Chapter 2161: Foster Relationship

Translator: Atlas Studios Editor: Atlas Studios

Wandou was taken away by these people while Xue Ziqi was buying two drinks. When she came back, she happened to see Wandou being taken away. She was so frightened that she immediately dropped the drinks in her hand and ran after her.

However, these men drove an SUV. They stuffed Wandou into the car and closed the door.

Xue Ziqi got into a taxi and asked the driver to follow the SUV.

Then she called her brother immediately to report the situation. "Hey, brother, where are you now? Come quickly! Sister-in-law has been abducted!"

"What? Who abducted her? Where are you now?"

"I don't know who they are, but they are driving. I've called a taxi to follow them. The direction... is Qingming Road..."

"Okay, I'll be right there! Don't hang up your phone!"

Mu Chenguang kept Bluetooth on the phone and turned the car around, heading in the direction Xue Ziqi had said.

The SUV passed by Qing Ming Road and headed south. Finally, it stopped in front of a bar.

The taxi arrived shortly after. Xue Ziqi got out of the car and watched as the people brought Wandou into the bar.

Xue Ziqi was alone and did not dare to fight them head-on. She could only follow them secretly to confirm where they were taking Wandou.

Wandou was brought into a private room in the bar. The light in the room was not very bright, and it was filled with music and the strong smell of alcohol.

After she got used to the light, she saw a man with a greasy head and flour face sitting on the black sofa. The man was flirting with two women who were sitting next to him.

At this moment, the leader reported to the other party, "Young master, she's here."

The man called Young Master turned around and saw Wandou standing at the door. He immediately chased the two women beside him away.

When Wandou saw the person's face, she was shocked. She recognized the person in front of her. It was Li Liang!

The nephew of Principal Wen's wife, Li Meien, had cheated quite a few female students in the school and even made them pregnant. In short, his character and character were not very good.

Wandou was puzzled. Why did he bring her here?

Li Liang stood up and looked Wan Dou up and down. He did not expect the daughter of the Wan family to be so beautiful. His eyes sparkled. "Are you Wandou, the daughter of the Wan family?"

"I am. Why did you call me here?"

Wandou asked warily.

"You know me?" Li Liang was a little surprised. He rubbed his hands together and smiled. "I didn't call you here for anything else. I wanted to ask, did your parents tell you?"

"Tell me what?" Wandou asked, puzzled.

"Didn't they say? The Li family came to propose marriage that day. Your parents have already agreed to marry you to me. I'm now your fiancé."

Li Liang explained the situation. When Wandou heard this, her face went numb. "What did you say? You came to my house to propose marriage? You want me to marry you? How is that possible?"

Wandou refused to believe it. If this was true, why didn't her parents tell her?

"Looks like your parents definitely didn't tell you, but this is absolutely true! Your parents even took care of the dowry. How could they not tell you?"

Li Liang came over to pull Wandou's arm. "But it's okay. I called you here today to foster our relationship."

"Who wants to foster any relationship with you? Let go!"

Wandou shook him off with disdain, but it angered Li Liang. Li Liang said angrily, "I'm being nice. Don't be so shameless!"

Chapter 2162: Who Wants To Touch You?

After saying that, he threw Wandou onto the sofa. Wandou struggled to get up, but Li Liang sat down and pressed her down again. "Look at you, your looks are just average. If it wasn't for my aunt's matchmaking, do you think I would want to touch you?"

"Young Master Li! Please let me go! I have to go back and ask my parents."

"There's no need to ask. How could I, Li Liang, lie? In my opinion, let's not beat around the bush and just deepen our relationship."

Li Liang grabbed her shoulder and raised his glass. "Come on! Drink this. This is 1982 Lafite. Ordinary people can't drink it!"

Wandou knocked the glass down with her hand and spilled the wine on Li Liang's suit.

Li Liang saw that she was refusing a toast only to be forced to drink a forfeit. He could not help but get angry. He grabbed Wandou's hair and shouted, "F\*ck you, you're a classic example of being shameless when I'm giving you face! What's wrong with asking you to drink a glass of wine? If you don't cooperate, how are you going to sleep with me later? Huh?"

