

## Priceless 2361

Chapter 2361: Unreasonable Request

“Turn around and look at me!”

Helian Qingyu ordered once more.

He was an incorrigible pervert. He even forced others to watch him shower!

Li Ruochu really did not want to listen to him. But thinking that her son was still missing, she could only grit her teeth and turn around.

Helian Qingyu stared at her tightly shut eyes and asked, “Are you blind? If you're not, then open your eyes!”

If Jing Xi knew that Helian Qingyu was using this kind of honey trap, she would definitely not approve of him using it. Which girl could stand his method?

Li Ruochu cursed inwardly as she opened her eyes. The man's body that was emitting a strong hormone aura was completely naked in front of her.

The man seemed to be showing off or trying to attract her attention. He deliberately walked back and forth in front of her.

Li Ruochu looked calm on the surface, but in reality, her heart was already in turmoil. To be honest, ever since she met him, she had never had the nerve to look at his body seriously.

Now that it was suddenly placed in front of her, how could she look at it with her eyes wide open?

“What? Are you embarrassed to look?” Helian Qingyu deliberately stopped in front of her. He lifted her chin with one hand and said in a commanding tone, “You have to look even if you don't want to. You have to get used to it in the future!”

Li Ruochu's face was red from holding it in. She was tortured by him. She could not take it anymore and asked, “Mr. President, can you take a shower now?”

Helian Qingyu let go of her chin and turned to walk towards the bathtub. He continued to make unreasonable demands. “Come here! Help me bathe!”

Li Ruochu was trying hard to control her urge to murder someone. She kept trying to convince herself that she was just a temporary servant. She would only be able to see her son if she satisfied him.

She took a few deep breaths before walking towards the bathtub. She squatted down obediently and approached the man.

She picked up a towel that was specially used for bathing and began to help him seriously. Just as her fingers touched him, the man's body visibly trembled.

Helian Qingyu turned to look at her and asked, “What did you use to electrocute me? If you dare to ambush me, you're dead!”

Li Ruochu couldn't help but roll her eyes. This damn guy was too defensive. She didn't take any weapons. She just swiped her finger across it!

"I wouldn't dare. I'm using this."

Li Ruochu showed him the towel in her hand. After Helian Qingyu confirmed that it was safe, he let her continue.

There was nothing he could do about it. Being in a high position, he had to be constantly on guard against all kinds of assassinations and attacks. He had to be careful with the people around him. He did not want to be a short-lived president!

After that, Li Ruochu helped him bathe seriously. After washing his back, the man asked to wash the front again. She had no choice but to change her position and go around to his side to continue washing him.

He had to admit that the feeling of bathing himself was completely different from others helping him bathe. Now that Li Ruochu was helping him bathe, it was simply an unprecedented pleasure.

As long as he opened his eyes, he could still see the little woman's red face and biting lips. It was as tempting as it could be.

"I'm done. You can wash the rest yourself!"

Li Ruochu washed the opposite side of the man's body and was about to leave. But just as she was about to get up, Helian Qingyu grabbed her wrist and her body fell uncontrollably into the bathtub.

She fell into the bathtub and fell right into the man's arms. Helian Qingyu lifted the woman who was struggling in the water. Li Ruochu choked on the water and coughed.

"Cough, cough, cough..."

"Stupid woman! If I didn't save you, you might have drowned!"

Would she have fallen if not because he suddenly pulled her?

Chapter 2362: Untitled

Li Ruochu wiped the water off her face and struggled to sit up. When she saw where she was, she felt extremely awkward.

Li Ruochu only wanted to escape from this predicament.

"Sorry, sorry..."

The more anxious she was, the more she wanted to run. However, the bathtub wall made her slip several times...

Looking at the woman's wet appearance didn't seem like she was in a story state. There was even an indescribable feeling...

Regardless whether the woman was willing or not, Helian Qingyu would not give her a chance to escape.

“Oh...”

Helian Qingyu forced his lips against hers.

