Chapter 221: Monica, You Really Don't Treat Me as a Man, Do You?!

Monica thought, 'I'll just anyhow wash it.

'Why do you have so many demands?!'

"You stepped on it," Finn enunciated each word clearly.

"I washed my feet. When I took a shower just now, I washed my body clean from head to toe!"

"Did you disinfect yourself?"

"Finn, am I sick? Am I seriously sick? Why do I need to disinfect myself after taking a shower?"

"Do you know how many bacteria are under your feet? Do you know that those bacteria—"

"F*ck, Finn!" Monica was furious.

She was so angry that she was about to explode.

Therefore, she lost her mind at this moment. She threw the foam-filled underwear directly at Finn's face.

"Pow!"

It landed squarely on Finn's face and stayed there.

Monica was stunned.

She did not expect herself to... throw the underwear out just like that.

After she threw it out, she saw the underwear slowly sliding down from Finn's face.

It slid down and landed on the ground.

Finn's face was covered in water and foam.

He looked... strangely funny.

Monica was furious at first.

At this moment, she burst into laughter when she saw Finn's disheveled appearance.

She had never seen Finn like this before.

Regardless of whether Finn was outside or at home, he was always well-dressed and meticulous.

Monica had a smug look on her face. "Wash it yourself."

'I won't keep you company anymore.

Monica was barefoot and planned to leave unfettered.

Who would want to be tortured by Finn all day?!

Monica had only taken two steps when she slipped.

“Bam!”

Monica fell on all fours.

She lay on the ground in a sorry state. For a second, she felt like she was going to die as her vision went black.

The next second, she saw Finn looking down at her from above, coldly watching the “karma” she had suffered!

Monica was infuriated.

She was about to fall to her death, yet Finn was still so indifferent.

Monica wanted to kill the scum.

At this moment, she did not seem to feel the pain in her body. She got up from the ground and lay her hands on Finn’s body.

She used all her strength to push Finn.

The ground was slippery because of the foam.

Monica had also stepped on the foam and fell embarrassedly just now.

At this moment, Finn also lost her balance under Monica’s sudden attack. It was also because of the foam on the floor.

He lost her balance and was going to fall back.

However, at this moment, he quickly grabbed onto Monica.

Monica was not stable at all.

The moment Finn grabbed onto her, she pounced on him.

Then, there was an unusually loud sound in the room.

The two of them fell to the ground together.

Monica was prepared to die from the pain, but unexpectedly, it felt much softer than the previous fall.

She seemed to be lying on someone’s body.

Her body was pressed against the person’s body.

Finn fell hard.

For a second, he felt that he had suffered a concussion from the fall.

While he was in a daze, he suddenly felt a body moving on his body. He also felt Monica’s slender and cold fingers strangling his neck, “Finn, do you think I’m nothing just because I’m not doing anything?”

Finn's throat moved slightly.

The moment Monica retaliated against him, he suddenly pressed her against the ground instead.

Monica only felt a wave of dizziness.

Before she could react, she heard Finn whisper in her ear along with his warm breath, "You really don't treat me like a man, do you?!"

Chapter 222: Yes, Finn Was Just a Mistake

In the not-so-spacious laundry room.

Finn pressed Monica firmly under his body, making her unable to move at all.

His cold words seemed to be steaming hot at the same time as he threatened her, "Monica, you really don't treat me as a man, do you?"

Monica suddenly felt the danger.

She looked at Finn warily.

Monica felt that Finn had suddenly become... aggressive.

They were very close to each other.

Their faces were very close to each other.

At that moment, Monica felt that if she pouted her lips slightly, their lips would touch.

Her heart beat suddenly.

It started to race.

Monica did not know why, but her whole body was tense. Her face was rosy, and her heart was beating wildly.

At that moment, her gaze was fixed on Finn's lips. She could not move her gaze away.

It was as if there was magic...

It was as if there was magic, and she wanted to get close.

Monica pursed her lips.

She pursed her lips as she was trying to calm herself down.

She must not be seduced by a man like Finn.

She must not!

If she took the initiative to do something to Finn, Finn would look at her with disdain again.

Monica would not humiliate herself like that.

Yes.

If Monica fantasized about Finn, she would only humiliate herself.

She did not do it.

At this time, Monica was using her breathing to adjust her emotions.

Who knew, she would only bring trouble upon herself if she breathed so heavily.

Finn clenched his fists tightly. All he could see was Monica's flushed face and her undulating chest due to her breathing...

"Monica, you brought this on yourself!" Finn said through gritted teeth as if he was suppressing his lust.

He suddenly reached out and pulled Monica's bathrobe off.

Monica felt a chill. Next, she felt Finn's passionate kiss on her lips.

She even felt that she was looking forward to him getting closer to her

"Ah!" In the room, a scream was suddenly heard.

That scream made the two of them come back to their senses!

It was like a scorching flame that was extinguished by a basin of cold water.

Finn was the first to react.

When he came back to her senses, the desire in his eyes disappeared at a visible speed.

Monica saw it clearly.

He covered her body with the bathrobe and got up.

Monica bit her lips.

She could still feel Finn's touch on her lips, but not a trace of him was left behind.

It was because the time was too short.

Monica quietly got up from the ground.

At this moment, she heard the housekeeper explain very apologetically, "I didn't do it on purpose. I just... I had something to do yesterday, so I went back to my hometown. My dad fell, so I went to check on his condition and didn't come to clean the house yesterday. I thought that I was going to come at night if my dad's condition isn't serious, but there was a car accident and traffic control in my hometown. That's why I just came back to clean the house. I didn't mean to disturb you..."

The housekeeper felt guilty.

'Mr. Jones and Mrs. Jones didn't have a good relationship, to begin with.

'I've never seen them being intimate, let alone sleeping in the same room. Even though I'm not around 24 hours a day, I know they sleep in separate rooms. Now that they're finally being so intimate, I saw them in action...'

Most importantly, the housekeeper could not help but scream at that time.

She wanted to hide at this moment.

Just as the housekeeper was feeling extremely guilty, Finn suddenly said, "There's some foam on the ground. One might slip and fall easily. Make sure to clean it up."

"Understood," the housekeeper quickly responded.

Finn bent down and picked up the underwear on the ground. Then, he threw it into the trash can in the laundry room.

Monica's eyes twitched.

She watched Finn leave just like that after he threw the underwear away.

Monica was unable to vent her anger.

The housekeeper did not dare to say anything at that moment and quickly picked up a mop to clean up the water and foam on the floor.

Monica was so angry that she did not move at all.

She did not even know what she was angry about!

She felt like she wanted to kill someone!

She stood there.

The housekeeper was also doing her thing and did not dare to say anything.