Li Liang had been ordered by his aunt to do whatever it took to get the daughter of the Wan family.

But Wandou was not cooperating at all. She kept struggling. Li Liang was stronger than her and his hair was in his hands. He could not move.

“Since you don't like wine glasses, then just have it without!”

Li Liang took the bottle and poured the wine directly into Wandou's mouth. The dark red liquid flowed out from the corner of her mouth and flowed down, dyeing her clothes red.

Wandou was forced to drink. The cold and astringent red wine entered her nose and she felt like she was suffocating.

Li Liang only shook off Wandou after he had finished half of the bottle. Wandou fell onto the sofa, panting and retching. He wanted to spit out the wine in his stomach, but nothing came out.

Li Liang no longer had any patience. He directly pulled her over, pressed her down on the sofa, and tore her clothes.

“Help... help...”

Before the alcohol took effect, Wandou's mind was still clear. She instinctively sent out a distress signal.

Helpless, the room was filled with Li Liang's men. When they saw the look in Li Liang's eyes, they all obediently retreated to the outside of the room and waited, leaving the space for Li Liang.

“Let go of me... hooligan...”

Wandou could only struggle with all her might, but she was suppressed by Li Liang and could not escape.

Just as Li Liang was about to kiss her neck, Wandou touched the wine bottle on the table and smashed it on Li Liang's head.

“Ah!”

Li Liang screamed and let go of Wandou. Wandou took the chance to push him away and escape.

Li Liang's head was broken by her and blood was flowing down his fingers. He looked at his hand and saw that it was full of blood. He gritted his teeth in hatred. “You bastard! How dare you hit me! See how I'll take care of you today!”

At this moment, Li Liang no longer wanted to sleep with her. Instead, he wanted to give her a good beating and let her know how powerful he was.

“Don't come any closer...”

Wandou could feel the alcohol in her stomach rising. Her stomach was burning and her eyes were a little blurry. She could only rely on her only rationality to crack the bottom of the wine bottle and use the other end of the bottle to defend herself against Li Liang.

“Bitch, what else do you want?”

Li Liang walked towards Wandou fearlessly. Wandou realized that she could not threaten him. In the end, she had no choice but to point the bottom of the bottle at herself. “Don't come over, or I'll kill myself right here...”

“Go ahead and die for me!”

Li Liang quickly grabbed Wandou's arm and twisted it. Wandou let go of the bottle in pain.

Losing his only defensive weapon, Li Liang was even more fearless. He directly grabbed her and gave Wandou a few hard slaps.

Chapter 2163: Someone Touched His Baby!

Wandou fell to the ground and fainted. Li Liang said fiercely, “Who told you to hit my head? I'll make your head explode now!”

Just as Li Liang was about to throw Wandou onto the coffee table, the door to the private room was kicked open with a loud bang.

Li Liang's men were thrown in like sandbags. They fell to the ground and could not move.

Li Liang stopped what he was doing and raised his head to look at the door. He saw a tall man appear at the door, and he recognized him.

He was the young master of the Mu family, Mu Chenguang!

After receiving Xue Ziqi's call, Mu Chenguang rushed over without stopping. He also informed his subordinates that they were also here.

After meeting Xue Ziqi at the entrance of the bar, Xue Ziqi told him Wandou's coordinates.

She was led into a private room by a group of people. They were guarding the door. She did not dare to go in alone and could only wait for her brother to come.

Mu Chenguang appeared at the door in a domineering manner. He saw Li Liang, whose head was covered in blood, holding Wandou in his hand as if he was about to abuse her. Mu Chenguang could not help but be furious.

Someone was touching his baby!

Damn it!

Mu Chenguang struck at lightning speed. While Li Liang was still in a daze, Mu Chenguang kicked him in the chin. Li Liang was sent flying, not caring about the woman in his hands.

Mu Chenguang caught Wandou, who was about to fall to the ground, in time. Wandou had already fallen unconscious. Both of her cheeks were swollen, leaving obvious red marks.

“Wanwan! Wanwan... wake up...”

