

## Priceless 2211

Chapter 2211: Trapped

Wan Dou's tone was very serious. After Wen Zhehan heard it, he was silent for a few seconds and asked, "Is the snake you're talking about Shiyu's mother? She... wants to take my life? What do you mean? What does a wolf mean?"

Just then, Mu Chenguang suddenly stopped the car by the side of the road. Wan Dou also looked at him with a serious expression. She looked at him for a while before saying, "The wolf I'm talking about is the butler of the Wen family, Li Hou."

Wen Zhehan suddenly realized the seriousness of the problem and asked, "Doudou, Chenguang, do the two of you know something? Tell me what happened."

Wan Dou did not hide it anymore. Instead, she began to tell him about the night he went abroad.

After Wen Zhehan heard this, he fell into deep thought. He had a hard time digesting what his daughter had said.

She said that his wife and the butler were in cahoots?

They even said that they were trying to kill him for his fortune?

Was it the truth?

"Father, I didn't dare to go back to the Wen family home for the past few days. I've been waiting for you to come back and tell me about this. I heard it with my own ears, and I even have a recording on my phone."

"Recording?"

Wan Dou turned on the recording and played it for Wen Zhehan.

After Wen Zhehan heard this, his face became even darker, as if a layer of ice had frozen over it.

He never knew that his wife and the butler had done such a thing in secret. They even said that Shiyu was their daughter. Could it be that the daughter he had loved for more than 20 years was the child of those two?

Wen Zhehan clenched his fists and gritted his teeth as he tried his best to control his emotions. In the end, he said to Wan Dou, "Dad knows. I'll take care of this matter. Now drive me back to the Wen family home!"

Wan Dou was worried that he would alert the enemy and advised him, "Daddy, you must not fight them head-on now. You must calm down."

"I know."

Wan Dou and Mu Chenguang sent Wen Zhehan back to the Wen family home. "Daddy, I won't be going back tonight. You have to be careful."

"Okay. Drive safe."

After greeting him, Wen Zhehan walked into the Wen family mansion and handed his luggage to the guard. The guard was about to escort him into the house but was stopped by him.

He asked the guards to send him in tomorrow morning. He went back home alone.

The lights in the villa were out at this time. Could it be that everyone was asleep?

Wen Zhehan did not alert anyone and did not let his servants report to him. He walked straight into the villa and went upstairs.

When he returned to his bedroom, his hand stopped on the door handle. He had also heard some sounds coming from the master bedroom.

He listened carefully. It was the voice of a man and woman.

Could it be that Li Meien had been having sex with Li Hou in his bedroom every night while he was gone?

The more he listened, the angrier he became. Wen Zhehan's chest heaved violently. Although his daughter had advised him to calm down, how could he calm down now?

She finally pushed the door open. There was no light in the house. In the darkness, she could clearly hear the sounds of a man and a woman sleeping together. It was very ear-piercing.

Moreover, Li Meien kept calling him "Brother Hou" non-stop. It was simply disgusting!

Clack!

The lights in the room suddenly lit up. Wen Zhehan could clearly see the naked couple on the bed. Their posture was extremely disgusting.

The men and women on the bed also looked towards the door because of the sudden light. When they saw Wen Zhehan standing at the door, Li Meien screamed in shock.

Li Hou, who was in the middle of thrusting, also stopped because of his master's sudden return.

The two of them quickly separated and picked up their clothes to cover themselves.

Chapter 2212: Exposed

Li Meien rolled off the bed shamelessly and begged, "Zhehan, let me explain. We..."

"What else is there to explain? If I hadn't come back early, I wouldn't have seen such a pleasant surprise! You two really disgust me!"

Wen Zhehan's face darkened as he glared at Li Hou, who was lying on the ground. "Li Hou, you... I trusted you so much, but you did such a thing. You have no right to work for the Wen family anymore!"

"I'm sorry, sir..."

Li Hou knelt on the ground and kept kowtowing.

Li Meien knelt in front of him and grabbed his pants. She begged, "Zhehan, no, I didn't do this on purpose. Please forgive me..."