Despite that, when the housekeeper saw the washed clothes, she was a little surprised and muttered in surprise, "I don't remember washing these..."

Monica turned her head.

The housekeeper looked at Monica. "Mrs. Jones, did you wash them?"

How was that possible?!

Monica could not use the washing machine no matter how hard she tried.

"Then it must've been Dr. Jones who washed them," the housekeeper said with certainty. "Dr. Jones never asked me to wash his underwear. Since I wasn't around yesterday, he probably washed the other stuff as well."

"..." Monica was a little speechless.

'These were washed by Finn?!'

Well, her bathrobe was not in the bathroom, so it was possible that it was not the housekeeper who washed the clothes.

After all, the housekeeper always put it back where it was so that she could use it easily.

On the other hand...

Was Finn very bored?!

Not only did he wash his clothes, but he also helped Monica wash hers?!

It was worth noting that...

Monica had never washed her undergarments.

Finn was the one who washed her bras and panties...

Monica suddenly flushed.

It was because she imagined the scene of Finn washing these clothes.

No matter what, she felt that it was very erotic.

"Mrs. Jiang, Mr. Jones is quite a nice person. If the two of you can be together well, I think he'll surely be a good man." The housekeeper noticed that Monica had not left yet and was still in a daze, so she could not help but comment a little.

Monica came back to her senses.

To outsiders, Finn was always a good person.

She had always been the willful and unruly one.

Monica was too lazy to explain to the housekeeper. She said, "Next time, if you have something up, tell me in advance so that I can get someone else from the Cardellinis to come over and help."

The housekeeper quickly apologized, "Okay. I'm really sorry, Mrs. Jiang."

"How's your dad?" Monica suddenly asked.

The housekeeper was startled. "It's nothing serious. He didn't hurt his bones. It's just that when old people fall, we tend to worry that something will go wrong. Fortunately, the doctor said that it's nothing serious, so he can be discharged after two days of observation in the hospital."

Monica nodded.

She walked out of the laundry room and went straight to her room.

She did not have the habit of wearing a bathrobe to sleep. She just did not like to wipe her body after taking a shower, so she used the bathrobe to dry her body.

At this moment, Monica went to the cloakroom and took off her bathrobe. She picked up her pajamas and was about to put them on when she saw her body in front of the large floor-to-ceiling mirror.

Her chest, her waist, and her butt.

The most important thing was that her legs were straight and long.

Sometimes, Monica was seduced by her body.

How could Finn be so indifferent?!

He was not completely indifferent, was he...?

Monica seemed to have felt something unusual just now.

When she was pressed under Finn's body, the feeling was very obvious.

Monica bit her lip.

If it was not for the housekeeper...

Would something have happened between her and Finn?!

Monica's heart skipped a beat.

At the same time, her phone in the room suddenly rang.

Monica quickly came back to her senses. She put on her pajamas, walked out of the cloakroom, and picked up her phone.

When she saw the name "Micheal" on her phone...

Her heart tensed up a little.

At this moment, it was as if she had been struck by lightning.

She could not come back to her senses at all.

Her mind was a mess, and she instantly felt guilty.

Just now...

Monica had completely forgotten about Micheal.

She had completely forgotten that she had promised him to date.

Was she cheating on him spiritually?!

Monica hated that the most. Was it going to happen to her?!

She felt very irritable.

That feeling that she was filthy made her feel like she was about to break down.

Monica's phone continued to ring.

She gritted her teeth and picked up the phone.

After forcing herself to calm down, she said. "Micheal."

"Monica, I've only looked at you from afar today. I didn't even talk to you. I miss you so much now."

"..." Monica's guilt intensified.

She and Micheal were the ones in a romantic relationship.

On the other hand, she and Finn were just strangers waiting for a divorce.

“Monica?”

“Um, I’m here. I just took a shower,” Monica said, “I’m going to sleep for a while.”

“Aren’t you going to work?”

“I’m skipping work today. My dad can’t control me anyway.”

“Okay. As long as you’re happy. Even if you don’t go to work in the future, I’ll take care of you,” Micheal said gently.

“...” Monica felt that she had let Micheal down.

Micheal had been working hard for them to get back together.

As for her...

She was having an affair spiritually. She even almost had a real affair.

Monica asked, “Micheal, why don’t we have dinner together tonight?”

“Why are you suddenly asking me? I’m flattered.” Micheal was obviously excited.

Monica said, “After all, I miss you too.”

Right.

After all, she and Micheal were truly in love.

Finn was just a mistake!

Chapter 223: Slap Alexander Hard in the Face

In the Lawrences’ courtyard.

Jeanne held onto George’s hand as they walked into the hall together.

In the hall, it was obvious that Alexander and Jenifer were there as if they were waiting for her on purpose.

The moment Jeanne appeared, Alexander’s expression changed slightly, looking very complicated.

Jeanne was not in the mood to deal with his mixed feelings at this moment.

Not to mention Alexander, the impression everyone in Harken had of her was probably going to change drastically.

53 billion dollars.

To be honest, when she had so much money in her account, she was also surprised.

She knew that Kingsley was very rich, but she did not expect him to be outrageously rich.

Of course, at the end of the day, the money belonged to Kingsley.

It did not mean that the money was hers just because they were in her account.

Sooner or later, she would return them to him.

Besides, Jeanne was not poor. Kingsley was quite generous to her. After all these years of risking her life for him abroad, she had gained some wealth.

Jeanne looked at Alexander indifferently.

She did not take the initiative to speak.

There was no need for her to curry favor with the Lawrences.

In any case...

Their interests were paramount.

If Jeanne could not give them benefits, they would be incomparably cruel to her.

If she could give them benefits, she would not need to do anything and they would take the initiative to approach her.

She understood the Lawrences too well.

In the hall.

Alexander seemed to have waited for a long time for Jeanne to call him, but she did not. They were in a heated argument before the court. Now that Jeanne had returned in full triumph, he felt a little embarrassed.

At this moment, Jeanne would not give him any face.

His expression became a little ugly again.

'Is she expecting me to apologize to her?!

'Isn't she just a little rich?!

'She thinks too highly of herself!'

As Alexander thought to himself, the anger in his heart grew.

Jenifer was furious about the lawsuit. When she thought about how powerful Jeanne was at the moment, she was so jealous that she gnashed her teeth. What did Jeanne do all these years abroad to have such a vast fortune? Her fortune was even more than that of the Lawrence Enterprise. It gave off a feeling that they were not even qualified to compete with her.

Fortunately, Jasmine was now married to the Swans.

Although the Swans' assets were all in Old Master Swan's hands, the Swans' money was still much more than Jeanne's. If the assets were all handed over to Eden one day, Jeanne would not be considered much.

