

Priceless 2371

Chapter 2371: Another Confession

Li Ruochu was at a loss for words as she stared at his face.

He could still see her bite marks on his sexy lips. His lips were a little dry, and when he breathed, it was like orchids, giving off a fatal and alluring scent.

“It's all your fault. You made me unable to eat or sleep. You made me lose interest in any woman. You made me live in self-blame and guilt. You've hurt me quite badly. How are you going to compensate me in this life?”

Helian Qingyu was “accusing” her of her evil deeds, but it sounded like a confession from another heart.

“I...”

Li Ruochu had mixed feelings in her heart and didn't know how to answer him. Just now, she felt as if her soul had been taken away by him and she was trapped in the illusion he created. After she came back to her senses, she struggled to leave. “That's none of my business. Mr. President, please let me go!”

Helian Qingyu took the tray away from her and threw it to the side. He grabbed her arm again and held her in his arms. “It's none of your business? You'll never be able to pay me back for the rest of your life. From now on, you'll pay me back with a kiss every day till your debt is cleared!”

“Uhh...”

Helian Qingyu did not give Li Ruochu a chance to resist. He lowered his head and kissed her seriously, starting to ask for compensation.

Helian Qingyu did not care whether Li Ruochu was willing or not. He kissed her forcefully until her mouth was sore and swollen. Only then did he let go of her contentedly.

Li Ruochu finally escaped from the man's arms. She covered her swollen lips from the kiss and stared at him with deep hatred.

She wanted to question him. Why?

He was supposed to be a personal assistant. The agreement stated that there was no physical contact. What was this? He was breaking the rules, okay?

If it wasn't for the pain in her mouth, she would've argued with him!

“What? Still not satisfied? Do you want another round?”

“Get lost!”

Li Ruochu cursed and ran away.

The smile on Helian Qingyu's face deepened as he watched the woman run away like a little rabbit.

Ever since Li Ruochu was forced to accept the “kissing” rule, she felt like crying. She kept thinking about how she could do things quietly and avoid being harassed by men.

Forget it, forget it. I'll just treat it as being bitten by a dog.

As long as she could be with her son, she would be able to handle any difficulties.

Li Ruochu calmed herself down and went to the children's room. Nuo Nuo had just woken up and was sitting on the bed, rubbing her eyes.

(If you have problems with this website, please continue reading your novel on our new website myboxnovel.com THANKS!)

“Mommy!”

“Nuo Nuo!”

Li Ruochu came over and held her son's little face in her hands. She pressed her head against his and kissed him affectionately for a while.

“Mommy, where's daddy?”

The little boy put on his clothes and asked where his daddy was the moment he landed. He was afraid that his daddy would leave while he was sleeping.

“He's in the study!”

“I'll go find daddy!”

“Hey!”

The little boy ran out of the room, but Li Ruochu did not stop her. Why did she feel a little jealous?

She felt that after her son found his daddy, his dependence on her had decreased. Sigh, her son had been snatched away by that guy. She was so upset!

The child went to look for Helian Qingyu. Li Ruochu went to the kitchen to prepare dinner.

After dinner was ready, two men, one big and one small, walked down the stairs hand in hand and came to the dining room to eat.

Just like in the afternoon, Nuo Nuo insisted on having lunch with her mother, but Li Ruochu really did not want to eat at the same table as Helian Qingyu.

She tried to find an excuse to leave, but Helian Qingyu narrowed his eyes and threatened, “What? Are you being disobedient again? Do you owe me a kiss...”

Before he could finish, Li Ruochu subconsciously pursed her lips and sat down obediently.

Chapter 2372: Don't Sleep Separately

Li Ruochu was worried that Nuo Nuo would not be able to cut the steak, so she took his plate and cut it into pieces. She then placed it back in front of the child and said, "Nuo Nuo, eat quickly."

"Thank you, Mommy!"

When Helian Qingyu saw this scene, he was upset again. He took a deep breath and said, "Assistant Li, I want steak."

Li Ruochu looked at the steak on his plate. "One piece isn't enough, is it?"

"No."

"That is..."

"I also need it cut into pieces."

Li Ruochu pointed at his hand. "You have a knife and fork. If you want to cut, go ahead and do it yourself."

