

Priceless 2301

Chapter 2301: More Anxious Than Anyone

Therefore, no matter how reluctant she was, her mother-in-law, Rong Lihua, would insist that An Jichuan accompany her to every prenatal checkup.

Even though An Jichuan rarely met Xue Yating, he was still very concerned about her. He had personally selected almost all of the supplies for the unborn babies.

He did not forget to buy her things that she needed. No matter how much money he spent, he would not bat an eyelid. Her attitude towards him was getting colder by the day, but his concern for her was increasing.

Since she was 37 weeks pregnant, Xue Yating suffered an episode when she went downstairs.

Luckily, An Jichuan was home that day. When he saw her sitting on the ground, he was scared out of his wits. He picked her up without any explanation and sent her to the hospital immediately.

Outside the delivery room, An Jichuan, Rong Lihua, his sister An Zhitong, and Little Su were all waiting.

Su Su kept asking, "Daddy, why isn't Mommy out yet?"

"Soon! Soon!"

An Jichuan comforted the little kid, but he was actually more anxious than anyone else, afraid that something would happen during the delivery.

An Zhitong realized that her second brother was so nervous that his fingers were trembling. She couldn't help but tease him, "Second brother, it's not like you're giving birth. Why are you so nervous?"

"How am I nervous?"

An Jichuan glared at her and stuffed his hands into his pockets.

But the anxious look in his eyes had already betrayed him. He hated that he could not stare through the steel door of the labor room to see what was going on inside.

In the delivery room.

The doctor diagnosed it as premature labor and the children were destined to be born early. It was probably due to her mood that Xue Yating had a difficult labor during the delivery process.

In order to protect her and the child, the doctor performed a cesarean section in time to help her give birth to a pair of babies.

Two nurses came out with a child each and shouted at the door of the delivery room, "Xue Yating's family!"

"Here! Here!"

When he saw the child coming out, An Jichuan immediately rushed over.

The nurse told them, "Mrs. An gave birth to two babies safely. Congratulations, Mr. An, you have two sons!"

An Jichuan's eyes brimmed with tears of excitement. "That's great! That's great! Mom! Did you hear that? I have a son! Two sons! I'm a father!"

"That's great! Our family has a descendant now!" Rong Lihua was also very happy. Her daughter-in-law had given birth to two sons at once. It reminded her of the time when she had given birth to Xianming and Ji Chuan. It also made her very happy.

An Jichuan took one of the children from the nurse while Rong Lihua took the other.

An Zhitong and Su Su came over to look at the babies. An Zhitong hugged Su Su and let her look at her two little brothers.

"So the babies in Mommy's belly look like two little old men!" Su Su finished her identification.

Rong Lihua laughed. "Your little brothers are still young. They will become handsome little boys!"

The two children were both premature babies and had to be sent to the incubator for observation. Rong Lihua and An Zhitong followed the nurse.

An Jichuan and his daughter continued to wait for Xue Yating to come out.

Xue Yating was finally pushed out of the delivery room. An Jichuan immediately welcomed her and held her hand.

"Thank you, Tina."

Xue Yating had always been strong, but the moment she saw him, she couldn't stop crying.

She was very weak and did not say anything. She only looked at him with tears in her eyes.

An Jichuan's eyes were also wet as he looked at her emotionally. He followed the nurse into the ward.

Chapter 2302: I Hope She Will Stay

After the nurse left, Huo Yunshen mustered his courage and kissed her on her forehead. "Thank you, Tina. You've given birth to two sons for me. I'll never forget the pain you've suffered."

"Daddy, Su Su wants to kiss Mommy too!" Su Su shouted as she looked at her daddy and mommy.

"Sure!"

An Jichuan picked his daughter up and Su Su kissed Xue Yating on her cheek.

Ever since Xue Yating gave birth, An Jichuan had been taking care of her in the ward.

He would even take care of things that were inconvenient for his mother-in-law and auntie. Not only did he have to take care of the adults, but he also had to take care of the children.

In the eyes of outsiders, there was probably no other man who was more considerate than An Jichuan. Everyone was envious of Xue Yating for having a good husband.

But in fact, outsiders did not know the truth. They did not know about her relationship with An Jichuan. That was why they said that.

Only she felt like she was committing a crime every time she accepted his care. She felt like she was betraying An Xianming.

