

Priceless 2101

Chapter 2101: Can't Lose Face

"Forget it, mom! There was no spark!"

Wandou's mother was furious when she heard that. "What do you mean there's no spark? Didn't you two have a great time last night? His mother saw it! You still want to deny it? Don't say anything else. The Luo family is so well-to-do. It's hard to find someone like him! It's already very lucky that a boy is willing to give you a second chance to meet him. Quickly pack up. That young master of the Luo family will come and find pick you up tonight."

"No, Mom, I..."

Beep Beep Beep...

Wandou stared at the phone and felt depressed. Why did her mother dislike a daughter who could not get married?

She could not wait to send her to the man's house!

Even though she had lost her job, her family never asked about it. They only cared about the person she was set up with.

Wandou tossed her phone aside and went back to sleep.

Probably because Mu Chenguang had tortured her too much last night, she slept until evening.

If it wasn't for the fact that she was hungry, she wouldn't even want to get up!

The phone rang again. Wandou picked up the phone and saw that it was Fang Xiaocheng.

"Hello, Sister Orange!"

"Wandou, where are you? I've sent you the address of the hotel. See it? Do you want me to pick you up?"

It was only then that Wandou remembered that she had to go to the hotel for dinner. "Oh, no, no. I'll be there soon."

She said she would be there soon, but in fact, she had not left the bed since morning.

She jumped off the bed and went to the bathroom to take a shower. She thought that if she saw Mu Chenguang again, she would definitely not let him off.

That damn man! He already had a girlfriend and he still wanted to exploit her. He had obviously taken advantage of her last night. If she did not teach him a lesson tonight, she would not be called Wan Xiaodou!

When she thought of the beautiful woman who had dinner with Mu Chenguang last night, Wan Dou felt that although she was not as pretty as him, she could not lose face.

Wandou put on some light makeup and went out.

Just as she left the neighborhood, she saw a super flashy sports car parked outside.

Many passers-by turned to look at him. Wandou could not help but be curious. She peeked her head out and saw a wild and handsome man getting out of the car.

Wandou was stunned for a moment. Eh? Isn't that Luo Fanchuan, the person who went on a blind date last night?

"Hi, Doudou!"

Luo Fanchuan walked straight towards her and greeted her as if they were close friends. He called her "Doudou" affectionately. "I don't want to. I'll get goosebumps just listening to it!"

"Um... Young Master Luo, why are you here?" Wandou could not avoid him and could only greet him.

"Auntie told me your address. I came here specially to wait for you. Come on, get in the car!"

Luo Fanchuan grabbed her wrist and pulled her into his sports car.

Wandou finally realized that the "auntie" he was talking about should be her mother who could not stay idle all day long. She cursed silently at her mother who had actually given away her address to someone else.

When they arrived at the sports car, Wandou refused to get into the car. "I'm sorry, but I have an appointment with a friend tonight. I'm going to eat at the Imperial Court Hotel, so you..."

"What a coincidence. I'm going to the Imperial Court Hotel too. It's on the way. Let's go together."

Wandou : "..."

Just like that, she got into Luo Fanchuan's car and drove straight to the Imperial Court Hotel.

On the way there, Wandou felt that it was not good to continue like this, so she told Luo Fanchuan frankly, "Young Master Luo, actually, we've already made everything clear last night, right? You just have to deal with your mother, and I with mine. The blind date we had can be written off completely."

Chapter 2102: She Was Not Afraid Of Him Anyways!

"Yeah, I think so too."

"Really? That's great."

Wandou was only happy for a moment, but in the next second, Luo Fanchuan said, "You're right. Our blind date can be written off. So from now on, I've decided to officially pursue you!"

"Huh?"

Wandou was dumbfounded. She could not follow Luo Fanchuan's train of thought at all. What did he say? He decided to pursue her officially?

Luo Fanchuan smiled at the stunned girl.

He did go on a blind date last night with the attitude of an elder, but he did not expect to meet Wandou, who was a very interesting girl.

It could be said that she was the first girl who was not charmed by his appearance. Moreover, she was very honest and told him directly that her ex-boyfriend was beside her.

