nanling Empire and the Heavenly Saint Empire to investigate. Only a fool would spend so much money to buy my detailed information. She's a fat sheep that came knocking on my door for nothing. It's a waste not to slaughter her. I just arrived in Imperial Capital and don't have a single crystal coin on me. I'm short of money! I want to shear her wool."

She really did not understand why the Grand Preceptor's wife had chosen such a method to investigate her.

With the Grand Preceptor's Estate's influence, they could just send a few people on a mission. Was there a need to spend so much money?

Perhaps there was something she did not know.

The wife of the Grand Preceptor's Estate had come to the Purple Cloud Tower secretly without letting anyone know. The Purple Cloud Tower took its customers' privacy very seriously. She was not worried that Ye Jiushang would find out anything. Even if he did, it would be in the future. At that time, her daughter might already be the Ninth Consort.

If she was not afraid of attracting Ye Jiushang's attention, why would she take such a huge detour and spend so much money to buy information at Purple Cloud Tower?

Only the Purple Cloud Tower could give her everything about Xue Fanxin quickly, accurately, and safely.

Ye Jiushang had publicly admitted that Xue Fanxin was the Ninth Imperial Consort. She did not have time to slowly investigate her. She had to know everything about her as soon as possible. Therefore, the Purple Cloud Tower was the only shortcut she could take.

Under normal circumstances, the Grand Preceptor's wife's thoughts would be meticulous. But she never expected Ye Jiushang to be the true owner of Purple Cloud Tower. Her choice was sure to throw her into the fire pit.

Steward Zhao went straight to the Grand Preceptor's wife. "Madam, we can give you the information, and it's very detailed. Her hobbies, interests, strengths, and weaknesses can be provided, but the price..."

Upon hearing the information on offer, before Steward Zhao could say the price, the Grand Preceptor's wife expressed her stance. "If you can guarantee that the information is correct, I'll buy it no matter how much it costs."

"Since Madam is so straightforward, I won't beat around the bush either. For 80 million crystal coins, we'll provide you with extremely detailed information on Xue Fanxin."

"What did you say?" The Grand Preceptor's wife was so shocked that her jaw almost fell off.

It was not that she could not take out 80 million crystal coins, but this was more than half of the wealth in the Grand Preceptor's Estate. If the Grand Preceptor found out, she was afraid...

Chapter 635 Unlimited Love

The Grand Preceptor's wife did not know how she left the Purple Cloud Tower, only that the transaction was successful. She agreed to buy the information.

Although doing this was very likely to anger the Grand Preceptor, her daughter's future was the most important. Nothing else mattered.

80 million crystal coins might be a lot, but their Grand Preceptor's Estate could still afford it. At most, they could get money from other places.

After leaving the Purple Cloud Tower, she no longer felt sorry for the 80 million crystal coins. Instead, she thought about what to do next and how to earn it back.

On the other side, Xue Fanxin was beaming. "Haha... I got 80 million crystal coins just like that. How satisfying!"

Heilong, Hai Feng, and Zimo had a whole new level of respect for Xue Fanxin. They all had a feeling that this woman was not to be trifled with.

Look at that Grand Preceptor's wife. She was easily cheated out of 80 million crystal coins. They could foresee that be it the Grand Preceptor's wife or Yu Yuefu, if they faced their madam, they would lose miserably.

How could someone chosen by their master be simple?

“I made a lot of money today. I’ll give you a treat.” Xue Fanxin liked to treat people whenever she was happy. Although she had yet to obtain the money, it was already like meat on a chopping board that could not fly.

Heilong and the others did not feel much about the so-called feast because they did not have much desire to eat. Normally, they would only eat high-level demonic beast meat once every two to three days.

However, they still had to accept the madam’s good intentions.

Xue Fanxin did not care about their thoughts. Anyway, she was so happy that she felt light-headed. “Ah Jiu, why don’t you invite your friends over when Grandpa and the others reach Imperial Capital? I’ll treat everyone to a meal and get to know everyone.”

“Alright.” Ye Jiushang fulfilled Xue Fanxin’s small request without any hesitation. He was filled with infinite love for her.

Heilong, Hai Feng, and Zimo were really not used to seeing their master suddenly become gentle.