“Get lost! I always thought you were dignified and virtuous. I didn't expect you to be such a fickle woman. Since you want to be with him, fine, let's divorce. Go live with him!”

Wen Zhehan kicked Li Meien away.

Li Meien did not give up and cried again. “Zhehan, I was just confused. I still love you. Please don't divorce me... Please...”

“There's no use begging. The divorce is final. You and your daughter can forget about getting a single cent. I'll go look for a lawyer to draft the agreement right now!”

No matter how much she begged, Wen Zhehan remained unmoved. He kicked her away again and turned to leave.

Li Mei'en looked at Li Hou in panic. Both of them were afraid that if Wen Zhehan told the truth, not only would their reputation be ruined, but they would also be kicked out of the family and not get a single cent.

In order to stop Wen Zhehan from finding a lawyer, Li Mei'en could not care less about his clothes and ran out of the house, followed by Li Hou.

Both of them came to pull Wen Zhehan and beg for his forgiveness, but Wen Zhehan did not give them any leeway.

Just as he was about to go down the stairs, Li Hou suddenly pushed Wen Zhehan from behind.

“Ah...”

Wen Zhehan lost his balance and fell down the stairs.

“Zhehan...”

Li Meien shouted and waited for Wen Zhehan to roll to the first floor. The two of them chased after him and saw that his forehead had hit the wall and was bleeding. He was also unconscious.

“It's over! Call the ambulance!” Li Mei'en shouted in horror.

Li Hou calmed down and said to Li Meien, “Call an ambulance! We might as well go all out and take the chance to...”

He did a neck-killing action, which was equivalent to telling Li Meien that he wanted to take the opportunity to kill Wen Zhehan.

Li Meien was so scared that she broke out in a cold sweat. She was hesitant. After all, she had been married to Wen Zhehan for a long time. She could not bear to see it happen.

Li Hou was more ruthless. He directly dragged Wen Zhehan out.

He planned to get rid of Wen Zhehan. It would be best if he did it without anyone knowing.

Li Meien thought about the current situation. If Wen Zhehan could get better, he would definitely divorce her and leave her with nothing. When that time came, she and Xiaoyu would definitely lose everything.

Now that the truth was out, her only option was to stand with Li Hou. Therefore, she hurried to help him.

The two of them dragged Wen Zhehan out of the mansion and planned to transport him to the basement. Just then, a light came on and the sound of an engine was heard.

Li Hou and Li Meien were blinded by the lights. With the sound of the brakes, Mu Chenguang's car stopped in front of them.

Chapter 2213: Her Only Blood Relative

Wan Dou and Mu Chenguang jumped out of the car and came to them.

Wandou saw her father lying on the ground and asked coldly, "What happened? Where are you taking him?"

Li Meien tried to hide his panic and said, "Your father accidentally fell down the stairs when he came back at night. We were about to send him to the hospital."

Did they look like they were going to send him to the hospital?

They weren't dragging him towards the main gate!

If Wan Dou had not decided to come back and take a look, it was hard to say what would have happened tonight.

Wan Dou stared at Li Meien. She looked at her and Li Hou's disheveled clothes, then looked at Wen Zhehan, who was covered in blood. She could almost imagine what had happened.

At the very least, it could be a verbal or physical conflict!

Otherwise, why would Wen Zhehan fall down the stairs in his familiar home?

Li Mei'en felt uneasy under her stare and adjusted his shirt unnaturally.

"Let's take him to the hospital!"

Seeing that Wen Zhehan's situation was not looking good, Wan Dou could not care about anything else. She first carried Wen Zhehan into the car with Mu Chenguang and sent him to the hospital for emergency treatment.

On the way to the hospital, Wandou looked worriedly at her father lying in the back seat. She felt very guilty in her heart. If she had not told him about those things so suddenly, he might not have come back to Li Mei'en and Li Hou to settle the issue with them at night. Then, this would not have happened.

Sigh...

Mu Chenguang arrived at the hospital as fast as he could. The medical staff carried Wen Zhehan to the hospital on a stretcher and sent him to the emergency room.

Outside the emergency room, Wan Dou was worried and anxious. Mu Chenguang kept comforting her.

But she was really anxious. Every minute felt like a year.