"You cut."

The man placed the plate in front of her and urged her to cut the steak into pieces.

Li Ruochu raised her head and looked at him like a retard for a few seconds. Then she resigned herself to her fate and helped him cut the steak. After cutting it, she placed it back in front of him. "Okay, Mr. President, enjoy."

(If you have problems with this website, please continue reading your novel on our new website myboxnovel.com THANKS!)

The coldness on Helian Qingyu's face slowly melted. He began to eat the beef pieces leisurely. Yes, he never knew that the steak that was cut into small pieces tasted so good. Not bad, not bad.

The little fellow saw the strange interaction between the two adults. He looked at his daddy and then at his mommy. He asked curiously, "Mommy, daddy, what is a president?"

Helian Qingyu raised an eyebrow at Li Ruochu. "Explain it to him."

Li Ruochu said patiently, "The president is the most powerful person in the country."

Nuo Nuo looked at her father and asked, "Is daddy the most awesome?"

"Mm, I guess so?" Li Ruochu asked.

"Then who's the best? Daddy or Superman?"

Li Ruochu wanted to say Superman, but she was afraid that the man would be unhappy if he heard it. So she said to the child, "Of course your daddy is the best."

"Wow, my daddy is so awesome!" Nuo Nuo looked at her daddy with admiration in her eyes.

Helian Qingyu subconsciously puffed up his chest. In the past, he didn't think much of being the president. But now, listening to the woman's praise and his son's worshipful eyes, he felt the pride of being the president.

It had been a long time since Helian Qingyu had eaten to his heart's content. The man's face was much better now that his stomach was satisfied. When he left the table, he did not forget to instruct, "I'm taking Nuo Nuo to see my parents tomorrow. Assistant Li, you come with me too."

"Okay." Li Ruochu nodded.

After dinner, it was time to rest. But the problem of resting was a big problem.

Nuo Nuo wanted to sleep with her mother, but he also wanted to sleep with her father. But his parents lived in different places.

Helian Qingyu lived in the main building while Li Ruochu lived in Jian Jia Lou. These two buildings were separated by a rose bush. They were neither near nor far, and they could see each other from the balcony.

According to Helian Qingyu's arrangement, Nuo Nuo was his son, the future heir of the Helian family. He naturally had to live with him in the presidential palace.

Li Ruochu did not want to be his wife and was only willing to be his assistant. She could only continue living in Jian Jia Lou.

It was Nuo Nuo now. She cried and begged her mother to stay with her. "Mommy, can you not leave? Nuo Nuo, doesn't want to sleep without Mommy! I want to sleep with Daddy and Mommy."

Back in Zstan, Nuo Nuo slept with his mother. To be honest, if Nuo Nuo was not by Li Ruochu's side at night, he would not be used to it.

"Nuo Nuo, you have to sleep with your daddy. Mommy lives in another building. When you wake up tomorrow morning, you will be able to see Mommy," Li Ruochu coaxed.

Nuo Nuo did not understand. "Why? Other people's parents sleep together. Why don't you and daddy sleep together?"

Chapter 2373: So Soft

The child's question was very simple, but it was a little complicated to answer. Li Ruochu had yet to figure out how to answer his question when Helian Qingyu came in and put his arm around Li Ruochu's shoulder. "Nuo Nuo is right. Daddy and Mommy are supposed to sleep together. Daddy will sleep with Mommy tonight. Can you sleep alone?"

Helian Qingyu did not want a little guy to always steal his woman.

"No, Nuo Nuo has to sleep with Mommy too."

“Sleep by yourself! You're already a five-year-old man. You have to learn how to be independent!” Helian Qingyu lectured.

Li Ruochu shook his hand off her shoulder and said, “How about this? I'll stay with Nuo Nuo while you stay in your own room.”

She did not want to stay in the same room with him.

“I don't agree!”

“What else do you want?”

The three of them argued about how to sleep for a long time. In the end, the compromise was that the two adults would stay in the children's room and sleep with Nuo Nuo first. After Nuo Nuo fell asleep, they would go back to their own places.

