The Policewoman Chapter 21

Not waiting for Tang Huimin to react, the assailant rushed up, grabbed her wrist and pulled her up from the ground. Compared to their male colleagues, female police officers share the common weakness of weak resistance to blows and lack of strength.

Tang Huimin was no exception and, now, these weaknesses dictated that this heroic female officer would be caught alive by the thugs

The police officer is now caught alive.

Tang Huimin's hands were pulled over her head and dragged in front of Black Dragon.

At this moment, the hem of her blouse had risen completely, exposing her white, slender waist and sexy navel as if she was wearing a revealing dress.

Black Dragon touched her at the waist.

Out of shame, Tang Huimin moaned softly, not yet recovered from the two punches and kicks she had just received, and could only glare at Black Dragon and twist her body weakly to struggle a few times.

Despite seeing that Tang Huimin had been tackled, Black Dragon was still very much in fear of the female officer and ordered.

"Tie her up quickly."

The thugs swarmed forward and took out the ropes they had prepared, forcibly cutting Tang Huimin's hands behind her back and firmly tying her wrists.

At this point, Black Dragon put his mind at ease.

The thugs laid the tied up Tang Huimin flat on the ground.

When she was able to recover a little, she immediately stomped her feet and kicked some of the thugs down.

The thugs panicked again, but as the female officer was still tied up, the resistance was merely token and the two thugs soon had her feet pinned down.

Black Dragon then stuck the syringe into Tang Hui Min's arm and injected the liquid completely into her body.

Subsequently, under the leadership of Black Dragon's Jean, Tang Hui Min, who was completely defenceless, was raped by the gang of shameless thugs in turn.

Tang Huimin did not know how many tears of humiliation she shed, nor how much of men's filth was injected into her body

"Captain Tang, aren't you pretending to be decent and innocent?" Black Dragon looked at Lin Kai, who had awakened and was struggling to get up from the ground, and said to Tang Huimin, who had been

tossed around enough by them, “Now, I want to see what it’s like for you to commit incest with your nephew?”

“You you animals, you are simply heartless, you you will not have a good death” Tang Huimin cursed intermittently.

When Lin Kai fell unconscious, he vaguely heard the sounds of his sister-in-law being fought by the thugs, but because he was so badly injured, his body was so weak that he couldn’t open his eyes at all.

When he gradually regained consciousness and opened his eyes, he saw that his brother-in-law had been captured by the thugs, who were abusing her, and was so distraught that he even wanted to kill the thugs.

He tried to flop on the ground a few times, but due to his weakness, he could not get up and watched the thugs ravage his aunt.

“Oooh

When Lin Kai heard Black Dragon’s heartless words, he became so angry that he used all his strength to finally stagger up from the ground.

The two thugs swarmed up and grabbed Lin Kai’s arms, which were bound with ropes, left and right.

Lin Kai refused to comply.

He struggled desperately, but his mouth was gagged with transparent tape, so he could only make a whimpering sound.

“Fight with me to death!” Black Dragon bellowed.

The two thugs immediately punched and kicked him.

“Stop it, stop it now!” Tang Hui Min cursed loudly and angrily.

At this moment, her heart was like a knife. She struggled hard for a few times, but in the end, she could not break free because she was secured by the rope, so she could only watch Lin Kai being beaten violently by the thugs.

Lin Kai once again fainted.

“Haha,” said Black Dragon, pointing at Lin Kai, “I didn’t expect that your nephew was really a loser, so unbeatable, it didn’t take more than a few blows. If you haven’t thought about it, we’ll just have to send him on his way

“Don’t don’t do that, Tang Hui Min gritted her teeth and said, “Only as long as you let him go, I’ll agree to your demands... ..”

She knew in her heart that these murderous thugs would do anything, and in order to save Lin Kai’s life, she could only commiserate.

“That’s right,” Black Dragon said with a bad smile as he motioned for his men to stop, “You guys put Captain Tang down and let us enjoy her and her nephew’s performance!”

On command, the thugs immediately lowered Tang Huimin from the wall and re-bound her.

A long, thin, rough hemp rope was wrapped around Tang Huimin's plump peak and bound in several separate loops above and below the snow-white peak, which was already so large that the veins were faintly visible.

The thugs carried Huimin Tang to a chair in the room and pushed her body down so that she was lying on her knees facing the chair with her legs spread wide.

Black Dragon then went to the unconscious Lin Kai and had the two thugs lift him up, tie him to the chair and spread his legs so that he was facing Tang Huimin.

Tang Huimin instantly understood Black Dragon's intentions, her cheeks immediately flushed red and she immediately shook her head violently in resistance.

"You how can you ask me to do this, no no, only only this thing... .." said Tang Hui Min in a panic.

The tyrannically inclined Black Dragon already had a belt in his hand and was spanking down relentlessly towards Tang Hui Min's round bottom.

Snap!

A crisp whip sounded.

Tang Huimin's white, round buttocks quickly showed several light red whip marks as she struggled, her snow-white, plump body bouncing incessantly.

.....

When Black Dragon saw Tang Hui Min's eyes staring angrily at him, vowing not to comply, he pointed to Lin Kai, who was tied to a chair and still unconscious, and said to his minions.

"This kid is no longer of any use to us, I don't want to see him anymore, you guys hurry up and pull him down with me!"

