

Priceless 2281

Chapter 2281: Suffocated

"Mom, get up!"

Xue Yating helped her mother-in-law up and finally decided tearfully, "Okay, I promise you."

After An Xianming passed away, the entire An family was shrouded in a shadow of grief. Now that Xue Yating was pregnant, the An family had a new hope.

For the sake of Xue Yating's safety, Rong Lihua wanted her to quit her job at the music center. But she was unwilling, so she did not force her.

Xue Yating went back to work, but she had two more bodyguards by her side to protect her.

She did not have many chances to meet with An Jichuan. Because she had said that she did not want to see him, An Jichuan would always choose to come when she was not around.

He missed Su Su very much. Every time he came home, he would play with his child. He had always treated Su Su as his own daughter.

Su Su already knew how to walk. The strange thing was that she got along very well with An Jichuan and always treated him as her father.

Every time she saw him, she would open her arms and run over to him, calling him daddy happily.

Because of this, Xue Yating had been secretly educating Su Su in private. But the child refused to listen and still called An Jichuan daddy.

Xue Yating let her be.

The An Group was in the midst of a storm, and negative news was still popping up non-stop. It had a huge impact on the An Group's shares, causing them to plummet.

When An Xianming took over the company, he had spent a lot of effort to stabilize and integrate the company. The company was not on the right track yet, but An Xianming passed away.

An Xianming's death was a very heavy blow to the An family. An Zhenguo lost his son in his old age, and the great grief caused him to fall ill.

The burden of the An family was now on An Jichuan's shoulders.

Now that An Jichuan had taken over the An Group, it was more difficult than ever. Facing an even more difficult situation, coupled with the rumors from the outside world, it almost made him suffocate.

After An Jichuan came to power, some of the old shareholders in the company did not trust him. Now, not only were the shares in turmoil, but there were also a few old shareholders who suddenly announced their withdrawal, catching An Jichuan off guard.

The cause of his brother's death had yet to be found out, but at this critical moment, the company was in such a crisis. The external and internal problems made An Jichuan very busy.

He had not had a good rest for many days. He was constantly trying to contact all the resources he could contact and visit his father's friends. He had thought of all the ways he could and hoped to help the An family survive this crisis.

However, the bank began to push for loans and the suppliers began to ask for payment. The stock market of the An Group was once again inflated by malicious intent. A series of reactions led to the An Group's near bankruptcy.

He recalled what his brother had told him before. He had said that he was a business genius. But now it seemed that he was not a good leader. He could not even reconcile the company's internal conflicts.

An Jichuan had been suffering from a chronic illness for the past few days. He was sent to the hospital by his assistant Xiao Luo in the middle of the night.

Xue Yating received a call from Xiao Luo in the middle of the night and asked him what was the matter.

"Madam, it's Young Master Ji Chuan. He's sick. He's in the emergency room at the hospital now. Do you want to come and see him?" Xiao Luo had no choice but to call her.

Xue Yating woke up immediately.

When she heard that An Jichuan had fallen sick in the emergency room, her heart suddenly tightened. She was also hesitating if she should go and see him.

Chapter 2282: Too Late

She had seen the news about what had happened in the An family recently. She knew that he had been under a lot of pressure recently and was having a hard time. It must be because the problem was so serious that Xiao Luo had to call her in the middle of the night.

Initially, she did not want to go, but in the end, she unexpectedly changed her shoes and went out.

She asked the An family's driver to take her to the hospital. She saw the unconscious man in the ward. Xiao Luo greeted him politely when he saw him coming and briefly explained the situation to her before leaving the ward.

Only she and An Jichuan were left in the ward. Xue Yating came up to them and looked at the pale man on the bed. There was a sadness between her tightly knitted brows that could not be wiped away. She looked very haggard.

Xiao Luo told her that he had an episode with his stomach. She could imagine that he had been so busy recently that he could not even eat. That was why his old illness had relapsed.

Xue Yating looked at the man on the bed who had completely lost his usual high-spiritedness and couldn't help but sigh.

