

Priceless 2121

Chapter 2121: Too Good at Acting Pitiful

She was indeed from a prestigious family. Her temperament was incomparable!

She thought of Mu Chenguang and Wen Shiyu. Both of them were a match made in heaven in terms of background and appearance.

And Wandou was like a weed between them.

She was the one who should quit. Oh, no, she had already broken up with Mu Chenguang. She was already an outsider.

Wan Dou laughed self-deprecatingly. "Miss Wen, I know your family. Actually, you don't have to tell me so much. I think you might have misunderstood. My relationship with Mu Chenguang is not what you think it is. I won't be a third party between the two of you."

"Very good. You can leave now!"

Wen Shiyu had to ensure that her love rival was expelled from her sphere of influence before she could be at ease.

Wandou did not say anything and turned to leave. But at that moment, Mu Chenguang came out of the ward and grabbed her wrist.

"Are you a pig?" the man asked. "Why would you listen to someone else's orders? Don't forget who it was that asked you to come!"

"I..." Wandou was shocked. She had not expected Mu Chenguang to suddenly appear.

Mu Chenguang grabbed her wrist and refused to let go. He turned to look at Wen Shiyu, a chilling wind blowing in his dark eyes.

Wen Shiyu also did not expect him to come out. Moreover, she seemed to have heard her conversation with Wandou just now. At this time, Wen Shiyu could only try her best to regain her image.

"Chenguang, don't misunderstand. I just feel that I'm enough to take care of you here. There's no need to leave so many people behind. Besides, she should be going back to work. We can't keep delaying her."

Wen Shiyu seemed to be thinking for someone else, but it was a pity that Mu Chenguang did not need her "kindness."

"I've already said that you don't need to take care of this place. Please go back, Shiyu!"

With that, Mu Chenguang grabbed Wandou's wrist and pulled her back into the ward. With a bang, he closed the door of the ward and blocked Wen Shiyu outside.

Wen Shiyu saw that Mu Chenguang was chasing her away because of that woman. She was about to explode from anger, but there was nothing she could do.

She thought that it must be because the girl was too good at pretending to be pitiful that she was able to charm Mu Chenguang.

Since she couldn't chase him away today, then forget it. She had to figure out the woman's background first before she could make her next move.

Wen Shiyu left gloomily. In the ward, Wandou was leaning against the wall with her head lowered like a child who had made a mistake.

Mu Chenguang stood in front of her with his hands on his hips as he looked down at her.

“Raise your head!”

Wandou raised her head and rolled her eyes.

Mu Chenguang really couldn't bear to scold her, but he had no choice but to say it. He scolded, “Have you forgotten who you are again? Huh? You're mine now. If I don't let you go, you can forget about leaving! You don't have to listen to anyone else!

“Wan Xiaodou, I'm telling you, you're no worse than anyone else! At least you're the best and most special girl in my heart.

“You should be confident! If a person is not confident, anyone can easily defeat you, understand?”

“I know!”

Wandou took a deep breath. “I'm a person who lacks self-confidence.”

Ever since she fell in love with Mu Chenguang, she realized how inferior she felt.

They were not from the same world at all. He always felt that it was difficult to integrate into his group.

He had noticed that Wandou was feeling inferior and lacking confidence.

Chapter 2122: Kissing Her

He had always wanted to try his best to change her. At that time, he had thought of all sorts of ways to give her expensive things and bring her to high-end places to help her overcome her inferiority complex.

But why was she so confident in her work but lacking confidence in her life?

“Why? Weren't you very good at organizing your speech when you were doing public relations in Juxing? You were so confident and elegant back then. Why did you become like this now? Is it because you lost your job and became inferior again?”

“You don't have to feel inferior, you know? I'm the one who should feel inferior. I'm the one who loves someone who doesn't love me and has been ruthlessly dumped by the woman I love. The one who should feel inferior and give up is me!”

Mu Chenguang punched at his own heart.

She looked into his eyes and saw the light shining there. At this moment, Wandou was very touched and also very guilty.

She knew that when she had asked to break up with him, it must have been a huge blow to him, leaving an irreparable wound in his heart.

Wandou blinked several times and raised a hand to wipe away her tears. She pretended to be strong and said, "Actually, I'm much better now. At least during work, I can become very strong. But when I'm facing you, it's you who makes me feel inferior. Mu Chenguang, perhaps because you're too dazzling, I always feel too pressured when I'm with you. When I proposed to break up with you, it was also because the distance between us was too far. You are the stars in the sky while I am just a speck of dust on the ground. As long as you shine brightly, I won't be able to find myself."