Tang Huimin immediately felt something bad, only to see her struggle hard a few times, and with her eyes angrily looking at Black Dragon, she asked loudly.

"What are you going to do?"

"Haha," said the black dragon with a loud laugh, "send him to meet the King of Hell."

"You you rascal, you beasts, you will not have a good death, I will not let you go even if I am a ghost!" Tang Hui Min cursed angrily.

"Haha," Black Dragon laughed loudly and wildly; "Don't worry, I won't let you be a ghost, even if you have to be a ghost, it will be a flirtatious female ghost!"

With that, he waved his hand to the thugs around him.

The two thugs then lifted up the chair and carried it out of the room together with the tied up Lin Kai.

Tang Huimin knew in her heart that Lin Kai was in grave danger, and that this was probably the last time they would see each other.

The Policewoman Chapter 22

“How are things being handled on your end?” The low voice of Zhao Wenlong, the chairman of the Dragon Python Group of Companies, came from the bald man Black Dragon’s mobile phone.

“Boss, don’t worry, we’ve taken care of it.” Black Dragon replied.

“How was it handled?” Zhao Wenlong asked eagerly.

“I had my brothers kill the kid who had beaten you up violently and then threw him onto the highway around the city, and after conditioning that slut Tang Huimin, he sold her to those snakeheads abroad, this stinky woman will definitely not have good consequences” Black Dragon answered truthfully.

“Very well, did it leave any traces?” Although Zhao Wenlong was a little upset that he had been sold by Black Dragon and the others without getting Tang Hui Min, he was still a little relieved that the guys had taken out a bite for him.

“Please don’t worry boss, this time, we did a very clean job and definitely won’t leave any traces.” Black Dragon assured him.

“That puts my mind at ease,” Zhao Wenlong barked, “I’ve just gotten word that the Public Security Department has issued a document to launch a city-wide ‘fight against blackness and illegality’ operation tonight, with public security cadres from various departments and armed police force members will take part, so you should quickly inform those brothers under you and the entertainment establishments you run, and tell them to be honest, so that they don’t get caught by the police or even fall into their hands.”

“Okay, I’ll go and explain to the brothers now!” Black Dragon said hurriedly.

.....

When Tang Huimin woke up, she only felt darkness in front of her eyes.

With her intuition as a policewoman, Tang Huimin found that it was not that it was dark, but that her eyes had been blindfolded with a cloth.

Then she realised that her mouth had also been taped shut and she could only breathe sharply through her nose, feeling somewhat deprived of oxygen.

Instinctively, she tried to use her hands to undo the tape, but found that her hands were also handcuffed behind her, and the cold chrome feeling at her wrists confirmed to her that they were handcuffs.

Handcuffs were all too familiar to her, except that she had never dreamed they would be on her own hands.

“Wasn’t I captured by the Black Dragon led thugs?” Her mind wandered back to the time when the thugs had arrested Lin Kai and called herself to go and rescue him, only to fall into the thugs’ trap.

A cold chill ran through her heart as she thought of the time the thugs had tied her up, tortured her and then made her wait on Lin Kai, who was tied to a chair.

“What about Lin Kai now? Has he been killed by the Black Dragon?” The infinite darkness created a fear in her that she had never known before, “Where am I now? What does that beast Black Dragon want?”

As if she had touched something, Tang Huimin felt her body swaying a little, and there was the faint sound of running water in her ears, as if she was in a boat.

As it was pitch black, she could not tell whether it was day or night, and where she was being transported to, and she became more and more apprehensive.

The hours passed, and Tang’s heart was in a constant state of suspense and anxiety.

Finally, the boat stood still, as if it was docking.

Soon, she heard the sound of chaotic footsteps and was picked up by two pairs of strong, powerful hands and half-dragged, half-walked off the boat.

Although her feet were on firm ground, she still felt a little wobbly due to inertia, and stood up straight in a hurry so as not to let herself fall off.

The two hands that had been holding her arms were finally released, followed by the removal of the cloth from her eyes.

At the first sign of light, Tang Huimin’s eyes stung painfully.

She hurriedly closed her eyes, rested for a while, and then opened them again, repeating several times before she could finally see the scene in front of her.

It was a small island surrounded by sea on all sides.

The vegetation on the island was very lush, bushy and lush, typical of a tropical rainforest.

On the beach, which was barely a pier, a luxurious tourist boat was parked. Even with one’s buttocks, one could guess that this must be the boat that Tang Hui Min had just taken.

Although her body was shaking involuntarily from fear, she tried to calm down at the thought that she was a police officer and steeled herself to look around.

Tang Huimin found that, apart from herself, there were many girls standing around, probably as many as ten or twenty.

Although they were of different heights, fat and thin, they were all young and pretty.

The girls were even more frightened than she was, and some of them could not even stand up, crouching and shivering on the ground.

On top of that, there were seven or eight strong men standing behind them –

Dark-skinned, uniformly grim-faced.

They all had belts, rubber sticks, electric batons and other murderous weapons in their hands, giving them an extraordinarily eerie look that could not help but be a little creepy.

Tang Hui Min soon realised that although she was free from the control of the Black Dragon, she had fallen into another devil's den.

Soon they were being driven forward like a pathetic flock of sheep.