He liked girls who were honest and straightforward. They were not hypocritical or pretentious.

That was why he wanted to continue interacting with her under the encouragement of his elders.

Wandou was shocked for a long time before she turned her head away. Luo Fanchuan actually liked her? What did he like about her?

"I'm really sorry. I don't want to be friends at all. If my mother hadn't forced me to go on a blind date, I definitely wouldn't have gone. So, you don't have to waste your time on me."

Luo Fanchuan was already mentally prepared. He smiled and said, "Don't deny it so early. Who knows, once you get to know me, you might fall in love with me so much that you won't be able to pull yourself out!"

"You're so narcissistic!" Wandou scolded.

Luo Fanchuan smiled.

Not long after, Luo Fanchuan drove the car to the entrance of Imperial Court Hotel and asked Wandou to get down.

Just as Wandou got out of the car, another luxury car drove over and stopped arrogantly in front of them.

The tall and handsome man got out of the car. The first thing he did was to lift his handmade suit jacket. His dark sunglasses covered his charming eyes as he turned to invite his female companion to get out of the car.

It was the same girl from last night's dinner. It seemed that the news of their engagement was true.

The pretty girl held Mu Chenguang's arm intimately. The two of them chatted and laughed as they walked past Wandou and Luo Fanchuan. Mu Chenguang deliberately glanced at them.

Even though he had not taken off his sunglasses, Wandou could still feel the dark eyes behind the lenses staring at her, full of warning.

A chill ran down her spine. She straightened her back and met his gaze fearlessly. She was not afraid of him anyway!

Mu Chenguang led his female companion past the two of them and directly entered the hotel.

Luo Fanchuan came back to his senses and turned to Wandou. "Hey, that guy just now looks a little like the musical genius Mu Chenguang. Don't you think so?"

Luo Fanchuan did not recognize Mu Chenguang because he had covered his face very tightly last night.

Just as Wandou was about to speak, Fang Xiaocheng came out of the hotel and saw her. She immediately greeted her, "Wandou, we were waiting for you. Why didn't you come in when you were here? Hurry up!"

“Sister Orange!”

“Is this your boyfriend? Not bad, not bad! Bring him in for dinner!”

What the hell?

She and Luo Fanchuan were not even friends, okay?

Wandou wanted to explain, but Fang Xiaocheng had already pulled her up and led her into the hotel. Wandou turned to look at Luo Fanchuan and said, “Luo Fanchuan, if you have something to do, go do it first. Don't worry about me!”

She remembered that he also came to the Imperial Court Hotel for business. They were just going in the same direction.

Chapter 2103: Become His Beast

“It's fine, I'm free.”

Luo Fanchuan followed them to Ruyi Hall.

A lively scene greeted them inside Ruyi Hall.

The huge round table, which could accommodate more than 20 people, was already filled with many people. They were all big shots in Peijing.

Wandou and the others came in late, so the seats were arranged accordingly. Fang Xiaocheng didn't know if it was intentional or not, but her seat was actually next to Mu Chenguang.

It was like she was sitting between Mu Chenguang and Luo Fanchuan. It was too awkward!

She really didn't want to sit with Mu Chenguang!

“Can we change seats?” Wandou suggested.

Her voice was already soft enough, but it still entered Mu Chenguang's ears. Hearing that she was about to change seats to avoid him, Mu Chenguang could not help but feel a little angry.

Did she have to treat him like a wild beast?

Luo Fanchuan was very easy to talk to and agreed to change seats. However, before Wandou could change her seat, she felt her left foot being stepped on firmly.

Wandou winced but she turned her head to look at the man beside her who had a calm expression on his face. He also turned to meet her with a terrifying gaze.

He seemed to be saying, “How about trying again?”

Luo Fanchuan had already stood up. Wandou had no choice but to push him down. “Nevermind, let's just sit! I don't want to change anymore, just leave it at that! It's my honor to be able to sit with the music genius, Mr. Mu. Hahaha!”

