

## **Pregnant 251**

### **Chapter 251: Finn Shows up Amidst Many Obstacles**

At this moment, Monica was crying as if the sky was falling.

Wade asked, "Why are you looking for Fourth Master Swan?"

"Can you let me see him? I want to tell him in person."

Monica had a feeling that if she told these people that Jeanne was in trouble, they would be indifferent.

Only Fourth Master Swan would go all out to save Jeanne.

Thinking of this, Monica became even more agitated. "Grandpa Wade, I beg you to let me see Fourth Master, okay? I'm begging you. I really have something very important to tell him..."

Monica cried as she spoke.

It made Wade waver a little.

However, at the end of the day...

Edward was being punished by the family tonight, so Wade would not let Monica see him just like that.

Principles were always more important than feelings!

Wade remained silent and indifferent.

Monica was on the verge of breaking down.

She saw that Grandpa Wade had no intention of letting her see Fourth Master Swan, so she directly rushed into the hall without thinking. She did not know where Fourth Master Swan was, but he was definitely here. She searched room by room and believed that she would eventually find him.

Monica's impulsiveness scared Eden to death.

He shouted, "Monica, don't act recklessly!"

How could Monica listen to him?

Right now, she only wanted to find Fourth Master Swan.

Nonetheless, just as she headed toward the bedrooms, she was suppressed by a powerful aura.

It was the kind of aura that was not visible but threatening.

Monica's heart skipped a beat.

She looked at the old man who was standing not far away.

Monica looked at his cold face as he stood there silently and stared at her.

She took a deep breath and felt that the person in front of her was giving her a death stare.

It made her feel numb all over.

She did not care anymore and just went straight over.

Eden looked at his grandpa standing in the corridor from afar. He did not dare to breathe loudly nor approach him.

“Grandpa Zachary, I’m looking for Fourth Master Swan. Let me see him.”

“No!” Old Master Swan’s deep voice was strong.

“Grandpa Zachary...”

“Wade, send the guest off,” Old Master Swan ordered.

Without any hesitation, he turned around and left.

“Grandpa Zachary.” Monica grabbed Old Master Swan.

Just as her hand approached, Old Master Swan waved his hand.

Monica was sent flying a few steps.

She was stunned.

Zachary was already so old, so where did he get such strength?

Monica looked straight at Old Master Swan.

Old Master Swan’s face was cold.

He was scary enough even when he was expressionless, not to mention that his expression was quite unsightly at the moment.

Eden really wanted to leave.

Micheal was also a little anxious at this moment.

He had never seen Old Master Swan before.

Old Master Swan was like a myth in their generation.

When Micheal saw him occasionally, he would look at him from afar. He had never been so close to him before.

Due to Old Master Swan’s legend, everyone was afraid of him and did not dare to act rashly.

Only Monica.

It was unknown whether Monica was simply too naive or just too anxious to care about anything. After Old Master Swan pushed her away, she pounced on him again.

This time, she was very smart. She did not pull Old Master Swan’s hand. Instead, she pounced on the ground and hugged his calf.

Everyone was stunned.

This was a funny scene.

Old Master Swan's expression was obviously even uglier.

Even so, Monica hugged Old Master Swan's leg tightly and refused to let go. "Grandpa Zachary, if you don't let me see Fourth Master Swan, I'll continue to pester you. I'll continue to pester you so that you won't be able to go anywhere."

Old Master Swan's face darkened.

To show her determination, Monica hugged his leg even tighter.

At this moment, there was a sudden stalemate for a few seconds.

When no one knew what would happen next, they heard Old Master Wade say coldly, "Wade, drag her away!"

Wade was also dumbfounded by the scene.

He had followed Old Master Swan for decades, but no one had dared to get so close to Old Master Swan.

Fourth Master Swan was the closest person to Old Master Swan among so many people. Despite that, when he faced Old Master Swan, he was also respectful and kept a distance.

"Wade!" Old Master Swan's face turned ugly again.

Wade came back to his senses.

He quickly went over and squatted down to pry Monica's arm away.

"Grandpa Wade, go away. I won't let go of Grandpa Zachary even if I die. Go away..."

Old Master Swan's face turned completely dark.

This was the first time he was being pestered like this.

What was more, Monica was a junior. Otherwise, he would have kicked her away long ago.

"Little girl, let go, let go. Let's talk nicely," Wade advised.

He was worried that if Old Master Swan were furious, Monica's body would not be able to take it.

"I won't let go. If you don't let me see Fourth Master Swan, I won't let go even if I die!" Monica was like a sloth, hugging Old Master Swan's calf tightly.

Old Master Swan even moved a little, but Monica hugged him tightly and was dragged away by him.

Wade could clearly feel his old master's growing anger.

"Little girl, listen to me and quickly let go!" Wade advised kindly!

"I won't let go!" Monica would not let go even if she died.

She looked like she was ready to die.

“Wade! Are you weak?!” Old Master Swan was mad.

Wade was also speechless.

The old master did not want to help the little girl and made him the villain instead.

Wade was helpless.

He did not dare to disobey his master’s order.

Wade’s eyes narrowed.

He suddenly tightened his grip on Monica’s wrist.

“Ah!” Monica screamed.

It hurt so much that tears flowed down her face.

She suddenly let go of Old Master Swan.

At this moment, her wrist seemed to have lost all its strength and fell naturally.

Micheal quickly went forward to protect Monica. “Monica.”

Monica cried as she shouted at Old Master Swan’s departing figure, “Grandpa Zachary, if you don’t let me see Fourth Master Swan, I won’t leave tonight. I’ll make it so that you can’t sleep nor rest...”

“Wade, throw her out!” With that, Old Master Swan left.

He did it neatly.

Before Monica could react, she felt her arm suddenly pulled by Grandpa Wade. He pulled her up and walked out.

Micheal paused. At this moment, he just let Wade drag Monica out.

“Grandpa Wade, let me go! Let me go!” Monica could not move as Wade was restricting her.

Her arms seemed to have no strength, and she could not resist at all.

“Old man, let me go, let me go. You’re so old, yet you still dare to bully a child like me. Do you have any shame? Let me go—ah!” Monica was so angry that she did not know what to say.

Wade was rendered speechless by Monica’s words.

He pulled Monica out of the hall and forcefully threw her out.

Monica lost her balance.

She almost fell to the ground.

Micheal hurriedly went over and reached out to catch Monica.

A man suddenly appeared behind Monica and hugged her in his arms.

Monica was shocked.

She knew who it was before she even saw him.

It was clear that the two of them had not been in close contact for a long time, but she still knew.

Monica's eyes twitched.

She turned around and saw Finn suddenly appear in front of her!

Just now, when she needed him the most...

What was he doing here now?!

He had not even changed out of his surgical gown and appeared here just like that!

### **Chapter 252: Who Is Finn?!**

In the Swans' Universe Garden.

