

Priceless 2221

Chapter 2221: Already Good

She thought back carefully and recalled some scenes when she was young. As long as her father was not at home, she would often see Li Hou and her mother coming out from hidden corners or rooms.

Now that she thought about it, she understood that they had been together for a long time. They had probably gotten together before she was born.

Wen Shiyu stared at Li Hou for a while and pointed at him. She asked Li Meien, "Don't tell me he's my father!"

Li Meien looked at Li Hou and neither of them denied it.

Wen Shiyu had already found the answer from their eyes, but she did not believe it. She did not believe that she was the child of her mother and a subordinate.

In the next second, she shouted crazily, "How is that possible? I don't believe it! How can I not have the blood of the Wen family in me? I'm the daughter of the Wen family. I don't want to be your daughter! You... you guys really disgust me!"

Li Mei'en did not expect his daughter to have such a big reaction. He quickly advised her, "Xiaoyu, calm down! This is the truth. We can't change it. Now that your father knows about your identity, he was provoked and fell down the stairs. If he wakes up, we will all be chased out. Why don't we leave together now?"

Wen Shiyu finally understood that her mother had lied to her when she said that she was going on a holiday. In fact, she had packed up her bag and planned to elope with Li Hou after the scandal was exposed!

"If you want to leave, then leave. I'm not leaving! I'm the daughter of the Wen family! I'm not going anywhere!"

Wen Shiyu was not willing to accept her own identity. She had actually fallen from being a high and mighty daughter of a prestigious family straight into a mud pit.

"Don't be silly! Your father has already had a change of heart! Ever since he took Wan Dou back, he has already begun to favor his own daughter! Tell me, if he finds out that you weren't born by him, how will he treat you? Will he still treat you as he used to?"

"You can only leave with us and leave Peijing. We can still start a new life. Mom has money in her hands and all the money in the family is with me. Even if we don't work for the rest of our lives, we will still have enough to eat. You can still continue to be a rich young lady!"

Li Meien had already transferred all of the Wen family's money to her bank account in Switzerland. It was impossible for Wen Zhehan to get it back.

Once they left Peijing and went abroad, they would be able to live the life they wanted.

"You guys can leave! I'm not leaving. I want to be alone."

Wen Shiyu limped out of the master bedroom and went back to her room. She closed the door with a bang.

Li Mei'en looked at Li Hou and asked, "What should we do now?"

Li Hou suggested, "If Xiaoyu is not willing to leave, let's go! At least Xiaoyu was raised by Wen Zhehan. He will not ignore her."

"You're right. Have you booked all the tickets?"

"Yes. It's 8 PM tonight."

"Okay."

Li Mei'en packed her things and closed the box. Li Hou helped her take the boxes down and put them in the trunk of the car.

They were ready to escape.

At the hospital.

Wen Zhehan woke up earlier than the doctor had expected.

The doctor had come to check on him and confirmed that he was recovering well and had a chance to leave the ICU early.

Wan Dou stayed outside the ward. Although she could not go in, she could still see her father through the glass.

Wen Zhehan turned his head and looked at Wan Dou. Wan Dou smiled at him and wrote two words on the glass.

[Daddy]

When Wen Zhehan saw her writing, the corners of his lips curled up slightly. His eyes became moist and he was very touched.

At least everything wasn't the worst. Even though his wife had betrayed him, the butler had schemed against him, and his younger daughter was not his biological daughter, he was glad that his daughter had always been by his side.

This was the silver lining!

Wan Dou accompanied her father. Mu Chenguang came to her from the side and waved at Wen Zhehan through the glass, then pulled Wan Dou aside.

"What's wrong?"

"I found out that they were on a flight at night. They really wanted to escape. Also, Li Mei'en has been to many banks in the past two days. She probably wants to transfer all his assets."

“Then what should we do? We can't let them escape!”

“Don't worry, they won't be able to escape!”

At night, at Peijing International Airport.

Li Mei'en and Li Hou disguised themselves and left the place with their sunglasses and masks. They successfully exchanged for boarding passes and successfully passed the security check.