A man walked ahead to lead the way. With just a few random dials, he was surprised to find a path through the thick undergrowth.

The path was very sheltered, always hidden by thick weeds, and had obviously been designed by hand, as the road was always paved with fine gravel.

On the way, the weeds touched Tang Huimin's calves from time to time and could not help but make her a little scared.

Tang was worried that snakes and rats might come out of the grass, as she had been afraid of these disgusting critters since she was a child.

Fortunately, there was nothing to worry about from start to finish.

The group had been walking along the winding path for about ten minutes when Tang Huimin heard the sound of a stream running. An intermittent stream and the trail sometimes ran parallel and sometimes intersected, gurgling towards the sea.

After another 100 metres or so, the sound of water was also inaudible, and the stream forked from the footpath, submerged in thick grass.

A small cave appeared in front of us.

The cave was very low, only about a metre high, and everyone was forced to bend down to get inside.

The cave was so dark that everyone held their breath as they passed through it, and even the sound of their shoes rustling on the ground could be heard clearly.

Gradually, the cave began to widen and we could see the light gradually brightening at the entrance.

As soon as she stepped out of the cave, Tang Huimin's eyes couldn't help but brighten up, and there was a sense of clarity. Even though she was in a dangerous situation.

At this moment, her spirit was stunned.

Presented before them was a large flat piece of land covered with a green lawn, just like a huge carpet. At the end of the lawn were dozens of tall coconut trees, and in the distance was the undulating azure sea.

The whole landscape looked like a beautiful painting, a paradise.

"Move!"

A man's gruff bellow brought her back to reality from the wonderful view before her.

The Policewoman Chapter 23

Tang Min was forced to turn with the group of young girls and continued walking to the right before seeing a beautiful villa appear in front of them.

The villa was very chicly built, with red walls and green tiles and basket-coloured floor-to-ceiling glass, reflected in the green lawn.

They walked into the villa without stopping and walked straight through the villa's wide living room and out the back door.

As soon as they stepped out of the villa, Tang Hui Min was immediately shocked by what she saw before her eyes –

At the back door of the villa, there was a standard tennis court on the lawn, on which two young girls were seriously playing tennis.

They were oblivious to the arrival of their party and continued to run and hit the ball like nobody's business, their long thighs, their white hips and their bouncing peaks from the movement.

All this made Tang Huimin, who was also a woman, feel the shame of having her clothes taken off in public.

With her cheeks flushed with shame, Tang Huimin hung her head, thinking to herself, "Don't these women know shame?"

"Get out of here!"

A gruff voice bellowed as the men behind them continued to urge them forward.

Crossing a long corridor, Tang Huimin saw a three-storey circular building, only to be immediately shocked by an even more jaw-dropping sight before her –

On the side of the circular building was an open-air standard swimming pool.

The green water in the pool was crystal clear, and a large group of naked young women were playing and clamouring in it, the women's fair skin very striking and blinding in the dazzling sunlight.

If the sight of the women playing tennis earlier had made Tang Hui-sen feel ashamed, the view now made her even blush from ear to ear, wishing she could find a crack to burrow into.

The naked women seemed oblivious to the arrival of the women and the men behind them, still swimming and lounging in the sun on the rocking chairs nearby.

Tang Hui Min closed her eyes and lowered her head, only to feel her cheeks burning like fire as she busily weaved her way through a forest of white, shiny flesh.

This embarrassing time had finally passed.

After walking with her head down for a long time, Tang Hui Min dared to open her eyes. There was no road ahead, only a rocky wigwam, but the man leading the way continued to lead them towards it.

When the man stepped into the rockery, he touched something on the rockery and something amazing happened, the concrete slabs underfoot started to move slowly to the sides, just like the Arabian mythology depicts.

After a few stairs, the group entered the tunnel in a single file.

The tunnel was very brightly lit and did not feel cold, it felt a bit like walking into an underground.

The walls were decorated with huge stickers, behind which there were obviously fluorescent lights, making the stickers stand out against the darkness.

After about 50 metres, the narrow path begins to open up and they enter a hall.

The hall was very wide, the size of a basketball court.

The men were lined up blocking the exit to enter and all the girls were standing scattered in the middle of the hall.

Tang Hui Min saw many hanging rings hanging from the roof, of different heights.

“What’s the use of this?” Tang Huimin was a little confused.

Suddenly, the opposite wall slowly opened a door.

After the many strange events, Tang Huimin was not surprised by this.

Out of the door came a middle-aged man, around forty, dressed in the same black, but with a long scar on his face.

Scarface clapped his hands and said, “Welcome all beautiful ladies to Liberty Island, after a while you will discover its benefits

The scarred face swept over the girls’ faces one by one and continued, “Of course, all this presupposes that you decide to be obedient, if you don’t, this place will turn into a horrifying hell, making you feel endless torture and the pain of begging for life and death.

The scar-faced man’s face suddenly turned gloomy, and his snake-like eyes coldly glanced over everyone’s face.

Everywhere his eyes passed, they sent chills down the bodies of people.

“You, you come here!” He said, pointing at one of the girls.

This was obviously a girl from the countryside, with short floppy hair, a round face, large eyes and a slightly plump body.

Despite the fact that it was summer, she was still dressed conservatively, with all her skin covered except for her neck and small arms.

