

Priceless 2111

Chapter 2111: No Way For This Relationship

“Mom, I'm not sure what's going on between me and that Luo Fanchuan yet! He might not be able to stand my temper. There's no point in saying too much now. Besides, if he comes to see our family's conditions, I don't think we can get married. So you shouldn't worry. Let nature take its course!”

Wandou wanted to tell her mother that it was too early for her to be happy. She hoped that she would not have such high hopes so that she would not be disappointed in the end.

“How could it not be? Your Auntie Gui told me personally that Young Master Luo thinks you're very interesting and wants to develop himself. I think this is very reliable. Think about it. If you marry into the Luo family, won't we be able to live a good life in the future?”

“That's enough, Mom. Wealthy families aren't as beautiful as you think they are. Stop dreaming, Mom! Can you not tell me about matchmaking every time you come back? Can't you say something else besides this?”

Wandou was frustrated. She would rather stay outside than go home and listen to her mother's nagging.

“Sure. How's your job? Have you found a new job?”

“No.”

Wandou could not say that she did. If she did, her mother would definitely ask about the company, the position, how much a month, etc.

“No? Then why are you still standing there? Quickly go online and submit your resume! Don't be idle! Our family has nothing and we have nothing. If you don't even have a job, won't the Luo family dislike it? Hurry up, hurry up and find a job. It's best if you can find a job with a monthly income of more than 8,000. I'm not afraid of being questioned when I go out to chat. Hurry up, go look for one. I'll go prepare dumplings for dinner.”

“Mom...”

Oh my god!

She saw her father sitting on a rattan chair reading a newspaper. Wandou went to his father and asked, “Dad, can't you persuade my mother not to put all her heart on me when she has nothing to do? You can persuade her to go on a holiday, raise flowers, grass, and raise little animals. Can't you find some fun for her? If it's not enough, can you go out and dance in the square or twist your hips and sing songs?”

Wandou's father stole a glance at the kitchen and covered his face with the newspaper. He said to Wandou softly, “I've tried to persuade your mother many times, but there's nothing I can do. No one can persuade her. You should listen to your mother and quickly go find a job!”

Wandou sighed and went back to her room.

Not long after, there was a knock on the door. Mother Wan shouted from the kitchen, “Doudou's father, look who's here. Is it the electric bill?”

“Who are you looking for?” Mr. Wan asked as he stood up to open the door.

“Hello, Uncle. I'm looking for Wandou.”

Hearing that the other party was looking for his daughter and that he was a young man, Wan Bao's father thought that he was the young master of the Luo family.

“Oh! Please come in!”

Father Wan quickly opened the door and called Wandou's mother, “Doudou's mother, come out quickly and see if it's the young master of the Luo family!”

Mother Wan peeked out from the kitchen and was shocked. Could this handsome young man be the young master of the Luo family?

She heard the middleman say that Young Master Luo was very handsome and tall. Then she looked at the man in front of her. It must be him.

“Oh my, is that Young Master Luo? I didn't expect you to come personally! Please come in and have a seat!”

“Uncle, Auntie, this is a small token of my appreciation.”

Mother Wan saw that the other party had brought a lot of expensive gifts and placed them on the table. She said happily, “Sigh, so be it. Why do you have to spend so much money! Look at you, you're too considerate!”

Chapter 2112: Tricked By Him

“Doudou! Young Master Luo is here! Come out and greet him!”

Just as Wandou was resting in her room, she heard her mother calling her from outside, saying that Young Master Luo had come. She thought that it was Luo Fanchuan and quickly came out to take a look.

But when she saw that the man sitting on the old sofa in the living room was not Luo Fanchuan but Mu Chenguang, she froze.

Didn't Mu Chenguang... leave?

Why did he come back? And why did he bring so many things here?

“Mom, he's not Young Master Luo. He's my friend.”

Wandou came up to him with a complicated feeling in her heart. A few minutes ago, she thought that Mu Chenguang had seen her family situation and left in shock. But she did not expect him to come back with so many things.

“What?” Wandou's parents were stunned. They didn't know what was going on.