Mu Chenguang could not wake Wandou up. His heart ached terribly. When Xue Ziqi came in, he handed Wandou to Xue Ziqi and began to retaliate against Li Liang.

Mu Chenguang's punches and kicks were as heavy as the anger in his heart. Li Liang was completely helpless.

While he was teaching Li Liang a lesson, Mu Chenguang's men came to the scene. They realized that their young master had already taken care of him.

“Young Master! We're here! Leave it to us!”

Mu Chenguang did not say anything. In the end, he stopped. Li Liang had already been beaten into a crumpled heap.

Mu Chenguang returned to Wandou's side and took the woman from Xue Ziqi's arms.

Before leaving, he ordered his men, “Serve him well! Let him know the consequences of bullying my woman!”

“Yes!”

A few of his men came over and continued to educate Li Liang.

Mu Chenguang left the bar with Wandou in his arms. Xue Ziqi followed him, worried. “Brother, will Sister-in-law be okay?”

“Don't worry. I'll take her to the hospital now.”

Just as Mu Chenguang was about to place Wandou in the back seat of the car, Wandou woke up. Mu Chenguang saw that she had woken up and asked excitedly, “Wanwan! Wanwan, are you okay?”

Wandou's body was soft and weak. She could not exert any strength at all. She did not know if it was because of the alcohol, but her body felt very hot.

He was so hot that he was pulling on his clothes. He was mumbling something, but it was unclear.

“What did you say?”

Mu Chenguang moved closer to hear what she had to say. Unexpectedly, Wandou put her arms around his neck and began to kiss him wildly.

For someone who had been in the entertainment industry for so many years, Mu Chenguang immediately understood that it was most likely that bastard Li Liang who had given Wandou something extra to drink.

Xue Ziqi had been following by the side the whole time. When she saw Wandou, who had woken up, kissing and hugging her brother, she was too embarrassed to look at her. She asked, “Brother, what do you plan to do now? Since Sister-in-law is so drunk, why don't I send you to a nearby hotel?”

“That's fine!”

Mu Chenguang also wanted to help her take a shower. She was covered in alcohol and her clothes were soaked.

Chapter 2164: They Are Finished!

“Okay! Sit tight. I'll drive!”

Xue Ziqi wanted to create an opportunity for her brother and sister-in-law. She quickly started the engine and drove to the nearest hotel.

They found a nice hotel and Mu Chenguang got out of the car with Wandou in his arms. Xue Ziqi helped them settle in.

After sending them to their room, Xue Ziqi smiled and said, "Okay, brother, I won't disturb you and sister-in-law anymore. I'll go back first!"

"Bring the clothes over tomorrow!"

Mu Chenguang instructed.

"Okay, no problem!"

Xue Ziqi closed the door and left the hotel.

Only the two of them were left in the room. Wandou was like an octopus as she immediately clung onto Mu Chenguang.

Wandou seemed to be in a lot of pain. She kept frowning and looked like she was in pain.

"I know you're upset. Don't worry. After you take a shower, I'll satisfy you!"

Mu Chenguang kissed her on the cheek and carried her to the bathroom. He had wanted to help her take a shower and then carry her to the bed. But after his clothes were wet, he was unable to resist the little woman's teasing.

In the bathroom, he couldn't help but want her.

After taking a shower, Mu Chenguang wrapped her in a towel and carried her back to the bed.

Not long after they lay down, Wandou came again like a vine. Mu Chenguang did not rest for the whole night.

As long as she wanted to, he would do everything he could to satisfy her. It wasn't until dawn that Wandou finally stopped being satisfied and fell into a deep sleep.

Wandou woke up the next day.

Her head hurt as if it had been cut open by an axe. Her whole body was also sore and sore. Her confused brain gradually became clear as she recalled what had happened last night.

Wandou looked around and realized that she was in a hotel. She lay in the hotel room and felt very uncomfortable. She looked down and realized that she was not wearing anything.

Could it be that Li Liang...

Wandou could not help but shudder. Oh no, oh no. She must have slept with that bastard Li Liang. What should she do now?

It was obvious that she could feel someone behind her, but Wandou did not dare to look back. She was so upset that she could not control her tears.

