The Policewoman Chapter 81

“Release you? Do you think that’s possible?” Black Dragon said with a leathery smile, “We had a hard time getting you here, how could we easily let you go?”

“So you’re saying that he deliberately tricked me into coming here under the pretext of racing?” Sungina asked reluctantly.

“Brilliant!” Black Dragon said brazenly.

“Vile!” Song Lina remembered the scene when the bald man used a provocative tactic to force her to race by the overpass of the highway around the city. She was so angry that she was frantic and shouted, “Let go of me, let me out!”

“Stop shouting, no one will hear you even if you shout your voice out in this shithole,” Black Dragon said with a loud laugh.

“What kind of place is this?” Upon hearing this, Song Lina looked a little flustered.

“This place is not very important to you, the point is that you are in our hands now.” Black Dragon sneered.

“What do you you want?” Sunglina asked in a panic.

“Oh, I forgot to introduce you,” Black Dragon pointed to Yang Hui beside him and said, “This is Brother Yang, this is his territory, everything here, is his call, if you serve him well tonight, when he is happy, he may be merciful and let you off the hook. ”

Only then did Song Lina notice the short, fat, middle-aged man standing beside Black Dragon, and seeing him with a wicked smile on his face, she felt a pang of disgust and cursed angrily, saying.

“You rascals, go to hell!”

“Hello beautiful,” Yang Hui didn’t seem to be angry, he greeted Song Lina with a smile and said, “You are beautiful and lovely, I like your spunky energy, welcome to my place with fresh air and beautiful scenery, please forgive me for any poor hospitality! ”

“Since you treat me as a guest, why are you still tying me up?” Seeing that Yang Hui was so polite to her, Song Lina was embarrassed to scold him and sneered, “Is this your way of treating guests?”

“Beauty, you misunderstand, we are doing this to protect you.” Yang Hui said with a smile.

“Protecting me?” Song Lina made a face like a primary school student listening with an open mind in class and asked, “Why?”

“This place of ours is in the big mountain forest, and there are more wolves in the big mountain forest, so I’m afraid that you’ll run out and be eaten by the wolves, that’s why I’m tying you up!” Yang Hui said snidely.

“You bullshit,” Song Lina was furious and scolded in a stern voice, “Fat pig, don’t show off in front of this lady, hurry up and let me go, or else I won’t be done with you!”

Seeing Song Linna’s anger, Black Dragon said curtly to Yang Hui, “Big brother, cut the crap with this woman, fuck her first, and then, throw her out to the wolves!”

“Alright!” Yang Hui nodded, walked straight to Song Lina, lowered his head, held her cheeks with his hand and said, “Beauty, I don’t mind your unreasonableness just now, as long as you behave yourself and listen to me in the future, I promise, no one here will hurt you”

“I pooh!” Song Lina was so angry that her face turned red and she opened her mouth to spit at Yang Hui’s face.

“You’re fucking looking for death?” After Yang Hui’s face was marked, he cursed angrily, “Unknowing, ungrateful thing, toast the wine and eat the punishment!”

Taking the tissue handed over by a man in black, he dried the spittle from his face, raised his hand and slapped it towards Song Lina’s pink face.

Song Lina had never been slapped since she was a child, so what would it be like if this slap landed on her face? What kind of feeling would it be?

Song Lina didn’t dare to think more and immediately closed her eyes.

.....

This afternoon, in order to avoid the traffic police, Lin Kai threw the Toyota Land Cruiser he had taken into the street and took a taxi to catch up with Song Linna’s Ferrari sports car.

When the taxi driver drove him a short distance to the intersection of the bypass, he saw Song Linna racing with a man driving a Porsche and told the driver to go after her.

Despite the taxi driver’s best efforts to drive the car as fast as he could, he was unable to catch up with the two murderous Ferraris and Porsches in front of him.

After driving on the highway for almost two hours or so, the taxi driver could not help but ask Lin Kai, who was sitting in the passenger seat, when he arrived at the foot of Wolong Mountain.

“Brother, do we still need to keep chasing ahead?”

“No,” said Lin Kai, shaking his head, “I reckon Wolong Mountain Resort is the end of their racing, let’s go up the mountain and have a look.”

The taxi driver pulled into Wolong Mountain Resort, and when Lin Kai took out his mobile phone and called Song Linna’s mobile phone, a pleasant off tone came from the phone.

It turned out that when Song Linna was racing with the bald man, she had turned her phone off long ago for fear of being distracted by incoming calls and answering them.

Lin Kai took another thousand dollars out of his pocket and handed it over to the driver, saying, “Master, please drive the car to the mountain, I reckon their car is on the mountain.”

The taxi driver agreed to Lin Kai's request and wandered around Wolong Mountain for a good part of the day, but still couldn't see any sign of Song Linna and her red Ferrari sports car.

Feeling that he had made a mistake, but feeling unwilling to return empty-handed, Lin Kai asked the taxi driver to drive the taxi down the mountain and pull up at the entrance of the resort.

After getting out of the car, Lin Kai asked around, but there was still no sign of Song Linna's whereabouts.

Just when Lin Kai was discouraged and ready to take a taxi to continue his search further down the road, a middle-aged woman from a sidewalk food shop, seeing no one around, whispered to him and said.

"The lady in the Ferrari sports car was taken away by someone in a gold cup van, and her sports car was also driven up the mountain and pushed into the cliff."

Upon hearing this, Lin Kai's heart thudded and he asked eagerly, "Do you know, where the girl was taken hostage by them?"

The middle-aged woman nudged her mouth in the direction of the back of Wolong and stopped squeaking.

Lin Kai understood what she meant, she had been doing business here for a long time, and was afraid that if she said too much, she would be killed if the gang of thugs knew that she had revealed the information.

By now, it was getting dark, so Lin Kai quickly took out his mobile phone, and after making a call to his team member Zhang Shuo, he returned to the taxi and said to the driver.

"My friend is being held hostage in the back mountains of Wolong, I am going to rescue her now, if you are willing, park the car here and wait for me, if you are afraid of danger, drive back to Yanjing."

"Brother, look where you said, it was me who drove you here and charged you so much money, for a while, how can I not carry you back?" The taxi driver was very quick to reply.

"Alright then, thank you!" Lin Kai smiled gratefully and pointed to the path that led to the back of the mountain and said, "In a moment, when our companions rush over, you can tell them that I went in this way."

"Okay, be careful!" The driver reminded.

Lin Kai nodded and immediately jumped out of the taxi, rushing towards the path that led to the back mountain of Wolong, and soon disappeared into the woods under the night.

The Policewoman Chapter 82

When Lin Kai ran to the back of Wolong Mountain, he found an ancient courtyard against the foot of the mountain, surrounded by a two-metre-high fence and guarded by two men in black at the gate.

"Song Lina must have been kidnapped here by them." Lin Kai thought to himself and quickly hid in the woods inside.

As he was a Special Forces soldier himself, specially trained to walk through the jungle without dropping loud noises was a mandatory lesson for them, Lin Kai made it to the entrance of the compound with ease.

“Dude, did you see that, that chick that was brought over by Black Dragon tonight is pretty damn good looking.” One man in black said to another man in black.

“Isn’t she?” The other man in black said, “Unfortunately, we are not blessed with that, tonight, that chick will probably be enjoyed by Boss Yang again.”

The two men’s conversation was overheard by Lin Kai, who was creeping in the grass, so he leapt up from the grass with a dragonfly leap.

The man in black saw a black shadow lunge towards him, and when he was shocked, the back of his head was already slapped by that black shadow, and he felt his head dizzy and fell to the ground with a black eye.

The other man in black opened his mouth and was about to shout, but before he could make a sound, he was smashed in the temple and his whole body fell limp to the ground with a blur in front of his eyes.

As Lin Kai did not know the condition of the yard, he did not dare to push the door in, and after finishing off the two watchdogs, he dragged them to the grass at the gate.

Then, after stabilising himself, he ran to a more secluded corner of the wall and used a carp jumping stance to leap.

In a flash, Lin Kai’s entire body flew over the two-metre-high fence, before landing gently like a feather and diving into the quaint compound without a word.

Lin Kai crouched in the grass by the fence and let his eyes look towards the courtyard. Under the pale moonlight, there were four black-clothed men guarding the courtyard.

These men in black had not expected anyone to break into this heavily guarded place at this hour.

They were gathered together for a smoke and a chat, not even realising that in the darkness, a pair of eyes like spiritual snakes were staring at them, without any awareness of the danger they felt.

