

## Priceless 2131

### Chapter 2131: A Big Temptation

Mu Kangan took a deep breath and made the final statement. "How about this? If you're willing to persuade your daughter to leave my son, I can provide you with a new house and give you 500,000 yuan as compensation. How about it?"

Mu Kangan took out a bank card from his chest pocket and placed it on the table. "Here is 500,000. I can give it to you first and get my assistant to discuss the house with you later."

A new house and half a million in cash.

This was a huge temptation!

The couple looked at each other, and Mr. Wan finally said, "I'm sorry, Mr. Mu. I think the child's happiness cannot be measured by money or a house."

Mu Kangan's face darkened. "So you think it's too little?"

"No! It's not about money. If we want money, we can get a lot of money every minute. But we're not beggars, and we won't sell our daughter, nor will we use her happiness as a bargaining chip. No matter how much you give us, we won't take it!"

Mrs. Wan stood on the same side as her husband. "Yes! We won't take it! Take this card back!"

She picked up the bank card on the table and stuffed it back into Mu Kangan's hands. Then she pushed him out of the door. "Mr. Mu, please go home! Our altar is small and cannot accommodate a god like you!"

The door closed with a bang and the wooden door inside closed with a bang.

Mu Kangan was rejected at the door. He held the bank card in his hand tightly and pondered for a moment before leaving.

Back in the car, Mu Kangan asked his assistant, "Is the land in this neighborhood already under the Mu Group's name?"

"Yes, sir. It already belongs to the Mu Group."

"Very well, arrange for the demolition immediately. I want to make them desperate!"

"Yes!"

Wan family.

Wan Dehai and his wife sat at the table. After the conversation just now, the couple was livid.

"What the hell is that Mu Kangan?" Mother Wan gasped. "I hate people who look down on others. The child is good but the father is definitely not!"

"Sigh! It's all my fault for being useless! I've caused you and the child to suffer with me."

Wandou's father blamed himself. If he could be of some use, his family would not be living like this.

“Don't blame yourself. I never blamed you. Don't you have your reasons too?”

Mrs. Wan could understand her husband. Back when he was working for the Wen family, his arm was injured and he needed to recuperate for a few years. His old employer saw that he had contributed to the Wen family in the past and arranged for him to be a guard with light activities.

Mr. Wan thought for a moment and suddenly raised his head to look at his wife. He said, “Why don't we return the child? At least she won't be dragged down by us.”

“Wan Dehai, you bastard! How dare you return the child we raised! Wandou is my life! If you dare to tell her about her past, I'll kill you!”

Mr. Wan sighed. “I just feel that we shouldn't be too selfish. I'm useless and useless for the rest of my life, but I also want to let you and your child live a good life. So I feel that letting Wandou go back might not be a bad thing. At least, the Mu family won't look down on her. This marriage might still be possible.”

Mrs. Wan stopped talking. She sat at the table and kept crying. She couldn't bear to leave her daughter.

Wan Dehai finally stood up, picked up his bag and prepared to leave.

Chapter 2132: The Men Is Going To Do Bad Things To Her Again

Just as they were about to reach the door, Mrs. Wan pulled her husband back and begged with tears in her eyes, “Don't say it, please don't say it. I can't live without my daughter. If you send her away, I won't live anymore.”

“That's enough. Don't cry. A dragon has to return to the sea. If it's yours, it's yours. If isn't yours, you wouldn't be able to hide from it for a lifetime.”

Wan Dehai pushed his wife's hand away and walked out of the house without looking back. Mrs. Wan leaned against the door frame and kept crying.

In the apartment.

Wandou was woken up by someone's kiss early in the morning. Was it supposed to feel this scary?

Wandou pushed Mu Chenguang away and protested, “You've already asked for it a few times. Is that enough? I'm exhausted!”

“Not enough! I want more! I want to make up for what I've missed in the past few years!”

A certain someone started to work hard again.

After the wonderful morning exercise, Mu Chenguang got out of bed and washed up. After he got dressed, he saw that the girl on the bed was still frowning and struggling.

