They wouldn't just hold hands all night?

Didn't that mean she had let Zhan Shishen down during her marriage?

Zhan Shishen didn't sleep for the whole night and waited until he confirmed Hsu Yan's condition was stable. Hsu Yan had the habit of holding things when she slept. She held his hand and was not willing to let go, so she simply shook it for the whole night

Zhan Shishen glanced at these people and suddenly spoke to Hsu Yan, who was standing beside him. "Madam has to go back to the villa to rest. You guys can reply to Zhan mansion. Of course, Hsu Yan was not foolish enough to directly reject it. Instead

It's precisely because I heard it so clearly that my heart stifled at the same time, Hsu Yan suddenly laughed, "Hahaha, Zhan Shishen, are you interested? Are you a three-year-old child? Are you childish? This is the police station, stop messing around now. I'll take it that you've made a mistake."

Zhao Tongtong received Lu Hee's small report and was immediately worried about going to the rented house

C280 The One with the Surname Xu also Came

Hsu Yan was so shocked that she didn't know what to do.

Zhan Shishen didn't come, but this supreme figure from the Zhan's actually came to accompany her.

"Since I have promised you, of course I have to do it. I have been married to you for so long, it's only right that I come to see my mother-in-law."