She recalled the time when she was studying at the Vienna Music Academy. They were best partners and often went to classes together. They would participate in the school performance together and practice together.

She played the violin, and he could play the piano. They cooperated so well.

At that time, they were very happy and carefree. She thought that their friendship was the best and told him that they had to keep it together.

But she was too naive. How could there be pure friendship between a man and a woman?

He had liked her silently at that time, but she had limited him to being a friend. That was why he had never shown his true feelings.

Who would've thought that their relationship would end up like this one day?

“No... Don't go...”

The man on the bed suddenly reached out and grabbed the air.

He looked like he was in pain and his eyebrows were tightly knitted together. He did not know what kind of dream he had to have to have such an expression of fear.

Xue Yating moved closer and heard him calling her name.

“Tina... don't leave me...”

Xue Yating could not describe how she felt at this moment. She felt conflicted and complicated. She looked at his hand that was floating in mid-air. She wanted to catch it but pulled it back.

A clear voice in her heart told her that she should not have any contact with An Jichuan.

She stayed with An Jichuan in the hospital ward until dawn. After he fell asleep, she left the hospital. Before she left, she told Xiao Luo to take good care of him.

When An Jichuan woke up in the afternoon, his body was in a better condition. When he learned from Xiao Luo that Xue Yating had visited him last night, he was very excited.

“Are you serious? She was here?”

Xiao Luo nodded. “Madam only left at dawn. She accompanied you all night.”

An Jichuan's heart suddenly skipped a beat. It was as if he had regained his vitality. Even his illness seemed to have gotten better.

He knew that Xue Yating would not be so cruel!

He was still in her heart!

As he thought of this, he only wanted to look for her now. He immediately lifted the blanket and wanted to get out of bed. “I want to be discharged!”

Xiao Luo quickly stopped him. “Young master Ji Chuan, you can't be discharged now. The doctor wants you to be hospitalized for at least two days before you can be discharged.”

“I can't wait anymore. I want to go find her.”

“It's too late for you to go now. Madam has gone back to her country.”

“Gone back?” An Jichuan's heart sank. He looked at Xiao Luo in disbelief. He thought that Xue Yating would never return. He ignored the pain in his stomach and immediately insisted on getting out of bed. “No, I have to go find her now. She can't leave...”

Chapter 2283: Just Like I Thought

“Young Master Ji Chuan, please calm down. Madam is only going back to visit her father. Miss Su Su is at the An family home. She didn't take her away. Madam will definitely return.”

Xiao Luo advised, “Before she left, she told me to take good care of you. She said that she hoped that she could see the healthy you when she came back from Peijing.”

Hearing this, An Jichuan finally stopped and lay down again. Because of this, he had to cooperate with the doctor and receive treatment.

Even though he was lying in the hospital, An Jichuan did not have the heart to stop working. He asked Xiao Luo to move all the company documents to the ward. At the same time, he asked, “What's going on with the Shen family?”

“I found out that a major shareholder of the An Group met with Shen Sikang in private.”

“Just as I thought. Xiao Luo, get someone to continue monitoring him.”

“Yes!”

An Jichuan narrowed his dark eyes, a hint of ruthlessness in them. From the moment he suspected the Shen family, he had been sending people to investigate in secret. Now, he finally had some clues.

What would Shen Sikang do next?

Just when all the families were unwilling to help, only the Shen family threw out an olive branch.

Shen Sikang personally went to Rong Lihua's house and said that he was willing to help the An family through the crisis.

Rong Lihua was grateful to Shen Sikang. It was also Shen Sikang who had helped the An family survive the crisis. Now that the marriage had failed, the An family had always felt guilty towards the Shen family. She did not expect the Shen family to be so magnanimous and let bygones be bygones.

However, Shen Sikang was willing to help with another condition. He wanted the Shen and An families to be joined by marriage.

“Are you talking about Ranran and Ji Chuan? Does Ranran agree?”

Rong Lihua only knew that Shen Ranran liked her eldest son.

“Ranran has no problem with it. The main problem is Ji Chuan. What does he think?” Shen Sikang asked.

