### **The Policewoman Chapter 20**

The wide neckline looked inwards to reveal a blue bra and a plunging cleavage.

From behind, as she squatted, the waist of her trousers created a deformation and the hem on the back of her blouse finally detached from the edge of her trousers, exposing a large expanse of snowy white body.

“Hahahaha!”

The thugs let out a bad, evil laugh as they looked at the naked female officer from various angles.

Black Dragon laughed, “Officer Tang, today you finally get to admire your body that you never expose in front of men!”

Only then did Tang Huimin realise that she had gone naked.

Although she was not a conservative woman and did not care much about that, after all, it was the body that had never been naked in front of men that had actually been seen by the thugs, creating a feeling of disgust.

Just as she tried to force herself to stand up from the severe pain, the thug flew up and kicked her in the face again.

Bump!

There was a muffled sound.

Tang Hui Min was kicked to the side.