At this moment, Jenifer could only comfort herself like this.

She told herself that she still had the capital to compete with Jeanne and that Jeanne was nothing!

While Jenifer had those vicious thoughts, a gentle smile appeared on her face. She took the initiative to say, "Jeannie, you're back? We've been waiting for you at home for a long time."

Alexander glanced at Jenifer.

Jenifer knew how to read faces.

Every time Alexander could not get out of an awkward situation, she knew what to say and do.

"Is that so?" Jeanne mocked, "Didn't you guys say that I've embarrassed you? I thought you wished I wouldn't come back!"

Alexander's expression was ugly.

Jenifer was also a little embarrassed by Jeanne's straightforward rebuke. It took her quite a while to adjust her emotions before she spoke again, "Jeannie, look at you. Your dad blurted those words out of anger that day, yet you still took them to heart. Don't you know why your dad was so angry? It was all because he wanted his children to prosper. Which parent wouldn't wish for their children to be better? Once something bad happened, they would be angry. Now that your crime has been cleared and the truth has been revealed, all of us will definitely be happy."

Jeanne sneered. "You sure know how to talk. We all know if that's true. I'm a little sleepy, so I'll go back to my room first."

She had never thought of giving face to the Lawrences.

That was because...

It was unnecessary.

Jeanne held onto George's hand and prepared to go upstairs.

"Jeanne, you're really climbing all over me!" Alexander could not hold it in any longer and fiercely shouted at Jeanne.

In this family, no one else dared to speak to him like that apart from his dad!

Jeanne did not stop walking and replied indifferently, "If you say so."

Alexander was furious at this moment.

Jeanne was so disrespectful... She really thought that she was something!

"Jeanne, stop right there!"

Jeanne's eyes narrowed.

She lowered her head to look at George.

In the end, she did not stop.

"Jeanne!" Alexander called out to her fiercely from behind.

Chapter 224: Slap Alexander Hard in the Face

Jeanne still ignored Alexander.

She could imagine Alexander's anger. After so many years, other than Jonathan, no one in this family would dare to ignore him like this. No one would dare to challenge his bottom line like this.

Her indifference could really anger Alexander to death.

Alexander jumped up from the sofa and strode toward Jeanne.

Jenifer was also frightened by how Alexander was acting.

Nonetheless, when she thought of how this temper was directed at Jeanne, not only was she not afraid, but she was also gloating.

Jeanne's face darkened.

She could feel Alexander approaching menacingly.

Without needing to think, she knew what he wanted to do!

Jeanne protected George behind her because she did not want him to be hurt.

She turned around and faced Alexander coldly.

She looked at him coldly as he walked over and raised his palm fiercely.

Jeanne suddenly stopped him.

Alexander's expression was extremely ugly.

His face was ferocious, but at this moment, he could not break free from Jeanne's shackles.

"Jeanne!" Alexander looked as if he wanted to kill her. "Do you think that this is a place where you can do whatever you want?!"

Jeanne grabbed Alexander's arm and fiercely pushed him a few steps back.

Alexander took a few steps back.

He was somewhat frightened by Jeanne's strength.

The last time in his office, Jeanne had also flown into a rage once.

Alexander stared fiercely at Jeanne.

Jeanne said coldly, "It's not a place for me to do whatever I want, but it's also not a place for you to do whatever you want to me!"

"Jeanne, believe it or not, I'll kick you out immediately!" Alexander threatened.

Jeanne suddenly smiled.

She smiled contemptuously.

Alexander seemed to be embarrassed by Jeanne's smile.

It was as if he was asking for humiliation.

He heard Jeanne say, "You can try."

"Don't threaten me here. Do you think that the Lawrences can't live without you? Don't you have just a little money? You're so self-righteous! Do you think that the Lawrences want that little money of yours?!" Alexander said through gritted teeth.

"Since you say so, I'll pack up and leave." Jeanne was calm and composed. At this moment, no emotions could be seen on her face. "Dad, don't regret it."

"You can't threaten me!"

"I'm just reminding you that you can't take back what you said after this," Jeanne said, "Of course, you're the head of the family, so your decisions are the orders. With just a word from you, I'll listen to whatever you say. Don't worry, I'll leave immediately."

As she said this, she even smiled.

She turned around and held George's hand. She said to George in a low voice, "George, haven't you always wanted to leave? Now, I'll satisfy your wish."

As she said this, she planned to leave with George.

Alexander looked at Jeanne's manner and saw that she did not seem to care at all. He was so angry that he was trembling.

Jeanne treated him lightly!

'What's the big deal if she has a bit of money?!

'I don't care!

'I don't care about that bit of money. I wouldn't fawn over her because of that.

'No matter how powerful she is, she can't do whatever she wants here.'

"What happened!"

All of a sudden, Jonathan's stern voice rang out in the hall.

Jonathan was pushed out of the elevator by a servant

Alexander and Jeanne had just finished arguing, and Jeanne was about to go upstairs.

When Jeanne heard Jonathan's voice, she stopped in her tracks and lowered her head to say something to George.

George obediently went upstairs on his own.

“You can’t be at peace anymore, can you?!” Jonathan’s angry voice was directed at Alexander as he lectured him fiercely, “You’re so old, yet you don’t know your limits. Our family has come to this point, Alexander. You have to take full responsibility!”

Alexander was suddenly scolded by Jonathan. He was extremely embarrassed.

Even so, he was still the head of the family. Although Jonathan was still in charge of the Lawrences, he was the face of the family. What would happen to his image if he was scolded like this In front of Jenifer and Jeanne?

Alexander said unwillingly, “What’s wrong with the development of the Lawrences? All these years, I’ve been working diligently, supporting the entire operation of the Lawrences...”

“Shut up!” Jonathan did not listen to Alexander’s explanation at all. “How dare you say that you’ve supported the Lawrences? If it wasn’t for Jeanne coming back this time to take down the e-commerce collaboration with MUK, the Lawrences would’ve been bankrupt sooner or later!”

Alexander was blushing red from Jonathan’s words.

“Don’t think that you can do whatever you want. Don’t make me revoke your management rights to the Lawrences!”

“Dad!” Alexander was a little agitated.

“In my opinion, Jeanne is stronger than you! She’s more suitable for your position!” Jonathan said mercilessly.

“Dad, what do you mean?! You mean you want to hand the Lawrence Enterprise over to Jeanne!” Alexander looked at Jonathan in disbelief.

“If you continue to be so ungrateful, it’s not impossible!”

“Dad...”

“Shut up!” Jonathan seemed to not want to hear another word from him.

Alexander’s face was completely twisted, looking very hideous.