When Scarface saw her dodging and unwilling to move forward, he made a gesture and two wolf-like thugs dragged the poor girl over like a hawk catching a chick.

Before the girl could stand still, the vicious thugs slapped her across the face.

Slap!

The loud sound echoed repeatedly in the room and the poor country girl's pretty face swelled up instantly.

Scarface said in a vicious voice, "Take off your clothes." He ordered the little girl as he unlocked her handcuffs.

"No!"

The girl looked at Scarface in horror, her hands instinctively blocking her chest before she turned and ran for her life.

However, she didn't take more than a few steps before she ran into the thick, cold wall.

She turned around and looked at the two burly thugs, walking towards her step by step, and finally began to despair, falling to her knees and beginning to mourn.

Slap, slap, slap!

The belts rained down on her body like raindrops, beating her mercilessly.

"Ah, no, don't hit, please" she rolled and begged with her hands on her head, but could not move the cruel thugs in any way.

The cavernous chamber echoed with the girl's louder and louder screams and the sound of belts being lashed against her flesh, until the girl fainted and the merciless beatings ended.

The Policewoman Chapter 24

"No!"

Tang Hui Min shouted loudly in her heart, but her body was pinned to the stool by the four men and she could not move a muscle.

"Let go of me!" Tang Hui Min shouted loudly and angrily.

"I'm so scared!" Scarface laughed groggily and badly, surprisingly reaching into her t-shirt and pushing her bra up.

When Tang Huimin had grown up, no one had ever touched her except her husband and Lin Kai.

Now, this strange man actually did this to her, causing Tang Huimin to feel shame and hate at the same time.

"So righteous, so good yeah!" Scarface had a face of enjoyment.

"Stinking rascal!" Tang Huimin gathered the last bit of strength to express her anger.

"Rascal," Scarface laughed lasciviously, "I'll show you what a real rascal is!"

Scarface pulled his hands out of Tang Huimin's clothes and surprisingly began to undo her belt, trouser buttons and zip.

The Policewoman Chapter 27

“Don’t worry about that, I have my own way!” Song Lina said with confidence, “Don’t worry, once there are clues, they will be able to rescue your sister-in-law from the thugs.”

“That’s good, thank you!” Lin Kai gave a grateful smile to Song Linna.

“Don’t be polite,” Song Lina said with a bright smile, “We are both classmates and good friends, so don’t be so uncomfortable with me ”

Lin Kai knew that Song Linna liked him and was deeply in love with him, but his own heart was filled with his sister-in-law Tang Huimin and he could not accept her love.

Song Lina looked at Lin Kai with affection, the ward emitted her charming body fragrance.

Lin Kai shrugged his nose out of habit, looking at her sleepy eyes, probably because she had not slept well all night to take care of him.

“I’m really sorry for the trouble I caused you, thank you!”

“Lin Kai, don’t say these polite words to me again.” Song Lina guffawed.

“How long have I been in hospital?” Lin Kai changed the subject away.

“You’ve been in a coma in a hospital bed for two days,” replied Song Lina, “When you were brought into the hospital, your body was cold due to multiple injuries and blood loss, your heartbeat and breathing were weak, and the doctor said that it was lucky that you were brought in in time, otherwise, there would have been no way for anyone to save you”

“Who brought me here?”

“It was me, I was driving through the bypass highway when I found you being thrown from the car, it was too dangerous” Song Lina recounted in one breath how she had saved Lin Kai.

The thought of Lin Kai lying on the highway as a car dodged past him, threatening to be run over by a car at any moment, still gave her heart palpitations.

“Thank you so much.” Lin Kai looked at her with infinite gratitude.

“No,” Song Lina shook her head, wanting to say something ambiguous, but swallowed the words, “Besides we’re in the same class... ..”

“These two days have been hard on you, I’m fine now, you go home and rest!” Lin Kai saw that Song Lina looked quite exhausted and was a little bit unforgiving.

“You heartless bastard, you just woke up and you want to rush me out?” Song Lina chided Lin Kai, so anxious that tears were flowing out of her eyes.

“I didn’t mean that I was thinking,” Lin Kai stammered.

“What do you want?” Song Lina sobbed, “Are you looking at me badly, if so, I will leave immediately”

“No no, absolutely not, I didn’t mean it, I was afraid you’d be too tired” Lin Kai smiled sarcastically, looking a little embarrassed, his face burning for a moment.

“I do!” Song Lina broke into a smile.

Everything was in the air, and Lin Kai stopped squealing.

The ward was a little quiet.

Song Linna’s beautiful eyes were full of tenderness and pain, that gentle, beautiful look caused Lin Kai’s heart to ache, secretly hating himself for not rejecting her and making her sad.

Lin Kai was kidnapped by the bald man and others, and after being brutally beaten, he was left by them on the highway. Luckily, Song Linna found him and took him to the hospital, and came to take care of him in the ward, and was scared for him, causing tenderness to rise up in his heart.

When Song Linna saw Lin Kai showing a look of concern for himself, she finally showed a smile and said.

“Well, don’t thank me for anything else, and don’t feel embarrassed, you’ve been lying on a hospital bed for two days, your body is dirty, come on, let me wipe your body!”

