

## Physicist 711

### Chapter 711 Unable To Gather Spirit

After the three rock monsters fell, new rock monsters emerged from the sand, and there were more than ten of them.

Xue Fanxin knew very well that she did not have the ability to kill all these rock monsters, so she made a very straightforward choice. She only killed the two closest to her. After taking the stone crystals, she quickly retreated and ran towards the edge of the sand pit before jumping down.

When she jumped down, she did not forget to call for everyone. "Quickly run."

Hearing Xue Fanxin's cry, Heiyao and the others reacted the fastest. They also jumped down when Xue Fanxin jumped into the sand pit.

The others gradually reacted and quickly jumped down.

Although the rock monsters in front of them were chasing fiercely, they would be safe as long as they jumped into the sand pit. No matter what, the rock monsters would not chase them into the rock pit.

Old Man Yin Feng noticed that the situation was wrong and wanted to escape quickly. However, when he was about to use his spirit energy to jump, he realized that he could not move at all. The spirit energy in his body was dissipating and he could not gather spirit energy.

What was going on?

Why was his spirit energy dissipating and unable to gather spirit energy?

This should have happened to Xue Fanxin. Why had it happened to him?

It was not only Old Man Yin Feng. Du Yuxuan was in the same situation. The senior brothers, senior sisters, and junior sisters by her side had long fled when they saw the rock monsters rush over. They did not care about Du Yuxuan's life at all. Furthermore, they all thought that Du Yuxuan had the ability to jump back into the sand pit. After all, her cultivation level was not low. Even if her legs were inconvenient right now, and she was at the edge of the sand pit, it was not difficult for her to escape.

However, they had never expected Du Yuxuan to be unable to gather spirit at this moment.

Without gathering spirit, no matter how high your cultivation level was, you would still be a cripple.

"What's going on? Why can't I gather my spirit?" Du Yuxuan was extremely panicked. Seeing the rock monster rush towards her, she was so frightened that her entire body trembled. She collapsed onto the ground, and a warmth leaked out from below... She was so frightened that she peed her pants.

"No, don't come over. Don't come over. Senior Brothers, Senior Sisters, save me, save me, quickly save me.

"Senior Brothers, Senior Sisters, quickly come and save me. Quickly, take me to the sand pit."

At this moment, the disciples of the Heavenly Spirit Sect had long run away and disappeared. The people who were usually closest to Du Yuxuan had also gone far away. No one cared about Du Yuxuan's life.

It couldn't be helped. After all, Du Yuxuan was always bullying people and would hit and scold them at the drop of a hat. If not for the support of her grandfather who was an Elder, how could she have been so arrogant until now?

They could not wait for Du Yuxuan to die!

If Du Yuxuan had been killed by the rock monster, then even if they returned to the sect, they would at most be scolded and punished. Coupled with the fact that Du Yuxuan had offended the Nine Cloud Palace, the Sect Master would definitely not make a fuss over her death. With only Elder Du left, with the Sect Master suppressing him, he would not be able to cause much trouble.

"Save me, save me... Quickly save me..." Du Yuxuan lay on the edge of the sand pit and cried for help with all her might. She shouted non-stop. Seeing that the rock monster was about to reach her, she couldn't care less. Dragging her inconvenient legs, she tried her best to stand up and run into the sand pit.

However, just as she turned around, her back was heavily struck.

"Ah..."

The people standing in the sand pit were looking up at this moment. They could clearly see Du Yuxuan being sent flying by a rock monster with a punch. Even from afar, they could clearly hear the cracking sounds of all the bones in Du Yuxuan's body being shattered.

How painful must that be?

After suffering a violent punch from the rock monster, Du Yuxuan was dead meat.

Chapter 712 You're a Poison Master

Du Yuxuan was sent flying by the rock monster's punch. All the bones in her body shattered, and her internal organs bled profusely and were separated. Her body was sent flying into the air, then she fell heavily into the sand pit and fell directly in front of the Heavenly Spirit Sect disciples. She died miserably, making people tremble in fear and secretly rejoice.

Fortunately, they ran fast. If not for that fact, then they would be as miserable as Du Yuxuan now,

However, it was strange. When the rock monsters rushed over, why didn't Du Yuxuan run? She was standing at the edge of the sand pit. She could escape danger by jumping inside casually. Why had she been killed by the rock monster?

Had she been so frightened that she had forgotten to escape?