They had followed him for more than ten years, but they had never seen him smile so gently at anyone, nor had they seen him dote on anyone so much.

It seemed that their madam’s status in their master’s heart was extraordinarily high!

Ye Jiushang’s gentleness was only limited to Xue Fanxin. He was still as cold as before to others. “Hai Feng, what’s going on with the Golden Sea Pavilion?”

“Master, some people in the Hai family are dissatisfied with the Purple Cloud Tower growing stronger day by day. They are afraid that we’ll surpass the Golden Sea Pavilion, so they have been thinking of ways to suppress us. In the past, the Golden Sea Pavilion had a monopoly over the Ouyang family’s artifacts, but this time, they were sold in the Purple Cloud Tower. It triggered the Hai family. Most of the Hai family is hostile to the Purple Cloud Tower and they have joined hands with others. They want to subdue the Purple Cloud Tower,” Hai Feng replied in detail and explained everything he had found out.

Although he was also a member of the Hai family, his feelings had died ten years ago. To him, his master was everything.

Chapter 636 Because Of Reluctance

Xue Fanxin could not help but ask curiously, “The Golden Sea Pavilion and that Hai family, don’t tell me they belong to that woman, Hai Lan?”

“Yes. Do you feel like enemies are bound to meet on a narrow road?” Ye Jiushang asked with a sinister smile. One could tell that he did not take the Hai family seriously.

Although it was the richest family in the Mystic Realm, that was in the past. So what if the Hai family was still the richest family?

If he wanted to destroy them, he could do it easily. He did not have to be afraid of the Hai family or the Golden Sea Pavilion.

“The path of enemies is really narrow, but I’m beginning to feel sorry for the Hai family. They will only die if they provoke you,” Xue Fanxin said indifferently.

Ye Jiushang also did not care about whether the Hai family survived or not. “Hai Feng, who would you choose between me and the Hai family?”

Hai Feng stood up and knelt on one knee in front of Ye Jiushang. “I pledge my loyalty to you, Master.”

“Get up. I know your loyalty. The Hai family is deeply involved with the royal family. It seems to be infinitely glorious now, but the final outcome is the same, so you have to be mentally prepared. Instead of saying that the Hai family is suppressing the Purple Cloud Tower for their own benefit, it’s more like the Ye royal family is using the Hai family to deal with us. In that case, we’ll use the Hai family to bite them back. You should know what to do, right?”

“Yes, I understand.” Hai Feng was also feeling sorry for the Hai family, but he did not pity them.

He only had hatred for the Hai family and had no kinship to speak of. He probably wanted to destroy the Hai family even more than his master.

“I’m about to fall asleep. These people can wait and see. Just act according to the situation. Leave the Ouyang family to the Consort. Help her from the side and listen to her orders.”

“Yes.”

After Ye Jiushang finished giving his instructions, he left with Xue Fanxin. When he came, he took the direct passageway, but when he left, he used a secret technique, arriving at a tall mountain in the wild. Standing at the top of the mountain and looking down, he could see the entire Imperial City. It was a large square city.

The Imperial City of the Ye Dynasty was magnificent.

“Ah Jiu, why did you bring me here?” Xue Fanxin stood on the mountaintop and gazed at the small mountains. She looked at the distant Imperial City and then at the surrounding scenery. It was really a beautiful place.

However, it was probably difficult for ordinary people to climb up such a tall mountain.

“I’m going to sleep. It’s equivalent to entering seclusion. I’ll be gone for a long time. So I’ll accompany you more while I’m still awake,” Ye Jiushang said helplessly.

He had thought that it would take a while before he could break through again. After all, he had just advanced. Unexpectedly, on the second day after returning to Imperial City, he showed faint signs of advancement. The breakthrough this time was significant. Although it could greatly increase his strength, he would sleep for a longer time.

In the past, it did not matter to him how long he slept. He did not care even if he slept for a year or two.

However, now, he was unwilling to sleep for a few days because he could not bear to part with his little consort.

Chapter 637 His Lucky Star

Xue Fanxin knew that Ye Jiushang was going into seclusion. Although she was unwilling, it was inevitable, so she faced it bravely. "Ah Jiu, don't worry. While you're sleeping, I'll be good and cultivate hard. When you wake up, you'll see an even more powerful me."

