

Priceless 2151

Chapter 2151: A Threat

"I got it, Mom. I saw on the news that the land in our old town has been bought. Is our house going to be demolished too?"

"That's right. The buyers have already visited us and urged us to move. But no one else has moved, and we haven't moved either. Your father and I want to wait for you to come back and discuss it."

"Okay, I know. I'll go back this weekend."

After hanging up, Wandou continued to work.

Wandou had learned a little about the management of Chenguang Music in the past two days. Now, her main task was to help the company's public relations department carry out some minor training and pass on her previous public relations experience at Juxing to the public relations team of Chenguang Music.

After the training was over, she would accompany Xue Ziqi for a recording when she had time. They were as close as sisters.

In Chenguang Music, many people knew that Wandou was their boss's girlfriend. She was the future lady boss. Everyone viewed her with respect.

However, many of the female employees were also heartbroken because the president already had a girlfriend. They would never have another chance!

Three days later, a guest came to the Wan family.

Li Mei'en brought her nephew, Li Liang, to the Wan family mansion. They brought a lot of gifts with them. The living room was almost filled with gifts.

It was Li Mei'en's first time in a slum like this. He felt that the place was very dirty and messy. He held back his disgust and said to the Wan parents, "Old Wan, and Mrs. Wan, look, we came here with sincerity today. We came specially to propose a marriage! This is my nephew Li Liang! His marriage is all up to me."

Li Liang was very cooperative and took the initiative to bow and greet them. "Hello, Uncle and Auntie!"

Li Liang was wearing a suit. He looked tall and strong, but his face was full of muscles. When he did not smile, it was a little scary.

Moreover, he did not come alone with Li Meien. Instead, he brought many of his men with him. All of them were fierce and vicious. People were crowding from the Wan family's door to the stairs.

Instead of saying that they were here to propose marriage, it was more like they were here to force an engagement!

"Did you see that? My nephew is a talented man. He's more than enough for your daughter."

Li Meien gave Wan Dehai a three-day deadline. But after learning that his daughter was still in Chenguang Company and spent all day with Mu Chenguang, it meant that Wan Dehai would not listen to her orders at all.

Since that was the case, she had to carry out the second plan—to knock on their doors and propose marriage.

Wan Dehai exchanged glances with his wife. Both of them were very embarrassed. In the end, Wan Dehai said, "I'm really sorry, Mrs. Dong. Our family is so poor. I really don't dare to befriend your Li family."

"Nonsense!" Li Mei'en chided. "You keep saying that you don't dare to marry into the Li family. Then why did you let your daughter marry into the Mu family? Or did you not persuade your daughter at all? In that case, this engagement shall be set!"

Mother Wan could not stand Li Meien's behavior and said angrily, "Mrs. Li, what era are we in now? How can you still force a marriage? Our daughter is free to look for anyone she wants! Please leave! Please take these things away too!"

Li Mei'en exchanged glances with Mrs. Wan and said, "Is this how you talk to me? Don't forget which family is providing for you? Whose house do you live in? Who gave you the money when you were in trouble? It's all the Wen family. Just one word from me and you'll lose your job! Do you believe that I can make you lose your job?"

Chapter 2152: Left With No Choice

The house was indeed provided by the Wen family many years ago. Even now, the title deed was not in their hands.

Therefore, if the Wen family took the house away, they would really have nowhere to stay.

It was said that one's mouth was short, and one's hands were weak. Now, both husband and wife were very angry, but they did not dare to say anything about Li Meien's actions.

Li Meien thought that she had stunned the Wan parents. She snorted and asked Li Liang to call for help.

Li Liang smiled as he bowed and called them "Dad".

"Let's leave it at that," Li Meien added. "We've already brought the gifts for the marriage proposal. Li Liang has also called for someone. From now on, the marriage between the Li and Wan families will be settled. Li Liang will be your future son-in-law. In a few days, I will arrange for Li Liang's parents to meet with you. Both sides will discuss the marriage further."

Li Mei'en left with Li Liang.

Li Liang had always been domineering because he had Li Meien's support. So now, she wanted him to marry the Wan family's daughter and he readily agreed.