At this time, Mu Chenguang stood up and introduced himself politely. “I'm sorry, Uncle and Auntie. I haven't introduced myself. I'm not Young Master Luo. I'm Wandou's boyfriend.”

Hearing Mu Chenguang's self-introduction, Wandou felt like she had been tricked by him. She anxiously glared at him. "Hey!"

"Boyfriend? Why haven't I heard Doudou mention you? What's your name? What do you do?"

Mother Wan had no choice but to look at him again. She saw that he was dressed elegantly, but she could not tell what he was doing.

"My name is Mu Chenguang. I'm a musician." Mu Chenguang said politely.

Wan Dou facepalmed. "... This guy must be deliberately trying to provoke her!

"A musician? Mu Chenguang... why does this name sound so familiar?" Wandou's mom was thinking of this name.

"Mom, don't even think about it," Wandou said. "He's a musician, and he wrote a lot of songs. He's also the one who wrote the song 'When Hatred Has Gone With The Wind' that you usually hum."

Oh my god, even if she didn't know him, Wandou's mom was definitely familiar with the song!

Hearing his daughter's introduction, his eyes lit up. He immediately grabbed Mu Chenguang's wrist and asked excitedly, "Really? Are you really the composer of that song?"

"Yes. Auntie, I can sing a few lines for you."

Mu Chenguang made a fool of himself on the spot and directly sang two lines of the lyrics for the high court. After listening to it, Mother Wan was overjoyed. She was as excited as a young girl and clapped her hands. "Oh my, oh my, good, good, good! I really didn't expect to see a real singer. I've always loved your songs. I can even sing them!"

Wandou saw her mother's exaggerated body movements and quickly coughed to remind her, "Okay, Mom, the original singer is here. Don't sing anymore."

"Oh, oh, oh. I'm so excited. Oh right, you said you were my daughter's boyfriend just now. Is this true?"

Mu Chenguang put his arm around Wandou's shoulder and said, "That's right. We're dating now."

Wandou was going to get into trouble because of him. She would never be able to clear her name!

Wandou's mother shot a glance at her daughter. "You already have a boyfriend. Why didn't you tell me earlier? If you did, I wouldn't have introduced you to the young master of the Luo family. Look at this mess!"

"Mom, actually we..."

Mu Chenguang did not give her a chance to explain. He added, "Auntie, we've been dating for a while. We think that we're suitable for each other and want to consider marriage. That's why I took the liberty to come here today to talk about this. I hope Uncle and Auntie will not marry Wandou off to someone else."

Wan Dou rolled her eyes in her heart. Damn you, Mu Chenguang! I really want to tear your smelly mouth apart!

Chapter 2113: Too Shameless

Wandou's mother was very surprised, but marriage was not a casual thing. She had to at least understand the situation of the man's family. "Oh, since you are both considering marriage, let me ask you this. How much can you earn by singing in a month? Can you afford a car and a house?"

"Mom! Stop asking!"

Wandou was anxious and hoped that her mother would stop asking such questions. It was too degrading.

"What's wrong with asking? We have to get to know each other, right?" Wandou's mother glanced at her daughter and then looked at Mu Chenguang, waiting for his answer.

Mu Chenguang did not hide anything. "Auntie, I can earn a little bit every month from singing. It's enough to support Wandou. I also bought a car and have an apartment in Peijing."

"Oh... Then did you pay all of them in one go or did you buy them with a loan?" Wandou's mother asked as if she was checking his entire bank account.

Wandou could not stand it anymore and interrupted their conversation. "Mom, don't ask anymore. Mu Chenguang still has to record in the afternoon and can't stay any longer. I'll send him out now. We'll talk next time!"

Wan Dou pushed Mu Chenguang out of the house and dragged him down the stairs. She kept dragging him far away before she finally shook him off. She said angrily, "Mu Chenguang, I can see what you are doing! You're deliberately picking a fight! You're here to torture me! You're here to take revenge on me!"

Wandou used three sentences in a row to show how angry she was.