At this moment, she finally understood the meaning of blood ties. In this world, Wen Zhehan was her only blood relative.

They had just reunited not long ago. How sad would it be if they lost their biological father?

After two hours of resuscitation, Wen Zhehan was finally able to keep his life. However, because he had been moved multiple times after falling, his fracture worsened and he was also bleeding internally.

Although she had saved his life, Wen Zhehan might not wake up for a while.

Wen Zhehan was sent to the ICU ward. Wan Dou was heartbroken and she kept blaming herself. "It's all my fault! If I hadn't said anything, this wouldn't have happened!"

"It's not your fault. Don't blame yourself. Uncle Wen is lucky to be alive now."

Mu Chenguang hugged Wan Dou and consoled.

That night, Wan Dou and Mu Chenguang stayed in the ward.

The next day, Wan Dou informed her parents that the Wan family's parents had come to the hospital to visit. When they saw that Wen Zhehan was in a coma in the hospital, the old couple was extremely worried.

"How did Mr. Wen get hurt?"

Wan Dehai looked at the person lying in the ICU through the glass window and sighed. "He's only just reunited with Doudou a few days ago. How could this happen again? The fall is so serious!"

"How pitiful! Doudou, you should spend more time with your father in the hospital!"

Mother Wan also frowned. She was afraid that Wen Zhehan would not live for long and wanted Wan Dou to accompany him for a few more days.

"I understand. I won't be going to the company for the next few days. I'll stay here with him."

As her daughter, Wan Dou had a responsibility that she could not shirk. Moreover, she knew that Li Mei'en and Li Hou had the intention to murder her father, so she could not leave.

"Don't worry, Uncle and Auntie. I'll stay with Wan Dou for the time being," Mu Chenguang said.

Chapter 2214: More Sad Than Anyone

"Okay, okay, okay. With you here, we can be at ease. Although your dad and I can't help much, we can cook for you and get your dad to send it to you."

Mother Wan only wanted to put in some effort.

"Okay. Thank you."

"We're family!"

The parents of the Wan family went back to prepare dinner for them. Not long after they left, Li Meien appeared in the hospital.

Li Mei'en came to the hospital and found out that her husband was in the ICU and was unconscious. He came over boldly.

She thought that as long as Wen Zhehan did not wake up, no one would know about her relationship with Li Hou. That was why she came to the ICU without any fear.

Wan Dou saw Li Meien coming and blocked the door of the ICU ward. She looked at her coldly. "What are you doing here?"

"Why can't I come and visit Shiyu's father?"

The embarrassment from last night was gone. Today, Li Meien looked like an elegant lady again.

"If it weren't for you, my father wouldn't be in this state. He's unconscious. You must be secretly happy!"

Wan Dou questioned.

"Hey! How could you say that? How could you blame it on me? Shiyu's father fell on his own. I'm more upset than anyone else, okay?"

"You're sad. Why didn't I see a single tear?"

Li Mei'en was rendered speechless by Wan Dou's words. She glared at her angrily and said, "I don't want to waste my breath. You better move aside and let me see Shiyu's father!"

"No! He's my father! We don't even know if he's dead or alive. No one can get close to him!"

Wan Dou stood in front of Li Meien angrily, refusing to let him get close. Just then, Mu Chenguang came back from outside. Li Meien saw him coming and quickly said, "Chenguang, you came at the right time. Quickly help me tell Doudou that she won't let me see Shiyu's father!"

Mu Chenguang walked past Li Meien and stood beside Wan Dou. He said in the same tone, "Auntie Li, you should leave first! We don't need you here. We can just stay here!"

"You all..."

Li Mei'en was angry, but she could not say anything. She glared at Wandou angrily and said, "How ignorant. Forget it, I'll go back first."

Li Mei'en strode off.

Li Hou was waiting for her outside the hospital. After she got into the car, he quickly asked, "How is he now?"

"I've asked around. He's unconscious and is in the ICU ward. But Wan Dou is with Mu Chenguang. The two of them are guarding the ward, not letting me get close."

Li Hou thought about it and asked, "Do you think Wan Dou knows something?"