After staying in the hospital for a week, Xue Yating was discharged from the hospital and went back to her confinement.

In order to let her recuperate, An Jichuan had hired a nanny to take care of the child. Just like how he had taken care of Su Su, he did not let her feed the child.

That was why Xue Yating's body had recovered from the moment she gave birth to the children until they learned how to walk. She was still as perfect as a young girl. It was impossible to tell that she had given birth to two children.

During the three years of mourning, Xue Yating left all her time to the three children. Raising the children was her main responsibility.

During this period of time, An Jichuan would always use the excuse of seeing the child to meet her.

She knew how much he loved her, but she could not give him any response. She even planned to bring Su Su back to Zstan for a while after the mourning period was over.

Moreover, she also wanted to pick up her violin and return to the stage because playing the violin was her favorite pastime and also her greatest dream in her life.

Xue Yating greeted her mother-in-law, Rong Lihua, and told her what she thought.

She wanted to leave her two sons at the An family home and only bring her daughter Su Su back to Zstan. She would come back to visit them when she missed her children.

“Tingting, can you not leave? Binbin and Lele are still so young. They can't leave you.”

Rong Lihua actually really wanted her to stay. After all, the children were still young.

“Mom, as time passes, they will get used to it!”

Xue Yating also did not want to be a mother who abandoned her child, but she really could not stay in the An family anymore.

“Tingting, can't you give Ji Chuan a chance?”

Rong Lihua had already gotten over it. Xue Yating was a good girl, but it was a pity that her eldest son was not blessed.

It just so happened that her youngest son loved her so much. If they could become a family, it would save them a lot of effort in the future. The children could also have a complete family.

But even Xue Yating herself could not get over it.

"I'm sorry, mom. I might have to disappoint you! I've already let down my little uncle. I don't want to do anything that will make him feel bad. I don't care about my own reputation, but I care about his reputation. I don't want others to say that the wife of the internationally renowned director, An Xianming, doesn't know what's good for her. Her husband just died and she's already hooked up with his brother."

Xue Yating meant what she said. She only hoped that her little uncle could rest in peace underground. She did not want to tarnish his reputation because of her.

"I understand..."

Rong Lihua knew what she was thinking and did not say anything else.

Chapter 2303: I'm So Sorry

She couldn't be too selfish. It would be a waste to let her sacrifice her life for the An family.

She had her own career to pursue, and Rong Lihua could not stop her. In the end, she only asked, "Have you decided when you want to leave?"

"I've already bought a ticket for tomorrow."

After chatting with her mother-in-law, Xue Yating returned to her room to pack her things.

On Rong Lihua's side, she found out that her wife was leaving Rongcheng tomorrow. She quickly called An Jichuan secretly and told him about the matter. She also told him, "Ji Chuan, quickly think of something! Don't let her go. Once she leaves, won't our family disperse? Binbin and Lele are still so young. We can't not have a mother for them!"

After hearing the news, An Jichuan was also very nervous. But he still comforted his mother. "Mom, don't worry. I understand. I will think of a way to keep her!"

The mother and son were both in agreement. An Jichuan quickly drove back.

Xue Yating packed her luggage and Su Su's things. It was a huge box. She did not take anything else with her.

There wasn't anything lacking in her Peijing house, and there was no need for her to take everything away. In the end, the box was filled with photos of her and An Xianming.

Xue Yating gently caressed her little uncle's handsome face in the photographs, her eyes slightly moist.

Before she left, she should go see him again!

Xue Yating decided to go to the cemetery to pay her respects to An Xianming before she left. She said some heartfelt words to him.

Little Uncle, I'm leaving!

I'm sorry. I can't stay in Rongcheng with you forever.

I hope you can protect me, the children, and the An family. We will all be safe.

Xue Yating took one last look at the familiar face of the man on the tombstone before turning to leave. On the way back, she received a call from her mother-in-law, Rong Lihua, asking her to take a trip from Shui-Mo Lan Ting Residence to fetch Su Su.

Xue Yating did not think too much about it. She agreed and drove to Shui-Mo Lan Ting Residence.

It had been three years since she'd last been here.

As she walked through the familiar door, memories of the past flooded her mind.

It was the sweetest time of her life, but it was also the cruelest beginning.

The man she had spent every night with was not her husband, but her uncle, An Jichuan. At that time, she did not even realize it.