The banquet officially began. As the host of today's event, Yi Xiao raised his wine glass and began to speak. “My friends, thank you very much for your concern and support when I was in trouble. I invited

everyone here today to express my gratitude to all of you. Thank you all! This toast is to everyone! Cheers first!”

Yi Xiao drank the wine in his glass. The others also drank. A friend asked, “President Yi, what are your plans now? Are you going back to Juxing?”

“I don't plan to be busy with work for the time being. I plan to settle down for a while.”

Yi Xiao smiled and hugged Fang Xiaocheng. He explained to everyone, “My wife is pregnant again, so I want to spend some time with her.”

Yi Xiao exchanged glances with Fang Xiaocheng. Fang Xiaocheng was a little puzzled as to why he had brought it up. Yi Xiao did not think much of it. Why couldn't he say something so joyous?

“Oh! Congratulations, Mr. Yi!”

“President Yi is going to be a father soon!”

“Nothing is more important than my wife's pregnancy. I should spend some time with her!”

“Congratulations, Mr. Yi!”

Xiao Yuqian smiled and toasted to her friends. “Congratulations! You've finally gotten what you wanted! This really wasn't easy. Here's to you!”

“Thank you.” Yi Xiao and Fang Xiaocheng raised their glasses at the same time, but Fang Xiaocheng was drinking milk.

Ma Haodong continued, “Oh, I remember that when Qianqian and I got married last time, it was Fang Xiaocheng who received the flower ball, right? And now Fang Xiaocheng is pregnant. Look at how lucky she is. I wonder who's next?”

Fang Xiaocheng glanced at Mu Chenguang. “The next one will definitely be Mu Chenguang! Mu Chenguang hasn't introduced his girlfriend yet!”

“Her name is Xue Ziqi. Qiqi, why don't you introduce yourself?”

Chapter 2104: Upset

The girl named Xue Ziqi glanced at Mu Chenguang before standing up and greeting the others.

Wandou finally knew the name of the woman next to Mu Chenguang. Xue Ziqi was a new singer in Mu Chenguang's music company. It was no wonder Chenguang Music had been promoting this newcomer recently. She was Mu Chenguang's girlfriend!

For some reason, Wandou felt very upset. She felt bitter and wanted to leave the scene.

But at this time, they were also called out. Xiao Yuqian said, “Wandou seems to have brought a partner too. Why don't you introduce this handsome guy?”

“His name is Luo Fanchuan.”

After giving Luo Fanchuan a look, Luo Fanchuan generously stood up and introduced himself. Everyone knew that his family had invested in the Luo Group, and he was a rich young master.

“Wandou, when are you guys getting married?” Xiao Yuqian asked.

Wandou almost choked on her food, but in order to not lose face, she deliberately said, “Soon, soon. If it's ready, I will definitely inform everyone!”

After saying this, she felt a stomp on her foot under the table. It hurt so much that she frowned and scolded Mu Chengguang in her heart. This guy was really too hateful!

She suspected that her leg would be crippled after the meal. Wandou found an excuse to go to the washroom and hide. She planned to find an excuse to change seats with Luo Fanchuan after she came back.

In the bathroom, she washed her hands. Just as she was wiping her hands, she suddenly saw a black figure in the mirror. Wan Dou wanted to scream, but it was too late.

Her mouth was covered and her body was lifted into the cubicle.

The door of the cubicle was locked from the inside. Wandou was pressed into the small space and could not move. She was too terrified. Wandou bit the man's hand and he let go of her. She then shouted, “Let go of me! You pervert!”

“Who are you calling a pervert? Huh? Wandou, you're really something!”

Mu Chengguang pinned her down and raised her hands above her head. His hot and angry breath was all over her face.

“Don't you dare get married! If you dare to marry someone else before I get married, I'll teach you a lesson!”

Wandou felt that Mu Chengguang was being unreasonable. “We've already broken up. You have no right to mess with me!”

Mu Chengguang was no longer the Mu Chengguang he used to be. He had been driven crazy by this woman, and his stubborn nature had been exposed. He hated this heartless woman. She had stabbed his heart, yet she still pretended to be innocent.

And now he was saying that she was getting married!