Helian Qingyu could only compromise for the time being. The two of them accompanied the child and told him a story. Nuo Nuo fell asleep while Li Ruochu covered him with the blanket and said, “Okay, the child is asleep. Mr. President, go back and rest. I'm going back too.”

“Don't go!”

Just as she turned around, the man grabbed her arm again. Li Ruochu covered her mouth almost subconsciously to prevent the man from kissing her again.

“Are you that afraid of me kissing you?” Helian Qingyu asked.

Li Ruochu rolled her eyes.

“Didn't you feel it when I kissed you?”

“I don't know what you're talking about.”

Li Ruochu retracted her arm and walked towards the door. Helian Qingyu chased after her and blocked her at the door. “I mean, what if Nuo Nuo kicks the blanket off and catches a cold after you leave?”

“You're his father. You have to take responsibility.”

Li Ruochu was a little depressed. He was the one who forced the child to stay in the main building. Shouldn't he be the one taking care of the child at night?

She lived in Jian Jia Lou, which was so far away. It was impossible for her to come here in the middle of the night.

“You gave birth to him. You have to take care of him too.”

(If you have problems with this website, please continue reading your novel on our new website myboxnovel.com THANKS!)

To put it bluntly, Helian Qingyu wanted to make her stay, but his EQ was really worrying, and his way of expressing it was a bit strange.

“Helian Qingyu! What do you want? I said I would stay with Nuo Nuo, but you didn't agree. I said I would go back, and you didn't agree either. What do you want me to do?”

“I just want you...”

Without waiting for him to finish, Li Ruochu rejected him bluntly. “Absolutely not! I'm your assistant now. At most, I'm your ex-wife. That kind of relationship will never happen again! You better understand this!”

“I just want you to move in with Nuo Nuo. You can stay in the guest room next door.”

Helian Qingyu finished his words. Li Ruochu's mind went blank for a moment before she realized that she had been overthinking. Her face turned red.

Li Ruochu was considering his proposal seriously and quickly. It would be best if she could live together with her son.

But living with the big bad wolf made her feel insecure.

She turned to look at her son who was sleeping soundly. Her heart was filled with tenderness. In the past few years, the child had been her pillar of support. No matter how hard or tired she was, as long as the child was by her side, her fatigue would be swept away.

Rather than saying the child was used to having his mother by his side, it was the mother who was used to her child by her side.

Chapter 2374: More Attracted

If they did not live together, Li Ruochu would always be worried that the child would kick the blanket off in the middle of the night. If she woke up in the middle of the night and did not see him, would she cry? Thinking of this, Li Ruochu sighed. “Fine! I'll move in!”

“Okay, I'll show you to your room.”

Helian Qingyu would never let her sleep in the same bed as his son again. The only thing he could do for her was to let her sleep next to his son. In fact, his real thoughts were that he would be the only one by her side from now on.

He was not in a hurry. He had waited for a few years, and he did not care about the time and space in front of him. He would lure her here first, then plan slowly.

Helian Qingyu pulled her to a nearby room and introduced her, “You can stay in this room!”

Li Ruochu stood at the door and looked around the room. She realized that the bedroom was decorated very warmly. It was very girly, and the general theme was purple. It really did not suit her.

“This place is so...”

“So what?”

Helian Qingyu lowered his head and asked.

He had asked someone to decorate this room for her. Didn't girls like this kind of romantic and dreamy feeling? That was why he asked someone to make this room into a fantasy series.

"So... so beautiful!"

Li Ruochu looked into his eyes and quickly changed her words. She was too embarrassed to complain that the decorations inside were too girlish and not suitable for her.

"Good."

Helian Qingyu said happily and added, "I'll get someone to bring your stuff over."

"Oh, thank you."

Helian Qingyu did not go in. He turned around and ordered his men to get to work.

Li Ruochu walked into the room but then left. She stood in the hallway and looked around.

Her room was connected to Helian Qingyu's bedroom on the left and the children's room on the right. It seemed that she was in the middle of them.

The room had an interesting design. There was a small door at the bottom of the wall between the room and the children's room. Children could enter and exit as long as they turned the handle. If adults wanted to go over, they only had to bend down slightly.

With such a cute little door, it would be easier for her to take care of Nuo Nuo at night.

