

Priceless 2291

Chapter 2291: He Was Willing

The lights in the emergency room were still on. The emergency had been going on for more than an hour. For An Jichuan, every second was longer and harder to endure than a century.

An Jichuan could not help but ask the nurse about Xue Yating's condition. "Nurse... how is my wife?"

The nurse quickly answered, "The pregnant woman has lost too much blood and needs a lot of blood plasma. The RH-negative in the blood bank has been used up. We are trying to find a way to get it from another hospital."

An Jichuan remembered that Xue Yating also had RH- like him. In order to save her, An Jichuan immediately requested for blood donation and the nurse immediately took him for a test.

The blood type was surprisingly compatible. The hospital finally arranged for An Jichuan to donate blood for Xue Yating.

After being disinfected, An Jichuan entered the emergency room.

The doctors and nurses were busy in the emergency room. The atmosphere was extremely tense.

He finally saw Xue Yating lying on the operating table with an oxygen tube in her nose. The IV and blood transfusion were performed at the same time.

Her face was pale from the blood loss and almost transparent. It was as if she would evaporate if the light from the shadowless lamp was stronger.

An Jichuan was heartbroken. He lay down on the bed next to her and turned to look at her.

The nurse removed the blood from his body and injected it into her body.

200 cc

400 cc

When the nurse drew the 500cc, she did not allow him to continue donating blood. She was afraid that too much blood would affect his health.

But the blood was still lacking. An Jichuan begged the nurse to take his blood again. After taking a total of 800 cc, his head started to feel heavy and his face was pale. There was no blood on his lips.

"Mr. An, you can't draw anymore blood! Your body won't be able to take it if you continue!" The nurse decisively pulled out the needle and did not help him draw another drop.

"Then my wife..."

An Jichuan was worried about Xue Yating. What if there wasn't enough blood?

"Don't worry. The blood is already on the way. We should be able to deliver it in time. We will do our best to save your wife."

After the blood was drawn, An Jichuan left the emergency room and waited outside.

After another hour, the lights in the emergency room finally went out. Seeing the doctor come out, An Jichuan immediately went up to him and asked, "Doctor, how is my wife?"

The doctor took off his mask and said, "You're Mr. An, right? Luckily, your wife was sent here in time, and the blood was also provided in time. We've already saved the children in her belly, but she has to stay in the hospital to recuperate."

"Thank you... Thank you so much..."

An Jichuan was so excited that his eyes were wet. There was nothing more exciting than this news. The huge rock that was pressing on his heart also fell.

Not long after, Xue Yating was sent to the ward by a nurse. An Jichuan had customized the most luxurious ward for her to rest in.

He stayed with her in the ward for an entire day and night. He did not even close his eyes. The blood on her body was cleaned up bit by bit by him. He also helped her change her clothes.

He was willing to do all these for her.

Xue Yating still did not wake up. Her assistant, Xiao Luo, came to the ward and reported to him, "Young Master Ji Chuan, we've already investigated clearly. The woman who beat up Madam is suffering from intermittent mental disorders. The injuries on her son were also caused by her own abuse. The results of our investigation are that she was ordered by someone."

"?" An Jichuan raised an eyebrow.

Chapter 2292: A Special Coincidence

Assistant Xiao Luo whispered a few words into his ear. After listening, he could not help but punch the table with his fist. "Very good! Then let's settle the old and new debts together!"

"I understand! But what about the wedding the day after tomorrow?"

"As scheduled!"

There was a cold glint in the man's eyes. He wanted to catch the Shen family unprepared.

Xue Yating woke up the next day. She was alone in the ward.

She had no idea how she got to the hospital. She wanted to move, but her stomach and body were hurting.

"Hey, Mrs. An, don't move!"

Just then, a nurse came in to change the medicine. When she saw her, she remembered and stopped her in time.

Xue Yating remembered the last thing that happened at the Doremi Music Center. She remembered Qiu Liangliang's mother kicking her like a madman. She had tried her best to protect her stomach!

Thinking of the baby in her belly, she asked anxiously, "Nurse, where are my babies?"

"They are still in your belly. Don't worry!"

Hearing this, Xue Yating lay down in peace. She felt relieved as long as the children were fine.

The young nurse helped her change the dressing while chatting with her. "Mrs. An, you were really in danger this time. If you had come a minute later, our hospital wouldn't have been able to protect your children. Luckily, Mr. An came in time to send you here. You had a massive hemorrhage at that time and the hospital was in desperate need of RH- blood. If he hadn't risked his life to draw 800c's blood for you, both you and the children would have been in danger!"