“When Ji Chuan comes back, I'll speak to him about this. If Ji Chuan and Ranran can get together, it will be a good thing for our families to have a marriage alliance.”

Rong Lihua had always felt that the An family had let the Shen family down. She had always wanted to make it up to the Shen family. Now was the perfect opportunity.

After sending Shen Sikang off, Rong Lihua went to the hospital to visit An Jichuan.

After Xue Yating told her about An Jichuan's hospitalization, she came to the ward and saw her son lying there. As a mother, she felt very upset.

“Look at you. How old are you? Why don't you take care of yourself?”

Rong Lihua's heart ached when she saw him. She couldn't help but scold him.

“Mom, I'm fine.”

An Jichuan smiled.

“You still dare to say that you're fine? You're already in this state, and you still dare to show off! Do you know that the entire An family is counting on you now? If anything happens to you, what will happen to Mom? What will happen to the An family?”

Rong Lihua burst into tears and An Jichuan comforted her.

Rong Lihua wiped her tears away. She thought of something important and said, “Oh right, your Uncle Shen came to our house today and said he was willing to help. But he made a condition...”

“What condition?”

An Jichuan thought to himself that the old fox was finally taking action.

“He wants you to get engaged to Ranran.”

An Jichuan's eyes darkened and he asked, “Mom, Big Brother just left not long ago and his body is still warm. How can I get engaged?”

Rong Lihua sighed. “It's a very practical thing to do now. The An family is already on the verge of death. For the sake of the family's stability, all rules can be broken. I'm sure your big brother will understand.”

“It's all my son's fault for being so incompetent. He made all of you suffer with me.”

“Don't say that,” Rong Lihua said as she wiped her tears.

Chapter 2284: Extremely Uncomfortable

An Jichuan pretended to compromise. “Mom, let's do it this way! I agree to marry the Shen family.”

Rong Lihua only hoped that she could help her family get through the difficult times. She did not think too much about it and said, “Okay, then I'll go and take care of this matter. You should rest well and prepare for the engagement when you've recovered.”

In the following week, the An family and the Shen family were preparing for Shen Ranran and An Jichuan's engagement ceremony.

They had already announced to the public that the two families were about to be married. For a time, the public's opinion of the An family's actions was mixed.

Many people said that the An family had no other choice but to rely on a marriage alliance to save their bankruptcy. Some even said that An Jichuan had to rely on a woman to stand up again.

No matter what the public said, An Jichuan was not affected. After he was discharged from the hospital, he immediately went back to work.

On the other side, Xue Yating flew back to Rongcheng from Peijing. The moment she got off the plane, she heard that the An family and the Shen family were going to have a marriage alliance.

The news at the airport had already been broadcasted. At first, she didn't really believe it, but after watching it and even seeing the media interview with An Jichuan, she confirmed that it was true.

When she learned of this, she felt very uncomfortable in her heart.

Why didn't An Jichuan wait for her to come back?

Why had he gotten engaged to Shen Ranran in such a hurry?

What was he thinking?

Even though she kept telling herself that she could no longer have anything to do with An Jichuan and that she did not want to get involved in his affairs, she realized that she actually minded it very much at this point.

She was also a little angry. She didn't know why she was angry, but she felt very uncomfortable.

It was easy to imagine that the reason the An family and the Shen family were suddenly married was to save the An family from danger.

Since An Jichuan had found Shen Ranran for help, then it was unnecessary for her to come all the way to Peijing to ask her father for help.

Thinking of this, Xue Yating decided not to talk about investing in the An family for the time being. They didn't need her help at all!

When they returned to the An family home, An Jichuan was also there. He was playing with his daughter, Su Su.

Su Su saw her mother coming back and ran down from her father's arms. She ran over happily and hugged Xue Yating's leg. "Mommy, Su Su misses you."

Xue Yating's heart melted as she looked at the cute little girl. She squatted down and picked up her daughter. "Mommy misses Su Su too!"

Su Su broke free from her arms and pulled her hand into the house. "Mommy, come quickly!"