Mu Chenguang was so anxious that he was hopping mad. He laughed in his heart, but on the surface, he said seriously, "Why did you not agree to work at my company? If you don't accept, I'll come back again tomorrow."

"You still want to come?"

"That's right. I find Auntie very amiable. It's very interesting to chat with her."

"Forget it! You've really gotten me in trouble!"

Wandou thought about it. She did not want Mu Chenguang to come to her house and harass her parents again. She knew that Mu Chenguang had done that just to anger her. How could he think of marrying her?

Even if he wanted to get married, his father would not agree!

On the other hand, if the two families were to fall out with each other, it was very likely that they would become embroiled in a fight!

Wandou could not bear the thought of being looked down upon. She did not want to experience it again.

In the end, she had no choice but to compromise. "Fine! I promise you that I will go to your company to work. But let's get this straight: as long as President Yi summons me at any time, I will leave your company. Also, I can go to your company to work, but you aren't to do anything to me!"

"No problem!"

Mu Chenguang had spent a lot of effort to cast a huge net. Now it was time to put it away. "But I also have one condition. You have to move in with me!"

"Why?"

"You have no choice!"

Mu Chenguang did not give her any chance to escape. He directly grabbed her into the car and took her away.

Wan Dou suddenly felt like she was back in the past. Back then, he had also asked her to move in with him.

If they hadn't lived together, she wouldn't have fallen in love with him.

If she did not fall in love with him, she would not have the pain that would be etched in her heart.

Her heart broke more than ten thousand times when she broke up with him.

It had taken her a long time to pull herself together. Now, this demon had come back and messed up her life.

Wandou had no choice but to compromise and move to his place the next day.

Chapter 2114: Don't Want Her To Interact With Any Other Man

They returned to his private apartment. The light gray color scheme and the cold furniture were all masculine.

Everything was still the same. She even realized that the things she had used in the past were still in their original positions as if she had never left.

The bedroom of Mu Chenguang's private apartment was very big and open. There was only a screen separating them.

Wandou saw that her old bed was still there, on the other side of the screen. There was a screen between her and Mu Chenguang.

Mu Chenguang had always respected her during their time together. He had never done anything inappropriate. However, ever since they broke up, that guy had revealed his true nature and plundered her.

Now that Wandou had returned to his territory, her heart was filled with fear. She was afraid that this man would do whatever he wanted to her again. She found an excuse and said, "My things are all at the place where I live. I didn't bring them. I want to go back!"

"Sure, I'll go with you!"

Wandou realized that Mu Chenguang was even more clingy than dog skin cream. It seemed a little difficult for her to get rid of him.

After that, Mu Chenguang drove her back to her apartment and happened to meet Luo Fanchuan, who was looking for Wandou, at the entrance of the neighborhood.

Wandou saw Luo Fanchuan waiting in front of the car and wondered if he was here for her.

Just as she was thinking about it, Luo Fanchuan's call came in. Wandou saw his name and hesitated to pick it up.

Mu Chenguang also noticed Luo Fanchuan and saw the name flashing on her phone. He said, "I can give you time to explain clearly! I don't want to see you interact with any other man in the future!"

Too domineering!

If she was working, how could she not interact with other men?

Wandou did not pick up the phone in front of Mu Chenguang. She could not help but complain, "Don't you think you're being too nosy?"

"I was too lax with you in the past. Otherwise, I wouldn't have been dumped by you!"

Mu Chenguang's eyes were filled with hatred. He could not figure out whether he was trying to save Wandou or take revenge on her.

Being abandoned, being dumped, and having his dignity trampled, Mu Chenguang seemed to be trying to find a balance, trying hard to regain his face.

It could be said that his love was mixed with hatred.

Wandou fell silent. She felt that his eyes were a little scary, and the feeling he gave off now was like a completely different person.

Right now, he was stubborn, domineering, and indisputable.

Wandou thought about it. In order to avoid any conflicts, she decided to go down and explain it to Luo Fanchuan.

Mu Chenguang's car stopped beside Luo Fanchuan's car. Wandou got out of the car. Luo Fanchuan saw her and said in surprise, "Hey, you didn't answer my call. I didn't expect you to be here!"