He had to find out where Song Linna was being held before distracting these people, and then take care of them one by one, taking the opportunity to free her.

As Lin Kai searched the courtyard, the door of a room opened and two men came out from inside, one after the other.

Lin Kai recognised at once that the bald man walking behind the short, fat man was the one who had kidnapped him and then used him as bait to kidnap his sister-in-law, Tang Huimin, and send her to Liberty Island.

Remembering how the bald man had tortured himself and raped Tang Huimin, Lin Kai wanted to pounce on the bald man and cut him into pieces.

However, out of concern for Song Linna's safety, Lin Kai could not act rashly until he had taken care of the few men in black in the courtyard and seen her, so he had to keep a close eye on the men's whereabouts.

It was only when Yang Hui and Black Dragon walked into another room and heard Song Lina speaking that Lin Kai decided decisively that he had to act immediately.

As Lin Kai was unfamiliar with his surroundings, he had to act quickly, so he stepped out from the grass and silently came behind the four men in black who were sitting around the dam smoking and chatting, and struck out with lightning while they were unsuspecting.

Between the lightning and thunder, Lin Kai used his fists and kicks, each punch hitting a vital point, each kick hitting a key part of their body, and his movements were so fast that they could be described as thunderous and dazzling.

Before these four unlucky men in black knew what was going on, they didn't even have the time or opportunity to shout before they were dried out and knocked to the ground by Lin Kai.

"Hehehe, the Black Dragon Gang's men are no better than that!" After finishing his work cleanly, Lin Kai sneered, clapped his hands and strutted over to the door of the room where Song Lina was being held.

Suddenly, through the doorway, he saw Song Linna tied to a stool, and the fat man standing beside her, raising his hand and preparing to slap her across the face.

"Miss Song is well brought up, when has she ever been hit in the face? This damn fat pig, he's just looking for death, he needs to have his salty hand chopped off!" Lin Kai's heart was shocked and he yelled, "Stop!"

Bang!

With a muffled sound, Lin Kai kicked the door of the room open and rushed into the room.

As he was poised to strike, when he suddenly heard Lin Kai's angry roar, Yang Hui's heart tightened and he raised his palms in the air, then looked towards the entrance of the room.

The crowd gathered their gazes onto Lin Kai who was standing at the entrance of the room.

"Why is it you?" Black Dragon recognised Lin Kai at a glance and asked in a cold voice, "How did you get in here?"

"Walked in through the front door, huh?" Lin Kai made an innocent look and sneered, "Oh, I forgot to tell you, those few men in black at the gate and in the courtyard were all unbearable, they were knocked out by me in a flash, they were simply a bunch of trash!"

"Just like you, you can still knock out our brothers, just blow it!" Black Dragon had not seen what Lin Kai was capable of, his mind was still stuck in the episode six months ago when he kidnapped Lin Kai himself.

"Then I'll waste you son of a bitch first!" Lin Kai was furious and was about to make his move when Song Lina's screams came from his ears, "Lin Kai, save me!"

Song Linna had thought that her beautiful face would be left with deep five-finger marks after Yang Hui's slap, causing her face to lose its colour.

She was closing her eyes and praying for herself when she suddenly heard a familiar voice, so she opened her big, watery eyes again and saw that the person coming was Lin Kai.

"Don't worry, with me here, they can't hurt you." For fear of the bald man and the others poisoning Song Lina, Lin Kai had to hold his breath.

Yang Hui never expected that at this time, someone would actually barge in, and had the audacity to say that he had already taken care of a few of his own sentries.

Those guards were the ones he had seen and chosen from his brothers in the Black Dragon Gang, all of them were very skilled, so how could they be put down by this guy in one go?

"I don't believe that he can handle a few of us alone," Yang Hui snorted coldly and said to the two men in black beside him, "You guys come with me, let's kill this guy first!"

These two men in black were the strongest combatants under Yang Hui, and when he went out on business, he often took them with him to act as bodyguards, therefore, Yang Hui had great confidence in them.

The two men in black looked at each other, then nodded knowingly.

The man in black on the left smashed his fist towards Lin Kai's face, while the one on the right clenched his fist and smashed it into Lin Kai's abdomen

The Policewoman Chapter 83

These two guys are usually well-trained and work well together. When they train with sandbags, their punches are so powerful that they often break through the sandbags.

If the guy on the left's fist had hit Lin Kai's head, it would have blown his head open, and if the guy on the right's fist had hit Lin Kai's abdomen, it would have made a big hole.

However, who is Lin Kai? He was a nimble, resourceful and agile special forces soldier, right? He quickly turned sideways and made a difficult pose, like a daredevil, pressing his body to the ground and pulling downwards with the force of the two men.

The two men's bodies instantly lost their balance, and while they were still standing on the ground, Lin Kai lifted his foot violently and kicked at their key parts.

Ping!

Bang!

There were two muffled sounds in quick succession, and both of them were hit in the crotch at the same time.

Aah!

Aah!

After two miserable cries, the two huge bodies stumbled backwards, their roots unstable, and stumbled to the ground.

"I pooh," Lin Kai stood up from the ground with a carp and spat at the two men who had fallen to the ground, unconscious, respectively, before looking at Yang Hui and Black Dragon with a smile on his face and said, "Gentlemen, have I let you down?"

The bald man had never expected that Lin Kai would be so skilled after not seeing him for more than half a year. He secretly hated that after he had kidnapped and injured him, he had not killed him, but had asked his younger brothers to throw him onto the highway around the city.

Yang Hui was also a bit stunned, he was also a practised fighter, he didn't expect a young man who didn't look amazing to beat his two strong bodyguards to death within one move, and he even humiliated him to his face, he felt a bit irritated and a bit mad.

"You're fucking looking for death?" Yang Hui sneered at Lin Kai, "What a guy who doesn't know how to behave, how dare he spill his guts here?"

"Not only do you look like a pig, you also have a bad breath problem," Lin Kai looked at Yang Hui with squinted eyes and sneered, "Looks like I'll have to gag you as soon as possible"

"Boss, what's going on here?" A man's voice came in from the doorway of the room.

Immediately after that, four big burly men rushed in from outside, they were sent by Master Long and were specifically responsible for protecting that batch of arms supplies, each one of them had extraordinary skills and was experienced in many battles.

As soon as they heard a noise over here, they ran over from the backyard.

"This man and woman broke into the base without permission, the woman has been arrested by us, the man is resisting, follow me to catch him and beat him to death!" Yang Hui said shamelessly.

For fear of reprimand from Master Long, he did not dare to tell them in front of the men in black that the bald man had kidnapped Song Linna and that he had seen Song Linna's beauty and had evil intentions towards her.

When the four men in black saw their two companions lying on the ground, wounded by Lin Kai, they became furious and started to attack Lin Kai after getting orders from Yang Hui.

"Looking for death?" Lin Kai was displeased with Yang Hui's nonsense just now, and was even more furious, mimicking the tone of voice he had just used to speak, he shouted.

As he spoke, Lin Kai quickly turned back around and rammed towards the four bodyguards who had rushed up.

"Shit, this guy doesn't want to die?" The two bodyguards who were rushing at the front saw Lin Kai adopt this suicidal attack method, and were in a state of shock, quickly dodging to the left and right.

Whoosh!

One person's fist struck Lin Kai's temple from the left side.

Swish!

Another man turned his fist into a palm and slashed at Lin Kai's neck from the right side.

It was obvious that these two men were not at all on the same level as the bunch of losers who had just been injured by Lin Kai.

"If they use wheel tactics, I'm afraid I won't be able to hold out for long" Lin Kai secretly pinched a cold sweat for his and Song Linna's situation.

When he met a strong enemy, he didn't dare to slow down at all. In order to end the battle as soon as possible, he stopped dodging and reached forward with both hands, grabbing the wrists of the two men with ghostly speed, one left and one right, and found their acupuncture points and snapped them with force.

The two men's bodies instantly stiffened.

Lin Kai quickly let go of the two men's wrists, and before they had time to make a reaction move, his two fists came out in unison and struck them heavily on the temple.

Snap!

Pop!

With two crunching sounds, both of them fell to the ground in response to the sound.

As Song Lina was still in their hands, Lin Kai didn't dare to let up at all, he had to completely finish off the two remaining experts before he could rescue her, so he continued to charge forward and blasted his fists out.

In a flash of lightning, his fist smashed right into the bridge of the nose of the man in black who was running a little ahead.

Crack!

The man in black felt his eyes go black and he fell straight to the ground, fainting.