Anyway, he was only marrying a wife. Marrying a wife would not hinder him from having fun outside.

After they left, Wan Dehai and his wife pounded their chests in anger.

Mrs. Wan kept wiping her tears and cried, "Oh, hubby, what should I do? The Li family is famous for being unreasonable. I don't want to marry Doudou to that kind of person."

Wan Dehai sighed deeply. "Honey, do you see now? We don't have the ability to protect Doudou anymore. I originally wanted to promise you that we would live a good life with Doudou if we don't talk about that matter for the rest of our lives. But now that we've met such a bully, I'm afraid Doudou will be the one getting hurt in the end."

Mrs. Wan's heart ached as if it was being cut by a knife. Her tears kept falling. "Sigh, what kind of sin is this?"

She was extremely unwilling to send her daughter away. But if she did not do so, they were really afraid that her daughter would be harmed.

In the end, Mrs. Wan sighed and said, "Fine, go ahead! I won't stop you. As long as it's for Doudou's good, I can bear it."

The couple had just decided when another group of people arrived outside. They were all in charge of the demolition.

"Master Wan, let's remind you one last time that you can only stay here until Sunday at the latest. You'd better find a place to move out before Sunday. Otherwise, the excavators will come and tear down the house directly."

After these people left, Mrs Wan slumped onto the table and cried. She suddenly felt that there was no hope in life.

Not only was she going to lose her daughter, but she was also going to lose her home!

When Wan Dehai saw that his wife was sad, he blamed himself even more. As a man, he could not give his wife and child a stable life. He felt that he was really a failure.

If it wasn't for Li Mei'en, Li Liang, and the people from the demolition office who kept coming to their door to force them, Wan Dehai and his wife would not have made the decision to tell them something that had been kept a secret for more than twenty years.

The next day, Wan Dehai was on duty at the Music Academy. He had been paying attention to a certain direction outside the main gate.

It was not until a luxurious black car drove over and stopped in front of the school gate that Wan Dehai opened the gate.

The back window rolled down and Wen Zhehan sat in the back seat. When he saw Wan Dehai, he greeted him as usual, "Good morning, Old Wan!"

"Good morning, Mr. Wen. Are you free? I want to talk to you about something. It won't take long," Wan Dehai said.

Wen Zhehan did not know that Huo Yunshen was looking for him, but he still nodded. "Come to my office later."

“Yes, Mr. Wen.”

Chapter 2153: Don't Want To Talk About The Past

Wan Dehai watched as the car drove into the school.

Ten minutes later, Wan Dehai knocked on the door of the principal's office and entered.

“Sir!”

“Come here, Old Wan. I've just made tea.” Wen Zhehan sat in front of the sofa and waved at Wan Dehai to let him sit in front of him.

Wan Dehai sat down in front of him. Wen Zhehan personally poured a cup of tea for him and placed it in front of him. He asked, “Old Wan, what's the matter?”

Wen Zhehan thought of his daughter, Wandou, and Mu Chenguang, but he wasn't sure if that was why he was looking for him.

“Sir...”

Wan Dehai was wondering where to start.

“Did you run into some trouble? Are you short of money? How much do you need?”

Wen Zhehan was a very strict person at work, but he was very broad-minded towards his friends. He would never look down on him because of his lowly status. On the contrary, as long as a friend was in trouble, he would help them unconditionally.

This was also the reason why Wan Dehai had always been willing to follow him. He still trusted his old employer very much.

“No, no, no, sir. I'm not here to borrow money from you. I'm here to return you a treasure.”

Wan Dehai said.

“Give me back my treasure? What treasure?” Wen Zhehan was puzzled. He didn't seem to have lent Wan Dehai any antiques.

“Sir, I'm afraid you'll blame me again!”

Wan Dehai was worried that Wen Zhehan would blame him for hating him.

“That's enough. We've been friends for decades. Don't stand on ceremony with me. Just say it!”

“Then I'll tell you!”

Wan Dehai took a deep breath and said, “Sir, do you still remember when Madam had a difficult labor 26 years ago?”