"No way! Didn't she not come back for the past few days?"

“Wrong! Did you forget the shoes at the door that day? I asked the guard later. It was said that she came back at night, but we didn't know about it at all. That's why I suspect that she must've heard something and told him about it. Otherwise, he wouldn't have come back a day earlier even though he had a four-day schedule.”

After Li Hou's analysis, Li Mei'en felt that it was very reasonable. Thinking of this, he suddenly became afraid. “Then what should we do? That girl knows too, right? Isn't our affair about to be exposed?”

“Wan Dou is just too troublesome. I was confident that I could handle Wen Zhehan alone, but now that she's in the hospital with Mu Chenguang, it's hard to do anything.”

Seeing that the situation was extremely unfavorable for them, Li Hou said to Li Meien, “How about this? Let's take advantage of his unconscious state and quickly leave Peijing!”

Chapter 2215: We Must Not Let Them Get What They Want!

“So you want me to elope with you?”

“What else can we do? If Wen Zhehan wakes up, do you think he will let us go? I was the one who pushed him down. He will definitely come after me!”

Li Hou felt that he could no longer stay in the Wen family. He couldn't even stay in Peijing. The best way was to escape as soon as possible.

“But... what would happen to Xiaoyu if we leave?”

“It would be best if you could persuade Xiaoyu to go with us. If she doesn't want to, we can only go by ourselves.”

Li Meien did not say anything else. Her heart was in a mess right now. If she were to leave with Li Hou, she would probably have to live a life where she could not see the light of day for the rest of her life. The glory and wealth of the Wen family would no longer have anything to do with her.

The best case scenario was that she could be together with Li Hou and have endless money.

Li Meien suddenly thought of a good idea. Why don't she just take all of Wen Zhehan's money along with her?

With that thought, she was enlightened. She immediately asked Li Hou to drive her back. She had to go make a transfer.

At the hospital, after Mu Chenguang finished his call, Wan Dou asked, “How's the situation?”

“As expected, Li Hou drove her here. They must've come to the hospital to check on Uncle Wen.”

Wan Dou thought of the two of them and said hatefully, “We can't let them get what they want!”

“Don't worry, they are still under my surveillance. My men will report to me immediately once they take action.”

“Mm.”

Wan Dou turned to look at her father and sighed.

She hoped that he would wake up soon. When he woke up, she would definitely be a good daughter and be filial to him.

Because of Wen Zhehan's accident, the marriage between the Wen family and the Mu family had to be put on hold.

Mu Kangan, Mu Chenguang's father, had rushed to the hospital to visit Wen Zhehan when he heard the news. When he saw Wan Dou again, Mu Kangan no longer targeted her as he used to. Instead, he apologized sincerely, "I'm sorry, Doudou. It was uncle who did something wrong to you and Chenguang. It won't happen again in the future. I hope your father can wake up soon. When the time comes, we will discuss your marriage again."

"Thank you."

Since Mu Kangan had accepted her graciously and apologized, Wan Dou would not appear petty.

"I have something to do, so I'll leave first. Chenguang will stay here with Doudou."

Mu Kangan reminded him that he had something to do and left first.

"Okay, dad."

After Mu Kangan left, Mu Chenguang hugged Wan Dou and exchanged looks with her. "How is it? My father is no longer against us."

"I can tell. I hope my father wakes up soon!"

That way, they could get married earlier.

"Well, in my opinion, when the time comes, let's not get engaged anymore and just get married. Look at how many years we've wasted. If we hadn't broken up back then, the child would've definitely become a nobody by now."

"You're right!"

They chatted until Wan Dehai came to bring them food.

"Thank you, Dad," Wan Dou said as she took the rice.

"It's not hard for me. You guys staying in the hospital have it the hardest. Hurry up and eat. It's all made by your mother and it's your favorite braised pork ribs."

Wan Dou took out the food and gave Mu Chenguang a portion. For some reason, the braised pork ribs, which she usually loved to eat, made her feel nauseous.

Chapter 2216: Don't Let Anyone Get Close

Wan Dou put down her bowl and chopsticks and retched a few times. Seeing this, Wan Dehai asked, "What's wrong, Doudou? Is the food not to your liking?"

