### Chapter 2831

It was out of Thomas and Yannie's expectation to see Denise admitting her mistake and apologizing so easily, so much so that they were stunned.

After a while, Thomas furrowed his brow and looked at Denise, who was kneeling on the ground coldly. "What are you trying to do? Are you trying to fool us to forgive you?" said Thomas.

Denise pursed her lips and looked at him. "Why? Did I surprise you by admitting my mistake so suddenly?"

She was willing to admit her defeat. Whatever consequences she was going to face was solely her choice. There was nothing for her to regret nor refuse to admit. She knew she would face Thomas' punishment sooner or later, and she would rather face it head-on.

"Yes, I'm surprised." Thomas squinted. He bent over to look at Denise's pretty face. "To be honest, I've been thinking about how to punish you to vent out my anger. Killing you isn't necessary. I want to let you experience the torture and pain I suffered..."

He smiled coldly. "I don't mean to make it difficult for you. If you go to the slum outside of the city tonight and have sex with ten men, I'll let go of everything you did to me. How about that?"

The room turned quiet immediately after what Thomas said. Denise raised her head and looked at Thomas with disbelief. She opened her mouth and tried to say something, but nothing came out.

Before Denise came to meet Thomas, she had thought of various punishments and tortures she would receive from Thomas. She even prepared herself to lose an arm and be a handicapped person for the rest of her life. She nearly killed Yannie and Riley a few times too, after all.

However...

She never thought Thomas would suggest such a punishment. This punishment was so much more unbearable and cruel than killing her!

"Mr. Howard, that's too absurd!" Sean furrowed his brow while walking over.

He then pulled Denise to her feet and stood in front of her. "You can kill her, but you shouldn't insult her!" Getting a normal woman to do that... It was crueller than killing her!

"I don't kill people." Thomas sneered. "She insulted Yannie so many times, even nearly killing her and my daughter. Can't she even endure such a little insulting moment?"

He looked at Denise. "Besides you were the one who said you were willing to accept the punishment. You swore you could accept everything and weren't afraid of anything. I really doubt you realize your mistake by having someone else standing in front of you and questioning me on your behalf."

Denise's face turned pale. After a while, she bit her lip and pushed Sean away.

"..accept the punishment."

It's just some humiliation, that's all. It's still better than losing my arms, legs, and life, she thought.

"Denise." Yannie furrowed her brow as she stood up. She did not think Denise would accept the proposal. You..."

Actually, Denise did not need to accept it so quickly.

Yannie knew Thomas. In her point of view, Thomas was just using this to test whether Denise was sincere in admitting her mistake.

It struck her deeply after she knew the truth. She wondered if her feelings for Thomas were real. Maybe, just maybe...she did not really love him.

When everyone kept telling her how good Thomas was and what a perfect match they were, she became deluded. She finally realized she was wrong and that everything...was too late.

Just like what Thomas said, could all of the things that happened be written off so easily just because she knew she was wrong?

She took a deep breath and looked at Thomas. "I'll accept whatever punishment *you* have in store for me."

### Chapter 2832

The room was dead silent.

Yannie looked to the side. She wanted to say how cruel it was, but her heart refused to when she remembered all the terrible things Denise did to her.

Yes, Thomas had gone overboard with this 'punishment', but...Yannie did not sympathize with Denise.

Sean furrowed his brow. "What a cruel person you are, Mr. Howard,"

Thomas laughed. "So—so. Maybe you'll understand my decision after you experience what I've gone through in the future."

After that, he looked at Denise coldly. "Do you think I'm cruel?"

Denise did not answer the question immediately. It was a minute later when she shook her head. "I don't think so."

She stood up and lowered her head to look at the time. "Tonight. Ten men, right? I'll take photos to prove it."

She turned around and left.

Sean furrowed his brow and gave Thomas a final glare before he hurriedly left to catch up with Denise. "Hey, don't do it!"

Sean and Denise's footsteps grew distant not long after.

Over in the opposite room, the lady Denise found to care for Riley shivered in fear after hearing what Thomas said. Eventually, she passed Riley over to Luna and fled for her life. Although she never did anything that she should not do, she was Denise's follower for a long time. If Thomas decided to look deeper, he would surely find she was involved in bullying Yannie before.

Luna sighed when she looked at Denise's friend leaving, but she carried Riley back into the room where the others were.

"Riley!" Yannie was over the moon to see Luna carrying Riley into the room. She strode over to Luna and carried the little girl into her arms. "Thank goodness you're alright!"

Luna was touched to see how excited and thrilled Yannie was.

It had been hard for Riley. She was taken away by the Quinn family under Malcolm's order when she was born into the world. During that time, she had it rough under Heather and Malcolm's care before she and Joshua finally took her under their wing. It took a long time, and many hardships before she was finally reunited with her parents, Thomas and Yannie.

Riley's life was rough, but she was just as tough.

doubt you realize your mistake by having someone else standing in front of you and questioning me on your behalf.”

Denise’s face turned pale. After a while, she bit her lip and pushed Sean away.

“I...accept the punishment.”

‘It’s just some humiliation, that’s all. It’s still better than losing my arms, legs, and life,’ she thought.

“Denise.” Yannie furrowed her brow as she stood up. She did not think Denise would accept the proposal. “You...”

Actually, Denise did not need to accept it so quickly.

Yannie knew Thomas. In her point of view, Thomas was just using this to test whether Denise was sincere in admitting her mistake.

Yannie looked at Thomas. “Thomas, since Ms. Hughes has said this, you-”

“I’ll get someone to send her to the slum now.” Thomas glared at Denise’s face and said, I’ll be there personally to accept your apology and check your result tomorrow morning. If you fail the task, then I’ll still go with the original plan and let you fulfill the task.”
