

My Poor Husband Turns Out To Be Rich

Chapter 3 - Kindness Is Divided

C3 Kindness Is Divided

The man had a dignified appearance. He was Hsu Yan's boyfriend, the son of the Gu's Corporation, Gu Yun!

The woman's face was full of charm. She was Hsu Yan's good stepmother of the same age, Ning Ya!

Last night, Gu Yun had proposed to her in a grand manner. Today, he appeared in front of the hotel room with his stepmother, Ning Ya, who had drugged her.

Even television dramas did not dare to be filmed like this!

"Gu Yun?"

Hsu Yan's world collapsed and collapsed. She could not believe what she saw in front of her.

"Yan, why are you here? You, listen to me, I drank too much last night!"

Gu Yun was still wearing his belt! When he saw Hsu Yan, his handsome face turned pale. This reaction already explained everything.

Ning Ya panicked for a moment. She also did not expect that the missing Hsu Yan would appear here.

But very soon, she realized that something was wrong with Hsu Yan and deliberately put on a fake smile. "What a coincidence, Hsu Yan? Aiya, your neck, which barbarian did you sleep with last night?"

"Pah -" A loud and clear clapping sound responded to Ning Ya.

Gu Yun was stunned for a moment and protected Xu Ya behind him. "Hsu Yan, you... How are you going to hit people?!"

"What? She stole my father's child, drugged me, and stole my fiancé! Do I have to pick a good day to beat a slut!?"

Hsu Yan's emotions exploded when she saw the culprit.

She had once pitied this woman's poor family background, and she had taken care of everything in her life. Now, she regretted it so much!

Ning Ya covered her face. Hsu Yan did not use any strength but she looked like she was in extreme pain. "Yan, don't be too agitated! Last night was just an accident and I heard that you were gone. I came out to find you and happened to meet Senior Gu. Who knew that he would treat me as you... As long as the child in my womb is your father's, it's fine. It wouldn't be good for anyone if this matter was spread out. Besides, didn't you also cheat on me?"

He said it so aggrievedly, but his eyes were filled with pride.

She had gotten what she wanted. Not only did she snatch Hsu Yan's father, she also snatched away the man she loved!

Hsu Yan's eyes were burning with anger, "You still want to threaten me?"

She was born proud, but she was also clear about right and wrong. She was kind in her bones.

But in one night, she grew up. Kindness also had to be divided between people!

Ning Ya was an ingrate who did not know how to feed. Even if she dug her heart and lungs out for her, it would not be able to exchange for gratitude. It would only make her even more greedy!

She would never have thought that at this moment, Gu Yun would suddenly stop her wrist and scold her, "Yan, I was also wrong about what happened last night. How can you hit a pregnant woman like Little Ya? No matter what, she is also pregnant!"

Looking at the person in front of her, Hsu Yan suddenly felt that it was so strange.

When she saw the kiss mark on Gu Yun's neck, she felt a strong pain in her heart that made her unable to breathe.

After her mother got breast cancer and left, it was senior Gu Yun who accompanied her through it! Gu Yun loved her and took care of her like a little princess.

She had never felt so uncomfortable before.

The person who hurt her the most was the person she trusted the most.

"Gu Yun, we are finished!"

Hsu Yan shook her hand hard. In one night, she fell from the happiest heaven to the darkest hell.

Gu Yun was shocked. "Yan, what nonsense are you talking about? Yan!"

Hsu Yan resolutely said, "Ning Ya, I will definitely tell father the truth! Just you wait, I will definitely settle the old scores for you! "

Facing Hsu Yan's departing figure, Ning Ya pretended to be fake, "Hsu Yan, don't be impulsive. Your father's health is also not good. He just came back from a business trip today and did not even make it to your birthday banquet. If he knew that you were at your birthday banquet... Your body was broken..."

Then you're dead meat!