“If you can't get up, then don't. Go back to sleep!”

Mu Chenguang leaned over and planted a kiss on her lips.

“No, I can't go on like this! I have to work to earn money!”

Wandou did not want to be oppressed by this evil capitalist again. She had to go to his company to earn back all the money.

"I have such an ambitious wife. Should I be more depraved?"

Mu Chenguang scratched her nose and joked, "I suddenly don't feel like going to work. It's good to sleep at home."

"Go to sleep! I don't care if you go to work or not. I have to get up anyway!"

Wandou quickly got up. She was afraid that if she continued, the man would play tricks on her again.

"Help me get my clothes!"

Wandou felt that Mu Chenguang was too despicable. He had actually thrown her clothes away. Now that she got up, there was nothing to cover her body.

"Call me and I'll get it for you."

"Mu Chenguang!"

Mu Chenguang shook his head, expressing his dissatisfaction.

"President. Mu?"

"Mr. Mu?"

"Will calling you Chenguang do? Or do you want me to call you Honey Baby Husband?"

"Hey, that's right. Just one more!"

"Dream on!" Wandou pursed her lips and tried to hold back her laughter.

"Looks like the two of us still haven't figured out our family status last night, right? From now on, I call the shots in this family. You and the dog have to listen to me. If you don't know, let's go through it again! Let's see who's the dominant one in this family!"

As Mu Chenguang spoke, he began to pull his tie again. Wandou braced herself and shouted, "Hubby! That's enough right!"

"Louder! Why do I feel like there's some reluctance in it?"

"Hubby..."

"Hey, my good wife," Wandou said. "I'll go get your clothes now. Wait for me!"

Mu Chenguang was as excited as a child who had gotten candy. He was so happy in his heart. He felt that he and Wandou seemed to have found the love they once had.

Mu Chenguang opened Wandou's suitcase and realized that the clothes inside were all outdated. He sighed inwardly at how thrifty she was. She didn't know how to treat herself better.

She had not taken any of the clothes he had given her when they broke up. He had thrown them all away in a fit of anger.

Fortunately, he had already prepared clothes for her in advance. He found a light pink dress from the wardrobe, then found a suitable size underwear and brought it for her to wear.

"These are not my clothes!" Wandou exclaimed.

"It's something I prepared for you. Aren't you going to give me some face by working at your husband's company?"

Mu Chenguang smiled.

Chapter 2133: Lucky

"Alright, I understand. I won't embarrass you."

Wandou started to put on her clothes and rolled her eyes at him. "Hurry up and get out. Do you want to see me change my clothes too?"

"Yes!" Mu Chenguang smiled and left the room. He went outside to prepare breakfast. He only knew how to make simple breakfast, like toast, fried eggs, and warm a glass of milk.

Wandou tidied herself up and did not forget to put on some light makeup. She came out of the house and went to the kennel to see the little white dog. The little dog was very obedient. It licked her fingers and wagged its tail.

After looking at the puppy, Wandou went to the dining room and saw that Mu Chenguang was already sitting at the dining table. There was breakfast on the table and the man was holding his chin, waiting for her praise.

"You made this?"

"Ahem." Mu Chenguang raised his eyebrows.

"You can cook. So why didn't you cook at home? And hurt your stomach? Is there something wrong with you?"

The corner of Mu Chenguang's mouth twitched. He thought that he would be praised by the little woman for making breakfast. He did not expect to be criticized.

"There's nothing wrong with me. I just don't like it. What's there to do alone?"

He wasn't even interested in eating when he was alone. He didn't even tell her what kind of life he was living when they broke up.

He drank a lot every day. Only getting drunk could stop him thinking about her. That was why his stomach was damaged.

Mu Chenguang pulled her wrist and let her sit down beside him. "Okay, come and eat. This is the first time I've made breakfast since the beginning of time. Do you know how lucky you are? There are so many women who can't even get to eat it!"

Wandou was amused. "Yes, I'm really honored."

He took a bite of the toast and asked, "Is it good?"