Finn held Monica in her arms, preventing her from falling to the ground.

Micheal's expression changed when he saw Finn.

After Finn stabilized Monica, he let go of her.

Monica pursed her lips.

Without thinking, she went forward again and said fiercely to Wade, "Let me see Fourth Master Swan. If you don't let me see him, I'll turn Universe Garden upside down. I'll do it!"

Monica looked very fierce.

To Wade, she looked like an angry puppy.

Being fierce was useless.

He said indifferently, "Go ahead and try it. Let's see if your family will lose everything tomorrow. You'll pay for all the losses here!"

"Don't threaten me!"

"I'm not threatening you. I asked you to try," Wade said coldly.

Monica did not care, but Finn knew very well that it was not a threat indeed.

"Old man!" Monica was angry. She could lose her mind at any moment and rush into the hall without caring about anything else.

Wade directly blocked in front of Monica.

He exerted force with his hand.

He pushed Monica away, and she fell backward.

'How is this d\*mn old man so strong?'

Monica had used all her strength. She thought that she should have knocked Wade away, but she was bounced back instead.

She could even imagine how she would fall.

While her mind was still wandering, Monica was caught by Finn next to her.

Micheal, who had also reached out his hands, narrowed his eyes.

Monica was clearly closer to Micheal. He and Finn were going to catch Monica at the same time. Why was Finn's reaction faster than his?

Finn was one step faster and held Monica in his arms.

Micheal looked at Finn without batting an eyelid and slowly put his hands down.

Monica was frightened. She stabilized her body and looked at Wade furiously.

"Don't waste your energy. Hurry up and go back!" Wade ordered her to leave.

He did not show any mercy nor did he leave any room for discussion.

"I want to see Fourth Master Swan!"

"I told you—it's Impossible tonight!"

"I want to see him!" Monica's voice was very loud. Since she could not defeat Wade, she could only yell at the top of her lungs.

She shouted until her voice was broken!

Wade's face darkened. "I don't want to say it a third time. Hurry up and go back!"

He was furious.

Finn could see it clearly.

Eden was also frightened.

He had seen Wade following his grandfather all this time, but he had never seen him in such an imposing manner.

On second thought, Wade was the only one who could get close to his grandfather all these years. He was definitely not that simple!

Monica was stunned by Wade's shout.

Wade looked at Monica coldly as if he did not want to waste any more time on her. He turned around and was about to leave.

Monica suddenly knelt down.

With a thud, she directly knelt in front of Wade.

Wade was dumbfounded.

Finn pursed his lips tightly and unconsciously clenched his fists.

Micheal and Eden were also shocked.

They did not expect that Monica would go to this extent for Jeanne.

“Grandpa Wade, I’m begging you. Please let me see Fourth Master.” Monica suddenly gave in and knelt on the ground, begging with tears in her eyes.

Her knees were injured. At this moment, she knelt on the ground and felt bone-piercing pain.

Even so, she did not feel anything at this time.

Not only was she kneeling, but she was also approaching Wade step by step. Her knees kept rubbing against the ground, causing blood to flow everywhere.

Finn stared at Monica.

Everyone noticed it.

Micheal could not stand it anymore.

He hurried over and wanted to pull Monica up. “Monica, don’t be like this. Your knees are still injured...”

“Grandpa Wade.” Monica did not seem to hear him at all. She pushed Micheal away and said to Wade, “I beg you to let me see Fourth Master. I’ll tell him something quick. After that, I’ll leave. I’ll kowtow to you.”

As she said this, she suddenly kowtowed.

When there was no other choice, she could only use her pride to exchange for sympathy.

Wade’s eyes moved.

He just watched Monica kneel in front of him and kowtow to him.

If it were not for tonight’s special circumstances, he would not have made things difficult for this little girl.

However, principles were principles, orders were orders.

Wade could not disobey the old master.

Therefore, at this moment, he still turned around and left coldly.

“Grandpa Wade!” Seeing that Wade was about to leave, Monica stepped forward and hugged Wade’s leg again.

Wade’s eyes narrowed.

He gritted his teeth.

At this moment, he was about to exert his strength and might kick Monica over.

Finn suddenly pulled Monica up from the ground.

Monica was shocked.

Wade glanced at Finn and left immediately.

Monica saw Wade leave and she was on the verge of breaking down.

“Take me to see Fourth Master Swan. I want to see Fourth Master Swan!” Monica roared angrily.

Wade remained unmoved as he strode forward.

“Let go of me!” Monica screamed.

She was seized by Finn and could not move.

“Finn, let go of me. Let go of me!” Monica cried.

Finn could not help her, but he should at least not stop her

Monica hated Finn at this moment.

She was going to kill him.

If anything happened to Jeanne, she would fight Finn to death.

“Finn!” Monica screamed.

She was losing her voice to the point that she could taste blood.

Finn pursed his lips.

Micheal stepped forward and pushed Finn away.

Finn’s eyes narrowed. He let go of Monica.

Micheal held Monica in his arms.

Monica gritted her teeth and said to Finn, “I’ve never been so disappointed in you before. Finn, I’m so f\*cking regretful right now. I’m so regretful that I loved you so much before...”

As she said this, she saw Finn suddenly change into a completely different person as he walked straight into the hall.

His expression was ferocious, and his veins were bulging.

He was unlike the usually gentle and refined man he was.

At this moment, Finn was exuding a murderous aura.

Wade, who was leaving, seemed to feel something strange as well. He turned around abruptly and saw Finn walking toward him with a murderous aura.

Finn walked right past him.

Wade grabbed Finn’s arm. “Finn!”

Finn was even faster and pushed him away.

The next second, he continued walking forward.

Wade was stunned.

He quickly went forward.

Wade lowered his voice and said to Finn, "Calm down!"

Finn did not seem to hear him at all.

His footsteps were very determined. He walked straight to a certain destination.

"Finn!" Wade called out to him.

Finn did not listen.

Wade had no choice but to attack directly. He could only choose to use force to suppress Finn.

Finn seemed to have noticed Wade's movements. He turned around and caught Wade's attack with a punch.

He then said, "Grandpa Wade, apologies!"

Next, a fight broke out.

Micheal, Monica, and Eden followed Finn when they saw him suddenly walk in.

At this moment, they saw Wade and Finn fighting in the corridor.

Monica looked at Finn in disbelief.

She looked at him in disbelief as she was surprised to see that he could fight.

He actually knew how to fight.

It was not a random fight. It was like the fight scenes on TV. Every move was precise and powerful.

Micheal and Eden were also surprised.

Micheal's eyes narrowed.

'Who... is Finn?'

Finn was not a simple person given that he was close to Fourth Master Swan. Now, it seemed that he could also fight.

Just now, Micheal was surprised that Finn could catch Monica before him. Now, he was not surprised anymore.