“This how can this be a good idea?” Lin Kai said awkwardly.

He knew that wiping and cleaning the dirt on his body required undressing, and after the hospital gown on his body was stripped, only a pair of paper panties to cover his shame and the gauze wrapped around his body would be left, in that case, all over his body, wouldn’t Song Linna have seen the passages?

Thinking of this, Lin Kai’s face turned scarlet with shame.

Song Linna pouted, “What’s the point, you’re a patient now, there’s no need to be so particular.”

Seeing Song Linna’s gentle gaze, Lin Kai stopped insisting and closed his eyes, allowing Song Linna to strip him naked of his hospital gown.

Song Linna brought a basin of water from the bathroom, rinsed some boiling water, adjusted the water temperature and then placed a clean towel in the water and wrung the water out.

Immediately afterwards, Songlina carefully wiped his body, starting with Lin Kai’s face and neck, his arms, chest and abdomen, and working her way down.

Her movements were gentle, and as the wet towel pressed against Lin Kai’s body, a burst of warm, wet, numbing pleasure came through, making Lin Kai feel so comfortable that he slowly closed his eyes.

When Song Lina pulled away the paper panties Lin Kai was wearing and placed the hot wet towel between his legs, Lin Kai’s heart tightened and a wave of heat shot through his head.

Suddenly, Lin Kai’s head went “haywire” and he felt a surge of arousal that lifted the white towel high above him.

As soon as Song Lina uncovered the towel, she saw the guy standing tall and pretended to be very curious, reaching out her own delicate hand and holding it

Atsu! Atsu! Atsu!

Suddenly, the sound of a crisp knock on the door came from the door of the room.

Lin Kai was startled and hurriedly pushed Song Linna's head away and pulled a towel to cover his body.

Song Lina looked up in a panic, stood up and cast her eyes towards the door of the room, seeing a uniformed police officer walking in from outside.

So, she blushed and stammered, "Cousin cousin, you're here"

"Lina, what's wrong with you?" The policeman was a little surprised to see Song Lina displaying an embarrassed look of shame and asked with a concerned face.

"No nothing, I didn't expect that you would come so soon" Song Lina excused.

"My cousin asked me to do something, can I not be quicker?" The policeman asked, pointing at Lin Kai, who was lying on the hospital bed with an embarrassed face, "You called me to say that your boyfriend was injured and hospitalized, is that him?"

"Yes, his name is Lin Kai!" Song Lina said with a red face.

The policeman scanned over Lin Kai's body and asked, "Tell me about the situation."

"Here's what happened", Lin Kai tried to stabilize himself and recounted to the police exactly what happened after he was kidnapped and Tang Huimin came to his rescue, fell into the hands of the thugs and was tragically ravaged.

"What is your relationship with Tang Huimin?" The policeman asked without revealing a word.

"She's my sister-in-law!" For fear of affecting Tang Huimin's reputation, Lin Kai did not reveal that special relationship between himself and Tang Huimin.

"Ah, you're actually our Captain Tang's nephew?" The policeman was shocked.

The Policewoman Chapter 28

This policeman is Zhou Peng, one of Tang Huimin's men.

As soon as he heard that Tang Huimin was missing, he was very anxious. He didn't expect that this boy his cousin had rescued was actually Tang Huimin's nephew, and that it was related to the case of Tang Huimin's disappearance.

"Tell me, how did the gang of thugs kidnap you and why did they kidnap you?" Zhou Peng asked without showing his face.

"Here's what happened," Lin Kai described briefly how he was kidnapped at the school gate and how he was brutally beaten by the thugs led by the bald man, Black Dragon, and said, "That night, my sister-in-law was drunk and was almost raped in room 1008 of the Yanjing Hotel by a tall, thin old man raped, and in a fit of anger, I beat the man up violently, and I guess he sent someone to do it"

"Oh, so it's like that," Zhou Peng murmured, "It seems that the matter of you being kidnapped and Captain Tang going missing could really be the work of this old guy Zhao Wenlong"

When I think of that night, Zhao Wenlong set up a banquet in the restaurant of Yanjing Hotel and asked Yan Zhengkuan to lead the members of the criminal investigation team to attend.

The company's main business is to provide a wide range of products and services to the public.

After the banquet, Zhao Wenlong arranged for everyone to go together to sing karaoke at the Red Capital City nightclub on the fourth floor, while he said he had something to take care of in his company and excused himself early to leave.

Thinking of this, Zhou Peng suddenly came to a realization.

He then gave a sympathetic look at Lin Kai, who was covered in bandages, and asked Song Lina, who was standing beside him.

"Cousin, what other people know about your boyfriend's injury in hospital?"

Song Linna answered truthfully, "I found Lin Kai on the highway around the city, took him to the hospital for resuscitation, and after he was admitted to this ward, I called you first to inform you, no one else knew about it."

"That's good, you must not reveal the fact that Lin Kai was injured and hospitalized, otherwise his life will be in danger," Zhou Peng admonished, "For safety's sake, you'd better move him to a safe place to heal

"Okay," Song Lina nodded and said, "I'll call my grandfather right away and ask him to step in and arrange for Lin Kai to be moved to a military sanatorium."

After saying that, Song Lina took out her mobile phone and dialed out a special number.

The call went through.