It had been six years. He had not slept with any woman in the past six years. He had already...” What kind of feeling is this? ”

Helian Qingyu was on the verge of crumbling.

Li Ruochu clenched her hands into fists and kept hitting him. But to Helian Qingyu, this kind of light attacks had no effect.

Men...

Li Ruochu was really despairing... She reached out and bit him, drawing blood

Helian Qingyu was in pain. He wiped the blood off his hands.

“How dare you bite me!”

“Who told you to bully me?” Li Ruochu pushed him away and looked at him in horror.

“Am I bullying you?”

“Aren't you?”

Unbelievable!

Helian Qingyu was using a honeypot trap. How did he become a “bully” to Li Ruochu?

Helian Qingyu's shower mood was ruined by the blood. He stood up from the bathtub and got out

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

He wrapped a towel around her waist and looked at himself in the mirror.

His mouth was bleeding. His most charming mouth was now damaged.

“Li Ruochu! Are you a dog? Look at how you bit me!”

Helian Qingyu was extremely depressed. How was he going to attend the meeting at the Blue Palace tomorrow? He would be laughed at by everyone!

“Who asked you to force me! You deserve it!”

Li Ruochu had already climbed out of the bathtub. She found a towel to put on her body and ran out the door.

“Hey! Come back here!”

No matter how Helian Qingyu shouted, Li Ruochu did not listen to his orders. She ran straight to the guest room she had stayed in before and slammed the door shut. She locked it from the inside and only then heaved a sigh of relief.

Her clothes were wet. She took out some clean clothes from her bag and changed into them. She dried her hair but did not dare to leave the room. She was afraid that the man outside would catch and punish her.

Outside, Helian Qingyu came out of the master bedroom with a murderous look on his face. He took a glance at the closed door of the guest room, took a deep breath, and directly left Jian Jia Lou.

Very well. Since that woman was disobedient, he had to continue to punish her. He had to show her how much she had offended him!

Chapter 2363: Harder Than To Heaven

After that, Li Ruochu realized how unwise she had been to offend Helian Qingyu. Not only was she unable to leave this place, but it was even harder to meet her son.

Fortunately, Jing Xi came to look for her the next day. Li Ruochu burst into tears when she saw Jing Xi. "Jing Xi, what should we do now? He locked me up. I can't leave even if I want to."

"Did you do as I said?"

Jing Xi told her to use her beauty to coax Helian Qingyu and make him happy. But Li Ruochu realized that it was hard to get along well with Helian Qingyu.

Li Ruochu felt a headache coming on as she recalled everything that had happened last night. "I... I really have no choice. He is simply... simply..."

In front of Jing Xi, Li Ruochu was too embarrassed to call him a "pervert."

"My brother is just like that. I've tried talking sense into him many times but I just can't get through to his thick skull. You hurt him last night, right? He's very angry. Now you might not have a chance to see Nuo Nuo anymore."

"Then what should I do?"

Li Ruochu could not hold back her tears. Without Nuo Nuo, she couldn't go on living.

"My brother has hidden Nuo Nuo. Even I've only seen him once. No one knows where Nuo Nuo is now. The only thing you can do is think of ways to please him. Listen to him and don't make him angry. Only when he agrees will you have the chance to see Nuo Nuo."

Jing Xi showed her the video she had recorded about Nuo Nuo. "Look, this was taken when we met yesterday. Nuo Nuo is very cautious and no one is allowed to get close to her. Separating anxiety will only make the child more sensitive. The longer it takes, the worse it will be for the child."

"Nuo Nuo..."

When Li Ruochu saw her son in the video with a fierce face and an attitude of rejection, as well as constantly wanting to look for his mother, her heart broke. Her heart ached so much that tears kept falling.