Finn was obviously very skilled!

With that, the fierce fight only lasted a few minutes before Wade was restrained by Finn.

Wade panted heavily.

Finn said, "Grandpa Wade, you're old!"

Wade seemed to be smiling cruelly.

He was old.

It would be okay to exchange a few blows.

As time went on, his stamina would not be able to keep up.

Even so, he was convinced.

It was time for the younger generation to rise.

Old people like him should have retired long ago!

Finn let go of Wade. Without wasting a second, he turned around and strode forward.

Wade watched Finn leave and knew that he was going to look for Edward.

He did not stop him anymore.

He could not stop him.

Besides...

Finn went against him at all costs while Monica even kowtowed to him. Something big must have happened!

### **Chapter 253: Jeanne Resists: Do You Know Who I Am?!**

In the Swans' Universe Garden.

Finn walked forward recklessly.

Wade did not stop him anymore.

Monica, Micheal, and Eden quickly followed Finn's footsteps.

'Am I imagining things?!

'Why do I feel that Finn has changed into a different person tonight?' Monica wondered.

'He has become so terrifying.'

In the past, Monica had only felt that Finn had a bad personality and treated her badly. Now, she felt that he was very far away from her!

It was as if...

They were not from the same world!

Monica gritted her teeth.

Now was not the time to think so much.

'Who is Finn?!

'Why does he have such skills?

'Finn...' In any case, it had nothing to do with her.

The important thing at this moment was she only wanted to see Fourth Master Swan.

She only wanted Fourth Master Swan to save Jeanne.

Everything else was not important!

Monica tried her best to calm herself down.

She followed behind Finn calmly and went to look for Fourth Master Swan.

Finn seemed to know where Fourth Master Swan was, and his motive was very strong.

Soon, Finn stopped in front of a large door.

This door was obviously different from the other rooms.

They had walked through the hall into the corridor, then they went into the forest garden before arriving at this door.

This door was not an ordinary bedroom door. It was a sturdy-looking anti-theft door.

At the door stood two tall and strong men guarding the door.

Without thinking, the others knew that Fourth Master Swan must be in this room.

What mistake did Fourth Master Swan make that Old Master Swan wanted to lock him up in such a place?!

While Monica was still wondering, she saw Finn rush forward and start fighting with the two guards without any hesitation.

The fight was quite intense.

Micheal pulled Monica into his arms as if to prevent her from being hurt.

Eden also stood a little further away as he sized up Finn.

Finn was fighting two against one.

It was obviously not that easy.

Monica even saw that Finn had been hurt many times, but he seemed to just endure it every time. He still fought fiercely with his life on the line. The fight was getting more and more intense.

Monica saw that Finn's body was gradually bleeding.

She saw that Finn's cold face was becoming more and more ferocious.

Monica watched the scene in front of her closely.

She even felt that if this continued, Finn might be beaten to death.

Monica suddenly pushed Micheal away.

Micheal was stunned.

Before he could react, Monica had rushed directly to Finn's side.

She was not there to help Finn.

Monica knew very well that she did not have the ability to help Finn. If she went over, she would only be beaten to death.

She rushed over. While the three of them were locked in a fierce fight and could not spare any time to deal with anything else, she went over to smack on the tightly shut door. She hit it crazily and called out to whoever was inside, "Fourth Master Swan, Fourth Master Swan!"

Among the three people fighting, one of the burly men quickly withdrew from the fight. His pupils constricted, and he directly rushed toward Monica.

"Monica, be careful!" Micheal hurriedly wanted to go over.

At this moment, the burly man was completely savage and directly kicked Monica's back.

With that kick, Monica might break a few ribs.

All of a sudden, a green figure moved at an astonishing speed.

He hugged Monica in his arms and quickly dodged the burly man's punches and kicks.

In the end, the burly man reacted fast as well. Finn's back was still kicked ruthlessly.

Finn's body trembled, and the malevolence on his face became more obvious.

Monica only felt that she was in someone's tight embrace for a second before she was pushed out.

She was pushed away with force.

An extremely cold voice was also heard at the same time. "Stay away!"

Monica was pushed to the ground.

It was unexpectedly painful.

Her eyes could not help but redden.

She turned her head and saw Finn fighting madly with the other party.

Monica did not know if Finn was saving her because she could not see what the person behind her was doing to her. She only knew that Finn had pushed her to the ground with all his strength and showed no mercy. She even felt that Finn was very angry at that moment as if she had dragged him down.

She bit her lips tightly.

Micheal had come to her side and picked her up from the ground. "Monica, how are you?"

**Chapter 254: Jeanne Resists: Do You Know Who I Am?!**

Micheal looked concerned.

It was obvious that he felt sorry for Monica.

Monica did not speak, but her eyes were teary.

She did not know why she felt so uncomfortable at this moment!

It was so uncomfortable that she felt like the sky was about to collapse.

Why was it so difficult to meet Fourth Master Swan?!

Why was it so difficult to meet Fourth Master Swan at such a crucial moment?!

...

Under the same sky in a different place.

Jeanne opened her eyes in piercing pain.

When she fainted, she thought that she might never be able to open her eyes again.

Fortunately, Melody's hatred toward her had really reached the point of insanity. Melody must have wanted to torture her ruthlessly before she died.

As long as she was still alive...

As long as there was still time to live, Jeanne felt that there was still a glimmer of hope.

Jeanne stared straight at the person in front of her.

At this moment, she was also sizing up her surroundings.

They were no longer in the rural area. This was clearly a somewhat shabby and gloomy house. There was nothing inside. It looked like an abandoned house, and inside this abandoned house, there were at least ten bodyguards in black suits. All of them were tall and had terrifying looks.

Among these tall and sturdy people stood a petite and exquisite woman. She wore black tight-fitting suspenders, a pair of black tight-fitting shorts, and a pair of high-heeled shoes with low boots. The heels of her shoes seemed to have dried blood stains.

The woman looked at Jeanne coldly. When she saw that Jeanne had woken up, the smile on her face became even colder.

"You're awake?" Melody asked Jeanne.

She asked her condescendingly.

At this moment, Melody was high and mighty.

She looked down at Jeanne and sneered, "Aren't you very powerful? Why do you look like you're dead now?"

At this moment, Jeanne was really unable to speak.

It was because of the intense pain in her body. She was enduring it and could not speak as a result.

Now that Jeanne had regained consciousness, she was very clear that she was woken up by cold water just now. She was woken up by cold salt water.

Now that the salt water had invaded her tattered skin, it was so painful that her body was convulsing uncontrollably.

“Why? Is it very painful?” Melody looked at Jeanne.

Looking at Jeanne lying on the ground with her face twisted in pain while her body convulsed, Melody was extremely happy.

Melody had a bad personality since she was young.

She would use all means to make those who provoked her suffer!

