

Poor Husband 771

C771 His Power

They asked for it!

If you want to blame someone, blame yourself. Why is the Heavens so unfair?

It was one thing to deprive Bai Xin of her opportunity to show off today, but there was also a child who looked so similar to Zhan Shishen.

With one look, it was obvious that he was Zhan Shishen's biological son!

Under the crazy erosion, her soul had been completely sold out

C772 He Protected the Mother and Son

"Director Zhan?"

The people beside him were surprised. The direction the man was heading towards was...

"Shishen!"

Bai Xin's expression also completely changed.

Zhan Shishen opened his mouth without hesitation, "Send Miss Bai to the hospital!"

His entire body's sinister aura was as terrifying as it could be.

He suddenly pushed the bodyguards away

C773 A Familiar Jealousy

In front of the child, she tried not to think about the conflict, suddenly, she said, "Mr. Zhan, today's matter is even between you and me. As long as that fiancée of yours doesn't do anything unreasonable, I will consider not sending her to court! You can leave. We just met by chance. Since we are not happy, then don't see each other again. "

She pretended to be calm and bid farewell

C774 Medicine

How bad is her private life?

That nameless anger once again invaded Zhan Shishen's chest.

"If you can't remember, then do you want me to remind you?!"

The man's hand suddenly pressed down on her in disgust, without the slightest bit of compassion for the fairer sex.

Even though he had amnesia, he was completely unable to recall when this woman would secretly give birth to his son!

However

C775 Name the Price

She took out the silver needle, staked it all on a man's acupuncture point.

However, Zhan Shishen's hands were faster. The silver needle was bent and the two of them fell to the ground.

As expected, they did not succeed! She could hit anyone except Zhan Shishen.

"No, don't come over! I am the wife of another man, Zhan Shishen... Even if there was anything in the past

C776 He Kissed Her Again

Hsu Yan held the edge of the coffee table. Because of her shame, her eyes were filled with hatred and unyielding tears.

She was not sure who drugged Zhan Shishen.

If she were to catch him, she would cut him into pieces.

Now, the only thing she could do was stall for time.

At least, she couldn't let Zhan Shishen think that she still had a trace of affection for him

C777 The Promise of a Gentleman

At midnight, outside the door, there was a knock on the door.

However, he only dared to knock once before he quickly stopped.

Bai Xin looked anxious, "Is Director Zhan in this room? Don't stop me. I have something very important to discuss with Shishen."

The madness in her eyes almost jumped out.

If she failed to steal the chicken, she would lose the rice. This meant that she was right now

C778 They Actually Spent the Night Together

Zhan Nian was a little doubtful about this aunt of hers.

"But, Aunty, you are getting married today. Not only did you make so many people drunk, but you also made Uncle Lu drunk. You left him alone in the wedding room. You even made my dad compare himself to Mommy Sayhan. The two of them were basically like enemies when they met..

C779 Don't Go near Her Son

Hsu Yan already felt that her whole body was dirty.

Later on, she fell asleep. When she woke up, she no longer saw that shameless devil's figure.

She quickly changed into a clean bathrobe. After soaking in the water for too long, Hsu Yan even sneezed heavily.

"Qian, are you awake?"

After she walked out, the first thing she did was to go to Hsu Ziqian's room. Luckily

C780 He Decided to Leave Jin City

Facing her son, she's nervous and doesn't know why.

For the first time, this child was so close to the truth, to his biological father.

But she felt guilty and afraid.

She was afraid that Zhan Shishen would directly say something to Hsu Ziqian...

However, Zhan Shishen only looked at the boy deeply. When he saw that the injuries on his body were not serious, the man also got up and said