“Very well. I can tell you that you can forget about marrying anyone else for the rest of your life. You can only be my woman for the rest of your life! I will fight you to the death!”

Mu Chengguang's words came out through gritted teeth, filled with intense hatred.

Wandou knew that what she did back then had hurt his heart and caused him to become like this. But this was also not what she wanted.

She only hoped that he would let her go and they could live their own lives peacefully.

“You're about to get engaged. Why are you still clinging onto me?”

When Wandou said this, she actually felt a trace of sadness in her heart.

“I'm telling you! Even if I marry someone else, I won't let you go. From tomorrow onwards, come to my company to report. If you dare not come, do you know how I will punish you?”

The news of Mu Chenguang's engagement was arranged by his father. He did not agree to it.

Chapter 2105: He Could Only Force Her

After he was dumped, he said that he was about to get engaged in order to save face in front of his friends. In fact, he had never thought of accepting his family's arrangements. He could not let Wandou go.

Now that he knew that she had left Juxing, he wanted to arrange a job for her. It would be best if she could work in his company so that he could protect her under his wings at all times.

But he knew that if he invited her to work at his company, she would definitely run off faster than a rabbit. So he could only force himself on her.

Wandou was silent for a moment. She raised her head and said, “Let's not meet again. Mu Chenguang, please let me go!”

“Impossible!”

There was a voice in Mu Chenguang's heart that said not to let go even if he couldn't get her heart.

Sensing the man's warning, Wandou tried to struggle, but Mu Chenguang lowered his head and stopped her from breathing.

His kiss was wild and forceful.

Wandou felt like he was going to crush her.

This was the washroom, a public place. She did not dare to anger him, afraid that he would do something outrageous.

Right now, she could only endure it passively. She hoped that he would let her go after plundering her.

There were footsteps coming in from outside. Someone must have come in to use the toilet. Wandou was very afraid and did not dare to make any sound, afraid that someone would see them in the cubicle.

Fortunately, he left after going to the bathroom. Wandou bit Mu Chenguang's tongue. When he let go of her in pain, she pushed him away, quickly unlocked the door, and ran away.

Wandou ran back to the private room, tidied herself up, and pushed the door open.

She had planned to come back and change seats, but when she came in, she realized that Luo Fanchuan was sitting in her seat, chatting with Xue Ziqi.

Wandou sat at Luo Fanchuan's seat and drank a glass of water to calm herself down.

Mu Chenguang realized that it was dangerous in a crowded place.

Not long after she came back, Mu Chenguang also returned. There was no emotion in the man's deep eyes as he sat down in Xue Ziqi's seat.

Just like that, Wandou and Mu Chenguang were separated by two people. It felt much safer now.

After the meal, everyone left separately. Luo Fanchuan and Wandou took the initiative to send her back.

Among the crowd, Wandou could feel a dark gaze staring at her, making her feel uneasy.

She knew that it was Mu Chenguang who had been staring at her.

In order to escape from him, she got into Luo Fanchuan's car and told him to drive away quickly.

On the way back, Luo Fanchuan was in a state of excitement and kept talking non-stop. "Doudou, thanks to you today, I got to know a lot of big shots."

Wandou smiled awkwardly. "But I realized that you and Xue Ziqi are the most compatible!"

"You're right! You might not know this, but we were high school classmates. Isn't it a coincidence? It was really such a coincidence. I didn't know about it until we talked about it, but I got a shock when I talked about it. I didn't expect her to be the widely known ugly duckling from back then. Now that she's a grown woman, she's really changed a lot. It's so surprising!"

Luo Fanchuan was excited that he could meet his old classmate at the dinner table. When he talked about the past, he was filled with memories and youth. Wandou had been listening quietly as his audience.

In fact, she had been thinking about Mu Chenguang. She thought about his warning in the bathroom and felt a little worried. Should she report to his music company tomorrow?

What would happen if she did not go?

Luo Fanchuan sent her back to her rented apartment. The two of them said goodbye and left.

Chapter 2106: Excited

After struggling for the whole night, Wandou finally decided not to go. She was not a masochist. If she went, she would have to face Mu Chenguang every day. That guy might torture her.