While waiting for the plane in the waiting room, Li Mei'en and Li Hou were both excited because they would be boarding in a few minutes.

Once the plane took off, they would be free.

“Do you think Xiaoyu will hate us?” Li Mei'en asked.

When they left, Wen Shiyu had found out the truth. However, Wen Shiyu kept locking herself in her room and refused to leave with them.

“I think she will understand us one day,” Li Hou comforted.

Soon, the airport notified them that the flight was ready and they could board the plane. Li Hou pulled Li Meien and was about to register when a few uniformed policemen came over and stopped them in time.

“Are you Ms. Li Meien? We suspect that you've embezzled a large sum of money. Please come back with us and be investigated.”

The man showed his arrest warrant and immediately handcuffed Li Meien. Li Meien was caught off guard.

“Are you mistaken, officer?” Li Hou asked. “She never embezzled any money!”

The policeman looked at Li Hou. “You are Li Hou, right? You are suspected of attempted murder. Please come back with us!”

The cold handcuffs were also put on Li Hou at the same time. Just like that, not only did the two of them fail to leave the country, they were also arrested by the police.

After a series of evidence collected by the police, it was confirmed that Li Meien had secretly embezzled 30 million dollars from the Peijing Music Academy's public account.

She also transferred all of the savings under Wen Zhehan's name to the Swiss International Bank account. Because of the huge amount, Li Meien was facing jail time.

As for Li Hou's crime, as long as Wen Zhehan gave a statement, he could be convicted.

A few days later, Wen Zhehan's vitals gradually recovered. He could be transferred from the ICU to a special care unit, and his family members could also go in to visit.

Wan Dou took good care of him and told Wen Zhehan what had happened in the Wen family. Wen Zhehan sighed deeply when he heard it.

“Dad, the police are coming to take your statement. As long as you tell them what happened, they can convict Li Hou!”

“Mm, alright.”

Wen Zhehan agreed. Originally, family scandals should not be made public. But now, he did not plan to swallow his anger.

If he did not expose Li Hou for the harm he had done to him and let him continue to be lawless, he would be an educator in vain.

After everything was arranged, two police officers came to the scene to inquire about the situation.

Wen Zhehan recalled what he had heard and what had happened. The police had enough evidence to convict Li Hou of intentional assault and put him in jail.

After that, the case was taken over by the prosecutor and the trial was held at the Peijing Intermediate Court. Li Meien and Li Hou both received the punishment they deserved and were finally sent to Peijing Prison.

Chapter 2223: A Dirty Deed

Now that Li Meien and Li Hou had been punished, Wandou could go back to the Wen family without any worries.

In the Wen family, Wan Dou met Wen Shiyu. Wen Shiyu's leg injury was already better, but her temper was getting worse.

“It's all your fault. Why did you come back?”

“This is my home. Why can't I come back?”

“Are you satisfied now? Ever since you returned to the Wen family, you've torn this family apart. I originally had a perfect family, but now it's gone because of you. If not for you, my mother wouldn't have been taken away, and my father wouldn't have been hospitalized!”

Wen Shiyu already knew that her mother and the others had been arrested. She felt that the culprit was Wan Dou.

If Wan Dou had not returned to the Wen family, everything would not have become like this. She would not have lost her complete family and would not have ended up in such a miserable state.

“You should ask your mother about this. If she didn't do something so dirty, why would your father fall down the stairs? Not only did you not go to the trouble of finding the culprit, but you also came to find trouble with me. Don't you think you're ridiculous?”

Wan Dou sneered.

“Those are just your side of the story. Are you satisfied that you stole everything from me?”

Wen Shiyu shouted hysterically.

"I've never taken anything from you," Wan Dou told her. "Everything was there in the first place. I came back because I wanted to have something that belonged to me again.

"Wen Shiyu, I can tell you this. Dad has already said that as long as you continue to be kind from now on, I can continue to acknowledge you as my daughter. He will not reveal your identity to the outside world.

"I can still treat you like I used to, but you really have to reflect on yourself.