The nurse's words were like a sudden clap of thunder on the flat ground, creating huge waves in her calm new lake.

It was An Jichuan who had sent her here after her accident?

She had lost a lot of blood. Did An Jichuan give her 800cc of blood?

What did 800c mean? It was enough for one person to draw 400c blood at a time. Was he crazy?

Xue Yating's heart was filled with complicated emotions. She remembered that An Jichuan indeed had RH- blood. He had the same rare blood type as her.

She remembered that when she was studying abroad, she even smiled and said that it was a special coincidence that they had the same blood type.

She never thought that he would risk his life to save her.

Thinking of An Jichuan's blood flowing in her body, she could no longer calm down. She seemed to owe him a lot. She really did not owe others.

The only thing she could do was to help him financially.

Xue Yating found the phone on the bed and called the lawyer, asking him to handle the investment into the An Group.

In the morning, Rong Lihua appeared in the ward. After receiving the notice, she brought Su Su to visit Xue Yating.

"Mommy!"

As soon as Su Su reached the door of the ward, she ran into the room and came to the bed. She raised her head and looked at her.

"Su Su?"

Xue Yating heard the voice and opened her eyes. She looked down and saw that it was her daughter and mother-in-law. She greeted them, "Mom, you're here!"

"Tingting, don't move. Lie still!"

Rong Lihua hurried over and said, "Ji Chuan just told me about it this morning. I was so worried. I rushed over immediately to take a look. How is it now? Is everything okay?"

"I'm fine. The children are fine too. Don't worry!"

Rong Lihua nodded. "How could this happen all of a sudden? That kid's parents are so unreasonable! They even tried to harm a pregnant woman like you!"

"Mom, this happened too suddenly. No one wanted it to happen. Fortunately, the children and I are fine."

Chapter 2293: Unable To Take Any Torture

"That's right. Just thinking about it makes me afraid. After you're discharged from the hospital, don't go there to teach anymore! Just stay at home and rest until the children are born. If you have two children at the same time, you won't be able to endure any more torment!"

Rong Lihua reminded her.

"Okay, I understand. I'll listen to you."

Su Su stood on her toes and looked at her. "Mommy, Su Su is so worried about you! How are little brother and little sister?"

Xue Yating touched her daughter's little hand and said to her, "Su Su, don't worry about Mommy. Mommy is fine. Your little brother and sister are also very obedient."

After that, she chatted with her daughter for a while and talked to her mother-in-law. She naturally talked about the engagement between the An and Shen families tomorrow. "Tomorrow is the day of Ji Chuan's engagement. Now that something like this has happened to you, you can't attend."

"Mom, I didn't want to attend it."

Xue Yating lowered her long and thick eyelashes and said in disappointment.

"Then rest well. I only hope that I can help the An family get through this."

"It will definitely be fine!" Xue Yating comforted.

At around 10 pm, Xue Yating lay alone in the ward, staring blankly at the ceiling.

She suddenly heard footsteps coming from outside, followed by the sound of the door opening.

Perhaps it was because she was too familiar with someone, but she could immediately hear their footsteps.

She quickly closed her eyes and pretended to be asleep.

It was indeed An Jichuan. He had been busy the whole day and only came to visit her now.

He had brought her a lot of clothes and daily necessities.

After entering the ward, he saw that the woman on the bed was already asleep. He gently put down his things and came to her side.

He placed his hands on the bed and looked at her quietly. Seeing that she looked better than yesterday, he felt relieved.

He looked at her fair face and felt a sense of love for her. He could not help but stretch out his fingers and gently stroke her little face.

As soon as his slightly cold and slightly calloused fingers touched her face, Xue Yating felt as if an electric current had struck her cheek. A numbing feeling quickly spread throughout her body.

All the cells in his body tensed up at his action.

Fortunately, he did not do anything else. He only caressed her twice before withdrawing his hand. Xue Yating sighed inwardly.

She did not dare to open her eyes. She did not know what he was going to do next. In short, this feeling was quite nerve-wracking.

After seeing her, An Jichuan turned around and went to the bathroom in the ward. He got some hot water and started to clean her up.

Xue Yating heard his footsteps walking away and came back after a while. She also felt the blanket on the bed suddenly become lighter and her lower body was exposed to the air. This made her very anxious.