Just as everyone was puzzled, another intense scream sounded.

"Ah..."

The Old Man Yin Feng was similarly unable to gather spirit, but his skills were still considered agile. He dodged the rock monster's attacks a few times and ran towards the sand pit with all his might. At the critical moment, he jumped down from the sand pit, but he was still attacked by the rock monster and his back was punched.

Although he had only endured half of the rock monster's punch, Old Man Yin Feng was heavily injured. When he fell into the sand pit, he was already on his last breath.

If someone had gone all out to save him at this moment, Old Man Yin Feng might have been able to survive. Unfortunately, the surrounding people were all watching coldly, and no one cared about him.

Old Man Yin Feng was covered in poison. Who would dare to touch him? If they were accidentally tainted by the poison in his body, wouldn't they be very unlucky?

The scene was silent. Apart from the sound of the wind, there was no sound.

But at this moment, someone suddenly said in a gloating tone, "Aiyoyo... These two people are really tragic. Tragic, tragic, tragic... Those who have done all kinds of bad things will suffer retribution."

Xue Fanxin mocked the dying Old Man Yin Feng. She even walked over and squatted in front of him, continuing to mock him coldly. "Haaa... All your bones and tendons are broken, and your internal organs are shattered. There's no saving you. This rock monster's brute force is really powerful. It can beat people up so miserably with one punch..."

Before Old Man Yin Feng died, he glared at Xue Fanxin and questioned her indignantly, "Was it you? Why aren't you poisoned?"

"Poisoned? With that little poison on you, you can't do anything to me. I'm an expert in using poison. Showing off your poison technique in front of me? You're overestimating yourself."

"You... are a poison master." Old Man Yin Feng was so angry by Xue Fanxin's words that he vomited blood. He could not even speak. He already knew why he was in such a tragic state.

The poison he had poisoned Xue Fanxin with was useless. Even if it had worked, it had been cured. On the other hand, he had been poisoned or tampered with by the other party, so he could not gather spirit.

If he had known that Xue Fanxin was a poison master, he would never have used this move to deal with her, nor would he have acted rashly.

Unfortunately, it was too late now.

Xue Fanxin smiled coldly. She leaned forward slightly and whispered into Old Man Yin Feng's ear, "I said that I would never let you leave this place alive."

"You..." Old Man Yin Feng was already very heavily injured and did not have long to live. He was angry at Xue Fanxin, and in the end, he could not breathe and died.

No one knew what Xue Fanxin had said to Old Man Yin Feng in the end, nor did they suspect Xue Fanxin of Old Man Yin Feng and Du Yuxuan's deaths. After all, they had clearly seen how Old Man Yin Feng and Du Yuxuan had died.

Furthermore, after seeing Xue Fanxin kill the rock monster with their own eyes, they now had an inexplicable fear of her and did not dare to provoke her anymore.

They knew very well how powerful the rock monsters were. Even Old Man Yin Feng could not bear an attack from the rock monster.

However, the wife of the Palace Master of the Nine Cloud Palace, the Ninth Imperial Consort of the Ninth Lord's Estate, had actually easily killed five to six rock monsters... This was really a terrifying and powerful person.

Who would dare to provoke such a person?

Chapter 713 Don't Say More

After Old Man Yin Feng died, Xue Fanxin still had to check to make sure that he was really dead before leaving in relief.

The moment Xue Fanxin left, the onlookers dispersed.

Du Yuxuan's corpse had been cleaned up by the disciples of the Heavenly Spirit Sect, but Old Man Yin Feng did not even have anyone to collect his corpse, letting the sandstorm bury it.

After returning to the tent, Heiyao, Heiyue, and the others asked excitedly, "Your Highness, quickly tell us what's going on."

"Why couldn't Du Yuxuan and Old Man Yin Feng escape at the critical moment? With their ability, they shouldn't be like this."

"Your Highness, your battle was really beautiful. With a few slashes, the heads of those rock monsters had already been cut open. You knocked one down in a few moves. You're really too powerful."

"It's more than powerful. It's simply... it's... I don't know how to describe it."

"Your Highness, quickly tell us what's going on."

"All of you have so many questions. How can I answer? Anyway, we have time. I'll tell you slowly." Xue Fanxin did not mind being questioned by her subordinates at all, but she liked this atmosphere.

She had become friends with her subordinates. They were master and servant, but they were also companions. This was what she wanted.