"No, I just feel a little nauseous. Maybe it's because I didn't sleep well."

Wan Dehai was more worried. "Then what should we do? Why don't I stay here and watch over Sir while you go back and rest?"

"No need. I can stay here. This ward is spacious, so I can rest inside."

Wan Dou stroked her chest and took a few deep breaths. She felt better.

Just as she was about to pick up her bowl to eat again, Mu Chenguang stopped her. The man suddenly grabbed her wrist and asked anxiously, "Wandou, you're nauseous. Are you pregnant? How long has it been since you had your period?"

Wan Dou was embarrassed by Mu Chenguang's sudden question. But on second thought, she realized that although her period did not arrive on time this month, she had been so busy recently that she had no time to think about such things.

It seemed that she and Mu Chenguang had not taken any precautions since the last time. Could it be that she was really pregnant?

"Hurry up! Stop eating! I'll take you for a checkup right now!"

Mu Chenguang pulled Wan Dou up and said to Wan Dehai, "Uncle, help us stand guard here for a while. I'll bring Wan Dou for a check."

"Okay, okay, okay. Go!"

Wan Dehai urged. He also hoped that his daughter would be pregnant so that they could see their grandchild sooner.

Wan Dou was dragged to the gynecology department by Mu Chenguang. She was waiting for the report. Mu Chenguang was so nervous that he looked like he was about to take the college entrance examination. He was sweating profusely.

Wan Dou wanted to laugh. "Do you have to do this? It's not even confirmed whether she's pregnant or not. You're making it look like I'm pregnant."

"What if I do? Won't I become a father? I'm so nervous! Can you feel it?"

Mu Chenguang grabbed her hand and placed it on his chest.

Wan Dou retracted her hand and put it on her own. "How could we not be nervous?"

"The report is out!"

Mu Chenguang immediately rushed over to look for Wan Dou's report. When he found it, he didn't dare to look at it at first glance. He covered his chest with his hands and prayed before he dared to pick it up.

She opened her eyes wide and stared at the report.

Wan Dou came over and asked, "How is it?"

Mu Chenguang raised his head with a serious expression on his face. Wan Dou could tell at one glance that he did not. "You still don't believe me?"

Unexpectedly, Mu Chenguang picked her up and spun her around.

“Honey! You're pregnant! You know what? You're really pregnant! I'm going to be a father! I'm so happy!”

“Hey, put me down! My head is spinning!”

Wan Dou put her hands on his shoulders and looked down at him. Mu Chenguang twirled her for a while more before letting her down.

He put his arm around her shoulders and said, “Hurry up and go back. Tell your father this good news and let him be happy too.”

“Mm.”

The two of them returned to the ICU. From afar, they heard a quarrel. It was Wan Dehai arguing with someone in a wheelchair.

When she got closer, she realized that the person sitting in the wheelchair was none other than the injured Wen Shiyu. She was accompanied by the nanny of the Wen family and had specially come to visit her father.

But Wan Dehai stayed outside the ward and listened to Wan Dou. He did not allow anyone to come near.

“Who do you think you are? You're blocking my way here? I'm here to see my father! And I need your permission?”

Wen Shiyu was angered by the rejection.

Chapter 2217: You Actually Said That Kind Of Despicable Words!

“I'm sorry, Miss Wen. Mr. Wen is still unconscious. You should go back and wait,” Wan Dehai said.

“I'm not going back. I just want to see my father. Who's stopping me? Push me over!”

Wen Shiyu asked the nanny to wheel her in.

“Miss Wen, you can't force your way in!”

“Get lost! You're just an old dog of the Wen family! How dare you block my way!”

Wan Dehai continued to dissuade her, but it was all useless. Wen Shiyu's tone was especially aggressive, making Wan Dehai feel very awkward.

Just then, Wan Dou and Mu Chenguang came back and they heard everything clearly.

Wan Dou ran over to stop Wen Shiyu and said rudely, “Wen Shiyu! Who are you calling a dog? I dare you to repeat what you just said!”