Luo Fanchuan lowered his head and saw Mu Chenguang sitting in the driver's seat. He smiled and said, "Oh, it's Mr. Mu. You guys are together?"

Wandou felt a little awkward and did not directly admit her relationship with Mu Chenguang. She only said to Luo Fanchuan in front of Mu Chenguang, "I'm sorry, Young Master Luo. I think it's better if we become friends in the future."

"That's right! I'm relieved that you think so. Actually, I came to you today to make things clear. We'll still be friends in the future!"

Ever since Luo Fanchuan had contacted his old classmate, Liang Yunqi, the more he talked to Xue Ziqi, the more he fell in love with her. Therefore, he could only apologize to Wandou.

Wandou let out a sigh of relief. "Okay."

"Then I'll leave now. I won't waste your time. Bye." Luo Fanchuan was in a hurry to see Xue Ziqi and didn't want to waste any more time.

Chapter 2115: He Was Premeditated

After sending Luo Fanchuan off, Wandou walked into the neighborhood. Mu Chenguang also caught up with her.

Wandou glanced at him and asked, "Are you satisfied now? I've already made it clear!"

"You seem to be very reluctant. Have you fallen for him?" Mu Chenguang asked sourly.

"Of course not. I've only known him for a few days. I only treat him as a friend," Wandou explained.

Mu Chenguang did not say anything, but he felt a little happy in his heart. He did not want Wandou to know another man. It would be best if she only belonged to him and would always be the best for him.

Mu Chenguang sat on the couch and played games while Wandou packed her things.

She didn't have a lot of things anyway, so she could pack them up very quickly. Before she left, she took a look at her room. She planned to wait until Fang Xiaocheng and the others came back from their trip before telling her about checking out.

"Let's go! I'm done packing!"

Mu Chenguang walked over and took the bag from her.

After returning to Mu Chenguang's private apartment, Wandou tidied up her things. When she came out of her room, she heard a certain great master say, "I'm hungry! Go and cook!"

Wandou stared at him and cried in her heart. What the hell did she do?

Moving here was equivalent to finding herself a 24-hour nanny job.

She went to the kitchen and began to prepare dinner.

Because of her poor family background, Wandou knew how to cook on her own since she was very young. Now that she had grown up, she was even better at cooking.

Mu Chenguang had become very picky after eating her cooking. After they broke up, he missed her even more and missed the taste of her cooking.

It was great. Now he could finally have the chance to eat the food she had made.

Wandou opened the fridge and found a lot of ingredients. But looking at the kitchen, it didn't look like it had been opened recently.

Wandou suddenly understood what was going on. It seemed that the man had planned to capture her and help him cook!

Cooking was a piece of cake for Wandou. Her family was not well-to-do, and her parents had to go to work in her early years. She learned to cook by herself when she was very young.

It didn't take long for Wandou to make four dishes and a soup. She called Mu Chenguang over for dinner.

Mu Chenguang sat down in front of the table. He could smell the fragrance of the food. He looked at the delicate dishes made by Wandou and felt his appetite increase.

"It looks good. Let me try it."

Mu Chenguang started to eat without any reservation. The food made by Wandou was a great pleasure for his taste buds and stomach.

After tasting every dish, Mu Chenguang nodded in approval. "Mmm, not bad. It's still the same as before."

Wandou handed the bowl of rice to him. Seeing the man wolfing down the food, she was a little moved. She knew that he did not know how to cook. He was a rich young master who lacked the ability to take care of himself.

In the past, he had only been with Wandou for a short period of time. He had just started living a normal life.

If he lived alone, he would rarely cook. Most of the time, he would order takeout or cook instant noodles. Usually, when he was busy composing songs, he would forget the time. His meal timings were very irregular.

Therefore, after they broke up, Wandou would often miss him and worry that he would not be able to eat. She would also worry that he would starve to death.

"Why aren't you eating?" Mu Chenguang raised his head and noticed that Wandou had been staring at him without eating.

Chapter 2116: Can't Let Go Of Her

"You eat! I'm not hungry," Wandou said.