Song Lina spoke, "Grandpa, it's Lina."

"Oh, Lina," a thick baritone voice came from the phone, "I haven't seen you for a long time, why did you suddenly remember to call grandpa?"

"Grandpa, I miss you guys." Song Lina said curtly.

"If you missed me, why didn't you come to visit me and your grandmother at home? You must have something to beg me for, right?"

"Hehehe, you're so smart, grandpa."

"What kind of person is your grandfather, can't he see this little thought in his own granddaughter's mind? Tell me, what is it that you want from grandpa?"

"The thing is like this," Song Linna's head turned a few times and said, "I was attacked by a gang of thugs outside, my boyfriend was injured by them to save me, and is being treated in the inpatient department of the city people's hospital, I'm afraid that the gang will kill him if they find him here, I want grandpa to step in I'm afraid that those people will find him here and kill him, so I want grandpa to intervene and transfer him to the military sanatorium for treatment, what do you think?"

“Ah, you’ve found a boyfriend?” As soon as Master Song heard that his granddaughter had found a boyfriend, he became excited and chattered on the phone asking, “What does the young man look like? When will you bring him home so we can have a look

Song Lina hurriedly interrupted the old man and said, “Didn’t I tell you? His injuries are very serious, how can he be brought home for you to see? If we want to see it, we have to wait until he’s recovered from his injuries and out of danger before we can go see you guys, huh?”

“Good, I’ll call now and ask them to send someone to the inpatient department of the city people’s hospital to bring your boyfriend to the military sanatorium for treatment.” Elder Song said happily.

“Grandpa, you’re too kind, I love you to death.” Song Lina said gratefully.

“Don’t get close to me, when your boyfriend’s injuries have recovered, bring him home to see me.” Elder Song finished speaking and immediately hung up the phone.

After Song Lina put down the phone, Zhou Peng gave a thumbs up and said, “It’s still cousin who’s smart, you got your grandfather in three words, as expected of a university student.”

“Cousin, don’t flatter me, how will grandpa be willing to help me if I don’t say so?” Song Lina said as she brushed her lips.

“Don’t explain anything in front of cousin, I understand your mind,” Zhou Peng stopped joking with this aunt cousin of his and said with a serious face, “For safety’s sake, you must not reveal the fact that Lin Kai was rescued and admitted to the city people’s hospital and then transferred to the military sanatorium, Zhao Wenlong is the chairman of the Dragon Python Group of companies, I have to go back to the situation to the city Public Security Bureau Xiao Wenbin, the director of the report, I hope to grasp the evidence of Zhao Wenlong and other people’s crimes, the gang of thugs will be a net, as soon as possible from their hands to rescue Captain Tang

Afterwards, he glanced at Lin Kai and said, “Lin Kai, my cousin has a higher vision, the fact that she can look at you means that you are very good, nothing more, I just hope that you will be good to my cousin, if you can really get together, I will give you my blessing in advance!”

“Thank you Officer Zhou,” Lin Kai had Tang Hui Min in his heart and was not very positive about his relationship with Song Linna, but in this situation, he could not reveal his heart, so he hurriedly changed the subject and said, “At the same time, I also thank you for my sister-in-law... ..”

“Tang Huimin is my top boss and my most respected big sister, her affairs are my affairs, if she is in trouble, I will definitely do my best,” Zhou Peng said with a heavy nod, “Don’t worry, I will find clues to Captain Tang’s disappearance as soon as possible and rescue her from those gangsters! “

The Policewoman Chapter 29

Soon after Song Linna spoke to her grandfather on the phone, a military ambulance drove by and pulled up underneath the inpatient wing of the city’s People’s Hospital.

Several doctors in white coats jumped out of the vehicle, took the lift upstairs and went straight to the high-class ward where Lin Kai was staying.

After a middle-aged doctor wearing glasses explained to Song Linna what he had come for, he had Lin Kai, who was lying on a hospital bed, lifted up and put on a stretcher truck, which then pushed him downstairs and put him in an ambulance.

The ambulance then honked its siren and flashed its lights all the way through several busy streets and pulled into the entrance of a small two-storey building in a military sanatorium with two heavily armed soldiers standing guard at the main entrance and a high level of security.

After getting out of the car, Lin Kai was escorted into room 208.

This spacious and luxurious room, with a meeting room on the outside and a ward on the inside, was a quiet and elegant environment, reserved for the heads of troops and those wounded who had achieved special merits.

To ensure the safety of each patient, the sanatorium is patrolled by soldiers 24 hours a day, and the patients and wounded in each room are cared for by special young nurses.

Lin Kai was able to enjoy such treatment solely because Elder Song, who is the head of the military district and a ministerial leader, mistook Lin Kai for his future grandson-in-law and asked his ministry to give him the green light.

The military medical staff settled Lin Kai in the ward and after giving him a thorough physical examination, they excused themselves and left.

Lin Kai looked around the room and said to Song Linna, "Beauty, what kind of a big official is your grandfather that he can get me to a place like this to recuperate from my injuries with just one phone call?"

"Hee hee, keep it a secret!" Song Lina guffawed and said, "When you become my grandfather's good granddaughter-in-law, you'll naturally know."

"In that case, I'm not taking advantage of you by taking advantage of you?" Lin Kai said with a smile.

