

## **Poor Husband 91**

### **C91 Shuangshuang Was Jealous**

Provoke means, deliberately.

From the way she dressed, Hsu Yan recognized that it was Gu Mo who was working in the office.

A group of vulgar people who came in through the back door!

"Who are you calling aunties? Call me again?"

She grabbed the girl's wrist. It was more than enough to deal with a person who did not even have the strength to truss a chicken

### **C92 That Wasn't My Grandson's Son-in-law Is That so**

Sitting on the bus, Hsu Yan also rolled down the window. Zhan Shishen, who was beside the Rolls Royce, was so angry that his handsome face darkened.

The woman, on the other hand, avoided a disaster. With such a relaxed expression, her big eyes arrogantly stared back as if she was saying.

"Zhan Shishen, what do you think of me? If you have the ability, don't just stare at people

### **C93 Question**

"Hello! This is my grandmother's ward. Who allowed you to come in?"

Hsu Yan immediately became hostile towards Zhan Shishen who came in rashly.

The important thing was... the pigeon on the bus yesterday! She was very careful and timid! Ah!

Zhan Shishen held the thing and shrugged his shoulders. His deep eyes stared at Hsu Yan

### **C94 He Didn't Agree to Break up**

She's not blind.

Su Rongyin had feelings for Zhan Shishen.

Anyone with eyes could tell!

"Is this why you were angry with me just now?"

Zhan Shishen saw the tears in the woman's eyes. He immediately let go of her hand.

"Yan, I'm sorry to you. My attitude towards you these few times was a little heavy. As for Su Rongyin, she was just taking a ride

### **C95 Feed the Medicine**

These old men had been through hundreds and thousands of years in the business world.

Su Peirong suddenly looked at where Hsu Yan and Zhan Shishen were standing.

When they heard that there was an unusual movement near Zhan Shishen's private ward area, their subordinates all paid great attention to it.

"Come out!"

Along with a loud shout, Hsu Yan walked out alone

### **C96 There Was Poison in the Water**

The furnishings behind the curtain are simple.

On a large hospital bed, the man was wearing a Qilin mask and lying on it. The white sheets were stained with spots of blood.

The moment they entered, Hsu Yan and the man's black eyes collided. What a strong murderous aura. It was even more intense than the feeling of looking at Zhan Shishen in the past!

"Quick

### **C97 Praise Her Talent in Acting**

"Me?"

Hsu Yan pointed at herself. She really hoped that she would go deaf now!

"Yes, Ninth Master's leg disease relapsing is very beneficial. If he can't attend this family banquet... It will cause public opinion in the outside world, but I'm afraid it will affect the Zhan's. I'm sure you know the pros and cons of this. Madam is the closest person to Ninth Master

### **C98 To See the Real Lord Jiu**

Hsu Yan was woken up by a white robed angel.

"Madam, wake up! It's time to deliver medicine to Ninth Master."

She took the medicine from the nurse's hand and awkwardly got up from the bed. She actually fell asleep? Yesterday, she was so hungry that she ate two mouthfuls of soup that was sent in.

Holding the medicine and thinking about it again and again

### **C99 A Test**

Zhan Shishen was immediately attracted by the woman's behavior.

What kind of words she would say in front of him, who had different identities, suddenly aroused his interest.

"No one's lies can escape my eyes!" His tone was heart-stirring.

Hsu Yan seized this opportunity and said, "Yes, I don't want this marriage! I am not a good person for Ninth Master

### **C100 Zhan Shi Tried to Explain Himself**

Zhan Shishen said, "She is now afraid of my true identity. The only way is to let her find out my true identity. It is the best way to know who I am!"

It turned out that he didn't want to take this gamble.

The person who liked to set up the bet the most was now afraid of a little girl.

Because he could see from her eyes that there was rarely any purity in this world