Xue Yating greeted her mother-in-law when she arrived at the An family's living room. When she saw An Jichuan, she immediately ignored him without even looking at him.

Su Su sat down on the sofa and said, "Mommy, Daddy said that he wants to bring Su Su to the amusement park. Su Su wants Mommy to go with Daddy, okay? Can Mommy go too?"

Faced with her daughter's pleading, Xue Yating glanced at An Jichuan. She did not really want to go out with him. She said, "Su Su, you should go with Daddy. Mommy still has something to do."

Su Su pouted when she heard that. She was a little unhappy and asked, "Why do all the kids have daddy and mommy playing together? Su Su doesn't have this?"

"Tingting, why don't you spend some time with Su Su? She's been waiting for you for a few days."

Xue Yating subconsciously looked at An Jichuan. The man had been staring at her with a calm expression, but he did not say anything.

Looking at her daughter's pitiful face, Xue Yating's heart softened. "Okay, Mommy will go with you."

Chapter 2285: Would You Mind?

"Yay!" Su Su jumped around happily.

When it was time for dinner, Xue Yating took Su Su to wash her hands and eat. From beginning to end, she did not have any eye contact with An Jichuan.

An Jichuan had a lot of things he wanted to say to her, but he could not say them.

After dinner, Xue Yating took Su Su upstairs to coax her to take a nap. An Jichuan finally broke the silence and said, "Tina, I'll drive tomorrow morning to pick you and Su Su up."

"Up to you."

Xue Yating replied coldly and took Su Su upstairs without looking back.

Looking at the woman's cold back, An Jichuan sighed. He felt that she seemed to be angry. Why was she angry?

Could it be because of his engagement with Shen Ranran?

An Jichuan suddenly wanted to know what she would think if he got engaged to another woman. Would she mind?

The next morning, An Jichuan drove back to the An family home to pick them up.

He went upstairs to see his daughter and saw Xue Yating looking for clothes for Su Su.

"Su Su, do you like this one?"

"No."

Su Su was very small but she had her own ideas. She had her own choices when her mother chose clothes for her.

She would never wear it unless she liked it.

"What about this one?"

"No."

"Then, which one do you want to wear?" Xue Yating felt a headache coming on. She didn't even want to help her find it. If she continued to search like this, she would probably not be able to get out of this door until noon.

"Su Su is going to wear a pink mushroom and a bow."

"..." Xue Yating actually couldn't remember such a dress. She searched the closet again but still couldn't find it. She was a little discouraged. "Su Su, can't you wear something else? Mommy can't find it!"

Su Su looked at her mother and could not help but slap her own little head. "My mommy is so dumb hah!"

Xue Yating was speechless. She was being despised by her own daughter!

Just as she was at her wit's end, she suddenly felt a cold pressure coming from behind her. Her body was enveloped by a strong embrace.

Xue Yating turned around in shock and realized that it was An Jichuan. He was too close and the pressure was too strong. She subconsciously wanted to avoid him.

But the man stood behind her and reached into the closet, easily finding the one Su Su had described. He turned and asked, "Su Su, are you wearing this?"

"Daddy!" Su Su jumped up happily on the bed. "Yes daddy! Daddy is so awesome! Su Su wants to wear this!"

"Okay, Daddy will help you."

Xue Yating turned around and saw that An Jichuan had already gone over to help Su Su put on her clothes. She couldn't help but feel a little depressed. As a mother, wasn't she a little too unqualified?

With An Jichuan's help, Huo Yunshen helped Huo Yunshen put on his clothes and took his daughter to wash up. He even helped her braid her hair.

Su Su was dressed up like a pretty little princess.

An Jichuan pulled her back to Xue Yating. Xue Yating had to admit that An Jichuan was a good father. He seemed to be very good at taking care of children. In any case, he was better than her.

"Mommy, let's go!"

Su Su urged her to hurry up.

"It will be ready soon." Xue Yating put on her backpack and took Su Su's hand. They went downstairs together.

After breakfast, An Jichuan left with the mother and daughter.