Not long after, the servants brought her stuff from Jian Jia Lou. Li Ruochu closed the door and went into the bathroom to take a shower.

(If you have problems with this website, please continue reading your novel on our new website myboxnovel.com THANKS!)

She might not have known that the bathroom in her room was specially made. It was made of a special glass material. One couldn't see the outside from the inside, but someone outside could see the inside clearly.

The glass was gradually covered with a layer of mist, and the woman's perfect body was faintly visible. Helian Qingyu took off his jacket and turned around to see this scene. He felt terrible.

Li Ruochu was showering?

How could she see everything clearly?

Back then, when he was renovating the room, he had given instructions for him to be able to see inside. But why had the shower become half-translucent?

This...

If Li Ruochu knew that he could see her bathing, would she scold him for being a pervert and a peeping Tom?

No matter what, Helian Qingyu's eyes were glued to the ground, and his feet were pinned to the ground. He wanted to walk away, but he was more and more drawn to it.

He couldn't take his eyes off her.

The woman's figure was too good. Her curves were ample and perfect.

The wall of the bathroom was facing Helian Qingyu's bed.

Helian Qingyu peeked for a while. Seeing that the woman inside could not see him, he became bolder. He leaned against the bedhead and openly admired her.

Chapter 2375: Enslaving Her

Even though a woman's shower was very interesting, it was very frustrating after watching it. How could he solve the issue of being aroused by her?

In the end, the woman disappeared after taking a shower. Helian Qingyu had no choice but to get up and take a cold shower.

In fact, he could've rushed over and devoured her. But for the sake of the long-term plan, he held himself back.

He knew very well that haste does not lead to success. He would let the woman stay by his side for a while, and it would not be too late to do it after she completely let her guard down.

After a night of rest, Nuo Nuo woke up twice to visit the child. She slept well and only kicked the blanket off once.

The next morning, Li Ruochu woke up on time and went downstairs to prepare breakfast.

When she went upstairs to see her son, Nuo Nuo had already woken up. At the age of five, he was very good at taking care of himself. He had done things like putting on clothes and brushing his teeth by himself.

He helped Nuo Nuo wash up and was about to take him downstairs for dinner when he noticed the small door between the rooms. He ran over and opened it. "Mommy, where does this go?"

"You can go to mommy's room!"

"Really?"

Nuo Nuo felt as if he had opened a door. He could actually reach her mother's room in an instant!

He went over to take a look and ran back happily. "Mommy, Nuo Nuo will be able to find you in the little door in the future. This is great!"

"Okay, let's go for breakfast."

The mother and son passed by Helian Qingyu's room. Nuo Nuo asked, "Is Daddy up yet?"

"No, don't wake him up. He went to repair the road last night. Let him rest more!"

"Oh." Nuo Nuo was convinced that her father was repairing the road.

They brought the child to the dining room and breakfast was served. While Nuo Nuo was eating breakfast, Li Ruochu's pager rang.

"Come to my room and help me put on my clothes!"

Li Ruochu's voice was a little hoarse with a hint of laziness. The image of the man hugging the blanket automatically appeared in her mind. He looked at her in a daze and couldn't help but shake his head.

"Nuo Nuo, you eat here first. Mommy will help daddy..."

Nuo Nuo had always been an independent little man. She could not help but complain, "Daddy is already so big. Why does he still need Mommy to help him put on clothes?"

"..." Li Ruochu really couldn't answer this question.

Coming to the room upstairs and knocking, she entered only after receiving permission to enter.

(If you have problems with this website, please continue reading your novel on our new website myboxnovel.com THANKS!)

Helian Qingyu's room was huge, and it was a suite. It was filled with a cold and hard gray color. She walked in and looked around before finding his bedroom.

Sure enough, the man buried his body under the blanket, exposing his sexy chest muscles. He rested his head on his arm and waited for her to serve him.

"Mr. President, I'll help you find your clothes now."

Li Ruochu looked away and quickly went to look for clothes. She searched around but could not find a wardrobe.

Helian Qingyu looked at the little woman and found her running around the room like a headless chicken.

Li Ruochu did not find it and turned to look at him. "Mr. President, where are your clothes?"