"It smells good!"

After she took a bite of the fried egg, Mu Chenguang asked, "How does it taste?"

"Yummy."

After breakfast, Wandou drank all the milk in one go. Mu Chenguang was satisfied with her performance on the CD and did not forget to help her wipe the milk mustache on her mouth.

Wandou looked at him and tilted her head. "Why have you changed?"

"What's changed?" Mu Chenguang touched his chin and asked.

"Didn't you used to tease and abuse me? Why are you treating me so well now?"

In Wandou's memory, Mu Chenguang was a man that she loved and hated at the same time. He often liked to tease her and made fun of her.

Back then, when she was his assistant, she was really tortured by him.

In fact, he liked her performance!

He only teased her because he liked her.

After the breakup, Mu Chenguang had changed a lot. He was now mature and responsible.

He was being nice to her now because he was afraid that he would drive her away.

He really could not take the blow of losing her again. If they broke up again, he was afraid that he would never love her again.

"It's only right that I treat you well. Don't you like it? Or do you like being abused by me?"

Mu Chenguang raised his eyebrows as if he was implying something. Wandou could actually understand the deeper meaning behind his words. Her face immediately burned up. She couldn't help but curse "hooligan" and get up to leave the dining table.

Mu Chenguang also got up and chased after her. "Huh? How am I a hooligan? Tell me clearly."

Wandou helped him get his coat and car keys. "Okay, let's go. We'll be late if we don't go now."

Mu Chenguang put on his jacket and held her hand. "It's okay. I rarely go to work on time."

Chapter 2134: Not Wanting To Exposed Their Relationship

Mu Chenguang had been working in the music industry for a long time. Timing's were irregular when he was composing. That was why he could not sleep regularly. He had never gone to the company on time.

"Aren't you a little too carefree? Aren't your employees going to criticize you?"

Wandou felt that he was being too unconventional. He was not strict or disciplined at all. However, this was his style in the first place. He was a little carefree.

"Who dares say anything about me? Unless that person doesn't want to work anymore!"

“Fine! You're awesome!” Wandou praised, then said, “If we leave, what about the puppy?”

“Why don't you take it with you?”

“I don't think it's a good idea to bring a dog to work...” Wandou said.

“What do you mean it's not a good idea? It's fine as long as I say it's okay.”

Mu Chenguang picked up the dog cage and packed some dog food and toys. Then he held Wandou's hand and went to the company.

Mu Chenguang parked his sports car at the entrance of the company and got out of the car.

Wandou was in charge of carrying the dog cage. She followed him into the Morning Light Music Company.

Since it was the peak hour, there were many people who came to work. When they saw Mu Chenguang, most of them were surprised. They had never seen their president arrive at the company on time.

Mu Chenguang's appearance at the company building attracted a lot of attention. Many employees were discussing it in surprise.

“Oh my god, am I seeing things? Did I really see President Mu? Why is he here so early today?”

“Look at the woman behind Mr. Mu. Who is she?”

“I think she's helping President Mu with his stuff. She's his new assistant! Has President Mu started raising a dog?”

“Oh my god! A man who knows how to raise a dog is the most handsome! Our President Mu is simply too handsome! It makes me want to raise a dog too!”

“What breed of dog does Mr. Mu have?”

The employees of Chenguang Music, especially the female employees, were very happy that Mu Chenguang had come to the company on time for the first time. They even found out that the president was raising a dog.

Therefore, all of them went online to learn about dog breeds. They didn't want to embarrass themselves by flattering the wrong dog.

Thanks to the dog, all attention of female employees was diverted away today. Otherwise, Wandou would have definitely become the hot topic of discussion.

Now, she was just a lackey carrying a dog cage for President Mu!

They followed Mu Chenguang into the company. Many employees made way for them and let them get into the elevator.

When they were the only ones in the elevator with a dog, Wandou smiled and said, “Did you hear what those women said just now?”

“No. Did they say anything?” Mu Chenguang was not concerned about the others. His mind was on Wandou.