What was he going to do?

Then, she felt a pair of big hands on her waist. The fingers hooked the belt on the waist of the hospital gown and began to move down.

Is he going to take off my pants?

No!

Xue Yating, who could no longer pretend to be asleep, pulled her clothes back in time.

She opened her eyes and glared at him angrily. "An Jichuan! What are you doing?!"

"You're awake?"

An Jichuan leaned over and stared at her face. He explained, "I'm going to help you clean up."

"I don't need it!"

She understood where he meant by cleaning her body but she could not stay calm after that. How could she let him do such a thing?

Chapter 2294: I Can Only Do It Hard

“This is the doctor's order! You have to clean the blood under your body frequently and maintain hygiene!” The man looked at her calmly and noticed that her cheeks seemed to have turned red.

“Then I don't need your help!”

Xue Yating was indeed shy. As long as she was within a meter of him, her heart would beat wildly. She did not want to meet him. She only hoped that he could stay away from her and not disturb her heart.

“What? Who do you want to help you with?”

“Just not you!”

“You don't have any other choice. The doctors and nurses are all off work. I'm the only one on this floor that you can order around. It's not like I haven't helped you clean up before. I was the one who did it last night.”

An Jichuan wanted her to understand her current “situation”. She was alone, and besides listening to him, she had no other choice.

“You better not touch me. I don't need your help. You can go back now!”

After Xue Yating finished speaking, she bit her lips tightly and stared at him with a frown. She was very dissatisfied with his arbitrary actions.

An Jichuan knew that it was useless to talk to her nicely. He could only use force.

He pulled off her pants and quickly took them off. He also put a disposable mattress under her.

“Hey!”

Xue Yating was angered by his rough actions. She had already said that she didn't want him to do it. What was the point of him doing it?

“You'd better not move! If the fetus is disturbed again, I don't have enough blood to save you!”

An Jichuan held her down and stared at her coldly as he warned her.

Only then did Xue Yating pay attention to him. Because he had overdrafted his blood, his complexion was still not very good. His whole body was covered with a layer of exhaustion.

Xue Yating was probably shocked by his words and did not resist anymore. The man then took off her little clothes and she nervously crossed her long legs.

An Jichuan furrowed his eyebrows. In fact, he was not distracted at all. He only wanted to help her clean her body. However, her shy reaction triggered a fire in his heart.

He took a deep breath and tried his best to suppress the anger in his heart. He forcefully pressed her legs down and began to wipe her with a hot towel.

“An Jichuan, don't... I won't be able to explain myself if someone sees me...”

Xue Yating felt like slapping herself in the face whenever she thought of their identities. How could she ever be with him again...

It was an indescribable feeling. She felt like she could die. It was so embarrassing. Not only was she powerless to resist, but she also felt like she was better off dead.

“Don't worry. The whole building knows you're my wife. It's only right that I take care of you.”

An Jichuan was fearless as he spoke. His hands did not stop moving. Her bleeding was already much better. Just a little wiping cleaned it up.

“Shameless!”

Xue Yating cursed under her breath. He told others that she was his wife, but from tomorrow onwards, everyone would know about his engagement with Shen Ranran.

What would others think of her then?

Even though the man's actions were strong and cold, he was very gentle and careful when he wiped her as if he was wiping the most precious treasure.

He helped her change into a clean set of clothes and placed a long sanitary pad on top of it.

There was a hint of unfamiliarity in his way of doing all of this, but he didn't feel embarrassed at all. It was as if it was how it should be.

From the beginning to the end, Xue Yating had been covering her face with a blanket. Out of sight, out of mind.

Chapter 2295: Don't you care at all?

It was not until the hospital gown and pants were put on and the blanket was placed over her body that the uneasy fear finally disappeared.

“Are you feeling better now?” An Jichuan asked.

How could she answer such a question?

Xue Yating continued to play dead, but the man pulled the blanket away from her face and asked, “Are you hungry?”

“No.”

An Jichuan could hear the anger in her voice. He stared at her red cheeks and smiled. “Even if you don't eat it, the babies in your belly need nutrients. I brought porridge. Drink it while it's hot.”

The doctor said that she could eat some liquid food, so he specially asked Sister Ling to make nutritious porridge for her.

Xue Yating didn't want to eat it at first, but she was really hungry. Moreover, when he opened the thermos, the fragrance of the congee wafted out. It smelled very tempting.