Even after all these years, whenever she thought about it, she still could not tell whether the feeling she was remembering was An Xianming or An Jichuan.

The front door of the villa was open, and the furnishings inside were still the same as before.

She stopped at the door and shouted, "Is anyone there? Su Su..."

Soon, Sister Ling came out and greeted her. "Madam, you're here. Please come in!"

"Where's Su Su? Is she here? My mother-in-law asked me to pick her up!"

Xue Yating explained her intentions but refused to enter the house.

"I just came back from grocery shopping. I haven't seen Little Miss yet, but I heard something upstairs. Could she be playing upstairs? Madam, why don't you go up and take a look yourself? I have to go out now!"

"Okay, I understand. Thank you, Sister Ling."

After Sister Ling left, Xue Yating stood in the living room for a while. She vaguely heard some sounds coming from upstairs before mustering her courage to go upstairs.

Chapter 2304: Can You Stay With Me?

Xue Yating searched the room but could not find Su Su. She went downstairs in frustration and was about to call An Jichuan to ask where he had taken the child.

Just as she was about to go downstairs, she heard some noise from outside the door. Was it An Jichuan?

However, she did not see Su Su.

Xue Yating hurried down the stairs and met An Jichuan in the living room. An Jichuan saw her coming down and asked in surprise, "Why are you here?"

"I... I'm here for Su Su. Where did you take Su Su?"

The man's tall and broad figure was right in front of her, bringing with it an oppressive feeling. Xue Yating subconsciously took two steps back to maintain a safe distance.

"I've already sent Su Su back to the old mansion."

An Jichuan replied calmly.

"Oh, if that's the case, I'll go back now."

Xue Yating walked past him and wanted to leave.

But the man suddenly grabbed her wrist. Xue Yating was shocked and looked up at him helplessly. An Jichuan looked sideways and asked, "Why are you in such a hurry to leave? Don't you have anything to say to me?"

"No. There's nothing to talk about between us."

Xue Yating did not want to have anything to do with him anymore. She only hoped that he would let her go.

"Really?"

He suddenly pulled her into his arms and trapped her in his embrace. "But I have a lot to say."

"Let me go!"

The intimacy made Xue Yating panic. She struggled to escape from his arms, but he hugged her tighter.

His thin lips brushed against her ear, sending waves of numbing electricity through her. Xue Yating's heart was extremely flustered. What she was most afraid of was An Jichuan's embrace.

His embrace was very warm, and it made her want to fall into his arms. However, her rationality told her that they could not have any more relations with each other.

"Tina, don't go. Don't leave Rongcheng. Stay with me, okay?"

"It's impossible."

Xue Yating avoided his warm lips and leaned back, refusing his approach.

"What's impossible? The three-year deadline I gave you is over. I've waited for you for three years and also guarded you for three years. Once the three years are up, you can't wait to leave me?"

"An Jichuan! Don't forget that I'm your sister-in-law!" Xue Yating hit him a few times, feeling both angry and anxious.

"I know, but my brother has been gone for three years. The mourning period is over, and you are free to be with anyone you want. The An family will not interfere with you. Now, you can stop being my sister-in-law and only be my woman!"

"Don't even think about it! I already said that I don't have feelings for you. It's impossible between us!"

“You really don't feel anything? Do you want me to help you remember? Three years ago, when we were newlyweds, how were we loving each other? You were the one who took the initiative most of the time...”

An Jichuan asked as he pressed her back onto the sofa.

“Stop... Please stop...”

“I just have to say it all! There are traces of our love everywhere in this villa. Whether it's the sofa, the carpet, the table, the chair, or even the stairs... You were screaming for me to love you fiercely. Have you forgotten?”

“Enough... Enough...”

Xue Yating did not want to listen. She shook her head in pain and pushed him away, running towards the door.

However, just as she reached the door, the man grabbed her waist from behind and slammed the door shut with his other hand.

Chapter 2305: Disobedient!

Xue Yating struggled in the man's arms. “Let me go... please...”

“Let you go? Impossible! Ask me to love you once more, that I can agree!”

An Jichuan pushed her against the door and grabbed the back of her head with one hand. After finding her lips, he pressed them down hard.

“No...”

First, he kissed her passionately to ease the pain in his heart.

But the woman was stronger than he had imagined. She had actually bitten his lips. He could feel the smell of blood filling his mouth and the pain coming from his lips. An Jichuan did not stop. His movements even became more frantic.