“They seem to be talking about you raising a dog. I should really thank this dog for successfully diverting everyone's attention away from me. Otherwise, they would definitely have guessed my relationship with you.”

Wandou was glad that she did not want to become a public enemy on her first day at his company.

“Let them guess. At most, I'll tell them that I'm your boyfriend and you're my girlfriend. We're dating,” Mu Chenguang smiled.

“Forget it! No!” Wandou did not want to expose their relationship in the company.

“Hey, why do you always have this attitude?”

Mu Chenguang stretched out his arm and pressed her against the wall in the elevator. There was a hint of anger in his eyes as he asked, “Are you that embarrassed to say that I'm your boyfriend? Why do you always have to be so sneaky? It's not like I can't let it be known!”

Chapter 2135: Still So Mischievous

“No, I still want to work hard and earn money. I don't want others to talk about me. I really don't have any intention of despising you!”

Wandou could feel that the man was being sensitive and suspicious. She quickly shook his arm and explained in a coquettish tone. The dark clouds on Mu Chenguang's face gradually dispersed.

When the elevator reached the floor, Mu Chenguang retracted his arm and walked out first.

Wandou followed them out with the dog cage.

This was Wandou's first time at Mu Chenguang's music company. The whole company gave her a very fashionable and forward-looking feeling. The wall was filled with murals of musical elements, and they were more casual and ostentatious.

The president's office was more like a collector's house. There were many priceless instruments displayed inside.

Wandou walked in and placed the dog cage in a corner to admire his office. Mu Chenguang turned around and smiled at her. “What do you think of my office?”

“Not bad. I didn't expect you to start a music company.”

“Are you regretting it now? Kicking me away back then because I was a musician?”

Mu Chenguang came over and put his arm around her shoulder.

When Mu Chenguang and Wandou first started dating, they did not reveal their real identities to her. Their family backgrounds weren't very clear either.

Therefore, Wandou only thought that he was a musician, and that he was filming a music video.

“What are you talking about?”

Wandou avoided his embrace and said, “Since I’m at work now, tell me, what do you want me to do? Remember last time you said that there was a problem with a singer in the company that needed some PR help with a problem?”

That was just an excuse. How could he bear to let her suffer? Mu Chenguang smiled and said, “It’s already been settled. Your job now is to accompany me.”

“What?”

“Yes. Look, this is a work table specially arranged for you. Sit here and accept my inspection anytime.”

Mu Chenguang showed her the seat. Wandou noticed that there was a cute nameplate on the table. On it was written a very funny position—the president’s sidekick.

The assistant was his assistant, and he was a little sidekick. Wandou did not know what to say about him. He was such a big person, yet he was still so mischievous!

Wandou sat down in her seat and thought for a while. She complained, “This room only lacks a flower vase, But if you do so, at least get someone as beautiful as Wen Shiyu. Having me isn’t that good!”

“Why not? You’re the best! Just one look at you is enough to motivate me!”

Mu Chenguang placed his hands on the table and stared at her meaningfully.

Wandou looked away from his burning gaze and urged, “Okay, hurry up and go do your work! Oh, right, at least find something for me to do. Otherwise, I’ll be bored to death working here.”

“Do you know how to write songs?”

“No.”

“Why don’t you try writing a song about the two of us? It’s like a prose poem. It’s best to rhyme it.”

Mu Chenguang had a plan. He wanted to use the content she wrote to create a song for her.

Wandou really felt that money was not that easy to earn. She still had to have some talent. She thought for a while and said, “Okay, okay, I’ll think about it first. You go ahead and do your work!”

After that, Mu Chenguang went back to work and began to deal with the things that he had accumulated. Occasionally, he would look up at Wandou.

Mu Chenguang could see her deep in thought as she wrote and drew on the paper. As long as Wandou was by his side, Mu Chenguang was in a good mood.

Not long after, a figure rushed in and called out anxiously, “Big Brother, Big Brother...”

Chapter 2136: Standing Together

“What’s up? For a moment, I thought you were going to lay eggs!”

Mu Chenguang knew who it was without even raising his head.