How could she face Mu Chenguang when she was dirty?

They were finished!

Wandou was upset for a moment and wanted to leave before the other party woke up. Just as she was about to get up secretly, she was pulled back by the man's arm.

Wandou screamed in fear and subconsciously waved her hand to hit him.

“Wanwan, it's me...”

His voice was deep and husky, revealing a hint of sexiness.

Wandou could not believe her ears when she heard a familiar voice. She turned around and confirmed that it was Mu Chenguang who was hugging her. She was both surprised and happy. “Why is it you? I thought I was...”

She thought that the other party was Li Liang, but she did not expect...

Mu Chenguang looked at her tear-stained face and felt his heart ache. “It's me. I was a little late last night, but luckily I came! You weren't harmed by anyone else. We were together the whole night.”

Wandou was finally relieved. Her tense nerves also relaxed, but there were even more tears of grievance. She hugged Mu Chenguang and kept crying.

If it wasn't for him, she wouldn't even dare to imagine what kind of miserable situation she would be in now.

“All right, all right. I'm here. I won't let anything happen to you. I've already dealt with that bastard. Don't worry!” Mu Chenguang comforted.

Chapter 2165: Feeling Strangely Pleased

When Wandou was done crying, Mu Chenguang kissed her tears away. Wandou held his face and looked at him for a while. She said, “Thank goodness it was you last night. Just thinking about it makes me scared!”

“Don't be afraid! How did that guy suddenly find you?” Mu Chenguang asked.

“He said the Li family came to my house to propose marriage. I don't know if it's true. I'll go home and take a look later.”

“Okay. I'll send you back.”

After that, Wandou lay in Mu Chenguang's arms and talked about what happened last night. Only then did she know that if Xue Ziqi had not secretly followed them, Mu Chenguang would not have known that she had been taken away, and he would not have come to save her.

Therefore, she had to thank Xue Ziqi properly.

They waited until Xue Ziqi came to deliver their clothes in the morning before they had the chance to go out.

Wandou tidied herself up and came out to see Xue Ziqi. Xue Ziqi saw her coming out and immediately came over with the newspaper for her to see. "Sister-in-law, Sister-in-law, look at this!"

"What?" Wandou read the newspaper and realized it was Li Liang's news.

He was beaten to a pulp and hung naked behind a bus.

After reading the news, Wandou smacked her lips. Why did she feel inexplicably happy?

"That fellow bullied you and got what he deserves!"

"Yes, he deserves it!" Wandou did not forget to thank her. "Qiqi, thank you so much for last night!"

Xue Ziqi did not treat her as an outsider. She held her hand and said, "Sister-in-law, don't be so polite. If it wasn't for you helping me yesterday, I would've been in deep trouble too."

"What happened to you yesterday?" Mu Chenguang asked.

"Brother, you have no idea. I was almost framed at the TV station yesterday."

Xue Ziqi couldn't stop talking. She described what happened yesterday vividly. "How is it? Isn't my sister-in-law very powerful? If she wasn't smart and quick-witted, your sister would definitely be waiting for you at the police station now!"

Mu Chenguang took a deep breath and said, "That Liu Jiajia is too much! She actually did such a thing. Don't worry, she will definitely get her comeuppance."

Whoever offended his wife or his sister would not have a good ending.

After they were done, they left the hotel with Xue Ziqi. It was the weekend, and Wandou asked Mu Chenguang to send her home.

Mu Chenguang escorted Wandou to the entrance of the Times Estate. Wandou got out of the car and said goodbye to them. "Okay, you guys can go back first! I'll go home and find out what's going on. I'll contact you again."

"Okay. Call me if you need anything."

"Got it."

Mu Chenguang waited until Wandou disappeared into the neighborhood before driving off.

Wandou went back to her house and knocked on the door. Coincidentally, her parents were both at home. Seeing that she was back, she quickly opened the door and let her in.

"Doudou, how have you been?" Mother Wan asked worriedly when she saw her.

Wandou finally understood what her parents were worried about. The last time they asked her not to go out alone was probably to remind her of what would happen to Li Liang.