In order to be safe, she decided to find another company.

Ever since she left her job, many headhunting companies had contacted her and introduced her to some positions that matched her qualifications. She also selected a few from them and planned to go for an interview.

The next morning, Wandou woke up early and tidied herself up. She took her resume and documents and planned to go for an interview at a relatively large media company.

However, just as she left the neighborhood, she received a call from Mu Chenguang. He sounded unhappy and asked where she was.

"Stop waiting! I'm not going! I've already found a job. I'll go for the interview today!"

Wandou shouted into the phone and hung up. She hailed a taxi.

Mu Chenguang sat in his office and stared at the black screen of his phone. He was so angry that he threw the phone onto the ground. The phone shell and battery instantly shattered into pieces.

She was so angry at Wandou, that stupid woman!

She didn't even want a job that was arranged for her. What did she want?

After Mu Chenguang calmed down, he called his assistant over and ordered, "Go investigate. No matter where she goes for the interview, don't let her succeed."

"Understood." The assistant immediately went to get it done.

Wandou came to the media company she had arranged beforehand. The manager of HR personally attended the interview. He had seen her resume in advance and expressed his approval of her work experience. Now that they were talking face to face, he felt that she was very suitable for the company's position. He asked if she could join the company tomorrow.

"Sure, I can start anytime." Wandou was very happy. With her previous experience in Juxing Public Relations Department, it was still very easy to find a job.

"That's good. Miss Wan, please report to us on time tomorrow morning! If there are any special circumstances, please inform us."

"Okay, thank you."

Wan Dou's interview went very smoothly. After leaving the media company, she called Fang Xiaocheng and told her the good news. "Sister Orange, I've already found a job."

Fang Xiaocheng was very surprised. "You've already found a job? So fast? Your President Yi said he had something to tell you!"

"Yes? What is it?"

"Why don't you come over for lunch? We can talk when we meet!"

"Okay, I'll go over later."

Wandou did not stand on ceremony with them. After deciding to go over, she went straight to the supermarket and bought some fruits and toys for little Yibei.

When she arrived at Shengshi Yujing, she knocked on the door. It was Little Yibei.

"Sister Wandou is here!"

"Hi, Beibei!"

Fang Xiaocheng heard the commotion and came out of the house. "Come in quickly. There's no need to buy all these! We are close enough already,"

"It's fine. I bought it for Beibei." Wandou handed the fruit to Fang Xiaocheng and gave the toy to Beibei. She turned and asked, "Where's President Yi? Is he at home?"

"She's cooking in the kitchen." Wandou took a glance at the kitchen and could vaguely see the figure swaying in the glass door. She couldn't help but complain, "I really envy you, Sister Orange. You've found such a good home man like President Yi. You can close your eyes and enjoy life."

"Haha, you can also find yourself a good man. How is that Luo Fanchuan?" Fang Xiaocheng asked.

"Him and me... To tell you the truth, we are just friends."

"Then, you two..."

"He did it to comply with his mother, and I did the same with mine. That's why we're considered partners now."

Chapter 2107: No End

"Oh." Fang Xiaocheng understood. It seemed that Wandou and Mu Chenguang were not completely impossible!

She learned that although the Mu family had arranged an engagement for Mu Chenguang, he had never agreed to it. Therefore, they guessed that he was waiting for Wandou.

The fate between the two of them wasn't over yet,

Coincidentally, they had also called Mu Chenguang over to discuss matters tonight. They would create an opportunity for the two of them to see if they could reconcile.

When it was time for dinner, Wandou asked curiously, "What did President Yi want to talk to me about?"

"It's like this. Ever since Juxing's accident, Mr. Huo and President Tang have discussed and decided to merge Juxing and Yunhai into one company. It's the same as merging the two companies into one. They still let Yi Xiao be the executive CEO. Therefore, after the merger, the new company will develop. Yi Xiao still needs you old subordinates to go back."

Fang Xiaocheng told her about the current situation.

Wandou smiled when she heard that. "Then I have to congratulate President Yi first. This is a blessing in disguise for him. As for going back to work, I'll do it? Just say the word."