Seeing that the time was right, Jing Xi tried to persuade her. "Sister Ruochu, with my brother's personality, he will definitely not let you take Nuo Nuo away. He wants to groom Nuo Nuo into the heir of the new generation. I feel that you, as a mother, are also indispensable. Only by giving the child a complete family can the child's body and mind grow healthily. Being single is not a good thing for the child's growth. Why did you persist until today? Aren't you still hoping that Nuo Nuo will be successful in the future? Therefore, the living environment is really important to a child. You can consider it carefully. Marrying my brother again is the best solution!"

Jing Xi's analysis was right. But it would be too much for Li Ruochu, who had been deeply hurt, to accept Helian Qingyu again.

She really didn't want to be with Helian Qingyu anymore, but she also didn't want to leave her son. Li Ruochu said with tears in her eyes, "I understand what you're saying, but I really don't want to have anything to do with him anymore. Other than asking me to marry him, I'm willing to do anything else, as long as it means that I can never be separated from my child."

Jing Xi knew that Rome wasn't built in a day. She also understood how much Helian Qingyu had hurt her back then. The wound in her heart couldn't be healed just by mere words.

Jing Xi had no choice but to take a step back and continue, "If you don't want to marry him and want to see the child every day, I have an idea."

"What idea?"

"Sign an employment contract with him and stay in the presidential mansion as his personal assistant. That way, you can see the child every day and your identity would not make things difficult for either party. How does that sound?"

Chapter 2364: The Best Result

This was probably the most appropriate process for her to get the best results.

After listening to Jing Xi's words, Li Ruochu fell into deep thought and was weighing the pros and cons.

Jing Xi struck while the iron was hot. "Sister Ruochu, I might not be able to stay in Estan for two days before returning to the Dragon Kingdom. I also want to help you before I leave. If you agree, I will go to my brother to discuss and fight for it."

Li Ruochu was silent for a moment. She seemed to have made up her mind and nodded. "Okay! Please, Jing Xi!"

In addition to convincing Li Ruochu, Jing Xi had another difficult task. She had to take the Little Thornhead out of the room.

Nuo Nuo was not used to his new home. He was always on guard and did not let anyone near.

Jing Xi had come to visit him once but was rejected. Now she came to the child's room again and knocked on the door.

The first thing she saw was that there was no one in the room. She went in to look around and finally found the child in the closet.

Jing Xi looked at the little boy hiding in the corner and couldn't help but be moved. She had to get rid of the child's fear as soon as possible.

"Nuo Nuo! Nuo Nuo! Auntie is here to see you. Can you come out?"

"No! Go away!"

"Your mommy asked Auntie to come and see you! Look! She even asked me to bring you something!"

Jing Xi took out a handmade brown bear and waved it in front of him.

Nuo Nuo looked over and saw that she was holding his favorite toy bear. He reached out and grabbed it, hugging it in her arms.

"Where's my mommy? Where's my mommy?"

"Don't worry, your mommy is waiting for you at home!"

Nuo Nuo already had a little trust in her. Jing Xi squatted down and tried to communicate with her further.

"Auntie, I want to go home."

When Nuo Nuo said this, she started to cry sadly. She raised her little hand and kept wiping her tears.

"Nuo Nuo, be good. Don't cry, Nuo Nuo. Auntie can take you to Daddy first. After you find Daddy, bring Daddy home to Mommy. Let's give your Mommy a surprise, okay?"

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Perhaps it was because they had met before, but Nuo Nuo had some impression of Jing Xi. She was not as against other people.

Now that he heard her say that she would take him to find his father first before looking for his mother, the little guy finally nodded and agreed.

Jing Xi reached out her hand. The little guy hesitated for a while before giving her his little hand. She pulled the child out of the closet and gave him a big hug.

"Let's go find your daddy now!"

"But my daddy is in outer space..."

"It's okay, we can go make a spaceship! Look, Auntie already bought tickets for the spaceship."

Jing Xi showed the two tickets to Nuo Nuo. Nuo Nuo saw that the tickets were printed with images of astronauts from the outer space moon. It was the same as what he had seen on TV. He believed it to be true.

Jing Xi pulled the child out of the house and took him to a private seat. The car drove them to Estan's National Astronomy Center.