"What do you think?" Song Lina asked rhetorically, "Would you still be alive without me? Without me, would you be able to lie here quietly and not be chased by those thugs?"

"Yes, I owe this life to you," Lin Kai said with a grateful smile at Song Linna, "I will definitely repay you well after I recover from my injuries."

"Hehe," Song Linna asked with a playful smile, "How do you want to repay me?"

"How do you want me to repay you?" Lin Kai frowned.

"I want you to kiss me." Song Lina said in a delicate voice.

"Huh?" Lin Kai remembered the embarrassing scene when Song Linna almost got bumped into by her cousin when she waited on him in the inpatient ward of the city people's hospital and wiped his body, and couldn't help but cast his gaze towards the door of the room and asked, "How embarrassing would it be if the nurse came in and bumped into him?"

“It’s okay, I’ll just go and close the door to the room.” Song Lina said as she got up and walked to the door of the room, closed it and locked it back from the inside, saying softly, “There are only two of us in the room, you can kiss me now

The silent figure flying towards Lin Kai like a bird was all unique to Song Lina.

She had never thought that she would ever be alone with Lin Kai, because Lin Kai was the Prince Charming of her heart, and this Prince Charming of the campus didn’t seem to be interested in a great beauty like her, leaving her to suffer the pain of unrequited love alone.

Now that she had saved Lin Kai’s life and he belonged to her completely, she could finally throw herself into his arms, feeling so comfortable, warm and enchanted.

At this moment, Song Lina was content.

So much pain and suffering had vanished the moment she entered Lin Kai’s arms.

Since she had fallen in love with Lin Kai, she had only one wish, to be in his thick, warm arms, to smell his scent, to enjoy his big hands caressing her hair, to enjoy his warmth.

Although the woman in his arms was not his beloved sister-in-law, he was still enchanted by this feeling.

Smelling her hair deeply, Lin Kai forgot for a moment the physical pain he felt after being injured by the gang of thugs, and hugged her tightly, as if he wanted to integrate her into his own body.

This was what he owed Song Linna, the love he owed him, the love he owed her – perhaps, a love he could not repay in this lifetime, a love he could not give him.

Because, in his heart, he had always carried his own sister-in-law, Tang Huimin.

When he thought of the scene when Tang Huimin gave up her life to save herself, fell into the hands of the thugs and was ravaged by them, Lin Kai’s heart was like a knife, and tears flowed out indisputably, sliding down his cheeks and dripping into Song Linna’s white and tender neck.

Song Linna mistakenly thought that her beloved man was shedding tears for her, and her heart was sweet and happy

The ward was quiet and filled with a strong warmth.

An intoxicating scent emanated from Song Linna’s body and an instinctive physiological reaction prompted Lin Kai to feel a surge of arousal, unable to resist kissing her on the mouth.

Song Linna kissed back raw, and at first, they kissed gently one after the other, and then their lips stuck together inseparably.

.....

RING RING RING!

Suddenly, an ear-splitting mobile phone rang.

The two parted as if they were electrocuted, and Song Lina jumped off the bed and took out the mobile phone she had placed on the nursing bed, and then pressed the answer button.

“Lina, how is your boyfriend doing?” Elder Song’s concerned voice came from the phone.

“After being transferred to the military sanatorium, his health has been much better.” Song Lina glanced at Lin Kai and said with a wintry smile, “Thank you for your concern, grandpa!”

“Look at you, I’m your grandfather, if I don’t care about my future grandson-in-law, who do I care about?” Elder Song said with a commanding tone, “I’ve already asked someone to ask for leave at school for you, just stay in the hospital and take good care of him, bring him to see me as soon as he’s discharged, so that grandpa can help you keep an eye on him

“Okay.” Song Lina said readily.

“However, there’s something I have to remind you of,” the old man wanted to say but stopped.

“What is it?” Song Lina asked suspiciously.

“As you know, all of us in the Song family are quite traditional and respectful, so don’t do anything out of line until you’re married, understand?”

“Could it be that Grandpa knows what just happened to us?” Song Lina’s heart tightened and she said nervously, “Please don’t worry grandpa, I we won’t do anything out of line

“That’s good,” the old man said with satisfaction, “I’ve already greeted the people over at the sanatorium and asked them to give your boyfriend the best treatment and the best quality service.”

The Policewoman Chapter 30

Lin Kai heard the contents of Song Lina’s call with her grandfather so well that he was a little lost in his heart, and after she had put down the old man’s phone, he deliberately asked.

“What did your grandfather say to you?”

Song Lina guffawed and said, “My grandfather cautioned me not to let you, the bad guy, bully me anymore, and if he knew that you took advantage of me, he would test you!”

“So, I can’t even give you a kiss?” Lin Kai teased.

“Of course!” Song Lina nodded her head.

“What if you want to kiss me?” Lin Kai asked playfully.

“Hee hee,” Song Lina chortled, “Even if I want to kiss you, you’re not allowed to kiss me, or else I’ll go home and tell my grandfather that you molested me!”

“That’s not too fair, is it?” Lin Kai gave a bitter laugh and made a helpless expression.

“If you want to be our Song family’s son-in-law, you all have to do this” replied Song Lina.

“What if I don’t want to be your family’s son-in-law?” Lin Kai asked rhetorically.