Wen Shiyu did not see Mu Chenguang and only saw Wan Dou. She said fearlessly, “What did I say about him? Am I wrong? He used to work for the Wen family. Isn't he a dog raised by the Wen family?”

Pa!

Wan Dou slapped her hard and scolded, "Shut up! A person like you who doesn't care about others should really go to hell! My father is hardworking and hardworking. Is he just a dog in your eyes? When you say others are dogs, what are you? You're not even a pile of dog shit!"

After Wan Dou finished speaking, she stared at Wen Shiyu with gloomy eyes. Wen Shiyu had been beaten up, and she could not take it lying down. However, she was currently sitting in a wheelchair and was at a disadvantage. There was no way she could win against her.

"I don't want to waste my time talking to you! I want to see my father! Please move away!"

"No! I'm the one who won't let anyone get close to father. Even if you come, don't even think about seeing him!"

"Hmph, I know! You kept dad so wrapped up because you wanted to wait for him to wake up and control him to make a will and leave everything to you. Am I right?"

Wen Shiyu thought that was it. Otherwise, why wouldn't she let her see her father?

"You're too naive! If I wanted my will, would I need it? I'm his biological daughter, and my inheritance rights are protected by the law. Instead, it's you and your mother who want to get the Wen family's property. Do whatever you can! I advise you to stop before you go too far! Once Father wakes up, you can wait to be kicked out of the Wen family!" Wan Dou warned her.

"You want to kick me out of the Wen family? Ha! This is your true motive! Your true colors! You vicious woman!"

Wen Shiyu exerted strength in her arms and stood up from the wheelchair, wanting to hit Wan Dou.

But before she could slap Wan Dou, her wrist was caught.

"Wen Shiyu, what are you trying to do?"

Mu Chenguang had been standing behind and watching the whole time. He had also heard Wen Shiyu's words. It really disappointed him.

He did not expect that Wen Shiyu, who usually looked like a virtuous and talented person, would actually say such vulgar words!

Wen Shiyu turned her head and saw that it was Mu Chenguang who had grabbed her wrist. She trembled nervously. "Chenguang... you came at the right time... I came to see my father, but they wouldn't let me!"

Wen Shiyu did not know that Mu Chenguang had been by her side the whole time. She thought that he had just arrived and quickly squeezed out her tears to complain to him, acting pitiful.

"If I don't want you to see it, you can go back!"

"Chenguang, don't you think my father has the power to do that?"

Wen Shiyu asked gloomily. She felt that Mu Chenguang had already been charmed by Wandou and was helping her.

## Chapter 2218: Suffered A Big Strike

Mu Chenguang shook off her hand and walked over to Wan Dou. He held her in his arms and said, "If you want to see Uncle Wen, no one can help you unless Wan Dou agrees!"

Mu Chenguang was determined to protect his wife and would not help Wen Shiyu.

Wen Shiyu shot Wan Dou with a poisonous look. Wan Dou glared at Wen Shiyu coldly and told her directly, "Wen Shiyu, if you want to see your father, go back and see him. Your father is probably with your mother right now. And the person lying inside is not your father at all."

"What do you mean?"

Wen Shiyu did not understand.

Mu Chenguang added, "Shiyu, your mother might not have told you that you're actually not Uncle Wen's daughter."

"What? How is that possible? If I'm not my father's daughter, whose daughter am I?" Wen Shiyu asked, breaking down.

"You can ask your mother who your father is! She knows better than anyone!" Wan Dou said coldly.

Wen Shiyu did not say anything else. It seemed like she had suffered a huge blow. After thinking for a while, she asked the nanny to push her away. She wanted to go back and clarify things now.

After Wen Shiyu left, Mu Chenguang quickly advised Wandou, "Okay, Wan Dou, don't get angry anymore. Otherwise, it will be bad for Baby."

"Got it."

It was only then that Wan Dehai realized what Mu Chenguang was implying. "Doudou, have you checked it? Is it pregnant?"

"Mm." Wan Dou smiled and nodded.

Mu Chenguang added, "That's right, Dad. Wan Dou is really pregnant. I'm going to be a father soon. You're going to be a grandfather soon!"

Mu Chenguang even called him "Dad."