Jing Xi took the kid to the planetarium and showed him some things related to outer space.

“Did you see that? Those stones were collected by your daddy. He's very noble and loves you and your mommy very much,” Jing Xi said as she held the little guy's shoulder.

At this time, the little guy was already imagining outer space. He imagined his daddy working there and hoped to see him soon.

Chapter 2365: Found Daddy

After that, Jing Xi took Nuo Nuo to the simulation laboratory in the planetarium and asked someone to put on a child's spacesuit for him.

Jing Xi also changed into a spacesuit. Then she said to Nuo Nuo, “Okay, now hand the tickets to this uncle and we can board now.”

Nuo Nuo was no longer resistant to the outside world. Now his little head was filled with excitement. After sitting on the simulated spaceship, he looked all around, with a heart full of anticipation.

He did not have to wait ten thousand years. He would be able to see his daddy soon. That was great!

After buckling her seatbelt, Jing Xi held Nuo Nuo's hand. “We're leaving. Are you ready?”

“I'm ready, Auntie!” Nuo Nuo nodded.

After that, the spaceship simulation was officially launched. After a huge boom, the spaceship could be felt rising. The big screen in front of them also simulated the sky and atmosphere.

After a while of “flying,” the scene in front of them finally changed. What appeared was a vast galaxy.

“Wow!”

The little guy clapped his hands excitedly and couldn't help but exclaim. He saw the beautiful starry sky and felt that he was very close to the stars. So this was the universe that his mommy always talked about.

Jing Xi turned to look at Nuo Nuo and smiled slightly. In fact, their spaceship did not fly out of the planetarium. They only used magnetic levitation and virtual imaging to create the feeling of flying in the universe.

They flew for a long time until a planet in front of them got closer and closer to the screen.

Jing Xi told Nuo Nuo, “Nuo Nuo, look, that planet is where your daddy works.”

“I see it!”

Nuo Nuo hoped that their spaceship would arrive soon. He could not wait to meet his daddy.

At this time, a voice transmission came from the aircraft: [The spaceship has arrived at “Rainbow Planet.” In 10 seconds, prepare to land! 10, 9, 8, 7... 3, 2, 1!]

After another bump and shake, the spaceship finally landed successfully. In fact, it was just entering the second laboratory.

Jing Xi helped Nuo Nuo unbuckle her seatbelt. “Let's go and find your daddy.”

“Okay.”

As soon as the two of them left the cabin, their bodies began to lose weight. Nuo Nuo was lightweight, and the buoyancy had a huge impact on him. He flew up in a flash.

Jing Xi grabbed him in time and pulled him back to her side. Nuo Nuo said excitedly, “Auntie, you can really fly in space!”

“Yeah! Be careful!”

Jing Xi put him down and they walked lightly. Nuo Nuo felt that walking in outer space was very different from walking on Earth.

Walking in outer space was like stepping on cotton candy. It was soft.

They were walking on the “rainbow planet.” Some tall buildings and roads appeared in front of them. There were also many people in spacesuits repairing the roads.

“Auntie, look! Is my daddy building a road there?”

“That's right! They're right there!”

“Auntie, which one is my daddy?” Nuo Nuo asked.

“Call out for your daddy. He will definitely come to you when he hears your voice!”

Nuo Nuo obeyed and tried to call him daddy. Finally, someone in the crowd stopped working and looked over.

“Daddy, I'm here! I'm Nuo Nuo!”

The little boy waved her little hands and kept calling out.

“Nuo Nuo!”

The person put down his and started to head in over. Nuo Nuo was very happy. “I finally found daddy! Daddy...” The little boy also ran towards him.

## Chapter 2366: Only One Wish

When Jing Xi saw this scene, she was happy and sighed at the same time. She was happy that the child could finally reunite with her father. She sighed because Li Ruochu's lie back then had caused contradictions between her and Helian Qingu's stories.

Now that Nuo Nuo was still young, he would still believe it. But what would happen when he grew up and learned that it was just a facade?