“Do you know how long I've been holding it in?” he said. “I've been holding it in for three years. I don't want to do anything right now. I just want you! I want you to know that you can only be my woman! My blood flows in your body. You're destined to be my woman!”

“An Jichuan! You're crazy!”

An Jichuan was indeed crazy. From the moment he fell in love with her, he was crazy.

Ignoring the woman's objection, he grabbed her by the waist and carried her over his shoulder, then strode upstairs to his room.

He threw her onto the big bed and bounced her body. She wanted to get up and run away, but the man's broad body was already rolling towards her like a mountain.

She was so disobedient!

So he could only tie her hands with a scarf and restrain her.

“An Jichuan, you will only make me hate you!”

Xue Yating's strength was too different from a man's. She knew that she could not escape from his control, but her heart was not willing. This would only make her feel disgusted.

She looked at him with tears in her eyes, begging him to let her go.

Unfortunately, An Jichuan would not give her the chance to escape.

It was not only his personal wish to let her stay, but also his mother's authorization and support.

The An family could no longer leave Xue Yating. She was the future mistress of the An family and also the mother of his three children. She was his everything.

If she was not there, their whole family would be paralyzed he would collapse.

“Even if you hate me, I'll accept it. If you hate me, at least it means that you've loved me!”

The clothes were torn into pieces by his hands.

“I never loved you, never!”

When they were honest with each other, she was terrified to the extreme. Her whole body was trembling.

“I don't believe it. What is this? Your body clearly remembers me! It's not like you to lie. It's very honest. It needs me...”

This time, he was too impatient and not gentle at all. His actions were rough and crazy.

Xue Yating almost fainted from the pain. “It hurts... you bastard... An Jichuan, you bastard...”

“Does it hurt? Remember this feeling! Only I can give it to you! Only I can make you feel pain!”

The man's heart finally softened. He switched to a passionate kiss and started to comfort her.

After giving her some time to get used to it, he finally had her completely.

Tina, I won't let you leave me. You can only be my woman forever!

Don't even think about escaping from my world. You can't escape!

It had been three days. Xue Yating didn't leave Shui-Mo Lan Ting Residence for three whole days. In order to keep her, the man worked day and night.

Chapter 2306: Branded

For three days, Xie Yating didn't leave Shui-Mo Lan Ting Residence. In order to keep her, the man had her day and night.

For the past few days, she had been in a daze. She did not know if it was morning or night.

During the last time, she did not struggle at all. She stared blankly at the ceiling, and the tears at the corners of her eyes had long dried up.

An Jichuan saw despair in her eyes.

At this moment, his heart was hit hard. It hurt so much.

He only cared about himself and neglected her heart. He knew how much she hated him and how much she hated him.

Now that he saw her desperate eyes, he was afraid!

He realized that he really could not push her into a corner. She had a precedent of being mentally unstable, and she could not be overly agitated. Otherwise, it would be very difficult to cure the relapse of her old illness.

Seeing her being bullied by him, An Jichuan punched himself in the face regretfully.

He must be crazy to make her like this!

“Tina... I'm sorry... I love you too much...”

He began to apologize for his actions and feel ashamed for his mistakes. He hoped that she would forgive him.

But Xue Yating did not react. An Jichuan was scared out of his wits. He held her face and shouted anxiously, “Tina, say something! Don't scare me! Tina...”

As he called out to her, Xue Yating's eyes finally focused. She looked into his eyes and tears instantly filled her eyes.

“An Jichuan... are you a devil? If you're not... let me go...”

“Tina...”

“Let me go or kill me.”

She closed her eyes and stopped looking at him.

An Jichuan had no choice but to let her go.

It was like a nightmare. Xue Yating could not get used to the sunlight when she walked out of the room.

The first thing she did when she left was to go to the pharmacy to buy medicine. There was no way she could get pregnant with An Jichuan's child again.

Then, she went back to the An family mansion and fell into a deep sleep.

After resting, she booked another flight and left the An family home with Su Su and her luggage.

When she left, the twins were still sleeping. She went to kiss them and told them in her sleep.

Mommy is leaving. Mommy will miss you and come back to see you.

I hope you don't blame Mommy for being cruel!

Mommy will come back to see you again. Mommy will always love you.