"Oh my! That's great! If your mother knew, she would definitely be very happy!"

Wan Dehai was so excited that he walked back and forth a few times. Then he thought of something and said, "Okay, okay, okay. You guys quickly eat. After dinner, I'll go back and tell this good news to your mother. Let her be happy too."

The two of them began to eat. Mu Chenguang picked up all the good food in his bowl and gave it to Wan Dou. "Eat more. You need more nutrients now."

"Don't give it all to me. I can't eat that much. This pork rib is for you!"

The two of them went back and forth and finally finished the meal. Wan Dehai cleared away the lunch boxes and cutlery, greeted them, and rushed home.

“Dad, be careful on your bike!”

“Got it.”

Wan Dehai walked briskly.

After dinner, Mu Chenguang sat on the bench and let Wan Dou sit on his lap. He touched her belly, wanting to feel the baby.

“Oh my god, it might be hard for you to feel what I'm feeling. I think it's amazing. I can't believe I'm going to be a father too.”

Mu Chenguang still felt like he was dreaming. It was unbelievable.

“I can't believe it either.”

She was so surprised that she could not believe it. She took out the report again and checked it again. Only then did she confirm that she was pregnant.

“Baby, I'm Daddy, do you hear me?” Mu Chenguang asked seriously.

“It's just a cell now. What the hell can you hear?” Wan Dou laughed at his serious look.

“Of course I can hear you. Haven't you heard of telepathy between father and child? If I talk to the child more, he will become more and more familiar with me.”

Mu Chenguang began to play the role of a father.

Wan Dou was also feeling this moment. It was very magical. Unknowingly, a little life had appeared in her stomach.

Chapter 2219: A Good Name

From today onwards, she was going to be a mother.

“Wan Dou, do you know how envious I am to see others showing off their babies in the entertainment circle every day? Especially Jing Xi and Boss. Every time I see them having a son and daughter together, I'm so jealous and hateful. But now, I don't have to envy them anymore.”

Mu Chenguang even thought that when their child was born, he would have to flaunt every day. He would go crazy and return all the flaunting he had received.

The more he thought about it, the more impatient he became. He really hoped that the child would come out sooner!

Mu Chenguang held Wan Dou in his arms and looked at the report. He said, “You got pregnant at about the same time as President Yi's.”

“Yes. Sister Orange is more than a month ahead of me. When the time comes, the child will not have to worry about not having any friends.”

“Wow, maybe President Yi and I can be fathers at the same time!”

“Yes, very likely.”

Mu Chenguang suddenly thought of something and said, “President Yi knows that he is going to be a father. He is so happy that he shaved his hair. Should I shave my hair too?”

“What? He's trying to start afresh because of a special reason. What are you trying to join in for?”

Wan Dou held his face in her hands. Then she nodded and said, “Yeah, you're already so handsome. You don't have to shave your head.”

“Fine!” Mu Chenguang stopped thinking and started to think of a name again. “What should we name Baby?”

Wan Dou smiled. “Isn't it too early to think about this?”

“It's not early! Didn't you see the boss, Ye Xun, and whoever else in the group? Aren't they all thinking of baby names in advance?”

Mu Chenguang was inspired after saying so much. “Oh right, why can't I also get a name in the group chat? I have to let them know that I'm about to become a father! I'll post it now!”

“Are you crazy?” Wandou felt that he had gone mad.

“I'm going crazy with joy. Don't stop me!”

After that, Mu Chenguang really sent a message in the group chat. He even sent it three times, afraid that others would not see it.

[Morning Light Boiled Bean]: [Everyone! Quickly help me think of the baby's name! It can be a boy or a girl! Hurry, hurry, hurry!]

[Dongxie Xidu]: What's going on? Do you want to be a father?

[Autumn Wind Sweeping Fallen Leaf]: 8 '

[Qianqian Quege]: Congratulations, President Mu, on becoming a nanny! [Cheers] [Cheers]

[Three-Eyed Monster]: Is Mu Chenguang going to be a father? Is he going to be with Wan Dou? Didn't you guys break up? Did you two get back together?

[Prince Jing]: Congratulations! Congratulations on behalf of the entire Dragon Kingdom!