"Plus, I'm going to be discharged tomorrow. I hope you can perform well. Don't be like your mother, putting on an act on the surface and playing dirty tricks behind the scenes."

After Wan Dou finished speaking, she went to gather all the servants in the Wen family.

"Your madam, Li Meien, has been sentenced for embezzling money. I'll give you a chance to choose. If you don't want to stay in the Wen family, you can leave now. The pay will be settled together. If you still want to stay, you have to show me your loyalty and sincerity. From now on, anyone who commits adultery in private will be caught by me and will not be let off easily."

Initially, many of the servants that Li Meien had recruited were on Li Meien's side. They were very dissatisfied with Wan Dou, the eldest daughter who had come back from outside. But now that their master had fallen, they all saw how powerful Wan Dou was and felt a sense of fear.

After Wan Dou's words, no one left the Wen family. They all expressed their willingness to stay and work hard for the Wen family.

Wan Dou did not fire them because they were just trying to survive. They might not be able to find a better job after leaving the Wen family.

It would take some time for the Wen family to hire new members.

It would be better to leave these people behind and prevent them from gossiping about the Wen family.

On the staff, Wan Dou redid the work and adjustments. Everyone got into their positions.

In order to welcome the return of the head of the Wen family, Wan Dou ordered her men to clean up the villa.

The master bedroom of the Wen family was also cleared out for storage purposes. Even if his father came back, he would not want to stay in the master bedroom.

Chapter 2224: Everything Changed

So, Wan Dou got someone to decorate her father's bedroom again. She personally chose the furniture and decorations inside.

At the same time, he also got someone to open a bedroom for his father on the first floor. It was reserved as his temporary residence. Because his leg was fractured, it was inconvenient for him to go up and down the stairs.

Everything was ready. The next day, Wan Dou went to the hospital to pick up her father.

Mu Kangan and the old couple of the Wan family came to the hospital to visit. Mu Kangan also took the opportunity to apologize to the Wan parents.

All the unhappiness that had happened in the past could be wiped away with a smile.

When Mu Kangan learned that Wan Dou was pregnant, he was very happy. He declared in front of everyone, "Zhehan, I think the two children don't have to get engaged. They can just get married!"

"I think so too," Wen Zhehan agreed.

"I hope the baby will be born soon. We can help take care of the baby then," Mother Wan said.

Wan Dehai smiled and said, "Yes, yes, yes. The old guys can take turns to help take care of them. The young ones can have a few more as soon as possible."

Wan Dou looked at Mu Chenguang, not knowing whether to laugh or cry. How many more babies? Did he think she was a sow?

Mu Chenguang hugged her without saying anything. In fact, he was very happy in his heart. When the baby in her belly was born, he would definitely continue to work hard to give birth to a nest of little doudous.

"Okay, let's go home!"

After chatting in the ward, they packed up and went back.

Since falling down the stairs had damaged Wen Zhehan's leg bones, he could only sit in the wheelchair for the time being.

Wan Dou personally pushed her father home while Mu Chenguang accompanied her. The Wan family's parents and Mu Kangan all went to visit the Wen family.

Wan Dou had already prepared a sumptuous lunch for the guests. They would be able to eat shortly after they arrived.

After Wen Zhehan came back, he did not see Wen Shiyu. He asked, "Is Xiaoyu not at home?"

"She's upstairs," Wandou told her father.

"Call her again and tell her to come down for dinner!"

"Okay, Daddy. I'll go get her."

On account of her father, Wan Dou went upstairs to call Wen Shiyu.

No one opened the door. After pushing the door open, he saw Wen Shiyu lying on the bed with her back facing the door.

Wan Dou walked in and stared at her back. "Daddy asked me to call you down for dinner. Do you want to go down?"

"No!"

Wen Shiyu had rejected him. In fact, she knew that her father had come back and that there was a guest at home. But she really felt that she was too ashamed to face anyone now.

Everything changed when she learned that she was not Wen Zhehan's daughter.

She used to be proud and headstrong, but now she had lost the capital to be proud. It was as if her wings and limbs had been cut off and she had fallen into the mud.