Helian Qingyu did not answer her. Instead, he shouted into the air, "Li Ruochu, open the wardrobe!"

"Yes, Master! The wardrobe is opened!"

Li Ruochu was completely stunned. When she saw a small robot on the table shining with blue light and making a sound, she realized it was the voice-activated robot butler.

But how could he use her name? This man was too vulgar! How could he use such a tactic to enslave her?

The walk-in wardrobe opened. Li Ruochu glared at Helian Qingyu before entering to help him choose his clothes.

Chapter 2376: Everything

It was only when she walked in that she realized it was a completely different world. The space inside was so huge that it was unimaginable. Rows of high-end custom-made uniforms and handmade suits were hung neatly on the racks. The accessories were also complete.

Most of the clothes were dark and some were white. It had a lot to do with Helian Qingyu's habit of dressing and attending events.

Li Ruochu only found a white uniform and a matching shirt. She took it out and handed it to the man.

"I've found my clothes! Can I wear them myself?"

Li Ruochu did not want to be too close to him. She did not want to help him with clothes.

"No."

Helian Qingyu sat by the bed and waited for Li Ruochu to come and serve him. Li Ruochu had no temper and patiently came to serve him.

She helped him put on his pants and shirt, buttoning them up one by one.

Because they were too close to each other, Li Ruochu's little face was red with embarrassment. She did not dare to look up at him until she reached the top button. Because of her height, she had to raise her head and tiptoe to help him button it.

Helian Qingyu looked at the busy woman in front of him. She did not put on any makeup and her face was fair and clear, just like a little lotus in the early summer lotus pond. Helian Qingyu's heart skipped a beat.

"Mmm...."

Helian Qingyu put his weight forward, making Li Ruochu lose her balance and fall backward.

She wanted to push the mountain away, but she couldn't.

Helian Qingyu closed his eyes and reveled in it. He couldn't help but think of... how she looked. It wasn't easy for her to come out.

I really want to...

A voice in his heart was screaming!

She could clearly feel something...

Li Ruochu was furious, but there was nothing she could do.

"Daddy, Mommy, what are you doing?" At this moment, the door was pushed open and a little kid came running in.

This could have been a wonderful moment... but now, it was all messed up by the little guy.

Li Ruochu was shocked when she heard her son's voice. She pushed Helian Qingyu away desperately.

"Let me go! Get up!"

Li Ruochu urged. She did not want her son to see an inappropriate scene.

Helian Qingyu acted like nothing had happened as he explained to the little boy standing at the door, "Daddy and Mommy are going to give you a little brother or little sister. Do you like little brothers or little sisters?"

(If you have problems with this website, please continue reading your novel on our new website myboxnovel.com THANKS!)

Li Ruochu glared at him. Who wants to have a child with him?

"I don't want a brother or a little sister!" Nuo Nuo pouted.

"Why?"

"Just me is enough for mommy!"

Nuo Nuo raised her chin and said proudly, "In fact, I'm the same as all the other children. I only hope that Mommy will love me!"

"..." Helian Qingyu glanced at his insensible son. He had no temper at all. His son was so young and his possessiveness was evident.

Very well, rascal!

Chapter 2377: Afraid That She Would Embarrass Him

I want to take advantage of your mommy, Daddy wants to give you more brothers and sisters!

Li Ruochu took the opportunity to escape from the clutches of the devil. She pulled her son and quickly ran out of the man's bedroom.

Helian Qingyu got dressed and went downstairs for breakfast.

After breakfast, he took Li Ruochu and Nuo Nuo to the Moon Castle.

Before leaving, Helian Qingyu looked at the servant uniform Li Ruochu was wearing and frowned. "Go change your clothes."

Li Ruochu lowered her head and looked at herself. "Is there a problem with me wearing this?"

"Of course. You are going to the Moon Castle today as Nuo Nuo's mother and my ex-wife. Do you think it's appropriate to dress like a servant?"

Li Ruochu could tell that he was afraid that she would embarrass him.

"Okay! I'll go upstairs and change."

Li Ruochu changed into a new set of clothes and went downstairs. Helian Qingyu took a look and frowned even more deeply. "What's this rubbish attire?"