Jonathan did not care at all. He said to Jeanne, “Jeannie, come to my room with me.”

“Okay.” Jeanne naturally had a lot of respect for Jonathan.

No matter what, the person in this family who could make Alexander lose face was Jonathan.

Jeanne walked toward Jonathan and took the initiative to push Jonathan’s wheelchair. Then, they went up the elevator.

Alexander was so mad that he fiercely kicked the flower pot in the living room.

The flower pot fell to the ground, and a violent sound suddenly rang out.

Jenifer was so scared that she did not dare to speak.

Alexander's anger was clear to see. If she were to approach him at this time, she would only be courting death.

Nevertheless, at this moment, she sensed a crisis after seeing Jonathan treating Alexander like that.

If this continued...

Would Jonathan really hand over the Lawrence Enterprise to Jeanne?

If that was the case...

'No!

'I won't let that happen!' Jenifer thought.

...

Jeanne followed Jonathan into his study.

Jonathan seemed to have been slightly affected after shouting a few times. At this moment, he was holding a cup of tea and quietly recuperating. He did not speak.

Jeanne did not take the initiative to speak either. She stood by the side obediently and waited for his instructions.

She was delighted that Jonathan was able to stand up for her and make Alexander look bad.

Despite that, Jonathan was probably not doing it for her.

He was only doing it for benefits.

Hence, Jeanne did not need to be moved.

She only needed to put on an act and act with him.

Jonathan finished his tea and slowly put it down. "You've indeed impressed me."

"Grandpa, you flatter me."

"Where did the 53 billion dollars come from?"

"Would you believe me if I said I borrowed it?" Jeanne smiled.

"Borrowed it? From whom?"

"Grandpa, don't ask anymore." Jeanne's tone was gentle, but she rejected him directly.

Jonathan looked at Jeanne as if he was sizing her up.

Jeanne was calm and indifferent.

"Alright, you're an adult anyway. You know what to do with your own matters."

"Yes." Jeanne was respectful.

"There's nothing else. Go back to your room and rest."

“Grandpa,” Jeanne took the initiative to call him, “I have something to tell you.”

Jonathan looked at her.

“Grandpa, don’t you think there’s something fishy about the logistics warehouse project of the Lawrence Enterprise?”

“Why do you say that?”

“Adrian and Tenda are colluding well, and they’re earning money by themselves. Why did they suddenly frame me?! Don’t you think there’s something fishy going on here?” Jeanne raised her eyebrow.

Jonathan frowned slightly.

“I won’t beat around the bush. The person who wanted to frame me was none other than Joshua!”

She said it in an affirmative tone.

At this moment, Jonathan’s expression changed drastically!

Chapter 225: Compared to Jeanne, All of You Are No Different From Trash!

In the Lawrences’ hall.

Alexander was so angry that his face turned cold.

The more he thought about it, the more he could not bear it anymore. At this moment, he sat on the sofa and suddenly kicked the coffee table in front of him. The coffee table fell to the ground in an instant.

Everyone in the house, including the servants, was so scared that they did not dare to breathe.

At this moment, Joshua rushed in from outside. When he saw his father throwing a tantrum, he was also scared.

Alexander looked up and saw Joshua. His face darkened. “Where did you go?!”

His voice was scary.

Joshua did not know what happened. He looked at Jenifer.

Jenifer signaled him not to provoke Alexander.

“Speak! Can’t you speak?!” Alexander vented his anger on Joshua.

At this moment, he was mad at Joshua.

If Joshua was capable, he would not have let Jeanne turn the house upside down!

Joshua quickly said, “After going to see Jeanne’s lawsuit today, I left with Jasmine and Eden. I stayed with them for a while. I just received a call from Grandpa, and he told me to come back immediately.”

Alexander’s eyes narrowed. “Your grandpa told you to come back?!”

“Yes. He just called me and told me to come back right away.”

“What happened?”

“I don’t know either. He just told me to come back. He also said that he wanted you to go to his study with me.”

Alexander had a bad premonition.

Jenifer also felt that something had happened at that moment.

“Are we going to Grandpa’s room now?” Joshua did not know what had happened and asked nervously.

Alexander thought for a moment and took the lead to go upstairs.

Joshua quickly followed.

Jenifer also followed.

The three of them walked into Jonathan’s study.

At this moment, Jeanne was standing beside Jonathan.

“Grandpa, why did you—”

“Kneel!” Jonathan suddenly said, extremely frightening.

Joshua was stunned.

He looked straight at Jonathan, not knowing what had happened.

He was also wondering if he had heard wrongly.

Ever since he was young, as he was the only son in the family, he was always favored a little.

“I told you to kneel!” Jonathan was so angry that he slapped his hand on the desk. With a pow, even the teacup shook.

Joshua was terrified.

He suddenly knelt on the ground.

He knelt down instinctively.

Alexander and Jenifer did not know what had happened.

That said, looking at the current situation, Joshua must have provoked Jonathan.

Jenifer quickly hit Joshua hard a few times. “You d*mn kid, what did you do to provoke your grandfather again? I’ll beat you to death, I’ll beat you to death!”

“Mom, Mom...” Joshua was in a lot of pain from the beating. He was also baffled. “I don’t know what I did. I didn’t do anything. I really didn’t do anything...”

The room was noisy.

“Enough!” Jonathan shouted.

Jenifer stopped hitting Joshua. At that moment, her eyes were red as if she had done something wrong. "Dad, I didn't educate Joshua well."

"Indeed!" Jonathan said coldly. He did not give Jenifer any face at all. "I'm very disappointed in your family now!"

"I'm sorry, Dad. I'm sorry." Jenifer quickly apologized and said to Joshua, "Hurry up and apologize."

"What did I do wrong? What did I do wrong...?" Joshua was still a little unconvinced. Although he was kneeling on the ground, he was still a little confused.

"You still have the nerve to ask me!" Jonathan was furious.

Joshua still did not know what was going on.

Jonathan suddenly threw a few photos in front of Joshua.

Joshua was stunned.

Alexander and Jenifer also looked at the ground and saw the photos of Joshua sleeping naked with a woman.

Joshua saw them.

His expression changed immediately.

'Who took these photos?!

'Was It Jeanne?!'

Joshua looked at Jeanne fiercely and saw that she was just watching the show from the side.

When their eyes met, she even deliberately smiled.

She smiled so proudly.

In fact, those photos were obviously not taken by Jeanne. She had not been back for long, so how could she have so much time to do these things? It was Adrian's wife, Casey, who did it. She followed her husband, so of course, she would also follow her husband's lover. When the time came for the divorce, she could bring the mistress down as well!

Chapter 226: Compared to Jeanne, All of You Are No Different From Trash!