Nonetheless, she was never as pleased as she was torturing Jeanne at this moment!

Looking at Jeanne’s pained expression, she felt incredibly good!

Melody suddenly lifted her foot.

Her high heels stepped directly on Jeanne’s tightly clenched fist.

She exerted force.

“Ah!” Jeanne could not help but cry out.

The pain caused her to be beyond recognition.

Melody enjoyed it very much. She enjoyed looking at Jeanne’s pained expression at this moment.

She used all her strength to step on the back of Jeanne’s hand. At the same time, she picked up the phone and dialed Eden’s number.

It was time for him to come and torture Jeanne as well.

Melody had always felt that Eden was as cruel as her.

She needed someone to be with her so that Jeanne would be in unbearable pain before she died.

Melody called Eden.

The call was picked up.

“I’ll give you an address. You can come over now. You can come over and see how Jeanne is living a life worse than death,” Melody said with cruelty.

At this moment, Eden had walked to one side without anyone noticing.

In fact, no one would notice him during the fight in front of him.

He walked a little further and picked up the call. “You can torture her. I’ll pass.”

“This isn’t your style!” Melody’s eyes narrowed.

“After all, we were once in love. I’m afraid that I’ll go soft if I see her in such a miserable state.”

“Ha.” Melody sneered.

“That said, I advise you not to spend too much time. The longer you take, the more things will happen. It’s best to end it quickly,” Eden reminded Melody.

It seemed that it would not be that easy to get his fourth uncle to save Jeanne.

Despite that, he was afraid that things would suddenly change.

Moreover, Monica did not seem to have given up on meeting his fourth uncle.

If his fourth uncle really wanted to save Jeanne, it was highly possible.

His fourth uncle could definitely save her.

“I don’t need you to remind me,” the person on the other end said coldly. Then, she abruptly hung up the phone.

The moment Melody hung up the phone, she fiercely scolded, “Men are indeed useless!”

#### **Chapter 255: Jeanne Resists: Do You Know Who I Am?!**

At this point, Eden said that he still cared about his relationship with Jeanne in the past.

Micheal also listened to Melody’s dad and even advised her to let the matter rest.

Men were truly laughable.

Those who did great things should disregard everything and be cruel and cold-blooded.

Anyone who was indecisive was simply trash!

Melody’s expression was ferocious as she asked one of her bodyguards to take her phone.

She also moved her high heels away from Jeanne’s hand.

Melody said coldly to the bodyguards around her, “Lift her up!”

Next, Jeanne was lifted up by two bodyguards.

The pain in her body had made her go numb. Being treated so rudely, she did not even know where exactly the pain came from.

Jeanne looked weakly at Melody in front of her.

Other than the blood stains on her body, her skin was extremely pale.

Perhaps she would die in the next second if she could not hold on any longer.

Melody was very satisfied with Jeanne’s appearance.

She looked at Jeanne coldly and asked, "What do you think I should do to you now so that I can take revenge for you showing off to me previously?!"

Jeanne's eyes moved.

At this moment, on her face that was as still as death, only her eyes were moving. The other parts of her face looked dead.

"Cut off your flesh one by one?!" Melody asked cruelly.

"Or cut your body into pieces?"

"Or..." Melody's eyes narrowed, and she looked even more sinister.

Jeanne just looked at her like that.

She could imagine how cruel Melody could be.

As Melody was from the Sanders, where power was everything, she could do many things that ordinary people could not do.

Therefore, she would have all kinds of ways to torture someone. Ordinary people would not be able to imagine it!

Melody continued, "Or should I reward these men by my side? They chased you for an entire night before they brought you here. One of them even had his hand stabbed by you. They worked so hard, so I should let them enjoy your body properly. What do you think?"

Jeanne's face turned cold.

She was indifferent just now, but she was finally showing a little bit of emotion at this time.

'Yes.

'This is it.'

Melody smiled.

That was it. She wanted Jeanne to live a life worse than death. Only then would she be able to alleviate all the unhappiness that she had suffered from her!

'Stealing my man?!

'Making Dad scold me?!

'Ha!

'You'll suffer a tragic end for going against me!'

Melody grabbed Jeanne's chin and looked down at her face. Despite what Jeanne had gone through, she was still pretty.

At this moment, Melody said fiercely, "Jeanne, keep your pretty face for the time being and let my men have an enjoyable time. After that, I'll make your face look unsightly!"

A sinister and terrifying voice was heard.

Jeanne looked at Melody just like that.

She looked at the perverted woman whose mind was twisted.

Jeanne tried her best to speak, "Have you thought about your end after treating me like this?"

"My end?!" Melody laughed somewhat crazily. "I'm the dignified third princess of the Sanders. I can do whatever I want and get whatever I want. Why would I need to think about my end if I want to kill you?!"

"The third princess of the Sanders?" Jeanne sneered. "Didn't your dad tell you who I am?!"

### **Chapter 256: Staying Alive**

"Didn't your dad tell you who I am?!" Jeanne asked Melody coldly.

Melody was stunned.

She looked at Jeanne fiercely.

Her heart suddenly trembled.

'What does she mean by that?!

'What does she mean by who she is?!

'She's just a lowly commoner!

'Who could she be?!'

Even so, Melody's dad had indeed sternly told her not to go against Jeanne.

She had always thought that her dad only wanted her to not bring trouble to the Sanders. She had never considered what kind of status Jeanne would have.

At most, Jeanne was only a little lucky and worked hard such that she had some achievements abroad before coming home to develop.

'Isn't she just the daughter of a business? What status could she have?!'

Melody's eyes were fixed on Jeanne.

She looked at her with a cold smile.

'No.

'Jeanne is a very smart woman.

'She's threatening me on purpose.

'She must've thought that if she used her privilege to target me, Dad would definitely control me. She must've said those words to deliberately disrupt my thoughts.

'How ridiculous.

'Am I, Melody, so easily convinced by others?!

Melody suddenly fiercely slapped Jeanne's face.

She used all her strength.

Jeanne's cheeks instantly had a few red finger marks. Even the corner of her mouth was scratched by the friction against her teeth.

Jeanne did not cry out.

She just looked at Melody coldly.

She was cold and gave off a vicious aura.

At this moment, she looked a little scary.

Even so, Melody did not care.

To her, Jeanne was now a waste. She could do whatever she wanted to her.

She said sinisterly, "Jeanne, do you think that I'll be threatened by you? Do you think that I'll listen to a single word from you?! At this point, even if you're somebody, you'll only die! Once you die, go ahead and tell the king of hell who you are!"

Jeanne's eyes were cold.

She knew that Melody had reached the point where she would not listen to anything she said.

Jeanne knew that Melody would make her die a tragic death even if she had to sacrifice herself.

She looked at Melody coldly.

Jeanne did not know how long she had been unconscious.