The remaining man in black seemed to be the strongest among the others, so he followed suit and attacked in a desperate manner, lunging at Lin Kai.

The man in black's tall body crashed heavily into the wall like a world wave.

BANG!

There was a muffled sound.

The black-clothed man's body bounced off the wall and then, lying on the ground like a dead pig, he could no longer move.

Apart from these six men in black who had been knocked to the ground by Lin Kai and couldn't get up, only Black Dragon and Yang Hui were left inside the room, as well as Song Lina who was tied to the stool by them.

Seeing that the six black-clothed men were so easily taken care of by Lin Kai, the bald man was a little alarmed and cast an enquiring look at Yang Hui, who was standing behind Song Linna.

Yang Hui nodded to him, and the black dragon complied, reaching into his pocket.

“Not good!”

Lin Kai felt something bad when he saw him put his hand into his pocket, and his heart tightened as he hurriedly dodged.

Bang!

A bullet whistled towards Lin Kai’s head, this guy made a killing move, trying to make Lin Kai’s head explode in one move, Lin Kai dodged and tilted his body backwards.

As the bullet hit the wall, Lin Kai was already on the ground.

The bald man’s marksmanship was good, but he was a bit scared of Lin Kai, and when he fired, he hesitated slightly, plus Lin Kai’s quick eyes and hands, he successfully dodged the bullet’s attack.

Seeing that Lin Kai had dodged the bullet, the bald man raised the highly penetrating p7 small calibre pistol in his hand and pulled the trigger again, firing continuously at Lin Kai.

The gun was a hammerless pistol designed by hk to meet the needs of the police, with a series of special designs such as a flush-firing pin double-action trigger structure and a gas-delayed recoil structure.

Despite using the powerful 9mmx19 cartridge, the p7 pistol is the size of a 38acp calibre pistol, making it one of the smallest automatic pistols in its class.

This performance and characteristics of the p7 pistol, which for a time became a great story in firearms, had to be gut-wrenching when it fell into the hands of this gang of thugs.

Bang! Bang! Bang!

Three shots rang out.

One bullet shot at Lin Kai’s head, one bullet went straight to Lin Kai’s chest, one bullet flew to Lin Kai’s abdomen, three bullets came from different angles, each move was vicious and deadly

The Policewoman Chapter 84

In his desperation, Lin Kai made a sideways turn and once again made a non-inverted pose, managing to dodge a few deadly bullet attacks.

“Crap!”

The scene of this brute raping Tang Huimin in front of him came to Lin Kai’s mind, and his blood suddenly surged up, only to see him sneer and suddenly fumble a sharp weapon from his pocket and raise his hand.

Whoosh!

A white object flew towards the black dragon like lightning.

“Ah” The bald man screamed miserably, his pistol fell off and he crouched on the ground with his hands covering his eyes.

Only a short knife was stuck in his eye, bright red blood seeped out from his fingers and a bloody smell permeated the room.

Seeing that several men in black had been wounded by Lin Kai, that Black Dragon had missed his shots in quick succession, and that Lin Kai was approaching him, Yang Hui immediately reached into his pocket and pulled out a pistol and put it against Song Lina’s head.

“Don’t move!” Yang Hui grabbed Song Lina’s hair and shouted to Lin Kai, “If you take another step forward, I’ll kill her!”

Song Lina didn’t expect that Lin Kai was so capable of fighting.

She was so stunned by this superb stance that Lin Kai forgot the danger he was facing as he fought with several men in black.

Just as she was about to feel complacent that she would be saved by Lin Kai once again, she was held by that annoying dead fatty beside her with a black hole in his head.

“Damn fatty, what do you want, let go of me” Song Lina once again felt a sense of crisis , shouted.

“You’d better let her go or you’ll die a horrible death!” Lin Kai looked straight into Yang Hui’s eyes and said in a cold voice, at the same time, turned his face sideways and shouted to the door of the room, “Captain Zhou, you’re here?”

Yang Hui was startled and quickly turned his gaze towards the entrance of the room, and just as he was distracted, Lin Kai struck out with lightning and threw out a short knife.

Whoosh!

As if the knife had eyes, it stuck into the back of Yang Hui’s hand.

There was a sharp pain and the pistol in his hand fell to the ground as Lin Kai scurried to Yang Hui with ghostly speed and grabbed him by the neck.

“Don’t move, move again and I’ll strangle you to death!” Lin Kai warned Yang Hui, and with one hand stuck around Yang Hui’s neck, the other hand untied Song Lina.

After Song Lina’s ropes were untied, she breathed a sigh of relief and immediately stood up from the stool and cursed angrily at Yang Hui, saying.

“You fat pig, you rascal, weren’t you so imposing just now, trying to beat me up? Now I’ll let you know what this lady is capable of!”

With that, she raised her hand and slapped Yang Hui’s face.

In an instant, Yang Hui’s fat face immediately appeared with Song Lina’s five finger marks, which quickly swelled up, so that the fat face turned into a pig’s face.

“Song Lina, this is not a place to stay for long, let’s leave quickly!” Lin Kai advised.

“Damn fatty, you’re lucky,” Song Linna stopped, spat at Yang Hui and said to Lin Kai, “Lin Kai, let’s go!”

“None of you can leave!” Suddenly, a woman’s voice came from the entrance of the room.

Immediately afterwards, a group of men in black rushed into the room, pointing countless guns at Lin Kai and Song Lina’s heads.

“Huh? Why is it her?” Lin Kai felt a little puzzled in his heart when he saw the woman who spoke clearly, “Could she also be from the Black Dragon Gang?”

.....

After parting ways with Zhao Wenlong in a luxurious suite at the Yanjing Hotel, Qin Yao led a group of men in black to leave Yanjing City in a hurry and drove to Wolong Mountain.

When she led the group to the entrance of this compound located at the back of Wolong Mountain, she found that the gate of the compound was tightly closed and the two gate guards standing guard had been knocked unconscious on the ground.

“Not good, there’s danger!” Qin Yao exclaimed, looking around alertly and finding no one there, she hurriedly shook one of the gate guards awake and asked, “What’s going on?”

“Sister Qin Yao, you’re here?” The door guard looked at Qin Yao and the others with a bewildered expression, felt some pain in his head and touched the back of his head with his hand, then he remembered that he had been attacked by a black shadow and said in a panic, “No good, someone has injured us and broken in.”

“How many of them are there?” Qin Yao asked eagerly.

“Didn’t see clearly, it seems to be one person” The door guard had a feeling of survival after the robbery and asked, “Sister Qin Yao, what should we do now?”

The few men in black who had come with Qin Yao were a little alarmed when they heard this from the door post.

They all knew that the two gate guards were both quite skilled, and the fact that they had been knocked unconscious by a man without any resistance, and, moreover, had not been discovered by the people inside, showed how skilled that man was, and it was impossible to say that the guard post inside had also been terminated by that man.

“Everyone take it easy for now,” Qin Yao seemed to have read the minds of the people and said with relief, “Even if he is powerful, he is not as powerful as the guns in our hands, so let’s be alert and I will call Master Long first.”

With that, she took out her mobile phone and dialed Zhao Wenlong’s mobile number.

The call was quickly answered.

A low voice came from the phone, “Qin Yao, have you arrived yet?”

“Master Long, I’ve arrived,” Qin Yao asked anxiously, “You were right, someone did touch in at our base at the back of Wolong Mountain.”

“Huh?” Zhao Wenlong asked in a shocked voice, “What kind of person is so bold as to dare to break into our Black Dragon Gang’s forbidden place, where is Yang Hui, where is he now?”

“He’s inside the compound, I’m still at the entrance of the compound, I just saw two gate guards being knocked unconscious, I’m not sure at all about the situation inside the compound.” Qin Yao answered truthfully.

“Black Dragon, this rice bucket, usually just knows how to fight and kill, he doesn’t use his head at all, I told him a long time ago, don’t just bring people inside, he just doesn’t listen, when this matter is over, see how I will fix him.” After scolding the bald man angrily, Zhao Wenlong said to Qin Yao, “Keep an eye out, are there any police following behind?”

“Not yet,” Qin Yao paused and said eagerly, “but since someone has come to rescue the hostages, they must have called the police, I reckon the police will come soon, what if they arrive and find out about the arms supplies we hoarded inside?”

Zhao Wenlong hesitated for a moment and said in a commanding tone.

“How about this, you take your men inside first, get a clear picture of the situation inside, make sure to protect that arms supplies inside at all costs, and report to me in time if you encounter any changes.”

