The Policewoman Chapter 3

While Lin Kai was thinking about Tang Huimin, Tang Huimin walked out of the bedroom wearing a cream-coloured nightgown and appeared at the door of the room.

For a moment, the air in the living room was filled with the fragrant smell of Tang Huimin's body.

At this moment, what Lin Kai saw in front of him was Tang Huimin's exquisite body cut, her fine white skin, her pretty and delicate face, her high peaks, her slim waist, and her plump and prominent buttocks.

Through the thin fabric, Lin Kai could clearly see that his sister-in-law was wearing a black lace bra and could vaguely see the deep cleavage.

Beneath the extremely short nightgown, a pair of snow-white thighs were clenched tightly, and vaguely, a small undergarment of the same colour and material as the bra could be seen.

The black and white contrast, together with little aunt's plump buttocks, formed a picture full of inciting temptation, watching Lin Kai had to secretly swallow his saliva.

"Doesn't little aunt know how tempting and exciting this position is for me" Lin Kai thought to himself, although Tang Huimin was his little aunt, he was also a man and had needs in that area too.

The wind swings like a lotus leaf as Tang Huimin walks up to Lin Kai and asks with a smile, "Little bad egg, what are you thinking about?"

"No I'm not thinking about anything," Lin Kai dared not look at his sister-in-law's eyes, he felt a bit anxious to pee and hurriedly stood up from the sofa and said, "I I want to go to the bathroom"

"You go ahead!" Tang Hui Min guffawed and said, "I'll go help you cook!"

With that, she turned and walked in the direction of the kitchen.

When he entered the bathroom, Lin Kai hurriedly pulled out that aroused contraption of his and swept it furiously against the commode before his mood gradually calmed down.

Suddenly, Lin Kai saw a washing basin placed aside by Tang Huimin, full of her changed clothes, bras, underwear and lingerie.

It could be seen that this aunt was lazy enough, so many dirty clothes had not been washed.

Looking at the fancy clothes, Lin Kai's testosterone made him giddy again and he actually stole a small pair of black silk underwear and another set of matching black bras.

Then, stuffing them hastily into his own trouser pocket, he hurried back into the living room and sat down on the living room sofa.

When Tang Huimin came out of the kitchen, Lin Kai was afraid that she would find out that he had stolen her bra and underwear, so he lied that he had something to do and had to go back to school and would not stay for lunch.

Unexpectedly, when he stood up, Tang Hui Min's tiny black silk underwear slipped out of his trouser pocket and fell to the floor, and the black ribbon of his bra was hanging out of his pocket.

Lin Kai felt so ashamed of himself that he wanted to find a crack in the ground. Tang Huimin was stunned at first, but did not squeal, nor did she scold him.

After a moment of silence, Tang Huimin slowly picked up the small black underwear that had fallen in front of her and looked at it, taking Lin Kai's right hand and shoving it into his.

"Come on! Little Kai, put it away, don't drop it again, you can't take things from other people's homes like that in the future, it's not right" said Tang Hui Min gently.

Lin Kai's heart was very disturbed, ashamed and red, unable to speak, standing in front of Tang Huimin with his head bowed in shame.

Surprised to be seen by Tang Huimin in this unseemly act, and even worse, stealing none other than her underwear, Lin Kai was so anxious that he seemed to be about to cry.

"Don't be like that, auntie isn't trying to reprimand you!" Tang Huimin gently stroked Lin Kai's shoulder and said softly, "It's just that I want you to know that this is wrong, and if need be, you you can tell auntie" "

At this moment, Lin Kai's mind was in a mess, he did not comprehend Tang Hui Min's meaning or read her eyes, he just responded haphazardly.

Afterwards, he quickly took his underwear and bra, stuffed them back into his trouser pockets, and fled like hell to leave Tang Huimin's house.

"Ugh, what an uneducated and ungrown child!" Looking at her nephew's disappearing figure at the door of her room, Tang Huimin was a bit lost.

However, once she thought of the forbidden red line between her and this little nephew, her heart felt a kind of inexplicable worry and stirring