When Mu Chenguang heard this, he felt his heart ache so much that he could not breathe.

He controlled his temper, raised his fist, and punched the side of her face, hitting the wall.

He chided her a 'fool' and then kissed her.

It was a kiss of courage.

He only wanted her to know that he loved her and never cared about his identity. If she felt that he was too tall and too far away, then he was willing to fall into the dust for her.

At most, he would not sing, write songs, or become a celebrity in the music industry.

He only hoped that she would give him another chance and open her heart to him again!

As soon as the kiss ended, Mu Chenguang kissed her dry, along with her tears. He stared at her moist eyes, her slightly trembling eyelashes, and said softly, "Come back, Wanwan. Come back to me."

When he was gentle in the past, he would call her Wanwan. It had been a long time since Wandou had heard him call her that. The tears that she had just put away came out again.

She did not want to hear him say such things.

There were some things that happened in the past that happened in the past. When she looked back, she could no longer remember the feeling she had back then.

That was how love was. Could things that were lost be recovered?

"Mu Chenguang, can you please be more rational? We can't be together at all. Even if we force ourselves to be together, we won't be happy. The story of Cinderella and the prince only exists in the story. It's impossible between us! Please don't mention this again in the future. I only agreed to work at your company and didn't decide anything else. If you say anything else, I'm leaving!"

Wandou pretended to turn around and was about to leave when Mu Chenguang stopped her in time. "Don't go. Fine, fine. I won't mention it anymore."

Mu Chenguang did not want to push her too hard. As for Wandou, he could only try to slowly pry open her heart.

Chapter 2123: I Can Only Use My Pain

For the time being, Mu Chenguang had no choice but to play the victim. He covered his stomach and pretended to be in pain.

As expected, Wandou became very nervous. She held him and asked, "Is your stomach hurting again?"

"Yes." Mu Chenguang nodded and added, "Thanks to you for making me upset."

"..." She hadn't wanted to anger him either!

He was the one who was asking for it!

"All right, don't say anything else. Hurry up and go back to bed!"

Wandou helped him back to the bed and let him lie down. Then she took the bag she had just brought over and sorted out the things inside.

"The doctor said that you have to stay in the hospital for at least three days. I've brought everything for you. Just stay here!"

Mu Chenguang stared at her face and said, "Then accompany me!"

"According to our working arrangement, this isn't included in my salary," Wandou said expressionlessly.

"Fine!"

When Wandou was tidying up her things, she thought of Wen Shiyu and asked, "Were you close to Wen Shiyu in the past? Why haven't I heard you mention it before?"

"Why should I mention someone I don't like?"

Mu Chenguang asked.

There was nothing wrong with her answer. Wandou did not want to mention it, but she could not help but be curious. "Is Wen Shiyu the daughter of the director of Peijing Music Academy, Wen Zhehan?"

Mu Chenguang could not help but roll his eyes. He blew at the hair on his forehead and said angrily, "Why do you always care so much about others? I'm a living person right here, and you don't even ask questions about me. I'm a patient!"

Wandou : "..."

It was only now that she realized that there was really nothing to talk about between her and Mu Chenguang. If she wanted to chat, they could easily kill the conversation.

"Fine, let's not talk about her anymore." Wandou was still worried. "But I'm a little worried. Will she tell your father about us?"

"What's wrong with telling my father? Isn't that great? I don't have to tell him."

Previously, when they were dating, it was done in secret. They did not announce their relationship to the public and he did not tell his family.

But this time, he hoped that he could reconcile with Wandou. It would be best if he could get the consent of the elders on both sides.

From the looks of it, Wandou's parents wouldn't go against him. The only problem was that Mu Chenguang's father was a little difficult to deal with. He wanted him to marry Wen Shiyu.

"You better not let your father know."

Whenever Wandou thought of Mu Chenguang's father's strict face, her heart would tremble. Those sad words from back then were still clearly imprinted in her mind. She really did not want to be humiliated again.

"Why are you so afraid of my father?"

Mu Chenguang noticed that she was worried and worried. He grabbed her hand and noticed that it was cold.

Wandou did not say anything and just stared at him. Mu Chenguang understood and smiled. "Oh, is it because my wife is afraid of meeting her in-laws?"