“Okay, I’ll bring my men in now.” After Qin Yao put down the phone, she said to the few men in black around her, “Brothers, pull out the guys in your hands, Master Long has said that no matter what, no one who trespasses into our Black Dragon Gang base can be let go

The men got the order and immediately pulled out their pistols from their pockets.

Qin Yao had the other gate guard woken up before she told them to open the gate of the courtyard and gently pushed the door inside, suddenly finding the four men in black in the compound all fainted on the ground, each of them broke out in a cold sweat.

“What kind of person is so powerful?” Qin Yao’s heart was startled and she quickly had someone wake up these four men in black who were lying on the ground.

When she asked one of them about the situation, it was like a great enemy, so she told everyone to be careful and tiptoed towards the room where Song Lina was being held.

The Policewoman Chapter 85

“Miss Qin Yao, we meet again,” Lin Kai sneered as he looked at Qin Yao with cold eyes, “So, you’re in cahoots with this gang of hooligans, you’re really deep in hiding

“Cut the crap, why did you barge in here?” Qin Yao felt a blush as she remembered what had happened this morning when they met at the Renai Clinic and again on the street, she didn’t want her men to know about it and hurriedly interrupted Lin Kai’s words.

Even though the dozen or so people she led had the whole room surrounded and everyone had guns in their hands with loaded bullets, she still didn’t dare to let anyone take the risk of shooting because Yang

Hui was now in Lin Kai's hands and if he was accidentally injured by mistake, no one could afford this responsibility.

Lin Kai felt a little bad when he saw that Qin Yao had brought this group of people with guns pointed at his and Song Linna's heads.

He knew in his heart that no matter how strong his fists were, they were not as hard as a cold weapon, and no matter how fast his body was, it was not as fast as a bullet. As soon as Qin Yao gave the order for everyone to pull the trigger, he would be beaten into a sieve, splattered with blood and killed without a burial place.

The most urgent task was to stall for as long as possible and wait for the gang of his men to arrive, so he dropped his gaze to Black Dragon, who had been stabbed with his own flying knife and whose face was covered in blood, and said playfully.

"It was this bald brother of yours who invited me here, huh?"

"Secretary Qin, don't listen to this kid's nonsense, it was them who trespassed on our base and, moreover, injured so many of us, don't let them get away, kill them and take revenge for our brothers!" Seeing that help had arrived, Black Dragon started to become arrogant again.

"Shut up!" Qin Yao knew that this was all caused by the bald man, and was a bit chagrined, but was too embarrassed to poke him in front of so many subordinates, so she bellowed, "I've got a clear picture of the general situation, when did it become your turn to dictate in front of me?"

Black Dragon was usually used to being proud and arrogant, and Qin Yao was in awe of him, but he did not expect that this woman would be so disrespectful, so he was somewhat displeased and questioned.

"Secretary Qin, what do you mean by that?"

"I mean, if you don't treat your eyes, you will go blind," Qin Yao said in a cold voice, "You don't need to worry about things here, let your men send you to the hospital!"

"That's fine,," said Black Dragon resentfully.

He knew that this was Yang Hui's territory, Yang Hui was in Lin Kai's hands, Yang Hui had a close relationship with this woman, and she certainly did not want anything to go wrong with Yang Hui.

So, Black Dragon stopped insisting.

He knew that even if he insisted, Qin Yao would not listen to him. After stirring up such a big mess, this woman would be lucky if she did not play him in front of Master Long.

With the help of a few junior brothers, Black Dragon gave Lin Kai a fierce glare before leaving the room in a huff, but of course, all the while the guy was glaring, he was covering his wounded and still bleeding eye with his hand.

Lin Kai, anticipating that the gang wouldn't dare to shoot, blocked Yang Hui's fat body in front of himself and had Song Linna stand behind him, the three of them lined up in a single line, which left Qin Yao and the gang of black-clad men she had brought with her with nothing to do.

“Who exactly are you and why are you barging in?” Qin Yao asked again, and only after she had finished asking did she feel that her question was childish, thinking, “If that girl hadn’t been kidnapped by the bald man and this kid had come to save her, who in their right mind would barge in on so many people at gunpoint?”

“I pooh,” spat Song Lina, “don’t you guys know what kind of people we are? If that bald guy who got knifed just now hadn’t kidnapped me here, we wouldn’t have come even if you had invited us in a palanquin.”

“Surnamed Qin, let us go, or else I will strangle this dead fatty.” Lin Kai said loudly.

He knew that this woman was very cunning, she was trying to use the conversation to distract them and look for an opportunity to snipe at them and use it to save Yang Hui, so the hand that was stuck around Yang Hui’s neck secretly pushed harder.

“Uh-uh

Yang Hui’s expression was quite painful, his face became even uglier, and as he couldn’t speak, he just made a slurred sound from his throat.

Seeing that Yang Hui was almost suffocating, Qin Yao was very worried that he would die just like that and hurriedly said.

“Let go of him, we have something to talk about!”

She was beginning to worry a little about Yang Hui’s safety, afraid that when Lin Kai was enraged, he would jump to the wall, come to a fish death and strangle Yang Hui to death.

In her consciousness, the pair combined were not worth as much as her Yang Hui, and it was not worth the risk of hurting Yang Hui’s life for two minor characters, nor could she take the risk.

“Get your men out of the way, make a path and let us go!” As Lin Kai spoke, his other hand fished out a short knife from his pocket and held it to Yang Hui’s neck, releasing the hand that was stuck around Yang Hui’s neck.

With a little force, the knife dug into Yang Hui’s flesh, and a trace of blood flowed out from his neck.

“Cough cough!” Yang Hui coughed and took in a few breaths of air to feel his breathing was smooth, but a sharp pain came from his neck and he immediately begged Lin Kai for mercy, “Brother, the kidnapping of this lady was done by that bald guy, it has nothing to do with me, please spare me, if you let go of me, I will let them disperse and let you go?”

“This has nothing to do with you? Do you think I’m a three-year-old child who can believe your nonsense? You’re not begging me to let them shoot us to death indiscriminately after I let you go, are you?” Lin Kai realised Yang Hui’s ruse and said in a cold voice, “You are not qualified to bargain with me now, tell them to clear the way and then let you go after we have safely left.”

“Fine, fine, I promise you the conditions.” Yang Hui nodded his head repeatedly and said to Qin Yao and the group of men in black who were blocking the entrance to the room, “You all make way and let them go

Qin Yao's eyes met Yang Hui's for a moment and immediately understood his intentions, so she beckoned to the men in black around her and said.

"You all exit, make a way and let them go!"

At the same time, Qin Yao led this group of men in black to point their guns at Lin Kai while exiting the room, fearing that Lin Kai would do something different.

"We need to leave quickly, you stay close to me, don't give them a chance!" Lin Kai whispered a warning to Song Lina, then he put a knife around Yang Hui's neck and, using Yang Hui as a hostage, followed the exiting Qin Yao and the group of black-clothed men out of the room and into the compound.

BANG!

Suddenly, a door slam came from the entrance of the compound, the door of the room was pushed open from the outside, and the Gold Cup van of Black Dragon and the others drove in, followed by a convoy of vehicles.

At the front was a military jeep, followed by a modern police car, followed by a Mercedes and two Audi cars.

The row of convoys pulled up at the entrance of the compound as it was unclear what was going on inside.

Whoops

The police car sounded a long siren, instantly breaking the silence all around, the siren sounding extraordinarily harsh in this silent valley.

"Not good, you guys hurry over and close the courtyard gate!" Qin Yao's heart was startled, and then she ordered the men in black who were standing beside her.

The two men in black quickly rushed over and quickly closed the courtyard door behind them.

"Secretary Qin, it's not good, there are police officers coming after us outside!" Black Dragon said after he was helped down from the van by a few of his juniors and came to Qin Yao.

The Policewoman Chapter 86

"Did you lure them here?" Qin Yao asked in a deep voice, thinking to herself, "It's over, it's over, tonight, I'm afraid I'll be arrested by the police and put in the bureau."

"No," said Black Dragon, covering his no longer bleeding, blood-stained eye with one hand, "We had just left here shortly before they blocked us back halfway."

"Tell me, how many of them are there in total?" Qin Yao looked down on the bald ass in front of her who had brought them disaster and asked in a stern voice.

"Not quite sure," Black Dragon shook his head and said helplessly, "There are more vehicles driving over, it seems that quite a few people have come, what should we do now?"

"At this time, if you ask me, who am I going to ask?" Qin Yao said in exasperation.