Wen Zhehan frowned when he suddenly heard Wan Dehai mention what happened 26 years ago. “I remember, but why are we talking about this today? You know I don't want to talk about the past anymore!”

Wen Zhehan would never forget that 26 years ago, his first wife passed away due to a difficult labor. The daughter he gave birth to only lived for three days before dying.

It was a painful memory that he did not want to recall. Every time he thought of it, his heart would ache.

"I know. Please let me finish."

Wan Dehai knew that Wen Zhehan had always treated this matter as a taboo and did not allow anyone from the Wen family to mention it again. However, what he wanted to say today had to start from 26 years ago.

"26 years ago, Madam passed away due to a difficult labor. The girl she gave birth to only lived for three days before dying. At that time, Sir was too sad and ordered me to take care of the child's funeral. Actually... actually, the child didn't die..."

"What? The child is still alive?"

Wen Zhehan suddenly grabbed Wan Dehai's wrist and asked in disbelief.

"Yes, she's not dead. At that time, we all thought she was dead. I took her away, but when I was about to bury her, I realized that she still seemed to be breathing. So, I didn't bury her."

Tears streamed down Wan Dehai's face as he recalled the past.

When Wen Zhehan learned that his daughter was still alive, his eyes turned red with excitement. He asked anxiously, "What happened after that? Where's the child?"

"I brought the child back. I wasn't sure if she could survive. I went back to look for my lover and we went to the hospital together. The doctor saved the child.

"You might not know this, but my lover is infertile. We've always wanted a child, so we took the child back and raised her for a while. When we developed feelings for the child, we couldn't bear to return the child.

"That's why that child has been living with us until now..."

Chapter 2154: Unbelievable

After Wen Zhehan heard that, he thought of Wandou, whom he had met at the hotel that night. He thought of Wandou's familiar face and felt an indescribable sense of familiarity. He seemed to have found the answer now.

"You mean... your daughter... she is..."

Wen Zhehan could not believe it. He was so excited that tears were flowing out of his eyes and his voice was a little choked.

He could not believe that his daughter, who had died 26 years ago, was still alive and had always been by their side.

"I'm sorry, I'm sorry, sir. It's all our fault for being so selfish and letting the child suffer for so many years. If you want to blame someone, blame me!"

Wan Dehai kept apologizing and was filled with regret.

“Forget it. How could I blame you guys? You guys took good care of the child and treated her as your own. I should be grateful.”

Wen Zhehan was telling the truth. He had already asked them to take care of the child who had died prematurely. Therefore, the child no longer belonged to him.

It was like losing a piece of jade. Whoever picked it up would get it. It was very understandable.

“But you've raised her for 26 years,” Wen Zhehan said. “You could've kept it from me. Why are you telling me now?”

Theoretically, they had been raising him for so many years. If they wanted money, they could have asked him for it long ago. They did not have to wait until now.

If he suddenly said it now, did he encounter some difficulties?

“I'm sorry. I didn't want to bring it up, but I really have no choice now.”

After that, Wan Dehai told Wen Zhehan that Wan Dou and Mu Chenguang were in a relationship, but it also involved the marriage between the Mu and Wen families. Now, the Li family wanted to force the marriage.

Wan Dehai wiped his tears and said, “It's precisely because Madam wants to help Wandou get married. I was afraid that Wandou would suffer, so I had no choice but to bring the matter to light.”

Wan Dehai was talking about Wen Zhehan's second wife, Li Meien.

After Wen Zhehan understood the whole story, he was very angry. He was very disgusted by his wife's actions.

“Don't worry, I'll take care of this for you!”

“As for Wandou, you should know what I'm thinking now that you've told me the truth, right?”

“I know. If you want your daughter back, both of us will agree. She is your daughter after all. She will only continue to suffer if she follows us.”

Wan Dehai was reluctant, but he had no choice.

“Yes. I'm going to do a test first and then arrange a time to bring her back.”

Since Wen Zhehan knew that his daughter was still alive, he would not let her wander outside.

“I know. I've already thought about it. Sir, this is Wan Dou's baby hair. Here, this can be used for the test.”