“Daddy!”

Nuo Nuo finally met his father. He looked at the man in front of her curiously through the large glass helmet. Why did he look like the man he met in that strange place?

“Nuo Nuo, daddy misses you so much!”

Helian Qingyu hugged his son through the thick spacesuit. After hugging him, he asked, “Why are you here?”

“Daddy, Nuo Nuo came specifically to look for you. Come home with Nuo Nuo! Nuo Nuo hopes that Daddy and Mommy will not separate again.”

Nuo Nuo confirmed that the daddy in front of him was the man he had seen before. At that time, that person had said that he was his daddy. He did not believe it, but now he knew that it was true.

Daddy was a great hero. He worked hard in outer space every day. When he grew up, he would become a great person like Daddy.

No one knew that today's “show” had given birth to something similar to ideals and beliefs in the child's heart.

After finding her daddy, Nuo Nuo happily pulled him back and boarded the spaceship with Jing Xi to return to Earth.

After their trip to outer space ended, their spaceship returned to its starting point. They got off the spaceship and took off their thick spacesuits. Nuo Nuo could finally see his daddy's full appearance.

His daddy was tall, handsome, and powerful!

“Nuo Nuo, come to daddy! Let daddy hug you!”

Helian Qingyu opened his arms to the child again. At this time, Nuo Nuo no longer rejected him. He was sure that he was the daddy he had found.

Even though they had never interacted with each other before, the blood relationship made him feel a strange dependence on his daddy.

“Daddy...”

The father and son finally acknowledged each other. Helian Qingyu picked up Nuo Nuo and spun him around a few times. After the father and son moment, Helian Qingyu looked at Jing Xi and gave her a grateful look.

If it wasn't for his sister who came up with a good idea for him, he might not have been able to reunite with his son for a while.

When they came back from the planetarium, Helian Qingyu and Nuo Nuo had already become familiar with each other. They asked how he and his mother had been living, and Nuo Nuo told his father everything.

Helian Qingyu learned from the child that the woman had gone through a lot of pain and suffering to raise the child. She had been humiliated and looked down upon by others. Her single-parent life was far more miserable than he had imagined.

Moreover, Nuo Nuo had told him that his mother did not have a boyfriend. They had been relying on each other all these years.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Helian Qingyu understood everything and was no longer angry at Li Ruochu. Instead, he felt sorry for his actions yesterday.

“Nuo Nuo, from now on, daddy will not let anyone bully you and your mommy anymore. Daddy will definitely protect you both.”

Helian Qingyu hugged the child and said.

Nuo Nuo only had one wish now, and that was to hope that Daddy could bring Mommy over.

“Don't worry. Daddy has already arranged for someone to pick your mommy up. You two will meet when we get home.”

“That's great! That's great!”

Nuo Nuo was extremely delighted.

At the presidential mansion, Jian Jia Lou.

Li Ruochu heard the door open and quickly came out to take a look. Seeing that it was the butler, Uncle Lian, who had come in, she asked again, “Is Mr. President up? Did he say anything?”

Chapter 2367: Unbelievable

Li Ruochu had her phone and could call Helian Qingyu. However, Helian Qingyu had either turned it off or refused to answer the call. She had no way of contacting him and did not know what he was thinking.

He wondered if Jing Xi would accept his proposal.

“Miss Li, Mr. President is out now. But before he left, he said that there is an employment contract here. If you are willing to sign it, he will not restrict your freedom of movement and will not interfere with your meeting with the child.”

Uncle Lian handed the contract to her. Li Ruochu had been waiting for this contract that would allow her to regain a certain degree of freedom. She held it in her hand and looked through it from beginning to end. After confirming that the terms on it were acceptable and there were no unreasonable requests, she signed her name with relief.

She was very grateful for Jing Xi's help when she signed the document. If it weren't for her, she might still be in a state of panic.

In fact, she had no idea that it was all part of Jing Xi's plan.

