Chapter 2 - I Left a Note -

C2 I Left a Note

"Don't make a sound!"

Urgent, Hsu Yan first reached out to cover the other party's mouth!

"Who?"

But before she could touch it, Hsu Yan's arm was pressed down! What shocking strength!

Raising her head, in her blurry vision, she saw a pair of eyes that were filled with the cries of ghosts and gods. They were looking at her as if she was being sized up by a monster!

This man's height was at least 1.9 meters. He wore a worker's uniform, but it could not block a kind of nobility that came with him!

The person wearing this uniform in a seven-star hotel was either a courier or a driver!

Outside the door, rustling footsteps could be heard!

"I'm not a bad person! There are bad people chasing me! I got something dropped. Help me!"

Hsu Yan did not care much and grabbed this person's sleeve. She could not let the bad people get what they wanted!

From the moment Hsu Yan appeared, this peerlessly handsome man's eyes were filled with killing intent. He was also carefully sizing her up!

"Come out! Routine inspection!"

The door was knocked open by a fan. A moment later, they arrived at their room.

The man's long and narrow eyes narrowed as he stared at Hsu Yan. His big hand suddenly touched his right ear! A hidden communicator steadily fell into his hand and shattered into pieces.

"Hubby..."

This movement, one could tell what was going on from the sound of it!

The man blocked the woman and gave her an intimidating look, "Investigate?"

The inspector was shocked by the gaze. "Cough, it's fine now. You guys continue..."

Young people these days... were also human nature.

The voice went far away. The man looked at Hsu Yan in his arms and the breathtaking light in his eyes deepened a little.

He could tell at a glance that this was _____. What a strong medicine!

And Hsu Yan's gown was even more not simple.

"The daughter of a rich family?" He asked.

At this moment, Hsu Yan, who was completely immersed in the medicinal effect, bit her lips! She could not even resist the pain and leaned towards his chest, almost losing her reason, "Save me..."

She urgently needed a man, she could not die like this!

"Women, it is not that simple to provoke me!"

The man obviously didn't want to help once more.

"Please!"

Hsu Yan randomly grabbed the man. It was hot, and the only thing to relieve the heat was the ice in front of her.

When their bodies came into contact, an indescribable heat quickly spread between them!

Looking at the charming and stubborn face of the woman, the man's lips parted. His noble eyebrows suddenly rose as he pressed down on the pair of restless hands. "Don't be anxious! Look at my face, remember! From now on, you belong to me, Zhan Shishen, alone!"

When the dust settled, it was already late at night...

Zhan Shishen carried the tired sleeping person to a safe place.

Looking at the bright red color on his coat, the corner of his charming mouth curved again.

At this moment, a phone suddenly rang in his pocket. Zhan Shishen put the jacket on Hsu Yan!

When he picked up the phone again, the man's expression returned to a serious one.

The other side said, "Hello, Director Zhan, the thing is in my hands... Where did you go this night?"

"I'll be right back!"

Zhan Shishen replied faintly. After hanging up the phone, he looked back at the woman with a trace of pampering. He looked at the woman and then left the room.

The next day, Hsu Yan woke up in the hotel's miscellaneous room.

She moved a little and felt an intense pain that had yet to dissipate.

She immediately took off her blue coat, and a work pass fell down, with the number plate written Engineer 521 written on it - Zhan Shishen!

There was also a piece of paper on which the words were written in a flamboyant manner. It had the strength of a brush!

As for the content, Hsu Yan was thunderstruck to the point that her exterior was charred and tender inside. "Woman, you have to be responsible for me last night! This is my number!"

She was really with a driver?

Shame rolled into Hsu Yan's mind as her eyes turned red!

The most precious first time was just like this... It was all thanks to Ning Ya, this poisonous woman!

She did not have time to feel uncomfortable and put the paper into her pocket. Hsu Yan stood up! After walking two steps, she almost did not stop!

Even though it was her who saved the world, that driver... really had enough self-control!

Just as she opened the door, Hsu Yan bumped into a man and a woman. They sneakily walked out of a room!
