

Poor Husband 511

C511 Love the House Love the Crow

Although she said that, her heart calmed down a lot when she heard Qii Zhan's comforting words.

After walking out of the elevator to the parking lot, Hsu Yan suddenly said, "But thank you, Qii Zhan! Take me to the car. The driver will take me back to the villa. Help me keep an eye on it and tell Zhan Shishen at the same time

C512 Xu Zhi's Hostility Towards Zhan Shi

After Hsu Zhi settled down, he stayed alone in the guest room. Other than professional psychologists who treated autism, he was given two hours of lessons every day.

For the rest of the time, Hsu Zhi stayed in the room to do the carpentry work that he liked. He would only come out during mealtime and stay with Hsu Yan, Sun Ruiqiu, and Sun Ruiqiu for a while.

If Zhan Shishen was there

C513 She Was Not Allowed to be Bullied by the Wealthy Class

Hsu Zhi looked at Hsu Yan angrily. "Sister, you weren't like this when you were with Gu Yun in the past! Gu Yun is teaching at the Golden School, and you are also a teacher there. Then you can work together and eat together! Sometimes Gu Yun needs to attend night classes

C514 No Matter How Late It Is I will Wait

Hsu Yan was touched and hid it, "Okay, my good grandma! Don't worry, isn't Zhan Shishen your favorite grandson-in-law? Who would dare to make a mistake on someone you acknowledge? Let's have a good dinner. I will tell you when Zhan Shishen comes back."

She knew that her grandmother loved her very much, and she didn't want Zhan Shishen to really do anything that would disappoint her tonight

C515 Mr Chan Please Sleep on the Couch

Until now, it was far beyond Hsu Yan's usual nutritional sleep. Lan came in and advised, "Madam, it's past eleven o'clock. Your grandmother has already been coaxed to sleep. Hsu Zhi also looked at Young Master's room. He had also eaten the dinner that was sent in. It's already this time. Why don't you go to sleep first? Director Zhan might have something else to do

C516 I Guarantee That My Wife will be Satisfied

She wouldn't forgive so easily.

Whether Bai Xin was really dizzy or not was not something that Zhan Shishen, an ex-boyfriend, should worry about.

She was determined to not indulge in this kind of thing anymore.

There was a few seconds of silence outside. Hsu Yan's ears were pressed up, but she did not hear any movement

C517 Speaking of Bai Xin's past

It was already very late. Zhan Shishen did not want to tire Hsu Yan out. After taking a shower, he hugged her and went to sleep. It just so happened that it was not too late to stay up late.

Hsu Yan slept soundly. With Zhan Shishen accompanying her, as a pregnant woman, she could not be considered to be tired or upset.

After getting up

C518 Who Would be More Restless

Turns out it's really hard.

The man paused for a moment and then said, "Later, Bai Xin got into a special grade high school in City J and went to the United States to participate in training. We met by chance. She is a capable woman... When I was injured and living in a small town in America, she took care of me in an unfamiliar place. She had to put in a lot of effort. However

C519 She Was also Very Concerned about Him

Thinking of the way these men looked at his wife, Zhan Shishen even had the urge to gouge his eyes out!

Hsu Yan saw that the momentum was not right and hurriedly braked. This jealous king's nature was not to be trifled with.

"Alright Zhan Shishen, I won't argue with you! Gu Yun took advantage of me, a frenzied Little Mom. He also hooked up with my, Little Mom's sister

C520 Ning Wei Came to Pay a Visit

Zhan Shishen patted her shoulder and suddenly promised, "Alright Yan, I promise you that I will accompany you and your child to be born safely. Don't forget, today is the third day of the appointment. I still need to see that Ning Wei. I called Lu Hee. The matter of the appointment with them will be changed to the weekend. I will deal with this Ning Wei first