"What nonsense is this? It's impossible between us!"

Wandou hit him angrily, and Mu Chenguang shrunk back.

After that, Mu Chenguang was hospitalized and Wandou took care of him. When his stomach was slightly better and he had an appetite, Wandou returned home to make some porridge for him..

News of Mu Chenguang's hospitalization reached his father through Wen Shiyu. This afternoon, Mu Kangan came to the ward to visit his son.

"Dad, why are you here?" Mu Chenguang had been waiting for Wandou to come back, but it was his father.

"I heard from Shiyu that you were hospitalized. Why are you so careless?" Mu Kangan asked.

"I'm fine. You don't have to come all the way here."

Mu Kangan looked around and asked, "You've been here alone for the past few days? Who's taking care of you?"

"My assistant. But she's already gone back."

For the time being, Mu Chenguang did not mention anything about him and Wandou. He was afraid that his father would go behind his back and find trouble with Wandou.

Mu Kangan frowned. He had more or less learned from Wen Shiyu that his son might have gotten back together with that girl called Wandou.

He was worried and came to take a look. If he met that girl, he would definitely lecture her.

Back then, she had promised him that she would leave Mu Chenguang. They had clearly broken up, but now she had hooked up with him again?

He would never allow such a thing to happen again, especially at the critical moment of the marriage between the Mu family and the Wen family.

After chatting with his son for a while longer, Mu Kangan did not stay long. He only told Mu Chenguang that when he was ready, he would prepare to meet the Mu and Wen families.

“Dad, I'm not going! Get someone else!”

“You have to go whether you like it or not!”

Mu Kangan turned around and left.

Outside the hospital, Wandou was arriving with some freshly made porridge. Just as she entered, she happened to see Mu Kangan come out.

Perhaps Wandou had not changed much in the past few years so she still looked plain. Therefore, Mu Kangan recognized her at a glance.

“Miss Wan!”

Suddenly, she heard a deep voice calling her name. Wandou felt a chill run down her spine as she felt her legs being pinned to the ground.

She stopped and looked towards the source of the voice. She saw Mu Chenguang's father looking at her with his hands behind his back.

Wandou felt goosebumps all over her body. She was completely unprepared, but she still greeted him politely, “Mr. Mu!”

“Come with me, I have something to say!”

Mu Kangan had originally planned to look for her again, but now he had saved a lot of trouble.

Wandou followed him to the hospital garden. It was quieter here and there were fewer people passing by.

“Mr. Mu, why are you looking for me?” Wandou asked.

Mu Kangan turned around and looked at the thermos in her hands. He snorted and said, “Did you send food to my son again? I'm very curious. When did you guys get involved again? Didn't I make myself clear back then?”

Wandou was silent, not wanting to answer his question.

“Tell me! Are you short of money again? How much did I give you to leave him?”

Mu Kangan thought that money could settle everything.

“Mr. Mu, you might be mistaken. I've never wanted money, and I'm not doing it for money,” Wandou said angrily.

“Then why? Do you really want to marry into the Mu family and become a phoenix?”

Mu Kangan looked at her from head to toe and criticized, "Look at yourself. How have you improved in the past few years? You're still as poor as before. What achievements do you have that can match up to my son?"

"You don't even have a proper job and you still want to rely on my son to arrange it for you. It's not that I want to say anything, but this kind of you is not worthy of my son at all. You are also not worthy of marrying into our Mu family.

"Your parents don't even have a proper job. Your father just guards the gates of a school. What right do you think your family has to be related to the Mu family? Since you are a child of a poor family, you should know your own limits and have some self-esteem. Don't force me to make things worse.

Chapter 2125: Going Against Him

"I think you should know that the Mu family is about to have a marriage with the Wen family. I don't want this to be ruined because of you, understand?"

Mu Kangan stared at her after his 'polite' speech.

Wandou was heartbroken, but she was no longer the weak and powerless Wandou she used to be. She was now mature and would not be destroyed by such a small blow.

She raised her head and looked at Mu Kangan proudly.

"Mr. Mu! May I ask if you think that children from poor families are not worthy of love?"

"Yes, that's right. I wasn't born well. I haven't improved in a few years. What about you? After a few years, what's the difference between what you said and what you said back then?"

"The same snobbery, the same meanness, the same disregard for others' feelings. You've become like this, and you don't even have a kind of forgiving heart. So what if you have a family of your own?"