On the way to the amusement park, Xue Yating only talked to her daughter. From time to time, An Jichuan would look at the adult and child in the rearview mirror.

After holding it in for a long time, she finally couldn't help but ask...

Chapter 2286: Her Face Hurts

"I heard from Xiao Luo that you came to visit me at the hospital that night. Thank you."

"No need to thank me," Xue Yating said simply.

"Are you okay?" An Jichuan asked.

"I'm fine."

No matter what topic he brought up, she would always answer coldly. The two of them could hardly talk normally.

Fortunately, the amusement park was not too far away. When they arrived at the amusement park, the two of them had a clear division of labor. Almost all of them were accompanied by An Jichuan to play while Xue Yating waited outside.

After they were done playing, they went to the next place.

The morning passed quickly. Su Su was having a great time. When she left the amusement park, An Jichuan placed her on one of his shoulders.

Su Su shouted excitedly, "Daddy, Su Su is so tall!"

"Yes, Su Su is very tall."

"Su Su is taller than mommy," Su Su did not forget to boast to her mommy.

Xue Yating smiled as she looked at her daughter. Just like that, they walked out of the amusement park. After the mountain bike, An Jichuan brought the mother and daughter to the city restaurant for lunch.

While the three of them were having their meal, two more exquisitely dressed women came into the dining room.

Shen Ranran came for dinner with her best friend, Ye Rong. Ye Rong asked, "The An Group is in imminent danger and your Shen family is going to marry the An family through marriage. What are you thinking? Are you going to marry a man who is about to go bankrupt?"

Shen Ranran smiled and said, "What do you know? When a man is at his wits' end and in a desperate situation, if you choose to marry him now, he will be grateful to you for the rest of his life and will also rely on you for the rest of his life. As long as our two families are connected by marriage, my father has the ability to revive the An family. You don't have to worry at all!"

"You're really something!" Ye Rong said noncommittally. "But, Ranran, you're about to get engaged. Why didn't An Jichuan come out with you to try on your dress today?"

As Shen Ranran walked into the dining room, she smiled and said, "Ji Chuan is very busy. He has a lot of work to do at the company and really can't get away. Otherwise, he would definitely accompany me to choose a dress."

But as soon as she finished speaking, Ye Rong pulled her back and let her look. "Hey, look over there. Is that An Jichuan?"

Shen Ranran followed her line of sight and saw An Jichuan and Xue Yating eating together at the side of the bed. Oh, there was also a little girl. They looked like a family of three.

Seeing this scene, Shen Ranran felt her face burn.

She had just told Ye Rong that An Jichuan was very busy, but now she saw him eating with another woman. It was more painful than slapping his face.

"Don't tell me that woman is Xue Yating? Isn't she Ji Chuan's sister-in-law?" Ye Rong began to mutter again. "Her husband just died, and she came out for a meal with her brother-in-law. Isn't that bad?"

Shen Ranran could not say a word. She was so angry that her heart hurt.

The person she hated the most was Xue Yating. She was really good at seducing people. An Xianming was killed by her and now she was pestering An Jichuan.

How shameless!

Initially, she had wanted to leave in a fit of anger. But when she thought about how she was about to become An Jichuan's fiancée, what was there to back down from?

Shen Ranran walked straight to their table and shouted, "Ji Chuan!"

Hearing the voice, An Jichuan raised his head and saw that it was Shen Ranran. He could not help but feel his scalp go numb.

"I called to ask you to accompany me to choose a dress, but you said that you had something to do at the company and couldn't leave. Is this your business? We are about to get engaged!"

Chapter 2287: Why Is It So Uncomfortable?

Shen Ranran deliberately shouted loudly, causing the other customers in the restaurant to look over.

Those who did not know the situation all thought that An Jichuan was about to get engaged to his girlfriend, but he came out to eat with another woman.

Many people looked at Xue Yating with unfriendly eyes, thinking that she was the third party who had ruined their relationship.

The dining atmosphere was disturbed. An Jichuan put down his knife and fork and said, "Ranran, it's time to get off work. I don't have to report to you who I'm having dinner with."