With the police outside and an extremely skilled expert inside holding their boss Yang Hui's neck with a knife as a hostage, Qin Yao could not be angry now that she was under attack at her back.

Since she did not know what was going on outside, Qin Yao did not dare to let Lin Kai and Song Linna out yet.

If she let them out, and Lin Kai had a clear idea of what was going on inside, and they combined their forces and attacked the people inside, it would be the end of the game.

Qin Yao was an extremely intelligent woman and a former senior agent with special and rigorous training, she would not make such a low-level mistake.

This morning, she had been ordered to go ahead and investigate the identity of Dr Tang at the Renai Clinic before she went there to see a doctor. After leaving the clinic, she found herself being followed by Lin Kai and mistakenly thought that her identity had been exposed, so she deliberately acted like a weak woman when she was robbed by the flying car thieves.

Now, she could no longer pretend and instructed the men in black around her to continue pointing their guns at Lin Kai and Song Lina while confronting the police outside the courtyard.

It turned out that Zhang Shuo had taken the initiative to call Song Linna's father, Song Mingyuan, after receiving a call from Lin Kai when the rest of the team was on a mission and could not be reached for the time being.

When Song Mingyuan learnt that his daughter had been kidnapped, he immediately called his nephew Zhou Peng to contact him.

Several cars set off from Yanjing City and drove to the entrance of Wolong Mountain Resort when the driver of the taxi in which Lin Kai was travelling was waiting there and told them what had happened here.

A convoy of cars then drove to the back of Wolong Mountain and blocked the entrance to the compound.

"Listen up, people inside, you are surrounded, hand over the hostages quickly!" Zhou Peng took the loud speaker handed to him by a police officer and started shouting.

"Listen to the police officers outside, we have your people, you must not act too aggressively, or we will kill them." Qin Yao shouted at the door of the room.

"Lina, are you in there?" Song Mingyuan's anxious voice came from outside the courtyard door.

"Dad, I'm inside," Song Lina felt very close to hearing her father's voice at a time of life and death, and shouted to the compound door, "Lin Kai has their boss under control, don't worry, they won't dare to shoot us!"

Song Mingyuan thought that his daughter was afraid that she was worried and deliberately used these words to cheer him up, saying back, "Don't be afraid, dad will bring his men in to save you now!"

"Shut up!"

Qin Yao yelled loudly, then pointed her gun at Song Linna and pulled the trigger.

Bang!

The ear-piercing sound of a gunshot rang out.

It cut through the vast space, broke the tranquility of the valley, startled the nightingales in the treetops, and stunned everyone inside and outside the compound.

After the gunshot, Song Lina was stunned, only to see her eyes widen and her mouth open, standing in place like a statue.

It was only after a long time that she slowed down and touched her head with her hand, finding herself intact and pinching her arm, which was still a little sore.

“Hey, I missed,” thought Song Lina gloatingly, “is this woman letting off steam on purpose, or is there something wrong with her marksmanship, why did the bullet deflect to the sky when it was clearly pointed at my head? Did she want to hit the stars?”

It turned out that Qin Yao did not shoot at Song Linna, but shot at the sky.

She did so because, on the one hand, it was a threat to Lin Kai, who was holding Yang Hui hostage, to threaten the man not to act rashly, and she was not a vegetarian, and would shoot if she had to; on the other hand, it was a warning to the police outside, to warn them not to trespass.

The shot really worked and dazzled everyone straight away.

Outside the main gate.

Zhou Peng, who was shouting with a microphone in his hand, heard the people inside firing and shouted, “Listen, people inside, please don’t do anything stupid, don’t hurt the hostages

“Let’s talk, please don’t hurt my daughter,” Song Mingyuan, who thought his daughter had been killed, shouted, “Lina, what’s wrong with you, Lina

Song Lina suddenly woke up and shouted to the door of the room, “Dad, don’t worry, I’m fine!”

When Song Mingyuan heard his daughter’s voice, he put his mind at ease and said loudly, “Lina, don’t be afraid, we’ll be right in to save you!”

Lin Kai saw that the woman actually dared to shoot, and although he knew her intentions, he was still a little angry – who would want someone else pointing a gun at them? What if the gun went off and hit you?

Lin Kai was annoyed.

He put a knife to Yang Hui’s neck, slashing deeper, and said angrily, “Tell your men to put down their guns, or I’ll kill you!”

“Don’t shoot, let’s have a good talk!” Yang Hui felt a sharp pain and said to Qin Yao in a panic.

This guy wasn’t that stupid, in this situation, it was death, and he couldn’t follow Lin Kai’s orders and give orders to his brothers to put down their guns.

He knew that power came out of the barrel of a gun.

If they had guns, they could negotiate with the police outside. If they did not have guns in their hands, they would not have any capital to bargain with others and would definitely be caught with their hands tied.

Qin Yao naturally understood Yang Hui's intention, so she pointed her gun at Lin Kai, who was holding a knife to his neck and hiding behind him, and said loudly.

"It's OK to tell us not to shoot, as long as you let go of him, we'll let you go!"

Lin Kai knew that this woman was playing a trick and said coldly, "My thoughts are the same as yours, as long as you can get us safely out of this courtyard, I will let him go."

Qin Yao felt that holding on like this was not an option, the most urgent thing was to find a way to get out as soon as possible, so she said, "Okay, I'll agree to your terms, but you have to ensure our boss's safety!"

"Don't worry, I'll keep my word." Lin Kai replied.

Qin Yao waved her hand at the group of black-clothed men surrounding Lin Kai, Yang Hui and Song Lina, and the group of black-clothed men automatically flashed a lane, ready to let them leave.

"Don't move!"

Suddenly, a black shadow flew in from outside the courtyard wall.

He was seen holding a mini submachine gun, pointing at the black-clothed men in the courtyard and shouting, "You have been surrounded, drop your guns and surrender!"

Qin Yao and the black-clad men under her were startled, and they all pointed their guns at this uninvited guest.

The Policewoman Chapter 87

When Lin Kai saw that the person who rushed in was team member Zhang Shuo, he knew that he was the one who had brought in the help, and he was secretly happy.

However, he swept a glance at the group of black-clad men in the courtyard and found that apart from the p7 pistols, there were actually people holding mini submachine guns in their hands, which further confirmed that the arms were in the hands of these guys and were probably hidden in this courtyard.

However, for the sake of Song Linna's safety, Lin Kai did not dare to act rashly.

He passed a wink to Zhang Shuo and said, "I've already promised them that we won't make things difficult for them as long as they let us leave this courtyard."

Zhang Shuo nodded knowingly, but he still kept his gun trained on Qin Yao and the others, not daring to let up at all.

When Qin Yao saw that Zhang Shuo did not attack them, she asked a man in black to open the door.

The courtyard door “creaked!” In fear of the police rushing in at this time, some of the men in black pointed their guns at the entrance of the room, in case there was any untoward change.

Lin Kai, fearing that Qin Yao might turn against him, did not dare to slow down at all, still holding a knife to Yang Hui’s neck and letting Song Lina walk ahead of him, retreating step by step towards the entrance of the room.

Only when he had rejoined Zhang Shuo and Song Linna was safely out of the courtyard, half of their bodies out of the compound, did he push Yang Hui towards the gang of black-clad men with one push, and quickly left the compound with Zhang Shuo.

The door of the courtyard closed again with a bang.

.....

Song Mingyuan was relieved to see his daughter out of danger and hurriedly ran up to him, asking.

“Lina, are you all right?”

“Oooh” Song Lina sobbed as she remembered the scene when she was kidnapped by the bald man and the others, her nose sobbing as she flung herself headlong into her father’s arms.

While patting his daughter’s back, Song Mingyuan said comfortingly, “Lina, it’s okay now, it’s safe!”

Lin Kai swept a glance towards the group of security guards brought by Song Mingyuan and the few policemen brought by Zhou Peng, and asked Zhang Shuo.

“Where are the people you brought with you?”

Zhang Shuo explained, “They all went on a mission, I couldn’t get in touch, so I called Song Dong and asked him to bring these people over.”

“With just a few people and these few guns, how can they be a match for those desperate men with guns in their hands inside the courtyard?” Lin Kai sighed and admonished, “I reckon that batch of arms is in this courtyard, call Instructor Zhang to contact him immediately and ask him to send someone over quickly!”

Zhang Shuo nodded seriously, and then took out his mobile phone and dialed Zhang Tianhu’s number.

Zhou Peng came to follow Lin Kai and asked, “How many people are actually inside?”

“There are about twenty or thirty of them!” Lin Kai answered truthfully.