At first glance, he thought she was a nun from a cloister. She was dressed in black and looked so conservative.

"I think it's great!"

Li Ruochu was in a hurry to go to Estanto to look for her son. She did not bring a lot of clothes and only found a few clothes. She thought that it would be good if she could wear them out of the house. She did not consider the beauty.

“No taste at all!”

Helian Qingyu took her hand and led her back to her room. He took out a beautiful lilac dress from her closet and threw it to her.

He glanced at her again with a hint of blame in his eyes. He had obviously prepared a lot of pretty clothes for her, and she could choose them with her eyes closed. But she insisted on wearing the ragged clothes she had brought.

Li Ruochu was always at a loss as to what to do. She could only listen to him and put on the clothes he had chosen.

She felt that her life values were completely different from Helian Qingyu's. It was too tiring to live in two completely different worlds.

“Do you think you can go out like this?”

Li Ruochu looked at her own clothes. They were so gorgeous that she could walk the red carpet. It was really not a style she could accept.

“Yes!”

Helian Qingyu took her hand and led her downstairs.

A convoy of luxurious cars drove out of the presidential mansion and arrived at Moon Castle.

Nuo Nuo, who was sitting in the car, saw the big castle from afar and shouted excitedly, “Mommy, look! There's a castle there!”

“Yes, Mommy saw it!”

Li Ruochu knew about the Moon Castle and knew that it was where Helian Qingyu's parents lived. She also knew a little about the beautiful legend of the Moon Castle and the love story of Helian Wei and Jing Ruyue.

However, she had never seen Jing Ruyue in person. She had only seen her silhouette in the past movies. Today, they would meet very soon. She wondered what kind of people the two elders were and how they would treat Nuo Nuo.

The presidential car stopped in the Rose Garden. Helian Qingyu led them out of the car and walked towards the Moon Castle.

The rose garden was filled with roses of all colors. A light breeze blew and the fragrance filled the air.

Li Ruochu held Nuo Nuo's hand. The wind blew at her skirt, and her hair danced in the wind. She looked like a fairy among flowers.

Helian Qingyu, who was walking at the back, suddenly got excited. He raised his phone and took a photo of the woman's beautiful back.

In the photo, she and her son were walking hand in hand in the rose garden. Not far away, there was a blue sky and white clouds, and a tall castle, forming an image straight out of a beautiful oil painting.

Helian Qingyu turned the photo into a wallpaper on his phone. He looked at the new wallpaper and smiled in satisfaction.

Chapter 2378: Her Son Had Good Eyes

They arrived near the castle and crossed the lake. Nuo Nuo looked at the surroundings excitedly. It was just like when he saw the castle in a TV animation. He thought that his daddy and mommy had brought him to visit the castle today. He had no idea that he was like a little prince in a fairy tale.

Helian Wei and Jing Ruyue had already gotten someone to clean up the castle and welcome them.

When they heard that their son had brought their grandson back, they were very happy. They had been waiting for this day for a long time.

"Are you here?" Jing Ruyue asked.

"Coming, coming!" Helian Wei hugged his wife's shoulder and smiled.

The couple stood at the entrance of the castle and waited. They saw a man, a woman, and a child coming from the other side of the bridge.

Nuo Nuo hopped around in front of his parents, looking at the swans and birds from time to time. When he realized that there were two people standing at the entrance of the castle, he stopped and looked at them curiously.

He wondered if they were the king and queen living in the castle.

"Dad, mom, we're here."

Helian Qingyu came closer and greeted her.

"Good. It's good that you're here." Jing Ruyue and her husband were both sizing up the child in front of them. The little boy's facial features were handsome, smart, and spirited. Especially when he was also wearing a child's uniform. He really looked like Helian Qingyu. He was simply a replica.

"What's your name? Nuo Nuo, isn't it?" Jing Ruyue squatted down and reached out to the child. "Nuo Nuo, come to Grandma."

Nuo Nuo was very surprised. She retreated to her mother's side and looked up at her. "Mommy, are they the king and queen of the castle?"

“That's right. But they are your daddy's parents, and they are also your grandpa and grandma. Grandma is calling you. Go over and greet her!” Li Ruochu explained patiently to the child.