When a woman was ruthless, she would do anything!

Joshua was so angry that he gritted his teeth.

Jenifer, on the other hand, heaved a sigh of relief at that moment.

Joshua had only slept with a woman.

It was fine if that was the case. As long as he promised not to do it again and that he did not do anything to harm the interests of the Lawrences, everything was fine.

Jenifer quickly said, "Dad, I'll teach Joshua a good lesson. I promise he won't be so reckless in the future! If he dares to do that, I'll break his legs!"

"Hmph." Jonathan sneered. "Do you think that's all he did? Would I be so uptight if that's the case?! Ask him who the woman is!"

Jenifer felt a knot in her heart.

She knew Jonathan would not be like this just because Joshua was fooling around with a woman.

Jenifer turned her head to look at Joshua.

Joshua did not speak for a long time.

"Joshua!" Jenifer looked very stern.

"Answer!" Jonathan's face became much colder at this moment.

"It's Luna."

"Who exactly is she?!" Jonathan enunciated each word.

"Lunetta Walker, the secretary-general of the Lawrence Enterprise."

"Finish your sentence!" Jonathan pressed Joshua.

Joshua gritted his teeth. "It's the person related to the dual contract of the Lawrence Enterprise's logistics warehouse."

Jenifer was shocked.

'No way...'

She glared at Joshua.

Alexander also sensed something at this moment.

He was furious.

In the end, the instigator of the matter was the son that he had wholeheartedly nurtured!

"However, the matter of the dual contract has nothing to do with me! I was simply seduced by this woman. I didn't know that she would do those things behind Adrian's back. I was shocked when I found out. To think that I usually treat her well, but she betrayed me!" Joshua said with righteous indignation.

As expected, Joshua had probably discussed the details with Eden. He spoke so fluently.

If it was not for Jonathan asking Joshua to come back, they might have still been discussing how to make Adrian and the others confess!

Jeanne said unhurriedly, "I heard that you and Adrian have a good relationship. Luna was introduced to you by Adrian."

“As a Lawrence, I have to manage the enterprise. Of course, I have to have a good relationship with the higher-ups,” Joshua said as if it was a matter of course. At that moment, he even tried to bite back at Jeanne. “Are you deliberately trying to sow discord? You just want to ruin the peace in our family!”

“Joshua. Do you know that you’re being used by others now?” Jeanne enunciated each word clearly.

“What nonsense are you spouting?!”

“I know you’re not the mastermind of the case, but if you refuse to admit it now, you’ll become the scapegoat.”

“I have no idea what you’re talking about!” Joshua still refused to admit it.

“On account of our family, I don’t want to pursue this any further. Joshua, are you really trying to make us go to court?!”

“I didn’t do it. You can say whatever you want!”

“Joshua!” Jonathan said coldly, “You’d better think it through clearly. If you did this and were exposed in court, you’ll be going to jail! I can tell you that once you’re convicted, you’ll never be able to return to his family again!”

Joshua was frightened.

Even so, he did not admit it.

Jeanne said, “Joshua, if you can guarantee that you won’t be exposed by Adrian and are confident that he didn’t leave any evidence behind so that you won’t be caught, you can do whatever you want. However, if you’re not so absolute, I advise you to confess what you did. After all, I’ll pursue this matter to the end!”

Jeanne’s words made Joshua’s hair stand on end at that moment.

He had to admit that Jeanne’s ability had caught him off guard.

Joshua did not know if Jeanne would have evidence to accuse him if she continued to investigate the matter.

Moreover, he could not guarantee that Adrian did not leave behind any evidence.

“By the way, let me remind you that Adrian being the mastermind and him being instigated are two different crimes. The former is much more serious! What benefits do you think you can give Adrian so that he can confess?!”

Joshua’s face was pale.

At this moment, he could not say a word.

“You’d better think it over carefully. If you didn’t do it, or if you’re sure that you won’t be accused, you can ignore me today. If not...” Jeanne’s eyes tensed up, “I’ll only give you one chance for Grandpa’s sake. After today, I’ll definitely pursue this matter to the end!”

The words she said were a threat to Joshua.

He started to tremble.

Just before this, he was indeed discussing with Eden how to make Adrian take the blame.

Before they came to a conclusion, he was suddenly called back.

Joshua was not sure that Eden could find a better way. Or rather, he was afraid that their perfect scheme had been seen through by Jeanne. He was worried that even if they found a way, Jeanne would also be able to expose them easily.

The others in the study confirmed the fact due to Joshua's silence.

At this moment, Jenifer wanted to beat her son to death.

How many times had she told him not to do anything that would harm the Lawrences' interests?

How could he be so stupid? Could he not tell the severity of the matter?!

"I'm very sleepy. I've used a lot of energy on this case. I'll give you ten seconds to think. Ten, nine, eight..." Jeanne counted down slowly, and her tone was cold. "Three, two..."

"If I admit it, can you guarantee that I won't be charged? How can you guarantee that Adrian won't testify against me?! You also said that being the mastermind and being instigated are two crimes of different degrees!" Joshua suddenly said.

It was a disguised admission.

At this moment, Alexander was furious.

He suddenly kicked hard on Joshua's body.

As such, Joshua was knocked over.

He suddenly fell to the ground and grimaced in pain.

Jenifer looked at her son who was suddenly kicked. Although she was mad, her heart ached.

She did not dare to go up and persuade Alexander.

Alexander's body was trembling. "You b*stard, I want to beat you to death! I want to beat you to death!"

As he said that, he stepped forward and kicked Joshua a few more times.

He was probably infuriated.

"Dad, Dad, don't hit me, don't hit me. I know I'm wrong, I know I'm wrong. I didn't want to do it. I just couldn't stand seeing Jeanne bullying our family like this. I just wanted to teach her a lesson. I know I'm wrong. Wah..." Joshua was an adult, yet he cried out without any sense of propriety.

Alexander beat him for a long time. He only stopped after he was out of breath.

He sat on the chair in the study. He was so enraged that his face turned red.

Joshua cried out in pain on the ground.

Jonathan looked at Alexander coldly. "This is the child you raised. As expected, he's as useless as you!"

Alexander was made ugly by Jonathan.

Having said that, he could not refute Jonathan because of Joshua's mistake this time.

"Compared to Jeanne, all of you are no different from trash!" Jonathan said fiercely.

Alexander was suppressing the extreme anger in his heart.

This time, he was slapped hard in the face.

He had once looked down on Jeanne. He was even certain that the scandal from the Lawrence Enterprise's logistics warehouse was done by Jeanne. He had never thought that she was not the one behind it. Instead, it was Joshua, whom he had personally groomed. If word got out, he would truly lose all his face!