"Oh, I won't stand on ceremony then!"

Mu Chenguang swept most of the food and soup on the table into his stomach. He was too full. When he put down the bowl and chopsticks, he let out a satisfied burp. "Oh my, it's so delicious!"

Wandou was also done eating. She put down her bowl and chopsticks and asked, "How long has it been since you had a normal meal?"

"After you left," Mu Chenguang answered honestly.

"Are you a fool? Can't you go home and eat?" Wandou could not help but scold him. If she left, he would not even be able to eat well.

"If you leave, where will I go?"

Mu Chenguang asked.

Wandou was stunned by his words. She suddenly felt a surge of sadness in her heart. It was sore and painful.

She knew him well enough to know that he was not on good terms with his father. His deafness in his right ear was also caused by his father when he was a child.

That was why he had been living outside and rarely returned to the Mu residence. In his heart, he had no home.

She remembered that he had once said that having her was like having a family. Later on, she had decided to leave. Was that why he said those sad words?

Wandou was afraid that she would cry, so she quickly got up and cleaned the dishes. "Okay, I'm going to wash the dishes now. Go get busy!"

"Okay. Let the dishwasher wash it."

"Got it."

The dishwasher in the kitchen was specially prepared for her by Mu Chenguang. At that time, he was really very considerate towards her and could not bear to let her hand become rough from all the scrubbing.

To be honest, besides her father, Mu Chenguang was the best man to her.

She had pictured a happy future with him, but it was too late now.

After dinner, Mu Chenguang waited for the kitchen to be cleaned up before taking her to the neighborhood for a walk.

After the walk, they returned to the apartment together.

Mu Chenguang went to the piano room and continued to compose his new song. Wandou planned to go back to her room and take a shower.

While she was showering, she could hear intermittent music coming from the room next door. It was Mu Chenguang testing the music.

After taking a shower, Wandou changed into a set of conservative cotton pajamas and followed the sound to the piano door. Through the crack of the door, she could see Mu Chenguang sitting in front of the piano, playing and recording notes.

He couldn't hear anything with his right ear, so every time he played the piano, he would subconsciously tilt his head to the side so that his left ear would be facing where the sound came from so that he could hear more clearly whether the notes he played were accurate.

As she stood there and looked at his back, she would always think of the past.

Back then, when he taught her how to play the piano, she could still remember him praising her for her talent in music.

Wandou had never come into contact with music before. Her family was not allowed to do so, so she had never developed in this aspect.

However, her father had been working at Peijing Music Academy, even though he was only a gatekeeper.

Mu Chenguang would usually be busy until late at night when he was composing music. But tonight, he would end it before 12 o'clock.

It was because he felt that his stomach was very uncomfortable, and it really affected his work. He could only put down his work to rest.

When he returned to the bedroom, he immediately saw the girl sleeping on the small bed outside the screen. She was lying on her back with her legs facing the sky. Her sleeping posture was extremely ugly. If she moved an inch more, she would definitely fall.

Mu Chenguang came to her side and squatted down. He quietly looked at her sleeping face. He had never seen a girl more indecent than Wandou.

She clearly had a lot of bad habits, but why couldn't he let her go?

He had "claimed" her back, but could they return to the past?

Chapter 2117: Not the First Time

Wandou moved her body and was about to roll down when Mu Chenguang caught her in time and carried her to the big bed.

Mu Chenguang closed his eyes and fell asleep. Wandou lay beside him, making him feel at ease.

He could not remember how many nights he had been suffering from insomnia. Whenever he closed his eyes, all he could remember was Wandou's every frown and smile. The pain he could not forget tormented him for a long time.

He could finally sleep peacefully tonight.

But in the middle of the night, Mu Chenguang was woken up by the pain. His stomach felt like it was churning and it was so painful that he could not fall asleep.

The sound of the lights on woke Wandou up. She opened her eyes and saw Mu Chenguang beside her. She screamed in shock.

She saw that she was actually in Mu Chenguang's bed. But this was not the first time such a thing had happened, and she was not surprised.