Nonetheless, given that they moved from the outskirts to another place, it was obvious that this was not a random place. They must have taken some time to find this place!

Such a long time had passed.

She did not know how long it would take for Fourth Master Swan and the others to find her!

Or...

She would not make herself despair.

Until the last moment, she would not make herself despair.

"Jeanne," Melody called out to her coldly. At this moment, her smile was very ferocious, "Let my subordinates have a good time first. After that, I'll ruin your face. Then, I'll cut your throat and let you bleed to death. Finally, I'll throw your naked body onto the most luxurious street in the city so that everyone can see your enchanting body but miserable face. What do you think?!"

Jeanne gritted her teeth and looked at Melody.

No matter how calm she was, she was enraged at this moment.

How could a person...?

How could a woman be so cruel to this extent?

Melody was very satisfied with Jeanne's reaction.

She just wanted to see Jeanne angry but was unable to resist.

She wanted to let Jeanne experience what it meant to live a life worse than death before she died!

Her eyes moved as she said, "All of you, do it together!"

As Melody finished, Jeanne felt the clothes on her body being torn apart.

She was wearing an evening gown.

It was very thin, to begin with.

The gown was torn into two halves, leaving only the nude undergarments on Jeanne's body.

Jeanne gritted her teeth.

At this time, an astonishing power suddenly erupted from within her.

The two burly men who were originally seizing her were suddenly pushed away.

At this moment, she instantly started fighting with the people in front of her.

Jeanne's combat power that erupted at her limits stunned the few bodyguards in front of her.

They probably did not expect that she could still fight given that she had such serious injuries.

Melody was also a little surprised.

She stood a little far away.

She looked at Jeanne from afar and watched as she suddenly broke free from her shackles even though she was still surrounded by her men.

Melody's eyes narrowed.

'This woman is really not simple.'

She gave an order, "Beat her up and beat her to death. Just make sure that she still has her last breath so that you can have fun with her before she dies!"

Once she finished, the eight bodyguards in front of her attacked Jeanne together.

Only two of Melody's personal bodyguards stayed by her side.

**Chapter 257: Staying Alive**

At this moment, the entire ruined house was filled with the sound of unusually fierce fighting.

Jeanne used her last bit of strength and started fighting wildly with the eight men in front of her.

She admitted that her martial prowess was definitely not the best among Kingsley's followers, but she had an astonishing explosive strength!

At this moment, she could even contend against the eight first-class bodyguards of Harken who had gone through professional training. Moreover, they were in a stalemate for a long time. After a long time, she even managed to defeat two of them.

Melody watched coldly from the side.

She watched as Jeanne was covered in blood but did not have any intention of giving up. Jeanne did not give herself any way out and continued to launch attacks. She kept fighting crazily with Melody's bodyguards.

Melody's eyes narrowed.

Jeanne knocked down another one.

A man who was at least half a head taller and twice as strong as Jeanne fell to the ground just like that.

Melody's expression was dark and cold.

She did not make a sound.

She calmly watched Jeanne fight.

There were still five bodyguards left. They seemed to be shocked by Jeanne's sudden ability at this moment. They did not have any advantage at all. Even under Jeanne's continuous attacks, they seemed to be somewhat passive.

This continued for a long time.

Out of the five bodyguards in front of her, there were only two left!

The two of them were panting heavily.

Melody's expression was ugly!

She moved her fingers.

The two bodyguards beside her understood what she meant. They threw away the black suits on their bodies and made their moves.

Next, they ferociously attacked Jeanne from behind.

By the time Jeanne felt the threat behind her, she was already kicked over by Melody's personal bodyguards.

She was kicked far away.

Jeanne fell to the ground, making a loud sound.

She did not have time to relieve all the pain in her body and the dizziness in her head. She rolled and quickly avoided one of the men who was close enough to kick her. If she was kicked, her ribs might break. She wanted to get up, but she could not.

Jeanne rolled a few times.

She then bounced up from the ground.

The explosive power made her more courageous as she fought.

The more she fought, the stronger she became.

Jeanne attacked Melody's two bodyguards in a frenzy.

At this moment, Jeanne suddenly saw a black muzzle in front of her. It was aimed straight at her.

She was stunned.

The two bodyguards also saw it.

Therefore, the fight ended temporarily.

The bodyguards took two steps back and obediently retreated behind Melody.

Melody held the gun in her hand and pointed it at Jeanne.

She said, "You're much more powerful than I thought, but no matter how fast your hands and feet are, can they be faster than this gun of mine?!"

Jeanne looked at Melody coldly.

"Jeanne, stop resisting," Melody said, "You'll definitely die tonight."

Jeanne's eyes were bloodshot.

Finally, her last bit of strength seemed to have been used up.

She had originally unleashed all the limits of her body to fight for a chance to survive.

Kingsley told her to think about how to live at any time.

With the determination and confidence to live, Jeanne was told to resist no matter what she faced. Before she died, she could not give up.

However, at this moment, she wanted to give up a little.

She could not resist anymore.

Jeanne used all her strength, but the muzzle of the gun was aimed at her. Melody was right that she could not be faster than this gun no matter what.

She had bought as much time as she could.

In the end, there was still no one to save her.

Jeanne just stood there.

She did not move.

Although she only had undergarments on her body, she was not exposed at all because the blood stains on her body had almost covered her skin completely. Nothing could be seen as if one could only see the outline of her body.

Melody said coldly, "If you don't want to suffer more, don't resist anymore."

Jeanne looked at Melody just like that.

She looked at her smug face.

It was the smile of a victor.

It was as though Jeanne was sure to be killed by Melody no matter what she attempted tonight.

Jeanne admitted it.

At this moment, she had indeed lost.

She was in a sorry state, and Melody was very proud.

So...

She was not as powerful as she thought.

Nor was she as important as she thought.

Hence, she compromised.

Jeanne stopped resisting.

Melody seemed to have noticed the change in Jeanne's mood at this moment. She laughed even more wildly and said, "Strip her of her clothes for me!"

Next, other than the two bodyguards by Melody's side, the remaining two bodyguards who had not been beaten down by Jeanne went over and pressed Jeanne fiercely under their bodies.

Kingsley had told Jeanne that in order to live, one must not give up any hope of surviving.

At least at this moment, even if Jeanne were to be abused, she was still alive.

She was still alive for the time being.

There might be a glimmer of hope if she lived.

On the other hand, if she resisted...

If she resisted again, that black pistol would take her life!

...

In the backyard of the Swans' Universe Garden.

Finn finally knocked down the two big men in front of him!

The big men fell to the ground, not moving at all.

Finn's tightly clenched fists seemed to be dripping blood at that moment, trembling non-stop.

Monica and Micheal were standing a little further away.

Eden was also standing there, looking at the man who was covered in blood.

He did not expect Finn to be victorious in the end.