Chapter 227: Jeanne Takes More Shares

In the study, Alexander was so angry that he wanted to beat Joshua to death.

If Joshua was not his only son, he would definitely chase him out of the house and let him die outside!

"How do you want to resolve the matter with Joshua?" After Jonathan lost his temper, his tone softened slightly as he asked Jeanne.

Obviously, the truth was out. The truth was that Joshua had instigated Adrian to frame Jeanne.

Jeanne said, "I can let it go."

Alexander and Jenifer were a little surprised.

They did not think that Jeanne would let it go after being so wronged.

Jeanne was straightforward. "However, this matter has indeed had a great impact on me. If I hadn't found the evidence, I would be in jail right now! That said, for Grandpa's sake, I won't send Joshua to jail, but I have to get what I deserve."

"Go ahead." Jonathan agreed.

"First, I need Joshua to apologize to me," Jeanne enunciated each word.

"I'll make Joshua do it even if you don't bring that up."

"Second, I want Dad to apologize to me."

Jonathan glanced at Jeanne.

Alexander also looked at Jeanne fiercely.

"I'm very grateful that you stood up for me, Grandpa, but from the beginning to the end, I didn't feel any guilt from Dad. He even said that he wanted to kick me out of the family..." Jeanne chuckled.

"Your father misunderstood you, so of course, he should apologize."

Alexander gritted his teeth.

He was already in a sorry state.

Jeanne was going too far!

Despite that, he had no choice but to lower his head to Jeanne because of Joshua, his unfilial son.

“Thirdly, I need the Lawrence Enterprise’s shares as compensation,” Jeanne said clearly.

Jonathan’s expression changed. “Jeanne, you know that this makes me feel that your motive is very strong.”

He was also warning Jeanne not to go too far.

“I’ve never concealed my motives,” Jeanne answered directly, “Seven years ago, I was chased out of the Lawrences by you guys, and my reputation was in tatters. Seven years later, I came back to clear my name!”

Jonathan looked at Jeanne coldly.

“I need honor, I need identity, and I need to be recognized by others. Having more of the enterprise’s shares is the most direct and effective way to prove my existence in the family!”

Jonathan was silent.

It seemed like he was thinking.

Jeanne was calmly waiting for his answer.

In fact, before Joshua completely disappointed Jonathan, Jonathan would not let the only descendant of the Lawrences go to prison just like that. Once Joshua went to prison, his future would be ruined.

After about ten minutes, Jonathan asked, “How much do you want this time?”

“Not much; the same as last time.” Jeanne smiled.

When she smiled, she looked very pretty.

Nevertheless, her smile seemed deadly to Alexander and Jenifer that became furious.

It was about shares again.

Jeanne must have come back to take over the Lawrences’ business!

“Okay.” Jonathan suddenly agreed.

He actually agreed.

Jeanne knew that it was easy to negotiate this time.

It was because the Lawrences had no choice.

They could either let Joshua go to jail, or they could choose to compromise with her.

Naturally, they would choose the latter.

“But one should take responsibility for one’s actions. Joshua should be the one to bear the responsibility for his mistakes. I can’t clean up the mess for everyone!” Alexander said fiercely.

Joshua lay on the ground, enduring the pain as he forced himself to get up. He said, “I don’t have shares.”

“It’s the father’s fault that his son is spoiled. You don’t, but your father does!”

Alexander’s face turned red. He could not help but say, “Dad, I only have 10% of the shares. What else will I have if I give them to Jeanne! You can’t condone her like this!”

“I’m not condoning Jeanne. It’s your son who’s useless! You can choose not to hand them over, but if you don’t, I won’t care about the matter of Joshua instigating others to commit a crime,” Jonathan said coldly.

Jeanne cleverly echoed, “I only listen to Grandpa. If Grandpa doesn’t care about this matter, I’ll still send Joshua to prison no matter how much shares you give me, Dad!”

“Jeanne!” Alexander gritted his teeth.

He had never been forced to this point.

“Dad, I believe you know very well what kind of personality I have now. Sometimes, I can be like you...” Jeanne said coldly, “Self-centered and not making allowances for my family!”

Alexander had never been so angry.

He did not expect that he would one day be so angry with his daughter.

As for Jeanne, she was still indifferent.

It was not that she had no feelings.

It was that she had no feelings for the Lawrences.

After learning about the cruel things that the Lawrences had done behind her back, she only had hatred for them.

A deep-rooted hatred.

“If you don’t agree to this, then forget it.” Jeanne did not seem to want to say anything more. “Let’s meet in court.”

“Dad, Dad, don’t!” Joshua was suddenly agitated.

He hurriedly crawled over and clung to Alexander, “Dad, I’m your only son. You can’t just abandon me like this. If I go to prison, who will carry on our family’s legacy? Dad, you can’t cut me off like that...”

“Get lost, you useless thing!” Alexander was mad. “The most regretful thing in my life was giving birth to a useless thing like you.”

“Dad, Dad... I know I’m wrong. I’ll change—I’ll change from now on.”

Alexander still did not agree to it.

Of course, he would not agree to it so easily.

He had gone through so much effort to get only 10% of the shares, and now he was going to give half of them away.

After giving them away, Jeanne would be the largest shareholder other than Jonathan.

If news got out, how would Alexander be able to gain a foothold in the enterprise in the future?

Jenifer could also see Alexander's hesitation. At this moment, she was also afraid that he would refuse. After all, she knew very well how much Alexander valued his shares. He might be angry and...

No.

Jenifer could not let his son go to jail.

She quickly went forward and said, pulling Alexander's arm, trying to please him. "Alex, we're all family. It doesn't matter who holds the shares, right?"

Alexander fiercely glanced at Jenifer and abruptly pushed her away.

He was very strong.

Jenifer was instantly thrown to the ground.

In all these years, she had always tried to curry favor with Alexander. She had never been treated like this before.

That said, she also knew that this was not the time to be calculative. She cried and said, "It's all my fault. I didn't educate Joshua well. It's my fault, but Joshua is still young; he's only 23 years old. If he goes to prison, how will he be able to live in the future? It would be better for me and Joshua to die together. It would also leave the Lawrences with a clean slate..."

Joshua also started to cry. "It's my fault. If Dad doesn't forgive me, I'll... I'll die to atone for my sins..."

"Enough!" Alexander roared. He glared fiercely at Jeanne. "I'll give you my shares!"

Jenifer and Joshua secretly heaved a sigh of relief.

Jeanne smiled at Alexander, "Thank You, Dad."

"How can I guarantee that you won't let Joshua go to jail after I give you the shares?!" Alexander said fiercely, "If I remember correctly, the last time you took 5% of our shares, you didn't marry Thedus in the end!"