"Yes, that's right!" Shen Ranran did not target An Jichuan, but she did not want to let Xue Yating go. She deliberately asked again, "Madam, may I ask how long your husband has been dead? Do you have the time to eat with another man?"

Shen Ranran looked sharply at Xue Yating and the little girl beside her. Su Su was frightened by Shen Ranran's gaze and snuggled into her mother's arms. "Mommy, I'm scared!"

“Don't worry, Mommy's here. Don't be afraid”

Xue Yating pulled her daughter into her arms and said impolitely, “I'm having a meal. What does it have to do with you? Besides, are you two engaged? Not yet! As long as he's not engaged for a day, he's free. What's wrong with me eating with my uncle? We didn't do anything shameful. Why are you so agitated?”

“You...” Shen Ranran was speechless.

“That's right. We're not engaged yet. It's none of your business. Please don't disturb us!”

Shen Ranran was furious. An Jichuan had chased her away in front of everyone, but she refused to leave out of spite.

“Tina, have you and Su Su finished eating?” An Jichuan asked. “Let's go!”

“Mm.”

Xue Yating and the others had already finished eating and they didn't want to stay here anymore. An Jichuan took Su Su from her and carried her in his arms naturally, leaving the dining room with Xue Yating.

Shen Ranran looked at their backs as they disappeared from the dining room. She was absolutely livid.

Ye Rong came over to persuade her. “That's enough, Ranran. Don't be angry. I think you should consider it carefully. Is An Jichuan really suitable for you?”

Ye Rong could tell that An Jichuan was not interested in Shen Ranran at all.

“Why not? He's my first love, the most suitable man for me!”

Shen Ranran would not give up. They were going to get engaged soon. As long as they were engaged, she would be able to get in touch with An Jichuan rightfully.

As for Xue Yating, she had tolerated her for long enough!

It had reached the point of no return!

On the way back.

Su Su fell asleep in Xue Yating's arms. No one spoke in the car. An Jichuan looked at her through the rearview mirror.

“I'm sorry. I'm sorry.”

An Jichuan felt sorry for Shen Ranran's ruckus at the restaurant.

“I should be the one apologizing. I shouldn't have agreed to come out with you. You two are about to get engaged. I don't want to be criticized by others.”

Xue Yating looked at the scenery outside the window. She could not even hear the faint jealousy in her voice.

“Don't worry, there won't be a next time.”

An Jichuan said this because he wanted to tell her that such an awkward thing would never happen again.

Xue Yating thought that he was saying that they would never have a meal together again. Thinking about it, it made sense. After he and Shen Ranran got engaged, they could completely break away from each other.

He had a fiancée and was going to get married in the future. As for her, she could only be his sister-in-law forever and his big brother's widow.

That was good too. It would be best if they had nothing to do with each other in the future.

But when she thought of the two unborn children in her belly, Xue Yating felt so disgusted.

Chapter 2288: Taking Her In

They arrived at the An family home. After parking the car, An Jichuan opened the door and took his sleeping daughter from Xue Yating's arms.

Unconsciously, his big hand gently touched her finger. A jolt flowed through her fingertips into her body, causing her to panic and immediately retract her hand.

On the other hand, An Jichuan did not notice anything unusual about her. He took Su Su into his arms and carried the child back to the villa.

Xue Yating came up with him and helped him open his bedroom door. She asked him to put the child on her bed.

An Jichuan carefully put the child down and helped Su Su with her shoes and jacket. He covered her with the blanket before turning around.

Xue Yating stood in the direction of the door and held the door with one hand. She was waiting for him to leave and wanted to close the door.

An Jichuan looked at her without saying anything and walked towards the door. Just as he was about to walk past her, he suddenly grabbed the door and closed it behind him.

"Youâ€¦!" Xue Yating did not expect him to suddenly do this. She was so shocked that she took a step back.

An Jichuan turned around and reached out a hand to cover her body, pressing her against the wall.

Xue Yating's heart started to beat wildly. "Whatâ€¦! what are you trying to do?"