"But didn't you say that you've already found a job? What should we do?"

"Well, it's a media company. They said they will report tomorrow, but I'll decide if I want to go or not. I'll call them later and let them know."

Just as she was thinking about it, Wandou's phone rang. She looked at the number and saw that it was the one for the interview. "Sister Orange, let me take this call."

Wandou picked up the phone. Over the phone, the HR supervisor apologized to her that they didn't need her to report to them tomorrow. He meant that they had found a more suitable candidate and apologized.

Wandou did not mind. "It's okay. Thank you."

After hanging up the phone, Wandou relaxed and told Fang Xiaocheng, "This is great. The other party doesn't need me to report to them tomorrow. I can save myself the trouble."

While they were chatting, Yi Xiao came out of the kitchen and greeted, "Honey, dinner is ready. Is everyone here?"

"Soon. Wandou is already here."

"Who else could it be?" Wandou asked.

Fang Xiaocheng was about to answer when someone knocked on the door. "Wait, I'll go open the door."

The door opened and Fang Xiaocheng welcomed Mu Chenguang in. Like Wandou, he also brought many gifts.

Fang Xiaocheng invited him into the house. Wandou heard a familiar voice and turned to see that it was Mu Chenguang. She felt uneasy.

If she had known that Mu Chenguang would come, she might not have come. It would be awkward to meet him now.

"Wash your hands and come sit down. It's time to eat!"

Little Yibei came over to pull Wandou to wash her hands. Wandou walked past Mu Chenguang and did not greet him.

While they were washing their hands, Mu Chenguang also came over. When she raised her head, she could see the man behind her in the mirror. The man also stared at her from the mirror and asked by her ear, "How was it? Did the interview go well?"

It was impossible for Mu Chenguang to tell her that he had hired someone to get the media company to cancel her job opportunity.

Wandou wrinkled her nose at the man in the mirror and said, "It's not that I didn't succeed in the interview, but I did. I just didn't want to go to work."

"Failure is failure. You really know how to find excuses for yourself."

He deliberately lifted his index finger and gently stroked her face. He said, "With your looks, which company would want you? I gave you a chance, and you're still being picky!"

Chapter 2108: Displeased

"Who said that no company wants me? I'll have a new job soon! Hmph!"

Wandou glared at him angrily.

Mu Chenguang observed her angry face. He found it very interesting. Their relationship seemed to have returned to its original state.

Back then, Wandou was always so fierce to him!

They sat down. Yi Xiao sat at the head of the table while Fang Xiaocheng sat beside him with Beibei. Wan Dou could only sit with Mu Chenguang.

She felt really unhappy sitting together with this man!

During dinner, Yi Xiao talked to everyone about the merger of Yunhai Entertainment and Juxing Entertainment. He proposed to invite Wandou back to work to help him.

“Alright President Yi! I'm ready anytime!”

Wandou looked at Mu Chenguang arrogantly and shot him a look that said—Hmph, who said I can't find a job? I already have arrangements!

Mu Chenguang found out about the merger. When he heard that Wandou was going back to help Yi Xiao, he blurted out, “President. Yi, is the company lacking manpower? Can you arrange a job for me too?”

Yi Xiao was amused. “You're already the CEO of Chenguang Music Company now. And hasn't your father been waiting for you to go back and take over the family business? Do you still need to work for others?”

“I don't need it, but I have to watch. I don't want some people to mess around in their private lives.”

When Mu Chenguang said this, he looked sideways at Wandou, implying that he wanted a position for Wandou.

Wandou could not help but roll her eyes. These words were so unpleasant. They were obviously meant for her.

Yi Xiao could also tell that there was something going on between the two of them. He smiled and said, “Then let's talk about it first. We'll discuss further after we come back from our vacation.”

“No problem. There's been a problem with one of our singers recently. We need to get someone to help us. I was wondering if we could invite Miss Wandou to our company for a few days. When President Yi comes back, he can summon you to leave whenever he wants. He definitely won't force you to stay.”

Mu Chenguang asked again. Wandou was hesitating because she did not know if he was telling the truth.