"I didn't marry him," Jeanne admitted and asked, "but wasn't the result what you wanted?"

Alexander frowned.

"The 300 million dollars of financing from the Lockes were provided by Swanhaven Bank. The Lockes wanted to cooperate with MUK, but now the Lawrences are doing it. The marriage between the two families would've promoted the growth of the stock market, but the shares for the Lawrences are

booming now. Aren't all these what you want? What does it have to do with me marrying him or not? Could it be that you're still unhappy?" Jeanne raised her eyebrow.

At that moment, Alexander was speechless.

Jeanne said, "Besides, you don't have the right to negotiate with me now. If you're willing to take out your shares to protect Joshua, do; if you're not willing, then I won't force you. After all, the shares won't benefit me much other than being able to prove my existence in the Lawrences. 5% of the shares have a market value of around 900 million dollars only. That's nothing to me."

Alexander was obviously mocked by Jeanne.

Even if it was something that was very precious to them, it was nothing to Jeanne.

Alexander's expression was extremely cold.

Jeanne was calm.

Jonathan said, "If you still don't trust Jeanne at this point, I don't think you need to give the shares anymore!"

At this moment, he felt that he had to beg Jeanne to take his shares instead.

Since when did Jeanne become so powerful?

She was so powerful that he felt that he was useless!

Chapter 228: Embarrass Jenifer

In the end, Alexander signed the letter for the transfer of shares in front of everyone.

5% of his shares were transferred to Jeanne just like that.

Now, Jeanne had instead become a major shareholder of the Lawrence Enterprise.

Alexander was very unhappy.

He suppressed her anger and appeared very irritable.

Jeanne accepted the transfer letter and smiled. At this moment, she looked at Joshua.

Joshua was afraid of Jeanne.

Jeanne was not like this in the past.

As far as Joshua remembered, Jeanne was the kind of person who had her opinions but was not so powerful. She could not make him tremble with just a look.

Joshua gritted his teeth.

He continued to kneel on the ground and stared back at Jeanne fiercely.

In any case, he would not be frightened by this woman.

She had offended so many people. One day, she would die without a burial ground.

He would definitely see her end.

“Joshua, tell me honestly. Who helped you do this?” Jeanne raised her eyebrow.

Joshua’s eyes flickered.

It was obvious that he did not want to answer her.

“You don’t have to answer. I know the answer very well,” Jeanne enunciated each word. “It was Eden, right?”

The moment she said that, Jonathan, Alexander, and Jenifer were shocked again.

Jenifer could not hold it in any longer. She quickly said, “Jeanne, don’t sow discord. How could Eden do such a thing? He’s not as reckless as Joshua!”

“Of course, Eden isn’t as reckless as Joshua.” Jeanne smiled. “He simply colluded with the Sanders.”

“What do you mean?!” Jenifer was a little agitated.

At this moment, the Swans were the only reason she felt that she still had some status. Of course, she did not want Jeanne to slander Eden.

“I’m just reminding grandpa and dad. You’d better have a good idea of whether or not Eden sincerely wants to treat our family well. From what I know, Eden didn’t hesitate to use the Lawrences as a scapegoat in order to please the Sanders. To put it bluntly, Melody, the third princess of the Sanders, wanted to target me. Eden gave her some advice, and Joshua simply executed the plan. I know very well that once the incident is exposed, the only one who would be implicated would be Joshua. Melody and Eden would be able to escape unscathed.”

This was the reason Jeanne did not want to pursue the matter.

Even after wasting a lot of time pursuing the matter, Joshua, the most useless person, might end up being the scapegoat anyway.

“In the end, the Lawrence Enterprise is the one that’ll be harmed by this matter—economic losses and loss of personnel. Of course, it’s just my opinion. I admit that I have no evidence to prove it. I also want to clarify this matter in the position of the Lawrences. As for whether you believe it or not, it is up to you.” Jeanne’s words were very sincere.

It did not sound like she was slandering anyone; it sounded like a kind reminder.

The more it was that case, the easier it was for people to believe her.

“Impossible!” Jenifer was still trying to defend Eden. “I know very well what kind of person Eden is. He would never do such a thing. Besides, Eden and Jasmine have such a good relationship. He would never hurt Jasmine.”

“You’ve never been in business before. Don’t use your narrow-minded mind to think about business matters. I’m only informing grandpa and dad. This has nothing to do with you,” Jeanne mocked Jenifer. It was obvious that she was being sarcastic.

Jenifer instantly became a little embarrassed.

Indeed, she had never been in contact with business matters. Even so, her deep-rooted belief was that women did not need to do anything in business. They only needed to secure men. That would be a woman's greatest achievement.

At this moment, she was being ridiculed by Jeanne, so much so that she was in a sorry state.

It was as if she was useless in front of them.

"Whether it's true or not, you can ask Joshua in private. Perhaps Joshua isn't willing to tell the truth in front of me, so I won't make things difficult for him." Jeanne acted as if she knew everything clearly. She said, "I'm a little tired after the lawsuit. Grandpa, I'm going back to my room to rest."

Jonathan nodded slightly. "Rest well."

"Thank you, Grandpa." Jeanne smiled slightly.

She smiled and left.

Jeanne knew that sooner or later, Joshua would admit everything. She was just trying to sow discord.

After Jeanne left the study, Jonathan's face darkened. He looked at Joshua. "Tell me honestly, did Eden order you to do this?!"

Chapter 229: Embarrass Jenifer

Joshua did not dare to answer his grandpa.

"Joshua, you'd better know your place! Do you know that what you're doing right now is very likely to bankrupt the Lawrences?! When that happens, even if I want to pass the Lawrence Enterprise down to you, it would've already become someone else's property!" Jonathan was very strict.

Joshua was also frightened by Jonathan's words. He quickly replied, "It was indeed Eden who helped me."

Alexander and Jenifer's faces turned red.

Jonathan was not any better.

"That said, I feel that he's still on my side. It's also because I have a grudge with Jeanne that he helped me. It's not like what Jeanne said. He didn't do it to please the Sanders—"

"Enough!" Jonathan did not want to listen anymore.

Everyone in the business world was smart.

In fact, just a few clues would be enough for one to tell that something was amiss.

Jonathan said, "Alexander, stay here. The rest of you, get lost!"

Joshua got up from the ground and had no choice but to leave the study with his mother.

Jonathan looked at Alexander and said fiercely, "Is that the good son-in-law you've chosen?!"

"I didn't know that Eden was such a person. Eden even gave us 300 million dollars in the MUK contract. I didn't expect him to be like this!" Alexander was also a little mad. "What should we do now? Jasmine has become a Swan!"