An Jichuan's dark eyes stared at her little face. He could see a hint of panic and uneasiness in her eyes.

She seemed to be very afraid of him. Did he think he was a monster that could not be avoided?

"I'm about to get engaged. Do you have anything to say?"

Xue Yating had an awkward expression on her face. She forced a bitter smile. "You and her are very compatible. I wish you both a happy family!"

Bang!

An Jichuan retracted his hand and punched the wall beside her face.

Her heart skipped a beat as she stared at him, not knowing what she had said wrong.

Her answer made him very disappointed. An Jichuan's dark eyes clouded like storm clouds, threatening to engulf her.

"If you say no, I'll cancel my engagement with Shen Ranran immediately!"

He wanted to tell her that he would never do anything that would make her unhappy, even if she cared even a little.

But she was destined to disappoint him. Xue Yating forced herself to calm down and said nonchalantly, "What does your engagement have to do with me? Why do you need my opinion? I have no objections!"

"Do you really not mind that I'm with another woman?"

An Jichuan asked in embarrassment. If not for the fact that she was filial and had a child in her belly, he might not have been so polite to her!

"Why should I mind? That's your own business. It's up to you!"

Upon hearing this, An Jichuan retracted his fist and closed his eyes. He took a deep breath, feeling defeated.

In the end, he didn't say anything and left dejectedly.

After the man left, Xue Yating let out a sigh of relief. Even though she had said those words so easily, she felt a sense of loss in her heart.

Why was it so annoying?

After that day, Xue Yating never saw An Jichuan return to the An family.

There were only three days left until the engagement. Everyone in the An family was preparing for An Jichuan's engagement.

Xue Yating could not help in this matter, nor did she want to help. She went to Doremi Music Center as usual to teach her lessons.

Chapter 2289: She Will Look Good Later

Outside the music center in the morning, a car stopped by the road. In the back seat, Shen Ranran and Ye Rong looked at the training institution through the window.

"Is that woman teaching children how to play the violin here?" Ye Rong asked.

"Okay. She'll be in for it later!"

Shen Ranran's eyes showed a hint of ruthlessness. After saying this, she ordered the driver to drive.

Not long after, in Xue Yating's class, the parent of a child who was on leave brought the child to the center.

"Look at how the teachers in your school teach their children. Look at how they mistreated my child! Get the one with the name Xue to come out!"

The little boy's parents were shouting outside. They were so noisy that several classes could not give lessons.

"Please calm down," the person in charge of the organization said. "Please explain to us what happened!"

"My son is learning how to play the piano here. Look at how his teacher abused him. His body is covered in bruises."

"Which teacher are you talking about?"

"Xue, her surname is Xue. My son is in their class."

Xue Yating, who was teaching her child how to play the piano, also heard the commotion outside. She came out to take a look and saw her classmate Qiu Liangliang and his mother.

"What's wrong?" Xue Yating asked.

When Liangliang's mother saw Xue Yating, she treated her like a murderer and slapped her.

Pa!

Xue Yating's cheek was slapped to the side, and her face burned with pain.

Before he could ask anything, Liangliang's mother shouted fiercely, "What do you think? What do you think? I didn't send my son here to get mistreated by you! Look at the wounds on his body!"

Liangliang's mother lifted the shirt off Qiu Liangliang's back. There were bruises all over his back. It looked like it was made by a thin tool.

"Did you hit him? With the baton in your hand? Look at these injuries! My son has committed such a huge mistake and you want to be so ruthless to him? If you dare to punish a student, I can sue you and send you to jail!"

Liangliang's mother stared at her furiously.

Xue Yating had been beaten up for no reason. She could have returned it, but as a music teacher here, she could not directly clash with her parents, so she could only endure it.

In order to clarify the problem, she explained, "Liangliang's mother, is there a misunderstanding? I've never hit a student before! Liangliang has always performed well in class. Why should I hit him?"

"You can deny it, but I've already called the police. A wicked teacher like you should be punished!"