His clothes were fine, which meant that he didn't do anything to her.

But what about Mu Chenguang?

Wandou noticed that his face was pale under the light, and his forehead was covered with a layer of cold sweat. His hand was pressed on his stomach, and he looked like he was in pain, looking for something in the drawer.

“Mu Chenguang, what's wrong?” Wandou crawled over and asked.

Mu Chenguang did not say anything. He rummaged through the drawer for a while and finally found the bottle of stomach medicine. But when he shook it, he realized that the pills inside had long been finished.

Mu Chenguang threw the medicine bottle away, put on his slippers, and got out of bed. He staggered as he planned to get some hot water to drink.

Wandou picked up the bottle that he had thrown away from the trash can and realized that he was looking for stomach medicine. Could it be...

Realizing the seriousness of the situation, Wandou quickly got up and came over to help him. “Hey, what's wrong with you?”

“I'm fine... I want some water...”

“Just you wait! I'll pour it for you!”

Wandou quickly went to get some water. When she came back with the water, she realized that the man had fainted from the pain.

The cup in her hand fell to the ground. Wandou ran over anxiously and shook him. “Hey, Mu Chenguang, are you okay... Wake up...”

Unable to wake the man up, Wandou was so anxious that tears were coming out of her eyes. She forced herself to calm down, found her phone, and immediately called 120.

In the middle of the night, Mu Chenguang was sent to the hospital's emergency room for treatment. Wandou waited anxiously outside the emergency room.

After waiting for a long time, Mu Chenguang was pushed out of the emergency room and sent to the ward.

The doctor told Wandou that the patient was suffering from acute gastroenteritis due to an uneven diet. He told her to take good care of herself and not to eat too much.

So it was because he had eaten too much at night. Sigh, Wandou could not help but want to scold him. What a fool!

Wandou watched him quietly. The man was in a coma. His handsome face was slightly pale. Her gaze swept across his deep facial features and thick eyebrows before moving down again.

She picked up his big hand and looked at it carefully. It was a hand full of magic. The fingers were long and beautiful, with distinct joints. It was naturally suitable for playing the piano.

He was so focused and charming when he was playing the piano. He was like a graceful prince of music, charming and charming.

However, such a perfect person did not know how to take care of himself at all. If no one took care of him, his life would be a mess.

Wandou sighed in her heart. She really didn't want to care about him, but she was also worried.

She held his hand until the middle of the night. Wandou could not resist her weariness and fell asleep on the bed.

Chapter 2118: You Must Come Back!

In the morning, Mu Chenguang woke up slowly. The discomfort in his stomach made him wince. He opened his eyes and realized that he was lying in a hospital ward.

He lifted his head and saw the girl lying on the bed. She seemed to be pressing on his arm, and his arm was numb.

Mu Chenguang did not dare to move around and wake Wandou up. Thus, he remained in place till the doctors and nurses came to check on Wandou.

Wandou rubbed her eyes and realized that Mu Chenguang was already awake. She was still holding his hand and felt very embarrassed. She immediately let go of him and asked, "You're awake. How are you feeling? Are you feeling better now?"

"What's wrong?" Mu Chenguang asked.

"The doctor said that you ate too much and had indigestion, causing acute gastroenteritis," Wandou told him.

Mu Chenguang was silent for a moment. He suddenly grabbed her hand and said, "Impossible! You must've drugged the food. You want to poison me!"

"Are you crazy? If I had really drugged you, you would've died long ago!" Wandou did not know whether to laugh or cry. She pulled her hand back and said, "Okay, okay. Now the doctor is coming for a ward round. You lie here and I'll head out to get something useful."

"Mm."

Mu Chenguang lay down peacefully. When she reached the door, he called her again, "Hey, Wan Xiaodou!"

"What?"

"You have to come back!"

Mu Chenguang was worried that she would sneak away and never come back.

"Got it." Before Wandou could take a step forward, she heard him shout him call out again. She turned around and asked, "What now? Master?"

"Do you have money?"

Mu Chenguang noticed that she was wearing her pajamas and realized that she must have left the hospital in a hurry.