It was obviously a little strenuous for Finn in the beginning, but he had beaten the two super bodyguards to the ground.

Eden did not know how powerful the bodyguards were, but he had heard that the people around his grandfather were the best professional bodyguards in the world. Their martial prowess was definitely not something that ordinary people could compare to. However, at this moment, they were beaten down by the man who clearly did not look that strong or that powerful.

No.

To be precise, it was just that they never thought that Finn was strong. Tonight, they were truly shocked by his sudden abilities.

Even though Finn's body was bleeding non-stop.

Time seemed to have stopped for a second.

Monica suddenly broke free from Micheal's embrace.

She did not know how Finn's health was at the moment, but he was still standing there.

He just looked like he was bleeding a little too much.

As for Jeannie, Monica did not even know if she was still alive.

She could not care about anything at the moment.

Monica rushed to the door crazily and banged on it crazily. She shouted loudly with her torn voice, "Fourth Master Swan, Fourth Master Swan, open the door! Hurry up and open the door!"

Her palms were swollen from the slamming.

Her throat was also torn from the shouting.

Despite that, it was as if nobody could hear her from the inside. There was no response at all.

"Get out of the way!" Finn suddenly appeared beside her.

His body was covered with blood, and his voice was cold.

Monica could almost smell the bloody smell coming from his body at this moment.

She did not even know how many injuries he had hidden under his clothes!

Monica just looked at Finn and his cold-blooded face.

She watched as he suddenly punched the lock core.

One punch after another...

Finn was violent and ferocious.

The entire backyard seemed to be filled with only knocking sounds. Each sound was extremely ferocious.

Monica just watched as Finn's hand became bloody.

### **Chapter 258: Fourth Master Swan Comes to the Rescue**

At night, smashing sounds could be heard everywhere.

Monica stood next to Finn.

She saw his hands. His originally beautiful hands of a doctor had been completely ruined.

'Doesn't he...

'Doesn't he need to do... surgeries?!

'Aren't a doctor's hands very important?!

Monica bit her lips tightly.

Her vision was blurry.

It was so blurry that she could not see all the wounds on Finn's hands clearly.

She could not make Finn stop.

The only thing she could do at the moment was to smash down the door, find Fourth Master Swan, and save Jeanne.

Monica just watched.

She watched Finn smash the door relentlessly.

She did not know how long it would take.

Perhaps it would not take long.

Finn suddenly stopped what he was doing.

Monica looked at him blankly.

She saw him suddenly take a few steps back.

Then, he suddenly kicked the door hard.

"Clang!!"

The door was kicked open.

It was kicked open.

At this moment, the light from the door made Monica feel that she had seen the light.

She was so excited that tears welled up in her eyes.

Tears welled up in her eyes as she rushed in.

Then, she saw Fourth Master Swan and Nox kneeling on the ground.

Fourth Master Swan was wearing a white shirt. On the back of the shirt, there were traces of blood. It seemed like he had been whipped by something.

Nox was not injured, but he had been kneeling beside Fourth Master Swan.

Even when the two of them heard the movements at the door, they did not move. They kneeled straight.

The moment Monica saw Fourth Master Swan, she broke down.

She even fell in front of Fourth Master Swan and Nox because she had walked too fast.

The two of them looked at her.

Nox was a careless person, but he did not laugh when he saw Monica's sorry state.

At that moment, he knew that something must have happened.

In this so-called punishment room of the Swans, there was an amazing soundproof effect. No sound could be heard from the inside. Therefore, other than the movements at the door toward the end, everything that happened before could not be heard by Edward and Nox. They had no idea what happened.

Monica could not care less about how badly she fell. Her eyes were red as she looked at Fourth Master Swan. She said to him quickly and anxiously, "Fourth Master, Jeannie is in trouble. Go and save her!"

Edward's expression, which was originally cold, had obviously changed at this moment.

It was a change that could be seen with the naked eye.

In the past, Edward had always been calm and collected.

It was only when he met Jeanne that he became unrestrained and out of control.

He immediately stood up from the ground.

Without thinking, he walked out.

Nox seemed to have tried to pull him, but he did not grab him in the end.

He hurriedly followed Edward.

'Ms. Lawrence just can't let us have some peace.'

Edward left the Swans' Universe Garden very quickly.

It was as though he forgot what he was being punished for at the moment.

Even if he had thought about it, he would not give up.

He suddenly stopped.

Nox stopped behind Edward as well.

Finn had been following Edward ever since he left, so he also stopped at this moment.

Monica, Micheal, and Eden also hurriedly chased after them and stopped in their tracks.

Everyone looked at Zachary, the old master of the Swans, standing there.

He stood there motionless.

There was a sudden stalemate.

Edward went forward.

“Edward!” Zachary called out to him.

Edward pursed his lips and did not stop in his tracks.

“Are you sure you want to walk out of this door?” Zachary asked him coldly.

Edward said, “I’m very sure!”

He did not hide his intent.

At this moment, he did not even stop.

Meanwhile, a lot of people suddenly appeared in Universe Garden.

They were the same people as the two guards just now, but there were a lot more of them.

Those people surrounded them in an instant.

Monica was about to fall into despair.

If this continued, would Jeanne still be alive?!

It had been so long.

Was Jeannie still alive?!

Monica only wanted Fourth Master Swan to save Jeannie. Why was it so difficult?

Just as she was about to break down again, so much so that she did not know how to vent her emotions, everyone stared with their mouths agape as Nox suddenly stepped forward and directly seized Old Master Swan.

He moved very quickly.

While everyone was not on guard, under the watchful eyes of his grandfather, Nox disgracefully restrained Old Master Swan and grabbed his neck with his hand.

No one could react in time.

This was because everyone's attention was on the sudden appearance of the many bodyguards in front of them.

As for Zachary and Wade, their attention was on Edward.

They did not expect Nox to act so unexpectedly.

There was a second or two of silence.

"Nox!" Wade was furious. He was exasperated. "Let go!"

Nox smiled.

He seemed to be very cheeky. "I won't let go unless he lets Fourth Master Swan go!"

"You unfilial son, I'll beat you to death!" Wade said as he wanted to hit Nox.

Nox tightened his grip on Zachary's neck. "If you come over, I'll use force!"

"Nox, what did I teach you? How could you do such a thing? You, you, you!" Wade was so angry that he could not speak!

Nox, on the other hand, was very calm. He said calmly, "Grandpa, didn't you say that my life belongs to Fourth Master Swan? In order to prevent Fourth Master Swan from being beaten to death by Grandpa Zachary, I can only take the initiative to strike first!"

"You unfilial Son!" Wade was angered to death.

Zachary was calm.

He said, "Nox, you're really bold!"

"Grandpa Zachary, for the sake of Fourth Master Swan, I can only fight to the end. If you let him go, I'll let you go. After I let you go, I'll give you my life in exchange for his, okay?!" Nox asked.