She swallowed.

An Jichuan lifted the head of the bed and let her sit there. He then scooped a small bowl and stirred it with a spoon. He blew on it and sat down beside her. "Come, let me feed you!"

"I'll do it myself."

Xue Yating wanted to take the bowl but he did not give it to her. "It's a little hot. Let me do it!"

He brought the spoon to her mouth, but she refused to open her mouth. An Jichuan said angrily, "If you don't want to eat, do you want me to feed you with my mouth?"

Xue Yating suddenly remembered the time after they got married. The two of them were like glue, and he had fed her with his mouth. Thinking about it now, her cheeks could not help but burn.

In the end, she had no choice but to open her mouth and eat the porridge he fed her.

He fed her meticulously and ensured that the temperature was just right.

After finishing a small bowl, she said, "Okay, I'm full."

"It's too little. Eat more. You're not eating for now."

Under the man's persuasion, she ate another small bowl and was finally full.

An Jichuan took the things away and even carefully wiped the corner of her mouth. Xue Yating turned her head slightly and pulled the tissue away to wipe her own mouth.

"From tomorrow onwards, don't come to the hospital anymore. Let Sister Ling take care of me!"

Xue Yating made a request. She really did not want to continue being so intimate with him. She was afraid that her heart would fall and waver.

"Okay. I don't have time to come tomorrow."

He readily agreed.

"Don't come!"

She understood that he was busy with his engagement tomorrow. How could he have the time to visit her?

Once he had Shen Ranran, their relationship would be cleanly concluded!

"Are you angry?" He stared at her beautiful eyes, wanting to see if there were any different emotions in them.

"No," She replied even though her eyelashes fluttered.

"I'm getting engaged tomorrow. It's such a pity that you can't attend my engagement. What a pity!" He said deliberately, observing her reaction.

"What's there to regret? I didn't want to attend it anyway!"

“Is that so? In the future, if I live with another woman, we'll be together day and night, loving each other every night, living in the place we used to live, sleeping in the bed we used to sleep in, and having sex in the place we used to love each other, don't you care at all?”

He suddenly grabbed her wrist and forced her to look into his eyes.

How could she not care?

Just the thought of it made her feel disgusted.

But what could she do? He was an uncle. No one could interfere with whom he married or have children with. That was his freedom and power.

Chapter 2296: Counterattack

She stubbornly refused to answer and An Jichuan did not press her further. He let go of her hand and said, “No matter what, thank you.”

“What?”

Maybe it was because his thoughts were too jumpy, but she actually didn't understand why he suddenly thanked her.

“The investment by the Xue Group was very timely. It helped the An Group resolve their urgent situation.”

An Jichuan thanked her solemnly because it was very important.

If he could help the An family get out of trouble at the critical moment, he would no longer be controlled by others and could fight back boldly.

It was only today that he realized why she had suddenly returned to the country. It turned out that she had gone to beg her father for help from the An family.

How could he say that she didn't care about him at all?

“I'm not trying to help you. Don't worry. I just don't want the An family to go bankrupt. I don't want your brother's hard work to go to waste.”

Xue Yating explained.

An Jichuan chuckled. “ You don't have to explain it to me. Did I say you did it for me?”

“...” Xue Yating realized that she had said too much and stopped talking.

An Jichuan patted the back of her hand and said, “Okay, now have a rest!”

“What about you?” she asked.

“I'll stay here with you!”

An Jichuan patted the small bed beside him. He could sleep on the small bed at night.

“Then can you rest well? Don't you still have to...”

Before she could finish, An Jichuan interrupted her. He lay down on the bed and put a hand behind his head. “That's right! Don't worry! If I don't rest well, how will we hold our engagement tomorrow? There's still a beautiful fiancée waiting for me. As long as I get married, I won't have to sleep alone anymore. There will be someone to sleep with me every night. Just thinking about it makes me happy!”

He had deliberately said that to provoke a certain someone.

Get lost, you bastard!

Xue Yating cursed in her heart.

She realized that he seemed to be very eager to get engaged to Shen Ranran.

He even fantasized about having sex with his fiancée every night?

Well, she knew very well how good his energy and stamina were. What he did every night was nothing.

But please don't do this in front of me, okay?

Xue Yating closed her eyes angrily and turned her head to the other side. She was so angry that she could not sleep.

An Jichuan was in a good mood. Not long after he lay down, he fell into a deep sleep.