Ye Jiushang stroked Xue Fanxin's head and said gently, "Alright, I'll look forward to that."

"Hehe, you will see it."

"While I'm sleeping, Heilong, Hai Feng, Zimo, and the others will protect you. With them around, I'm at ease. I'll sleep for at most three months. You can cultivate in the bamboo forest. If you stay there, even the Lord of the Nether City can't do anything to you."

Ye Jiushang got angry when he mentioned the Lord of the Nether City. Very few people in the Tongxuan Continent could injure him; the Lord of the Nether City was one of them.

He had to be wary of this person.

Fortunately, the Lord of the Nether City had been heavily injured last time and would not cause trouble in the short term. Perhaps he would not recover for a year or so.

The Lord of the Nether City's injuries were as heavy as his injuries last time. If not for Xin'er saving his life, he would still be unconscious.

It could be deduced that the Lord of the Nether City was most likely still unconscious.

"Ah Jiu, did you take me to the Purple Cloud Tower to see those people today because you were preparing for your sleep?" Xue Fanxin guessed something else.

This must be the real reason Ah Jiu had thrown the Purple Cloud Tower at her.

"My beloved consort is indeed smart. I can't hide anything from you."

"Oh, stop it. Don't worry. I'll take care of the Purple Cloud Tower. I won't let anyone cause trouble." Xue Fanxin played with Ye Jiushang's arm and leaned her head on his shoulder. She looked at the scenery in front of her quietly and decided in her heart. Even if she was not strong enough, she would work hard to protect this family.

Ye Jiushang could sense Xue Fanxin's firm belief in protecting her home, making him happy.

The two of them said nothing. The times were good.

Xue Fanxin originally wanted to wait quietly with Ye Jiushang, but she thought of something and asked excitedly, "Ah Jiu, I remember you once told me that the Tree of Life, the Dragon Blood Soul Lotus, and the Nine Revolutions Purple Leaf Orchid are related to your cultivation technique. Do you need these for your advancement this time?"

"It's naturally good to have them, but the Dragon Blood Soul Lotus and the Nine Revolutions Purple Leaf Orchid can only be used after they bloom. Even with the nourishment of the Breathing Earth and the Wood Spirit Heavenly Pearl, it will take at least a few years for them to bloom, so let's save them for the future."

“That long?” Xue Fanxin sent a wisp of her divine sense into her space to take a look. She realized that although the Dragon Blood Soul Lotus and the Nine Revolutions Purple Leaf Orchid were growing well, they were still far from blooming.

It seemed like she could not help Ah Jiu this time.

Ye Jiushang could tell what Xue Fanxin was thinking at a glance. He stroked her head again and comforted her. “Silly girl, what are you thinking about? Don’t always think that you can’t help me. Actually, you’ve already helped me a lot. In the battle with the Lord of the Nether City last time, if not for you, I’d still be unconscious!”

He had been seriously injured in that battle. Initially, he needed to fall into a deep sleep to heal himself, but because of Xin’er, he recovered swiftly. Perhaps it was because he had consumed the Bone and Flesh Regeneration Pill refined from the Tree of Life last time that he had a new breakthrough now.

Xin’er was really his lucky star!

Chapter 638 Deep in the Peach Orchard

Xue Fanxin had a cheerful and optimistic personality. She would look forward to everything.

Ah Jiu was only sleeping and in seclusion, not doing anything bad. She did not have to worry about him. At most, she would go to his crystal coffin every day to take a look.

“Ah Jiu, you said that you wanted to take me out to play, but we did nothing. I haven’t tasted anything delicious either. Are you going back on your word?”

“If you want to eat, just say so. There’s no need to beat around the bush.” Ye Jiushang pinched Xue Fanxin’s face and looked in a certain direction. He said mysteriously, “Let’s go, I’ll take you somewhere.”

“Where are we going now?”

“A place with delicious food.”

“Oh? Where is it? Take me there! Quickly.” Xue Fanxin had no integrity in front of delicious food and looked like a hungry cat.