“Who is laying what eggs? How can you poke fun of your little sis this way?”

“Don't call me Big Brother when you're at the company. I've reminded you many times,” Mu Chenguang warned.

“I know. There are no outsiders here now. It's fine if I call you Big Brother now.” Xue Ziqi said fearlessly.

In fact, she hadn't known there was a third person in the office. Wandou, who was behind the door, had already seen everything and heard their conversation.

She found it strange. Xue Ziqi actually called Mu Chenguang “Big Brother”? Was he her real brother?

“Tell me the truth. Do you have a girlfriend?” Xue Ziqi asked.

“Who told you that?”

“Father! He asked me to persuade you to put your focus on the Wen family.”

“Hmph!” Mu Chenguang snorted.

Xue Ziqi asked again, “Don't worry, I'm on your side. I won't cheat you. Big Brother, tell me, who is the girl you like? I want to see what my future sister-in-law looks like.”

“You've seen her.”

“I've seen her before?” Xue Ziqi tried to recall who her brother's girlfriend was.

She couldn't tell who her brother was close to!

Mu Chenguang looked at Wandou and waved at her. “Wandou, come here.”

Wandou knew that he wanted to introduce her, so she did not hide. She walked over to his side.

It was only then that Xue Ziqi realized there was someone else in the room. She covered her mouth in surprise. She was even more surprised when she saw that it was the Miss Wandou she had known during their last meal together.

Mu Chenguang held Wandou's hand and pulled her into his arms. He let her sit on his lap, then hugged her waist and introduced her to Xue Ziqi. “This is your sister-in-law!”

Wandou nodded and smiled. “Hello, Qiqi. My name is Wandou.”

Xue Ziqi came back to her senses and laughed. “Oh my, I thought it was someone else! Miss Wan, I know you! Hello, I didn't expect you and my brother... Hehe... Not bad, my brother has good taste! I'll call you Sister Douzi from now on!”

The last time they had dinner together, everyone had gotten to know each other. Xue Ziqi knew that she had previously taken charge of Juxing's public relations department and felt that she was a very capable woman.

Now that she knew that Wandou was dating her brother, she was in full agreement.

However, Xue Ziqi was a little worried. "Brother, you've already made up with Sister Douzi. What about Dad? He's already arranged everything. The Mu family and the Wen family will meet tonight. Are you going?"

"Of course! I still have a task for you! Bring your sister-in-law to get styled in the afternoon. I'll bring her along tonight."

After Mu Chenguang finished speaking, he handed Xue Ziqi a gold card. Xue Ziqi understood his idea and picked up the card. She smiled and said, "No problem! Leave it to me!"

"Sis Douzi, you should accompany my brother for now. I'll get busy first." Xue Ziqi ran away happily.

There were only the two of them left in the room. Wandou asked curiously, "What's her relationship with you? Why is she calling you big brother?"

When Xue Ziqi had called Mu Chenguang "President Mu" in front of outsiders, everyone had thought that she was just a singer from his company.

In reality, it was at Mu Chenguang's request that their relationship wasn't made special.

Chapter 2137: Sweet Heart

"She's my sister, my biological sister. My parents divorced back then, and my mother only realized she was pregnant after the divorce. She took my mother's surname as Xue."

"Oh..."

Wandou learned that Mu Chenguang's mother was Xue Jinghui, the sister of Xue Zhengrong, a famous industrial investor in Peijing.

It turned out that the Mu family and the Xue family were related. Xue Zhengrong was Mu Chenguang's uncle.

"Is Xue Yating your cousin?"

"Yes."

"Oh my god! You guys are really impressive!"

When Xue Yating was mentioned, Mu Chenguang suddenly remembered something. "I just remembered that I have two tickets to her concert. We can go there together."

"She's going to hold a concert? I remember her leaving Peijing with Director An Xianming back then."

Wandou remembered the situation clearly. She had snuck into the hospital with Jing Xi and rescued Xue Yating. She was pregnant at that time. Under Jing Xi's arrangement, she had flown abroad with An Xianming and eloped.