Perhaps it was because he had not had a good night's sleep for a long time. It was only until today when he could finally see her heart that he could sleep peacefully.

Especially with her by his side, he slept especially soundly.

Xue Yating struggled for a long time before falling asleep in the middle of the night. When she woke up the next morning, the man was long gone from the small bed at the side.

See? He must be eager to get engaged!

The luxurious banquet hall of the five-star hotel in Rong City was decorated according to Shen Ranran's request. It had been decorated into a fairytale world.

The guests had already arrived, and the relatives of the Shen family and the An family had been waiting for a long time.

Other than the guests, several mainstream media outlets were also invited to attend the event for the whole shoot.

The emcee then invited the couple to take the stage.

Chapter 2297: A Great Sense of Achievement

Under everyone's gaze, the door of the banquet hall opened. An Jichuan, who was wearing a black custom-made suit, appeared in front of everyone.

The man was dressed entirely in black with a perfectly ironed white shirt underneath. He was tall and handsome, his facial features well-defined.

His dark eyes were like a deep pool that seemed to be able to suck one's soul in.

All the women who saw An Jichuan could not help but feel their hearts beating faster.

Such a man had an irresistible charm. They could not help but be mesmerized by him.

The next to appear was Shen Ranran. She wore the most custom-made white floor-length gown. Her hair was high and she wore a sparkling diamond crown. She also wore embroidered white gloves on her arms.

She gently held onto An Jichuan's arm and lifted her chin slightly. She looked elegant and noble like a princess with a European style.

As soon as the newcomer walked into the banquet hall, there were praises and applause from both sides. Everyone was praising them for being a match made in heaven.

An Jichuan came to the stage and scanned the audience.

He saw Shen Sikang sitting in the same row as his mother. He was nodding as if he was satisfied with their engagement.

An Jichuan sneered in his heart and looked away.

After that, the emcee began to host the engagement ceremony. They went through the procedures one by one.

It was also the most important part of the intermediate segment where the newcomers exchanged tokens.

The Shen family brought out a priceless piece of jade. Shen Ranran looked at the handsome An Jichuan and felt a great sense of accomplishment. With the Shen family's wealth, she and An Jichuan were a good match.

She would never forget how he had rejected her when she was pursuing him.

Now, their marriage was finally successful. It was equivalent to winning back a round.

There was an unparalleled pride in her beautiful and exquisite smile. It was as if she was saying, "Look, you ignored me back then. Now, aren't you also kneeling under my skirt to save your An Group?"

It was the An family's turn to show the token. Everyone was waiting. Shen Ranran was also waiting, curious about what he could offer in exchange for the token.

An Jichuan suddenly took a step towards Shen Ranran and whispered into her ear, "I've prepared a special gift for you!"

"What present?"

Shen Ranran was full of anticipation.

An Jichuan turned to look at the entrance of the banquet hall. Shen Ranran also subconsciously turned to look at him. At this moment, the door of the banquet hall opened, and the commotion at the entrance attracted everyone's attention.

Soon, a few policemen in black uniforms appeared at the door. Their appearance shocked everyone present. They all wanted to know why the police had come.

Could it be that the friends of the An family or the Shen family were police officers?

“What do you mean?”

An Jichuan did not answer. His eyes turned cold. When he looked at Shen Ranran, there was clearly a hint of disdain in his eyes.

The police entered the scene and came to the front of the stage. They showed Shen Sikang their arrest warrant. “Mr. Shen, according to our investigation, we suspect that you are involved in a murder case. Please follow us back for investigation! This is the arrest warrant!”

Shen Sikang immediately jumped up from his seat and shouted, “Officer, are you serious? Today is my daughter's engagement ceremony. Why are you here to arrest me?”

When Shen Ranran saw this, she panicked too. “You can't arrest my father. My father didn't commit any crime. Are you mistaken?”

Chapter 2298: Found A Clue

“There's no mistake!”

At this time, An Jichuan stood up and said, “Uncle Shen, previously because my big brother refused the marriage and offended your Shen family, you held a grudge against him and secretly found someone to cause my big brother's car accident, causing him to lose his life. Now the police have already found the clues and proved that it was you who did it. What else do you have to say?”

When Rong Lihua heard this, she was extremely shocked. She did not expect that it was Shen Sikang who had killed her eldest son. She immediately turned hostile and started to hit Shen Sikang. “I didn't expect it to be you! You killed my son! You old thing! Give my son back!”