Song Lina said wickedly, “That’s easy, I’ll have someone drag you to the highway again and see if you want your life or me?”

“You’re that cruel?” Lin Kai asked naively.

“Of course,” Song Lina said with a smile, “Haven’t you ever heard of the idiom, ‘I’d rather be broken for the jade than be whole’?”

Lin Kai’s heart tightened, and he couldn’t help but turn his gaze to Song Linna and take a closer look – She was wearing a tight-fitting dress today, her breasts looked plump and firm, her buttocks were particularly sexy and perky, and her thighs were round and slender.

Although she looked quite pretty and sexy, Lin Kai never had the concept of a “big beauty”, but rather associated it with a “gentle killer”.

“Hee hee,” Song Lina seemed to have guessed Lin Kai’s mind and smiled, “I was joking with you, why should I take it seriously? Let’s continue”

Before she finished her words, she suddenly swooped up and wrapped her arms around Lin Kai’s neck and pressed her soft lips to it.

Lin Kai froze, only to feel a touch of warmth and sweetness on his lips, and her slippery little tongue clumsily invaded in and was snapping his teeth.

He was a little confused, his mind going blank.

“Sungina is kissing me of her own accord? Does she not even listen to what the old man says anymore?” Lin Kai was a little confused and didn’t know what to do.

Song Linna’s breathing was a little ragged and she looked very involved.

Lin Kai subconsciously closed his eyes and his tongue teased up

Songlina’s kiss was a little crazy and a little greedy, and Lin Kai felt a hot kiss that he had never felt before, a breathless and frenzied kiss, driven by her passion.

The two were caught up in this wild, passionate kiss.

Lin Kai’s arms around Song Linna grew tighter and tighter, he had forgotten himself and wanted nothing more than to throw himself into this soul-stirring kiss.

Song Linna reached out in a daze and took hold of his humiliatingly shameful awning. Feeling that the paper panties he was wearing were a bit of a nuisance, she took them off and threw them onto the hospital bed.

.....

Atsu! Atsu! Atsu!

Suddenly, there were several knocks at the door of the room.

Song Linna hurriedly jumped out of bed and straightened her messy clothes and hair before she realised that she had locked the door to her room earlier in order to make out with Lin Kai.

So, with a red face, she went to open the door and saw a nurse in a white coat standing at the door, and felt a blush, not knowing what to do.

When Lin Kai saw the nurse enter the room, she was in a panic and quickly pulled the quilt to cover herself and closed her eyes.

Miss Nurse seemed to see something fishy in Song Linna's panicked look, so she pretended to be unaware and asked.

"Miss Song, how is Mr. Lin's condition?"

Song Lina glanced at Lin Kai, saw him lying under the covers pretending to be asleep, and replied in a panic.

"He he's still sleeping"

"Oh, I'd better check for him." The nurse lady said as she walked over to Lin Kai's bed and called out softly, "Mr. Lin, Mr. Lin"

Lin Kai slowly opened his eyes and made a rather sleepy appearance, rubbed his eyes with his hands and asked.

"Miss Nurse, is there something wrong?"

"Mr. Lin, how are you feeling?" The nurse lady asked with a concerned look on her face.

"No nothing, just feeling a little sleepy" Lin Kai excused.

"Do you have a little fever?" The nurse lady handed a thermometer to Lin Kai and said, "Take your temperature first."

"Okay, thanks!"

Lin Kai thanked her and then clipped the thermometer under his armpit.

Suddenly, he realized that he hadn't had a chance to put on his paper underwear after it had been taken off by Song Linna, and was still naked underneath, fearing that the nurse lady would uncover his quilt and discover his humiliating scene, and was inwardly terrified

The nurse lady was very sensible and didn't lift his covers to make him do a full body checkup or anything.

A minute later, she asked Lin Kai to take the thermometer off and hand it to her. After picking it up and looking at it, she found that his body temperature was normal, gave him an understanding smile and said.

"Mr. Lin, your body temperature is normal, as your injury is rather serious, it is normal to show fatigue, in order to make your body recover as soon as possible, you should pay more attention to rest, and you must not show emotional excitement, let alone do some strenuous exercise"

We are all adults, naturally we understand what emotional excitement and strenuous exercise means, remembering what just happened with Song Lina in bed, Lin Kai's heart was a moment of weakness.

In order to cover up his emotions, he still put on an air of false acceptance and said, "Yes, everything is at your command!"

The nurse lady shifted her gaze to Song Lina and barked at her, “Miss Song, the head of the military district has given us a special greeting to the sanatorium, Mr. Lin is a special patient here and should have been specially cared for by our nurses, but as you are his girlfriend, we feel it is more appropriate for you to take care of him closely.

“If anything happens to Mr. Lin, you should inform us in time by pressing the call bell on the bedside table, and remember, don’t let him get excited or do strenuous exercise until his injuries have healed, we will be disciplined if anything goes wrong

Song Lina, of course, heard the implication of the nurse lady’s remark, so she nodded with a red face and said, “Yes, thank you for the reminder!”

“Don’t be polite!”

The nurse lady shook her head and turned to leave.

Looking at the nurse lady’s athletic figure disappearing at the door of the ward, Lin Kai and Song Lina glanced at each other and looked at each other with blank faces