“Miss Li, ever since you signed this contract, you've been a member of the presidential mansion. Your job is to become Mr. President's personal assistant and take care of his and Little Master's daily needs.”

Uncle Lian heaved a sigh of relief when he received the agreement. He could finally report to the president. However, he still had to add, “Also, Miss Li, you'd better not think of escaping again. If you anger the president again, he might take away your rights to visit the child forever.”

“Understood, Uncle Lian.”

Li Ruochu nodded. She did not dare to think of running away now. She only hoped that she could see the child more often in the future. As for being a servant or an assistant, she did not care.

After that, all the guards at the entrance of Jian Jia Lou left. Li Ruochu could finally step out of the door.

They walked in the garden of the presidential palace and felt the sunlight outside. They came to the main building of the presidential mansion. It was said that Helian Qingyu usually lived here.

Li Ruochu did not feel that there was anything wrong with changing into a servant's outfit. She had shed the halo of being the daughter of a wealthy family. In the past few years, she had helped the restaurant wash dishes and become a waiter. In order to earn money, she had done many things that she had never done before.

All the hardships in her life were a form of training for her. Now that she thought about it, it had become a formless fortune in her life.

For the sake of living, she was very adaptable!

“Uncle Lian, is there anything I can do for you?” Li Ruochu asked.

Uncle Lian looked at the time and asked, “Does Miss Li know how to cook?”

“Yes.”

“Then prepare lunch! Mr. President and Little Master will be back for lunch.”

“Okay, okay.”

Li Ruochu went to the kitchen and started to prepare lunch. She would be able to see her son in the afternoon!

It was almost noon. Li Ruochu had already prepared a sumptuous lunch. When she heard the servants say that Mr. President was back, she put down the kitchenware in her hands and wiped her hands on her apron. She quickly went outside to see if Nuo Nuo was also there.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

Outside the main building of the presidential palace, after a luxurious private parking lot, the bodyguards respectfully opened the door to welcome them.

Helian Qingyu was the first to get out of the car. The man stepped out of the car with his long legs and turned to pick up the child from the car.

He then lifted the child up and let him sit on his shoulder. He held his little hand and said, "Nuo Nuo, let's go home with daddy!"

"Oh! Let's go home!"

The two men, one big and one small, were like an intimate father and son. If one did not know the inside story, who would believe that they had only been together for two hours.

Li Ruochu, who was standing at the door, was also shocked by the scene in front of her. She found it unbelievable.

Chapter 2368: Tears of Excitement

She knew her son better than anyone else. The little guy did not like her interacting with any strangers. He would get angry with any other men who joked about wanting to be his father.

Moreover, he hated strangers and people he was not familiar with. But now, why was his relationship with Helian Qingyu so good?

She even doubted that this was her son.

Nuo Nuo sat on her father's shoulder and saw her mother from afar. She shook her legs excitedly and shouted, "Daddy, look! It's Mommy!"

Helian Qingyu raised his head and saw the woman standing at the door in a daze. He saw that she had already put on the servant's uniform and his lips curled up imperceptibly.

Helian Qingyu put the little boy down on the ground and ran towards Li Ruochu. "Mommy! Mommy..."

The little boy ran over with an excited smile on her face and threw herself into Li Ruochu's arms, hugging her tightly.

She could finally see her son. Li Ruochu hugged her son tightly and was so excited that she cried.

After the hug ended, Li Ruochu looked the child up and down and touched his little face to see if he had lost weight.

Nuo Nuo grabbed her mother's hand and pulled her out. "Mommy, look! I went to space to find daddy! He's my daddy!"

The little boy pointed at Helian Qingyu, who was not far away. When the sunlight fell on him, it felt like he was glowing.

The man had one hand in his pocket and was talking to the butler. When he heard his son calling him, he turned around and smiled at them.

Li Ruochu was dazed for a moment. She was almost mesmerized by his smile. When she came back to her senses, she was really puzzled. How did Helian Qingyu manage to get buy over Nuo Nuo so quickly?