Her past was like a knife that stabbed into her heart, making her suffer terribly.

The father downstairs was no longer her father. They were having dinner together, and she was just an extra.

She did not even want to go downstairs to eat with them. She only wanted to hide in her room and grieve alone.

On the bed, Wen Shiyu gripped the sheets tightly with both hands. Tears kept flowing from the corners of her eyes. She was extremely upset.

She really wanted to die.

"I've already told you to come down anyway. It's fine if you don't come down. I won't beg you either. Your body is yours. You can do whatever you want!"

With that, Wan Dou turned and went downstairs.

When they returned to the dining room, Wen Zhehan saw her coming down alone and asked, "Is Xiaoyu not willing to come down?"

"Yes, she won't come down."

"Oh. I see. Let's eat first!"

Wen Zhehan invited everyone to dinner. Since the parents of all three parties were present, they could discuss Wan Dou and Mu Chenguang's marriage.

Chapter 2225: Spoiled Her Like A Princess

Regarding the wedding, the elders of the three parties had their own opinions. The parents of the Wan family suggested that everything should be kept simple, but Wen Zhehan did not agree. It was not easy for him to find Wan Dou, and when his daughter was about to get married, he had to make her wedding beautiful.

"I think the wedding should be properly done."

"That's right," Mu Kangan agreed. "We can't keep it simple. We have to have a wedding of the century. The Mu family doesn't lack money. I want everyone to know that my only son is marrying a wife."

Wan Dou and Mu Chenguang listened quietly as their parents talked non-stop. If they wanted to do it, they could do it. It would save them a lot of trouble anyway.

The dinner was quite harmonious and the marriage was almost settled.

After the meal, Mu Kangan suggested that they go back and make some preparations. The Wan parents also said goodbye.

Wan Dou greeted Wen Zhehan and followed Mu Chenguang out.

Mu Chenguang said that he wanted to take her to a place. He was being so secretive, and she didn't know what he wanted to do.

When he parked the car in front of Bao Di Lan's house, Wan Dou finally understood his intentions. Was he going to take her to choose a ring?

Mu Chenguang got out of the car with Wan Dou and they walked into Bao Dilan's gate together.

They had contacted each other beforehand. When they arrived, Bao Dilan's attendant welcomed them warmly and brought them to the VIP lounge on the second floor.

"Mr. Mu, please wait!"

The waiter left for a while and soon came back with a tray with a square velvet box.

Wan Dou saw it and asked, "You ordered a ring for me?"

"Mm. Open it."

Under Mu Chenguang's urging, Wan Dou picked up the velvet box, took a deep breath, and slowly opened it.

Then, a crystal clear diamond ring appeared in front of her. The ring was shaped like a castle and a bright diamond was embedded in the center.

The ring could be said to be unique and exquisite.

When Wan Dou saw the ring, she was deeply shocked and covered her mouth in amazement.

After a long while, she said excitedly, "It's so beautiful. It's so beautiful..."

"I hired Huo Erqi, the president of Bao Di Lan, to make this for me. Of course it's beautiful."

"But how did you come up with the design of a castle?"

Wan Dou had seen that most of the rings were normal claw-shaped. She rarely saw such a unique design.

Mu Chenguang stared into her eyes and asked with a smile, "Wandou, do you still remember when we were together? Back then, we went to the Dragon Kingdom together. Do you still remember what you said when you saw the Triumph Palace of the Dragon Kingdom?"

"What did I say? I don't remember it at all."

Wan Dou could not remember what she had said before.

"When you saw the castle, you exclaimed that it would be great if you could live in a big castle too. I've always remembered this saying. Although I can't let you live in a big castle, I can spoil you like a princess."

I will treat you well for the rest of my life. That's why I asked President Huo to help me create this ring. It's to fulfill my promise to you."

Mu Chenguang picked up Wan Dou's hand and put the ring on her ring finger. The ring was just right for her.

"Do you like it?" He kissed her finger and asked.

"I like it. I really like it."