Wan Dehai handed a red pocket to Wen Zhehan. Wen Zhehan took it from him and opened it. It was a red velvet ball with some strands of hair.

“Thank you, Old Wan. I really want to thank both of you. Don't worry. When I reunite with my daughter, I will definitely not mistreat you.”

Wen Zhehan planned to repay the kindness of Wan Dehai and his wife.

“No, we don't want anything. We only hope that you can protect Wandou and let her live a happy life with the person she loves.”

“I know. Don't worry!”

After talking to Wen Zhehan, Wan Dehai left the office and returned to his post.

Chapter 2155: Secretly Jealous

The secret that they had been hiding for 26 years was finally revealed. They felt as if a stone had been lifted from their hearts. Especially since they could gain Wen Zhehan's forgiveness, it was also a kind of relief for them.

But the thought of having to return his daughter to her rightful father made his heart ache.

Chenguang Company, lunch break.

Wan Dou and Mu Chenguang were playing with the puppy. They had already named it Pudding.

“Pudding, come here! Come to daddy!”

Mu Chenguang extended his hand towards the puppy. Pudding wagged its tail and looked at him for a while before running towards Wandou.

“Hahaha, Pudding loves Mommy, right?”

Wandou picked up the puppy and touched its face with her nose.

Seeing that Wandou was so nice to the puppy, Mu Chenguang felt a little jealous. He suddenly said, “Wandou, let's not raise a dog.”

“Why?”

Wandou put down the puppy and asked.

“I feel that ever since I had Pudding, my status in our family has clearly suffered. You treat the dog better than you treat me. I object!” Mu Chenguang joked.

Wandou did not know whether to laugh or cry. “Can an adult like you not be calculative over a little puppy?”

“No.”

Mu Chenguang's face darkened. The young master was being jealous anyway.

Wandou pulled on Mu Chenguang's tie and kissed him. “Pudding is just a dog. You will always be number one in my heart.”

Mu Chenguang suddenly tasted the sweetness and was overjoyed. Wandou gently kissed him and then let go of him. But Mu Chenguang held her back, held her head, and kissed her again.

When Xue Ziqi came to look for her brother, she happened to see this scene and subconsciously raised her hand to cover her eyes. “Oh my! Oh my god! My eyes are burning! Pudding, hurry up and leave! Don't choke on the dog food!”

Hearing Xue Ziqi's voice, Wandou quickly pushed Mu Chenguang away. Mu Chenguang shot a sharp look at her, secretly hating his sister for being so insensible and deliberately ruining his moment.

“What are you doing here? Hurry up and get out!”

Mu Chenguang regained his composure and Wan Dou quickly carried Pudding back to her kennel.

“Brother, I have to go to the show tonight, but my assistant is on leave today. No one is helping me with my makeup. Who should accompany me?”

Xue Ziqi asked.

Mu Chenguang replied, “Go find Linda and ask her to arrange it for you.”

Wandou took the initiative and said, “Why don't I go with Qiqi? I have nothing to do today, and I know how to put on makeup.”

Xue Ziqi grabbed Wandou's arm happily when she heard that. “Okay, okay, okay. Let Sister Douzi accompany me. When my performance ends, I still want to go shopping and eat with Sister Douzi!”

Mu Chenguang looked at Wandou, who gave him an affirmative look. Mu Chenguang had no choice but to agree. “Okay! You two be careful. Take good care of your sister-in-law. Call me if anything happens.”

“Don't worry, I'll take good care of her.”

In the afternoon, Wandou accompanied Xue Ziqi to the TV station. Xue Ziqi was going to participate in a rehearsal for a show, and there would be a live audition today.

They arrived at the elevator in the TV station building. There was a group of people waiting for the elevator. The other party seemed to be very famous and had many assistants and bodyguards with him.

The elevator arrived and the group of people went in. Wan Dou and Xue Ziqi also entered the elevator together. Xue Ziqi accidentally stepped on someone with her high heels.

“Tskk! Are you blind?”

The man gasped in pain.

Chapter 2156: Let Your Ability Do The Talking

Xue Ziqi looked up and saw a girl dressed like a punk. She immediately recognized her as the newcomer that another music company was promoting recently—Liu Jiajia.