"I don't think you're good at all. In fact, I think you don't even know the basic principles of being a human, let alone being a good father. You're the worst father I've ever seen!"

"I can tell you now that I've listened to you in the past. Leaving Mu Chenguang was the worst mistake I've ever made. Now, I'll show you that even if I have nothing, I can still win your son's heart.

"As long as he's on my side, as long as he still loves me, I'm the richest person in the world."

After Wan Dou finished speaking, she walked past Mu Kangan with her head held high and chest puffed out, ignoring him.

Mu Kangan's gaze followed her until she walked into the hospital and disappeared. His eyes could not help but deepen.

It seemed that this girl came back with determination and scheming. She was even harder to deal with than the innocent her before!

When Wandou entered the hospital, Mu Kangan could no longer see her.

She came to a corner and leaned against the wall, breathing heavily. Her back was already soaked in cold sweat.

Her hands and heart were trembling.

She had just up against Mu Kangan and offended him straight to the face.

She had said so many things in a fit of anger. Thinking about it now made her feel afraid. How would Mu Kangan treat her?

Would he go look for her parents?

Wandou waited until she had calmed down before coming to the ward.

When Mu Chenguang saw her coming back with the thermos, he felt relieved.

While she was helping him scoop the rice, he had been secretly observing her expression. He asked tentatively, "Wan Xiaodou, did you meet anyone on the way here just now?"

"Who?"

Wandou turned to look at him. Her face and eyes were very calm. It was impossible to tell that she had been emotional before.

"Nothing. I was just asking."

Mu Chenguang was worried that she would not meet his father when she came. It seemed that she had not met him yet.

"This is the porridge I made for your stomach. Try it. There's also some appetizing side dishes here."

Wandou opened the partition and placed the porridge in front of him for him to eat.

"Can you feed me?" Mu Chenguang asked.

Wandou stared at him and knew that he was being petty. Without saying anything, she picked up the bowl and began to feed him.

"Mu Chenguang!"

"Uhh?"

"If you have two choices, the first is to choose love, but you will lose everything. The second is to choose to become a billionaire and live a luxurious life, but you might marry someone you don't love. What would you choose?"

Chapter 2126: For Him

Wandou pretended to ask.

Mu Chenguang looked into her eyes and thought for a while. Then he answered seriously, "If it was me, I would be willing to become a beggar if you were willing to come back to me. I wouldn't be happy even if I became the richest man in the world without having you. Are you satisfied with this answer?"

Satisfied!

She was very satisfied and touched.

But more than that, she blamed herself for giving up on him so easily.

After going through so much and experiencing so many things, if he was still determined to choose her, then why would she give up on someone who loved her so much?

Why couldn't she work hard for him?

It was also after today's incident and Mu Kangan's blow that Wandou realized that she could not give up her beliefs and choices even if she was poor.

She had to take responsibility for the people she cared about.

She could not run away anymore. She could not let Mu Chenguang down. She was afraid that without Mu Chenguang, she would never find another man as good as him.

Mu Chenguang noticed that Xu Xiyan had not said anything and her eyes were shining with an unknown light. He deliberately teased her, "Hey, don't tell me you've been moved by my words just now and are thinking of ways to make up for the harm you've done to me and have decided to marry me?"

Wandou came back to her senses. She didn't know whether to laugh or cry. She scolded, "How shameless!"

Strangely enough, even though they had already broken up for a long time, she still felt like she was in love with Mu Chenguang.

Or could it be that their relationship had not changed because of time?

After being hospitalized for two days, Mu Chenguang felt that he had almost recovered and insisted on being discharged.

Wandou asked the doctor and the doctor said that he was fine and could go home to rest. They went through the discharge procedures that day.

On the way back, Mu Chenguang sat in the passenger seat while Wandou drove.

Her driving skills were taught by Mu Chenguang when they were still together. But Mu Chenguang's hair nearly turned white from teaching her how to drive.

"Can you drive faster?" Mu Chenguang asked.

"I'm already very fast!"

Mu Chenguang glanced at the dashboard. A cool-looking sports car had been turned into a tricycle by her.

The speed was not more than 30 miles per hour, and she was being cautious.

“Just close your eyes and drive forward. It's fine. Step on the accelerator!”

Mu Chenguang was anxiously giving out orders.