After that, they had not contacted each other. Now, she suddenly said that she was going to a concert. It was unexpected.

“That was a long time ago. She went back to the country two years ago and has been focused on playing the piano. It was only recently that she was preparing to come out of retirement and hold her first concert. Our company is organizing the concert for her, so I will also attend it.”

Mu Chenguang explained.

“Then is she with Director An Xianming?”

Wandou understood, but she did not know what had happened between Xue Yating and An Xianming. Why had she returned to the country after that? Was their child okay?

“I’m not sure about the details either. You can ask him when we meet at the concert.”

Mu Chenguang had no idea what was going on and had to ask the person involved.

At this moment, a secretary came in to inform him, “Mr. Mu, there will be a senior management meeting in five minutes. It will be held in conference room number one.”

“Mm.”

Mu Chenguang looked at Wandou. “I’m going for this meeting. Are you coming with me?”

“I’m not going. I still have to continue writing lyrics. You go ahead! I’ll wait here with the puppy for your return.” Wandou knew that her job was not a real one, so there was no need for her to participate.

The main reason was that she did not want to cause him any trouble. If she followed him step by step, others would definitely gossip about her.

“Okay.”

Mu Chenguang grabbed the back of her head and kissed her hard.

After letting her go, he felt full of energy. “Okay, I’m leaving. I’ll be back later.”

The man took the documents and went out. Wandou sat in her seat in a daze. She had been kissed by him until her mouth was numb. It was as if an electric current had passed through her. Her heart was brimming with sweetness.

She continued to write the lyrics. Wandou had really spent a lot of time and effort. She wrote a lot of words but was still not satisfied.

When listening to a song, one would feel that the lyrics of a certain song were not very good. Now that it was his turn to try, he realized that it was really not easy to write a decent song.

After some time, footsteps came from outside. To be precise, it was the sound of high heels that disturbed Wandou.

Wandou looked up and saw Wen Shiyu in a red dress.

She came to the office to look for Mu Chenguang. But when she saw that the seat was empty, she was about to turn around when she unexpectedly saw Wandou at the side.

Their eyes met. One was calm and the other was surprised.

Wen Shiyu asked in surprise, "Why are you here?"

Chapter 2138: Not Giving In

"Why can't I be here? Do I need your permission?"

Wen Shiyu had already checked her information and had a general understanding of her. She also knew her name. She snorted coldly. "Miss Wandou, you might think too highly of yourself. What right do you have to sit in Chenguang's office?"

"It's up to the owner of the office to decide whether someone is qualified or not. It's not up to an outsider to bother."

"You..."

Wen Shiyu was furious.

Wen Shiyu tried to calm herself down. She thought about how this was Mu Chenguang's office. It would be bad if he heard anything she said. So a scheming look flashed across her eyes and she said, "Miss Wandou, come out with me. I have something to say."

"Why can't we talk here?" Wan Dou asked.

"Do you want to hear about your father?"

Wen Shiyu glanced at her, raised her chin, and turned to leave the office.

Wandou was not afraid of Wen Shiyu. She wanted to know what she was up to, so she followed her out.

They took the elevator and arrived at the underground parking lot. Wan Dou followed Wen Shiyu out of the elevator and asked, "Just say whatever it is you wish to say!"

Wen Shiyu stopped in her tracks and turned around. She smiled coldly and said, "I've already said it very clearly back then at the hospital, but it seems like you didn't take it seriously at all. Do you want me to reiterate it now?"

"Sure! I'm all ears!"

Wandou crossed her arms and waited to hear what she would say.

"Last time, I couldn't confirm your relationship with Chenguang. After I checked, your name is Wandou, and your father's name is Wan Dehai. You should know what your father is doing now, right?" Wen Shiyu stared at Wandou and said with a faint smile.

Wandou knew what she wanted to say and sneered, "Of course I know what my father does. What does this have to do with you? I don't know that so many people are concerned about my father's work."