“So, there’s no way we can catch them at all?” Zhou Peng was still quite aware of this, and it was fortunate that he hadn’t stormed into the courtyard with the police.

“Yes,” Lin Kai affirmed, “Not only do they have pistols in their hands, but they are also equipped with mini submachine guns, with just a few of us, we can’t help them at all, we must get help immediately”

Ring ring ring!

At this time, Zhou Peng's mobile phone rang. Zhou Peng took out his mobile phone and took a look, it showed the name of Deputy Director Yan Zhengkuan, then he picked up the phone.

"Little Zhou, where are you now?" Yan Zhengkuan's low voice came from the phone.

"I'm on this side of Wolong Mountain, what does Yan Bureau have to say" Zhou Peng led his team to come after receiving Song Mingyuan's call and did not report to Yan Zhengkuan, not knowing what medicine this old guy was selling in his gourd, he answered cautiously.

"What are you going there for?" Yan Zhengkuan enquired.

"My cousin has been kidnapped and I led the team to rescue her." Zhou Peng answered truthfully.

"Did you rescue her?" Yan Zhengkuan asked in a cold voice.

"Yes."

"Then you guys quickly close up the team, our police station just received a police call saying that there was a murder case in the eastern suburbs, so you should bring your men over to deal with it." Yan Zhengkuan said in a commanding tone.

"This" Before Zhou Peng could finish his sentence, Yan Zhengkuan had already hung up the phone.

Lin Kai heard the contents of Zhou Peng's call with Yan Zhengkuan and felt that the call came at a bad time and was very strange, so he said to Zhou Peng.

"Team Zhou, since you have a mission, go back! Just leave the rest to us."

"Will it work?" Zhou Peng asked with concern.

"It's fine," Lin Kai said with a nod, "our men will be here soon,"

"Alright then, be careful." Zhou Peng gave Lin Kai a word of advice, and then told him to bring those few officers to get into the modern police car and drive away.

After Zhou Peng led the team away, Lin Kai said to Song Mingyuan, "Uncle, you guys should go too, I'll go back to the city after I finish this side of things."

"That's alright, we'll still stay here with you guys to finish the job!" Song Mingyuan replied.

"No need," Lin Kai shook his head and said, "Those guys inside are a bunch of desperados, moreover, they have guns in their hands, in order to reduce unnecessary sacrifices, you should let Lina go back with you guys first."

"No, I won't go back!" Song Lina said stubbornly.

"Song Lina, you've just seen how vicious those guys are, not only will you not be able to help here, you'll drag us down," Lin Kai advised, "You'd better go back with your father, I'll go back for you after I finish my business!"

"Then okay, I'll wait for you", Song Lina felt that Lin Kai's words made sense and reluctantly agreed to leave.

Song Mingyuan helped his daughter into his Mercedes, the driver then started the car, followed by the remaining two Audis, and together they drove away from the backyard of Wolong Mountain.

A vicious battle was destined to take place here, and Zhang Shuo took a mini submachine gun out of the military jeep he had driven over and handed it to Lin Kai.

The two then crept in the grass at the entrance of the compound, pointing their guns at the entrance of the compound and strafing them as soon as anyone came out from inside.

After receiving Zhang Shuo's call, Zhang Tianhu then led all the two dozen members of the base's special forces to set out in force, setting off from the military convalescent hospital in a massive convoy to kill their way towards Wolong Mountain.

When their convoy drove to the back of Wolong Mountain and joined up with Lin Kai and Zhang Shuo, they rushed into the compound together, which was already empty.

"So many people, how did they disappear all of a sudden? Couldn't they be like rats, able to make holes and burrow into the ground?" Lin Kai felt a little puzzled.

Zhang Tianhu led the team to search the courtyard all over, and never found any trace of Qin Yao, Yang Hui and the bald man, let alone any sign of arms supplies hidden inside.

As everyone was unfamiliar with the terrain in the back of Wolong, a mountainous area surrounded by trees and forests, and it was also night time, with unclear vision, Zhang Tianhu had no choice but to order the team to close up.

When their military convoy drove out of Wolong Back Mountain and reached the entrance of Wolong Mountain Resort, the headlights of a black Audi suddenly turned on and blocked the way of the military jeep Lin Kai was riding in.

"No good, there's danger!" The strong light came, and Lin Kai, who was sitting in the passenger seat, felt a blur before his eyes and instinctively jumped down from the jeep.

Suddenly, a black shadow quickly lunged towards Lin Kai.

The Policewoman Chapter 88

Lin Kai's body jerked backwards, turned around, and threw himself in a smooth motion, "Pah!" There was a muffled sound, and then "ouch!" The attacker fell to the ground with a heavy thud.

Lin Kai fixed his eyes and found Song Linna lying on her back with her knees bent and her hands clutching her ankles.

The immense pain distorted her beautiful face, and Song Lina gritted her teeth to death, forcing herself not to make a sound, displaying a look of great pain.

"Song Lina, how is it you?" Lin Kai shouted in shock and hurriedly went forward to help her up from the ground, questioning, "Didn't I tell you to go back with your father and the others? Why are you still here?"

"I was worried about you, so I stayed and waited for you here," Song Lina asked with tears in her eyes, "Did you catch those guys?"

"No," Lin Kai shook his head and, noticing that Song Linna's father's Mercedes and another Audi were still parked, asked, "Did you fall and hurt yourself?"

"No..... no.....," said Song Lina, blushing.

"Come, I'll help you get in!" When Lin Kai saw her pearly face, he was a little bit unbearable, so he wiped her tears with his hand, wrapped his arm around her small waist and helped her up from the ground.

When Zhang Tianhu saw that the man who had attacked Lin Kai was one of his own, he led the group to drive away together, except for Zhang Shuo, who stayed behind in the military jeep Lin Kai was riding in.

At this time, Song Mingyuan got out of the Mercedes and walked up to Song Lina, asking with a concerned face.

"Lina, are you alright?"

"No it's fine", said Song Lina through clenched teeth.

"It's good that you're alright," Song Mingyuan gave his daughter a sultry glance before dropping his gaze to Lin Kai and said, "Xiao Lin, thank you for saving our Lina once again, tonight, I have some things to take care of at my company, so I'll leave her to you, I hope you'll help me send her home and take care of her again. Don't let her wander around"

"Okay, no problem." Lin Kai nodded his head.

Song Mingyuan handed a car key to Lin Kai and said, "I heard that Lina's car was destroyed by those guys, so you guys just take my car back, we'll leave first."

Without waiting for Lin Kai to say anything, Song Mingyuan had already gotten into the Audi that Song Lina had just shot Lin Kai in the eye with her headlights, followed by two Audis with high beams, driving away from Wolong Mountain Resort, one after the other.

Lin Kai said to Zhang Shuo, who was sitting in the driver's seat of the jeep, "Tonight, I still have some things to take care of, you should go back to the base first!"

Zhang Shuo nodded, and then drove off.

After everyone left, Lin Kai helped Song Linna walk in the direction of the Mercedes.

Song Linna had taken a bad fall, her ankle instantly swollen and red, and she was limping as she walked.

Lin Kai asked softly, "Can you still walk?"

Song Linna gritted her teeth and said, "Yes, I can walk!"

"Don't hold on, let me carry you!" Lin Kai said as he squatted down.

Song Linna blushed and nonchalantly plopped down on his back.

A fragrant smell hit his nose before Lin Kai felt her elasticity and fullness.

Holding her buttocks in both hands, Lin Kai carried her to the Mercedes with one breath, opened the door with the remote control key and put Song Linna in the back seat of the car.

Then, getting into the driver's seat, he started the car and drove back to the city.

An hour or so later, Lin Kai steadily parked the Mercedes at the entrance to Building 8 of the Fragrant Hill Villa where Song Linna's home was located.

After helping Song Linna out of the car, he asked Song Linna to open the door with the key.

The nanny had gone home on leave, no one was home!

Lin Kai helped her to the living room on the ground floor and made her lie down on the living room sofa.

Song Linna was about to stand up from the sofa when Lin Kai hurriedly pressed her shoulder and said, "Don't move, I'll help you see if you're hurt and then rub it for you!"

Lin Kai took off her high heels and stockings and examined her carefully, there was nothing serious, just a soft tissue contusion, just a general broken foot.

As she was about to knead her foot, Song Lina blushed red and said, "Lin Kai, you'd better take me to my room!"

"Okay!" Lin Kai nodded and gently picked her up, walked into Song Linna's bedroom on the first floor, placed her on the bed, and pulled the bed sheet to cover her body.