"I'm fine, Mom. Are you worried that Li Liang will come and find me?" Wandou asked.

Mother Wan was a little surprised. "You already know? That Li guy came to you? Did he bully you?"

“He did look for me and tried to bully me. But luckily, Chenguang was there and I didn't let him succeed.”

Wandou grabbed her mother's hand and asked, “Mom, what's going on? Li Liang said something about marriage? Is it true?”

Chapter 2166: Tell Her Your Background

Mother Wan sighed. “It's true. Li Mei'en personally brought her nephew to the door, and they insisted on forcing it. We had no choice.”

“This is too much! How could the Li family do this?” Wandou was very angry.

After talking to her mother for a while, Wandou noticed that her father was packing his things at home. “What is dad doing? Is he not going to work today?”

“Your dad is working the night shift today. He's packing his stuff and preparing to move.”

Wandou knew about the demolition in advance and also found a place for her parents. “Mom, I've already found a place to stay. When you guys are done packing up, I'll contact the moving company to move over. We can all move over.”

Mother Wan looked at her daughter and could not control the bitterness in her heart. “We do have to move, but from now on, you don't have to live a hard life with us anymore.”

“Mom, I've never felt that my life was hard. Ever since I was young, no matter what was good, you guys always thought of me and treated me so well. I feel very happy!”

Wandou hugged her mother and comforted her. She felt that her mother was too sentimental today.

“But you're going back to your own home,” Mother Wan said and cried even harder.

Wandou did not understand what her mother meant. “Mom, what do you mean by my own home? Isn't this my home? You are my parents. If I follow you, it will be my home! Oh, I know. Are you afraid that I will get married? Even if I get married in the future, I will still be your daughter. I will still come back often!”

“Doudou, I actually have something to tell you!”

Mother Wan wiped her tears and decided to tell her about her past.

“What is it?” Wandou asked.

“Actually, you're not...”

Before Mother Wan could finish her words, there was another knock on the door. “Someone is knocking on the door. Mother, I'll go take a look.”

Wandou went to the door and saw a familiar face through the security door. She said in surprise, “Principal Wen, why are you here?”

Wen Zhehan stood outside the door and looked at the girl inside. This was his daughter who had died 26 years ago!

He had already gone for a DNA test and confirmed that she was his biological daughter.

It turned out that she was still alive. Back then, she had been mistaken for a premature death. That was why she had been separated from her flesh and blood for 26 years. Just thinking about it made her feel like she was being cut from the bone.

Seeing that Wandou was still acting normal towards him, Wen Zhehan guessed that her parents had not told her about her background yet.

Wen Zhehan could only force himself to suppress the excitement in his heart. He smiled gently and said, "Come, let us go see your parents."

"Please come in, Principal Wen!"

Wandou opened the door politely and invited them in. She then turned to her parents and shouted, "Dad, Mom, Principal Wen is here!"

Wan Dehai and Mother Wan quickly came out to welcome Wen Zhehan and invited him into the house to sit down and talk.

It was Wen Zhehan's first time at Wan Dehai's house. He looked at the environment and said, "It's hard on you and your wife. I've been living here for so many years. I feel very bad."

Wan Dehai shook his head. "Sir, don't say that. You've done our family a great favor. If you hadn't helped me when I was in trouble and took care of us for so many years, we wouldn't have our current lives."

"This place is about to be demolished! I heard that the Mu Group bought this piece of land and wants to tear down all the residential buildings here."

Wandou suddenly heard Wen Zhehan say that the Mu Group was buying the land and couldn't help but interrupt. "Principal Wen, did you just say that the Mu Group was buying the land in our neighborhood?"

Chapter 2167: Seeking Justice

"Yes, this is news from the inside, so outsiders probably don't know about it."

Wandou fell into deep thought. She had already guessed that it must be Mu Chenguang's father, Mu Kangan, who was trying to stop her from being with Mu Chenguang.

She wanted them to be homeless and forced them into a corner. How ruthless.

Wen Zhehan continued to comfort them. "But don't worry. I've arranged a new place for you to live in Bi Gui Garden. This is the new address and the key. You don't have to rent a house anymore."