Just like that, Xue Yating bid farewell to the An family and returned to Zstan, bidding farewell to everyone and everything in Rongcheng.

After Xue Yating left, An Jichuan returned to the An family home alone. In the living room, Rong Lihua was coaxing her twin grandsons.

When Bin Bin and Lele woke up, they could not see their sister nor their mother. They heard from their aunt that their mother had left and would never come back. Therefore, the two children were crying non-stop and insisted that their grandmother bring them to their mother.

When they saw that their father was back, the two little ones rushed over immediately. They each hugged one of his legs and cried as they tried to find their mother.

"Daddy, we want Mommy... sob... sob..."

"Daddy, bring us to Mommy okay?"

Chapter 2307: Unable To Be Ruthless

"I want mommy, I want mommy..."

The two children were crying like little kittens. An Jichuan could only hug them in his arms and go back to the living room to comfort them.

"All right. Be good, Binbin and Lele. Daddy will take you to Mommy later, okay?"

"No, we're looking for her now!"

"Then let's wait for Daddy to get ready. Daddy will first make a huge spaceship, then bring Binbin and Lele to chase after Mommy and Sister, okay?"

"Okay."

The two children finally stopped quarreling. An Jichuan asked the servants to bring the children to wash their faces.

In the living room, Rong Lihua sighed. "What should we do? It's not good for the two children to keep looking for their mother."

She glanced at her silent son and couldn't help but nag. "You too. Even if you were given time, you still wouldn't be able to handle a woman. I think you didn't even listen to me!"

Rong Lihua had already seen through her son's shortcomings, and that was that he could never be ruthless towards the woman he liked.

As someone who had been through this before, she could only remind him, "Son, you have to remember that you must not be too gentlemanly towards the woman you want. If you are polite and modest, she might become someone else's wife in the end. So you have to be strong and domineering!"

An Jichuan sighed. It wasn't as if he hadn't listened to her. His mother had asked him to force himself on Xue Yating, but in the end, didn't he do it?

He had imprisoned her for three days and three nights. But what was the result?

He still couldn't keep her heart.

He felt that his mother's idea was a little rotten. It was not suitable for the special situation between him and Xue Yating.

"That's enough, Mom. I'm already annoyed enough. I also want to keep her, but I can't force her anymore."

An Jichuan ran his fingers through his hair and finally made a decision. "Mom, I've thought it through. I can't just give up like this."

"What are you going to do?"

"I'm going to get her back and give her a complete family."

An Jichuan was determined.

"Oh my, I think you're stuck," Rong Lihua said, pursing her lips.

Being looked down upon by his mother, An Jichuan felt defeated. However, he had already made up his mind. He would not marry anyone other than Xue Yating in this lifetime. Therefore, he would definitely fight to the death with her!

He did not believe that he could not warm her cold and hard heart!

In Peijing, Zstan.

Xue Yating and her daughter landed safely. Xue Zhengrong, who had been informed beforehand, had already arranged for someone to wait at the airport.

After picking them up, he took them straight to the Xue family home.

It was Su Su's first time in Peijing. She looked at the bustling city in surprise and asked, "Mommy, what is this place? It's so beautiful!"

"It's our hometown. You were born here when you were little. You were still young at that time. You won't remember. You'll be able to see your grandfather later."

"That's great!"

"But will Grandpa like me?" Su Su asked excitedly.

"Of course! Grandpa is very good at doting on people."

The luxurious car drove into the Xue family manor. Su Su leaned against the window and looked at everything outside.

“My grandfather's family is also rich, just like our family.”

The child's understanding was that there was a big and beautiful garden and a tall villa. It meant that he was very rich.

“Mommy, why don't you bring your little brothers here too? If they don't come, they won't be able to see Grandpa!” Su Su asked.

“It's okay. Mommy will fetch them next time.”

Chapter 2308: A Psychological Impact

Xue Yating chose to take Su Su away because Su Su was not a child of the An family. She was worried that Su Su would suffer psychologically if she were to stay in the An family.

So the best decision was to bring her back and let her be her daughter forever.

But when she thought of Binbin and Lele, she couldn't help but miss them. No matter how much she hated An Jichuan, the children were her own.

Sigh...

Xue Zhengrong got out of the car and went back home. When he saw his little granddaughter, the old man opened his arms to welcome her.

“Grandpa...”

Su Su jumped into Xue Zhengrong's arms and looked at her grandfather carefully.