There was a high chance that the problem with the singer and the need for public relations was fake. This guy was just trying to get her to work at his company!

Before Wandou could say anything, Yi Xiao helped her by saying, “That's fine too. You can hire Wandou, but you have to pay her salary on a daily basis. You have to pay her three times her salary on Juxing. The relationship between the two of you is purely temporary. Other than that, you cannot harm Wandou. Can you do that?”

“Yes.” Mu Chenguang nodded.

Yi Xiao then asked Wandou, "Wandou, let's put it this way. Chenguang is in some trouble now. Why don't you go over and help him? They will pay you your salary and won't let you suffer a loss. Is that okay?"

"President Yi..."

Wandou felt that it was inappropriate.

Fang Xiaocheng also spoke up for her. "Wandou, just go. Three times your salary. If you have money to earn, it would be a waste not to earn it. If you lose your job, your mother will definitely scold you. You don't have a partner or a job, and she will hate you to death. But if you can find a temporary job and continue to earn your salary, your parents will at least be able to scold you less."

What he said made a lot of sense. Wandou was a little tempted. It made sense. But if she wanted to go to Mu Chenguang's company, she felt like a sheep entering a tiger's den.

"Let me think about it. I have to go home in the afternoon. If my mother nags at me, I'll go. If she doesn't hurry me, then forget it. I'm not in a hurry to earn money anyway!"

Chapter 2109: A Bad Reason

In the end, Wandou gave the answer. In this way, she did not directly reject him, nor did she agree on the spot. It could be said that she was giving President Yi and his wife face and also giving herself a way out.

After dinner, they chatted for more than an hour before Wandou and Mu Chenguang got up to leave.

Fang Xiaocheng sent the guests off and coaxed her son to take an afternoon nap. Then she began to pack the things she needed for her trip.

"I wonder if Wandou will agree to go!" Fang Xiaocheng was still worried about Wandou and Mu Chenguang.

"Don't worry. My instincts tell me that with Mu Chenguang's shamelessness, he will definitely be able to handle Wandou."

Yi Xiao hugged his wife from behind and kissed her. He said, "I'm just too shy. That's why I let you be arrogant for so long. If I had known, I would've taken you down sooner!"

From his past life experiences, Yi Xiao concluded that if a man wanted to pursue a woman, he had to be thick-skinned enough. It would be best if he had an iron wall.

If she was too polite and respectful, she would not be able to get the person she liked.

"It's not too late now!" Fang Xiaocheng turned around to face the man and reached out to stroke his handsome eyebrows.

"Five years! If I were to work hard, I would have three children by now. I have wasted so much time."

Yi Xiao hugged his wife and leaned his forehead against Fang Xiaocheng's. Their breathing overlapped for a moment before they could not help but kiss each other.

Elsewhere, Wandou and Mu Chenguang came out from Shengshi Yujing. When Wandou came, she took a taxi and went back on foot.

Mu Chenguang asked her to get into the car, but she did not want to. He could only drive and follow her.

“Mr. Mu, if you're busy, why don't you leave first?” Wandou stopped and said.

“I'm fine. I have plenty of time.”

Mu Chenguang had a lot of 'free time' for her.

Wandou could not get through to him and continued to walk. Mu Chenguang put an arm on the window and asked, “Are you getting in or not?”

“I'm going to take a stroll after dinner.” Wandou did not want to be in his car. Getting into his car was like boarding a pirate ship. There was a total lack of security.

Mu Chenguang followed her at a snail's pace until she reached the intersection. She hailed a taxi and left.

Mu Chenguang watched as the taxi drove away. He smiled and chased after it.

They went all the way to the neighborhood where Wandou's parents lived. Wandou paid and got out of the car. When she realized that the sports car was following them again, she stretched out her arm and blocked the car. She asked, “Mr. Mu, what else do you want? I'm already home! You can't go home with me, right?”

“Sure!”

Mu Chenguang got out of the car and closed the door. “Lead the way!”

“Hey! I was just joking!”

“But I'm serious!”

Mu Chenguang stared at her from above. “You never brought me home in the past. Do you dislike me?”