Like a wounded kitten, Song Lina lay docilely at his mercy.

Lin Kai turned on the light in the bedroom.

In the soft light, Song Linna looked delicate. Lin Kai checked her injured ankle again and found that it was so red and swollen that he had to rub it with alcohol.

"Do you have alcohol at home?" Lin Kai inquired.

"No alcohol, it's open, there is a bottle of Guizhou Moutai that hasn't been finished yet." Song Lina replied.

"Where is it?"

"In the cupboard on the ground floor."

"Then lie down for a while, I'll go get some wine to help you polish it!" Lin Kai barked and turned to leave.

Looking at Lin Kai's back as he walked out of the bedroom, Song Lina revealed some complicated and strange eyes, a hint of shyness, a hint of confusion, and a hint of helplessness.

When she thought of her previous visit to the military sanatorium, when she bumped into Lin Kai and Tang Huimin hugging and kissing, a strong jealousy grew up in her heart.

On second thought, if it wasn't for the fact that I was too irrational at the time and in a fit of anger, I ran off to race with the bald man, I wouldn't have caused all these things tonight.

When I think of how I was kidnapped by the bald man and others to that courtyard at the back of the Wolong, and almost trampled by that dead fat man, when Lin Kai came forward and sacrificed his life to save himself, I feel a touch of relief and a touch of sweetness

The first thing you need to do is to go downstairs and walk into the kitchen, find the bottle of Guizhou Moutai, pour some wine into a bowl, find a fine cloth and go back to Song Linna's bedroom.

Knowing that Lin Kai was using the wine to wipe her feet and reduce the swelling, Song Linna consciously stretched her legs out.

Lin Kai sat on the edge of the bed and gently caught her foot, saying, "Hold on a bit, it will probably hurt a bit when you start rubbing."

Song Lina said in a delicate voice, "Then okay, you be gentle"

"Okay, I'll wipe your feet now" Lin Kai dabbed the fine cloth with wine and gently wiped it on her ankle first, gently kneading it and slowly increasing the force

"Ouch, it hurts" Song Lina cried out and said with a sobbing voice, "Lin Kai, can you be a little more gentle"

"Okay, but bear with it, it'll be fine after a while!" Lin Kai pinned her calf with his elbow and patiently pressed on the injury.

Song Lina's legs and feet were immobilized, so she had to grit her teeth and endure the pain, accepting Lin Kai's massage, forcing herself not to cry out, so pitiful.

Within a short while, after some massage by Lin Kai, the redness and swelling on Song Linna's ankle seemed to have subsided a little and the bruising had completely dispersed.

Lin Kai finally breathed a sigh of relief, put the bowl with the wine on the bedside table, wiped the sweat from his head with his sleeve and felt a surge of tiredness.

Immediately afterwards, his consciousness gradually blurred and he fell asleep in Song Linna's soft bed.

The Policewoman Chapter 89

"Lin Kai, what's wrong with you" It seemed like he heard Song Linna's delicate cry in his ears, however, Lin Kai couldn't open his eyes no matter what.

Today, he had gone through so many things to save Song Linna and had expended so much energy, he had long been exhausted, and once he was next to the bed, he no longer wanted to move.

The bedroom was a little quiet.

Lin Kai was tucked up in bed, sleeping soundly, with a slight snore between his nostrils and a hint of crystalline colour coming from the corners of his lips.

Song Linna sat beside him, reached out and pulled a tissue from the bedside table, gently wiped the saliva from the corner of his lips, then got out of bed and threw the tissue into a waste basket placed in the living room on the ground floor.

After returning to the bedroom, I sat on the edge of the bed and quietly admired the handsome man in front of me.

Thinking about how she had unknowingly fallen in love with him and he had been indifferent to her, and how if she hadn't once saved his life on the highway and asked her grandfather to send him to the special forces, they wouldn't have had the chance to get so close, Song Lina's heart rose and fell as she thought about the little moments they had spent together.

The sleeping Lin Kai was like a big boy, the corners of his lips were still slightly curled upwards, as if he was having some good dream, that look was a little innocent and a little cute.

Looking at Lin Kai's sleeping face, Song Linna also seemed to be infected and felt quite sleepy, so she closed her beautiful eyes and unconsciously fell asleep.

In a daze, Lin Kai felt a soft body nestled in his arms and subconsciously wrapped his arms tightly around that soft body.

A hint of pleasure came through, supercharged, and Lin Kai felt an overwhelming sense of relief throughout his body.

"This is a dream, isn't it?" Subconsciously, Lin Kai thought it was a dream and the heroine in the dream turned out to be his own sister-in-law, Tang Huimin.

So, he was reluctant to wake up, who would want to wake up in such a romantic spring dream?

He loved the soft feeling of pressing his body against his little aunt, the pleasure was superb and he couldn't help but squirm and rub.

.....

Duk Duk Duk!

A knock on the door woke Lin Kai up.

Almost at the peak of his pleasure, he was about to let off some steam, and before he could enjoy it, this damn knock on the door woke his up, and Lin Kai was a little lost.

He was about to get up when he was wrapped in the arms of the person in his arms.

"Wow, not a dream?" Lin Kai was startled and took a look at the person in his arms.

This look was a shock, the woman was not at all his sister-in-law Tang Huimin, but Song Lina.

"Why am I in Song Lina's bed? I'm not with my sister-in-law Tang Huimin?" Lin Kai's heart tightened, "I didn't have anything with Song Lina, did I?"

He felt his body, luckily, his clothes were properly on and not off, and there was no sign of a relationship.

"Lina, are you better?" The voice of his father, Song Mingyuan, came from the doorway of the room.

"Dad, I'm much better, it's fine!" Song Lina responded.

Lin Kai tried to get out of bed to open the door, but was pinned down by Song Lina, who placed her index finger on her soft lips in a silent gesture, signalling him not to make a sound.

She told Lin Kai with her lips that he must not let his father know that Lin Kai had spent the night in her room, and seeing Song Linna's pitiful look, Lin Kai went along with her.

At the moment, the two of them were in an indecent position.

For, their bodies were entwined, their chests and bellies pressed against each other, their thighs entwined, that crucial part touching tightly together, and even though Lin Kai's thing was in shock and no longer soaring as in his dream, he could feel the stickiness, and it had soaked his underwear and the thin outer trousers were also a wet mess.

"No way, did I just have a wet dream?" Lin Kai felt a moment of embarrassment.

"Then rest a little longer, don't forget to eat breakfast when you get up, I'm going to work!" After his father gave a word of advice, his footsteps reached downstairs.

Immediately afterwards, the sound of a door closing came from downstairs.

The two bodies parted with electric shock, and the bedroom was so quiet that the irregular heartbeats of both could be heard clearly, quickly and chaotically.

"What time did your father come home last night?" Lin Kai was the first to break the silence between the two.

"I don't know, I fell asleep too" said Song Lina slowly and nervously.

At the moment, she was a bit shy, as if she had the same dream as Lin Kai, the difference was that the male protagonist in his dream was Lin Kai, and they had been lingering in the dream.

Thinking about the dream, Song Lina's fair and beautiful face was still flushed and suddenly she felt a little uncomfortable and realised that her underwear was wet and sticky.

So she sat up and inadvertently glanced at the wet mark on his crotch, and her face brushed up to her ears, looking even more delicate.

"No way? I are we already that if that's the case shame on me "Song Lina was a bit of a handful and hurriedly jumped out of bed, clenched her legs and limped into the bathroom of that bedroom of hers.

"She can clean herself up at home and have clothes and dresses to change into, and me? How am I going to go out and meet people in this state?" Looking at Song Linna's disappeared figure in the bathroom doorway, Lin Kai muttered in his heart.

He pulled two of the tissues on the bedside table and put them on his underwear to wipe them, only to find that the wetter he wiped them, the more obvious the wet marks on his crotch became.

On closer inspection, it turned out that he had used wet tissues, and he cried out in disgust.

Song Lina rinsed off in the bathroom, came out in her bathrobe, found a halter dress from the wardrobe and went back into the bathroom.

From start to finish she didn't dare to look at Lin Kai, her face stayed scarlet and she didn't dare to look at him.

When she came out of the bathroom again after changing her halter dress, Lin Kai turned his body sideways to hide his indecent sight, because, the wet marks were too distracting

When Song Lina saw Lin Kai's shrinking look, she understood what was going on.