“Good girl, Su Su has grown up. How obedient!”

As Xue Zhengrong looked at Su Su, he would always think of the child that his daughter had died prematurely. He would feel endless regret in his heart. If he had not stopped her back then, her child would definitely have been born successfully and become the same age as Su Su.

“Didn't you bring Binbin and Lele?” Xue Zhengrong asked.

“We'll talk about it when we have time. If I take all three children away at once, the An family will not agree,” Xue Yating said.

“Yes.” Xue Zhengrong brought Su Su into the house. “Su Su, Grandpa has specially prepared a room for you. I'll bring you to see if you like it.”

“Okay!” Su Su jumped around happily.

The servants helped Xue Yating carry her luggage in. Xue Yating also followed her father upstairs.

She was still staying in her original room. She would put her luggage in the room and tidy it up later. She first went to the room her father had prepared for Su Su.

Su Su's room was right opposite her room. She had changed the original study to a children's room.

It was a standard luxurious princess bedroom. It was all pink. After Su Su went in, she exclaimed and was immediately attracted by the beautiful new room.

“Su Su, do you like it?” Xue Zhengrong asked.

“Yes, I like it very much. Thank you, Grandpa!” Su Su said politely.

Not only did her daughter like it, but Xue Yating also liked it very much. As long as she returned to her home, she would feel relaxed and safe.

The mother and daughter officially settled down. Next, Xue Yating's arrangement was to find a good kindergarten for Su Su and let her attend classes.

Xue Zhengrong had already arranged everything for her beforehand. When the time came, she just had to bring the child over to take a look and settle the procedures.

That night, after the child fell asleep, Xue Yating took a shower and went back to her room to rest.

The phone on the bedside table rang. She picked it up and saw that it was a video call from An Jichuan. Without even thinking, she immediately pressed the hang-up button.

Whenever she thought of what the man had done to her, she wanted to smash his face with her phone. How could she answer his call?

But the man was very persistent. He called again and she hung up.. Just like that, this went on for a total of four or five times before the phone stopped ringing.

Xue Yating let out a sigh of relief. He finally stopped calling, but she hadn't expected that he would change to messaging.

[Tina, pick up the phone! It's Binbin and Lele who want to video call you. They've been crying. I can't calm them down. Please pick up!]

Xue Yating's heart softened when she saw the message. Fine, she accepted it because of her sons.

A few seconds later, An Jichuan called. Xue Yating picked up the call.

The image finally showed the face that An Jichuan had been longing for..

Chapter 2309: Shameless

The woman in front of him had just taken a shower. Her hair was wet on one side, and she was wearing a black V-neck pajamas. She had no makeup on her face, but her skin was glowing like a pearl.

Even through the screen, he could feel the collagen on her face. It was too tempting. Just seeing her like this made his blood rush to his head.

“Where are the children? You lied to me again!”

Xue Yating hadn't seen any trace of the children. She only saw the man staring straight at her.

She could not help but feel angry. She was angry that he only knew how to use the children as an excuse to trick her.

“No, no... I'm not lying to you... It's true that our sons miss you! Wait a minute!”

An Jichuan turned his head to the side and shouted in a certain direction. Soon after, the sound of crying came from the microphone and two pink little faces appeared in the video.

Bin Bin and Lele were identical twins. Both of them looked exactly the same. At this moment, both of them were crying with mucus running down their noses.

“Mommy... where did you go?”

“Mommy, when are you coming back?”

“Mommy, I miss you so much... Do you not want us anymore?”

Xue Yating's heart melted when she saw the two little guys bawling.

She wanted to hug them and comfort them. She wanted to help them wipe the tears and mucus on their faces, but it was too late.

“Binbin, Lele, don't cry! Mommy just came to Grandpa's house. Mommy will come back to see you when she has the time! Mommy won't abandon you... Be good...”

With the two little guys pestering Xue Yating, An Jichuan was able to squeeze into the empty space and look at Xue Yating for a while longer.

“How is it over there? Is Su Su used to it?”

“She is.”

“Doesn't Su Su miss me?”

“Mm.”

“She's just like her mother,” An Jichuan scolded.

“Mommy, we want to go to Grandpa's house too!” The two little boys squeezed their heads back and forth, trying to get the best spot to see their mom.

“Okay. Mommy will bring you guys over next time!”