In order to thank the couple, Wen Zhehan had given them a new house under the name of Wan Dehai.

Wan Dehai knew about the Bi Guiyuan Estate. The housing prices there were not low, and it would cost a lot to rent a house for a month. "There's no need, sir. Doudou said she has already found a place to rent. We can just move there directly."

“That's right, Mr. Wen. Please take back the house! We appreciate your kindness.”

Mother Wan also did not want to keep the house. In a sense, if she wanted the Wen family's house, it was equivalent to using her daughter to exchange for it. How could the couple live peacefully?

“Don't mention it. It's just a house. You've done me a favor, and I can't pay you back. This house is already under Old Wan's name. It will be your home in the future.”

Wen Zhehan insisted. He had already brought the deed. He took it out from his bag and placed it on the table.

Wandou did not know the actual story and only felt that Wen Zhehan was a good person. Li Meien was the really bad one. Wen Zhehan probably did not even know what kind of woman Li Meien was.

As she listened to her father and Wen Zhehan chatting, Wandou wondered if she should tell him about Li Meien and Li Liang.

Noticing that Wen Zhehan was looking at her from time to time, Wandou seized the opportunity and said, “Principal Wen, I have something to tell you.”

Wen Zhehan nodded. “Go ahead.”

“Did my father tell you about your lover, Mrs. Wen, and her nephew, Li Liang?” Wandou asked.

“Your father told me about it,” Wen Zhehan replied.

“Principal Wen, since you already know about it, then I hope you can give me an explanation for the rumors.” Wandou wanted to seek justice.

“I'm sorry. It's their fault. I've already chided them. As for the marriage proposal, it's not up to them. Don't worry.”

After his conversation with Wan Dehai, Wen Zhehan had gone back home and told off his wife. Today, he came personally to apologize to them on behalf of his wife.

At the same time, he wanted to visit his daughter.

Wandou felt that he could not believe everything he said. “Principal Wen, did you really say it correctly? Did they listen to you? If they did, why did Li Liang come and harass me last night?”

“Li Liang harassed you?” Wen Zhehan asked in surprise.

“Doudou, did he hurt you?”

“No, but he almost did it. He wanted to make it happen! Luckily, Chenguang saved me.”

Wandou had to say it. Otherwise, Wen Zhehan would not know what Li Liang had done. How could he help them uphold justice?

“Outrageous!”

Wen Zhehan slammed the table angrily. “I will definitely not condone this! I will find that bastard and teach him a good lesson.”

## Chapter 2168: Not Feeling Good

Wan Dehai gritted his teeth and said to Wen Zhehan, "Sir, please take the child back. I'm really worried about Doudou. We can't protect her anymore. I hope you can protect her."

"Okay, okay. I'll come back and pick Doudou up in a few days. But I don't know..."

Wen Zhehan was a little worried that Wandou would reject him. After all, they had yet to reunite.

Wandou could not understand what they were talking about. She asked curiously, "Dad, what are you talking about?"

Wan Dehai looked at his daughter and blinked his wet eyes. "Doudou, Dad and Mom never told you about your real identity. Actually, you're not our biological daughter. Your biological father is Principal Wen."

Wandou : "..."

This had to be a joke!

Wandou was struck by a bolt out of the blue. She remained dazed for a long time. How could she not be her parents' child but Principal Wen's?

What was going on?

"Dad, Mom, what's going on? I don't understand at all! You... are talking about me... how could I..."

Wandou felt as if there was a lump stuck in her chest. She could not believe it. She was just a child from an ordinary family. What could she have to do with the Wen family?

She glanced at Wen Zhehan and felt that she looked nothing like him at all. They had to be playing a joke on her.

"Are you trying to pull a joke on me? It's a joke right? How could I be the daughter of Principal Wen? If I really am the daughter of the Wen family, why didn't you tell me all these years? Are you telling me now for the house?"

Wandou felt a little heartbroken. She looked at the adults' faces and then at the deed on the table. She said aggrievedly, "Biological daughter? What biological daughter! You're just making things up! Did you sell me for a house?"