The little guy was stunned. He could not understand why the king and queen of the castle had suddenly become his grandparents.

It was hard for him to accept the way his relatives addressed him. Instead of jumping into Jing Ruyue's arms, the little boy raised his hand and waved at her politely.

“Looks like the little guy is a little shy.”

Jing Ruyue stood up and smiled at Li Ruochu. “Ruochu, thank you for raising the child so well. The Helian family owes you a favor that we will never repay in this lifetime.”

“It's nothing really, ma'am.” Li Ruochu shook her head.

“All right, come in!”

Jing Ruyue had a very good first impression of Li Ruochu. She could tell that she was a gentle and strong woman. Her son had good taste.

(If you have problems with this website, please continue reading your novel on our new website myboxnovel.com THANKS!)

Jing Ruyue and her husband invited them into the house. Li Ruochu held her son's hand as they walked into the huge castle. Nuo Nuo looked up at the little angel in the mural on the top of the castle with her eyes wide open. She was extremely shocked.

He thought it was a real little angel flying!

When they arrived at the castle, Nuo Nuo started to appear very shy. But after getting familiar with her, he started to show his mischievous and lively side.

In order to close the distance between him and his grandson, Helian Wei said, “Nuo Nuo, can grandpa show you around the castle?”

Nuo Nuo looked at her mother and Li Ruochu nodded. He then jumped up and down and agreed.

“Okay!” Actually, he had wanted to run around the castle for a long time.

Helian Wei left with the child while Jing Ruyue chatted with Helian Qingyu and Li Ruochu. Apart from mentioning how Helian Qingyu had hurt her in the past, she also expressed her apologies and was very concerned about their future.

Chapter 2379: Tell Her Not to Ruin Her

“Don't go back this time,” Xu Xiyao said. “You should get married to Qingyu and live a good life. Don't spend your whole life in a fit of pique. And don't be like me and Qingyu's father. It's such a pity to miss out on the best years of our lives after 17 years.”

Jing Ruyue warned the two young ones.

Li Ruochu didn't say anything and fell into silence. Helian Qingyu suddenly hugged her shoulder and promised his mother, "Mom, don't worry! I've already discussed it with Chuchu. After we settle down, we'll remarry. We'll definitely live a good life in the future."

Li Ruochu raised her head and looked at him in surprise. Helian Qingyu secretly pinched her shoulder, signaling her not to undermine him.

Li Ruochu knew that his filial piety was to make his mother happy, so she did not interrupt and explain.

After chatting for a while, Jing Ruyue prepared to cook. It was rare for the family of three to come today, so she had to cook lunch herself.

Li Ruochu felt that she was not here as a guest. She should be the one cooking. She took the initiative to say, "Madam, why don't I cook?"

"Do you know how to cook?" Jing Ruyue asked.

"Yes."

"Okay then. Come with me to prepare lunch. I can have a good chat with you."

Just like that, Jing Ruyue took over the responsibility while Li Ruochu helped out.

Helian Qingyu went upstairs to look for his son and father. He stood upstairs and looked at the kitchen. He could see the two women working together.

The two women were talking and laughing as they prepared lunch. The scene looked especially harmonious.

In the past, he did not understand the meaning of marriage. He always felt that it was boring to live in this castle with his father and mother.

It was only now that she realized that being with the person she liked would only make her feel happy. Even looking at her back would make her feel satisfied and happy.

When Helian Qingyu found his father and son, his father was playing on the terrace with Nuo Nuo. The little boy waved his hand excitedly. "Grandpa, I want to see higher and further!"

The little boy became familiar with Helian Wei and began to call him grandpa.

Helian Wei lifted the child up and placed him on his shoulder. He said to him, "If you want to see higher and further, you have to work hard to become an accomplished person in the future. Only by standing tall can you see further."

Nuo Nuo did not quite understand what her grandfather meant, but he felt that it was a great feeling to look down on someone.

Helian Qingyu walked over and said, "Dad, Nuo Nuo is still so young, and you're already instilling such leadership ideas into him?"

Helian Wei turned to look at him and smiled. "When I was educating you, you were only one year old. Now that Nuo Nuo is five, it's not early."