Rong Lihua was agitated and the two were eventually separated from the police.

Shen Sikang refused to admit it. “You guys are trying to frame me. How could I possibly kill An Xianming?”

An Jichuan stared at him sharply. “Of course you won't admit it so easily, but don't try to deny it in front of the evidence! Other than killing my brother, you also secretly bribed a major shareholder of the An Group to manipulate the stock price of the An Group, causing the An Group to be in chaos and almost bankrupt.

“At this time, you stood up as the savior and offered to help the An family get through the difficult times. However, it also came with the condition of a marriage. In the end, you are just taking revenge for the previous marriage!”

Shen Sikang was at a loss for words. He did not expect that his meticulousness would be discovered.

The police stopped talking and wanted to take him away.

The crowd was in an uproar as they discussed.

Shen Ranran was very anxious. She went up to stop the police and held her father back. "Officers, you can't take my father away. My father is innocent!"

The police pushed Shen Ranran away and said coldly, "The law will judge whether he is guilty or not! Take him away!"

At the scene, the media took photos and recorded everything that was happening in front of them.

Shen Sikang was taken away in front of everyone, and the reporters followed him to take photos of his sorry state.

Shen Ranran saw her father being taken away and turned to beg An Jichuan. "Ji Chuan, please think of something. My father is innocent. Please let him go!"

An Jichuan pushed her away and looked at her coldly from above. Then he announced in front of everyone, "Thank you for coming today, but I'm sorry. I officially announce that today's engagement ceremony is canceled!"

After the engagement ceremony was canceled, some reporters turned to take photos of Shen Ranran and An Jichuan.

An Jichuan waved his hand. The bodyguards quickly appeared and invited the guests and reporters out of the banquet hall.

There were only a few people left in the banquet hall.

Shen Ranran fell to the ground in a sorry state. Her makeup was ruined from crying. She questioned him, "Why? Ji Chuan, why are you doing this to me?"

He said that he would give her a special gift, but in the end, he just took her father away?

"Why, you say?"

An Jichuan squatted down in front of her and pinched her chin with his fingers. His eyes were extremely vicious. "If it wasn't for you, how could Tina have been taken away by the Xue family? How could my big brother have gotten into a car accident?"

"You were also the one who sent Tina a harassment text message to expose my identity. If it wasn't for you, my brother wouldn't have died in the hospital. You were the one who tampered with his medicine.

"Because you couldn't have him, you took revenge and tried everything you could to destroy my brother!

"If your father is the murderer, then you are the real mastermind! Am I right?"

After saying this, An Jichuan pushed her away in disgust. His chest was heaving violently. If killing someone was not illegal, then he wanted to kill her himself.

Chapter 2299: Finally Released

“Ji Chuan, I'm not...”

Her tears were not enough to arouse his pity. An Jichuan straightened his shirt and said coldly, “And most importantly, you should never have harmed Tina. You secretly bribed a mentally ill parent to cause trouble at the music center, beat up Tina, and almost caused her to miscarry. Did you know that?”

“You must not know that Tina is pregnant with my child. She is the woman I love the most. If you touch her, you are courting death!”

An Jichuan gritted his teeth as he spoke. His voice was so cold that it made people shudder. It was as if he was the king of hell, with a strong murderous intent!

“Just wait for your punishment!”

With that, An Jichuan walked out of the banquet hall.

Shen Ranran cried her heart out. Her meticulous plan had failed.

She was exposed at the engagement ceremony, and An Jichuan broke off the engagement in front of everyone. It was the most fatal blow to her.

Not only did she commit a crime, but she also implicated her father. If she hadn't begged her father, her father wouldn't have helped her do so many things.

Now she had nothing to say.

In the end, An Jichuan's bodyguards took Shen Ranran to the police station and handed all the evidence to the police.

In the hospital.

Xue Yating lay on the bed, bored out of her mind. There was no TV to watch, and there was no phone to use.

Since last night, An Jichuan had confiscated her phone because she was pregnant.

Therefore, she had no idea what had happened outside.

There was no one at the An family home for most of the day. She had been guessing that An Jichuan and Shen Ranran's engagement should have been completed by now.

That guy must be so happy to have a beautiful fiancée!

Just like that, she let her thoughts run wild. She felt very upset.

It was not until two nurses passed by the door that she heard their conversation.

“Did you see the headlines today? The president of the An Group canceled his engagement in public!”