"No, Doudou, listen to me. What your father said is true. You are indeed not our biological daughter. I also feel very bad for asking you to leave me."

Mother Wan burst into tears.

Wan Dehai sighed and said, "Doudou, listen to Dad, I'll tell you everything from beginning to end. You will understand..."

After that, Wandou listened to her father talk about the past 26 years ago. After listening to it, she couldn't help but cry.

Even though she believed the story her parents told her, how could she accept a father she had never met in 26 years?

“I want to be alone for a bit.”

In the end, Wandou ran back to her room and locked the door from the inside. She leaned against the door and cried.

The adults outside were also immersed in sadness. Wen Zhehan was upset because his daughter refused to acknowledge him. Wan Dehai and his wife were upset because they were about to lose their daughter. Everyone was upset.

“Give her some more time. No matter who hears this, they won't be able to accept it immediately.” Wen Zhehan was in no hurry to force his daughter to acknowledge him.

“All right, we'll try to persuade her again. We'll let you know when she comes around.”

Mother Wan decided.

“Okay, I'll take my leave today. I've already arranged for a car and men to help you guys move tomorrow. You guys can sort it out tonight.”

“Let me take you downstairs.” Wan Dehai escorted Wen Zhehan downstairs.

After the guests left, Mother Wan came to look at the door of Wandou's room.

“Dou Dou, open the door, okay?”

After knocking for a while, Wandou opened the door.

Mother Wan saw her daughter's eyes were red from crying and felt very upset. She walked in and held her daughter's hand. “Don't cry, Doudou. I'm doing this for your own good.”

Chapter 2169: A Little Wrong

Wandou found it hard to understand. She cried and asked, “You've always been fine. You've been hiding it from me for so long. Why are you telling me now? Why don't you just lie to me for the rest of my life? What you're doing is equivalent to stabbing a knife into my heart, okay? I don't want to be separated from you, nor do I want a rich father! I just want to be with you all the time.”

“I know you're upset, but we're even more upset. I was the one who raised you up. I've always treated you as my own daughter. If it weren't for Li Liang and the others, we wouldn't have been able to protect you. That's why we wanted you to return to the Wen family. Only when you return to the Wen family and become the eldest daughter of the Wen family, Li Mei'en and Li Liang wouldn't dare to force you anymore.”

Mother Wan said as she wiped her tears. Giving her back her daughter was equivalent to cutting out her heart and flesh. The bitterness in her heart was indescribable.

“Mom...”

Wandou knew her parents' true intentions. She was touched and hugged her mother. She comforted her, "Mom, don't worry. I can already protect myself. I also have Chenguang to protect me. Nothing will happen. You won't lose your daughter. I won't leave you."

"If you go back, you won't have to listen to me every day," Mrs. Wan said. "And now that you're a rich girl, you'll be a good match for the Mu family. No one will look down on you anymore. I hope you can live a better life."

"I don't want to be an heiress. I want to be your daughter."

Right now, Wandou could not listen to anything else. She also did not want to acknowledge a rich father. She only wanted to stay with her parents peacefully.

Mother Wan was not in a hurry to persuade her to change her mind. She said, "Okay, are you hungry? Let me make you something to eat!"

"Mm."

Elsewhere, Wen Zhehan returned to the Wen family home. After entering the house, Li Meien came up to him. "Zhehan, you're back!"

Wen Zhehan looked at her with a dark face and went upstairs without saying anything.

Li Meien felt that she was in the wrong. She had brought Li Liang to Wen Zhehan to ask for his hand in marriage, and Wen Zhehan had reported it to Wen Zhehan. Therefore, Wen Zhehan had given her a harsh scolding because of this.

Even now, Wen Zhehan was still waging a cold war with her. Even when she talked to him, he would ignore her.

Li Mei'en chased her up the stairs. When she reached her room, she saw her husband take off his jacket and immediately went up to catch him.

But Wen Zhehan pushed her away coldly.

Li Mei'en felt very hurt and couldn't help but say, "I know I was wrong! Didn't I already admit my mistake? Why are you still so cold to me?"