Zachary's face turned cold.

His eyes moved, and he asked Fourth Master Swan coldly, "Let me ask you again—are you going to leave?!"

"Yes!" Edward answered, enunciating each word.

"Let him go!" Zachary suddenly said.

Everyone was stunned for a second.

The next second, Edward left quickly.

Finn followed behind.

Monica also chased after them.

So did Eden and Micheal.

No one cared about Nox anymore.

Nox watched Edward leave without any hesitation. Edward did not even look at him. He felt very hurt.

'I risked my life for you. You should at least say something nice!

'Hoes over bros, huh?!'

"Let go!" Wade said fiercely to his grandson.

Nox saw that Edward and the others had left, so he slowly let go of Old Master Swan.

The moment he did, he was kicked to the ground by his grandpa.

Nox grimaced in pain.

'Am I not your grandson?

'You almost killed me.'

He could not help but shout, "Can't you be a little gentler just for show? Do you want to kill your grandson?!"

"Didn't you just boast shamelessly that you wanted to exchange your life for Fourth Master Swan's?!" Wade sneered.

"I was just..." Nox finished the rest of his sentence in his head, 'Saying it for fun.'

"I'll beat you to death!" Wade approached Nox.

Nox was terrified.

He quickly got up and planned to run away.

His body was suddenly restrained by many bodyguards in front of him.

Nox also knew that he could not beat them, so he did not resist too much at this moment.

"I'll leave this to you," Zachary said to Wade.

Afterward, he left.

"Grandpa Zachary, don't go. My grandpa will really beat me to death. Can't you let me go on account of my loyalty to your son? Grandpa Zachary—ah!" Nox was hit hard and cried out in pain.

He was definitely not Wade's biological grandson.

Definitely not!

...

At this moment, Edward had walked out of Universe Garden quickly and went to a garage in the courtyard.

Finn had been following beside him the whole time.

Edward asked as he walked, "Do you have your phone with you?"

He sounded calm, though he was walking astonishingly fast.

Finn hurriedly looked for his phone.

He had fought too fiercely just now. Did he lose his phone during the process?!

Finn answered, "No."

"Help me find a phone. I'll go and drive!"

"Okay."

Finn quickly turned around.

He turned around and quickly walked back.

At this moment, Micheal was driving and following them.

Finn suddenly appeared in front of the car.

Micheal slammed on the brakes.

Finn's body seemed to have been hit a little.

Even so, he did not seem to feel any pain.

He quickly walked to the passenger seat.

Monica hurriedly opened the car door because she felt that Finn must have something to tell her.

"Give me your phone!" Finn said bluntly.

Monica was stunned.

Finn did not say anything to Monica and directly pulled her phone away from her hand.

Monica watched helplessly as Finn snatched it away and left. He was really cold!

### **Chapter 259: A Close Call**

At night.

It was very late at night.

Monica watched Finn leave.

She watched him leave after snatching her phone.

Monica gritted her teeth.

She gritted her teeth and suddenly got out of the car from the front passenger seat. She ran straight to Finn.

Micheal's eyes narrowed. Before he could speak, he saw Monica quickly run to Finn's side.

“Finn,” Monica called out to him.

Finn turned to look at her.

“I’ll go with you,” Monica said.

She knew that he would follow Fourth Master Swan to save Jeanne. She wanted to go with him.

Finn refused immediately, “No!”

“Let me go with you. I want to save Jeanne—”

“If you come with us, you’ll only be a burden to us,” Finn told her coldly.

Monica was stunned.

She just looked at Finn like that.

It seemed that he always looked down on her.

From what she had experienced tonight, she knew she was indeed very weak, but...

Monica told Finn with certainty, “I won’t be a burden to you. I’ll be careful.”

She just wanted to save Jeanne as soon as possible.

She was just worried about Jeanne’s safety.

“Fourth Master Swan will save Jeanne.”

Finn said coldly. When he saw Fourth Master Swan’s car, he quickly ran over.

He left Monica behind and got into Edward’s car.

Then, the car drove away.

Monica’s eyes were red.

She stood there and looked at the car in front of her leave at the speed of light.

Finn had always not known what she needed.

Even though Monica knew very well that she might not be of much help and might even become a burden to them if she followed them, Finn just didn’t know how badly she wanted to see Jeanne and know if she was okay.

At this moment, in the car behind Monica.

Eden, who was sitting in the back seat, felt as if he was sitting on pins and needles. Under such an intense situation, he was also somewhat apprehensive.

He was hesitating whether he should inform Melody or not.

Eden did not know what Melody was doing to Jeanne at the moment.

It had been such a long time.

It had only been half an hour since Melody had called him.

Eden did not know if Melody had tortured Jeanne enough during this period!

If not...

Eden's body went cold.

He felt that his fourth uncle could really save Jeanne.

No.

They had come this far tonight.

Eden could not let Melody fail.

If she failed again, just as Micheal had said, there would be no chance anymore.

He took out his phone and was about to make a call.

"Eden," Micheal suddenly called out to him.

Eden was shocked.

He looked at Micheal.

"I advise you not to leave any evidence," Micheal said. While Monica was not in the car, he seemed to have noticed Eden's actions and reminded him, "If you inform Melody now, once your fourth uncle finds out, do you think that you'll be fine?!"

Eden's heart skipped a beat.

"Tonight, we had better be a bystander," Micheal said coldly, "Otherwise, we'll be setting ourselves on fire!"

Eden trusted Micheal very much.

He always felt that Micheal's thoughts were deeper than his and that Micheal always thought things through.

"Besides, at this stage tonight, if Melody still hasn't killed Jeanne, it's because she doesn't have the ability to do so! Even at this stage, she still failed. Do you think there's still a need for us to be loyal to her?" Micheal asked Eden.

Eden pursed his lips.

"There's plenty of time in the future. We'll have better developments in the future," Micheal affirmed.

Eden nodded. "Compared to Melody, of course, I trust you more."

After Micheal received Eden's affirmative answer, he quickly stepped on the accelerator and stopped the car next to Monica.

At this moment, Eden also put down his phone and sat in the back. It was as if the two of them had not communicated at all.

“Monica, get in the car!” Micheal called out to Monica anxiously and quickly.

Monica gritted her teeth.

She turned around and sat in the passenger’s seat.

Micheal drove very fast and quickly caught up to Fourth Master Swan.

Fortunately, it was nighttime and there were few cars at night. Otherwise, with Fourth Master Swan’s speed and his driving skills, Micheal would not be able to catch up!

Monica watched nervously as Micheal struggled to keep up.

Micheal held the steering wheel tightly, and his speed became a little faster.

He had reached the limit of his life.

At this time, he did not forget to comfort Monica, “Don’t worry, I’ll try my best to keep up with Fourth Master Swan. Just sit tight.”