"Hmph, he's just a security guard. You should've checked me out, right? Peijing Music Academy belongs to the Wen family. My great-grandfather founded the music school, and now my father is the fourth generation principal. And your father is now guarding the gates for our family. But you might not know this, but when he was young, he was a bodyguard for our family. So, your father used to be a lackey for our family, and now he's our gatekeeper dog, while you're just the gatekeeper dog's daughter!"

Before Wen Shiyu could finish her words, Wandou raised her hand and slapped her twice.

Pa! Pa!

The slap caused Wen Shiyu's body to crash into a car next to her. A few red marks immediately appeared on her fair cheeks.

Wen Shiyu covered her face and turned her head to look at him. She questioned him sternly, "How dare you hit me!"

"So what? You're asking for it! You can insult me, but I won't allow you to insult my father!"

Wandou glared at her fiercely. She would not lower herself to anyone anymore. She would not give in to anyone who wanted to bully her.

"Good, very good! You win! I'll remember these two slaps. I'll return them to you sooner or later! Just you wait!"

Wen Shiyu warned.

"Sure, I'll be waiting! If there's nothing else, I'm going back!" Wandou glanced at her and turned to leave.

Wen Shiyu stood where she was and stared at Wandou's back angrily.

After she disappeared from the elevator, Wen Shiyu shouted to the side, "Come out!"

A man ran over and called out respectfully, "Miss!"

"Did you take photos of me getting beaten up?" Wen Shiyu asked.

Chapter 2139: Continue

"Yes! I got it!"

The man showed her the video. After Wen Shiyu saw it, she was very satisfied and said, "Take a screenshot and send it to Uncle Mu."

"Okay."

Wen Shiyu narrowed her eyes, showing a hint of ruthlessness.

She wanted Mu Kangan to see what kind of woman Mu Chenguang had found. She did not believe that the Mu family would accept such a woman.

Wandou took the elevator back to her office. Mu Chenguang had just returned from his meeting. When he saw her, he frowned and asked, "Wandou, where did you go?"

"I just went out for a walk. Have you finished your meeting?"

Wandou did not tell him that Wen Shiyu had come to look for her just now. She just casually changed the topic.

Mu Chenguang held her hand and looked at her gently. "Yeah, I thought you ran away again."

“Where can I go? You're my temporary boss now. You have to pay me. If I run away, wouldn't I be stupid?”

Ever since Wandou decided to reconcile with Mu Chenguang, the confidence that love had given her had returned.

She could feel that Mu Chenguang cared for her very much and loved her very much. That was why she had the power to resist the secular world.

This time, she chose to turn back and choose him. She decided to walk down this path without hesitation.

No one could tear them apart unless Mu Chenguang stopped loving her.

“Okay, let's pack up. I'll take you out for lunch,” Mu Chenguang said.

“Just order some food.”

Mu Chenguang scratched her nose. “You really know how to save money for your boss. But I don't want to eat takeout anymore. I've been eating takeout for a few years. I'm about to puke.”

Under the man's urging, Wan Dou picked up her bag and left the office with him.

At noon, Mu Chenguang booked a western restaurant and they had a romantic lunch before returning to the company.

Xue Ziqi came to the office to look for Wandou when it was past four in the afternoon. “Sister Douzi, I'm here. Let's go!”

Wandou looked at Mu Chenguang and asked uncertainly, “Are you really taking me with you tonight? Is it not good?”

“Of course we have to go together! Hurry up and go with Qiqi! When you're done, give me a call. I'll go pick you up!”

“Got it.”

Since it was Mu Chenguang who brought her here, she would not be a coward anymore.

Wandou followed Xue Ziqi out of the house. They chatted about music and Xue Yating along the way. They realized that they had a lot in common.

Xue Ziqi first took Wandou to a shopping mall to buy clothes. After shopping at several stores, she finally found a dress that Wandou liked in an Italian women's clothing store.

Just as she was about to reach for it, a hand with a big red pill on it snatched it away. “I like this one!”

Wandou raised her head and saw that it was Wen Shiyu.