"I told you last night, but did you go manage your nephew?"

Wen Zhehan frowned and questioned.

"I did. Why?"

"Take a look for yourself!" Wen Zhehan threw a newspaper to Li Meien. Li Meien picked it up and flipped through the contents.

After searching for a while, she saw a square-shaped news article. There was a picture with the truth. The report was about a man who had been beaten up until his head was swollen. He was stripped naked and hung on the back of a public car for public viewing.

Li Meien saw the name of the young master of the Li family mentioned in the content and immediately knew that it was her nephew who was being shown to the public. She exclaimed, "Ah! What's going on?"

"What do you think happened? If you had warned him, would he have harassed Old Wan's daughter? This is all his own fault!"

Wen Zhehan said angrily.

"I did tell him, but I didn't expect him to do something like this."

Chapter 2170: Dumbfounded!

"It's all because of you! Without your indulgence, would he be so arrogant?"

Li Meien did not dare to say anything. Wen Zhehan continued chiding, "Listen carefully. From now on, you are not allowed to cause trouble for Old Wan's family! Also, you are not allowed to hurt Wandou at all! Do you hear me?"

"Wen Zhehan!" Li Mei En scolded. "Whose husband are you? Why are you always helping outsiders? Don't forget that Wandou stole our daughter's boyfriend. Xiaoyu is still upset! And now you're helping Wandou! Do you think she is your daughter?"

"Good. I have something to tell you. Wandou is my daughter. I will bring her back to the Wen family in a few days. You two must be mentally prepared. Don't make things difficult for her. If you dare to bully her again, don't blame me for being unkind."

Wen Zhehan had said everything that needed to be said and even made his stand clear.

Li Meien was stunned. She thought her husband was joking with her. "What are you talking about? Wandou is your daughter? I think you're crazy! How could you treat us like this for an outsider? If you don't like us, I'll take Xiaoyu back to my mother's place tomorrow!"

In the past, every time Li Meien used the method of returning to her mother's house, it was always effective. But now, Wen Zhehan did not stop her at all. Instead, he urged her, "Okay, if you want to go back, go ahead but be quick. Go pack now!"

After saying this, Wen Zhehan went straight into the bathroom.

Li Meien was stunned. She realized that her husband had really changed this time. His attitude had changed so much. He used to dote on her all the time, but now?

He was so cold to her. Was it because she had brought Li Liang to ask for his hand in marriage?

Was he telling the truth?

Li Meien quickly found a document in Wen Zhehan's briefcase. It was a paternity test report. When she opened it and saw Wen Zhehan and Wandou's names lined up together, the results showed that they were father and daughter in biology. She was completely dumbfounded!

Was Wandou really Wen Zhehan's daughter?

Was he joking?

What was going on?

How could Wandou be Wen Zhehan's daughter?

She recalled that she had checked on Wandou. That girl was 26 years old, 26 years old...

Li Meien suddenly remembered what had happened 26 years ago. He remembered that Wen Zhehan's ex-wife had given birth to a child at that time, and the child had already died.

Could it be...

Wandou was the child who had died prematurely. She had clearly been confirmed dead. How could she still be alive?

Li Meien could not think of what had happened during that time. But as long as she thought of letting that little bitch return to the Wen family, wouldn't she become the eldest daughter of the Wen family?

Wouldn't all her hard work go to waste?

Thinking of this, Li Meien broke out in cold sweat. She quickly put the documents back into her husband's bag and left the room.

Wen Shiyu came to her daughter's room and was applying a facial mask. She saw that her mother was a little distracted and asked, "Mom, what's wrong?"

"Xiaoyu, I have something to tell you..."

After Li Meien told her daughter about Wandou's background, Wen Shiyu was so shocked that her facial mask fell off.

"Mom! Is what you said true? That bitch is my dad's daughter? How is that possible? With her lowly status..."

Wen Shiyu's mind was in a mess, and her heart was also in a panic. As the eldest daughter of the Wen family, she had been pampered all over. But now, if Wandou really was her father's daughter and was brought back, wouldn't her status as the eldest daughter of the Wen family be ruined?