Ye Jiushang smiled. He brought the beauty along and used a secret technique, disappearing from the mountaintop. In the blink of an eye, he arrived at another place, a paradise in the deep mountains and dense forests.

It was clearly past the season of peach blossoms, but they here were blooming here. The surroundings were filled with the fragrance of peach blossoms. If one listened carefully, one could even hear the slow sound of water flowing.

“This peach forest is an array formation. Follow me. Don’t get lost.” Ye Jiushang pulled Xue Fanxin’s hand and led her into the peach orchard.

Although there was a powerful array formation in the peach orchard, it was useless to Ye Jiushang. He easily passed through it.

Deep in the peach orchard was a unique manor. Outside the manor was a large rock with a few words carved on it: Peach Blossom Villa.

“Ah Jiu, don’t tell me this manor is also yours?” Xue Fanxin asked curiously. She liked this place filled with peach blossoms.

“You’re wrong. The Peach Blossom Villa is not mine, but the array formation was set up by me. The owner of the Peach Blossom Villa has some friendship with me. This person likes to toy with things like flowers, cats, and dogs, even raising a pool of Snow Crystal Fish. Let’s eat fish today.” Ye Jiushang walked straight into the door of the Peach Blossom Villa. He acted as if he was in his own home. Furthermore, he found the pool where the Snow Crystal Fish were kept with familiarity.

Xue Fanxin saw a swimming pool with snow-white fish in it. The biggest one was only the size of three fingers side by side. The fish swam in the clear pool. Although they were small, they looked crystal clear. They were agile and difficult to catch.

“Ah Jiu, is this the Snow Crystal Fish you were talking about? It’s so small! How many of such small fish must I eat to be full?”

“You can eat as many as you want. The Snow Crystal Fish is tasty. Their meat is delicious and their spirit energy is abundant. Not only can they increase your cultivation level, but they are also a holy item for maintaining beauty.” He casually waved his hand. Ten fat Snow Crystal Fish flew out of the pool and landed on the shore.

Xue Fanxin ran over to play with them. Then, she took out kitchenware and cutlery and started to cook the fish. “Ah Jiu, barbecue, steamed, or soup?”

“Whatever. This fish is delicious no matter what.”

“Then I’ll make everything. I’ll try them all.”

Chapter 639 Master of Peach Blossom Villa

Although this was the first time Xue Fanxin had seen the Snow Crystal Fish, she knew how to cook fish very well. The ten Snow Crystal Fish quickly turned into all kinds of delicious dishes in her hand. Some were steamed and boiled, while others were roasted. Ten fish were not enough, so Ye Jiushang took out ten more from the pool.

Although Ye Jiushang did not eat much usually, he ate everything Xue Fanxin made. He finished at least half of the twenty Snow Crystal Fish.

It was delicious no matter what was made. Even if the fish was just boiled in water, it tasted good.

“It’s delicious, it’s really delicious.” Xue Fanxin held a skewer of roasted fish in her hand and praised it as she ate. There was another fish roasting on the fire rack, almost cooked. She would finish the skewer in her hand before eating the one on the fire rack.

Suddenly, the fish on the fire rack disappeared.

“Where’s my fish?”

A strange voice sounded from the side. "It's quite good. If it were roasted a little longer, that would be even better."

Xue Fanxin looked up and saw a handsome man in a pink and white robe eating her roasted fish. He finished it in two or three bites and looked at the half-eaten roasted fish in her hand with red eyes, looking like he wanted to rob her.

Though the man did not snatch the fish. Instead, he said with a smile, "Little girl, do you have any more fish? If not, roast some more."

"Ah Jiu, who is he?" Xue Fanxin ignored the man and asked Ye Jiushang.

Since Ah Jiu had let this person appear, it meant that he was not an enemy.

"His name is Hua Zhamei, the Master of the Peach Blossom Villa," Ye Jiushang said expressionlessly. Although his attitude was cold, it showed that his relationship with him was good.

"If his name is Hua Zhamei, what's his relationship with Hua Shangmei?"

"Hua Shangmei is my younger brother. Do you know him?" He threw away the fish bone and took out a pink and white peach blossom wooden fan. He swayed it gently, assuming an elegant pose to give Xue Fanxin a good impression.