"I didn't bring any money, but I can pay with my phone. Don't worry."

Wandou shook the phone in her hand and turned to leave the ward.

Wandou took a taxi back to her apartment. She cleaned herself up first, then helped Mu Chenguang pack some daily necessities. She packed a big bag and was about to leave.

Coincidentally, Mu Chenguang's phone rang in the room. Wandou turned around and picked up his phone from the bedside cabinet.

It was a call from an unknown number that kept ringing. Wandou thought for a while and was worried that it might be someone from his company looking for him, so she helped him answer the call.

"Hello, Chenguang."

"I'm sorry, I'm not Mu Chenguang."

"Who are you? Why is Chenguang calling?"

"Oh, our President Mu is currently sick in the hospital and it's not convenient for him to answer the call. Who are you? Can you leave your name? I'll tell him later!" Wandou explained.

Hearing her address Mu Chenguang as "President Mu," the other party thought that Wandou was his assistant secretary or something. He asked again, "My name is Wen Shiyu. I'm Mu Chenguang's classmate. I have something to ask him. May I know which hospital he is in now?"

Wandou did not have any impression of Wen Shiyu's name. She did not think too much about it and directly told him the address of the hospital where Mu Chenguang was.

In the hospital ward.

Mu Chenguang had been waiting for a long time, but Wandou had not returned. He was worried that she might have lied to him and said that she was going back to look for something. Perhaps she had already run away?

He didn't have his phone with him. Otherwise, he could've called and asked.

"Wan Xiaodou! You're finally here!"

However, it was not Wandou who appeared at the door. Instead, it was a beautiful woman in fashionable clothes and long hair.

Chapter 2119: Become A Family Sooner or Later

"Shiyu, why are you here?"

Wen Shiyu came in with a fruit basket and placed the things on the table in the ward. She turned to him and smiled sweetly. "Oh, I called you. I think it was your assistant who answered. She told me you were here."

"Where is she?"

Mu Chenguang asked nervously.

"I don't know." Wen Shiyu shook her head and came to him. "What's wrong? Why are you in the hospital?"

"I'm fine. My stomach is not feeling well."

"Oh, I'm free these few days. I'll stay and take care of you."

Wen Shiyu finally found a reason to get close to Mu Chenguang. She planned to get along well with him while he was sick.

"No need. You can go back. I don't need anyone to take care of me," Mu Chenguang said, not wanting to give her any chance.

"It's okay. I'm your fiancée anyway. We'll become a family sooner or later. Shouldn't I take care of you?"

"I really don't need it. There's something I have to tell you. The engagement is just my father and your father's idea. I won't agree to it at all. Moreover, I've always treated you as my sister. I don't mean anything else. Please don't misunderstand."

Mu Chenguang did not like Wen Shiyu, so he would tell her clearly. He hoped that she would understand what he meant and not make unnecessary sacrifices.

Wen Shiyu's face was a little ugly after being rejected directly, but her family's upbringing made her not show it in front of him. Instead, she forced a smile and said, "Chenguang, I heard that you have a girlfriend. Is it because of her that you refuse to give me a chance?"

Wen Shiyu had always regretted that she had chosen to go abroad to further her studies. She had missed the chance to spend time with Mu Chenguang. That was why she had given another woman a chance to exploit her.

Mu Chenguang did not say anything. Wen Shiyu knew what was going on. She wanted to know what kind of girl Mu Chenguang liked. Was she better than her?

No one spoke in the room. The atmosphere was cold and heavy. When Wandou rushed back, she directly knocked on the door and entered.

"Mu Chenguang, I'm back!"

As soon as she finished speaking, Wandou was surprised to see a third person in the ward. An extremely beautiful and delicate girl was sitting in front of the hospital bed. The other party's eyes were also sizing her up.

Wen Shiyu stared at the girl who had just come in. From her tone, she seemed to be very close to Mu Chenguang.

Wandou was curious to know who she was!

What did she have to do with Mu Chenguang?

Wandou saw that there was someone in the room and quickly said, "I'm sorry, I didn't know there was a guest here. You guys chat, I'll go out first!"