“No!”

“Then why?”

“That's... that's because my parents don't like people in the entertainment industry. They don't approve of me dating someone who dabbles in music.”

Wandou gave a lame excuse.

“Am I just a musician to you?”

Wandou was speechless.

She did not bring him home in the past. She was just uncertain about their relationship. When she wanted to bring him home, who knew that his father would come to her again and say those hurtful words.

Perhaps it was because their fate was not deep enough!

He took advantage of her silence and turned to walk away.

Mu Chenguang knew that she lived in a few apartment buildings, but he had always respected her wishes and never went to her house. But now, it was different. Mu Chenguang didn't care about anything anymore. He was like a broken pot that had fallen into pieces. He wanted to see what Wandou could do to him!

Chapter 2110: Starting To Be Worried About Her

“Hey... President Mu... Mu Chenguang... Stop right there...”

In the end, it turned out that Mu Chenguang was going to her house, but she had to chase after him non-stop.

Wandou's family background was average. She lived in an old-style house. Since she started working in school, she had never brought her friends and classmates back. She was mainly afraid of being laughed at.

Now that Mu Chenguang had forced his way into her house, Wandou was extremely nervous.

She eyed Mu Chenguang's handsome face and then looked at their dilapidated building. The space was cramped and it felt like a phoenix had fallen into a ravine.

Mu Chenguang had checked her home address and it was his first time there. He did not expect her home to be so old. It was hard to imagine that she had grown up in such an environment.

No wonder she was so strong-willed and had a higher self-esteem than the average person. It turned out that it was because she was born poor.

“This is your home?” Mu Chenguang asked with a frown.

“Okay. You should go! I didn't tell my parents that I would be bringing any friends back. You'll scare them if you come.” Wandou didn't want him to come into her house, nor did she want him to look down on her.

Being with Mu Chenguang always made her feel inferior.

Mu Chenguang stared at her for a moment, then turned and went downstairs without saying anything.

Wandou watched as he disappeared around the corner. Her heart was filled with bitterness. She knew this would be the outcome.

Anyone who saw her family would turn around and leave without hesitation.

Otherwise, Mu Chenguang's father would not have secretly investigated her background and told her that she and Mu Chenguang couldn't be together. The disparity in background was not suitable for them to be together.

They said that she was born poor and that her upbringing and upbringing were not good enough for Mu Chenguang. The difference between them was too great.

But this was also a fact that Wandou could not change. It was already very difficult for her parents to raise her to adulthood. They were both ordinary working-class people, and had given their all to send her to university.

Wandou herself was also very hardworking. Even when she was in school, doing her internship and looking for a job, she did not let her family worry about her.

But now that she was old, friends and family were starting their own families. Thus, the old couple began to worry about Wandou.

In order to introduce a reliable partner to her, they pulled out all the connections they had from eight hundred years ago and finally got into the Luo family.

Right now, they were talking on the phone with the middleman about this matter. The door was only locked by an anti-theft door, and the door inside was open. Therefore, when Wandou stood at the door, she could see the house and hear her mother's voice.

“What did the Luo family say? Are you satisfied with our Doudou? Did they say when we can get engaged? Oh, oh, okay, let's wait and see... No rush... If this relationship goes well... I won't forget your help... Yes, thank you... Bye...”

Wandou opened the door and called out, “Dad, Mom, I'm back!”

“Doudou is back?”

Her mother, who had just finished her call, quickly came out to greet her. When she saw Wandou, she smiled and said to her, “I just called your Auntie Gui and confirmed that the young master of the Luo family has a good impression of you. He said that you can continue to develop your career. Now you have to listen to me. Don't be stubborn anymore. Get together with Young Master Luo for a period of time. When the marriage is done, you can marry into the Luo family and become the young mistress of the Luo family in the future. Oh my, now that you're done with your business, my worries are over.”

Mother Wan was overjoyed. She grabbed Wandou's hand and looked at her with satisfaction. She smiled and said, “My daughter is still as handsome as ever. She looks just like me. When I was young, my eyes were already this big. It's really amazing!”