Helian Qingyu smiled and stood in a row with his father. They looked into the distance.

The three generations of the Helian family finally stood together. They were the former king of this land, the current king, and the future king.

Nuo Nuo represented the future hope of the Helian family.

The grandfather and grandson came down from the terrace. A sumptuous lunch was already prepared in the dining room.

"Wash your hands and eat!"

Jing Ruyue saw the three of them coming down from upstairs and gave them instructions.

"Okay! Come Nuo Nuo, Grandpa will bring you to wash your hands."

"Okay, grandpa."

Nuo Nuo obediently followed her grandfather to wash his hands.

The family of five sat down. Jing Ruyue had been busy taking care of Nuo Nuo while she ate. Helian Qingyu looked at the scene of his mother doting on her grandson and deliberately said, "Mother, as the saying goes, when you have a grandson, you forget about him. It's not wrong at all. Look at you now, you're not even putting food in my bowl!"

Chapter 2380: Almost Passed Out

"How old are you? Let your wife help you."

Jing Ruyue couldn't care less about her son. Her grandson was already calling her grandfather. If she did not work hard as a grandmother, what if her grandson did not acknowledge her?

Helian Qingyu leaned his head towards Li Ruochu and handed her the bowl. He shamelessly called out, "Wife!"

Get lost!

Li Ruochu shouted in her heart, but she did not reject him directly. She helped him put some food into his bowl.

Helian Qingyu tilted his head and looked at her. He was happily eating the food she had picked up. The more he looked at her, the more delicious the food tasted. He really wanted to eat her up in one bite.

Once the meal had been set, Jing Ruyue successfully subdued the little one with her food. When she heard Nuo Nuo calling herself grandma, Jing Ruyue was extremely happy. She took out the big red packet she had prepared beforehand and handed it to the child. "Here, my good child, take this!"

Helian Wei took the opportunity to take out a red packet from his pocket. "Grandpa has one for you too!"

Li Ruochu quickly said politely, "Sir, madam, please don't go out of your way!"

"It's fine. This is for my grandson. This is my first greeting gift, so just accept it!"

Nuo Nuo's mother had told him not to take other people's things. Naturally, Nuo Nuo would not want it.

Helian Qingyu tried to persuade him. "Son, take it. It's a token of appreciation from your grandparents. If you don't accept it, they will be sad."

The little boy only accepted the red packets when his mother nodded.

The lunch was very enjoyable. After the meal, the two elders played with the child. Zhixi and the others brought the child back. There were many toys left in the castle, and now they could take them out for Nuo Nuo to play with.

Helian Qingyu took Li Ruochu upstairs to visit the castle.

As she passed by the wall of photos, Li Ruochu noticed that there were photos of her and Helian Qingyu in school.

She was so young in the photo. She was wearing a school uniform and was separated from Helian Qingyu by a few classmates. She looked very inconspicuous in the corner of the photo.

"Why is this photo here?"

Li Ruochu asked in surprise.

"I found it."

All these years, in order to look for her, he had gathered all sorts of information. He knew a lot about her.

For example, when they were still in school, they had attended the same high school. At that time, she was two years younger than him.

He was the head of the Student Union, and she was a member of the Student Union at that time. She was very ordinary and inconspicuous, so that they had never spoken or noticed her.

In the process of asking around, he learned from some of her former classmates that she had a crazy crush on him at that time and chased him like a celebrity.

She joined the student union just to get closer to him.

It was true. When Li Ruochu thought back to the past, she only felt that she was innocent and foolish back then. She had done many ridiculous things for Helian Qingyu.

In her heart, he was the president's son. He was an unreachable star. She could only look up to him silently and quietly chase after him.

Later, when the Li family was in trouble, he happened to appear in her time of crisis and proposed the marriage contract. She was so happy that she almost fainted.

But after that, she did not have the happy life she had imagined. He had brought her too much humiliation and pain. Thinking about it now made her feel unbearable.

Just as Li Ruochu was staring at the photo, Helian Qingyu suddenly pinned her against the wall and asked with a burning gaze, "You had a crush on me back then. Why didn't you tell me?"