After Liangliang's mother finished shouting, she requested for the organization again. "You guys deal with her right now. If you don't give me an explanation, I won't leave today! I'm not done with you guys!"

The person-in-charge looked at Xue Yating. Xue Yating did not want to make things difficult for him. She took the initiative to say, "If it was me who did it, I would take responsibility. But if it wasn't me, I wouldn't be wronged like this! Liangliang's mother came in and insisted that I was the one who abused your son. Then, can you give me a chance? Let me ask Liangliang himself, did I hit him or not?"

"Sure! Go ahead!" Liangliang's mother said confidently and pushed him in front of her.

Xue Yating squatted down and looked at Qiu Liangliang. She asked, "Liangliang, tell Ms. Xue, and your mother the truth. Did I hit you?"

Chapter 2290: Endless Suffering

Qiu Liangliang lowered his head, not daring to look into her eyes. After Xue Yating's persuasion, he raised his head and nodded.

"Does a good child lie?" Xue Yating asked as she stared into his eyes.

Qiu Liangliang began to cry.

Liangliang's mother became even angrier when she saw the child crying again. She grabbed Xue Yating's hair and said fiercely, "What else do you have to say now? Look at how scared he is! I will definitely punish you today!"

Maybe it was because she was angry, Liangliang's mother began to abuse Xue Yating. She grabbed Xue Yating's hair, pushed her to the ground, and began to beat her with her fists and feet.

She rained verbal abuse while hitting Xue Yating.

Xue Yating was defenseless and could not retaliate. She could only hug her belly and protect the child in her belly.

Qiu Liangliang saw that his favorite teacher had been beaten up and cried at the side. "Mommy, don't hit Ms. Xue! Mommy, don't hit him! Don't hit Ms. Xue..."

The person-in-charge and two other female teachers came over to stop the fight, but Liangliang's mother seemed to have gone crazy. She was so strong that she was practically strangling Xue Yating.

In the end, the bodyguards from the An family rushed in and stopped the crazy woman. They protected Xue Yating and also informed An Jichuan in time.

An Jichuan was about to go to the An Group's factory for an inspection when he happened to pass by the music center. After receiving the call, he immediately rushed over.

An Jichuan rushed up the stairs and saw Xue Yating lying on the floor with blood around her. A cold murderous gaze appeared in his eyes.

“Tina!”

Xue Yating's condition was not very good. After being beaten by Liangliang's mother, her lower body immediately turned red and showed signs of miscarriage.

An Jichuan even wanted to kill someone. The anger in his heart was enough to destroy the earth.

But he couldn't care less about anything else. He immediately came forward and picked up the woman on the ground. Before leaving, he ordered the bodyguards, “Who touched Tina? I want her to pay with her blood!”

The bodyguards had already captured Liangliang's mother and subdued her. No matter what her motive was, An Jichuan would not let whoever had harmed Xue Yating off today.

The most important thing now was to send Xue Yating to the hospital. She was bleeding non-stop and was unconscious.

An Jichuan hugged the unconscious woman, his heart aching. “Tina... nothing can happen to you... You have to hold on, Tina...”

Xu Xiyang's assistant, Xiao Luo, personally drove the car. Under An Jichuan's orders, they ran many red lights along the way and finally sent Xue Yating to the hospital.

An Jichuan rushed into the hospital with Xue Yating in his arms and ran towards the emergency room. “Doctor... Help... Help...”

In the end, he placed Xue Yating on the stretcher bed prepared by the medical staff. An Jichuan held Xue Yating's hand and ran with her all the way to the emergency room. He was stopped by the nurse outside the door.

Xue Yating was pushed in. A door blocked them completely.

From the moment he could not see her, his heart was filled with endless suffering.

He saw the droplets of blood on the floor on their way in. His eyes were reddened with madness.

She had lost so much blood. Could the children in her belly still survive?

Fear, helplessness, heartache, all sorts of complicated feelings intertwined together, nibbling away at An Jichuan's heart.

He only hoped that Xue Yating and the children would be safe. As long as they could recover, he was willing to lose ten years of his life!