Helian Qingyu said a few words to Uncle Lian and Uncle Lian left respectfully. He himself walked towards Li Ruochu and the others.

When the man came over, she leaned against the door and did not say anything. She lowered her head and tried not to meet his eyes.

Helian Qingyu glanced at her, then took Nuo Nuo's hand and led her into the house.

Nuo Nuo did not forget to call her, "Mommy, come quickly too!"

Li Ruochu had no choice but to follow them into the house. Before she could say anything, a jacket with a faint fragrance had already covered her head.

"Hang up the coat!"

Helian Qingyu ordered.

Li Ruochu did not say anything and quickly hung the coat on the rack.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

She turned around and asked the man on the sofa, "Mr. President, do you need to eat now?"

"You cooked?"

"Mm."

"Serve it!"

Li Ruochu immediately went to the kitchen and started to prepare.

Helian Qingyu was in a great mood. He did not expect that everything would go so smoothly today. He had successfully reunited with his son, and he could make the woman sign the papers and stay in the presidential palace.

She even took the initiative to prepare a meal for him. It seemed that the good days he had been waiting for were not far away.

The dishes were served and Helian Qingyu sat at the head of the table. Nuo Nuo sat on his right.

“Mommy, come eat!” Nuo Nuo called out to her.

“Nuo Nuo, you guys eat! Don't mind me.”

Li Ruochu had signed an agreement to be a live-in assistant. How could she eat at the same table as the President?

The little girl seemed to be angry. She pushed the bowl away and hugged her little arms. “If Mommy is not eating, Nuo Nuo won't either!”

Helian Qingyu raised his head and looked at the woman beside him. “Your son asked you to come over and eat, and you just ate. What are you afraid of? Are you afraid that I will eat you i[?]”

She was indeed afraid of that!

Chapter 2369: The Power Of Jealousy

Li Ruochu was very hesitant and didn't want to come over.

“Come here! Sit down!”

Helian Qingyu ordered and pointed to his left hand, indicating for her to sit opposite Nuo Nuo.

Li Ruochu sat down and Nuo Nuo stopped pouting.

The family of three finally sat together. Helian Qingyu looked at his son and then at Li Ruochu. He said without thinking, “Thank you.”

“What?” Li Ruochu did not understand why he suddenly thanked her.

“Nothing. Let's eat!”

Helian Qingyu did not want to thank her. It was her honor to help him give birth to a son. He wondered how many women were lining up to help him give birth.

Even the picky Helian Qingyu couldn't say no.

“Nuo Nuo, eat more.”

When Helian Qingyu saw that she was only helping his son with the food and not asking him anything, his expression turned ugly again. Li Ruochu saw that he was not eating and asked, “Mr. President, what's wrong? Is the food not to your liking?”

“Hmph!” Helian Qingyu snorted. He did not reply and only deliberately teased, “You've learned a lot in the few years you were abroad.”

Li Ruochu could not tell what he was thinking. She was too busy taking care of her son to notice that he was jealous.

They had a good meal, but Helian Qingyu seemed very unhappy. After the meal, he went straight to the study to settle some matters.

Li Ruochu did not care about him at all. Now that she could finally see her son, of course she had to have a good chat with him.

After listening to the little guy describe his experience in space, Li Ruochu found it unbelievable. She had only made up an excuse at that time, saying that his father was in outer space. She did not expect that Helian Qingyu would actually use this method to subdue Nuo Nuo.

Li Ruochu could not bear to tell her son that it was all fake. She decided to let him treat it as real.

After taking care of Nuo Nuo, Li Ruochu came out of the children's room and met the butler, Uncle Lian.

Uncle Lian handed her something. "Miss Li, Mr. President prepared this for you. Please put it on."

"What is this?"

Li Ruochu took it and saw that it looked like a wrist watch.

(If you have problems with this website, please continue reading your novel on our new website [myboxnovel.com](http://myboxnovel.com) THANKS!)