“Hey! Wan Xiaodou, come back here!”

Mu Chenguang wanted to call her back, but Wan Dou put down the bag and ran out without stopping him.

Wen Shiyu could already tell from Mu Chenguang's eyes that the girl just now was the girl Mu Chenguang liked.

There was nothing special about her. She was dressed simply. Could it be that Mu Chenguang liked Cinderella?

Mu Chenguang was very anxious. He was afraid that Wan Dou would misunderstand him and Wen Shiyu. He hoped that Wen Shiyu could leave as soon as possible. “I'm sorry, Shiyu. I need to rest. You should go back first!”

“Fine. I'll come back another day.”

It was true that there was no need for Wen Shiyu to stay. She promptly said goodbye. Now, she was eager to meet the girl who had deliberately avoided her just now.

Chapter 2120: Sensing Hostility

Wen Shiyu walked out of the ward elegantly in her high heels and only found Wandou at the end of the corridor.

Wandou heard the sound of high heels behind her. She turned around and saw the beautiful woman in the ward.

She was really beautiful!

Her makeup was flawless, and her clothes were all high-end female clothes. She had the smell of Chanel perfume, and she looked like a Barbie princess, exuding an elegant aura.

When Wandou saw her, she could not help but feel inferior.

She was also a girl, but she was so beautiful that she dazzled, while Wandou herself looked inconspicuous.

Wen Shiyu stood in front of her, her eyes full of curiosity and scrutiny. She asked, “Are you the girl who answered the phone this morning?”

“Mm.” Wandou nodded.

“What's your relationship with Chenguang?”

Wandou could sense the hostility in her eyes and guessed that she might be Mu Chenguang's girlfriend or a very close female friend. She smiled. “Miss, why should I tell you about my relationship with Mu Chenguang? This is my private matter. I'm sorry, but I can't answer you.”

Wen Shiyu was very dissatisfied with her answer. Based on a woman's intuition, she could already tell that this girl and Mu Chenguang definitely shared an extraordinary relationship.

"I don't care who you are or what relationship you have with him, but I have to tell you that I'm not only Chenguang's classmate, but also his fiancée. So, no one can covet my... fiancé."

Wan Dou was stunned.

She knew that Mu Chenguang's family was getting him engaged, but she had no idea who the other party was. Now she finally met Mu Chenguang's fiancée.

Wandou had always thought that Xue Ziqi was Mu Chenguang's girlfriend, but it seemed that she was not.

This lady before her was the actual fiancée!

She had already said her name on the phone this morning. Her name was Wen Shiyu.

She was warning her to stay away from Mu Chenguang!

Wen Shiyu narrowed her eyes and said, "If I'm not mistaken, you should be the girl who talked to Mu Chenguang, right? Didn't you two already break up? Why are you still pestering him now? Didn't he tell you that our family and the Mu family are about to be married soon?"

Wandou was silent. Wen Shiyu continued, "Do you not know what the Wen family does? Then you can go back and check it out. Check Peijing Music Academy. I think you will understand."

"Also, Chenguang and I used to be classmates. I've waited for him for seven years. If I hadn't gone abroad to further my studies, other women wouldn't have had the chance to get close to him.

"Now that I'm back and our engagement is imminent, I don't want anyone to interfere. Do you understand?"

Wen Shiyu crossed her arms and exuded an unparalleled confidence from head to toe. She despised this kind of poor girl the most. She put on a pitiful look and was best at seducing men.

Now, she had to use her noble identity and temperament to let her know how pathetic she was. She hoped that she would leave quickly.

Hearing her mention Peijing Music Academy and knowing that she was from the Wen family, Wan Dou knew about Peijing Music Academy very well.

Her father usually watched the gate of the music school. She had even gone there to play.

Moreover, she knew the history of the music school and knew that the founder of the school was the Wen family. The current principal, Wen Zhehan, was the fourth-generation principal of the Wen family.

If he was not mistaken, the Wen Shiyu in front of him should be the daughter of Principal Wen Zhehan?