Wan Dou was so touched that tears were streaming down her face. She looked at the sparkling ring on her finger, and a sweet happiness overflowed from the bottom of her heart.

Chapter 2226: The Sweetest Fruit

Translator: Atlas Studios Editor: Atlas Studios

Which girl would not be happy and touched when she received a ring from her lover?

Wan Dou was really touched. The pain and sadness she had experienced in the past had now become the sweetest fruit.

She and Mu Chenguang were finally getting married!

After that, Bao Di Lan's staff came to ask them about the ring and if there was anything they needed to change.

"No, it's just right. There's no need to change it." Wan Dou felt a little reluctant to take it off.

"Then there's no need to change it. Thank you. Help me tell your President Huo that I'm very grateful for her perfect design," Mu Chenguang said.

After putting on the ring, Mu Chenguang left with Wan Dou.

Mu Chenguang took Wan Dou to the bridal shop next.

"Don't tell me you even prepared a wedding dress?" Wan Dou asked.

Mu Chenguang smiled without saying anything. He took her hand and led her into the bridal shop.

Just like in Bao Dilan, the other party welcomed their big client warmly.

Mu Chenguang sat down on the sofa and put Wan Dou into the fitting room. After half an hour of waiting, the curtain of the rotating platform was slowly pulled open.

A white and beautiful figure appeared in front of her. Wan Dou, who was wearing a wedding dress, turned around.

Mu Chenguang looked at the magazine in his hand and saw Wan Dou in her wedding dress. At that moment, he was stunned.

He stared at her without blinking.

Wan Dou looked at Mu Chenguang shyly. "Hey, how about this?"

The staff at the bridal shop told Wan Dou that Mu Chenguang had specially commissioned the wedding dress to be custom-made. It took him two years to complete it.

Not long after he had customized the wedding dress, he met Wan Dou and proposed to break up with her. But at that time, he did not stop working on the wedding dress. Instead, he asked the designer to continue making it.

Because he had always believed that he would win. He had to find Wan Dou's heart again.

Now that he had succeeded, the wedding dress was not made for nothing. She finally wore it on Wan Dou and dressed her up as the most beautiful and moving bride.

It was breathtakingly beautiful!

"She's... she's so beautiful... Why is my wife so beautiful?"

Mu Chenguang came back to his senses. His eyes were filled with admiration as he kept nodding and cheering.

Wan Dou was embarrassed by his compliment and her face turned red.

The salesperson asked, "Mr. Mu, Mrs. Mu, are the two of you satisfied with this wedding dress? If you find anything inappropriate, you can tell us. Our designer will modify it."

"I'm very satisfied." Mu Chenguang felt that it was very good. It was even better than he had imagined.

"I'm also very satisfied. But there's a little problem," Wan Dou suggested. Mu Chenguang raised his eyebrows, not knowing what she had to say.

"Mrs. Mu, please speak!"

"Yes, right here. My breasts are a little tight over here," Wan Dou said, blushing.

"..." Mu Chenguang glanced at her and understood. He had made it according to Wan Dou's figure from two years ago. But two years later, her chest had obviously grown a lot bigger. Naturally, she had to change her size.

"Okay, I understand. Mrs. Mu, let me help you measure your chest again!"

Wan Dou went back to the fitting room and changed out of her wedding dress. The salesperson helped her take her measurements.

She changed back into her clothes and came out. She said to Mu Chenguang, "Honey, let's go!"

Chapter 2227: He Prepared A Home For Her

"Mm."

Before Mu Chenguang left, he made a deal with the salesperson. He would tell her the revised period and the time of the wedding so as to not delay it.

The two of them came out of the bridal shop. Mu Chenguang hugged Wan Dou and said apologetically, "I'm sorry. I didn't get your size right and it needs to be changed."

"It's fine. It's already perfect. I can wear it even if it's not altered," Wandou said.

"That won't do. How am I supposed to care for my two babies if they are squeezed." Mu Chenguang glanced at her and asked naughtily, "When did you secretly grow? Why didn't you tell me?"