"This is an intelligent pager. It also has a GPS. As long as Mr. President has a request, he will call you. You can receive the signal through this thing."

Uncle Lian explained patiently.

"Okay. Thank you!"

Li Ruochu kept the box and waited for Uncle Lian to leave. Then she started to think about the item in her hand.

A GPS system inside... was this guy worried that she would run away?

That must be it. The pager was obviously a surveillance tool!

She was about to throw the pager away when it rang.

Li Ruochu looked at the dial interface, and a red dot appeared on it. It kept expanding as the sound continued.

Li Ruochu wasn't sure how to use it, but when she saw the flashing red dot, she subconsciously clicked on it. The man's voice came quickly. "Assistant Li, make a cup of coffee!"

"Any special requests?"

"I want sixty-four specially selected coffee beans, spring ice, plus a quarter spoonful of sugar, twenty mls of milk, no more."

Li Ruochu's mouth twitched as the man cut off the call button.

Chapter 2370: To Torture Her

Are you sure you're not deliberately making fun of me? Why are you so particular about drinking coffee?

Li Ruochu stuck her tongue out at the pager and went to make coffee for the man. He had asked for so much, but she did not do it.

She boiled some water and made a bag of instant coffee for Helian Qingyu.

“Mr. President, here's the coffee you wanted.”

The coffee was placed on his table. Li Ruochu put away the tray and stood at the side respectfully.

Helian Qingyu lifted his head from the pile of documents. His gaze swept past her face and landed on the coffee cup. “Made according to my request?”

“That's right! 64 specially selected coffee beans, grounded spring ice, 1 / 4 spoonful of sugar, 20 mls of milk.”

Li Ruochu's words were sincere. Helian Qingyu picked up the cup and took a sip. “Mm, it's not bad.”

He couldn't taste the difference?

Li Ruochu gave her the middle finger in her heart. You bastard, you don't even know how to taste. You really did it just to torment me!

“Mr. President, is there anything else? If not, I'll take my leave.”

“Stop right there!”

Helian Qingyu did not want to leave her alone. He pointed at the messy documents on the table. “Help me sort these documents out!”

“I'm just your personal assistant. Dealing with your documents is not part of my service, right?” Li Ruochu asked.

Helian Qingyu put down his pen and leaned against the leather chair. He loosened his collar and asked calmly, “What is life? Is work not part of life?”

What sort of logic was this?

Li Ruochu suddenly realized that she had fallen into someone's trap!

Reality proved that it was not wise to argue with an overbearing employer. Li Ruochu had no choice but to put down the tray and walk over to help him organize the documents.

Helian Qingyu had secretly observed her several times while she was working. He had no idea why he was drinking her freshly ground coffee. With her by his side, the boring work that he used to think was now much more interesting.

The two of them did their own thing and spent the whole afternoon together peacefully.

Li Ruochu was very serious and efficient as she tidied up all the documents. She looked at the time and said, “Mr. President, I've done everything. Now I want to see if Nuo Nuo is awake.”

“Mm.”

Helian Qingyu nodded. It was rare for him to be so easy to talk to.

Li Ruochu picked up the tray beside her, picked up the coffee that she had already finished, and was about to leave. But her wrist tightened, and her body fell back unexpectedly onto the man's lap.

“Ah...” Li Ruochu cried out in panic.

Helian Qingyu held her back steadily with one arm. She was still holding the tray, and the coffee cup was still on the tray.

But her heart was like a roller coaster, and she was scared out of her wits. She lay on her back, and when her eyes met with his, her heartbeat became erratic.

“Mr. President, you...”

Li Ruochu struggled to get up, but the man's hand was firmly on her waist. She could not move.

Helian Qingyu looked down at the woman in his arms. He stared at her fair face as if he was looking at a rare treasure. In her panicked eyes, he could clearly see his own silhouette.

“Do you know how I lived all these years without you?”

He suddenly asked in a deep voice without any commanding tone. It was as if he was speaking from the bottom of his heart.