Wen Shiyu snatched the clothes and raised her chin, looking at her with a smug expression. She deliberately mocked, “Some people are born in pheasants. Even if they wear branded clothes, they won't become a phoenix. Don't waste god's gifts!”

She didn't know how the other party could be so coincidental that he appeared just as they were picking out clothes and even snatched the clothes she liked.

Wandou looked at her and hated her behavior. She did not say anything and went to get another dress.

But Wen Shiyu was one step faster. She rushed over and snatched the dress away. "I want this too!"

Xue Ziqi turned around and saw that Wen Shiyu had come, and she seemed to be arguing with Wandou. She quickly ran over and said, "Miss Wen, what are you doing? Whoever sees the clothes in this shop first will try them on. How can you steal everything?"

#### Chapter 2140: Humiliated

Wen Shiyu knew Xue Ziqi and knew that she was Mu Chenguang's sister. However, when she first came back to the country, she did not know Xue Ziqi's identity and had some conflict with her.

She treated Xue Ziqi as Mu Chenguang's girlfriend and humiliated her. From then on, the two of them became enemies.

It was only after she learned that Xue Ziqi was also Mu Kangan's daughter that she regretted it so much. She had tried many times to salvage their relationship, but Xue Ziqi was not convinced.

Now that she saw Xue Ziqi helping Wandou and standing on her side, Wen Shiyu felt very unhappy.

But she did not lose her face. She only said, "Qiqi, you're right! The clothes are displayed here. Everyone has the right to try them on. I'm just a little faster than her. How can it be considered stealing?"

Xue Ziqi glanced at her and turned to Wandou. "Sister Douzi, take a look at something else instead."

"Mm."

Wandou nodded and walked to another row of clothes racks to choose. In the end, Wen Shiyu followed.

Xue Ziqi did not say anything this time. She wanted to see how her future sister-in-law would deal with Wen Shiyu. At the same time, she also wanted to see how capable she was to win her brother's favor.

Xue Ziqi watched the show from the side.

Wandou continued to pick the clothes. She realized that as long as she touched one, Wen Shiyu would snatch it away. She had already carried a few pieces in her arms and was still trying to snatch them away.

In the end, Wandou swept a hand across all the clothes on the rack and pulled them off. She took all the clothes off the rack and threw them into Wen Shiyu's arms. She shouted to the store attendants, "Hey! Miss Wen wants all these clothes. Please pack them up!"

The two service staff quickly came over to serve her and helped take the clothes in Wen Shiyu's arms to the cashier. One of them asked eagerly, "Miss Wen, do you want all these clothes?"

Wen Shiyu had only snatched the clothes out of spite. She did not even try these clothes and had no intention of buying them.

Just as she was about to say no, Wandou added, "All of them! Miss Wen has money. What's a few pieces of clothing to her? She could buy the entire store if she wanted to! What are you all still standing there for? Quickly give her the bill and wrap them up!"

Wen Shiyu was so angry that her face turned black. The waiter quickly scanned her and quickly calculated the total price. "Miss Wen, it's a total of 2.5 million. Do you want to pay by card or phone?"

When Wen Shiyu heard this number, she was unhappy. Why did she just happen to pick 2.5 million? And she had been the one asking for it!

Wandou smiled and asked, "Miss Wen, don't tell me you didn't bring your card with you when you went out? It's fine even if you don't have your card. Do you also not have your phone with you? Do you want me to lend you mine so I can call your family and ask them to send you money?"

Wen Shiyu's face turned black, then red, then white, like a colorful disc. Finally, she took out a credit card from her wallet and slapped it on the table. "Use this card!"

After the service staff swiped the card, he said, "I'm sorry, Miss Wen, but your card is declined!"

"Declined?"

Wen Shiyu's face became even uglier. At the critical moment, it was really embarrassing to have her card get declined in front of a poor person.

"Wait! I have other cards!"

Wen Shiyu started to look for another bank card. "Try this one!"

"Miss Wen, the balance in this card isn't enough," the service staff replied.

"..." Wen Shiyu was so embarrassed that she kept on rummaging through her bag.