“We don't want a next time. We'll ask Daddy to build a spaceship and take us with him.”

“Okay, okay. Be careful!”

It was a quiet night, and Xue Yating had been talking to the three of them for almost two hours.

When the video ended, her phone was burning.

Xue Yating threw her phone aside and felt a little pissed.

She couldn't get rid of the image of him kissing her through the screen.

Shameless!

How shameless!

The second day after returning to the country.

After breakfast, Xue Yating helped Su Su prepare and took her to Peijing Central Kindergarten to look at the new environment.

Her father had already contacted her in advance, so she could go straight to the school to look for the director.

She was brought to the director's office and knocked on the door. Soon, the door was opened from the inside and a tall young man appeared in front of her.

The man was wearing a pair of gold-rimmed glasses and a white shirt.

The moment the man saw her, he was stunned. He could not hide the surprise in his eyes.

Xue Yating broke the silence. "Hello, are you Chu Yifeng, Mr. Chu?"

"Yes, I am. And you are..."

He had already recognized her as the violin goddess, Xue Yating. He just could not believe that she would appear at the door of his office.

Chapter 2310: Complicated And Strange

"I'm An Yisu's mother."

"Oh... oh..." Chu Yifeng almost lost his composure. He looked at her and then at the little girl in her hand. "So you're An Yisu's mother?"

Xue Zhengrong had previously asked Chu Yifeng to arrange a place for his child to attend school. At that time, Chu Yifeng thought that it was the child of Xue Zhengrong's relative.

But now, seeing Xue Yating pulling the little girl and saying that she was the child's mother, Chu Yifeng's thoughts were complicated and strange.

She had heard that Xue Yating had married an internationally renowned director, An Xianming, and An Xianming had passed away three years ago. So this little girl was her and An Xianming's daughter?

Chu Yifeng had a new understanding of Xue Yating. She was a beautiful single mother. She must have a strong personality.

"Please come in, come in! Mr. Xue has already told me about the child's situation. Now, I'll help arrange for your daughter to attend the upper classes. Do you think that's acceptable?"

Chu Yifeng invited her in and said politely.

"Sure. Su Su is four years old. She can go to the upper class."

“Okay, I'll take you to your class now.”

Chu Yifeng could've arranged for his assistant to take them to class, but unexpectedly, he took the initiative to accompany them to class.

When they arrived at their class, Chu Yifeng communicated with the class teacher. The teacher brought Su Su in and introduced her to the children. Then he arranged for Su Su to sit in the class.

Xue Yating observed her daughter outside the window for a while. Seeing that her daughter's adaptability was still good, she was relieved.

The form teacher told Xue Yating, “Mother Su, let the child finish her last class today. When school is over, wait at the door to pick her up, okay? She seems to like being with other children!”

“Okay, thank you.”

After placing the child in the class, Xue Yating followed Chu Yifeng back to the office to settle the remaining procedures.

Chu Yifeng exchanged numbers with her. “If you have any problems, you can contact me anytime.”

“I understand. Thank you, Mr. Chu.”

“Then, goodbye.”

Chu Yifeng extended his hand and Xue Yating hesitated for two seconds before shaking his hand.

“Goodbye.”

Chu Yifeng sent her out of the office and watched her leave. Unconsciously, he began to pay attention to Xue Yating.

He turned around and went back to his desk. He immediately went online to look up her information and began to study it seriously.

Xue Yating did not leave the kindergarten and waited for the children to finish school. She did not expect to meet someone she knew here.

A woman gently patted her shoulder and asked, “Excuse me, are you Xue Yating?”

Xue Yating turned around and was stunned. “You are...”

“Jing Xi's good friend, Fang Xiaocheng.”

“Oh, I know you. Orange, right?”

Because of Jing Xi, the two women quickly became familiar with each other. As soon as they chatted, they found it even more coincidental. “My son is attending kindergarten here. I didn't expect your child to also attend this school.”

“I just transferred here today. I wonder if I can get used to it.”

Now that they had children, they had a common topic. The two women chatted as they waited. When school was over, they each picked up their children.

Fang Xiaocheng pulled her son, Yi Bei, and introduced him. "Beibei, hurry up and call her. This is Auntie Xue. This is Auntie Xue's daughter, Su Su."

Yi Bei was more shy. He hugged his mother's leg and was too embarrassed to speak.