"How would I know?"

Wan Dou did not want to discuss this with him. "Okay, let's not talk about this anymore."

"It's fine if you don't want to tell me. I have to go back and take a good look at myself. Why would I make so many mistakes?"

"Hey!"

Wan Dou glared at him angrily.

Mu Chenguang smiled and pulled her into the car.

"Where are we going next? Home?"

"Of course!"

Mu Chenguang drove home, but not to his apartment.

Instead, they drove to the entrance of a garden mansion. Wan Dou looked at the unfamiliar gate and asked, "What is this place? Your house?"

"No, it's our home."

Mu Chenguang took Wan Dou out of the car and pointed to the front. "This is a villa with a garden. It's the home I've prepared for you. In the future, we and our children will live here."

Wan Dou was shocked. She thought that they would definitely stay in the apartment after they got married, or they might go back to the Mu family mansion.

But now he was telling her that he had prepared a home for her.

Wan Dou also noticed that the name of the garden villa was "A Bend in Time."

If she was right, it was probably a homonym of her name and his name combined.

"Let's go in and take a look!"

The door opened and Mu Chenguang walked in with Wan Dou. The garden was filled with colorful flowers and plants. It was obvious that they had been carefully cultivated.

"This place is so beautiful! It's like a dream garden!"

Wan Dou was in the garden like Alice in Wonderland.

"Wan Dou, do you know when I started to prepare this garden for you?" Mu Chenguang asked.

"I don't know. When?"

Mu Chenguang stood under the sunlight and looked down at her. He told her seriously,

“Ever since we confirmed our relationship back then, I had a strong desire to give you a permanent home and marry you.

“I bought this garden from that time. At that time, there were no plants here. It was all slowly cultivated by me. Now, the garden is flourishing, and you are finally back.”

“Although this place can't compare to the castle...”

Before he could finish, she told him directly, “I don't want a castle. I just want a place for you. I really don't care where I live. And I really like this place very much. Thank you for everything you've prepared for me.”

Wan Dou looked up at the man. Sunlight fell on her eyes, making them sparkle.

She was touched by all the surprises Mu Chenguang had prepared for her.

It was hard for her to imagine how serious and devoted a man at that time was to love.

He had prepared so much for her, but she hadn't known it.

Chapter 2228: More Feeling

Even when they were breaking up, she had deliberately held onto another guy to spite him and make him give up on her.

Now that he thought about it, she had let him down too much.

Wan Dou suddenly stood on her toes and gently hooked her arms around his neck, taking the initiative to kiss his lips.

She kissed him hard, wanting to tell him that she would never let go of his hand again.

She would love him and accompany him until he grew old.

Mu Chenguang could feel Wan Dou's passion and initiative. He tried his best to kiss her back. The two of them stood in the lush garden and kissed. The scene was as beautiful as a colorful oil painting.

Mu Chenguang got out of the car and drove. On the way, he told Wan Dou, “I've only prepared these three things today. We'll go for our wedding photos tomorrow. I've already made an appointment.”

“Mm, alright.”

No matter what Mu Chenguang wanted to do, Wan Dou would agree to it.

Marriage wasn't something a single person could achieve. It was more about two people participating together.

“Where are we going next?”

“I'm really taking you home this time.”

Mu Chenguang drove straight back to the Mu residence. This was the first time he had brought Wan Dou home ever since he started dating her.

Now that their relationship had been accepted by her father, when Wan Dou came to the Mu family, the servants of the Mu family all said that she was treating her as the young madam and treated her with great respect.

Mu Kangan ordered the servants to prepare a sumptuous dinner and the family had a pleasant dinner together.

While they were eating, Mu Kangan asked, "Doudou, no matter what you want, you can ask. I can try my best to help you fulfill it."

"No, no. Chenguang has already prepared everything." Wan Dou did not want anything. She did not lack anything. The Wen family had everything.

"Yes, dad. I'll discuss with Wan Dou what we need for the wedding during this time. Don't worry about it."

"Alright, alright. You guys decide!"

