Bonnie had been drowning in her imagination , in dreams of Jim recovering from his amnesia , so much so that she had been blinded to the fact that he despised her and even turned down Sean because of this . She had been so fixated on criticizing Theo that she forgot she , too , was caught in the same predicament .

Therefore , she did not intend on continuing this cycle anymore . " Do you have anything to say , Mr. Landry ? " 11 asked Bonnie in a low voice , seeing that Jim was staring at her through the rearview mirror in silence . Jim narrowed his eyes and continued to stare at her . At this moment , Bonnie's eyes were etched with coldness and determination , and he could not help feeling that ... if he ...

were to let Bonnie go at this moment , she She would never return . He took out a pack of cigarettes from his pocket and lit one . Before he could even take a puff from it , Bonnie furrowed her brows and said , " My health isn't good , and I can't handle the smell of smoke . If she had said this to him in the past , he would have ignored her entirely .

After all , in his eyes , she was nothing more than a deceitful , manipulative gold digger who was after him for his money , so why did he care about her opinions ? Unexpectedly ... As soon as he heard this , he put out his cigarette and wound the windows down to let in some fresh air . " When did you start having this problem ? " Bonnie scoffed . She did not have a problem with the smoke , but ... she had to think of the baby inside her belly .

Even if she did not care about her health , she had to think of the baby . As soon as she thought of this , she curled her lips into a smile and said , " Since a long time ago , Mr. Landry , but you forgot everything . " Well , it doesn't matter anyway , since we won't be seeing each other anymore in the future . " Jim narrowed his eyes upon hearing this . " I'm sorry . I won't do this again in the future . " Then , he rubbed his brows in exasperation and added ,

" I can't help noticing that you go out of your way to oppose me at every chance you get , Bonnie Craig . " When I said I didn't remember you E4N : rC [ J hated you , you kept pestering me and trying to get me to notice you , but now that I decided to marry you and raise Harvey and Shelly as our children , you turn me down . "

He stared at Bonnie's tiny face through the rearview mirror and asked , " You're doing this on purpose , right ? " Bonnie could not help snickering when she heard this . " Well , aren't you the one who's constantly opposing me at every turn , Mr. Landry ? " You rejected me over and over when I confessed

my love for you , and now that I've finally given up , you changed your mind and decided to marry me ?  
" Jim chuckled . " You're quick on your feet .

No wonder Luna sent you to talk some sense into Theo . " Then , he let out a sigh and fixed his gaze on somewhere far ahead . " Still , you should know that as soon as my mind is made up , Bonnie , nothing can change it . " When I say I want to marry you , there's nothing you can do to stop me , and I have plenty of ways to change your mind . " Bonnie narrowed her eyes and was about to say something in reply when someone knocked sharply on the car window .

Harvey had sprinted out of the house and was now gasping for his breath . " Daddy , Mommy , something terrible has happened ! " June ... June is missing ! "

How can June be missing ? " " F Harvey wiped the tears from his face and said , panting , " Shelly's the only person in the house now !

All the babysitters are protecting and looking after Shelly , but I can't find June anywhere ! " Then , he explained what had happened in fits of sobs , " When I couldn't find her , I asked the maids and babysitters where she had gone , and they told me that ... " They said that not long after we left , Dr. Suess arrived , saying she was there to check on June ...

" Since all the guards were transferred here from Uncle Joshua's place , they were naturally familiar with Dr. Suess , and on top of that , she had come here to see June on several occasions before , so they let her in without thinking twice . And then ... " 1 He sniffed and finally could not stop his tears from falling anymore .

No matter how strong one was , one would not be able to withstand the hurt and sorrow of losing a loved one . Besides , he was only six , and no matter how mature and level – headed he usually was , he was still a child . June was his best friend growing up , and they were so close that he could bear the thought of not living with his parents , but not the idea of being separated from June . He had even

planned to marry her as soon as they grew up , and therefore , protecting June had been his utmost priority , but that day ... He had left June home alone because he wanted to cherish the last few moments he had with his Mommy . This was the first time he had ever left

June alone , and something terrible had happened ! As soon as he thought of this , Harvey started crying even harder . " Initially , when Dr. Suess went to check on June , one of the babysitters had been there with her , but she kicked her out of the room , claiming that she didn't want her to learn her secrets ... " However , she wasn't in the room at all , and instead , there was a pillow in her place ! " Harvey wiped the tears from his face and added , sobbing , " Dr. Suess must've kidnapped June ! Please help me find her , Daddy , Mommy ! I can't let anything happen to her ! " A twinge of pain shot through Bonnie's heart at the sight of this .

She and Harvey had known each other for more than a year , but this was the first time she had ever seen him cry like this . He had not even cried so hard when his father and mother separated , so she knew that Harvey truly cherished June beyond anything ! As soon as she thought of this , Bonnie exhaled , picked Harvey up in her arms , and strode toward the house . " Have you checked the surveillance tapes ?

" Harvey shook his head . " I didn't get the chance to ... As soon as I discovered that June was missing , the first thing I did was ask the maids , and then I came out to find you guys ... " We should go look at the surveillance tapes now , lest we accidentally misjudge Dr. Suess ! " " Alright ! " Bonnie strode into the house with Harvey In her arm. meanwhile, out side.