Although Ah Jiu did not say it directly, she could tell that he valued the Black Shadow Guards, Nine Cloud Palace, and the people from the Purple Cloud Tower.

She would naturally value the people Ah Jiu valued.

Du Yuxuan was dead, and so was Old Man Yin Feng. However, the deaths of these two people did not cause much of a stir. Everyone returned to their places and did what they had to do, ignoring everything else.

After Bai Shuiling returned to the tent, she could not calm down for a long time. Every time she thought of Xue Fanxin's beautiful battle, she felt inferior.

Her cultivation level was clearly higher than Xue Fanxin's. Why could Xue Fanxin kill the rock monster but she could not?

“Shuiling, what can’t you figure out?” Elder Ke knew Bai Shuiling very well, so he came to look for her after returning from the sand pit to rest. He planned to enlighten her lest she go astray again.

“Grandpa Ke, I don’t understand. How can Xue Fanxin, a small cultivator in the Spirit Master Realm, do this? If it were me, forget about killing three rock monsters in one go, I wouldn’t even be able to defeat one. I can’t even see how Xue Fanxin attacked. It seems like she’s very fast, but it also doesn’t seem like it.”

“There are some people in this world who are existences that people look up to. They can create extraordinary miracles. What you have to do now is to set Xue Fanxin as your goal and work hard to surpass her. At the very least, you have to be on par with her, not just be envious and jealous.”

“Grandpa Ke, I’m not jealous of Xue Fanxin. I...”

In fact, she was indeed a little jealous of Xue Fanxin and a little discontent.

She did not think that she was inferior to Xue Fanxin, but in the end, she could not compare to her.

Elder Ke stroked Bai Shuiling’s head and said kindly, “Can you hide your thoughts from me? Everyone is jealous, it’s just that their magnitudes are different. Xue Fanxin is not simple. Ignoring the fact that she has a lot of power backing her, even she herself is a powerful character. You have to learn to learn from other people’s strengths and weaknesses. Don’t be envious and jealous, or you’ll end up like Du Yuxuan and Old Man Yin Feng.”

“Grandpa Ke, you mean...”

Could it be that Du Yuxuan and Old Man Yin Feng’s deaths were related to Xue Fanxin?

“It’s good that you understand this in your heart. Don’t say too much, or you’ll cause trouble for yourself and even the entire Bai family.”

“Grandpa Ke, I understand.”

#### Chapter 714 Eating So Much

Although Du Yuxuan and Old Man Yin Feng had been killed by the rock monsters, their deaths were very strange and odd, making people have no choice but to suspect something.

However, even if they had doubts, no one dared to say much. After all, these things had nothing to do with them. They did not want to end up like Du Yuxuan and Old Man Yin Feng.

“Your Highness, regarding the deaths of Du Yuxuan and Old Man Yin Feng, those people outside seem to have doubts about you. They suspect that their deaths are related to you.” Heiyue had just returned from outside and heard some rumors. She quickly returned to tell Xue Fanxin.

Xue Fanxin was eating the roasted meat with relish and asked fearlessly, “If the relatives of the Heavenly Spirit Sect and Old Man Yin Feng come to take revenge in the future, will you be afraid?”

“What’s there to be afraid of? If those people dare to touch you, as long as Master says the word, they’ll all be finished. The three great sects and four great clans are all not enough.” Little Lei’s mouth was stuffed with roasted meat as he spoke, still looking fearless and heartless.

Heiyao chimed in and said, "Your Highness, don't worry. Even if you really killed Du Yuxuan, the Heavenly Spirit Sect won't dare to do anything."

"It's not that I'm afraid now, but you're always worried, that's why I'm asking you this. Especially you, Heiyue. Why are you always worried about this and that? Relax, if the sky collapses, I'll support it. If I can't hold on, Ah Jiu will support it, so don't worry. Eat the roasted meat, my Sister Heiyue." Xue Fanxin stuffed a skewer of roasted meat into Heiyue's mouth and teased her, lest she always worried.

Actually, she knew very well that even if Du Yuxuan and Old Man Yin Feng had been killed by the rock monster, their deaths were a little strange. Those present would more or less suspect her.

So be it. She was not afraid anyway.

If the Heavenly Spirit Sect really came to settle scores with her in the future, she would settle scores with them too.