It was only now that Mu Kangan realized Wan Dou's character. He praised her highly and also blamed himself for his foolish actions back then.

From now on, he decided not to interfere with the children's freedom. They could live however they wanted.

As for him, he just had to wait quietly for his grandchild.

Thinking of Chenguang's mother, Mu Kangan asked uncertainly, "Chenguang, you're getting married. Do you want to inform your mother?"

Mu Chenguang nodded. "Of course I have to inform my mother. She already said that as long as I get married, she will come back."

Mu Kangan thought of his ex-wife and felt even more guilty and remorseful. The two of them had never seen each other in so many years. He wondered what would happen if they met at the children's wedding.

Mu Chenguang could guess what his father was thinking and said, "Dad, you might not know this, but my mother has never remarried. She has been alone all these years."

"She's not married?"

Mu Kangan looked at his son in disbelief.

He remembered clearly that he had met her once when he went abroad many years ago. At that time, she was wearing a ring on her finger and told him that she was already married.

That was why he had given up on her. Ever since he came back, he vowed to completely forget that heartless woman.

But now his son was telling him this news. What did it mean?

“Yes, Dad. Mom has never had any friends or married anyone. Actually, I think she still has you in her heart. She just can't stand your bad temper.”

Mu Chenguang had watched his parents being separated for so many years. He had never understood why they had separated since he was young. It was only when he grew up that he understood some things.

Chapter 2229: Change Your Bad Temper

Sometimes, it wasn't because they didn't love each other anymore. It was because they loved each other but couldn't stand each other.

His father was like a porcupine with spikes all over his body. No matter how gentle his mother was, she would still be pricked all over by him.

Therefore, if his father wanted to find his mother, he had to first learn to put away the thorns on his body.

When Mu Kangan heard his son's words, he felt a sense of revival in his heart. He was even filled with some hope that he and his ex-wife could start over again.

His son's words woke him up. It was time for him to change his bad temper!

After dinner at the Mu residence, Mu Chenguang drove Wan Dou back to the apartment. As soon as they entered, Little Pudding stood at the door and welcomed them with her tail wagging.

Wan Dou wanted to hug the puppy but was stopped by Mu Chenguang. “You'd better not come into contact with Little Pudding. I've read that pregnant women are not allowed to have pets, so I plan to send this puppy home and let my family help take care of it. We will bring him back after the child is born.”

“Fine.”

Wan Dou listened to him.

“You must be tired! Let me carry you to the shower!”

Mu Chenguang wanted to take good care of his wife. He would not let her do anything.

Wan Dou was now a critically protected species and was about to lose her ability to take care of herself because of this man.

For the next few days, Wan Dou and Mu Chenguang were busy preparing for the wedding. The wedding date was set for the 18th of next month.

Mu Chenguang had already sent a message in the group chat, saying that he had time to attend the event and that he had no time to gather the money. It was not easy for him to marry a wife.

It was not easy for him to get married, but it was not easy for others to get married.

All the men in the group had gone through a lot of hardships to finally find happiness.

Therefore, most of the guys in the group said that they wanted to throw money at Mu Chenguang to celebrate.

Two weeks before the wedding, Wan Dou and Fang Xiaocheng had arranged to meet. The two of them went shopping together, planning to buy some baby products.

Yi Xiao and Mu Chenguang were also wearing sunglasses and masks as they followed behind their wives pushing the cart.

Fang Xiaocheng had experience giving birth before. Wan Dou asked her for advice and listened attentively.

The two men behind him were also very interesting. Yi Xiao had raised Beibei single-handedly and could be said to be half an expert in parenting. Mu Chenguang was absolutely right to ask him for advice.

After they were done shopping, the two men carried bags of stuff in their hands.

They said their goodbyes and agreed to go to the hospital together.

The wedding was approaching, and the Wen family was also preparing for it. It was very festive inside and out. Only Wen Shiyu was silent all day.

Seeing the whole Wen family busy with Wan Dou's wedding, she felt even more miserable.

During this period of time, Wen Zhehan was busy at school. He was busy from morning to night. It was difficult for Wen Shiyu to meet him, so she could only keep many things to herself.