They debuted almost at the same time and were competing for the spot of the most popular newcomer in the music industry. They were competitors.

“Sorry, I didn't notice. I'm really sorry!”

Xue Ziqi quickly apologized. The elevator was already crowded. She wanted to move away, but she could not.

The two of them had their arms on each other. It was impossible not to have friction between them.

Liu Jiajia had also recognized Xue Ziqi. The two of them had always been in fierce competition with each other on the Newcomer Rankings. Now that she saw her rival in person, she glared at her darkly. "I think you did it on purpose!"

"I really didn't do it on purpose!"

Xue Ziqi explained a few times, but the other party did not buy it.

Just like that, the two rookie singers started to fight in the elevator. In the end, Xue Ziqi was annoyed and directly said, "Fine, fine. I deliberately stepped on you. What do you want?"

Liu Jiajia raised her eyebrows and was about to flare up. However, the elevator doors happened to separate and there were many television station staff outside. In order to not leave a bad impression, she restrained her temper.

When leaving the elevator, she didn't forget to shoot Xue Ziqi a warning look.

Only Wandou and Xue Ziqi were left in the elevator. Xue Ziqi wrinkled her nose at Liu Jiajia and mumbled, "Hmph, big deal!"

"Let's go, Qiqi. Don't let this small matter affect your mood." To Wandou, this kind of small conflict was nothing. There was no need to take it to heart.

The two girls walked out of the elevator together and went to the TV station. They found the relevant person-in-charge and after confirming the procedure, they went to the backstage dressing room to prepare for their makeup.

There was a huge dressing room for the whole show. When Wandou and the others arrived, there were already many celebrities who were anxiously putting on makeup and styling themselves.

Liu Jiajia had already sat down in front of the dressing table. Her stylist and makeup artist were helping her with her makeup.

Wandou and Xue Ziqi found an empty spot behind Liu Jiajia.

Wandou placed their bags in the storage compartment on the wall and started to help Xue Ziqi put on her makeup.

Xue Ziqi stared at the mirror as she put on her makeup and said, "It's really a small world indeed. To think that I would be placed after her performance. I'm feeling some pressure now."

Wandou knew that Xue Ziqi was talking about Liu Jiajia, who was diagonally opposite her. She had seen the schedule just now and knew that their segments were very similar. The TV station could only choose to keep one of them, so it would be crucial for the rehearsal later.

"Don't worry. You can let your ability do the talking."

Wandou had heard of Liu Jiajia's songs and Xue Ziqi's songs. The two singers had different singing characteristics, but she felt that Xue Ziqi's voice was better. As long as Xue Ziqi performed normally, she would definitely not lose to Liu Jiajia.

Half an hour later, most of the artists were done with their makeup and gathered backstage, ready to go on stage.

“Let's go and familiarize ourselves with the stage environment.”

Wandou accompanied Xue Ziqi out of the dressing room. When they walked out, Xue Ziqi realized she had left phone on the dressing table and said, “Oh no, I forgot my phone.”

“Don't worry, I'll go get it for you.”

Wandou turned around to get her phone and happened to see something.

Only Liu Jiajia and her entourage were left in the dressing room. Moreover, she also saw someone rummaging around in front of the storage compartment.

When that person saw someone coming, he left with Liu Jiajia.

Wandou saw Xue Ziqi's phone on the dressing table and picked it up. Just as she was about to leave, she felt something was amiss.

Chapter 2157: Too Threatening

Wandou realized that her and Xue Ziqi's bags had been touched by someone.

Strange!

Why did Liu Jiajia touch their bags just now?

The recording officially began. It was Liu Jiajia's turn to go on stage. Xue Ziqi and Wandou sat below the stage to watch.

Liu Jiajia was indeed very capable. Her singing was very infectious. After she finished singing, everyone cheered.

“Qiqi, it's time for you to get ready to go on stage. Don't be nervous. Just sing your own song well,” Wandou encouraged.

“I know, Sister Douzi. Help me hold my phone.”