"Heiyue, how's Little Jiu?" Xue Fanxin suddenly thought of Little Jiu, so she asked with concern.

Perhaps it was because his name also had the word 'Jiu' in it. She was a little interested in this Little Jiu and wanted to know what kind of person he was.

Little Jiu's injuries were too heavy. Although she had treated him, he had been in a coma. According to the time, he should wake up soon.

"Your Highness, Little Jiu's injuries have been improving. He will probably wake up tomorrow," Heiyue replied with a smile.

She had always been unsmiling, but she had been smiling a lot recently, so she felt refreshed.

"It's good that he's awake. When he wakes up, get him some millet porridge to drink first. Don't let him eat too much meat all of a sudden. This is not good for his health."

"Yes."

"I'm full. I'm going back to sleep. I'll continue fighting in three days." Xue Fanxin stretched lazily, then got up and walked towards her tent.

The moment Xue Fanxin left, Heiyao counted how much she had eaten just now.

She was shocked when she counted.

"The Consort ate 30 skewers of roasted meat."

Every skewer of roasted meat was at least half a kilogram. Thirty skewers of roasted meat were about fifteen kilograms.

In other words, the consort had eaten fifteen catties of roasted meat and eaten more than all of them.

Little Lei was only focused on eating and did not notice this. When he heard the numbers Heiyao said, he was shocked. "That much? I remember that she ate very little in the past. She only ate a little every time. She couldn't even finish half a chicken."

Why had this woman's appetite become so big?

She ate more than him.

No, no. The next time he ate with the woman, he had to eat faster and more.

#### Chapter 715 Spatial Transfer

After Xue Fanxin was full, she returned to her tent and took out all the red crystals to look at. She placed them together and studied them carefully, but she still could not figure out anything.

No matter how ordinary these red crystals were, they could leave this large desert after collecting 500.

Last time, she had only killed one rock monster and obtained a stone crystal.

This time, she had killed six rock monsters and obtained six stone crystals.

Now that she was even more familiar with such a battle, she should be able to kill more rock monsters and obtain more stone crystals next time.

In constant battles, she became even more familiar with the time law. If she used the time law now, she could probably stop time for about fifteen seconds.

Fifteen seconds of stillness was enough for her to do many, many things. If it was a life and death moment, fifteen seconds could completely save her life.

Not only that, but she seemed to have gained new insights in this battle. However, her comprehension was not deep, so she still did not understand what the fog in her mind was.

“I want to see what you are.”

Xue Fanxin sat cross-legged on the bed and entered a state of epiphany to properly comprehend the mystery in her mind. No matter what, she had to figure out what it was.

She remembered that when she killed the rock monster, when time stopped and disappeared, during the process of jumping to another rock monster, there seemed to be an unfamiliar force fluctuating. However, the unfamiliar force had appeared for too short a time and disappeared in less than half a blink of the eye. It was very difficult for her to capture it.

If not for the fact that time was still, she probably would not have noticed that unfamiliar power.

It was a power that could allow people to teleport to another place. It was as if they had teleported from one place to another in the blink of an eye.

This meant that the space was different.

“Space... space...”

“Could it be a spatial transfer?”

“Space transfer doesn’t seem to be like this, right?”

The more Xue Fanxin thought about it, the more confused she became, but she seemed to have thought of something. Hence, she closed her eyes and used the energy fluctuation trajectory in her mind.

However, immediately afterwards, the world spun, making her feel a little dizzy. She could not understand the situation at all. Then, she heard a scream.

“Ah...”

Hearing the scream, Xue Fanxin finally reacted from her blurry state. Looking over, she saw that Heiyao was changing. Because Xue Fanxin had suddenly appeared, he could only immediately pick up his clothes and cover his important parts, looking panicked and helpless.

When the people outside heard Heiyao’s scream, they all ran in to take a look.

They were all stunned.

“Your Highness, w-why are you here?”

“Brother Heiyao, why are you naked...”

Heiran and Heiyue also ran in. Seeing that Heiyao was only wrapped in clothes, they blushed and looked away, not daring to look around.

“Heiyao, how can you undress in front of the consort? How unruly.”

“Quickly put on your clothes and apologize to the consort.”

“No, it’s not like that... This is, it’s...” Heiyao was a little incoherent, not knowing how to explain.

This was clearly his tent. Was there anything wrong with him changing in his tent?

It was clearly the consort who had suddenly appeared in his tent and seen him naked. Why was he the one in the wrong?