The servant went to her room and saw that she was resting. She took the flower pot on the windowsill and replaced it with a new one.

Wen Shiyu got up and asked, "What are you going to do? Where are you moving the things to?"

"Second Miss, it was Sir's order. He asked us to change all the flower pots on the window sill at home. So this flower pot is extra here. We plan to move it away."

The servant told the truth, but to Wen Shiyu, it sounded particularly harsh.

She was too sensitive. She felt that the servants were deliberately mocking her, saying that the flower pot was redundant here. They were clearly saying that she was redundant here.

Wen Shiyu couldn't take it anymore. She got up, took the flower pot from the servant's hands, and smashed it onto the ground.

Chapter 2230: She Should Take It On Herself

"Get lost! I don't want to see any of you! Get lost!"

The servants were frightened and ran out of the room in a panic.

Wen Shiyu looked at the mess on the ground and felt even more upset. She couldn't help but squat on the ground and cry.

Everyone in the Wen family knew that Wen Shiyu's temper was getting worse. No one dared to disturb her. Without any instructions, they would avoid her as much as they could.

As a result, Wen Shiyu became increasingly isolated. She did not even have anyone to talk to.

She really missed her mother, so she found an opportunity to get the driver to drive her to the prison.

In the prison, she met her mother, Li Meien.

Li Meien was wearing a prison uniform. She had lost the air of a noble lady and looked no different from a country bumpkin.

When she saw Wen Shiyu, she was so excited that she hit the glass window, but was stopped by the prison guards.

The two picked up the linked phones and began to talk.

"Hey, Xiaoyu, you finally came to see Mommy. Mommy really misses you. Are you okay? Are you still in the Wen family?"

Wen Shiyu only smiled coldly at Li Meien's concern. She stared at her mother, her eyes filled with resentment.

"It's all your fault! It's all your fault! If it wasn't for you, I wouldn't have become like this. Although I'm still in the Wen family, I'm no longer the eldest daughter of the past. Everyone dislikes me! I'm just an extra!"

She vented all her anger on Li Mei'en. Li Mei'en felt very upset when he heard it.

Seeing Wen Shiyu's tears, she couldn't help but cry too. She kept apologizing, "I'm sorry, I'm sorry... It's all Mom's fault..."

"I just can't figure it out... Father is such a good person, why are you looking at the pot while eating? Why can't you love your husband wholeheartedly and make him a cuckold? I'm not even father's biological daughter, thanks to you. You made me suffer for the rest of my life! Do you know that I hate you?"

After Wen Shiyu finished shouting, she hung up the phone and ended the call with Li Meien.

She got up and left the meeting room. Li Mei'en wanted to call her back but it was useless.

Li Mei'en shed tears of regret and self-reproach. She was the one who had caused all of this. She should be the one to bear it.

Wen Shiyu came back from visiting the prison and continued to lock herself in the house, not talking to anyone.

When Wan Dou came back from outside, she saw the closed door upstairs and asked about Wen Shiyu's situation.

She had isolated herself from the world. Today, she had flown into a rage at a servant and went to the prison. When she came back, her mood was even worse.

Everything proved that Wen Shiyu's pride and self-esteem had been crushed.

This person was probably already on the verge of despair.

As a precaution, Wan Dou specially instructed the two servants to keep a close eye on Wen Shiyu and prevent her from doing anything stupid.

The night before the wedding.

Wan Dou stayed at the Wen family home. She talked to Mu Chenguang on the phone until late at night.

“Okay, let's not talk anymore. I want to sleep early. Otherwise, won't people laugh at me if I marry with two dark circles under my eyes tomorrow?” Wan Dou said.

“You're already a national treasure now. It's normal for you to have dark circles under your eyes. But for the sake of the baby's health, you should quickly rest. I'll stop talking. Good night. See you at the church tomorrow!”

The two ended the call and rested.

Before the sun rose the next day, everyone in the Wen family started to get busy. It was the wedding day, and there was a lot to prepare.