Xue Ziqi lifted her dress and went up the stage from the side. Just as Liu Jiajia came down from the stage, the two met on the steps. Their eyes met in the air and Liu Jiajia's lips curved into a cold smile.

Xue Ziqi glanced at her and ignored her. She walked onto the stage calmly and began her performance.

Xue Ziqi's routine was a song and dance. At the same time, there were a few other dancers performing with her. This was more difficult than simply just singing.

But Xue Ziqi was born for the stage. As soon as the music started, she could move every cell in her body along to the rhythm.

If Liu Jiajia's voice was infectious, then Xue Ziqi's performance was even more exciting.

When Xue Ziqi's performance ended, everyone stood up and cheered for her. Xue Ziqi came down from the stage and hugged Wandou.

Not far away, after Liu Jiajia saw Xue Ziqi's show, her face darkened even more. What a strong opponent. She was a huge threat to her!

As expected, Xue Ziqi was the one who announced that Liu Jiajia had been eliminated.

Xue Ziqi hugged Wandou happily and went back to the dressing room to remove her makeup. The real performance would begin three days later at Peijing Stadium.

At this time, many people in the dressing room were removing their makeup. It was a busy scene inside.

Liu Jiajia was also sitting in her seat, but she was not in a good mood. It could be seen from her expression.

Her makeup artist was helping her remove her headdress. She suddenly cried out in pain from her hand being accidentally tugged on. "What the hell? Don't you know how to do your job?"

The makeup artist kept apologizing, not daring to offend her.

Xue Ziqi saw this scene and her mouth twitched. She always felt that this newcomer Liu Jiajia was very good at acting like a big shot. Her temper was also bad and anyone who worked under her might become her punching bag.

Wandou began to remove Xue Ziqi's makeup. Just as she was about to remove her headdress, a group of people in uniforms came to the dressing room.

A few policemen appeared at the door. Many people turned to look at the source of the voice. Wandou and Xue Ziqi also turned their heads to look. They did not know what had happened.

The police came in and scanned the room with a serious look. "May I know who is Xue Ziqi?"

"I'm Xue Ziqi. What's wrong?"

"We've received a report that you're suspected of possession of drugs. Please cooperate with us for a search!" The police showed a search warrant.

Xue Ziqi immediately stood up from her chair and argued, "Police officer, are you mistaken? How could I possibly hide drugs?"

"Please cooperate with us as we do a search!"

A female officer came over and asked Xue Ziqi to stand up and do a body search.

Xue Ziqi looked at Wandou anxiously. Wandou said to her, "Don't be afraid, Qiqi. Let the police take it! We've never done anything wrong. We're aren't afraid since we are innocent!"

Chapter 2158: Unreasonable

After Wandou finished speaking, she turned to look at Liu Jiajia, who was standing at the side. She could clearly see a hint of joy on her face.

Xue Ziqi listened to Wandou's advice and asked the police to search her body in front of everyone. The policewoman searched her body but did not find anything suspicious. She then requested, "Miss Xue, please pass us your bag too. We want to check it!"

Xue Ziqi went to the cabinet and took out her bag. She handed it to the policewoman. The policewoman began to check the things in her bag. Many people stuck their heads out, curious to see what was going on.

The policewoman searched for a while and finally found a small transparent bag in Xue Ziqi's bag. There was some white powder in the bag, and anyone with eyes could tell what was inside.

"What is this?"

The policewoman asked Xue Ziqi as she held the bag in her gloved hand.

Xue Ziqi was stunned. She had never touched something like that before. How could there be something like this in her bag?

"I don't know! I really don't know!"

Xue Ziqi kept shaking her head.

"The evidence is conclusive. Please follow us back to assist in the investigation!"

The policewoman also concluded that this substance definitely wasn't lawful, so she immediately ordered her men to take Xue Ziqi away.

Liu Jiajia crossed her arms and looked coldly at the scene in front of her. She was very pleased in her heart. As long as Xue Ziqi was taken away, her participation in the program would definitely be canceled. And she, Liu Jiajia, would naturally become the first substitute and have the chance to participate in the program again.

When the two policemen came over, Wandou stepped forward in time and said, "Mr. Policeman, please wait. I have something to say."