He was the one who had suffered.

Chapter 716 Pure Admiration

The other Black Shadow Guards were men, so they did not feel anything when they saw Heiyao. Heiran and Heiyue were women, so they had been covering their eyes with their hands and did not dare to look around. This seemed to be very normal.

But their consort seemed to be... abnormal.

“Wow... Heiyao, your figure is not bad! Your eight-pack is simply perfect. You’re also so handsome. You’re really handsome and cool. A strong and handsome man like you will definitely live a good life in the modern world. I guarantee you can become a big star.”

Heiyao felt uncomfortable being stared at by Xue Fanxin’s round eyes. He looked embarrassed and panicked. He clutched his clothes tightly and tried his best to block his body from her view.

But no matter how he blocked, it was useless. The consort actually... touched...

It was over, it was over. If his master found out, he would really be finished.

Xue Fanxin purely admired Heiyao. Seeing his perfect eight-pack, she couldn't help but touch it. "How did you train your abs? They're as hard as rocks, even more powerful than those muscular men in Hollywood.

"I wonder if Ah Jiu has such an eight-pack?"

Heiyao's face completely darkened. He wrapped the clothes on the bed messily around his body and wrapped himself up tightly. Then, he said sadly, "Your Highness, I still want to live for a few more years, so please spare me."

"Ah?" Xue Fanxin reacted a little and smiled awkwardly. "I'm sorry, I was just admiring you. As a doctor, I've seen too many men's bodies, so it's not a big deal. In the place I grew up, I can see a group of topless men on any large beach. Of course, their figures are not as good as yours."

"Your Highness, I beg you. Stop, stop. Let me off. If Master finds out, he'll definitely skin me alive."

"Er... Is it that serious?"

"Of course. Woman, have you forgotten? Master once said that you are not allowed to touch any male animal. Heiyao is in trouble now." Little Lei had come in at some point. When he saw the blinding scene, he immediately smiled evilly, imagining his master's reaction when he found out about this.

Master would definitely be very, very angry.

When Heiyao heard Little Lei's words, he wanted to cry but had no tears. He really wanted to bang his head against the wall.

"Your Highness, let's quickly leave and let Heiyao put on his clothes first," Heiran reminded her. She did not dare to look up and forward. She used her hand to cover her eyes and tried her best not to look at Heiyao, who was undressed.

"Alright, I'll leave first. This was just an accident. There won't be such an accident next time." Xue Fanxin used the same method again and mobilized the spirit energy in her body, using a power that even she was not too sure about. In the end, with a swoosh, she disappeared.

Everyone watched in shock as Xue Fanxin disappeared into thin air.

"Why has the consort learned teleportation like His Highness?"

"This seems to be different from His Highness's teleportation."

"Wow... When did this woman learn the teleportation technique?" Little Lei rubbed his eyes hard. He thought that he had seen wrongly, but later, he believed that what he was seeing was the truth.

He was now certain that the idiot woman had definitely used a teleportation technique. Although it was only an outline of a teleportation technique, it was indeed a teleportation technique.

Based on what he knew, those who practiced the teleportation technique had to master the spatial law first, or they would not be able to master it.

Could it be that that idiot woman had already comprehended the spatial law?

How was this possible?

Chapter 717 I Want an IOU

Xue Fanxin used the teleportation technique again. She had wanted to return to her tent, but perhaps because she did not have enough control over the teleportation technique, she had gotten the place wrong.

“Ah...”

Bai Shuiling was bathing in the tent, when she suddenly saw Xue Fanxin appear out of thin air, she was shocked and screamed, “Ah...”

When the people outside heard Bai Shuiling’s scream, they quickly came over to ask. However, they knew that Bai Shuiling was bathing, so they did not dare to barge inside. They only asked from outside the tent, “Miss, what happened?”

“No, nothing. All of you can leave.” Bai Shuiling reacted quite quickly. Seeing Xue Fanxin’s awkward expression, she knew that she had no ill will, so she did not let anyone in.

“Um... Miss Bai, I’m really sorry. Because I didn’t control the location well, I came to the wrong place. I’ll leave immediately.” After Xue Fanxin apologized sincerely, she wanted to leave, planning to use the teleportation technique again.

At this moment, Bai Shuiling called out to her, “Xue Fanxin.”

