

Poor Husband 451

C451 Food Poisoning

His preference for her has moved even the servants.

In their eyes, it was probably Hsu Yan who did not know how to appreciate fortune even though she was blessed.

...

When Chiang Hong said this, she put down some prescriptions and instructed Lan and the servants to make it for Hsu Yan to eat before leaving the room.

When Chiang Hong came in

C452 The Strange Gu Mo

Hsu Yan had been in high spirits these few days. Zhan Shishen did not restrict her request. Whatever she needed Lan to buy, Lan could freely go in and out of the old residence to buy.

Hsu Yan did not have any major problems with her body

C453 Don't be too Arrogant

Gu Mo seemed to have changed a lot. When she saw Zhan Lianchen getting angry, she actually changed to a smart way to express her goodwill, "Alright, alright, Lianchen. Didn't we agree? Ninth Master is busy! We are here to help bring Hsu Yan clothes and tell sister-in-law some good news."

Zhan Lianchen did not say anything. He just kept looking at Hsu Yan, suppressing that special feeling

C454 The Proactive Zhan Lianchen

Then she deliberately covered her stomach. She shouted, "Lan, my stomach hurts! It hurts! Why aren't you reporting it?"

Lan immediately understood and rushed over to support Hsu Yan, "Madam, Madam, are you alright!? Ah, Miss Gu, you actually dare to hurt Mrs Zhan! Someone, quickly call Ninth Master!"

Furthermore, the first thing she did was to shout at the bodyguard

C455 Throw Me into the Sea If You Don't like It

I guess you really can't just sneak around and do bad things, and then you turn around and you taste the lesson.

"Hsu Yan, what are you doing!?"

Suddenly, a sinister voice sounded. The person who came was Zhan Shishen, who had walked up the stairs.

When the man saw this scene, he was obviously very surprised! Zhang Bushou had always been indifferent

C456 I Won't Forgive You If You Don't be Obedient

At this moment, Qii Zhan quickly appeared.

When he saw the awkward situation between the two of them, he didn't hesitate this time. He went forward and said, "Director Zhan, the president and the president's wife are going back to H Country after lunch today. The design that Miss Bai rushed to work on is suitable for the president and the president's wife to move overseas

C457 She's Here to Relieve Everyone's Boredom

Hsu Yan heaved a sigh of relief, but she felt very upset in her heart.

Zhan Shishen had never talked to Bai Xin like this before, right? As expected, first love was indeed different!

Hsu Yan would rather feel wronged than be a person who took up the outhouse and did not sh * t.

When this matter is settled, it would be best to settle things with these people

C458 Diverting the Clouds and Seeing the Fog

The strange atmosphere between the two of them, the people who know it, all feel incredulous.

What was this husband and wife trying to sell in their gourds?

Zhan Shishen looked at the chairman. "Chairman Piao, speak up. Lianchen also came over and went next door to have a seat. Grandpa and I haven't finished playing that game of chess in the morning

C459 A Direct Confrontation of Love Rivals

In an instant, everyone's expressions became subtle again.

It was Nan Yun who was a little speechless, "Hsu Yan, what did I say? You are just here and you still dare to be unreasonable!"

What did she say?

Now she said she doesn't want Hsu Yan

C460 Fight Against the Crowd

She had to confiscate this piece of paper, and she was brought in by Zhan Shishen today. As his assistant, she could do the same.

Seeing that the blueprint had been confiscated, Bai Xin's eyes revealed a trace of disappointment, "Hsu Yan, are you using your private rights?"

She did not allow Hsu Yan to take the blueprint away! This was a matter of face.