The policeman stopped and gave her a chance to speak. "Mr. Policeman, I'm Xue Ziqi's assistant. I know her private life very well. She has never touched anything like that, so it's even more impossible for her to possess drugs. Also, are you sure that whatever you found are drugs?"

"This white powder..." The policewoman opened her palm and looked at it.

Liu Jiajia took the opportunity to add insult to injury. "Officer, anyone can tell this is definitely a drug at once glance. I was the one who made the call just now. I saw with my own eyes that they were hiding the drugs."

Wandou glanced at Liu Jiajia and scoffed inwardly. Without batting an eyelid, she spoke up. "Officer, it is true that it is white powder, but it could also be something else. For example, flour, sugar powder, or

scattered powder. If I remember correctly, this bag is filled with scattered powder. If you don't believe me, please examine it on the spot!"

Xue Ziqi did not know when Wandou was talking about it. She only knew that Wandou was trying to help her, and she was not sure if it was really powder in it.

She was already drenched in cold sweat.

"How could it be powder? Is she still trying to deny it at such a time?"

Liu Jiajia sneered. She wanted to see how they could fool the police.

The police wouldn't jump to conclusions without a good reason. After listening to Wandou, the policewoman opened the bag and sniffed. A faint fragrance came out. It really didn't smell like it.

She then asked someone to bring over a professional tool for a simple test. In the end, she explained, "It is indeed powder scattering. I'm sorry, I made a mistake in my judgment just now. I apologize to Miss Xue Ziqi. But if you use this bag to store powder, it will easily cause a misunderstanding. Be careful next time!"

Chapter 2159: She Was Scared

"Thank you..." Xue Ziqi hugged Wandou happily.

"How is that possible? Mr. Policeman, you must be mistaken! I'm sure she has drugs in her bag."

Liu Jiajia was depressed. It had clearly been drugs. How had it become powder?

Wandou looked at Liu Jiajia and asked, "Miss Liu Jiajia, the police have already tested it and confirmed that it is not. Why are you messing around? Also, I want to ask you, why are you so sure that the stuff in Qiqi's bag is definitely drugs?"

"I got..."

Liu Jiajia realized that she had almost spilled the beans and promptly shut her mouth.

The police officers thought that it was a misunderstanding. Just as they were about to pack up and leave, Wandou stopped them. "Officers, please wait! It was Liu Jiajia who reported it and she insisted that Xue Ziqi was hiding drugs, you guys have also searched her bag. To be fair, please search Miss Liu Jiajia's bag too!"

Hearing this, Liu Jiajia was unhappy. "Why? Why should you search my bag? My bag doesn't have that kind of thing!"

"Why are you afraid if you have nothing to hide? You probably have a guilty conscience if you aren't willing to be searched!"

Wandou then said to the police, "Officers, I suspect that she was the one who hid the drugs. She wanted to deliberately change her target and take the opportunity to frame our company's artist, Xue Ziqi. It's obvious that she's trying to make an accusation. So, officers, please search her. This is only fair!"

With Wandou's reasonable request, the police officers agreed to do a body search on Liu Jiajia.

After searching her body, she did not find anything. Liu Jiajia raised her chin and looked at Wandou and the others smugly.

The next step was to search the bag. Liu Jiajia personally took the bag and let the police officers search it. "Go ahead and search! I've never touched that kind of thing before. It's definitely impossible..."

Before Liu Jiajia could finish her sentence, the police had already found a packet of white powder in the inner pocket of her bag. It looked similar to the packet of powder Xue Ziqi had found in her bag.

"Found it!"

The policewoman took out a small bag and showed it to the people at the scene. When Liu Jiajia saw this, she panicked and immediately argued, "No, that's not mine. It can't be in my bag! You must be mistaken!"

The policewoman would not jump to conclusions. Instead, she used a tool to check.

"It's a controlled substance!"

"No! It's impossible!"

It was Liu Jiajia's turn to go crazy. She wanted to come up and take the thing away and destroy it, but she got her way.

"You're Liu Jiajia, right? You're suspected of drug possession. Now that the evidence is conclusive, please come with us!"