“How am I supposed to drive with my eyes closed? I have to drive steadily. Even if I'm not thinking about myself, I have to think about other people's safety. If I... Ah...”

Before Wandou could finish her words, she felt a white object rushing past her. She panicked and quickly stepped on the brakes.

Mu Chenguang's head hit the dashboard in front. He covered his head and couldn't help but complain, “Hey, you drive like hell!”

“No, I think I hit something. What should I do?”

Wandou was a little worried. She quickly unfastened her seatbelt and got out of the car. Mu Chenguang also got out of the car.

The two of them went to the front of the car and saw a white puppy lying on the ground. The puppy was also scared out of its wits. It did not dare to move and its body kept trembling.

Wandou saw the cute little white dog lying on the ground and hit Mu Chenguang. “It's all your fault for giving orders when I was driving. Great, now you've bumped into the dog.”

Mu Chenguang looked at the puppy and smiled. “Looks like we've met a scam artist.”

Chapter 2127: Jealous

“What should I do? Whose dog is this? Is it broken by me? Should I send it to the pet hospital?”

Mu Chenguang picked up the puppy by its neck and began to move its legs.

“It's fine.”

After the test, Mu Chenguang placed the dog by the side of the road. However, the dog was very small, like a little puppy that was a few months old. It did not run even when he placed it on the ground and kept barking.

“Mu Chenguang, look at how pitiful it is. Why don't we adopt it?”

“Are we going to adopt it? Are you going to take care of it or should I take care of it? Who is this dog going to take on? Have you decided?”

Mu Chenguang asked seriously.

“I'll take care of it. I don't need your help. I can only bring it back if you agree.”

Mu Chenguang looked at the pitiful little girl on the ground and suddenly felt that raising a dog was a good idea. If they could raise a dog together, it would be like having a child.

He could tie her down with a dog, right?

But when he remembered how cruel Wandou was to abandon a living person like him, wouldn't she be capable of doing the same to a puppy?

He felt that he and the puppy wouldn't have a happy ending.

"What if you leave one day? Wouldn't the dog become an orphan? And I have to take care of it as a father? I don't have the time for that!" Mu Chenguang said.

Wandou could not help but laugh. "How could a dog become an orphan? What are you saying? Don't worry! I won't abandon it. I'll take care of it until the end, okay?"

Mu Chenguang's face was a little dark. He suddenly asked, "Wan Xiaodou, in your heart, am I worse than a dog? You said that you wouldn't abandon a dog you picked up by the roadside. You will raise it till the end, but what about me? Why did you abandon me so easily? Tell me!"

Oh my god, is he jealous of a dog?

Wandou knew that he lacked a sense of security. After being abandoned by her once, he began to doubt himself.

It was all caused by her. She really wanted to heal the wound in his heart.

Therefore, when faced with his stubborn question, Wandou directly grabbed his collar, pulled his head down, stood on tiptoe, and lightly pecked his lips. She also told him, "It won't happen again."

Mu Chenguang : "..."

Wandou had already returned to the car with the dog. Mu Chenguang was still petrified.

What just happened?

What happened?

Did Wan Xiaodou kiss him? Did she kiss him?

What did she mean by that? That she would never leave him again? That she would never abandon him?

Mu Chenguang felt like he was in a fantasy. He couldn't help but reminisce about the light kiss just now. He was so touched that he didn't know what to do.

That woman finally responded!

She finally kissed him!

Mu Chenguang cheered in his heart as Wandou shouted from behind him, "Hey, are you getting in or not?"

"Oh, coming."

Mu Chenguang suppressed his excitement and returned to the car. He took the puppy from Wandou and said, "I'll carry it. You drive."

As Wandou drove, Mu Chenguang teased the puppy and said to the little puppy, "Son, from today onwards, you are no longer an orphan. This is your mommy and I am your daddy. You have a home now,

understand? You have to perform well in the future and work hard to be a good little puppy. Do you hear me?"

Chapter 2128: Love Her Even More

Wandou could not help but laugh when she heard his serious words to a puppy.

In the past, she had often heard that every man had a child in his heart. Now, Wandou believed that Mu Chenguang was an insecure little boy deep down.

From today onwards, she would try her best to remove this sense of insecurity from him. She had to love him properly.

On their way back, they passed by a pet shop. Wandou stopped the car and went in with Mu Chenguang to do a physical examination on the puppy.

After confirming that it wasn't damaged, they asked the staff in the store to bathe and clean the dog. They also got a vaccine and bought a lot of dog food and other necessities.