“I did. The boss of the Shen Group was arrested by the police on the spot. The report says that the Shen family killed the former president of the An Group.”

“Yes, he's really crazy! But I really admire President An. He's so bold! Didn't you see how handsome he was when he pointed out the murderer? I've decided to be his fan!”

“Don't even think about it. I heard his wife is in our hospital!”

“That's not his wife. I heard she's his sister-in-law. He's still single! So handsome!”

Xue Yating listened to the nurses' conversation and fell into deep thought.

Were they telling the truth?

An Jichuan canceled the engagement?

The Shen family was taken away on the spot? They were the culprits behind Little Uncle's death? Then, Little Uncle's death was not an accident but a man-made one?

Xue Yating finally got rid of the burden in her heart.

She had always felt a deep sense of guilt towards An Xianming. She always felt that she was the cause of his death.

If he had not driven her to the airport, she would not have gotten into an accident and would not have died from heart failure. She had blamed herself for this many times.

But now, she finally felt relieved.

Xue Yating's eyes were wet as she thought of her uncle. Tears rolled down her cheeks. She hoped that he could rest in peace and forgive her.

When An Jichuan came in, he saw the woman lying on the bed in a daze.

Chapter 2300: His Real Motive

She turned her head slightly and looked out of the window. But there was a bright light on her face. When she came closer, she saw that it was tears.

Pregnant women were indeed sentimental!

An Jichuan sat down on the bed.

Xue Yating felt the bed sink and turned around. When she saw that it was An Jichuan, she quickly wiped the tears off her face.

“Why are you crying?”

“I'm fine.”

He grabbed her wrist and asked with a faint smile, “You still say you're fine? Are you crying because I'm engaged to someone else?”

“Of course not! You're overthinking it!”

She pulled her hand back and wiped her tears. “Shouldn't you be at the engagement ceremony? Why are you here?”

“Are you happy that I canceled my engagement for you?” he asked, pursing his lips.

“What does that have to do with me?”

“What do you mean it's fine? I won't marry anyone else. I'll focus on waiting for you in the future.”

“Don't be like this! I'm just your sister-in-law. You're just my uncle!”

“So what if I'm your uncle? You call my big brother little uncle, and you call me uncle. It's just a one word difference!”

“That's different! Please stop!”

Xue Yating lay down on the bed with her back facing him, not wanting to talk about this topic.

Seeing that she was refusing to talk to him, An Jichuan regained his composure and said, “Tina, when my big brother was in trouble, he entrusted you to me. I promised him that I would take good care of you. When he passed away, I swore that I would find out the truth about his death. Now that the truth is out, my big brother can rest in peace! I have never let my big brother down in this life! You can reject me, but I will always wait for you. I will wait for the three-year mourning period. After three years, I will definitely not let you off!”

An Jichuan's words shook her heart.

Xue Yating clenched her chest. She was really afraid of An Jichuan's persistence. She was afraid that he would take over her heart.

Since her little uncle had passed away, she only wanted to raise the child well and live her own life. She did not want to remarry or anything.

But now, An Jichuan was constantly testing her heart.

What would happen after three years?

Who knows? Maybe he will meet a girl he really likes three years later?

At night, she asked An Jichuan for her phone back. After reading the news, she finally knew what had happened during the day.

The engagement between the An family and the Shen family ended with the woman being captured. The news quickly spread throughout Rongcheng, and the cause of An Xianming's death was finally revealed.

It was only later that people realized that An Jichuan's agreement to hold the engagement was just a smokescreen. His real purpose was to expose the Shen family's evil deeds in public.

After the incident, the An family, which had been on the verge of collapse, did not go bankrupt. On the contrary, their stock began to bounce back strongly. With the help of external investments, the corporation regained its vitality. Under An Jichuan's calm leadership in the face of danger, it went back on track.

The Shen family, which had once been an arrogant family in Rongcheng, had finally collapsed after the company's leader had been imprisoned.

Xue Yating rested in the hospital for half a month. After her body stabilized, she was discharged and went home to rest.

After returning to the An family home, she quit her job at the music center and focused on taking care of her baby.

Xue Yating and An Jichuan rarely saw each other during the months of her pregnancy. Even when An Jichuan returned to the An family, Xue Yating would always avoid him.

Xue Yating's belly was getting bigger and bigger, and it was very inconvenient for her to move around. A twin pregnancy was more stressful than for a pregnant woman.