Two police officers came and took Liu Jiajia away.

When Liu Jiajia was taken out of the house, she turned around and glared fiercely at Wandou and Xue Ziqi. She said hatefully, "It was you... trying to get me in trouble..."

After she was taken away, the dressing room was restored to its original order. Everyone was discussing the incident just now.

A celebrity would have their future ruined if they were involved with drugs. Xue Ziqi was scared just thinking about it. She grabbed Wandou's hand and said, "Sister Douzi, if it wasn't for you just now, I would be finished!"

"It's fine now. Let me fix your hair. Let's go head back together after this."

"Mm."

After packing up, Xue Ziqi also changed out of her dress and left the TV station.

On the way back, Wandou told Xue Ziqi what had happened. Only then did Xue Ziqi know what had happened.

Chapter 2160: Do You Require Free Labour?

It turned out that after Xue Ziqi and the others left the dressing room, Wandou came back to get her phone. She saw Liu Jiajia and the others in the dressing room, and one of them seemed to have stayed in front of the locker for a while.

After those people left, Wandou noticed that Xue Ziqi's bag seemed to have been touched by someone. When she had placed it on the top, it was not in that position.

She opened Xue Ziqi's bag and found a packet of white powder in it.

Based on her past experience as a PR artist, she had smelled the powder and confirmed that they were a pack of drugs.

Wandou immediately understood that Liu Jiajia was trying to harm Xue Ziqi in secret. So she beat her at her own game and put the drugs back into Liu Jiajia's bag. Then she replaced the box of powder and put it into Xue Ziqi's bag.

And then came this next scene.

After Xue Ziqi figured it out, she hugged Wandou again. "Sister-in-law, you're really my real sister-in-law! You saved my life, you know? If you hadn't come with me today, I would've died!"

Now, Xue Ziqi completely treated Wandou as her sister-in-law. She no longer called her Sister Douzi. The more she interacted with her, the more she felt that Wandou was especially good. She was really too suitable to be her sister-in-law.

"That's nothing. The entertainment industry is full of schemes. No matter where you go in the future, you have to be more careful and not trust anyone easily."

Wandou warned.

"I know now. You can't harm others, but you can't let your guard down. I learned a lot today!"

Xue Ziqi grabbed her arm and said with a smile, "All right, no matter what, it was a false alarm today! Let's go eat first to calm ourselves down, then go shopping, okay?"

"Okay."

The two girls went for a barbecue and left the restaurant. They discussed going to the nearby shopping center.

They were two blocks away from each other. They were talking and laughing as they walked forward.

Xue Ziqi passed by a beverage shop on the street and said, "Sister-in-law, there's a beverage shop over there. Wait here for a while. I'll go buy two drinks. I'll buy you a drink."

"I'll go buy it!"

"That won't do. You've helped me a lot today. I have to treat you to a drink!"

Xue Ziqi smiled and ran towards the road.

Wandou was waiting for her when a call came in. She picked it up and saw that it was from Mu Chenguang.

Wandou picked up the phone and Mu Chenguang asked her what she was doing.

Wandou told him that she had just eaten and was planning to go shopping at the shopping center.

“Do you require free labor?” Mu Chenguang asked.

“Are you coming to shop with us?” Wandou asked with a smile.

“Of course. Isn't it only right to go shopping with your wife?” Mu Chenguang said as he drove out of the company. The car was already on the way. After confirming the location Wandou and the others were going to, he drove over.

Wandou hung up the phone with a sweet smile on her lips. When she looked up again, she saw a group of people coming over.

She subconsciously took a few steps back to give way to those people, but they stopped in front of her and surrounded her.

“What do you want?”

Wandou felt that something was wrong. These people were all staring at her. They were obviously coming for her.

“You're Wandou, right?” one of them asked.

“No, you've got the wrong person!”

Wandou felt that the other party was not a good person. She turned and wanted to run away, but the other party grabbed her shoulder. “She is Wandou. Don't waste your breath on her! Take her away! Our boss wants to see her!”

“Hey... let go of me! Who are you? Let go... Help...”