The two came out of the pet store and went back with the puppy and the stuff.

Wandou and Mu Chenguang went back to their place and started to work on the things they had bought. Mu Chenguang was responsible for installing the kennel. Meanwhile, Wandou found a soft cotton cushion and placed it inside for the puppy to live in.

Just like that, the little white dog had a new home.

Mu Chenguang looked at everything in front of him and felt a sense of accomplishment. "Wan Xiaodou, don't you feel like we're raising a child?"

Wandou patted the puppy's head and smiled. "Didn't you already acknowledge it as your son on the way here?"

"Mm, I feel that we can have a real son."

"What?" Wandou did not hear it clearly.

Mu Chenguang grabbed her wrist and pulled her into his arms. "I think... we can have a real son."

"Who wants to have a child with you, you bastard!"

Wandou tried to struggle out of his arms, but Mu Chenguang did not let go. Instead, he changed his position and picked her up horizontally.

He threw her onto the soft bed and followed after her.

His deep eyes locked onto her like two dark whirlpools that could suck her in.

As they stared at each other, Wandou could clearly hear her heart about to jump out of her chest. At the same time, she could feel the dangerous aura coming from the man.

"Let me go, Mu Chenguang!"

Wandou struggled a little, but her little bit of strength was like an ant to him, completely useless.

Mu Chenguang's breathing gradually became heavier. "No! You kissed me outside just now. You took advantage of me and I have to get even no matter what!"

Wandou : "..."

Mu Chenguang wanted her desperately. He had been in the hospital for the past few days and he had been holding it in. Now that he looked at the woman under him, her red lips, he could no longer control his heart.

In the end, Wandou gave up struggling and reached out to hug his neck.

Mu Chenguang felt the change in her and was overjoyed. He loved her even more.

The two of them loved each other like wildfire in the house. The little white dog squatted on the ground and watched for a while, then turned around and quietly ate the dog food.

Their relationship was progressing towards reconciliation. Their lives had also changed a little. Wan Dou was no longer blindly rejecting and rejecting them. Instead, she seemed to have returned to the way she was when she was in love.

On a new day, Mu Chenguang went back to work and Wandou followed him to the company.

The two of them walked into the front door of Chenguang Music Company one behind the other. They did not notice the black car parked not far away from them.

Mu Kangan sat in the back seat and frowned as he looked at his son and Wandou's inseparable figures.

"Have you found the information I asked for?"

Mu Kangan glanced away and asked his assistant.

"Here, sir."

The assistant handed him the address he'd found. Mu Kangan's frown deepened when he saw the name of the neighborhood on it.

Chapter 2129: A Surprise!

Times District

At night, in a dilapidated residential building.

Wandou's mother came home and excitedly handed a piece of paper to her husband. "Hey, Doudou, take a look. This is the information I got the neighbor's child to help me search online."

"What information?"

Father Wan had to work the night shift today. He packed his things and was about to leave.

"It's our daughter's boyfriend, Mu Chenguang. Look, it says here that he started a company called Chenguang Music Company. Also, his father is called Mu Kangan. His family is a famous music family. They are very rich, even richer than the Luo family."

“Look at Mu Chenguang!” Mrs. Wan exclaimed. “He's such a good kid, but he's so humble. He only said that he's a musician. Sigh, I've seen him. He's not bad. Otherwise, he wouldn't have come to our house. He didn't mind our environment. He must really love our Doudou.”

“Isn't it too early to say that? Isn't there nothing left?”

Wandou's father felt that the other party had come to show his face and there was no news from him after that. There was also no reply from his daughter's side. Therefore, this matter was still a bit difficult to handle.

“Why are you in such a hurry? I'll call Doudou tomorrow and ask her to ask when the Mu family plans to settle the matter so that we can prepare.”

“The Mu family is a big family. They must care a lot about their reputation. Why don't we visit them one day?”

“Don't! First of all, you have to have a present that's good enough for you. Otherwise, if you visit them, would they think highly of us?”

“What should I bring?” asked Wandou's mother.

“Alright, you can slowly stew over it at home. I have to go back to work.”

Wandou's father picked up his bag and was about to leave when someone knocked on the door.

“Oh, don't tell me Doudou is back!” Mrs. Wan said. “I can ask her about it. She's always hiding something.”