Being stopped, Xue Fanxin didn’t use the teleportation technique. She raised her head to look at Bai Shuiling, who was still soaking in the bathtub and asked, “Miss Bai, what’s the matter?”

“I... I... I want to negotiate with you.”

“What sort of deal do you want to negotiate?”

“It’s...” Bai Shuiling stammered, finding it difficult to say what she wanted to say. However, in the end, she plucked up the courage to say it. “I’m willing to pay a high price to buy some food from you. Can you... sell some to me?”

When had she, the dignified Young Miss of the Bai family, ever been so humble for a little food?

But in order to survive and for the people who followed her, she had to get food.

“Sure! There’s no problem with that.”

Seeing that Xue Fanxin had agreed so readily, Bai Shuiling did not believe her. “You’re really willing to sell food to me? Do you know what food means here? It’s the key to survival.”

“10,000 crystal coins for a kilogram of rice and 100,000 crystal coins for a kilogram of meat. Do you want to buy it?” Xue Fanxin did not answer Bai Shuiling’s questions but asked her one back.

Bai Shuiling was a little stunned, but when she heard Xue Fanxin’s price, even if it was a little high, she immediately nodded and agreed. “I’ll buy it.”

“How much? Let me say this first. Food is limited, so I won’t sell too much.”

“How about twenty catties of rice and ten catties of meat?”

“No problem.” Xue Fanxin took out the rice and meat on the spot and revealed a rough number.

“There’s about twenty catties of rice and ten catties of meat here. Ten thousand crystal coins per catty of rice, that’s two hundred thousand crystal coins. One hundred thousand crystal coins per catty of meat, that’s a million crystal coins. A total of 1.2 million crystal coins. Miss Bai, do you want to pay cash or write an IOU?”

Bai Shuishui was blushing now and felt very embarrassed, but for some reason, losing face in front of Xue Fanxin no longer made her feel like she was gnashing her teeth. Instead, she felt a little uncomfortable, a little embarrassed, and a little depressed. She could still accept this complicated emotion, so she threw caution to the wind and said, “I’ll write an IOU.”

Although the Bai family was the richest among the four great families and 1.2 million was nothing to the Bai family, but to her, it was a large sum. If the Bai family was unwilling to pay for her, she could only pay for it herself.

They had no choice. After all, the Bai family’s financial authority had fallen into the hands of a stingy person. No matter how rich the Bai family was, it was very difficult for them to spend money.

Chapter 718 You’re Not Angry

Xue Fanxin was not surprised by Bai Shuilong’s answer, it was as if she had long guessed that she did not have so much money to pay for the food with.

Bai Shuilong came out of the tub with a flushed face. She was wrapped in a towel and changed in front of Xue Fanxin. Even after putting on her clothes, her face was still very red.

Alright, anyway, she would usually get her maidservant to wash and change her. Xue Fanxin was a woman, so it was no big deal even if she was seen naked. They were both women, so it did not matter.

Just as Bai Shuilong was comforting herself, she was completely defeated by Xue Fanxin’s words.

“Miss Bai has a good figure. Your skin is fair and tender. You must take good care of yourself.”

“Xue Fanxin, shut up.” Bai Shuilong was enraged and roared at Xue Fanxin angrily. However, after shouting, she regretted it. She was very afraid that this would anger Xue Fanxin, and she was even more afraid that the food she had prepared would be gone. However, Xue Fanxin’s reaction shocked and puzzled her.

“Aiyoyo, why are you so fierce? I’m praising you, yet you’re still fierce to me. How unlikable.” Xue Fanxin showed no signs of anger at all. She was still teasing her leisurely.

“You’re not angry?” Bai Shuilong asked in confusion. She really could not see through Xue Fanxin.

If it were any other rich missy with a high status, how could she not be angry when she was roared at like this?

However, looking at Xue Fanxin’s indifferent expression, she really did not seem to mind at all.

“Why would I be angry if there’s nothing wrong? Do you think it’s a good thing to be angry too much? Women who are too angry age faster, so don’t be angry easily. Miss Bai, I’m still waiting for your IOU!”

Bai Shuiling temporarily did not quarrel with Xue Fanxin. She took out a pen and paper from her pocket and wrote down a 1.2 million yuan IOU. She handed it to Xue Fanxin. “This is the IOU. If you can really leave here alive, take this IOU to the Bai family to ask for money.”

