

## Pursuing My Ex-Wife Isn't Easy chapter 2865

### Chapter 2865

After a moment of silence, Gwen nodded vehemently. "Thank you. I'll go tell Joshua and the rest about Denise and Sean now. After I'm finished here, I'll go over to your place to look for you."

Since Denise and Sean were both in danger, it was better for her to go over as soon as possible to distract Mr. and Mrs. Hughes.

"Steven's parents are gross." Luna frowned after knowing what happened to Denise and Sean. "They specifically said Denise had nothing to do with them. They made it very clear that she was adopted. Now that Denise finally found the love of her life and wanted to cut ties with them, they're pulling this?"

She pursed her lips. "They're so mean."

Although Luna did not like Denise, she was a mother of four. She knew the bond between the parents and the child. Even if the child was adopted, the parents should never treat the child any differently.

The only explanation was that Steven's parents were heartless, cold-blooded people that had not a smidge of sentiment for Denise. The only thing they cared about was the advantage they could attain from being her parents.

She stretched her mouth and said, "How could people like them have Steven and Luke as their parents?"

Joshua smiled. "Parents and children are different from one another. My father is a jerk. Do you think I'm a jerk, too?"

A simple statement, yet it left Luna speechless. When they were organizing the information on how the Hughes family and the Miller family plotted against Luke, Joshua had already taken out all the evidence of what Adrian had done to Joshua's mother, Rianna.

Luna had a hard time believing how shameful and despicable a man could be.

In the past, she thought Adrian was someone bad at displaying his affection and had no feelings for Joshua...until she saw the information on how Adrian plotted, little by little, to drive Rianna nuts that finally drove her to kill herself. She knew she had underestimated how brutal and cruel Adrian was.

Gwen did not know what Joshua and Luna had read or chatted about. She frowned. "It's not the time to talk about this now. Do any of you have any way to contact Sean? Steven said there are a lot of traps and secret passages in the residence. If Sean is still in there, he could be in danger."

Luna furrowed her brow. "I don't have Sean's number."

On the other hand, Joshua took his phone to make a call. Albeit, it could not get through.

“You can’t reach him?” Gwen frowned and asked.

“Well, not really.” He curled his lips and called another number. “Contact Sean for me.”

“Daddy, did you call Nigel just because of this?” Nellie was the one who answered the call. “You sound so cold. Nigel is not your employee. He should be like me, your previous!”

Finally, there was a smile on Joshua’s tensed and worried face because of what Nellie said. “When did I say he’s not my precious? It’s an emergency and I need your brother’s help.”

“Hmph! Excuses!” Nellie felt sorry for her brother. “I’ll let you go this time! If I hear you ordering him and not treating him like your precious, I’ll be angry!”

After Nellie said what she wanted to say, the phone got snatched away. Subsequently, Nigel’s voice came

through. “I’ve contacted Uncle Sean. What do you want to tell him?”