### **Chapter 260: A Close Call**

Monica’s eyes moved slightly.

She asked Micheal, “Aren’t you scared?”

“I’m scared—I’m scared to death,” Micheal said. As he said that, he even laughed at himself, “But I know that you want to see Jeanne as soon as possible. You want to know how she is! So even if I’m scared of death, I’ll try my best to keep up!”

Monica’s heart palpitated.

She said, “Thank you, Micheal.”

‘Thank you very much.’

Micheal smiled dotingly. “Silly.”

At that moment, he stepped on the accelerator again and sped up.

It was because the car in front of him had sped up even more.

Micheal gritted his teeth.

The reason he did not care about anything else was to cater to Monica. He knew that Monica wanted to see Jeanne, but most importantly, he also wanted to see the outcome. He wanted to see the final outcome between Melody and Jeanne. At the same time, he also wanted to see how extraordinary Edward and the others were!

He had a feeling that he had to know himself and his enemies.

His eyes narrowed.

The speed of the car was getting faster and faster.

At this moment, in the crazy car in front.

Fourth Master Swan was driving at an incredibly fast speed. When he stepped on the accelerator, he was not going in a clear direction. It was as if he was just making himself move. Once he knew the direction, he might rush over even faster.

Finn was trying his best to maintain his balance as he used Monica's phone in the fast-moving car.

At this moment, the phone screen had shattered.

After going through so much tonight, Monica's phone had been smashed many times.

Fortunately, Monica at least remembered to bring her phone with her.

Finn looked at the phone screen.

Of course, he was not looking at the pretty selfie on Monica's lock screen. Instead, he was calmly thinking about the password on her phone.

He pursed his lips.

Then, he entered Monica's birthday number.

The phone was unlocked.

Finn made a call according to Fourth Master Swan's instructions.

"Fourth Master, it's connected," Finn said.

Then, he put the phone on speaker.

Edward said coldly, "This is Edward. I have three things for you to do."

"Yes, Fourth Master." The person on the other end instantly became respectful.

"First, look for a sedan with the car plate AXXXXX and tell me where it is now. Second, look for the location of the base station where the phone number 1390XXXX6366 made the last call. "Third, look for the location of the base station where the phone number 1390XXXX8888 made the last call," Fourth Master Swan instructed.

"Got it."

Seeing that Fourth Master Swan had finished his instructions, Finn quickly hung up the phone.

The next moment, Finn made another call.

"This is Edward." Edward's voice was cold. There was no trace of panic in his voice. "Mobilize everyone in the city to search for Jeanne's whereabouts! If you have any news, call me immediately!"

"Understood."

After making the call, Edward continued to drive crazily on the streets of South Hampton City.

He did not know where Jeanne was, but at this moment, he seemed to have a strong sense of purpose and drove very fast in one direction.

After ten minutes or maybe less, the phone in Finn's hand rang.

Finn hurriedly picked up the call and put it on speaker.

The person who called respectfully reported, "Fourth Master, the car fell off the highway in Landford Village at around 12:10 am and fell into the farmland down the hill. The police are currently on camera, but there's no one in the car at the moment. The car is badly damaged."

Finn saw Fourth Master Swan tighten his grip on the steering wheel.

"The last call from the number 1390XXXXXX6366 was made at the Lawrences' manor. The call was made at 4:00 pm yesterday," the person continued.

So, Jeanne did not have time to call for help.

"The last call from the number 1390XXXXXX8888 was made at an abandoned barn in the southern suburbs. The call was made at 1:20 am, which is half an hour ago!" The other party reported as if he knew that this information was the key. He said, "I'll send the address to your phone."

"Continue to pay attention to the last number's base station information. If there's any change, call me immediately," Edward ordered coldly.

"Got it."

Finn hung up the phone. He knew what Fourth Master Swan was going to do and called the other number.

Fourth Master Swan instructed, "Everyone, wait for orders in the abandoned barn in the southern suburbs. Don't act rashly without my instructions."

"Understood."

After hanging up the phone, Finn forwarded the address he received.

At the same time, he calmly guided Edward in the direction according to the electronic map.

They suddenly had a clear direction.

The car behind Fourth Master Swan found it harder to keep up.

Monica also noticed that the car in front was no longer driving aimlessly. It seemed to have a direction and was at least making turns.

Monica was a little excited.

Of course, Micheal also noticed it.

His eyes narrowed.

He could not help but be surprised.

'Fourth Master Swan found out Jeanne's location so quickly?!

'How is he so capable?!'

Micheal stepped on the accelerator again and chased the car in front.

Eden, who was sitting in the back seat, became even more anxious.

He had no idea what was happening on Melody's side.

He gritted his teeth.

Micheal was right.

If Melody did not kill Jeanne tonight...

That would be her incompetence!

...

In an abandoned barn in the southern suburbs.

Melody coldly and cruelly watched Jeanne being pressed down by her two subordinates.

Jeanne lay on the ground.

At this moment, she seemed to have accepted her fate and did not move at all.

Melody's smile was extremely evil.

She wanted to know if Edward would still have any lingering feelings for Jeanne after she was trampled on!

Men were all selfish.

How could they allow their women to be trampled on by other men?

Their self-esteem could not take it.

Melody wanted to trample on Edward's self-esteem.

She wanted to let him know that if he provoked her, she would do anything to make him suffer!

The cruel smile at the corner of her mouth suddenly stiffened.

Jeanne was lying on the ground in despair. Just as Melody's subordinate was about to get close to her body, she suddenly kicked his lower body.

"Ah!" The big man suddenly fell next to Jeanne.

He held his body.

His hands were covered in blood.

It was so painful that he looked hideous.

At this moment, the other burly man had not even gotten close to Jeanne when he was stunned by her appearance.

He was stunned for two seconds before he could react.

Jeanne quickly got up from the ground.

She crazily headed in Melody's direction, trying to get close to her without any regard for her life.

Melody held the black pistol in her hand and aimed the pistol directly at Jeanne!

Yes.

Jeanne would not accept her fate.

She admitted that she could not become a successful assassin.

Jeanne had her own thoughts.

She did not want to be touched by others even if she had to pay with her life!

'I'm sorry, Kingsley!

'Your training was ultimately a failure in my hands.

'In the end...'

Jeanne's eyes narrowed.

The black pistol was aimed straight at her.

Next, a gunshot was heard in the abandoned barn.

On such a quiet night, a deafening gunshot was heard.

It even alerted the people outside.

Outside, the others had finally arrived.

Edward's body stiffened for a second.

Finn turned his head to look at Edward. He saw him quickly getting out of the car.

Edward quickly ran into the barn.

The door of the barn was kicked open.

Once it was kicked open, Edward saw Jeanne. He could only watch as Jeanne, who was covered in blood, fell to the ground!

When she fell to the ground, their eyes seemed to have met for a second.

They only met for a second.