"At the end of the day, it's because Jasmine is incompetent! If she's capable, Eden wouldn't deal with the Lawrences like this!"

Alexander was rendered speechless.

"Observe the Swans' every move first. Jeanne's reminder today was right. Once we know that the Swans have the intention to do something to us, we'll be on our guard," Jonathan instructed.

"Okay."

"Leave first. I need to think about this again."

The moment Alexander turned around and left, he could not help but say, "Dad, I feel that you're pampering Jeanne too much."

Jonathan's eyes narrowed slightly.

"If you pamper her like this, it'll only make her even more arrogant in the family!" Alexander was very agitated. "She has only returned for more than a month, and yet you've given her 10% of the shares. If this goes on, in less than half a year, she'll be able to take over the Lawrence Enterprise as her own!"

"Do you think I want that? ! If I hadn't done that, do you think Jeanne would let Joshua go?!"

"Even so, she can't just do whatever she says! Do you know what Jeanne looks like to me?!" Alexander said fiercely, "She's extremely similar to her mother. Back then, just because she was given a little power, everything in the Lawrence Enterprise was in her hands! If it weren't for us..."

Alexander endured and did not say it out loud.

Jonathan also gave Alexander a look to make him shut up.

"Anyway, I feel that Jeanne will be very out of control in the future!"

"Not in the future; she's already out of control now," Jonathan gave an affirmative answer.

Alexander's expression became even uglier.

Jonathan said, "If you chase Jeanne away now, Jeanne will immediately stop the e-commerce contract with MUK. Not only will we lose a collaboration, but it'll also cause the Lawrence Enterprise stock market to immediately fluctuate. Do you know the consequences?!"

Alexander gritted his teeth.

"Let Jeanne do this first. Once the Lawrence Enterprise is on the right track, if Jeanne still doesn't know what's good for her, she'll end up like her mother!" Jonathan said cruelly.

"Alright." Alexander agreed right away.

This time, he did not feel the slightest bit of guilt.

“Let me remind you again—if Joshua continues like this, no matter how hard I try to help you, the Lawrence Enterprise will be finished in the end!”

“I’ll teach Joshua well.”

Jonathan nodded slightly.

Alexander left the study.

The moment he left the study, his expression was still very ugly.

He returned to his room.

Jenifer and Joshua were in the room. Jenifer was lecturing Joshua.

Alexander was annoyed when he saw Joshua, so he chased him out.

Jenifer quickly went forward to fawn over Alexander.

Alexander did not show any mercy. “As expected, children take after their mother! Joshua and Jasmine have inherited your uselessness!”

Jenifer was stunned at once.

Alexander had never insulted her so directly.

He had always said that she was considerate and sensible.

“If Joshua and Jasmine were half as good as Jeanne, I wouldn’t have been embarrassed to this extent!” Alexander said fiercely, “They all have the same father, yet the gap between them is so big! If it weren’t for the fact that Joshua is my only son, I would’ve kicked you out of the house long ago.”

Chapter 230: Embarrass Jenifer

Jenifer’s eyes were red, and she cried instantly. “Alex, haven’t I done enough for this family? What do you want me to do? I’ve only been provoked by Jeanne a few times today, and you’re scolding me like this—”

“Enough!” Alexander looked coldly at Jenifer, “Don’t cry in front of me in the future. It’s annoying to look at you! Think carefully about how to let Joshua and Jasmine develop! Otherwise, don’t blame me for being merciless toward you! Get out, I don’t want to see you!”

Just like that, Jenifer was chased out of the room by Alexander.

At that time, Jeanne happened to come out of her room.

Jeanne just looked at Jenifer’s red eyes and aggrieved look.

“What’s the matter? Were you chased out by my dad?” Jeanne sneered.

Jenifer instantly gathered her emotions and said fiercely to Jeanne, “Don’t be complacent!”

“I’m not. I want you to get a good taste of the feeling of being despised by others.” The corners of Jeanne’s mouth curled up. “Just like my mother did back then.”

Jenifer's expression turned cold.

"Do you think that you'll end up like my mother one day?!" Jeanne suddenly asked her in a sinister and terrifying manner.

Jenifer's hair stood on end. At that moment, when she looked at Jeanne, she felt a wave of fear.

Jeanne smiled coldly.

That smile was bloody.

Jeanne turned around and walked away from Jenifer.

Jenifer was unable to regain her senses for a long time.

After Jeanne left, she felt that she was drenched in a cold sweat.

No.

Jeanne's return this time was definitely not simple.

She definitely had not come back to prove her existence in the Lawrences. She had come back to take revenge!

Jenifer even felt that Jeanne seemed to know about her mother's accident back then...

A chill ran down her spine.

She could not let Jeanne continue to develop like this.

Otherwise, she would surely be avenged by Jeanne... miserably!

...

Jeanne went downstairs and asked Miles to pick her up. She went straight to the detention center.

After taking the shares of the Lawrences, she still had to keep her promise this time.

Otherwise, it would not be easy to negotiate with the Lawrences next time.

She went through the formal procedures and met with Adrian.

The moment Adrian saw Jeanne, he was immediately agitated.

He seemed to have thought it through, so he looked at her and quickly said, "I admit it—I admit that there's no enmity between us, so there's no reason for me to frame you. It was Joshua who threatened me and made me frame you. "The next time I go to court, I'll accuse Joshua. I have evidence that he instructed me—I have a recording. As long as you help me put in a good word in court, I'll let Joshua be brought to justice. After that, the Lawrence Enterprise will be yours."

If Joshua was not a Lawrence, he would probably have died 10,000 times.

Jeanne said, "Mr. Zimmer, I came here to tell you not to frame others anymore. When you go to court, you should properly admit your guilt. If your attitude is a little better, perhaps the judge will give you a lighter sentence."

“What do you mean?” Adrian looked at Jeanne in disbelief. “Don’t you want to pursue the matter? Don’t you want Joshua to go to jail so that the Lawrence Enterprise will be yours in the future?!”

Joshua had never been a threat to Jeanne to take down the Lawrence Enterprise.

Of course, she did not have to explain it to Adrian. She took out a document and handed it to Adrian.

Adrian took a look, and his expression changed.

Jeanne said, “If it happened once, it’ll happen many times. I don’t believe that this is your first time doing a dual contract in the Lawrence Enterprise, so I did some in-depth investigation and found a lot of strange things. Mr. Zimmer, speak properly during the court session. Don’t make the incriminating evidence worse!”

Adrian’s expression was dark and cold.

“That’s all I have to say. Mr. Zimmer. Take care of yourself.”

Jeanne left immediately.

This matter ended here.

She still had many things to do...

The sooner she was done here, the sooner she could leave!