“You’re much more straightforward than Bai Wuchen. That guy wants me to treat him, but he hesitated for a long time just about the consultation fees. Even now, he hasn’t replied.” Xue Fanxin took the IOU and looked at it briefly. After confirming that there was no problem, she put it away.

“You really know my brother?” Xue Fanxin had mentioned Bai Wuchen before, but Bai Shuiling did not believe her. Now that she heard Xue Fanxin mention him again, she started to believe her.

Her brother, who had serious mysophobia, was a rare person to interact with. Even her siblings at home were despised by him.

But with Xue Fanxin, she saw that her brother, who had mysophobia, was the one being despised.

“I’ve seen him once or twice, but I’m not very familiar with him. Isn’t your Bai family very rich? Why can’t you even take out five million crystal coins for the treatment?”

“Five million crystal coins?” When Bai Shuiling heard this number, her eyes widened, as if it was an incomparably huge number.

“That’s right! It’s only five million crystal coins. With your Bai family’s financial resources, you can take it out casually, right?”

“Our Bai family is indeed rich, but that money is not something we can spend just because we want to. Five million crystal coins is indeed a huge sum to us. This is an internal matter of our Bai family, so I can’t say much. Please understand.”

“Sure, sure. I hope you won’t deny the IOU when I go to the Bai family to take the money.”

“Don’t worry. I definitely won’t deny this money. Even if the Bai family doesn’t give it to you, I’ll think of a way to give it to you.”

“Alright, I’ll choose to believe you this once. Enjoy this food slowly. I’ll leave first. Bye.” Xue Fanxin waved at Bai Shuiling playfully, then used a teleportation technique and disappeared with a swoosh.

## Chapter 719 You’re Not Human

Xue Fanxin disappeared into thin air in the same way as she had appeared out of thin air.

Bai Shuiling once again refreshed her understanding of Xue Fanxin. She could not see through this wife of the Palace Master of the Nine Cloud Palace, the Ninth Imperial Consort of the Ninth Lord’s Estate.

After coming into contact with her again, not only was Bai Shuiling curious about Xue Fanxin, but she also felt that it was best not to provoke this person.

Looking at the outcome of Du Yuxuan and Old Man Yin Feng, even if these two people had not been killed by Xue Fanxin herself, their deaths must have had a close relationship with her.

She did not want to take the path of these two people.

Actually, Xue Fanxin was not that annoying. She was very special and was not as arrogant and domineering as when they first met. She was still quite easy to talk to.

“Forget it. No matter what kind of person Xue Fanxin is, it’s good as long as I can get food from her.” Looking at the food on the ground, Bai Shuiling smiled happily and immediately got someone to start cooking.

Xue Fanxin did not care about Bai Shuiling’s matter and used the teleportation technique again. This time, she finally did not make a mistake and returned to her tent.

“Could this be the teleportation technique Ah Jiu and Little Lei often use?”

“I can teleport too! Although the distance is a little short and the positioning is a little bad, I’ll be fine after practicing more!”

“If I use teleportation in the next battle with the rock monster, won’t that save me a lot of trouble?”

“For safety reasons, I have to practice my teleportation technique well these few days to avoid any mistakes on the battlefield.”

“What teleportation technique? Yours is called the transmission technique. It’s different from the teleportation technique.” Little Lei was already waiting outside Xue Fanxin’s tent. He only walked in when he heard Xue Fanxin’s voice coming from the tent.

Xue Fanxin did not mind that Little Lei had barged in randomly. Instead, she asked excitedly, “Little Lei, what did you just say? My technique is called transmission, not teleportation?”

Little Lei nodded heavily and said, “That’s right, that’s right! Teleportation is only a speed spirit technique. As long as you’re fast enough, you can instantly reach the place you want to go after consuming a certain amount of spirit energy. But transmission is different. It’s a spatial spirit technique that you have to comprehend the spatial law to cultivate. Woman, woman, when did you comprehend the spatial law?”

“What spatial law? I don’t know!”

“If you don’t know, how can you use a transmission technique?”

“It’s just that when I was fighting the rock monster previously, I had some comprehension. I came back and slowly pondered over it, then figured out this. I appeared in Heiyao’s room just now because I didn’t master the transmission technique well, so something went wrong. Hehe!”

When she thought of Heiyao’s perfect figure, she was excited. She wondered if Ah Jiu also had such a figure... Cough, cough, pervert, what are you thinking?