Bro, isn't it a little too late to make a first impression?

Xue Fanxin smiled awkwardly. "Sort of."

The Hua brothers were all quite strange.

Hua Zhamei put away his wooden fan. Whatever image as a refined Young Master was all lost as he said anxiously, "Young Miss, quickly roast a few more fish. I haven't had enough!"

Hua Zhamei used the wooden fan to fan the fish pool. Ten fat Snow Crystal Fish flew out and landed at Xue Fanxin's feet.

This move seemed simple but was really profound.

It could be seen that Hua Zhamei was not weak. He was rather powerful.

Xue Fanxin glanced at Ye Jiushang and realized that he was sitting there indifferently. She already knew what was going on.

This Hua Zhamei and Ah Jiu should be good friends. Otherwise, he would not let him be so impudent.

"Xin'er, we ate so many of his fish. Just roast a few for him and treat it as payment," Ye Jiushang said casually.

Xue Fanxin was depressed and conflicted. When she heard Ye Jiushang's words, she immediately agreed. "Alright, I'll roast a few for him."

Ah Jiu's subordinates and friends were all extraordinary. She could not understand where he had found so many amazing people.

Chapter 640 Image Collapse

Xue Fanxin got busy cooking food. She cleaned the fat fish one after another and placed them on the grill, roasting them skillfully.

On the other hand, Hua Zhaimei stared straight at the roasted fish on the rack. The fish had just been put on fire, and he already wished he could eat it immediately. He kept asking, "When can I eat it?"

"It won't be that soon. Just wait." Xue Fanxin put all her attention on the food. She was roasting ten at once, and her hands never stopped moving.

"Why did you use charcoal? And that too ordinary charcoal. How long will it take? Won't it be much faster to roast the fish in a large fire or with spirit fire?"

"The fish will be black and charred. Can you eat it? Roasting it slowly with charcoal fire will make the fish taste even more delicious."

"Oh, I see. Then take your time. But I'll say this first. The fish on this grill is all mine. You're not allowed to eat it. Anyway, you've already eaten so much."

Xue Fanxin was almost unable to hold the fish steadily. She said in her heart, Your image as a gentleman has collapsed, do you know that?

Hua Zhaimei did not care about others' thoughts. He smelled the barbecue before leaving reluctantly. He walked toward Ye Jiushang and sat on a stone stool by the side. "She is the Phoenix Star?"

Ye Jiushang nodded gently. "Yes."

"Your luck's quite good. You actually found the Phoenix Star. Those people can wait and cry."

"Don't tell anyone about her for now. I don't want them to know of her existence yet."

"Don't worry. They don't even know that you're still alive. However, after you left, Holy City was extremely uneasy. Those two so-called Dragon and Phoenix Stars didn't bring any good luck to the Holy Region. Instead, there was constant war. The funny thing is that those ignorant people really think they're the Dragon and Phoenix Stars." Hua Zhaimei's words were filled with ridicule and cold anger as if he was seriously dissatisfied.

However, Ye Jiushang had a calm expression. He poured a cup of tea for Hua Zhaimei and said indifferently, "Why are you wasting your emotions on those unimportant people? Let them be arrogant for a while longer. Soon, they'll all cry. Do you really think it's that easy to be the Dragon Star and Phoenix Star?"

He was Dragon Star, but this identity had been replaced by someone else. Everything that originally belonged to him was also taken away. In the end, even his life had almost been lost.

In the beginning, he did resent it, but it was gone now. He was more grateful and relieved.

If he had been the Dragon Star, he probably would not have had the chance to come here and meet Xin'er...

As for the other party, was life really good?

Hua Zhaimei knew what Ye Jiushang was thinking. He smiled in relief. "You're right. It's not easy to assume the position of the Dragon Star and Phoenix Star, especially the fake ones. They don't have that Star Life, but they enjoy excessive good fortune. They'll be finished sooner or later. Jiushang, to be honest, when I saw you this time, I couldn't sense any resentment from you. Even if there is, you can look at it indifferently. Is the Phoenix Star really so powerful that you can even forget such great hatred?"

"It's not that she's powerful, but she's worth it."