[Yi ShuiXiao]: Very fast, not at all lagging behind!

Mu Chenguang could feel everyone's enthusiasm. He felt very happy in his heart. It turned out that being blessed by someone to become a father was such a wonderful feeling.

Mu Chenguang sent a photo of him and Wan Dou in the group chat. Everyone understood that the child's mother was the same person.

After the congratulatory words were said, everyone began to discuss and help with the names.

Mu Chenguang's surname was Mu and Wan Dou's surname was Wan. Everyone used their imagination and gave them a few names.

Some suggested Mu Zhou, and some others said Mu Ye. Huo Sanyan even came up with a weird name.

[Three-Eyed Monster]: I might as well call it shower gel and shower gel. If it's a boy, I'll call him Mu Yuye. If it's a girl, I'll call her Mu Yulu. What do you think?

It could be said that this name was the best. It was supported by many of the others.

Chapter 2220: So Angry

Mu Chenguang and Wan Dou were about to die from laughter. It was only now that they realized that they could really think of anything when everyone put their heads together for a crazy time.

In the end, Mu Chenguang and Wan Dou decided that if it was a girl, they would call her Muyu. If it was a boy, they would call him Muye.

On the other side, Wen Shiyu returned to the Wen family home with a belly full of anger and went upstairs to look for her mother.

When she arrived at the master bedroom and saw her mother's back, she said, "Mom, I'm about to die from anger! You don't know, I went to the hospital today to see Dad, but that bitch Wan Dou stopped me from seeing him! I'm really going to die from anger!"

Li Meien turned around and said, "I told you not to go, but you didn't listen."

"What are you doing?" Wen Shiyu asked as she saw her mother packing her luggage.

"Can't you see that I'm packing?"

"Why are you packing? Where are you going?"

"I'm planning to go on a trip with my friends," Li Meien lied.

Wen Shiyu was a little confused. "Mom, my dad is already in the hospital and he's unconscious now. You still have the mood to travel? If others find out, what will they think?"

She thought that her mother had always been a good person. Why was she so muddle-headed now?

"I can't help at the hospital anyway. Why should I stay at home?"

Li Mei'en continued to pack. He took everything he needed and put all the valuables into boxes.

Seeing this, Wen Shiyu felt that her mother did not seem to be going on a holiday. Instead, she seemed to be on the run!

"Mom, I went to the hospital today and heard something."

"What?"

“They said I'm not my father's daughter. Is that true?” Wen Shiyu asked as she stared at her mother's face.

“Don't listen to her nonsense!” Li Meien said lightly, not looking directly at Wen Shiyu.

No matter how Wen Shiyu looked at it, she felt that Mu Chenguang and the others were not talking nonsense. She got down from the wheelchair and walked towards Li Mei'en with a heavy foot. She stared into her eyes and asked, “Tell me the truth! Am I?”

Li Meien could not avoid it. Of course, this was also what she was prepared to tell her. She sat down by the bed and stopped packing. She told her, “Yes, you are not.”

Wen Shiyu was shocked.

Unbelievable!

She could be suspected, but it was hard for her to accept her mother telling her about it.

“Why? Why am I not the daughter of the Wen family? Why?” Wen Shiyu was hit quite hard and was a little hysterical.

She shouted at Li Meien and sat by the bed, crying non-stop.

“I'm sorry, but I have my reasons Xiaoyu.”

Li Meien had no way to tell her that she had hooked up with Li Hou in order to marry into the Wen family. She had relied on the child in her womb to successfully marry into a wealthy family.

Wen Shiyu's existence was just a pawn of hers!

“What difficulties? What difficulties made you betray your father? I never thought I would have such a mother!”

Wen Shiyu was extremely disappointed. She held back her tears and asked again, “Then tell me, who is my biological father?”

Just as Li Mei'en was silent, Li Hou came upstairs to look for her. “Mei'en, how are your preparations...”

Li Hou stopped mid-sentence as he noticed Wen Shiyu sitting in the room.

Wen Shiyu raised her eyes to look at Li Hou. When she heard him call her mother Mei'en just now, she had doubts in her heart.