Little Lei did not know what Xue Fanxin was thinking. At this moment, he had already been severely attacked by her words. “Woman, you’re not human. You just comprehended the time law not long ago, and now you’ve comprehended the spatial law. Are you a human or a god?”

“You’re not human.” Xue Fanxin patted Little Lei’s head and asked, “How did you know that I used a transmission technique and not a teleportation technique?”

“I once saw a person use a transmission technique, so I knew. Woman, woman, can you teach me the transmission technique?” Little Lei was about to ask for guidance, but he immediately stopped. “Forget it. Without comprehending the spatial law, I can’t learn the teleportation technique at all.

“Sigh... My heart has been attacked. Woman, quickly bring roasted meat to comfort my injured heart.”

“You don’t want to learn the transmission technique, you just want to eat roasted meat, right?”

## Chapter 720 Greater Brute Force

In the following time, Xue Fanxin worked hard at practicing her transmission technique. It was quite effective.

Because they had seen Xue Fanxin kill the rock monster with their own eyes, the people in the sandstone pit did not dare to mock Xue Fanxin anymore, nor did they dare to have any thoughts about her. As for the deaths of Du Yuxuan and Old Man Yin Feng, even if they were related to Xue Fanxin, they would not say anything, let alone gossip.

Anyway, Du Yuxuan and Old Man Yin Feng had indeed been killed by the rock monsters, and these two people were not good people. Why should they provoke Xue Fanxin because of them?

The people in the sand pit were basically all forces near the Imperial City. Apart from the Heavenly Spirit Sect, the other two great sects had not come, and everyone from the four great clans had come.

The Flying Dragon Sect and the Flowing Cloud Sect were quite far from the Imperial City. When the phenomenon appeared in the Moon Burial Ridge, they would receive the news later than the other factions. They would probably still be on the way to the Moon Burial Ridge.

The foundations of the four great clans were all in the Imperial City. The Heavenly Spirit Sect was not far from the Imperial City, so after the phenomenon appeared in the Moon Burial Ridge, they immediately sent people to investigate. Unexpectedly, in a few days, they were sucked into a vortex and trapped in this huge desert that they could not walk out of.

Xue Fanxin was not interested in which faction the group of people in the sandstone pit belonged to. She worked hard to practice her transmission technique and waited for the next battle with the rock monsters.

Three days passed quickly.

Half an hour before the rock monsters appeared, Xue Fanxin was waiting outside the sand pit. There were quite a few people who had come to watch the battle this time, but there were not as many as last time. They were all afraid that something like what had happened to Du Yuxuan and Old Man Yin Feng would happen again, so they did not dare to come close.

However, some people still wanted to see Xue Fanxin kill the rock monsters again, hoping to learn something from it.

The rock monsters appeared on time. In the beginning, one, two, three, four, and five rock monsters were easily dealt with by Xue Fanxin. The method were the same as before, but she noticed something.

When killing the rock monsters, it seemed to be much easier than before. Especially when cutting open the rock monster's head, it did not feel as tiring as before. Instead, it was done easily.

She had been practicing the transmission technique recently and had not cultivated it. Her strength should not have changed, but she could clearly sense that her brute force had increased. Furthermore, it had increased by quite a lot. This was why she could easily cut open the rock monster's head.

The so-called brute force was actually the strength of the body. Arm strength and leg strength. To put it bluntly, if the body was stronger then the strength released was stronger.

Why had the power of her body inexplicably become stronger?

Xue Fanxin did not have the time to think about this problem now. After dealing with the three rock monsters at the same time, she prepared for the next battle.

Next, more than ten rock monsters would appear at once. This was a new challenge. She wanted to see if she could kill all these rock monsters this time.

It was not only Xue Fanxin who knew that more than ten rock monsters would appear in one go. Those standing at the edge all knew, and they thought that Xue Fanxin would choose to retreat, but unexpectedly, she stood rooted to the ground. It seemed like she had decided to continue fighting.

What kind of joke was this? Wasn't fighting more than ten rock monsters alone courting death?

"Your Highness, quickly retreat. Stop fighting."

"Your Highness, more than ten rock monsters are really too dangerous. Come back quickly."

"It's okay. I'll retreat if the situation goes wrong." Xue Fanxin insisted on staying to fight.

What a joke. If she did not improve at all this time, wouldn't her efforts over the past few days be for nothing?