So, she gritted her teeth and said in a voice as small as a mosquito, "You you wait for me at home for a while, I will go out for a while"

"Oh" Lin Kai answered vaguely, thinking, "Just wait, it's best if my trousers dry quickly so I don't get all ugly in front of her"

Lin Kai never thought that the wrong time, the wrong place, the wrong person, the wrong thing happened, he became so wretched.

At this time, Lin Kai only deeply appreciate, it is his mother's spring dream caused by the trouble

Squeak!

It didn't take long for the bedroom door to be twisted open from the outside.

Song Lina walked in with a plastic bag twisted in her hand, came to the bed with her head down, handed the plastic bag to Lin Kai and said with a red face.

"Quickly change out of your underwear, I'll wait for you outside!"

After saying that, he turned around and walked towards the door of the room and gently covered the door.

Lin Kai took out the contents of the plastic bag and saw that it was a pair of "double gun brand" underwear, his heart warmed and he felt that Song Linna was quite understanding.

I heard that he unpacked the box, took off the slimy underwear he was wearing and put on the double gun underwear

The Policewoman Chapter 90

Suddenly, the door of the room creaked open and was pushed open by Song Linna, who had just changed into his underwear and had not yet had time to put on his trousers.

Before he could react, Song Linna had already rushed into the bedroom, jumped into his arms and bit him hard on the shoulder.

"Ouch!" Lin Kai felt a raw pain and couldn't help but scream out in shock.

"Does it hurt?" Song Lina looked up at Lin Kai.

"What do you think?" Lin Kai said, grimacing.

"Then tell me honestly, what exactly is your relationship with Tang Huimin?" Song Lina questioned, this little woman had gone through so much and still seized on this matter.

“She’s my brother-in-law, what’s wrong with that?” Lin Kai said in disbelief.

“If she’s your brother-in-law, then why are you still hugging and kissing each other?”

Lin Kai didn’t want Song Linna to know that after Tang Huimin had been treated by Dr. Tang at the Renai Clinic, her sanity had been restored and he didn’t want her to know about the subtle relationship between himself and Tang Huimin.

So he prevaricated, “She she was poisoned by a kind of compulsion on the Free Island and had a bit of delirium ”

“Is that really the case?” Song Lina looked at him suspiciously.

“Of course,” Lin Kai said with a nod, “It’s you, on the contrary, your heart is smaller than the tip of a needle, for that matter, actually racing with bald men, a Ferrari and a BMW two scrapped not to mention, but also almost even almost life... ..”

“I do, what’s wrong?” Song Lina puffed out her cheeks and said, “Who told you to make me angry?”

Lin Kai looked at Song Linna’s innocent look and really felt the urge to cry, so he wrapped her in his arms and said apologetically.

“I’m sorry! I’m really sorry”

“You’re not sorry for anything, I was too willful,” said Song Linna, smiling a bit, “Last night, you suffered so much to save me, now let me reward you!”

“How will you reward me?” Lin Kai asked with a smile.

“Idiot,” Song Lina pouted, wrapping her arms around Lin Kai’s neck and taking the initiative to kiss him, saying softly, “Kiss, you lie down on the bed first”

An intoxicating aroma emanated from her body, and feeling the elasticity and fullness of her body, Lin Kai had the urge to have a nosebleed.

Gradually, his blood began to boil.

So he let go of Song Linna and, following her instructions, lay on his back and closed his eyes as if he had been instructed to do so.

Songina rawly unbuttoned her blouse and sniffed her way down through his hair, past his forehead, eyebrows, eyes, nose, mouth, jaw, neck, chest, belly button, and the roots of his legs

Suddenly, she gently licked down with her tongue.

Lin Kai’s head was dazed, his heart trembled, and his veins seemed to burst.

Still, Song Lina wouldn’t let him move, kissing him all the way down to his feet before she pounced on him and began kissing him wildly.

.....

After a kiss of the century, Song Lina gasped and asked.

“Lin Kai, do you want me?”

“Mmm!”

Lin Kai nodded mechanically.

Suddenly, his mind flashed back to the helpless eyes of Tang Huimin lying on the hospital bed in the military sanatorium, and as soon as he pushed Song Linna, who was pressed against him, away from him, he sat up from the bed in a flash.

“You What happened to you?” Song Lina looked at him in confusion.

“Nothing,” Lin Kai said perfunctorily, “I I’m not ready yet.”

“Do you you don’t like me?” Tears flowed out along with in Song Lina’s big, charming eyes.

“No no,” Lin Kai shook his head, suddenly remembering Song Linna’s fall last night when she “sneaked up” on him at the entrance of Wolong Mountain Resort, he hurriedly changed the subject. “Does your foot still hurt?”

“No!” Song Linna shook her head helplessly, reached out and pulled a wet tissue from the bedside table, wiped the tears from her face, and then stretched her foot out for Lin Kai to see.

Lin Kai used his hand to squeeze at her injured area, and seeing that Song Linna did not cry out in pain, he knew that she was not seriously hurt, so he picked up his mobile phone that he had placed on the bedside table and looked at it, finding that it was already 7:30 am.

“It’s getting late, I have to report back to the base, you should go to school too.” Lin Kai reminded.

“That’s alright!” Song Lina nodded against her will, then hummed a little tune as she straightened the sheets that they had squeezed into a crumpled mess, folded the quilt, and cleaned up her room.

Lin Kai really couldn’t bear to hurt Song Linna when he saw his expression of joy and sadness.

So, he put on his clothes and trousers, went forward to the bathroom to defecate, washed and tidied up a bit in the mirror, and then followed Song Lina out of the bedroom and down the inner hallway.

“Sister Lina, you guys” Nanny Xiaoqin came over from the ground floor living room and greeted Song Lina, suddenly noticing Lin Kai behind her and feeling a bit surprised.

“When did you come back?” Song Lina asked awkwardly.

“Around twelve o’clock last night,” Xiaoqin added as she slowed down, “When Uncle Song drove over to pick me up, you were already asleep, he said you were too tired and told me not to bother you ”

“Huh?”

After hearing the nanny’s introduction, Song Lina and Lin Kai looked at each other.

Because, when they came home last night, it was also before twelve o’clock, except that, Song Lina had led Lin Kai to her boudoir.

In other words, Song Mingyuan knew that Lin Kai had stayed in Song Linna's room last night, and it was hard not to think about that when a man and a woman were alone in the same room.

It seems that the matter between Lin Kai and Song Linna has been confirmed, so he can't even jump into the Yellow River to clean it up.

He really regretted that he shouldn't have gone to Song Linna's bedroom last night after taking her home, causing a mess when he didn't get to eat the mutton.

But then again, it wasn't as if Song Linna hadn't given him a chance, it was just that Lin Kai had Tang Huimin in his heart and couldn't get it out of his head.

Seeing that Song Linna and Lin Kai were both a little embarrassed, Xiao Qin said, "Sister Linna, I've already prepared breakfast and set the table, so you guys go and eat!"

"Okay." Song Lina came back to her senses and pulled Lin Kai's hand into the dining room.

Yesterday, Lin Kai had used up so much energy in order to save Song Linna, and had not eaten anything until now, so he had long been starving. As soon as he saw those steaming meals on the table, he was so anxious that his mouth watered, so he sat down at the table, picked up the bowls and chopsticks, and began to wolf down his food.

This kind of eating made Song Lina, who was sitting opposite him and chewing slowly, couldn't help but laugh out loud.

"What are you laughing at?" Lin Kai asked, puzzled.

Song Lina giggled and said, "Eat slowly, no one will grab it from you!"

"That won't do, I can't let your family down with this beautiful meal!" Lin Kai said jokingly.

This remark once again made Song Linna laugh and tremble.

After breakfast, Lin Kai drove the Mercedes that Song Mingyuan had left for them last night straight to Yanjing University.

The main street, with many pedestrians and vehicles, seemed unusually congested.

It took nearly an hour before Lin Kai drove the car to the entrance of Yanjing University.

As he revisited the same place and looked at the familiar campus, Lin Kai felt infinite emotions in his heart.

When Lin Kai was thinking about it, Song Linna, who was sitting in the passenger seat, said, "Why don't you drive back to the base, and don't forget to pick me up when the time comes?"

"Okay, no problem," Lin Kai said hesitantly, "but call me before you get home from school!"

"Sure," Song Linna smiled, and seeing no one around, she whispered, "Kiss, close your eyes!"

"What for?" Lin Kai asked in surprise.

"Hee hee, keep it a secret!" Song Lina smiled slyly.

Lin Kai didn't know what this girl was asking him to do with his eyes closed, and closed them as if he was obedient.