Wandou's mother went to open the door happily, but a middle-aged man with a dark face appeared outside. She was stunned for a moment and asked, “Who are you looking for?”

“I'm looking for Wandou's parents. My surname is Mu, Mu Kangan.”

Mu Kangan introduced himself calmly.

The stairs were dark and narrow in such a dilapidated place. He almost fell. If it wasn't for his son, he would never have come here.

“Mu... Kangan... ah...”

Mrs. Wan thought of the “Mu Kangan” mentioned in the information just now and compared it to the well-dressed man in front of her, she felt as if she had been struck by lightning.

Oh my god, is this Mu Chenguang's father?

The future in-laws?

“Old man! Come here! Come here!”

When Mr. Wan heard his wife shouting, he came out to take a look. It was not very bright outside and he could not see her face clearly.

“He said he's Mu Kangan!” Mrs. Wan poked him.

“Mu Kangan?”

Father Wan was very surprised. He opened the door and took a closer look. He was shocked. He had seen this face before!

The other party had driven past the entrance of the music school the day before yesterday. The door he had opened back then had left a deep impression on him.

“Oh, I didn't expect Mr. Mu to suddenly visit. It's really unexpected! Mr. Mu, please come in! Please come in!”

Mr. Wan nodded politely and invited him into the house.

Chapter 2130: Only A Few Know The Truth

Mu Kangan walked into the small house. The two-bedroom house looked very crowded. Some parts of the wall had fallen off, making it look mottled and old.

He had asked someone to check on Wandou's family background in the past. His subordinate told him that the Wandou family was not very well-to-do and lived in the relocation area of the old city.

He had imagined the situation of the relocation, but he had never expected it to be so miserable. This was not like a place for living.

“Mr. Mu! Please have a seat! I'll make you some tea!”

Mrs. Wan patted the seat with her apron and invited him to sit.

“No need.”

Mu Kangan waved his hand. “I'm not here to chat about family. I'm here to discuss something with you two.”

“Please go ahead, Mr. Mu!”

Mr. Wan postponed his work to hear what Mu Kangan had to say.

“Do you know about your daughter Wandou and my son, Mu Chenguang?” Mu Kangan asked.

“I know, I know! The two children are good together! Chenguang is very polite. He is a very good young man,” Mrs. Wan praised.

“Since you know, then I'll keep it short. I can tell you directly that I don't approve of them being together.”

Mu Kangan went straight to the point.

Mrs. Wan was stunned when she heard this. She exchanged glances with her husband and asked in puzzlement, “Mr. Mu, why? The two children are very close together. Why do you object?”

“Don't you think that our families are not suitable for marriage? Moreover, you definitely don't know that our Mu family is planning to marry the Wen family. Therefore, I don't want any complications to arise in between.”

The marriage was not announced to the public, so only a few people knew about it.

Wandou's parents looked at each other. They did not expect such a thing to happen. Mrs. Wan could not understand the relationship between such powerful families. She only knew that now that her daughter had finally found a suitable partner, and as parents, they had to at least fight for the child.

“Mr. Mu, we've never heard of the marriage you mentioned before. I think parents should only give advice to their children at most. They can't decide for their children!”

Mrs. Wan was already being very tactful with her words. Even if she were to introduce someone to her daughter previously, it would only be arranged if her daughter agreed to it. She did not directly arrange for her daughter's marriage.

“I'm Chenguang's father. His marriage is naturally up to me!”

The way Mu Kangan acted as if he was the head of the family was difficult for Mrs. Wan to accept. However, he was used to being a dictator and said in a tone that he was used to, “I already know the situation of your family. Living in such a place, you definitely want to find a good family for your daughter. It's understandable that you want to get rid of the current situation.”

“But you did not consider the situation of the other party. If the Mu family and the Wan family were to become in-laws, it would not benefit Chenguang at all.

“If I remember correctly, you, Wan Dehai, guard the gates at a music school? Do you think our families are compatible?”

Mr. Wan lowered his head and did not speak. Mrs. Wan was very angry. “What's wrong with guarding the gates? We also live by our own hands. We don't steal or rob! Don't look down on a guard just because you have money!”

Mu Kangan snorted at Mrs. Wan's words. “I don't think a person who guards the gate can raise a good daughter. If she had a good upbringing, she wouldn't keep pestering my son.

“She pestered my son because of his family background. She wanted to use him to change the situation of your family. In the end, isn't it all for benefits?”
